FROM: BRUCE A. RUDD, Assistant City Manager
City Manager's Office

BY: IRMA YEPEZ-PEREZ, Grant Writer
PAUL A. MELIKIAN, Administrative Manager
Parks, After School, Recreation and Community Services Department

SUBJECT: A RESOLUTION OF THE COUNCIL OF THE CITY OF FRESNO ADOPTING THE 68th AMENDMENT TO THE ANNUAL APPROPRIATION RESOLUTION NO. 2010-138 TO APPROPRIATE $129,000 IN THE PARKS, AFTER SCHOOL, RECREATION AND COMMUNITY SERVICES DEPARTMENT FROM THE SAN JOAQUIN VALLEY AIR POLLUTION CONTROL DISTRICT (REMOVE II PROGRAM) FOR THE DEVELOPMENT OF A PARK-AND-RIDE LOT AT MARTIN RAY REILLY PARK

RECOMMENDATIONS

Staff recommends that the City Council approve the attached resolution appropriating a $129,000 grant received from the San Joaquin Valley Air Pollution Control District (SJVAPCD) for a Park-and-Ride lot at the future Martin Ray Reilly Neighborhood Park, and authorize the City Manager or designated representative, as agent of the City of Fresno to execute and submit all necessary documents.

EXECUTIVE SUMMARY

On October 21, 2010 the City Council approved the submittal of a grant application to the SJVAPCD. The Parks, After School, Recreation, and Community Services Department was successfully awarded a grant of $129,000 for the construction of a park-and-ride lot at the future Martin Ray Reilly Park located at Chestnut Avenue and Highway 180. The grant funds will allow PARCS to supplement funding for the construction of this park, while encouraging residents to do their part to improve Valley air quality.

BACKGROUND

The California Clean Air Act (CCAA) requires local air pollution control districts to reduce emissions from motor vehicles. The SJVAPCD established the Remove II program to enhance commuter access to various multi-modal transportation options including vanpools, transit bus, bicycling and other rideshare opportunities. The grant will require the minimum accommodation of 50 vehicle parking spaces. The park-and-ride lot will serve the dual purpose of providing parking for commuters to connect to alternative transportation and necessary parking for Martin Ray Reilly Park. This grant represents the second award from SJVAPCD to PARCS, with the first being in FY 2009 for a new facility reservation system that allows patrons to make reservations online, thereby reducing car trips.

FISCAL IMPACT

The San Joaquin Valley Air Pollution Control District grant does not require a local match; however, permits, engineering, and design costs are not eligible for reimbursement. Associated pre-construction costs will be covered by alternative project funding sources.
