b. Acceptance. Purchasing Entity shall determine whether all Products and Services delivered meet the Contractor's published specifications. No payment shall be made for any Products or Services until the Purchasing Entity has accepted the Products or Services. The Purchasing Entity will make every effort to notify the Contractor within thirty (30) calendar days following delivery of non-acceptance of a Product or completion of Service. In the event that the Contractor has not been notified within 30 calendar days from delivery of Product or completion of Service, the Product and Services will be deemed accepted on the 31st day after delivery of Product or completion of Services. Failure to reject upon receipt, however, does not relieve the Contractor of liability for latent or hidden material defects. Acceptance of such goods may be revoked in accordance with the provisions of the applicable commercial code, and the Contractor is liable for any resulting expense incurred by the Purchasing Entity related to the preparation and shipping of Product rejected and returned, or for which Acceptance is revoked. The warranty period shall begin upon Acceptance. If the parties agree to acceptance testing, the terms of subsection (c), below, apply.

c. Acceptance Testing. The Purchasing Entity and the Contractor shall determine if Acceptance Testing is applicable and required for the purchase. "Acceptance Testing" means the process for ascertaining that the Product meets the standard of performance prior to Acceptance by the Purchasing Entity.

1. The Acceptance Testing period shall be thirty (30) calendar days starting from the day after the Product is delivered or, if installed, the day after the Product is installed and Contractor certifies that the Product is ready for Acceptance Testing. If the Product does not meet the standard of performance during the initial period of Acceptance Testing, Purchasing Entity may, at its discretion, continue Acceptance Testing on a day-to-day basis until the standard of performance is met. Upon rejection, the Contractor will have fifteen (15) calendar days to cure the standard of performance issue(s). If after the cure period, the Product still has not met the standard of performance, the Purchasing Entity may, at its option: (a) declare Contractor to be in breach and terminate the Order; (b) demand replacement Product from Contractor at no additional cost to Purchasing Entity; or, (c) continue the cure period for an additional time period agreed upon by the Purchasing Entity and the Contractor.

2. No Product shall be deemed Accepted and no charges shall be paid until the standard of performance is met. Products that do not meet specifications may be rejected. Failure to reject upon receipt, however, does not relieve the Contractor of liability for material (nonconformity that substantially impairs value) latent or hidden defects subsequently revealed when goods are put to use. Acceptance of such goods may be revoked in accordance with the provisions of the applicable commercial code, and the Contractor is liable for any resulting expense incurred by the Purchasing Entity related to the preparation and shipping of Product rejected and returned, or for which Acceptance is revoked. The warranty period shall begin upon Acceptance.

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

d. If any services do not conform to contract requirements, the Purchasing Entity may require the Contractor to perform the services again in conformity with contract requirements, at no increase in Order amount. When defects cannot be corrected by re-performance, the Purchasing Entity may require the Contractor to take necessary action to ensure that future performance conforms to contract requirements; and reduce the contract price to reflect the reduced value of services performed.

20. **Title of Product.**

a. Definitions. For purposes of this section, the following terms are defined as follows:

1. "Deliverables" means any reports, analyses, scripts, code, or other work results that Contractor delivers to Purchasing Entity within the framework of fulfilling Contractor's obligations to Purchasing Entity.

2. "Equipment" means Contractor-branded hardware products.

3. "Proprietary Rights" means all patents, copyrights, trademarks, trade secrets, and other intellectual property rights of a party.

b. Upon Acceptance by the Purchasing Entity, Contractor shall convey to Purchasing Entity title to the Equipment free and clear of all liens, encumbrances, or other security interests. Purchasing Entity's rights to use the software delivered by Contractor are governed by the terms of the applicable end-user license agreement. Unless different terms have been agreed between the parties, the terms posted on www.dell.com/eula (the "EULA") shall apply. Contractor's EULA must be made available to Purchasing Entities for review prior to negotiating a Participating Addendum or the issuance of an Order and shall meet or exceed the terms set forth in this Master Agreement. Unless expressly otherwise agreed, microcode, firmware or operating system software required to enable the Equipment with which it is shipped to perform its basic or enhanced functions, is licensed for use solely on such Equipment.

c. Contractor grants Purchasing Entity a non-exclusive, non-transferable, irrevocable license to use (without the right to sublicense) the Deliverables provided by Contractor for Purchasing Entity's internal business and governmental purposes, only and solely in accordance with the applicable service specification and subject to this Master Agreement. The grant of this license is subject to Purchasing Entity's compliance with the terms of this Master Agreement and Purchasing Entity's payment of applicable amounts due. Such license shall be perpetual unless granted pursuant to the purchase of a subscription, in which case the license shall be for the term of the subscription. Purchasing Entity may authorize its service providers to use the Deliverables, but solely on Purchasing Entity's behalf, solely for Purchasing Entity's internal business or governmental purposes, and Purchasing Entity shall be responsible for service provider's compliance with these restrictions. This section shall not affect a Purchasing Entity's right to transfer ownership of a product, and transfer, if permitted by Contractor or its licensors, licenses associated with such product, to another individual or entity as part of the Purchasing Entity's surplus program or sale of used products to employees or former employees.

d. Contractor reserves for itself all Proprietary Rights that it has not expressly granted to Purchasing Entity herein. The license granted in this clause 20(c) does not apply to: (i) Equipment; (ii) Contractor-branded generally available software; or (ii) items licensed or otherwise provided under a separate agreement. Contractor is not limited in developing, using, or marketing services or products that are similar to the Deliverables or Professional Services provided hereunder, any service, specification, or, subject to Contractor's confidentiality obligations to Purchasing Entity, in using the Deliverables or performing similar Professional Services for any other projects. Notwithstanding the previous, Contractor's use of Deliverables created specifically for and paid for by a Purchasing Entity is subject to Purchasing Entity approval.

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

e. Any and all licensing, maintenance, cloud services, or order specific agreements referenced within the terms and conditions of this Master Agreement are agreed to only to the extent that the terms do not conflict with the terms of the Participating Addendum or the terms of the Master Agreement as incorporated into the Participating Addendum, and to the extent the terms are not in conflict with the Participating Entity's applicable laws. In the event of a conflict in the terms and conditions, the conflict shall be resolved as detailed in the Order of Precedence defined herein. Notwithstanding the foregoing, licensing, maintenance, cloud services agreements, or order specific agreements may be further negotiated by the Contractor or, if applicable, the Licensor, and the potential Purchasing Entity, provided the contractual documents are duly executed in writing.

f. If (i) Contractor is or becomes aware of any infringement claim made against a third-party branded product offered by Contractor through this Master Agreement, (ii) the third-party branded product is determined to infringe upon the intellectual property rights of another third party, and (iii) such infringement is not remedied by the third party so that the product is no longer infringing, Contractor shall immediately cease offering the product under this Master Agreement and notify the Lead State, NASPO, Participating Entities, and purchasers of the product.

21. **Warranty.**

The Contractor must ensure warranty service and maintenance for all equipment, including third party products provided. The Contractor must facilitate the Manufacturer or Publisher warranty and maintenance of third party products furnished through the Master Agreement. The Contractor shall provide the warranty service and maintenance for equipment and all peripherals on the Master Agreement.

22. **System Failure or Damage.**

In the event of system failure or damage caused by the Contractor or its Product, the Contractor shall use reasonable efforts to restore or assist in restoring the system to operational capacity. The Contractor shall be responsible under this provision to the extent a 'system' is defined at the time of the Order; otherwise the rights of the Purchasing Entity shall be governed by the Warranty.

23. **Payment.**

Payment after Acceptance is normally made within 30 days following the date the entire order is delivered or the date a correct invoice is received, whichever is later. After 45 days the Contractor may assess overdue account charges up to a maximum rate of one percent per month on the outstanding balance, unless a different late payment amount is specified in a Participating Addendum, Order, or otherwise prescribed by applicable law.

Payments will be remitted by mail or electronically. Payments may be made via a State or political subdivision "Purchasing Card" with no additional charge.

Prices are exclusive of taxes, duties, and fees, unless otherwise quoted. If a withholding tax is required by law, the tax will be added and identified on the applicable invoice. All applicable taxes, duties, and fees must be identified on the quote.

24. **Leasing or Alternative Financing Methods.**

Lease purchase and term leases are allowable only for Purchasing Entities whose rules and regulations permit leasing of software. Individual Purchasing Entities may enter into a lease agreement for the products covered in this Master Agreement, if they have the legal authority to enter into these types of agreements without going through a competitive process and if the applicable PAs permit leasing. No lease agreements will be reviewed or evaluated as part of the RFP evaluation process.

25. **Contract Provisions for Orders Utilizing Federal Funds.**

Pursuant to Appendix II to 2 Code of Federal Regulations (CFR) Part 200, Contract Provisions for Non-Federal Entity Contracts Under Federal Awards, Orders funded with federal funds may have additional contractual requirements or certifications that must be satisfied at the time the Order is placed or upon delivery. These federal requirements may be

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

proposed by Participating Entities in Participating Addenda and Purchasing Entities for incorporation in Orders placed under this Master Agreement.

26. **Self Audit.**
The Contractor must conduct at a minimum a quarterly self-audit, unless approved by the Lead State. The audit will sample a minimum of one tenth of one percent (.001) of orders with a maximum of 100 audits per quarter conducted. For example: Up to 1,000 sales = 1 audit; 10,000 sales = 10 audits; Up to 100,000 sales = 100 audits. This will be a random sample of orders and invoices and must include documentation of pricing. Summary findings must be reported to Lead State with actions to correct documented findings.

27. **Assignment/Subcontracts.**

a. Contractor shall not assign, sell or otherwise transfer all or any part of this Master Agreement without prior written consent from the Lead State, such consent not to be unreasonably withheld.

b. The Lead State, or Participating Entity, shall not assign, delegate or otherwise transfer all or any part of this Master Agreement without prior written consent from Contractor, except for assignment or delegation to a Participating Entity State agency or eligible Purchasing Entity. The Lead State reserves the right to assign any rights or duties, including written assignment of contract administration duties to NASPO ValuePoint and other third parties.

28. **Insurance.**

a. Contractor shall, during the term of this Master Agreement, maintain in full force and effect, the insurance described in this section. Contractor shall acquire such insurance from an insurance carrier or carriers legally authorized to conduct business in the Lead State and in each Participating Entity's state and having a rating of A-, Class VII or better, in the most recently published edition of A.M. Best's Insurance Reports. Failure to buy and maintain the required insurance may result in this Master Agreement's termination or, at a Participating Entity's option, result in termination of its Participating Addendum.

b. Coverage shall be written on an occurrence basis. The minimum acceptable limits shall be as indicated below:

1. Commercial General Liability covering premises operations, independent contractors, products and completed operations, blanket contractual liability, personal injury (including death), advertising liability, and property damage, with a limit of not less than $1 million per occurrence/$2 million general aggregate;

2. Contractor must comply with any applicable State Workers Compensation or Employers Liability Insurance requirements.

c. Contractor shall pay premiums on all insurance policies. Contractor will use reasonable efforts to give thirty (30) days prior written notice to State prior to cancellation or non-renewal of any of the policies providing such coverage; provided, however that Contractor shall not be obligated to provide such notice if, concurrently with such cancellation or non-renewal, Contractor obtains coverage from different insurer(s) meeting the requirements described herein.

d. Prior to commencement of performance, Contractor shall provide to the Participating Entity a certificate of insurance showing the Contractor's general liability insurance policy or other documentary evidence acceptable to the Lead State that (1) names the Participating Entity as an additional insured, (2) provides that written notice of cancellation shall be delivered in accordance with the policy provisions, and (3) provides that the Contractor's liability insurance policy shall be primary, with any liability insurance of any Participating Entity as secondary and noncontributory. Unless otherwise agreed in any Participating Addendum, other state Participating Entities' rights

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

and Contractor's obligations are the same as those specified in the first sentence of this subsection except the endorsement is provided to the applicable state.

e. During the term of this Master Agreement, Contractor shall upon request provide to the Lead State and Participating Entities evidence of coverage that meets the requirements of this Section and the applicable Participating Addendum. Failure to provide evidence of coverage, within thirty (30) calendar days of receipt of request may, at the sole option of the Lead State, or any Participating Entity, result in this Master Agreement's termination or the termination of any Participating Addendum.

f. Coverage and limits shall not limit Contractor's liability and obligations under this Master Agreement, any Participating Addendum, or any Purchase Order.

29. **Administrative Fees.**

a. The Contractor shall pay to NASPO ValuePoint, or its assignee, a NASPO ValuePoint Administrative Fee of one-quarter of one percent (0.25% or 0.0025) no later than sixty (60) days following the end of each calendar quarter. The NASPO ValuePoint Administrative Fee shall be submitted quarterly and is based on all sales of products and services under the Master Agreement (less any charges for taxes or shipping). The NASPO ValuePoint Administrative Fee is not negotiable.

b. The NASPO ValuePoint Administrative Fee in this section shall be based on the gross amount of all sales (less any charges for taxes or shipping) at the adjusted prices (if any) in Participating Addenda.

c. Additionally, some states may require an additional fee be paid directly to the state only on purchases made by Purchasing Entities within that state. For all such requests, the fee level, payment method and schedule for such reports and payments will be incorporated into the Participating Addendum that is made a part of the Master Agreement. The Purchasing Entity may allow the Contractor to adjust the Master Agreement pricing to account for these additional fees for purchases made by Purchasing Entities within the jurisdiction of the Participating Entity. All such agreements shall not affect the NASPO ValuePoint Administrative Fee percentage or the prices paid by the Purchasing Entities outside the jurisdiction of the state requesting the additional fee.

30. **NASPO ValuePoint Reports**

a. Sales Data Reporting. In accordance with this section, Contractor shall report to NASPO ValuePoint all Orders under this Master Agreement for which Contractor has invoiced the ordering entity or individual, including Orders invoiced to Participating Entity or Purchasing Entity employees for personal use if such use is permitted by this Master Agreement and the applicable Participating Addendum ("Sales Data"). Timely and complete reporting of Sales Data is a material requirement of this Master Agreement. Reporting requirements, including those related to the format, contents, frequency, or delivery of reports, may be updated by NASPO ValuePoint with reasonable notice to Contractor and without amendment to this Master Agreement. NASPO ValuePoint shall have exclusive ownership of any media on which reports are submitted and shall have a perpetual, irrevocable, non-exclusive, royalty free, and transferable right to display, modify, copy, and otherwise use reports, data, and information provided under this section.

b. Summary Sales Data. "Summary Sales Data" is Sales Data reported as cumulative totals by state. Contractor shall, using the reporting tool or template provided by NASPO ValuePoint, report Summary Sales Data to NASPO ValuePoint for each calendar quarter no later than thirty (30) days following the end of the quarter. If Contractor has no reportable Sales Data for the quarter, Contractor shall submit a zero-sales report.

c. Detailed Sales Data. "Detailed Sales Data" is Sales Data that includes for each Order all information required by the Solicitation or by NASPO ValuePoint, including customer information, Order information, and line-item details.

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

Contractor shall, using the reporting tool or template provided by NASPO ValuePoint, report Detailed Sales Data to NASPO ValuePoint for each calendar quarter no later than thirty (30) days following the end of the quarter. Detailed Sales Data shall be reported in the format provided in the Solicitation or provided by NASPO ValuePoint. The total sales volume of reported Detailed Sales Data shall be consistent with the total sales volume of reported Summary Sales Data.

d. Sales Data Crosswalks. Reserved.

e. Executive Summary. Contractor shall, upon request by NASPO ValuePoint, provide NASPO ValuePoint with an executive summary that includes but is not limited to a list of states with an active Participating Addendum, states with which Contractor is in negotiations, and any Participating Addendum roll-out or implementation activities and issues. NASPO ValuePoint and Contractor will determine the format and content of the executive summary.

31. **NASPO ValuePoint Cooperative Program Marketing, Training, and Performance Review.**

a. Contractor agrees to work cooperatively with NASPO ValuePoint personnel. Contractor agrees to present plans to NASPO ValuePoint for the education of Contractor's contract administrator(s) and sales/marketing workforce regarding the Master Agreement contract, including the competitive nature of NASPO ValuePoint procurements, the Master agreement and participating addendum process, and the manner in which qualifying entities can participate in the Master Agreement.

b. Contractor agrees, as Participating Addendums become executed, if requested by ValuePoint personnel to provide plans to launch the program within the Participating Entity. Plans will include time frames to launch the agreement and confirmation that the Contractor's website has been updated to properly reflect the contract offer as available in the Participating Entity.

c. Contractor agrees, absent anything to the contrary outlined in a Participating Addendum, to consider customer proposed terms and conditions, as deemed important to the customer, for possible inclusion into the customer agreement. Contractor will ensure that their sales force is aware of this contracting option.

d. Contractor agrees to participate in an annual contract performance review at a location selected by the Lead State and NASPO ValuePoint, which may include a discussion of marketing action plans, target strategies, marketing materials, as well as Contractor reporting and timeliness of payment of administration fees.

e. Contractor acknowledges that the NASPO ValuePoint logos may not be used by Contractor in sales and marketing until a logo use agreement is executed with NASPO ValuePoint.

f. The Lead State expects to evaluate the utilization of the Master Agreement at the annual performance review. Lead State may, in its discretion, cancel the Master Agreement pursuant to Paragraph 42 of Exhibit A, or not exercise an option to renew, when Contractor utilization does not warrant further administration of the Master Agreement. The Lead State may exercise its right to not renew the Master Agreement if contractor fails to record or report revenue for three consecutive quarters, upon 60-calendar day written notice to the Contractor. Cancellation based on nonuse or under-utilization will not occur sooner than two years after award of the Master Agreement. This subsection does not limit the discretionary right of either the Lead State or Contractor to cancel the Master Agreement pursuant to Paragraph 42 of Exhibit A or to terminate for default pursuant to Paragraph 44 of Exhibit A.

g. Contractor agrees to notify the Lead State and NASPO ValuePoint of any contractual most-favored-customer provisions in any Cooperative Purchasing Agreements that may affect the promotion of this Master Agreements or whose terms provide for adjustments to future rates or pricing based on rates, pricing in, or Orders from this master agreement. Upon request of the Lead State or NASPO ValuePoint, Contractor shall provide a copy of any such provisions. For the purposes of this paragraph, Cooperative Purchasing Agreement shall mean a cooperative

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

purchasing program facilitating public procurement solicitations and agreements using a lead agency model. This does not include contracts with any federal agency or any federal contract.

32. **Right to Publish.**

Throughout the duration of this Master Agreement, Contractor must secure from the Lead State prior approval for the public release of information that pertains to the potential work or activities covered by the Master Agreement. This limitation does not preclude publication about the award of the Master Agreement or marketing activities consistent with any proposed and accepted marketing plan. The Contractor shall not make any representations of NASPO ValuePoint's opinion or position as to the quality or effectiveness of the services that are the subject of this Master Agreement without prior written consent. Failure to adhere to this requirement may result in termination of the Master Agreement for cause.

33. **Records Administration and Audit.**

a. The Contractor shall maintain books, records, documents, and other evidence pertaining to this Master Agreement and Orders placed by Purchasing Entities under it to the extent and in such detail as shall adequately reflect performance and administration of payments and fees. Contractor shall permit the Lead State, a Participating Entity, a Purchasing Entity, the federal government (including its grant awarding entities and the U.S. Comptroller General), and any other duly authorized agent of a governmental agency, to audit, inspect, examine, copy and transcribe Contractor's books, documents, papers and records directly pertinent to this Master Agreement or orders placed by a Purchasing Entity under it for the purpose of making audits, examinations, excerpts, and transcriptions. This right shall survive for a period of six (6) years following termination of this Agreement or final payment for any order placed by a Purchasing Entity against this Agreement, whichever is later, or such longer period as is required by the Purchasing Entity's state statutes, to assure compliance with the terms hereof or to evaluate performance hereunder.

b. Without limiting any other remedy available to any governmental entity, the Contractor shall reimburse the applicable Lead State, Participating Entity, or Purchasing Entity for any overpayments inconsistent with the terms of the Master Agreement or Orders or underpayment of fees found as a result of the examination of the Contractor's records.

c. The rights and obligations herein exist in addition to any quality assurance obligation in the Master Agreement requiring the Contractor to self-audit contract obligations and that permits the Lead State to review compliance with those obligations.

34. **Indemnification**

a. General Indemnity. Contractor shall indemnify, defend (to the extent permitted by a state's Attorney General), and hold harmless an Indemnified Party from any claims or causes of action, including attorney's fees, to the extent arising from Contractor's intentional, willful, or negligent acts or omissions; actions that give rise to strict liability; and actions arising from breach of contract or warranty.

"Indemnified Party" means NASPO, NASPO ValuePoint, the Lead State, Participating Entities, and Purchasing Entities, along with their officers and employees.

The indemnification obligations of this section do not apply in the event the claim or cause of action is the result of the Indemnified Party's sole negligence. This clause will not be construed to bar any legal remedies the Contractor may have for the Indemnified Party's failure to fulfill its obligation under this Contract.

b. Intellectual Property Indemnification.

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

1. In the event of any such claim by any third party against the Indemnified Party that Products, Software, Services or Deliverables prepared, produced, or branded by Contractor and delivered pursuant to this Master Agreement infringe or misappropriate that third party's U.S. patent, copyright, trade secret, or other intellectual property rights ("Indemnified Claims"), the Indemnified Party shall promptly notify the Contractor. The Contractor, at its own expense, shall indemnify, defend to the extent permitted by the Indemnified Party's laws, and hold harmless the Indemnified Party against any loss, cost, expense, or liability (including legal fees) arising out of such a claim, whether or not such claim is successful against the Indemnified Party.

2. If Contractor receives prompt notice of such a claim that in the Contractor's opinion is likely to result in an adverse ruling, the Contractor shall at its option (1) obtain a right for the Indemnified Party to continue using such Products, Deliverables, or Software or allow Contractor to continue performing the Services; (2) modify such Products, Software, Services, or Deliverables to make them non-infringing without materially affecting their utility or functionality; (3) replace such Products, Software, Services, or Deliverables with a non-infringing equivalent; or (4) refund any pre-paid fees for the allegedly infringing Services that have not been performed or provide a reasonable depreciated or pro rata refund for the allegedly infringing Product, Deliverables, or Software.

3. Notwithstanding the foregoing, Contractor shall have no obligation under this Section for any claim resulting or arising from (1) modifications of the Products, Software, Services, or Deliverables that were not performed by, on behalf of, or at the direction of Contractor; (2) the combination, operation, or use of the Products, Software, Services, or Deliverables in connection with a third-party product, software or service (the combination of which causes the claimed infringement); or (3) Contractor's compliance with Indemnified Party's written specifications or directions, including the incorporation of any software or other materials or processes provided by or requested by Indemnified Party. Contractor's duty to indemnify and defend under this Section is contingent upon: (a) Contractor receiving prompt written notice of the third-party claim or action for which Contractor must indemnify Indemnified Party, (b) Contractor having the right to solely control the defense and resolution of such claim or action, unless the Indemnified Party's law requires approval for a third party to defend the Indemnified Party and such approval is not received, and (c) Indemnified Party's cooperation with Contractor in defending and resolving such claim or action. This Section states Indemnified Party's exclusive remedies for any third-party intellectual property claim or action and nothing in this Master Agreement or elsewhere will obligate Contractor to provide any greater indemnity to Indemnified Party.

35. **Limitations of Liability**

a. The Parties agree that neither Contractor nor the indemnified party shall be liable to each other, regardless of the form of action, for consequential, incidental, indirect, or special damages except any claim related to bodily injury or death; an unauthorized release or breach of not public data as set forth more fully in Minn. Ch. 13; or a claim or demand based on patent, copyright, or other intellectual property infringement.

b. Contractor's liability is limited to 2 times the amount paid by Purchasing Entity to Contractor during the 12 months preceding the date of the dispute concerning any products and services, or $5,000,000, whichever is greater. This limit on liability does not apply to claims for bodily injury or death or for intellectual property infringement.

c. Contractor's obligations under this section shall not extend to any combination of the Product with any other product, system or method, unless the Product, system or method is:

1. provided by the Contractor or the Contractor's subsidiaries or affiliates;

2. specified by the Contractor to work with the Product; or

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

3. reasonably required, in order to use the Product in its intended manner, and the infringement could not have been avoided by substituting another reasonably available product, system or method capable of performing the same function; or

4. It would be reasonably expected to use the Product in combination with such product, system or method.

36. **License of Pre-Existing Intellectual Property.**
Intentionally deleted.

37. **Assignment of Antitrust Rights.**
Contractor irrevocably assigns to a Participating Entity who is a state any claim for relief or cause of action which the Contractor now has or which may accrue to the Contractor in the future by reason of any violation of state or federal antitrust laws (15 U.S.C. § 1-15 or a Participating Entity's state antitrust provisions), as now in effect and as may be amended from time to time, in connection with any goods or services provided in that state for the purpose of carrying out the Contractor's obligations under this Master Agreement or Participating Addendum, including, at the Participating Entity's option, the right to control any such litigation on such claim for relief or cause of action.

38. **Debarment.**
The Contractor certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction (contract) by any governmental department or agency. This certification represents a recurring certification made at the time any Order is placed under this Master Agreement. If the Contractor cannot certify this statement, attach a written explanation for review by the Lead State.

39. **Governing Law and Venue.**

a. The construction and effect of the Master Agreement after award shall be governed by the law of the state serving as Lead State. The construction and effect of any Participating Addendum or Order against the Master Agreement shall be governed by and construed in accordance with the laws of the Participating Entity's or Purchasing Entity's State.

b. Venue for any claim, dispute or action concerning the terms of the Master Agreement shall be in the state serving as Lead State. Venue for any claim, dispute, or action concerning any Order placed against the Master Agreement or the effect of a Participating Addendum shall be in the Purchasing Entity's State.

c. If a claim is brought in a federal forum, then it must be brought and adjudicated solely and exclusively within the United States District Court for (in decreasing order of priority): the Lead State for claims relating to contract performance or administration if the Lead State is a party; a Participating State if a named party; the state where the Participating Entity or Purchasing Entity is located if either is a named party.

40. **Confidentiality, Non-Disclosure, and Injunctive Relief.**

a. Confidentiality. Contractor acknowledges that it and its employees or agents may, in the course of providing a Product under this Master Agreement, be exposed to or acquire information that is confidential to Purchasing Entity or Purchasing Entity's clients.

1. Any and all information of any form that is marked as confidential by one party (the "originating party") and is or would by its nature be deemed confidential obtained by the other party or its employees or agents (the "receiving party") in the performance of this Master Agreement, including, but not necessarily limited to (1) any Purchasing Entity's records, (2) personnel records, and (3) information concerning individuals, is confidential information of the originating party ("Confidential Information").

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

2. Any reports or other documents or items (including software) that result from the use of the Confidential Information by the receiving party shall be treated in the same manner as the Confidential Information.

3. Confidential Information does not include information that (1) is or becomes (other than by disclosure by the receiving party) publicly known; (2) is furnished by the originating party to others without restrictions similar to those imposed by this Master Agreement; (3) is rightfully in the receiving party's possession without the obligation of nondisclosure prior to the time of its disclosure under this Master Agreement; (4) is obtained from a source other than the originating party without the obligation of confidentiality, (5) is disclosed with the written consent of the originating party or; (6) is independently developed by employees, agents or subcontractors of the receiving party who can be shown to have had no access to the Confidential Information.

b. Non-Disclosure. The receiving party shall hold Confidential Information in confidence, using at least the industry standard of confidentiality, and shall not copy, reproduce, sell, assign, license, market, transfer or otherwise dispose of, give, or disclose Confidential Information to third parties or use Confidential Information for any purposes whatsoever other than what is necessary to the performance of Orders placed under this Master Agreement.

1. Each party shall advise each of its employees and agents of their obligations to keep Confidential Information confidential. Contractor shall use commercially reasonable efforts to assist Purchasing Entity in identifying and preventing any unauthorized use or disclosure of any Confidential Information.

2. Without limiting the generality of the foregoing, the receiving party shall advise the originating party, and the applicable Participating Entity, and the Lead State if the originating party is a Purchasing Entity, and the Lead State if the originating party is a Participating Entity, immediately if the receiving party learns or has reason to believe that any person who has had access to Confidential Information has violated or intends to violate the terms of this Master Agreement, and the receiving party shall at its expense cooperate with advise the originating party in seeking injunctive or other equitable relief in the name of either party against any such person.

3. Except as directed by the originating party, the receiving party will not at any time during or after the term of this Master Agreement disclose, directly or indirectly, any Confidential Information to any person, except in accordance with this Master Agreement, and that upon termination of this Master Agreement or at the originating party's request, the receiving party shall turn over to the originating party all documents, papers, and other matter in the receiving party's possession that embody Confidential Information.

4. Notwithstanding the foregoing, Contractor may keep one copy of such Confidential Information necessary for quality assurance, audits and evidence of the performance of this Master Agreement, and Purchasing Entity may retain Confidential Information to the extent and for the duration required by applicable law.

c. Injunctive Relief. Each party acknowledges that the other party's breach of this section, including disclosure of any Confidential Information, will cause irreparable injury to originating party that is inadequately compensable in damages. Accordingly, the originating party may seek and obtain injunctive relief against the breach or threatened breach of the foregoing undertakings, in addition to any other legal remedies that may be available. Contractor acknowledges and agrees that the covenants contained herein are necessary for the protection of the legitimate business interests of Purchasing Entity and are reasonable in scope and content.

d. Purchasing Entity Law. These provisions shall be applicable only to extent they are not in conflict with the applicable public disclosure laws of any Purchasing Entity.

e. The rights granted Purchasing Entities and Contractor obligations under this section shall also extend to the cooperative's Confidential Information, defined to include Participating Addenda, as well as Orders or transaction data relating to Orders under this Master Agreement that identify the entity/customer, Order dates, line item

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

descriptions and volumes, and prices/rates. This provision does not apply to disclosure to the Lead State, a Participating State, or any governmental entity exercising an audit, inspection, or examination pursuant to Paragraph 33 of Exhibit A. To the extent permitted by law, Contractor shall notify the Lead State of the identity of any entity seeking access to the Confidential Information described in this subsection.

41. **Public Information.**
This Master Agreement and all related documents are subject to disclosure pursuant to the Lead State's public information laws.

42. **Cancellation.**
Unless otherwise set forth in this Master Agreement, this Master Agreement may be canceled by either party upon 60 days written notice prior to the effective date of the cancellation. Further, any Participating Entity may cancel its participation upon 30 days written notice, unless otherwise stated in the Participating Addendum. Cancellation may be in whole or in part. Any cancellation under this provision shall not affect the rights and obligations attending orders outstanding at the time of cancellation, including any right of a Purchasing Entity to indemnification by the Contractor, rights of payment for Products delivered and accepted, rights attending any warranty or default in performance in association with any Order, and requirements for records administration and audit. Cancellation of the Master Agreement due to Contractor default may be immediate as set forth in Paragraph 44 of Exhibit A.

43. **Force Majeure.**
Neither party to this Master Agreement shall be held responsible for delay or default caused by fire, riot, unusually severe weather, other acts of God, or war which are beyond that party's reasonable control. The Lead State may terminate this Master Agreement after determining such delay or default will reasonably prevent successful performance of the Master Agreement.

44. **Defaults and Remedies.**

a. The occurrence of any of the following events shall be an event of default under this Master Agreement:

1. Nonperformance of contractual requirements; or

2. A material breach of this Master Agreement; or

3. Any certification, representation or warranty by Contractor in response to the RFP or in this Master Agreement that proves to be untrue or materially misleading; or

4. Institution of proceedings under any bankruptcy, insolvency, court-ordered reorganization or similar law, by or against Contractor, or the appointment of a receiver or similar officer for Contractor or any of its property, which is not vacated or fully stayed within thirty (30) calendar days after the institution or occurrence thereof; or

5. Any default specified in another section of this Master Agreement.

b. Upon the occurrence of an event of default, except for material breach, the Lead State shall issue a written notice of default, identifying the nature of the default, and providing a period of 30 calendar days in which Contractor shall have an opportunity to cure the default. The Lead State shall not be required to provide advance written notice or a cure period and may immediately terminate this Master Agreement in whole or in part if the Lead State, in its sole discretion, determines that it is reasonably necessary to preserve public safety or prevent immediate public crisis. Time allowed for cure shall not diminish or eliminate Contractor's liability for damages, including liquidated damages to the extent provided for under this Master Agreement. The Lead State may immediately terminate this Master Agreement upon material breach of the Master Agreement by Contractor.

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

c. If Contractor is afforded an opportunity to cure and fails to cure the default within the period specified in the written notice of default, Contractor shall be in breach of its obligations under this Master Agreement and the Lead State shall have the right to exercise any or all of the following remedies:

1. Exercise any remedy provided by law; and
2. Terminate this Master Agreement and any related contracts or portions thereof; and
3. Impose liquidated damages as provided in this Master Agreement; and
4. Suspend Contractor from being able to respond to future bid solicitations; and
5. Suspend Contractor's performance; and
6. Withhold payment until the default is remedied.

d. Unless otherwise specified in the Participating Addendum, in the event of a default under a Participating Addendum, a Participating Entity shall provide a written notice of default as described in this section and shall have all of the rights and remedies under this paragraph regarding its participation in the Master Agreement, in addition to those set forth in its Participating Addendum. Unless otherwise specified in a Purchase Order, a Purchasing Entity shall provide written notice of default as described in this section and have all of the rights and remedies under this paragraph and any applicable Participating Addendum with respect to an Order placed by the Purchasing Entity. Nothing in these Master Agreement Terms and Conditions shall be construed to limit the rights and remedies available to a Purchasing Entity under the applicable commercial code.

45. **Waiver of Breach.**
Failure of the Lead State, Participating Entity, or Purchasing Entity to declare a default or enforce any rights and remedies shall not operate as a waiver under this Master Agreement or Participating Addendum. Any waiver by the Lead State, Participating Entity, or Purchasing Entity must be in writing. Waiver by the Lead State or Participating Entity of any default, right or remedy under this Master Agreement or Participating Addendum, or by Purchasing Entity with respect to any Purchase Order, or breach of any terms or requirements of this Master Agreement, a Participating Addendum, or Purchase Order shall not be construed or operate as a waiver of any subsequent default or breach of such term or requirement, or of any other term or requirement under this Master Agreement, Participating Addendum, or Purchase Order.

46. **Notices.**
If one party is required to give notice to the other under the Master Agreement, such notice shall be in writing and shall be effective upon receipt. Delivery may be by certified United States mail or by hand, in which case a signed receipt shall be obtained. A facsimile or electronic transmission shall constitute sufficient notice, provided the receipt of the transmission is confirmed by the receiving party. Either party must notify the other of a change in address for notification purposes. All notices to the Lead State shall be addressed as follows:

Elizabeth Randa, Acquisition Management Specialist
112 Administration Bldg.
50 Sherburne Avenue
St. Paul, MN 55155
elizabeth.randa@state.mn.us

47. **No Waiver of Sovereign Immunity.**
In no event shall this Master Agreement, any Participating Addendum or any contract or any Purchase Order issued thereunder, or any act of the Lead State, a Participating Entity, or a Purchasing Entity be a waiver of any form of defense

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

or immunity, whether sovereign immunity, governmental immunity, immunity based on the Eleventh Amendment to the Constitution of the United States or otherwise, from any claim or from the jurisdiction of any court.

This section applies to a claim brought against the Participating Entities who are states only to the extent Congress has appropriately abrogated the state's sovereign immunity and is not consent by the state to be sued in federal court. This section is also not a waiver by the state of any form of immunity, including but not limited to sovereign immunity and immunity based on the Eleventh Amendment to the Constitution of the United States.

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

Exhibit B: Minnesota Terms and Conditions

1. **Change Requests.**

The Lead State reserves the right to request, during the term of the Master Agreement, changes to the products offered within the Band(s). Products introduced during the term of the Master Agreement shall go through a formal review process. The process for updating the products offered within a Band is outlined in Paragraph 2 of Exhibit B. The Contractor shall evaluate and recommend products for which agencies have an expressed need. The Lead State shall require the Contractor to provide a summary of its research of those products being recommended for inclusion in the Master Agreement as well as defining how adding the product will enhance the Master Agreement. The Lead State may request that products, other than those recommended, are added to the Master Agreement.

In the event that the Lead State desires to add new products and services that are not included in the original Master Agreement, the Lead State requires that independent manufacturers and resellers cooperate with the already established Contractor in order to meet the Lead State's requirements. Evidence of the need to add products or services should be demonstrated to the Lead State. The Master Agreement shall be modified via supplement or amendment. The Lead State will negotiate the inclusion of the products and services with the Contractor. No products or services will be added to the Master Agreement without the Lead State's prior approval.

2. **Product and Service Schedule (PSS).**

a. Creating the Product and Service Schedule (PSS). Contractor will use the attached sample PSS to create and maintain a complete listing of all products and services offered under the Master Agreement. The PSS must conform to the contracted minimum discounts. Contractor may create and maintain a separate PSS for a Participating Entity based on the requirements and restrictions of the Participating Entity.

Contractors are encouraged to provide remote learning bundles for K-12 Education. These bundles can be included in the response to the PSS.

b. Maintaining the PSS.

1. In General. Throughout the term of the Master Agreement, on a quarterly basis, Contractor may update the PSS to make model changes, add new products or services, or remove obsolete or discontinued products or services. Any updates to the PSS must conform to the Master Agreement requirements, including the scope of the Master Agreement and contracted minimum discounts.

2. Process. Contractor must provide notification to the Lead State of any changes to their PSS using the attached Action Request Form (ARF).

a) The Lead State does not need to approve Contractor's request to make model changes, add their own manufactured products, or remove discontinued or obsolete products or services, and Contractor does not need the Lead State's approval prior to posting an updated PSS.

b) The Lead State must approve Contractor's request to add new third party manufacturers to Contractor's PSS. If the proposed third-party manufacturer holds a NASPO Master Agreement for Computer Equipment, Contractor must obtain written authorization from that manufacturer. Contractor must have the Lead State's approval prior to posting the updated PSS.

c) Contractor must maintain a historic record of all past PSSs on their dedicated NASPO ValuePoint website.

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

d) Pursuant to the audit provisions of the Master Agreement, upon the request of NASPO ValuePoint, the Lead State, or a Participating Entity, Contractor must provide an historic version of any Baseline Price List.

3. **Purchase Orders.**

There will be no minimum order requirements or charges to process an individual purchase order. The Participating Addendum number and the PO number must appear on all documents (e.g., invoices, packing slips, etc.). The Ordering Entity's purchase order constitutes a binding contract.

4. **Risk of Loss or Damage.**

The Purchasing Entity is relieved of all risks of loss or damage to the goods or equipment during periods of transportation, and installation by the Contractor and in the possession of the Contractor or their authorized agent.

5. **Payment Card Industry Data Security Standard and Cardholder Information Security.**

Contractor assures all of its Network Components, Applications, Servers, and Subcontractors (if any) comply with the Payment Card Industry Data Security Standard ("PCIDSS"). "Network Components" shall include, but are not limited to, Contractor's firewalls, switches, routers, wireless access points, network appliances, and other security appliances; "Applications" shall include, but are not limited to, all purchased and custom external (web) applications. "Servers" shall include, but are not limited to, all of Contractor's web, database, authentication, DNS, mail, proxy, and NTP servers. "Cardholder Data" shall mean any personally identifiable data associated with a cardholder, including, by way of example and without limitation, a cardholder's account number, expiration date, name, address, social security number, or telephone number.

Subcontractors (if any) must be responsible for the security of all Cardholder Data in its possession; and will only use Cardholder Data for assisting cardholders in completing a transaction, providing fraud control services, or for other uses specifically required by law. Contractor must have a business continuity program which conforms to PCIDSS to protect Cardholder Data in the event of a major disruption in its operations or in the event of any other disaster or system failure which may occur to operations; will continue to safeguard Cardholder Data in the event this Agreement terminates or expires; and ensure that a representative or agent of the payment card industry and a representative or agent of the Purchasing Entity shall be provided with full cooperation and access to conduct a thorough security review of Contractor's operations, systems, records, procedures, rules, and practices in the event of a security intrusion in order to validate compliance with PCIDSS.

6. **Foreign Outsourcing of Work.**

Upon request, the Contractor is required to provide information regarding the location of where services, data storage, and location of data processing under the Master Agreement will be performed.

7. **State Audits (Minn. Stat. § 16C.05, subd. 5).**

The books, records, documents, and accounting procedures and practices of the Contractor or other party, that are relevant to the Master Agreement or transaction are subject to examination by the contracting agency and either the Lead State's Legislative Auditor or State Auditor as appropriate for a minimum of six years after the end of the Master Agreement or transaction. The Lead State reserves the right to authorize delegate(s) to audit this Master Agreement and transactions.

8. **Certification of Nondiscrimination (in accordance with Minn. Stat. § 16C.053).**

If the value of this Contract, including all extensions, is $50,000 or more, Contractor certifies it does not engage in and has no present plans to engage in discrimination against Israel, or against persons or entities doing business in Israel, when making decisions related to the operation of the contractor's business. For purposes of this section, "discrimination" includes but is not limited to engaging in refusals to deal, terminating business activities, or other actions that are intended to limit commercial relations with Israel, or persons or entities doing business in Israel, when such actions are taken in a manner that in any way discriminates on the basis of nationality or national origin and is not based on a valid business reason.

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

9. **Human Rights/Affirmative Action.**

The Lead State requires affirmative action compliance by its Contractors in accordance with Minn. Stat. § 363A.36 and Minn. R. 5000.3400 to 5000.3600.

a. Covered Contracts and Contractors. If the Contract exceeds $100,000 and the Contractor employed more than 40 full-time employees on a single working day during the previous 12 months in Minnesota or in the state where it has its principal place of business, then the Contractor must comply with the requirements of Minn. Stat. § 363A.36 and Minn. R. 5000.3400-5000.3600.

b. Minn. R. 5000.3400-5000.3600 implement Minn. Stat. § 363A.36. These rules include, but are not limited to, criteria for contents, approval, and implementation of affirmative action plans; procedures for issuing certificates of compliance and criteria for determining a contractor's compliance status; procedures for addressing deficiencies, sanctions, and notice and hearing; annual compliance reports; procedures for compliance review; and contract consequences for noncompliance. The specific criteria for approval or rejection of an affirmative action plan are contained in various provisions of Minn. R. 5000.3400 5000.3600 including, but not limited to, parts 5000.3420-5000.3500 and parts 5000.3552 5000.3559.

c. Disabled Workers. Minn. R. 5000.3550 provides the Contractor must comply with the following affirmative action requirements for disabled workers.

AFFIRMATIVE ACTION FOR DISABLED WORKERS

(a) The Contractor must not discriminate against any employee or applicant for employment because of physical or mental disability in regard to any position for which the employee or applicant for employment is qualified. The Contractor agrees to take affirmative action to employ, advance in employment, and otherwise treat qualified disabled persons without discrimination based upon their physical or mental disability in all employment practices such as the following: employment, upgrading, demotion or transfer, recruitment, advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.

(b) The Contractor agrees to comply with the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.

(c) In the event of the Contractor's noncompliance with the requirements of this clause, actions for noncompliance may be taken in accordance with Minn. Stat. § 363A.36 and the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.

(d) The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices in a form to be prescribed by the commissioner of the Minnesota Department of Human Rights. Such notices must state the Contractor's obligation under the law to take affirmative action to employ and advance in employment qualified disabled employees and applicants for employment, and the rights of applicants and employees.

(e) The Contractor must notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding, that the Contractor is bound by the terms of Minn. Stat. § 363A.36 of the Minnesota Human Rights Act and is committed to take affirmative action to employ and advance in employment physically and mentally disabled persons.

d. Consequences. The consequences of a Contractor's failure to implement its affirmative action plan or make a good faith effort to do so include, but are not limited to, suspension or revocation of a certificate of compliance by

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

the commissioner, refusal by the commissioner to approve subsequent plans, and termination of all or part of the Contract by the commissioner or the State.

e. Certification. The Contractor hereby certifies that it is in compliance with the requirements of Minn. Stat. § 363A.36, subd. 1 and Minn. R. 5000.3400-5000.3600 and is aware of the consequences for noncompliance. It is agreed between the parties that Minn. Stat. 363.36 and Minn. R. 5000.3400 to 5000.3600 are incorporated into any contract between these parties based upon this specification or any modification of it. A copy of Minn. Stat. § 363A.36 and Minn. R. 5000.3400 to 5000.3600 are available upon request from the contracting agency.

10. **Equal Pay Certification.**

If required by Minn. Stat. §363A.44, the Contractor must have a current Equal Pay Certificate prior to Contract execution. If Contractor's Equal Pay Certificate expires during the term of this Contract, Contractor must promptly re-apply for an Equal Pay Certificate with the Minnesota Department of Human Rights and notify the State's Authorized Representative once the Contractor has received the renewed Equal Pay Certificate. If Contractor claims to be exempt, the Lead State may require Contractor to verify its exempt status.

11. **Americans with Disabilities Act (ADA).**

Products provided under the Master Agreement must comply with the requirements of the Americans with Disabilities Act (ADA). The Contractor's catalog and other marketing materials utilized to offer products under the Master Agreement must state when a product is not in compliance. If any descriptive marketing materials are silent as to these requirements, the Contractor agrees that the customer can assume the product meets or exceeds the ADA requirements.

12. **Nonvisual Access Standards.**

Pursuant to Minn. Stat. § 16C.145, the Contractor shall comply with the following nonvisual technology access standards:

a. That the effective interactive control and use of the technology, including the operating system applications programs, prompts, and format of the data presented, are readily achievable by nonvisual means;

b. That the nonvisual access technology must be compatible with information technology used by other individuals with whom the blind or visually impaired individual must interact;

c. That nonvisual access technology must be integrated into networks used to share communications among employees, program participants, and the public; and

d. That the nonvisual access technology must have the capability of providing equivalent access by nonvisual means to telecommunications or other interconnected network services used by persons who are not blind or visually impaired.

These standards do not require the installation of software or peripheral devices used for nonvisual access when the information technology is being used by individuals who are not blind or visually impaired.

13. **Accessibility Standards.**

Contractor acknowledges and is fully aware that the Lead State (Executive branch state agencies) has developed IT Accessibility Standard effective September 1, 2010. The standard entails, in part, the Web Content Accessibility Guidelines (WCAG) and Section 508 which can be viewed at: https://mn.gov/mnit/government/policies/accessibility/.

The Standards apply to web sites, software applications, electronic reports and output documentation, training delivered in electronic formats (including, but not limited to, documents, videos, and webinars), among others. As upgrades are made to the software, products, or subscriptions available through this Contract, the Contractor agrees to

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

develop functionality which supports accessibility. If any issues arise due to nonconformance with the above-mentioned accessibility Standards, the Contractor agrees to provide alternative solutions upon request at no additional charge to the State.

When updates or upgrades are made to the products or services available through this Contract, the Contractor agrees to document how the changes will impact or improve the product's or service's accessibility and usability. This documentation, upon request, must be provided to the Lead State in advance of the change, occurring within an agreed upon timeframe sufficient for the state to review the changes and either approve them or request a remediation plan from the Contractor. Contractor warrants that its Products comply with the above-mentioned accessibility Standards and agrees to indemnify, defend, and hold harmless the Lead State against any claims related to non-compliance of Contractor's Product with the above-mentioned accessibility Standards. If agreed-upon updates fail to improve the product or service's accessibility or usability as planned, the failure to comply with this requirement may be cause for contract cancellation or for the Lead State to consider the Contractor in default.

14. **Conflict Minerals.**
Contractor agrees to provide information upon request regarding adherence to the Conflict Minerals section of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Section 1502).

See: http://beta.congress.gov/111/bills/hr4173/111hr4173enr.pdf#page=838
http://www.sec.gov/news/press/2012/2012-163.htm

15. **Hazardous Substances.**
To the extent that the goods to be supplied by the Contractor contain or may create hazardous substances, harmful physical agents or infectious agents as set forth in applicable state and federal laws and regulations, the Contractor must provide Material Safety Data Sheets regarding those substances. A copy must be included with each delivery.

16. **Copyrighted Material Waiver.**
The Lead State reserves the right to use, reproduce and publish proposals in any manner necessary for State agencies and local units of government to access the responses, including but not limited to photocopying, State Intranet/Internet postings, broadcast faxing, and direct mailing. In the event that the response contains copyrighted or trademarked materials, it is the responder's responsibility to obtain permission for the Lead State to reproduce and publish the information, regardless of whether the responder is the manufacturer or reseller of the products listed in the materials. By signing its response, the responder certifies that it has obtained all necessary approvals for the reproduction and distribution of the contents of its response and agrees to indemnify, protect, save and hold the Lead State, its representatives and employees harmless from any and all claims arising from the violation of this section and agrees to pay all legal fees incurred by the Lead State in the defense of any such action.

17. **Publicity.**
The Contractor shall make no representations of the State's opinion or position as to the quality or effectiveness of the products or services that are the subject of the Master Agreement without the prior written consent of the State's Assistant Director or designee of Office of State Procurement. Representations include any publicity, including but not limited to advertisements, notices, press releases, reports, signs, and similar public notices.

18. **Performance While Dispute is Pending.**
Notwithstanding the existence of a dispute, the parties shall continue without delay to carry out all of their responsibilities under the Master Agreement that are not affected by the dispute. If a party fails to continue without delay to perform its responsibilities under the Master Agreement, in the accomplishment of all undisputed work, any additional cost incurred by the other parties as a result of such failure to proceed shall be borne by the responsible party.

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

19. **Organizational Conflicts of Interest.**

An organizational conflict of interest exists when, because of existing or planned activities or because of relationships with other persons:

a. the Contractor is unable or potentially unable to render impartial assistance or advice to the State;

b. the Contractor's objectivity in performing the work is or might be otherwise impaired; or

c. the Contractor has an unfair competitive advantage.

The Contractor agrees that if an organizational conflict of interest is discovered after award, an immediate and full disclosure in writing shall be made to the Assistant Director of the Lead State's Department of Administration's Office of State Procurement that shall include a description of the action the Contractor has taken or proposes to take to avoid or mitigate such conflicts. If an organizational conflict of interest is determined to exist, the Lead State may, at its discretion, cancel the Master Agreement. In the event the Contractor was aware of an organizational conflict of interest prior to the award of the Master Agreement and did not disclose the conflict to the Master Agreement Administrator, the Lead State may terminate the Master Agreement for default. The provisions of this clause shall be included in all subcontracts for work to be performed, and the terms "Contract," "Contractor," "Master Agreement", "Master Agreement Administrator" and "Contract Administrator" modified appropriately to preserve the State's rights.

20. **Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion**

a. Certification regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions. Instructions for certification:

1. By signing and submitting this proposal, the prospective lower tier participant [responder] is providing the certification set out below.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal [response] is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

4. The terms covered transaction, debarred, suspended, ineligible lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverages section of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.

5. The prospective lower tier participant agrees by submitting this response that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction [subcontract equal to or exceeding $25,000] with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled, "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion – Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the list of parties excluded from federal procurement and nonprocurement programs.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and debarment.

b. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions.

1. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

21. **Government Data Practices.**

The Contractor and the Lead State must comply with the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13, (and where applicable, if the Lead State contracting party is part of the judicial branch, with the Rules of Public Access to Records of the Judicial Branch promulgated by the Minnesota Supreme Court as the same may be amended from time to time) as it applies to all data provided by the Lead State to the Contractor and all data provided to the Lead State by the Contractor. In addition, the Minnesota Government Data Practices Act applies to all data created, collected, received, stored, used, maintained, or disseminated by the Contractor in accordance with the Master Agreement that is private, nonpublic, protected nonpublic, or confidential as defined by the Minnesota Government Data Practices Act, Ch. 13 (and where applicable, that is not accessible to the public under the Rules of Public Access to Records of the Judicial Branch).

In the event the Contractor receives a request to release the data referred to in this article, the Contractor must immediately notify the Lead State. The Lead State will give the Contractor instructions concerning the release of the data to the requesting party before the data is released. The civil remedies of Minn. Stat. § 13.08, apply to the release of the data by either the Contractor or the Lead State.

The Contractor agrees to indemnify, save, and hold the Lead State, its agent and employees, harmless from all claims arising out of, resulting from, or in any manner attributable to any violation of any provision of the Minnesota

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

Government Data Practices Act (and where applicable, the Rules of Public Access to Records of the Judicial Branch), including legal fees and disbursements paid or incurred to enforce this provision of the Master Agreement. In the event that the Contractor subcontracts any or all of the work to be performed under the Master Agreement, the Contractor shall retain responsibility under the terms of this article for such work.

22. **Survivability.**
Certain rights and duties of the Lead State and Contractor will survive the expiration or cancellation of the RFP and resulting Master Agreement. These rights and duties include but are not limited to paragraphs: Indemnification; Limitations of Liability; State Audits; Government Data Practices; Governing Law and Venue; Publicity; and Administrative Fees.

23. **Severability.**
If any provision of the Master Agreement, including items incorporated by reference, is found to be illegal, unenforceable, or void, then both the Lead State and the Contractor shall be relieved of all obligations arising under such provisions. If the remainder of the Master Agreement is capable of performance it shall not be affected by such declaration or finding and shall be fully performed.

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

Exhibit C: Requirements

1. **Contractor Verification.**

Contractor must be a manufacturer of a Product in the Band(s) it is awarded a Master Agreement. “Re-branding” a product that is manufactured by another company does not meet this requirement. If the Contractor ceases production, sells or assigns their manufacturing to another vendor, or otherwise no longer manufactures a product during the life of the Master Agreement the Lead State reserves the right to terminate the Contractor’s Master Agreement.

2. **Warranty and Maintenance.**

Contractor must ensure warranty service and maintenance for all equipment, including third party products provided. The Contractor must facilitate the Manufacturer or Publisher warranty and maintenance of third party products furnished through the Master Agreement. The Contractor shall provide the warranty service and maintenance for equipment and all peripherals on the Master Agreement.

3. **Website.**

Contractor must develop and maintain a URL to a web site specific to the awarded Master Agreement. Contractor’s Master Agreement website must offer twenty-four (24) hours per day, seven (7) days per week availability, except for regularly scheduled maintenance times. The website must be separate from the Contractor’s commercially available (i.e., public) on-line catalog and ordering systems. No other items or pricing may be shown on the website without written approval from the Lead State

a. Mandatory Specifications:

- Designated Baseline Price List(s) (e.g., MSRP, List, or Education)
- Product and Service Schedule (PSS)
- Product specifications, pricing, and configuration aids for the major product categories proposed that can be used to obtain an on-line quote,
- Service options and service agreements available on the contract. Please refer to Paragraph 5.
- Contact information for order placement, service concerns (warranty and maintenance), problem reporting, and billing concerns
- Sales representatives for participating entities
- Links to environmental certification, including but not limited to take-back/recycling programs, EPEAT, Energy Star, etc.

b. Desirable Specifications:

- Purchase order tracking
- Information on accessibility and accessible products
- Signed Master Agreement
- Online ordering capability with the ability to remember multiple ship to locations (if applicable to product)
- List of approved partners, if applicable

Within 30 calendar days of the notice of intent to award a Master Agreement, Contractor must provide a sample URL of the Master Agreement webpage to the Lead State for review and approval. The Lead State will review and determine acceptability of the website format and data. If the information is determined to be unacceptable or incorrect, the Contractor will have 15 calendar days to provide revisions to the Lead State. After the Lead State approves the website, Contractor may not make material changes to the website without notifying the Lead State through the ARF process and receiving written approval of the changes.

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

4. **Environmental Certifications.**
Contractor must include environmental or supply chain responsibility certifications and registrations for products sold through this Contract on their website. Contractor must provide these certifications and registrations for specific products to Participating Entities upon request.

5. **EPEAT Registration.**
Contractor agrees that applicable products offered that have EPEAT Standards provided under the Master Agreement must have achieved a minimum EPEAT Bronze registration. This requirement does not apply to Band 3.

Contractor may propose the addition of a product that has not yet achieved a minimum EPEAT Bronze registration. The Lead State, in its sole discretion may require Contractor to provide the following documentation to support the addition of the proposed product:

- A letter from the Green Electronics Council (GEC) on GEC's letterhead confirming that the verification process is underway; or
- A copy of Contractor's GEC contract, Conformity Assurance Board (CAB) contract, and a letter from Contractor's CAB stating that the relevant product has been registered with the CAB and that verification is underway.

The Lead State reserves the right to reject the inclusion of such product, or if approved, require Contractor to remove the product at a later date if the product does not achieve a minimum EPEAT Bronze registration. The Contractor must remove any products that subsequently exit the verification process without achieving EPEAT Bronze or greater from the Master Agreement.

6. **Third-Party Products.**
Some products offered may be manufactured by a third party. Contractor, however, must provide or facilitate the warranty service and maintenance for all Third-Party Products on the Master Agreement either directly or pass-through from the manufacturer. Contractor may not offer products manufactured by another Contractor holding a Minnesota NASPO ValuePoint Master Agreement for Computer Equipment without approval from the Lead State. Warranty for third-party products must be provided by the Contractor. Warranty documents for products manufactured by a third party are preferred to be delivered to the Participating Entity with the products. Contractor can only offer Third-Party Products in a Band they have been awarded.

Third-Party Products are intended to enhance or supplement a Contractor's own product line, and are not intended to represent more than a third of Contractor's total sales under this Master Agreement. The Lead State may limit the sale of Third-Party Products through the Master Agreement during the life of the Master Agreement should Third-Party Product sales be determined to consistently exceed one third of the total sales under this Master Agreement. Such limitation may take the form of any action the Lead State so chooses, up to and including non-renewal or cancellation of the Master Agreement.

7. **Partner Utilization.**
If utilizing partners, the Contractor is responsible for the partners providing products and services, as well as warranty service and maintenance for equipment the partner provides. Participating Entities have the option of utilizing partners. Contractor must provide a Participating Entity a copy of its plan for partner utilization upon request. Contractor must make available a list of approved partners for each Participating Entity. Participating Entities must approve specific Partners as outlined within the relevant Participating Addendum, and only partners approved by the Participating Entity may be deployed. The Participating Entity will define the process to add and remove partners in their Participating Addendum.

8. **2019 National Defense Authorization Act, Section 889(f)(3).**
Under the 2019 National Defense Authorization Act, Section 889(f)(3), the US military is prohibited from purchasing video surveillance and telecommunications equipment from certain Chinese-owned technology firms. While US state are

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

not subject to this act, there is increasing concern for the security of state data. Contractor certifies for the term of this Master Agreement that it is not subject to laws, rules, or policies potentially requiring disclosure of, or provision of access to, customer data to foreign governments or entities controlled by foreign governments, and that Contractor's Products do not contain, include, or utilize components or services supplied by any entity subject to the same. Contractor also certifies that its Products do not contain, include, or utilize any covered technology prohibited under Section 889 of the National Defense Authorization Act, as amended.

Optional: Lease Rates

Dell Financial Services (DFS') payment solutions offer flexible end-of term options designed to suit each entity's unique needs. Payment terms are generally from 24 through 60 months and are tailored to match the essential useful life of the equipment to the payment term. Payments can be billed monthly, quarterly, semi-annually or annually.

DFS payment solution rates are adjusted quarterly in accordance with a formula based on fluctuations in treasury notes. Our rates are a function of several factors including estimates of future residual values, prevailing interest rates, borrowing costs, general and administrative expenses, and solution structure. Once a payment schedule has commenced, the rate remains constant for the term of the schedule.

Exhibit E: Contractor Terms and Conditions

Attached by reference as Exhibit E are the following Contractor document(s):

- **Software Licenses.** Customer's rights to use the Software delivered by Supplier are governed by the terms of the applicable end-user license agreement. Unless different terms have been agreed between the parties, the terms posted on www.dell.com/eula (the "EULA") shall apply. Supplier will provide a hard copy of the applicable terms upon request. Unless expressly otherwise agreed, microcode, firmware or operating system software required to enable the Equipment with which it is shipped to perform its basic or enhanced functions, is licensed for use solely on such Equipment.

- **Dell Return Policy.** Customer may return Products to Supplier pursuant to the return policy at www.dell.com/returnspolicy.

- **Equipment Warranty.** Unless provided otherwise in a Schedule, additional terms governing the limited warranties for Equipment are found at https://www.dell.com/learn/us/en/uscorp1/terms-of-sale-commercial-and-public-sector-warranties?c=us&l=en&s=corp or in the applicable documentation or Product Notice for the specific Equipment.

- **Product- and Service-Specific Terms.** Scope and details of Services and Product-specific terms are specified in the applicable standard service description that is attached to or referred in a Schedule or Quote, or is made available through the then-current Supplier website for product- or service-specific terms, currently located at www.dell.com/offeringspecificterms. Such standard descriptions are from time to time referred to as "Service Description(s)", "Product Notices" or "Service Briefs." The version of the applicable document that is effective as of the date of the applicable Quote, shall be deemed incorporated into the Order. Scope and details of customized Professional Services not covered by such a standard description shall be documented in a mutually agreed Statement of Work ("SOW").

These Contractor terms and conditions are being provided for **informational purposes only**. They are intended to be negotiated by Contractor and a Participating Entity as part of a Participating Addendum, or by Contractor and a Purchasing Entity as part of an Order, and shall apply only as agreed to in writing by the parties. Unless such terms are expressly accepted in writing, terms in the following document(s) that derogate the application to a Purchasing Entity of a corresponding term in this Master Agreement or applicable Participating Addendum shall be deemed void.

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

STATE OF CALIFORNIA
PARTICIPATING ADDENDUM NUMBER 7-23-70-55-01
Computer Equipment, Peripherals & Related Services
Minnesota NASPO ValuePoint Master Agreement Number 23026
Dell Marketing L.P. (Contractor)

This Participating Addendum Number 7-23-70-55-01 is entered into between the State of California, Department of General Services (hereafter referred to as "State" or "DGS") and Dell Marketing L.P. (hereafter referred to as "Contractor") under the lead state of Minnesota NASPO ValuePoint Master Agreement Number 23026.

1. SCOPE

   A. This Participating Addendum covers the purchase of computer equipment (desktops, laptops, tablets, servers, and storage, including related peripherals & services) under the Minnesota NASPO ValuePoint Master Agreement. The Minnesota NASPO ValuePoint Master Agreement is hereby incorporated by reference. Product/service categories included under this Participating Addendum are identified in Section 5 (Available Products and Services).

   B. This Participating Addendum is available for use by California state agencies and local governments. A local government is defined as any city, county, city and county, district, or other local governmental body, school district or corporation empowered to expend public funds. The State Agency Listing (https://www.ca.gov/agenciesall/) provides a comprehensive list of state agencies.

   C. Each local government is to make its own determination whether this Participating Addendum and the Minnesota NASPO ValuePoint Master Agreement are consistent with its procurement policies and regulations.

2. TERM

   A. The term of this Participating Addendum shall begin February 1, 2024, or upon signature approval by the State whichever occurs later, and will end June 30, 2025, or upon termination by the State, whichever occurs first.

   B. Lead state amendments to extend the NASPO ValuePoint Master Agreement term date are not automatically incorporated into this Participating Addendum. Extension(s) to the term of this Participating Addendum will be through a written amendment upon mutual agreement between the State and the Contractor.

   C. Order placement and execution shall be on or before the expiration of this Participating Addendum. However, delivery of products or completion of services may be up to 120 days after the Participating Addendum expiration date.

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

3. TERMS AND CONDITIONS/INCORPORATION OF DOCUMENTS

   A. Terms and conditions listed below are hereby incorporated by reference and made a part of this Participating Addendum as if attached herein and shall apply to the purchase of goods or services made under this Participating Addendum.

      1) General Provisions – Information Technology (GSPD-401IT) effective 6/21/2022

   B. Terms can be viewed on the DGS Procurement Division website (https://www.dgs.ca.gov/PD/Resources/Page-Content/Procurement-Division-Resources-List-Folder/Required-Language-for-Solicitations-and-Contracts).

4. ORDER OF PRECEDENCE

   A. In the event of any inconsistency between the articles, attachments, or provisions which constitute this agreement, the following descending order of precedence shall apply:

      1) California Participating Addendum Number 7-23-70-55-01
      2) Minnesota NASPO ValuePoint Master Agreement Number 23026

5. AVAILABLE PRODUCTS AND SERVICES

   A. The following product and service offerings from the Minnesota NASPO ValuePoint Master Agreement Number 23026 are allowed under this Participating Addendum:

      1) Band 1, Personal Computing Devices – Windows Operating Systems: Desktops, Laptops, Tablets
      2) Band 2, Personal Computing Devices – Non-Windows Operating Systems: Desktops, Laptops, Tablets
      3) Band 3, Servers and Storage

6. RESTRICTIONS/DISALLOWED PRODUCTS AND SERVICES

   A. Configuration limits: The dollar limits identified below are based on a SINGLE computer/system configuration. This is NOT a restriction on the purchase of multiple configurations (e.g., an entity could purchase 10 laptops at $15,000 each, for a total purchase price of $150,000).

ITEM	CONFIGURATION
Band 1	$15,000
Band 2	$15,000
Band 3	$1,000,000
Peripherals	$10,000
Services	Addressed in the customer specific Purchase Orders

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

B. Services must be related to the procurement of equipment.

C. The following restrictions apply to state agency purchases under this Participating Addendum:

1) Product and service categories that are available on mandatory California statewide contracts cannot be purchased from this Participating Addendum by state agencies without an exemption. State agencies are responsible for obtaining a mandatory statewide contract exemption from DGS prior to issuing a purchase order.

2) Service-only purchases are disallowed. (Exception: Equipment maintenance service purchases are allowed).

3) Services that fall within the definition of "public works" as defined in Public Contract Code section 1101 and Labor Code section 1720 are disallowed under this Participating Addendum and must be procured by alternate means. This restriction is not applicable to local governments.

4) Leasing/rental is not allowed.

5) Professional services are not allowed.

6) Cloud services are not allowed.

7. PRICING

A. Contractor's pricing is outlined in the Minnesota NASPO ValuePoint Master Agreement Number 23026.

B. Contractor shall notify the State Contract Administrator of any amendments and pricing adjustments approved and executed by the state of Minnesota.

8. AUTHORIZED RESELLERS

A. Contractor may use State-approved Authorized Resellers under this Participating Addendum for sales and service functions as defined herein.

1) Authorized Resellers must accept purchase orders and accept payment from ordering agencies for products and services offered under this Participating Addendum.

2) Authorized Resellers are responsible for sending a copy of all purchase orders and invoices to the Contractor for compliance with quarterly usage reporting and administrative fee requirements.

3) All purchase documents to Authorized Resellers shall reference the Participating Addendum Number and Contractor Name.

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

B. Contractor shall be responsible for successful performance and compliance with all requirements in accordance with the terms and conditions under this Participating Addendum, even if work is performed by Authorized Resellers. All State policies, guidelines, and requirements shall apply to Authorized Resellers.

C. Contractor will be the sole point of contact with regard to Participating Addendum contractual matters, reporting, and administrative fee requirements.

D. Subject to the approval of the State, Authorized Resellers may be added on a quarterly basis during the term of the Participating Addendum. Contractors shall notify the State in writing of any deleted Authorized Resellers or changes to current Authorized Resellers' information at any time.

E. Contractor will be required to submit Authorized Reseller requests, in a format specified by the State, to the State Contract Administrator for approval.

F. State-approved Authorized Resellers will be posted on the State's Cal eProcure website.

9. SUBCONTRACTORS

A. Nothing contained in this Participating Addendum or otherwise, shall create any contractual relation between the State and any subcontractors, and no subcontract shall relieve Contractor of its responsibilities and obligations hereunder. Contractor agrees to be as fully responsible to the State for the acts and omissions of its subcontractors and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by the Contractor. Contractor's obligation to pay its subcontractors is an independent obligation from the State's obligation to make payments to the Contractor.

B. Contractor shall perform the work contemplated with resources available within its own organization and no portion of the work shall be subcontracted except for subcontractors listed on the Bidder Declaration (GSPD-05-105) provided to ordering agencies at the time an order is quoted.

C. As the prime Contractor, Contractor is responsible for reports and fees required by the terms and conditions of the NASPO ValuePoint Master Agreement and Participating Addendum.

D. Any subcontract in excess of $25,000, entered into as a result of this Participating Addendum, shall contain all the provisions stipulated in this Participating Addendum to be applicable to subcontractors.

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

10. ORDERING AGENCY RESPONSIBILITIES

A. State agency and local government use of this Participating Addendum is optional.

B. State agencies and local governments must follow the ordering procedures outlined within the User Instructions guide, administered by the State Contract Administrator, to execute orders against this Participating Addendum. User Instructions are posted on the State's Cal eProcure website.

C. All purchase orders executed under this Participating Addendum shall include the Participating Addendum Number 7-23-70-55-01.

11. STATE AGENCY BUY RECYCLED CAMPAIGN (SABRC)

A. State agencies are required to report purchases made within the eleven product categories in the California Department of Resources Recycling and Recovery's State Agency Buy Recycled Campaign (SABRC) per Public Contract Code sections 12200-12217.

B. Contractor will be required to complete and return a Postconsumer Recycled-Content Certification form (https://calrecycle.ca.gov/buyrecycled/stateagency/vendored/form74guide/) upon request by the state agency.

12. DELIVERY

A. Delivery shall occur within 30 days after receipt of order, or as negotiated between ordering agency and Contractor and included in the purchase order, or as otherwise stipulated in the NASPO ValuePoint Master Agreement.

B. Free On Board (F.O.B.) Destination, freight prepaid by the Contractor, to the ordering agency's receiving point.

13. INVOICING AND PAYMENT

A. Payment will be made in accordance with IT General Provisions Paragraph 30 (Required Payment Date).

B. Invoices shall be sent to the address identified in the ordering agency's purchase order. The Participating Addendum Number and ordering agency purchase order number shall appear on each invoice for all purchases placed under this Participating Addendum.

C. Contractor does not accept the State of California credit card (CAL-Card) for payment of invoices.

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

14. USAGE REPORTING

A. Contractor shall submit usage reports on a quarterly basis to the State Contract Administrator for all California entity purchases using the report template attached hereto as Attachment A. The report is due even when there is no activity.

B. The State Contract Administrator reserves the right to modify Attachment A and require Contractor to provide additional order information during the course of this Participating Addendum.

C. The report shall be an Excel spreadsheet transmitted electronically to the DGS Cooperatives mailbox (PDCooperatives@dgs.ca.gov).

D. Any report that does not follow the required format or that excludes information will be deemed incomplete. Contractor will be responsible for submitting corrected reports within five (5) business days of the date of written notification from the State.

E. Tax must not be included in the report, even if it is on the purchase order.

F. Reports are due for each quarter as follows:

Reporting Period	Due Date
January 1 to March 31	April 30
April 1 to June 30	July 31
July 1 to September 30	October 31
October 1 to December 31	January 31

G. Failure to meet reporting requirements and submit the reports on a timely basis shall constitute grounds for suspension of this Participating Addendum.

H. Time extensions may be approved only if all due reports have been submitted to the State.

15. ADMINISTRATIVE FEE

A. Contractor is required to remit to DGS an administrative fee amount equal to 1.25% of the sales for the quarterly reporting period less freight, taxes, returned products and credits. (For example, if the net sales for the reporting quarter totals $100,000.00, the incentive fee due to DGS would be $1,250.00.)

B. The administrative fee shall not be included as an adjustment to Contractor's NASPO ValuePoint Master Agreement pricing.

C. The administrative fee shall not be invoiced or charged to the ordering agency.

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

D. Payment of the administrative fee is due irrespective of payment status from ordering agencies.

E. Payment may be made in the form of an electronic payment using the LPA Payment Portal website (https://www.dgs.ca.gov/PD/Services/Page-Content/Procurement-Division-Services-List-Folder/Access-LPA-Payment-Portal) or by submitting a check payable to the State of California, Department of General Services.

F. Administrative fee payments made by check must include the Participating Addendum Number on the check and be submitted to the following address:

Department of General Services
Procurement Division
Attn: MAPS Payment Processing
707 Third Street, 2nd Floor
West Sacramento, CA 95605

G. Administrative fee payments are due for each quarter as follows:

Reporting Period	Due Date
January 1 to March 31	April 30
April 1 to June 30	July 31
July 1 to September 30	October 31
October 1 to December 31	January 31

H. Failure to meet administrative fee requirements and submit fees on a timely basis shall constitute grounds for suspension of this Participating Addendum.

16. CONTRACT MANAGEMENT

A. The primary Contractor Contract Manager for this Participating Addendum shall be as follows:

Contractor	Contract Manager
Name:	Ashley Salinas
Phone:	(512) 542-1237
Fax:	n/a
Email	A.Salinas@dell.com
Address:	Dell Marketing L.P. Attn: Ashley Salinas One Dell Way Round Rock, TX 78682

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

B. The State Contract Administrator for this Participating Addendum shall be as follows:

State	Contract Administrator
Name:	Katelynne Leisenring
Phone:	(279) 946-8129
Email	katelynne.leisenring@dgs.ca.gov
Address:	State of California Department of General Services Procurement Division 707 Third Street, 2nd Floor, MS 2-202 West Sacramento, CA 95605

C. Should the contact information for either party change, the party will provide written notice with updated information no later than ten (10) business days after the change.

17. TERMINATION OF AGREEMENT

The State may terminate this Participating Addendum at any time upon 30 days prior written notice to the Contractor. Upon termination or other expiration of this Participating Addendum, each party will assist the other party in orderly termination of the Participating Addendum and the transfer of all assets, tangible, and intangible, as may facilitate the orderly, non-disrupted business continuation of each party. This provision shall not relieve the Contractor of the obligation to perform under any purchase order or other similar ordering document executed prior to the termination becoming effective.

18. AMENDMENT

No amendment or variation of the terms of this Participating Addendum shall be valid unless made in writing, signed by the parties, and approved as required. No oral understanding or agreement not incorporated in the Participating Addendum is binding on any of the parties.

19. NEWS RELEASES

Unless otherwise exempted, news releases, endorsements, advertising, and social media content pertaining to this Participating Addendum shall not be made without prior written approval from the State.

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

20. EXECUTIVE ORDER N-6-22 – RUSSIA SANCTIONS

On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (the EO) regarding Economic Sanctions against Russia and Russian entities and individuals. "Economic Sanctions" refers to sanctions imposed by the U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under state law. The EO directs state agencies to terminate contracts with, and to refrain from entering any new contracts with, individuals or entities that are determined to be a target of Economic Sanctions. Accordingly, should the State determine Contractor is a target of Economic Sanctions or is conducting prohibited transactions with sanctioned individuals or entities, that shall be grounds for termination of this Participating Addendum. The State shall provide Contractor advance written notice of such termination, allowing Contractor at least thirty (30) calendar days to provide a written response. Termination shall be at the sole discretion of the State.

21. AGREEMENT

A. This Participating Addendum and the Master Agreement together with its exhibits and/or amendments, set forth the entire agreement between the parties with respect to the subject matter of all previous communications, representations, or agreements, whether oral or written, with respect to the subject matter hereof. Terms and conditions inconsistent with, contrary or in addition to the terms and conditions of this Participating Addendum and the Master Agreement, together with its exhibits and/or amendments, shall not be added to or incorporated into this Participating Addendum or the Master Agreement and its exhibits and/or amendments, by any subsequent purchase order or otherwise, and any such attempts to add or incorporate such terms and conditions are hereby rejected. The terms and conditions of this Participating Addendum and the Master Agreement and its exhibits and/or amendments shall prevail and govern in the case of any such inconsistent or additional terms.

B. By signing this Participating Addendum, Contractor agrees to offer the same products/services available on the Minnesota NASPO ValuePoint Master Agreement Number 23026, at prices equal to or lower than the prices on that agreement.

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

IN WITNESS WHEREOF, the parties have executed this Participating Addendum as of the date of execution by both parties below.

City's Insurance and Indemnity

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

Exhibit C

Insurance and Indemnity

INDEMNIFICATION

To the furthest extent allowed by law, VENDOR shall indemnify, hold harmless and defend CITY and each of its officers, officials, employees, agents and volunteers from any and all loss, liability, fines, penalties, forfeitures, costs and damages (whether in contract, tort or strict liability, including but not limited to personal injury, death at any time and property damage) incurred by CITY, VENDOR or any other person, and from any and all claims, demands and actions in law or equity (including reasonable attorney's fees, litigation expenses and cost to enforce this agreement), arising or alleged to have arisen directly or indirectly out of performance of this Contract. VENDOR'S obligations under the preceding sentence shall apply regardless of whether CITY or any of its officers, officials, employees, agents or volunteers are passively negligent, but shall not apply to any loss, liability, fines, penalties, forfeitures, costs or damages caused by the active or sole negligence, or the willful misconduct, of CITY or any of its officers, officials, employees, agents or volunteers.

If VENDOR should subcontract all or any portion of the work to be performed under this Contract, VENDOR shall require each subcontractor to indemnify, hold harmless and defend CITY and each of its officers, officials, employees, agents and volunteers in accordance with the terms of the preceding paragraph.

This section shall survive termination or expiration of this Contract.

INSURANCE REQUIREMENTS

(a) Throughout the life of this Agreement, VENDOR shall pay for and maintain in full force and effect all insurance as required herein with an insurance company(ies) either (i) admitted by the California Insurance Commissioner to do business in the State of California and rated no less than “A-VII” in the Best’s Insurance Rating Guide, or (ii) as may be authorized in writing by CITY'S Risk Manager or his/her designee at any time and in his/her sole discretion. The required policies of insurance as stated herein shall maintain limits of liability of not less than those amounts stated therein. However, the insurance limits available to CITY, its officers, officials, employees, agents and volunteers as additional insureds, shall be the greater of the minimum limits specified therein or the full limit of any insurance proceeds to the named insured.

(b) If at any time during the life of the Agreement or any extension, VENDOR or any of its subcontractors fail to maintain any required insurance in full force and effect, all services and work under this Agreement shall be discontinued immediately, and all payments due or that become due to VENDOR shall be withheld until notice is received by CITY that the required insurance has been restored to full force and effect and that the premiums therefore have been paid for a period satisfactory to CITY. Any failure to maintain the required insurance shall be sufficient cause for CITY to terminate this

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

Agreement. No action taken by CITY pursuant to this section shall in any way relieve VENDOR of its responsibilities under this Agreement. The phrase “fail to maintain any required insurance” shall include, without limitation, notification received by CITY that an insurer has commenced proceedings, or has had proceedings commenced against it, indicating that the insurer is insolvent.

(c) The fact that insurance is obtained by VENDOR shall not be deemed to release or diminish the liability of VENDOR, including, without limitation, liability under the indemnity provisions of this Agreement. The duty to indemnify CITY shall apply to all claims and liability regardless of whether any insurance policies are applicable. The policy limits do not act as a limitation upon the amount of indemnification to be provided by VENDOR. Approval or purchase of any insurance contracts or policies shall in no way relieve from liability nor limit the liability of VENDOR, vendors, suppliers, invitees, contractors, sub-contractors, subcontractors, or anyone employed directly or indirectly by any of them.

Coverage shall be at least as broad as:

1. The most current version of Insurance Services Office (ISO) Commercial General Liability Coverage Form CG 00 01, providing liability coverage arising out of your business operations. The Commercial General Liability policy shall be written on an occurrence form and shall provide coverage for “bodily injury,” “property damage” and “personal and advertising injury” with coverage for premises and operations (including the use of owned and non-owned equipment), products and completed operations, and contractual liability (including, without limitation, indemnity obligations under the Agreement) with limits of liability not less than those set forth under “Minimum Limits of Insurance.”

2. The most current version of ISO *Commercial Auto Coverage Form CA 00 01, providing liability coverage arising out of the ownership, maintenance or use of automobiles in the course of your business operations. The Automobile Policy shall be written on an occurrence form and shall provide coverage for all owned, hired, and non-owned automobiles or other licensed vehicles (Code 1- Any Auto).

3. Workers’ Compensation insurance as required by the State of California and Employer’s Liability Insurance.

4. Technology Liability (Errors and Omissions) insurance appropriate to VENDOR’S profession. Coverage shall be sufficiently broad to respond to duties and obligations as is undertaken by VENDOR in this agreement and shall include but not be limited to, claims involving infringement of intellectual property, including but not limited to infringement of copyright, trademark, trade dress, invasion of privacy violations, information theft, damage to or destruction of electronic information, release of private

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

information, alteration of electronic information, extortion and network security. The policy shall provide coverage for breach response costs as well as regulatory fines penalties and credit monitoring expenses with limits sufficient to respond to these obligations.

5. Cyber Liability (Privacy and Data breach) insurance appropriate to VENDOR'S profession.

MINIMUM LIMITS OF INSURANCE

VENDOR shall procure and maintain for the duration of the contract, and for 5 years thereafter, insurance with limits of liability not less than those set forth below. However, insurance limits available to CITY, its officers, officials, employees, agents and volunteers as additional insureds, shall be the greater of the minimum limits specified herein or the full limit of any insurance proceeds available to the named insured:

1. COMMERCIAL GENERAL LIABILITY

(i) $1,000,000 per occurrence for bodily injury and property damage;

(ii) $1,000,000 per occurrence for personal and advertising injury;

(iii) $2,000,000 aggregate for products and completed operations; and,

(iv) $2,000,000 general aggregate applying separately to the work performed under the Agreement.

2. COMMERCIAL AUTOMOBILE LIABILITY

$1,000,000 per accident for bodily injury and property damage.

3. Workers' Compensation Insurance as required by the State of California with statutory limits and EMPLOYER'S LIABILITY with limits of liability not less than:

(i) $1,000,000 each accident for bodily injury;

(ii) $1,000,000 disease each employee; and,

(iii) $1,000,000 disease policy limit.

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

4. TECHNOLOGY PROFESSIONAL LIABILITY :

(i) $1,000,000 per claim/occurrence; and,

(ii) $2,000,000 policy aggregate.

5. CYBER LIABILITY insurance with limits of not less than:

(i) $1,000,000 per claim/occurrence; and,

(ii) $2,000,000 policy aggregate

UMBRELLA OR EXCESS INSURANCE

In the event VENDOR purchases an Umbrella or Excess insurance policy(ies) to meet the “Minimum Limits of Insurance,” this insurance policy(ies) shall “follow form” and afford no less coverage than the primary insurance policy(ies). In addition, such Umbrella or Excess insurance policy(ies) shall also apply on a primary and non-contributory basis for the benefit of the CITY, its officers, officials, employees, agents and volunteers.

DEDUCTIBLES AND SELF-INSURED RETENTIONS

VENDOR shall be responsible for payment of any deductibles contained in any insurance policy(ies) required herein and VENDOR shall also be responsible for payment of any self-insured retentions.

OTHER INSURANCE PROVISIONS/ENDORSEMENTS

(i) All policies of insurance required herein shall be endorsed to provide that the coverage shall not be cancelled, non-renewed, reduced in coverage or in limits except after thirty (30) calendar days written notice has been given to CITY, except ten (10) days for nonpayment of premium. VENDOR is also responsible for providing written notice to the CITY under the same terms and conditions. Upon issuance by the insurer, broker, or agent of a notice of cancellation, non-renewal, or reduction in coverage or in limits, VENDOR shall furnish CITY with a new certificate and applicable endorsements for such policy(ies). In the event any policy is due to expire during the work to be performed for CITY, VENDOR shall provide a new certificate, and applicable endorsements, evidencing renewal of such policy not less than fifteen (15) calendar days prior to the expiration date of the expiring policy.

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

(ii) The Commercial General and Automobile Liability insurance policies shall be written on an occurrence form.

(iii) The Commercial General and Automobile Liability insurance policies shall be endorsed to name City, its officers, officials, agents, employees and volunteers as an additional insured all ongoing and completed operations. Additional Insured endorsements under the General Liability policy must be as broad as that contained in ISO Forms: GC 20 10 11 85 or both CG 20 10 & CG 20 37.

(iv) The Commercial General and Automobile Liability insurance shall contain, or be endorsed to contain, that VENDOR'S insurance shall be primary to and require no contribution from the City. Primary and Non Contributory language under the General Liability policy must be as broad as that contained in ISO Form CG 20 01 04 13. These coverages shall contain no special limitations on the scope of protection afforded to City, its officers, officials, employees, agents and volunteers.

(v) Should any of these policies provide that the defense costs are paid within the Limits of Liability, thereby reducing the available limits by defense costs, then the requirement for the Limits of Liability of these polices will be twice the above stated limits.

(vi) All insurance policies required herein shall contain, or be endorsed to contain, a waiver of subrogation as to CITY, its officers, officials, agents, employees and volunteers.

The Cyber and Technology Professional Liability insurance shall cover claims involving privacy violations, information theft, damage to or destruction of electronic information, intentional and/or unintentional release of private information (including credit monitoring costs), alteration of electronic information, extortion and network security. Such coverage is required for claims involving any professional services for which VENDOR is engaged with the City for such length of time as necessary to cover any and all claims

If the Technology Professional and Cyber Liability insurance policies) are written on a claims-made form:

1. The retroactive date must be shown, and must be before the effective date of the Agreement or the commencement of work by VENDOR.

2. Insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the Agreement work or termination of the Agreement, whichever occurs first, or, in the alternative, the policy shall be endorsed to provide not less than a five (5) year discovery period.

3. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a retroactive date prior to the effective date of the Agreement or

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

the commencement of work by VENDOR, VENDOR must purchase “extended reporting” coverage for a minimum of five (5) years completion of the Agreement work or termination of the Agreement, whichever occurs first.

4. A copy of the claims reporting requirements must be submitted to CITY for review.

5. These requirements shall survive expiration or termination of the Agreement.

Should any of these policies provide that the defense costs are paid within the Limits of Liability, thereby reducing the available limits by defense costs, then the requirement for the Limits of Liability of these polices will be twice the above stated limits.

PROVIDING OF DOCUMENTS

VENDOR shall furnish CITY with all certificate(s) and applicable endorsements effecting coverage required herein. All certificates and applicable endorsements are to be received and approved by the CITY’S Risk Manager or his/her designee prior to CITY’S execution of the Agreement and before work commences. All non-ISO endorsements amending policy coverage shall be executed by a licensed and authorized agent or broker. Upon request of CITY, VENDOR shall immediately furnish CITY with a complete copy of any insurance policy required under this Agreement, including all endorsements, with said copy certified by the underwriter to be a true and correct copy of the original policy. This requirement shall survive expiration or termination of this Agreement. All subcontractors working under the direction of VENDOR shall also be required to provide all documents noted herein.

SUBCONTRACTORS

If VENDOR subcontracts any or all of the services to be performed under this Agreement, VENDOR shall require, at the discretion of the CITY Risk Manager or designee, subcontractor(s) to enter into a separate Side Agreement with the City to provide required indemnification and insurance protection. Any required Side Agreement(s) and associated insurance documents for the subcontractor must be reviewed and preapproved by CITY Risk Manager or designee. If no Side Agreement is required, VENDOR will be solely responsible for ensuring that it’s subcontractors maintain insurance coverage at levels no less than those required by applicable law and is customary in the relevant industry.

Acceptance and Incorporation by Reference

Acceptance of this Order Form is binding and the above item(s) will be purchased in reliance thereon. All sales are final. After orders are placed, a final invoice will be provided that shall include all applicable taxes and shipping charges not included herein.

The hardware purchases under this Order Form shall be governed by the (State) NASPO Participating Addendum under the Master Agreement No. (Contract # C000001148050) ValuePoint Cooperative Purchasing Program (the "Agreement"). The implementation services shall be governed by the Cooperative Purchasing Agreement attached to this document as Exhibit A.

This Order Form is effective as of the date both parties have signed below (the “Effective Date”). Both Provider and Client are sometimes referred to individually as a “Party”, or together as the “Parties”. Any capitalized terms in this Order Form not directly defined are referred to in the Agreement. There will be no Deliverables in this Order Form as defined in the Agreement. If there is a conflict between this Order Form and the Agreement, the Agreement will control.

The parties hereby agree that electronic signatures to this Order Form shall be relied upon and will bind them to the obligations stated herein. Each party hereby warrants and represents that it has the express authority to execute this Agreement(s).

The parties, acting through their authorized officers, hereby execute this Agreement.

Total:	**$51,850.86**

Acceptance and Incorporation by Reference

Acceptance of this Order Form is binding and the above item(s) will be purchased in reliance thereon. All sales are final. After orders are placed, a final invoice will be provided that shall include all applicable taxes and shipping charges not included herein.

The hardware purchases under this Order Form shall be governed by the (State) NASPO Participating Addendum under the Master Agreement No. (Contract #C000001148050) ValuePoint Cooperative Purchasing Program (the "Agreement"). The implementation services shall be governed by the Cooperative Purchasing Agreement attached to this document as Exhibit A.

This Order Form is effective as of the date both parties have signed below (the “Effective Date”). Both Provider and Client are sometimes referred to individually as a “Party”, or together as the “Parties”. Any capitalized terms in this Order Form not directly defined are referred to in the Agreement. There will be no Deliverables in this Order Form as defined in the Agreement. If there is a conflict between this Order Form and the Agreement, the Agreement will control.

The parties hereby agree that electronic signatures to this Order Form shall be relied upon and will bind them to the obligations stated herein. Each party hereby warrants and represents that it has the express authority to execute this Agreement(s).

The parties, acting through their authorized officers, hereby execute this Agreement.

EXHIBIT Q-32299

A. Description of Services

The Drala Project, Inc. doing business as The [RE]DESIGN Group ("[RE]DESIGN") shall provide **Fresno, City of (CA)** with the following services:

Product Name	Product Description	QTY
[RE]DESIGN_IT Professional Services	**Project Overview:** This project involves the migration of 87 virtual machines totaling approximately 16.5 TBs of data to new storage infrastructure. The scope includes the conversion and migration of 4 VMs currently utilizing Raw Device Mappings (RDMs). VMware Converter will be used to convert the RDMs to VMDK format, followed by Storage vMotion to move the resulting virtual disks to the new Dell Unity storage array. This approach avoids the complexities and risks of converting to SMB/NAS-based storage. **Scope of Work:** Standard VM Migration: • Migrate 83 VMs (non-RDM) from legacy datastore to Unity storage • Use Storage vMotion to ensure zero-downtime migration for supported VMs • Validate OS and application functionality post-migration RDM VM Migration: • Identify and prepare 4 VMs using RDMs for conversion • Use VMware Converter to convert RDMs to VMDK format • Validate VM integrity and functionality after conversion • Perform Storage vMotion of VMDK-based VMs to Unity storage Post-Migration Validation: • Confirm network connectivity and storage performance • Validate backup jobs or replication (if applicable)	1.00

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

- Verify licensing, agents, and monitoring are functioning
- Deliver post-migration report and summary

Assumptions and Dependencies:

- Client will provide all required access, credentials, and documentation
- VMware vSphere environment supports Storage vMotion
- All destination Unity storage is pre-configured and reachable
- No guest OS or application-level changes are required
- Maintenance window will be scheduled with the client for conversion and cutover

Exclusions:

- Guest OS, database, or application tuning
- Reconfiguration of networking beyond storage access
- Ongoing management of VMs or storage infrastructure post-migration
- Backup software reconfiguration or post-migration policy changes

Roles and Responsibilities:

Redesign:

- Execute migration and conversion steps as defined
- Provide real-time status updates and schedule coordination
- Deliver validation report and support client during post-migration testing

Client:

- Provide access and availability for validation and sign-off
- Schedule downtime (if required) for RDM conversion
- Validate application and data integrity post-migration

Change Management:

All changes to this scope must be requested and approved in writing by both Redesign and the Client. Requests must include a detailed description of the change, its impact on scope and schedule, and the requestor's contact information.

B. Payment Terms

Client shall pay a one-time fee of **USD 12,500.00** for the services detailed above

Payment shall be made to [RE]DESIGN and is due on net 30 terms upon signing this agreement.

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

C. SOW Term

Client will have the following allotment of time to schedule and complete the services:

- START DATE : **07-28-2025**
- END DATE : **07-28-2026**

D. Acceptance and Incorporation by Reference

Acceptance and Incorporation by Reference

Acceptance of this Order Form is binding and the above item(s) will be purchased in reliance thereon. All sales are final. After orders are placed, a final invoice will be provided that shall include all applicable taxes and shipping charges not included herein.

The professional services shall be governed by the Cooperative Purchasing Agreement attached to this document as Exhibit A.

This Order Form is effective as of the date both parties have signed below (the “Effective Date”). Both Provider and Client are sometimes referred to individually as a “Party”, or together as the “Parties”. Any capitalized terms in this Order Form not directly defined are referred to in the Agreement. There will be no Deliverables in this Order Form as defined in the Agreement. If there is a conflict between this Order Form and the Agreement, the Agreement will control.

The parties hereby agree that electronic signatures to this Order Form shall be relied upon and will bind them to the obligations stated herein. Each party hereby warrants and represents that it has the express authority to execute this Agreement(s).

The parties, acting through their authorized officers, hereby execute this Agreement.

Exhibit A: Master Services Agreement

This Master Services Agreement (the "MSA") is between Provider and the Client found on the applicable quotation, statement of work, proposal or order, (the "Order") and, together with the Order, the terms and conditions, and relevant Service Attachments forms the Agreement between the parties (the "Terms"). Client accepts these Terms by signing an Order, using the services, or continuing to use the services after being notified of a change to these Terms.

The parties agree as follows:

STATEMENT OF SERVICES

Service Attachments
The services to be delivered by Provider (the "Services") and the fees for those Services, and the specific terms applicable to those Services are described in the Order or in one or more Service Attachments referencing this Agreement.

Except for Supplemental Services or Project Services (described below), and unless otherwise agreed in writing, the services Provider will deliver to Client are limited to those Services specifically identified in the Order and described in the Service Attachments or Schedule of Services. Provider may decline to perform any services requested by Client that are in violation of any applicable law or that are not typically associated with the Services provided by Provider.

Supplemental Services
"Supplemental Services" include additional services and equipment Client may need on a "one-off" or emergency basis that are not included within the scope of the Services described in an Order or the applicable Service Attachments. You will incur additional Service Fees for Supplemental Services. We will notify Client of any such additional Service Fees and will obtain Client's approval prior to providing them. However, Provider has no obligation to determine the need for or to provide any Supplemental Services. All Supplemental Services are provided on an "as-is" basis and include no warranties of any kind, whether express or implied. In addition, if Provider determines that any additional services Client requests would be inappropriate for treatment as Supplemental Services under this paragraph, Provider may deliver to Client a proposed Service Attachment for Project Services or a Proposal prior to providing Supplemental Services.

Project Services
In some cases, Client may ask Provider to deliver services outside the scope of any Order or

© Scott & Scott, LLP

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

Service Attachment and inappropriate for treatment as Supplemental Services. Examples of such services include major system upgrades, new computer, machine or device setup, network changes, datacenter moves or setups, cybersecurity remediations, incident response or installations. In those cases, Provider will prepare a separate Service Attachment for Project Services describing the proposed scope of those services and Provider's fee to deliver them. Installation dates are estimates only. Client shall be responsible for preparation and maintenance of the site for such Project Services or installations, including, but not limited to, providing necessary electrical power and communication lines and proper air conditioning and humidity control.

FEES FOR SERVICES | PAYMENT TERMS

Service Fees
Fees for Services are set forth in Order or Statement of Work. Unless otherwise indicated in writing, all Services will be performed on a time-and-materials basis at Provider's then-current rates.

Adjustments to Service Fees
Except as may be specified in an Order, Provider may adjust the Service Fees charged under this Agreement as follows:

- End-User, devices or Network Growth. During the term of an Order, if the number of users or devices in Client's environment or the Service or Equipment types or quantities to be covered within the scope of the Order exceeds the numbers, types or quantities previously ordered, Provider may apply a pro rata adjustment to the total Service Fees. You shall pay all Service Fees owed as they become due following any such adjustment.

  Similarly, during the term of an Order, if the number of users or devices in Client's environment or the Service or Equipment types or quantities to be covered within the scope of the Order is less than the numbers, types or quantities previously ordered, upon request, Provider will apply a pro rata adjustment to the total Service Fees. You shall pay all Service Fees owed as they become due following any such adjustment. However, under no circumstances may any such adjustments result in a number of users or devices in Client's environment or in any Service or Equipment types or quantities to be covered within the scope of the Order that is less than the numbers, types or quantities ordered at the time Client signed that Order.

  "User" means Client's employees, consultants, contractors or agents who are authorized to use the Service and have been supplied user identifications and passwords by Client (or by Provider upon Client's request). Users do not include any clients of Client or other third parties otherwise not noted here.

  "Device" means any equipment included in the Services, whether owned by Client or provided by Provider for Client's use, including, but not limited to computers, printers, servers, routers, and mobile or handheld microcomputers as well as the software necessary to operate such equipment.

- Surcharges. At any time after the parties sign an Order, Provider may adjust its rates and charges or impose additional rates and charges to recover amounts required or permitted by governmental or quasi-governmental authorities to collect from others or pay to others in support of statutory or regulatory funds or programs. You shall pay all Service Fees owed as

© Scott & Scott, LLP

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

they become due following any such adjustment.

- Service Fee Rate Increases. At any time after the parties sign an Order, Provider may elect to raise the fees that it charges under that Order. If the increase is greater than 10% annually, Provider shall give Client no less than thirty (30) days' notice of any such increase in fees to be charged. Following Client's receipt of such notice, Client may terminate the Order without incurring any additional charges or penalties, if any, that Client ordinarily would incur for such termination.

- Third-Party Services. Client understands and agrees that Provider uses third-party solutions and service providers to perform some or all of the managed services and/or professional services offered to Client ("Third-Party Service Providers"). Provider's current Third-Party Service providers and the governing terms and conditions related to those services are listed on the Schedule of Third-Party Services which may be updated by Provider without further notice to Client and is incorporated by reference as if fully set forth in this Agreement.

- Off-Boarding. Client's cancellation, termination, or transition of the Services to Client's control or to another service provider ("Off-Boarding") may trigger a billable project. Any Off-Boarding projects will be subject to a separate Order or Project Service Attachment or Statement of Work, which will be billed at Provider's then-prevailing rates.

- Client Delay. If Provider is unable to commence delivery of the Services on the service start date because of any failure on Client's part including but not limited to the failure to provide access to Client's resources in a timely manner, Client nonetheless will begin to incur Service Fees, which Client shall pay in accordance with the Order, the Service Attachment and the Master Services Agreement.

Pass-Through Expenses

Client shall pay Provider's reasonable out-of-pocket expenses, including incremental third-party service fees, travel expenses, lodging, meals, or other similar expenses, which may be incurred by Provider in performing Services. Any such "Pass-Through Expenses" will be billed at cost and invoiced monthly.

Payment Terms

Client shall pay the full amount reflected on any invoice as owed to Provider on the first (1st) day of each month. Without waiving any of its other remedies, Provider reserves the right to suspend services if payment is not received within thirty (30) days following Client's receipt of that invoice. Client shall pay a late charge of one- and one-half percent (1.5%) per month or the maximum lawful rate, whichever is less, for all invoiced amounts not paid within thirty (30) days following Client's receipt of that invoice (the "Payment Deadline").

If Client disputes in good faith all or any portion of the amount owed to us, or if Client otherwise requests any adjustment to an invoiced amount, Client must notify Provider in writing, prior to the Payment Deadline, of the nature and basis of the dispute and/or adjustment. If Provider is unable to resolve the dispute prior to the Payment Deadline, Client nevertheless shall pay the entire invoiced amount by the Payment Deadline. If Provider ultimately determines that such

© Scott & Scott, LLP

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

amount should not have been paid, Provider shall apply a credit equal to such amount against any Service Fees owed for the following month.

Special rates may apply for services requested outside of normal business hours or on holidays. Special rates are one-and-one-half (1.5) times normal hourly rates, with a one-hour minimum. Holiday hour rates are two (2) times normal hourly rates, with a one-hour minimum.

Client shall pay Provider's invoices in full and in the same currency as Provider's invoice within the time noted on Provider's invoice. Standard terms are Net30. Any invoice amounts not timely paid will be subject to a daily interest charge, at the prorated amount of 1.5% per month, or at the highest interest rate allowable under applicable law.

If Client advises Provider of a material error, (a) any amounts corrected by Provider shall be paid by Client within 14 days of correction, and (b) all other amounts shall be paid by Client by the due date. If Client withholds payment because Client believes an invoiced amount is incorrect, and Provider concludes the amount is accurate, Client must pay interest of 1.5% on the unpaid disputed amount from the due date until Provider's receipt of payment. Client may offset, defer or deduct any invoiced amounts that Provider determines are incorrect following the notification of the process stated above.

Invoicing
Provider shall invoice Client in the currency agreed in the Order. If Client is tax exempt, client must provide tax exemption letter to Provider. Otherwise, Provider is obligated by applicable law to collect and remit any taxes or fees from Client on final invoice for Order. It will be added as a separate line item in accordance with statutory requirements. Provider will invoice Client on Net30 terms from date of shipment of Order. All invoice terms will be deemed accurate unless Client advises Provider within 10 days following receipt.

Taxes
Client is responsible for all governmental taxes, levies, fees, value added tax (VAT), or similar taxes or fees resulting from Client's purchase. If Client qualifies for tax exemption, Client must provide Provider with a valid certificate of exemption or other appropriate proof of exemption. If Client is required to withhold taxes, then Client will within 60 days of remittance to the applicable tax authority provide Provider with satisfactory evidence (e.g., official withholding tax receipts) that Client has accounted to the relevant authority for the sum withheld or deducted. Otherwise, Provider will charge client for the amount that Client has deducted for the transaction.

Suspension of Service
If Client fails to pay all amounts owed under this Agreement when due, then upon at least ten (10) business days' prior written notice, and in addition to any other remedies available to Provider, Provider may suspend Services and withhold Confidential Information (defined below) under this Agreement until full payment is made. Following any suspension of service under this provision, and after Client makes full payment to Provider, Provider may restore the Services after validating that all components to be monitored and/or managed under any applicable Order or Service Attachment comply with Provider's level of security, updates, and best practices. Client shall pay a "Reactivation Fee" for such restoration equal to one month of the Service Fees. Provider's right to suspend Services under this section is in addition to Provider's right to terminate this Agreement.

Taxes

© Scott & Scott, LLP

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

Unless otherwise indicated on an invoice, all charges and fees owed under this Agreement are exclusive of any applicable sales, use, excise, or services taxes that may be assessed on the provision of the Services. In the event that any taxes are assessed on the provision of any of the Services, Client shall pay the taxes directly to the taxing authority or shall reimburse Provider for their payment.

TERM AND TERMINATION

Term
This Agreement commences on the Order Effective Date, and it will remain in effect until either party terminates it as permitted below.

Month-to-Month Services
If the Order specifies no Initial Term with respect to any or all Services, then Provider will deliver those Services on a month-to-month basis until one party provides written notice to the other party of its intent to terminate those Services, in which case Provider will cease delivering those Services at the end of the next calendar month following receipt of such written notice by the other party.

Termination
Either party may terminate this MSA for any reason or no reason upon at least thirty (30) days advance, written notice given to the other party. However, termination of this MSA will not, by itself, result in the termination of any Order or Service Attachments, and this MSA will remain in effect notwithstanding any notice of termination unless and until all Orders and/or Service Attachments are terminated or expire according to their terms.

INDEPENDENT CONTRACTOR
Unless otherwise agreed, Provider will perform all Services solely as an independent contractor and not as an employee, agent, or representative of Client.

INTELLECTUAL PROPERTY RIGHTS

Provider Works
Unless specifically identified in a separate Statement of Work, any writing or work of authorship, regardless of medium, created or developed by Provider or Client in the course of performance under this Agreement and related to existing works owned by Provider is a “Provider Work,” is not to be deemed a “work made for hire,” and is and will remain the sole, exclusive property of Provider. To the extent any Provider Work for any reason is determined not to be owned by Provider, Client hereby irrevocably assigns and conveys to Provider all of its copyright in such Provider Work. Client further hereby irrevocably assigns to Provider all of its patent, copyright, trade secret, know-how, and other proprietary and associated rights in any Provider Work.

License to Provider Works
If any Provider Work is located on hardware or equipment owned by Client, Provider hereby grants Client a perpetual, non-exclusive, revocable, royalty-free license to use any Provider Work during the term of this Agreement (“Limited License”). The Limited License will be immediately and automatically revoked without the need for notice in the event that either party terminates the Services or this Agreement.

License Restrictions

© Scott & Scott, LLP

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

You shall not:

- Modify, copy, or create derivative works based on the Services or on the Provider Technology; • Build a product or service using similar ideas, features, functions, or graphics of the Service, or
- Copy any ideas, features, functions, or graphics of the Service.

Additional license restrictions may be set forth in the Service Attachments.

Improvements to Services

Client hereby assigns to Provider any and all suggestions, ideas, enhancement requests, feedback, recommendations, or other information provided by Client or Client's users relating to any proposed improvements of or modifications to the Services.

NON-DISCLOSURE AND CONFIDENTIALITY

Confidential Information

During the course of performance under this Agreement, either party may be exposed to or may acquire the other's proprietary or confidential information. Each party shall hold all such "Confidential Information" in strict confidence and shall not disclose any such information to any third party.

Confidential Information includes but is not limited to: (a) with respect to Provider, Provider's unpublished prices for Services, audit and security reports, server/network configuration designs, firewall and other hardware configurations, passwords, all business plans, technical information or data, product ideas, methodologies, calculation algorithms and analytical routines, and other proprietary technology, (b) with respect to Client, content transmitted to or from, or stored by Client on, Provider' servers, and (c) with respect to both parties, other information that is conspicuously marked as "confidential" or if disclosed in non-tangible form, is verbally designated as "confidential" at the time of disclosure.

Non-Confidential Information

Notwithstanding the preceding provision, Confidential Information does not include:

- Information that at the time of disclosure is, without fault of the recipient, available to the public by publication or otherwise;
- Information that either party can show was in its possession at the time of disclosure and was not acquired, directly or indirectly, from the other;
- Information received from a third party with the right to transmit same without violation of any secrecy agreement with the other party; and
- Information that must be disclosed pursuant to court order or permitted by law.

Agreement Confidentiality

To the extent allowable, no copy of the Order, this MSA, any Service Attachment or Schedule of Services, discussions, negotiations, terms or conditions relating to the Order, the MSA, Service Attachment, or any other information relating to the Order, this MSA, or any Service Attachment may be disclosed to any third party, except by reason of legal, accounting or regulatory requirements, without the prior written consent of the parties hereto.

© Scott & Scott, LLP

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

PROVIDER-SUPPLIED EQUIPMENT

"Equipment" may include, but is not limited to, any computer, networking or telephony equipment, racking, or associated hardware, or other equipment (if any) that Provider installs on Client's premises or that Provider ships to Client's location to facilitate the delivery of Services. Equipment does not include any hardware or devices that Provider may sell to Client or that Provider procures on Client's behalf.

Provider is and will remain the sole owner of any Equipment, which is provided on a rental or temporary basis only. This agreement transfers to Client no Equipment ownership rights of any kind.

Provider retains sole discretion to determine the appropriate Equipment and associated software and/or technology, if any, to be used at Client's location, provided that Provider's determination does not materially impair the availability or delivery of services under this Agreement. Provider also retains sole discretion to determine the necessity of maintenance, repairs, and/or improvement of the Equipment.

Except as otherwise may be specified in an applicable Service Attachment, Provider makes no independent representations or warranties with respect to the Equipment. Any third-party warranties are Client's exclusive remedies with respect to such Equipment. In the event of an Equipment malfunction, Provider will take commercially reasonable steps to ensure that Client receives the benefit of any manufacturer warranties applicable to the Equipment in use at Client's location.

Client shall take reasonable care of the Equipment and shall not damage it, tamper with it, move or remove it, attempt to repair it, or attempt to install any software on it. Client is financially responsible, up to the full replacement value of all Equipment, for all damage to or loss of the Equipment used at Client's location, other than loss or damage caused by Provider. In addition, Client shall obtain and maintain insurance with a reputable insurer for the full replacement value of the Equipment. Such policy or policies of insurance must cover the Equipment against loss or damage (including, without limitation, accidental loss or damage) and must name Provider as an insured beneficiary with respect to the Equipment. Upon demand, Client must produce evidence that such insurance is being maintained and is valid.

Client is responsible for providing the necessary power, space, cooling, physical security, network connection, and any other appropriate environment to support the Equipment.

Client shall not remove any sign, label, or other marking on the Equipment identifying Provider as the owner of the Equipment. Client does not acquire and will not acquire any rights of ownership in the Equipment by virtue of this Agreement, and Client does not have and will not have, by operation of law or otherwise, any lien or other similar right over or in relation to the Equipment.

On termination of any Agreement pursuant to which Client obtained any Provider-owned Equipment, Client shall allow Provider and its employees and contractors reasonable access to

© Scott & Scott, LLP

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

its premises to remove the Equipment. Alternatively, upon Provider's request, Client shall return the Equipment to Provider via the carrier of Provider's choice, for which Provider will pay all applicable shipping charges. Upon termination, Client is responsible for removing all Client Data from the equipment. Upon pickup or return of equipment to Provider, Provider will not be responsible for lost Client Data.

PROVIDER-SUPPLIED SOFTWARE

"Software" means all and any software installed on the Equipment or provided by Provider for installation on Client's computer equipment to facilitate the delivery of the Services.

This Agreement does not transfer any right, title, or interest in the Software to Client. Client's use of the Software is subject to all applicable terms of any end-user license agreement pertaining to the Software, a copy of which will be made available to Client, upon request.

You shall not, and shall not permit any third party, to:

- distribute or allow others to distribute copies of the Software or any part thereof to any third party,
- tamper with, remove, reproduce, modify, or copy the Software or any part thereof,
- provide, rent, sell, lease, or otherwise transfer the Software or any copy or part thereof or use it for the benefit of a third party, or
- reverse assemble, reverse compile or reverse engineer the Software or any part thereof, or otherwise attempt to discover any Software source code or underlying proprietary information except as may be permitted by law.

CLIENT COVENANTS AND OBLIGATIONS

Assistance

Client shall provide in a timely and professional manner, and at no cost to Provider, assistance, cooperation, complete and accurate information and data, equipment, access to applicable computer and telecommunications facilities, networks, firewalls, servers, programs, files, documentation, passwords, a suitable work environment, and other resources requested by Provider to enable it to perform the Services (collectively, "Assistance"). Provider shall not be liable for any deficiency in performing the Services if such deficiency results from Client's failure to provide full Assistance as required hereunder. Assistance includes, but is not limited to, designating a project manager or contact person to interface with Provider during the course of Services.

Software Licensing

Unless specifically otherwise agreed to in an applicable Order, Client represents and warrants that Client has title to or has a license or the right to use or modify the Software and has a license or right to permit Provider to use, access, or modify any software that Client has requested Provider to use, access, or modify as part of the Services.

It is the Client's responsibility to independently ensure that **ALL** software in use by Client is properly licensed, and Client agrees to maintain records of applicable licenses. Provider will not promote the use of, or knowingly support software which is not properly licensed by Client. Assistance with software audits or licensing compliance matters are billable at Provider's then-prevailing hourly rates.

© Scott & Scott, LLP

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

Unsupported Software
Provider shall not be responsible or liable to Client for any consequences from the use of software no longer under manufacturer product support or no longer supported by the software publisher ("Unsupported Software").

Provider Access
Client shall supply Provider necessary access to its personnel, appropriate documentation and records, and facilities in order for Provider to timely perform the Services.

Broadband Internet access must be provided. Provider must be provided with remote access (via VPN or other secure reasonable remote access) to covered equipment. Appropriate cabling to all covered computers and devices must be provided. Appropriate air conditioning and ventilation for all covered computers and devices must be provided, in order to maintain temperature and air quality as specified by the applicable hardware manufacturers. Power surge protection must be provided for all covered computers and devices. Provider must be allowed convenient and timely access to the Equipment covered under this Agreement, adequate working space and facilities within a reasonable distance of the equipment, and access to and use of all information, internal resources, and facilities determined necessary to service the equipment. Client may be required to conduct preliminary diagnostic steps or provide additional information related to a support request, prior to a technician being dispatched to Client's facility. Client must agree to assign one employee to be liaison or contact person to Provider in order to make communications between both parties effective.

Remote Access
Client grants to Provider the explicit right to remotely access Client's network systems without the need to obtain expressed permission or consent each time remote access is established.

Third-Party Service Provider Fees
Unless expressly undertaken by Provider in writing**,** Client is responsible for any Third-Party Service Provider service fees, charges and to arrange for disconnection or termination and payment of charges related to the disconnection or termination of any related services with Client's current carrier(s) or service provider(s).

Client's Responsibilities for Cybersecurity and Data Protection
Unless specifically otherwise agreed to in an applicable Order, it is Client's sole responsibility to determine whatever actions deemed necessary to make Client's data and voice networks and circuits secure from unauthorized access. The Client shall cooperate fully with the Provider in all matters. Hardware firewall must be in place. Wireless data traffic in the environment must be securely encrypted. Provider is not responsible for the security of Client's network and circuits from third parties, or for any damages that may result from any unauthorized access to Client's network unless unauthorized access is the result of actions or inactions on the part of the provider that have resulted in credentials not being secured from unauthorized parties.

An anti-malware solution must be in place, and updated with valid update subscription. Provider is not responsible for any harm that may be caused by Client's access to third-party application programming interfaces or the execution or transmission of malicious code or similar occurrences, including without limitation, disabling devices, drop dead devices, time bombs, trap doors, Trojan horses, worms, viruses, and similar mechanisms. Any costs or fees to rebuild or

© Scott & Scott, LLP

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

service machines are provided and sold separately by Provider.

Although it is under no obligation to do so, from time to time, Provider may make recommendations regarding regulatory compliance, safety, and security related to Client's network and practices (e.g., multi-factored authentication). If Client fails to adopt or implement the recommended protocols, Client is responsible for any and all damages related to regulatory, security, privacy, or data protection, including but not limited to fines, data breach notification, malware or ransomware costs, restoration, forensic investigation, restoring backups, or any other costs or damages related to Client's refusal to implement the recommended protocols.

If Provider provides password management services to Client, Client shall be responsible and liable for any unauthorized use of passwords. **THEREFORE, CLIENT AGREES TO HOLD PROVIDER HARMLESS FROM ANY LOSS, INJURY, OR DAMAGE TO CLIENT OR ANY THEFT OF PASSWORDS CAUSED BY SUCH USE OF THE PASSWORD SERVICES BY CLIENT.**

Malicious Events and Third-Party Criminal Activity
Client has an affirmative obligation to protect Client's network environment, and to train its employees for spam, malware, phishing, virus protection, and prevention from criminal acts of third parties.

If a security system for Client's network is included within the Services to be provided by Provider, Provider agrees to use commercially reasonable efforts to protect Client's network from malicious attacks by computer viruses, computer worms, and/or computer hackers (collectively, "malicious activities"). However, Client understands that no security system can guarantee complete protection against malicious activities as such attacks often involve the intentional action by third parties to invade and injure computer systems unless it can be reasonably proven that any negative impacts on the client were the result of negligence on the part of the provider.

Theft of Service
Client shall notify Provider immediately, in writing, by electronic mail or by calling the Provider client support line, if Client becomes aware at any time that the Services are being stolen or used fraudulently. Failure to do so in a timely manner may result in the immediate termination of the Services and additional charges billed to Client. Client will be liable for all use of the Service using Equipment stolen from Client and any and all stolen Service or fraudulent use of the Services. Credits will not be issued for charges resulting from fraud that arises out of third parties hacking into any Equipment. This includes, but is not limited to, modem hijacking, wireless hijacking, or other fraud arising out of a failure of Client's internal/corporate procedures. Provider will not issue credit for invoiced charges for fraudulent use resulting from Client's

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

negligent or willful acts or those of an authorized user of Client's service.

Hardware Equipment
Client Equipment must be in working order and maintained under a manufacturer's warranty or maintenance contract. Provider is not responsible for client equipment that is not maintained under manufacturer's warranty or maintenance contract or that is otherwise out of order. All fees, warranties, and liabilities against Provider assumes equipment is under manufacturer's warranty or maintenance contract or is in working order.

Provider in its reasonable opinion and supported by manufacturer information, may designate certain equipment as obsolete or defective, and therefore exclude it from coverage under this Agreement.

Cloud and Hosted Infrastructure
Software and publicly-hosted infrastructure or cloud-hosted infrastructure must be in working order and maintained under a manufacturer's warranty or maintenance contract. Provider is not responsible for client or third-party infrastructure that is not maintained under manufacturer's warranty, properly licensed, or under a maintenance contract or that is otherwise out of order. All fees, warranties, and liabilities against Provider assumes equipment is under manufacturer's warranty or maintenance contract or is in working order.

Provider in its reasonable opinion and supported by manufacturer information, may designate certain infrastructure as obsolete or defective, and therefore exclude it from coverage under this Agreement.

Quoting and Ordering
Client may request a quote through Provider for any products from associated vendors. Quoted prices are effective until the expiration date of the Quote. Client may place an Order for the offerings quoted by (i) issuing a Client Purchase Order that references such Quote and, if applicable, contract code or (ii) executing Provider Quote in the form of signature and date. Orders may be returned if product arrives damaged, missing items, or is incorrect based on agreed upon Quote.

Product Delivery, Shipment, Transfer of Risk & Title & Acceptance
Unless otherwise agreed, Provider will arrange for shipment of the ordered products to the ship-to address indicated by Client. Delivery dates are indicative and will be provided as soon as available, updates provided to Client directly by Provider. Software may be provided by delivery of physical media or through electronic means to the email address provided by Client. Client shall notify Provider within 21 days of invoice date if Client believes any product included in the order is missing, wrong, or damaged and shall ensure that the intended installation site meets the specifications as per the product documentation.

<u>Transfer of Risk and Title</u>
Costs Risk of loss for equipment and physical media transfers to Client upon delivery. Title to sold Equipment passes to Client upon delivery. "Delivery" for equipment occurs when carrier

© Scott & Scott, LLP

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

completes delivery at Clients designated point of shipment. "Delivery" of software occurs either when Client is notified by Provider that software is available for download, or when carrier completes delivery at Clients designated point of shipment. Unless otherwise agreed, cost of transit insurance on behalf of Client shall be included in the total price on the stated Quote.

Acceptance
All products will be deemed to be accepted upon Delivery. Client may return products if damaged, missing items, incorrect per Quote agreed upon.

Physical Security
Client is responsible for the physical security of its on-premises hardware and software systems.

Independent Backup
Unless specifically otherwise agreed to in an applicable Order or Service Attachment, Client must maintain an independent backup of all files that are sent to either the cloud or a data backup service. A backup solution must be in place, with backup copies stored off-site. It is the Client's responsibility to verify that backups are made regularly, as well as the integrity of the backups. Provider shall not be held liable in the event of data loss, backup software failure, backup selection, backup hardware failure, backup media failure, or backup system failure even in the event that Provider was tasked to perform the backups. Client will be solely responsible for all lost data.

Hardware and Software Configurations
All Hardware and Software Configurations implemented by Provider shall belong to Provider, and shall constitute Provider's Confidential Information.

Provider's Responsibilities for Protecting Client Data
Confidentiality and Non-Disclosure: The Provider shall treat all client data received or accessed during the course of providing services as confidential and shall not disclose, sell, or transfer any such data to any unauthorized third party.

Data Security Measures: The Provider shall implement and maintain appropriate technical, physical, and organizational measures to ensure the security and integrity of client data. These measures shall be designed to protect against unauthorized access, accidental or unlawful destruction, loss, alteration, or disclosure of client data.

Access Controls: The Provider shall enforce strict access controls to limit access to client data only to authorized personnel who require access for the purpose of providing the services. Access privileges shall be reviewed regularly and promptly revoked for personnel who no longer need such access.

Encryption: The Provider shall, where applicable and appropriate, use encryption techniques to protect client data both during transmission and storage.

Security Incident Response: In the event of a data breach or security incident involving client data, the Provider shall promptly notify the Client and take immediate action to mitigate the breach, investigate its root cause, and implement measures to prevent similar incidents in the future.

© Scott & Scott, LLP

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

Data Retention and Deletion: The Provider shall retain client data only for the duration necessary to provide the services unless otherwise required by law or agreed upon with the Client. Upon termination or completion of the services, the Provider shall, at the Client's request, securely delete or return all client data in its possession.

Personnel Training: The Provider shall ensure that its personnel involved in handling client data are appropriately trained on data protection best practices and their responsibilities for maintaining data confidentiality and security.

Third-Party Data Processors: If the Provider engages any third-party data processors to assist in providing the services, the Provider shall conduct due diligence to ensure that these processors adhere to data protection requirements and implement adequate security measures.

Data Breach Notification: In the event of a data breach involving client data, the Provider shall promptly notify the Client and provide all necessary information and cooperation to support the Client in meeting its legal and regulatory obligations regarding data breach notification.

Compliance with Laws and Regulations: The Provider shall comply with all applicable data protection laws, regulations, and industry standards concerning the processing and protection of client data.

PROVIDER REPRESENTATIONS AND WARRANTY

Internal Network Security Compromise Policy
Provider monitors the availability and performance of its internal firewall and network security. This process involves monitoring for intrusion attempts and potential security breaches. In order to minimize a possible compromise of security, all services and applications exposed to the Internet on Provider's servers are updated with all commonly available security hotfixes and best practices. As appropriate
, Provider proactively evaluates, investigates, and reports security-related incidents to the appropriate authorities. Provider also monitors and proactively manages the anti-virus protection of its servers and applications using industry-recognized anti-virus software systems.

Service Warranty
We warrant that the Services will be performed in a professional and workmanlike manner and as described in an applicable Service Attachment or Schedule of Services. All Services will be deemed to be accepted unless Client notifies Provider in writing within ten (10) working days after performance that the Services did not conform to this warranty. Provider promptly will correct any non-conformities and will notify Client in writing that the non-conformities have been corrected.

DISCLAIMER OF WARRANTY
PROVIDER DOES NOT WARRANT THAT THE SERVICES WILL BE PERFORMED ERROR-FREE OR UNINTERRUPTED, THAT PROVIDER WILL CORRECT ALL SERVICES ERRORS, OR THAT THE SERVICES WILL MEET CLIENT'S REQUIREMENTS OR EXPECTATIONS, OR THAT THE SERVICE WILL BE COMPLETELY SECURE. THERE ARE RISKS INHERENT IN INTERNET CONNECTIVITY THAT COULD RESULT IN THE TEMPORARY LOSS OF SERVICE AVAILABILITY. PROVIDER IS NOT RESPONSIBLE FOR ANY ISSUES RELATED TO THE PERFORMANCE, OPERATION, OR SECURITY OF THE SERVICES THAT ARISE FROM CLIENT'S CONTENT. PROVIDER SHALL HAVE NO OBLIGATION WITH RESPECT TO A

© Scott & Scott, LLP

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

WARRANTY CLAIM IF NOTIFIED OF SUCH A CLAIM AFTER THE WARRANTY PERIOD.

FOR ANY BREACH OF THE SERVICES WARRANTY, CLIENT'S EXCLUSIVE REMEDY AND PROVIDER'S ENTIRE LIABILITY SHALL BE THE CORRECTION OF THE DEFICIENT SERVICES THAT CAUSED THE BREACH OF WARRANTY, OR, IF PROVIDER CANNOT SUBSTANTIALLY CORRECT THE DEFICIENCY IN A COMMERCIALLY REASONABLE MANNER, CLIENT MAY END THE DEFICIENT SERVICES AND PROVIDER WILL REFUND TO CLIENT THE FEES FOR THE TERMINATED SERVICES THAT CLIENT PRE-PAID TO PROVIDER FOR THE PERIOD FOLLOWING THE EFFECTIVE DATE OF TERMINATION.

TO THE EXTENT NOT PROHIBITED BY LAW, CLIENT ACKNOWLEDGES THESE WARRANTIES ARE EXCLUSIVE AND THERE ARE NO OTHER EXPRESS OR IMPLIED WARRANTIES OR CONDITIONS BY THE PROVIDER OR ANY THIRD-PARTY VENDORS INCLUDING FOR SOFTWARE, HARDWARE, SYSTEMS, NETWORKS OR ENVIRONMENTS, OR FOR MERCHANTABILITY, SATISFACTORY QUALITY, AND FITNESS FOR A PARTICULAR PURPOSE.
PROVIDER MAY LINK TO OR OFFER THIRD-PARTY SERVICES FOR RESALE. ANY PURCHASE, ENABLING, OR ENGAGEMENT OF THIRD-PARTY SERVICES, INCLUDING BUT NOT LIMITED TO IMPLEMENTATION, CUSTOMIZATION, CONSULTING SERVICES, E-MAIL, WEB HOSTING, SERVER HOSTING, PHONE SERVICE, AND ANY EXCHANGE OF DATA BETWEEN CLIENT AND ANY THIRD-PARTY SERVICE, IS SOLELY BETWEEN CLIENT AND THE APPLICABLE THIRD-PARTY SERVICE PROVIDER AND IS SUBJECT TO THE TERMS AND CONDITIONS OF SUCH THIRD-PARTY PROVIDER. PROVIDER DOES NOT WARRANT THIRD-PARTY SERVICES AND IS NOT RESPONSIBLE OR LIABLE FOR SUCH SERVICES OR ANY LOSSES OR ISSUES THAT RESULT FROM CLIENT'S USE OF SUCH SERVICES. IF CLIENT PURCHASES, ENABLES, OR ENGAGES ANY THIRD-PARTY SERVICE FOR USE IN CONNECTION WITH THE SERVICES, CLIENT ACKNOWLEDGES THAT PROVIDER MAY ALLOW THIRD-PARTY SERVICES PROVIDERS TO ACCESS CLIENT DATA USED IN CONNECTION WITH THE SERVICES AS REQUIRED FOR THE INTEROPERATION OF SUCH THIRD-PARTY SERVICES WITH THE SERVICES. CLIENT REPRESENTS AND WARRANTS THAT CLIENT'S USE OF ANY THIRD-PARTY SERVICE SIGNIFIES CLIENT'S INDEPENDENT CONSENT TO THE ACCESS AND USE OF CLIENT'S DATA BY THE THIRD-PARTY SERVICE PROVIDER, AND THAT SUCH CONSENT, USE, AND ACCESS IS OUTSIDE OF PROVIDERS'S CONTROL. PROVIDER WILL NOT BE RESPONSIBLE OR LIABLE FOR ANY DISCLOSURE, MODIFICATION, OR DELETION OF DATA RESULTING FROM ANY SUCH ACCESS BY THIRD-PARTY SERVICE PROVIDERS.

COMPLIANCE WITH LAWS
Provider shall comply with all laws applicable to Provider in its role as a Managed IT Provider. For the avoidance of doubt, unless otherwise provided in a separate Data Processing Agreement ("DPA"), Provider is not responsible for complying with the laws applicable to Client or Client's industry. Client shall comply with all laws applicable to Client or in Client's industry. Although it is under no obligation to do so, from time to time, Provider may make recommendations regarding legal requirements and regulatory compliance protocols related to Client's network and practices. If Client fails to adopt or implement the recommended legal requirements or regulatory compliance protocols, Client is responsible for any and all damages

© Scott & Scott, LLP

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

related to legal and regulatory compliance.

NO HIRING
Client shall not solicit for employment with Client any Provider employee with whom Client has had direct contact in connection with the Services during the Term of this Agreement and for twelve (12) months following termination of this Agreement.

Client acknowledges that injury resulting from any breach of this provision would be significant and irreparable and that it would be extremely difficult to ascertain the actual amount of damages resulting from such breach. Therefore, in the event of a violation of this provision, in addition to any other right Provider may have at law or in equity, Client shall make a one-time payment to Provider in the amount of one hundred percent (100%) of the affected employee's base salary for one year, which accurately reflects the reasonable value of the employee's time and costs. We agree that such amount is not intended as a penalty and is reasonably calculated based upon the projected costs the injured party would incur to identify, recruit, hire, and train suitable replacements for such personnel.

DISPUTE RESOLUTION

Procedures
Each party shall attempt to settle amicably by mutual discussions any disputes, differences, or claims related to this Agreement within sixty (60) days of the date any such dispute arises.

Continued Service
Unless Provider is bringing an action for Client's failure to make payments for Services not otherwise in dispute, Provider will continue to provide Services under this Agreement, and Client shall continue to make payments to us, in accordance with this Agreement, during the period in which the parties seek resolution of the dispute.

Attorneys' Fees

In the event that there is any dispute, difference, or claim related to this Agreement that is resolved either through litigation, the prevailing party will be entitled to an award of reasonable attorneys' fees incurred while defending or prosecuting such dispute, difference, or claim.

DATA PRIVACY & PROTECTION

Client Data
Provider agrees that any electronic data or personal information submitted by Client to Provider as a part of the Service ("Client Data") remains the property of Client and/or its end-user or other third party. Provider agrees that it will comply with all applicable United States data privacy

© Scott & Scott, LLP

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

and data security laws that the Services are subject to and as stated herein.

California Consumer Privacy Act ("CCPA")
Client agrees not to provide any data to Provider subject to the California Consumer Privacy Act ("CCPA") without first entering into an appropriate Data Processing Agreement with Provider that specifically references CCPA.

Gramm-Leach-Bliley Act ("GLBA") & Health Insurance Portability and Accountability Act ("HIPAA") Data Processing
Client agrees not to provide any data to Provider subject to the Gramm-Leach-Bliley Act ("GLBA") or Health Insurance Portability and Accountability Act ("HIPAA") without first entering into an appropriate Data Processing Agreement with Provider that specifically references GLBA and/or HIPAA.

General Data Protection Regulation ("GDPR") & United Kingdom Data Processing Client agrees not to provide any data to Provider from any data subject of the European Union or the United Kingdom that is regulated under the General Data Protection Regulation ("GDPR") or similar data protection regulation without first entering into an appropriate Data Processing Agreement with Provider that specifically references GDPR.

New York SHIELD ACT ("SHIELD")
Client agrees not to provide any data to Provider subject to the New York SHIELD Act ("SHIELD") without first entering into an appropriate Data Processing Agreement with Provider that specifically references SHIELD.

Data Processing Agreement
For Clients who require the processing of CCPA, GLBA, HIPAA, GDPR, or United Kingdom data processing or similar data privacy and/or data protection regulation, Client must enter into an applicable agreement with Provider in the form of a data processing agreement (the "Data Processing Addendum"). Each data privacy or data protection regulation may contain its own separate addendum (or combined addendum) depending on Provider or Client's regulated activities.

GENERAL

Observed Holidays
Provider reserves the right to identify observed holidays and adjust its holiday schedules from time to time. When a holiday falls on a weekend, Provider may close on the closest business day in observance of that holiday. After-hours emergency support is still available during these times, and Client will be charged for Services at Provider's then-prevailing Holiday support rates.

Notices
Except as otherwise provided under this Agreement, all notices, demands or requests to be given by any party to the other party shall be in writing and shall be deemed to have been duly given on the date delivered in person, or sent via fax, courier service, electronic mail, or on the date of the third business day after deposit, postage prepaid, in the United States Mail via Certified Mail, return receipt requested, and addressed as set forth on the applicable Order.

The address to which such notices, demands, requests, elections or other communications are to be given by either party may be changed by written notice given by such party to the other

© Scott & Scott, LLP

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

party pursuant to this Section.

Force Majeure
Provider will not be liable for any failure of performance of the Services due to causes beyond its reasonable control, including, but not limited to, fire, flood, electric power interruptions, national or regional emergencies, epidemics, pandemics, public health emergencies, stay-at-home orders, furloughs, quarantines, or other restriction or prohibition, civil disorder, acts of terrorism, riots, strikes, Acts of God, or any law, regulation, directive, or order of the United States government, or any other governmental agency, including state and local governments having jurisdiction over Provider or the Services provided hereunder (the "Affected Performance").

Any party whose performance is so affected shall give written notice to the other party describing the Affected Performance. The parties promptly shall confer, in good faith, to agree upon equitable, reasonable action to minimize the impact on both parties of such condition. If the delay caused by the force majeure event lasts for a period of more than thirty (30) days, the parties shall attempt to negotiate an equitable modification to the Agreement pertaining to the Affected Performance. If the parties are unable to agree upon an equitable modification, then either party may serve thirty (30) days' written notice of termination on the other party with respect only to the portion of the Agreement relating to the Affected Performance. Client shall pay Provider for that portion of the Affected Performance that was completed or that was in the process of being completed through the effective termination date of the Affected Performance.

Waiver
No delay in exercising, no course of dealing with respect to, and no partial exercise of, any right or remedy hereunder will constitute a waiver of any right or remedy, or future exercise thereof.

Assignment
Neither party may assign this Agreement, in whole or in part, or any of its rights or obligations hereunder without the prior written consent of the other party. However, Provider may assign or otherwise transfer its rights, interests, and obligations under this Agreement without Client's consent in the event of a change in control of 50% or more of the equity of Provider, the sale of substantially all the assets of Provider, or the restructuring or reorganization of Provider or its affiliate entities. If Client transfers its rights, interests, and obligations under this Agreement without Provider consent, then such assignment will not be valid, and Client shall remain responsible for all Fees under this Agreement and any Attachment regardless of whether Client continues to derive any benefit from the Services. In addition, unless otherwise agreed, Provider may contract with third parties to deliver some or all of the Services, and no such third-party contract is to be interpreted as an assignment of this Agreement. However, Provider will use commercially reasonable efforts to ensure that any and all such third parties abide by all of the terms of this Agreement, and, except as otherwise agreed, Provider will remain solely responsible for the fulfillment of all of Provider's obligations under this Agreement. This Agreement is binding upon the parties, their successors, and permitted assigns.

Marketing
Client hereby grants Provider the right to reference Client's name, industry, logo, and URLs in its marketing literature, website, and/or correspondence to potential new clients, so as to identify Client as a client of Provider for marketing purposes and for Provider's benefit. Such information is not considered Confidential Information subject to non-disclosure.

Notifications and Alerts

© Scott & Scott, LLP

Docusign Envelope ID: 555715C8-E4F1-4F5C-9714-A9275909A2B9

Client hereby grants Provider the right to utilize Client information to send alerts, notifications, news, and general correspondence to Client to provide the Services.

Survival
The parties' respective duties and obligations with respect to proprietary rights, intellectual property rights, and non-disclosure and confidentiality will survive and remain in effect, notwithstanding the termination or expiration of this Agreement.

Governing Law
This MSA is to be governed by and construed in accordance with the laws of California.

Severability
If any term or provision of this agreement is declared invalid by a court of competent jurisdiction, the remaining terms and provisions will remain unimpaired, and the invalid terms or provisions are to be replaced by such valid terms and provisions that most nearly fulfill the parties' intention underlying the invalid term or provision.

Third-Party Beneficiaries
This Agreement is for the sole benefit of the parties hereto and their respective successors and permitted assigns, and nothing herein is to be construed to give any person or entity, other than the parties hereto and their respective successors and permitted assigns, any legal or equitable rights hereunder.

No Disparagement
Neither Party, nor any of its respective partners, principals, shareholders, members, officers, directors, employees, affiliates, subsidiaries, agents, or representatives, shall initiate or participate in any action or conduct tending to injure, bring into disrepute, ridicule, damage, or destroy the goodwill of Provider or Client, or the others' affiliates. The foregoing shall not be construed to prevent or prohibit a Provider or Client, or any of its respective partners, principals, shareholders, members, officers, directors, employees, affiliates, subsidiaries, agents, or representatives, from: (i) exercising its rights under this Agreement; (ii) complying with a legal obligation or a professional responsibility; or, (iii) reporting, providing, or disclosing information to federal, state, municipal, or local government agencies, authorities, or officials in the ordinary course of business or as required by law. Further, in the event Provider or Client or any of its respective partners, principals, shareholders, members, officers, directors, employees, affiliates, subsidiaries, agents, or representatives breach this Section, the non-breaching party and its respective partners, principals, shareholders, members, officers, directors, employees, affiliates, subsidiaries, agents, and representatives shall no longer be bound by the obligations set forth under this Section.

Total:	**$376,300.80**

Acceptance and Incorporation by Reference

This Order Form is issued in connection with the cooperative purchasing agreement referenced herein (the "Agreement") and any applicable participating addendum or similar instrument. This Order Form supplements the Agreement by identifying the specific products, pricing, and other order details applicable to the proposed transaction.

The technology industry is currently experiencing elevated demand, supply constraints, and significant cost increases affecting memory (DRAM), storage (NAND), and related components. These market conditions have resulted in shortened quote validity periods, changing OEM pricing, constrained configurations, and shifting delivery timelines across the industry. The provisions of this Order Form are intended to address those conditions in a manner consistent with the Agreement and applicable procurement requirements.

Any capitalized terms used in this Order Form and not otherwise defined herein have the meanings given to them in the Agreement. If there is a conflict between this Order Form and the Agreement, the Agreement shall control. If there is a conflict between this Order Form and Customer's purchase order, the Agreement and this Order Form shall control, and any inconsistent terms in Customer's purchase order, including any pre-printed terms and conditions, shall be ineffective and void except to the extent required by applicable law.

This Order Form supersedes all prior proposals, quotations, and communications between the parties with respect to the specific products, pricing, and timing described herein, but only to the extent consistent with the Agreement.

Pre-Acceptance

To place an order under the Agreement, Customer must attach this Order Form to its purchase order and return the combined document to Redesign. Customer's submission of a purchase order with this Order Form attached shall constitute Customer's offer to purchase the products identified herein under the Agreement. Redesign's written acknowledgment of such purchase order, or commencement of fulfillment, shall constitute Redesign's acceptance, and the resulting order shall be effective as of the earlier of such events.

Customer acknowledges and agrees that pricing, configurations, and estimated lead times reflected in this Order Form are based on current market conditions and current OEM pricing available on the date of issuance. If Customer submits a purchase order after the stated quote validity period, or requests changes to configuration, quantities, or delivery timing before Redesign's acceptance, Redesign may issue a refreshed quotation reflecting then-current pricing, lead times, and configuration availability under the Agreement.

Customer further acknowledges that, in the event of supply constraints affecting the quoted products before Redesign's acceptance, Redesign and the applicable manufacturer may propose functionally equivalent alternative configurations, revised delivery dates, phased fulfillment, or revised scope for Customer's review and consideration in accordance with the Agreement and applicable procurement requirements.

Post-Acceptance

Once Redesign has accepted Customer's purchase order or commenced fulfillment, all further changes to pricing, configuration, scope, quantities, delivery timing, or related commercial terms shall be handled solely through the mechanisms permitted by the Agreement and applicable procurement requirements, including, as applicable, amendment, change order, catalog refresh, or other formally documented modification process.

Nothing in this Order Form or in any customer-facing market conditions notice shall be construed to create a unilateral right for Redesign to reprice an accepted order, substitute products without Customer's approval, or otherwise alter the terms of an accepted order except as expressly permitted by the Agreement or by a mutually agreed written modification.

If supply constraints, OEM discontinuance, allocation limits, or documented market changes materially affect Redesign's ability to fulfill the accepted order as originally quoted, Redesign will notify Customer promptly and work in good faith to identify alternatives that align with Customer's technical requirements, budget parameters, and procurement obligations. Such alternatives may include revised delivery dates, functionally equivalent substitute configurations, phased delivery, partial cancellation of affected line items, or revised pricing where contractually permitted.

Any post-acceptance modification to an accepted order must be documented in writing and approved in accordance with the Agreement and Customer's applicable procurement rules.

This Order Form does not modify, supersede, or amend the Agreement. All pricing, availability, fulfillment, and post-acceptance changes remain subject to the terms of the Agreement, including the applicable not-to-exceed pricing structure, discount framework, and procurement requirements established thereunder.

Acceptance and Incorporation by Reference

This Order Form is issued in connection with the cooperative purchasing agreement referenced herein (the "Agreement") and any applicable participating addendum or similar instrument. This Order Form supplements the Agreement by identifying the specific products, pricing, and other order details applicable to the proposed transaction.

The technology industry is currently experiencing elevated demand, supply constraints, and significant cost increases affecting memory (DRAM), storage (NAND), and related components. These market conditions have resulted in shortened quote validity periods, changing OEM pricing, constrained configurations, and shifting delivery timelines across the industry. The provisions of this Order Form are intended to address those conditions in a manner consistent with the Agreement and applicable procurement requirements.

Any capitalized terms used in this Order Form and not otherwise defined herein have the meanings given to them in the Agreement. If there is a conflict between this Order Form and the Agreement, the Agreement shall control. If there is a conflict between this Order Form and Customer's purchase order, the Agreement and this Order Form shall control, and any inconsistent terms in Customer's purchase order, including any pre-printed terms and conditions, shall be ineffective and void except to the extent required by applicable law.

This Order Form supersedes all prior proposals, quotations, and communications between the parties with respect to the specific products, pricing, and timing described herein, but only to the extent consistent with the Agreement.

Pre-Acceptance

To place an order under the Agreement, Customer must attach this Order Form to its purchase order and return the combined document to Redesign. Customer's submission of a purchase order with this Order Form attached shall constitute Customer's offer to purchase the products identified herein under the Agreement. Redesign's written acknowledgment of such purchase order, or commencement of fulfillment, shall constitute Redesign's acceptance, and the resulting order shall be effective as of the earlier of such events.

Customer acknowledges and agrees that pricing, configurations, and estimated lead times reflected in this Order Form are based on current market conditions and current OEM pricing available on the date of issuance. If Customer submits a purchase order after the stated quote validity period, or requests changes to configuration, quantities, or delivery timing before Redesign's acceptance, Redesign may issue a refreshed quotation reflecting then-current pricing, lead times, and configuration availability under the Agreement.

Customer further acknowledges that, in the event of supply constraints affecting the quoted products before Redesign's acceptance, Redesign and the applicable manufacturer may propose functionally equivalent alternative configurations, revised delivery dates, phased fulfillment, or revised scope for Customer's review and consideration in accordance with the Agreement and applicable procurement requirements.

Post-Acceptance

Once Redesign has accepted Customer's purchase order or commenced fulfillment, all further changes to pricing, configuration, scope, quantities, delivery timing, or related commercial terms shall be handled solely through the mechanisms permitted by the Agreement and applicable procurement requirements, including, as applicable, amendment, change order, catalog refresh, or other formally documented modification process.

Nothing in this Order Form or in any customer-facing market conditions notice shall be construed to create a unilateral right for Redesign to reprice an accepted order, substitute products without Customer's approval, or otherwise alter the terms of an accepted order except as expressly permitted by the Agreement or by a mutually agreed written modification.

If supply constraints, OEM discontinuance, allocation limits, or documented market changes materially affect Redesign's ability to fulfill the accepted order as originally quoted, Redesign will notify Customer promptly and work in good faith to identify alternatives that align with Customer's technical requirements, budget parameters, and procurement obligations. Such alternatives may include revised delivery dates, functionally equivalent substitute configurations, phased delivery, partial cancellation of affected line items, or revised pricing where contractually permitted.

Any post-acceptance modification to an accepted order must be documented in writing and approved in accordance with the Agreement and Customer's applicable procurement rules.

This Order Form does not modify, supersede, or amend the Agreement. All pricing, availability, fulfillment, and post-acceptance changes remain subject to the terms of the Agreement, including the applicable not-to-exceed pricing structure, discount framework, and procurement requirements established thereunder.

REPORT TO THE CITY COUNCIL

FROM: SUMEET MALHI, Director
Personnel Services Department

BY: VANESSA DE LA TORRE, Human Resources Manager
Personnel Services Department

SUBJECT

***RESOLUTION - Adopt the Twentieth Amendment to the FY 2026 Salary Resolution No. 2025-177 amending Exhibit 2, Unit 2, Non-Represented Management and Confidential Classes, by adding the new classification of Deputy Chief Investment Officer and the respective E5 salary range, effective May 18, 2026 (Subject to Mayor's Veto)

RECOMMENDATION

It is recommended that Council adopt the Twentieth Amendment to the Fiscal Year 2026 Salary Resolution No. 2025-177 to add the new classification of Deputy Chief Investment Officer and the respective E5 salary range, effective May 18, 2026.

EXECUTIVE SUMMARY

The Retirement Office added one (1) new Deputy Chief Investment Officer position with the adoption of the FY 2026 budget to optimize investment performance, effectively manage an increasingly complex portfolio and provide strategic planning and coordination of the investment program. This classification will be placed at the E5 salary range of $9,876 - $17,054 monthly which amounts to $118,512 - $204,648 annually.

The City provided notice to the respective bargaining units and has met its meet and confer obligation.

This action will not require additional appropriations.

BACKGROUND

With the adoption of the FY 2026 budget, the Retirement Office added one (1) Deputy Chief Investment Officer position to lead the day-to-day oversight, management, and administration of the City's Retirement System investment portfolios. This new classification is expected to optimize investment performance, effectively manage an increasingly complex portfolio and provide strategic

planning and coordination of the investment program. This new classification is recommended to be placed at the E5 salary range of $9,876 - $17,054 monthly which amounts to $118,512 - $204,648 annually.

The City provided notice to the respective bargaining units and has met its meet and confer obligation.

The City Attorney's Office has approved the Twentieth Amendment to Salary Resolution No. 2025-177 as to form.

ENVIRONMENTAL FINDINGS

By the definition provided in the California Environmental Quality Act Guidelines (CEQA) Section 15378, this item does not qualify as a "project" and is therefore exempt from CEQA.

LOCAL PREFERENCE

Local preference is not implicated because this item does not involve public contracting or bidding with the City of Fresno.

FISCAL IMPACT

The amendment will not require any additional appropriations for Fiscal Year 2026.

REPORT TO THE CITY COUNCIL

FROM: JENNIFER K. CLARK, AICP, Director
Planning & Development Department

BY: LILIANA VIDRIO FLORES, Program Manager
Planning & Development Department

SUBJECT

Actions pertaining to establishing Entertainment Zones

1. ADOPTION of a finding that the proposed amendment is exempt from the California Environmental Quality Act (CEQA) pursuant to Section 15061(b)(3)
2. BILL (for Introduction) Adding Section 9-3801 and Amending Section 9-2503 of the Fresno Municipal Code relating to Establishing Entertainment Zones.

RECOMMENDATION

Staff is recommending approval of the Amendment and adoption of the related environmental findings, amending Chapter 9, Article 2503 of the Fresno Municipal Code (FMC) “Drinking on Street or Playground” and addition of Chapter 9, Article 38 “Establishing Entertainment Zones” relating to Entertainment Zones.

EXECUTIVE SUMMARY

City Council approval is recommended in accordance with the provisions of California Senate Bill 969, which enables local jurisdictions to create defined areas that support enhanced entertainment activities, outdoor programming, and expanded operational flexibility.

BACKGROUND

Senate Bill 969, effective January 1, 2025, authorizes California cities to establish designated Entertainment Zones where brick-and-mortar licensed businesses may sell alcoholic beverages in open containers for outdoor consumption during City-permitted special events.

Chapter 9, Article 38 will establish Entertainment Zone provisions in the FMC. Initially three zones are identified.

Amendment Section 9-2503 - Drinking on Street or Playground

Proposed amendment to Section 9-2503 for the implementation of an entertainment zone. This

section, which relates to drinking on streets or playgrounds, will be amended to allow alcoholic beverage containers from ABC-licensed establishments within the entertainment zones to be taken into designated public areas. Currently, the FMC prohibits alcohol outside of premises. The entertainment zones as recommended will allow the consumption of alcohol in certain approved public rights-of-way.

Initial Entertainment Zones Identified

Proposed Zone Boundary & Hours:

Three potential zones suitable for the Entertainment Zone designation have been identified within the Fulton Corridor area. Consistent with other cities in California, the proposed ordinance designates the maximum geographic boundaries of each entertainment zone which is subject to any additional conditions outlined in the zone management plan or special event permit requirements. The initial proposed zones are as follows:

- Entertainment Zone A will encompass Fulton Street, between the southern edge of Inyo Street and the northern edge of Mono Street, including all public streets, sidewalks, and public rights-of-way within the boundary;
- Entertainment Zone B will encompass Fulton Street, between the southern edge of Tulare Street and the northern edge of Mono Street. The zone shall also include Kern Street, east of Homerun Alley to Fulton Street, along with all public streets, sidewalks, and public rights-of-way within the boundary; and
- Entertainment Zone C will encompass the eastern edge of Fulton Street, between the southern edge of Inyo Street, northern edge of Mono Street, and the eastern edge of Broadway Street, along with all public streets, sidewalks, and public rights-of-way within the boundary. The zone shall also include the alleyway within these same boundaries, as well as the sidewalk along the east side of Broadway Street, between the southern edge of Inyo Street and the northern edge of Mono Street.

Entertainment Zone Activation Through a Special Event Permit

The Entertainment Zone will only be activated in conjunction with an approved special event permit and after careful review from the City Manager's Office. The Special Event permit has an established model that will provide efficient coordination, regulatory compliance, and technical assistance for event organizers and participating businesses. Staff will update the Special Event Guidelines and Application to incorporate specific requirements to operate an entertainment zone event.

The City Manager maintains authority to impose additional conditions or, if warranted, to deny activation of the Entertainment Zone for specific events to ensure public safety and community compatibility. By leveraging the City's proven Special Event permitting framework, the Entertainment Zone Activation can be implemented thoughtfully and efficiently, ensuring a safe and vibrant experience for all participants.

The maximum permissible hours for an Entertainment Zone Event are from 10:00am-11:59pm. Event hours will be restricted by the special event permit requirements, the zone's management plan, and State of California Department of Alcoholic Beverage Control (ABC) licenses.

The Entertainment Zone ordinance requires that a specific management plan be developed to regulate the operation of the zone with input from city agencies, participating businesses, special event organizers and public safety personnel. The management plan will detail operational requirements including, but not limited to:

- Proposed Security Plan
- The maximum geographic boundary and days and hours of operation
- A Special Event permit application
- Specific requirements for:
    - Age verification
    - Signage
    - Cup material and disposal
    - Business notification for Special Event permit holders
    - Insurance for Special Event permit holders

The Chief of Police, or their designee, will review and approve Security Plans as submitted by Entertainment Zone leads. The City Manager, or their designee, will review and approve Management Plans as submitted by Entertainment Zone leads.

ENVIRONMENTAL FINDINGS

An environmental assessment was prepared for this project in accordance with the requirements of the California Environmental Quality Act (CEQA) Guidelines.

The State Guidelines for the implementation of the California Environmental Quality Act provide for the exemption of projects which will have no potential for causing a significant effect on the environment. More specifically, Section 15061(b)(3) of the CEQA Guidelines states: "…CEQA applies only to projects which have the potential for causing a significant effect on the environment.

Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA." The City of Fresno has determined that a Finding of No Possibility that the project will have impacts on the environment pursuant to Section 15061(b)(3) of the CEQA Guidelines is appropriate.

LOCAL PREFERENCE

Local preference was not considered because this is not a competitive bid.

FISCAL IMPACT

The proposed Entertainment Zone is anticipated to generate positive economic impact by allowing downtown bars, restaurants, wineries, and breweries ("eligible businesses") to participate directly in special events, increasing local sales for eligible businesses and nearby businesses as well as potentially boosting sales tax revenue.

Conclusion:

Staff recommends adoption of the related environmental finding and approval of an amendment to Chapter 9 Article 25 “Drinking on Street or Playground" relating to Entertainment Zones and addition of Chapter 9 Article 38 “Establishing Entertainment Zones” relating to Entertainment Zones.

MEMORANDUM

DATE: May 11, 2026

TO: Liliana Vidrio Flores, MBA, Cannabis Program Manager
City of Fresno, Office of Cannabis Oversight

FROM: Kyle Simpson, Principal

SUBJECT: Entertainment Zone Ordinance – Common Sense/No Possibility of Effects Exemption

INTRODUCTION

The City of Fresno (City) proposes to establish Entertainment Zones in the city allowing for the purchase and consumption of open container alcoholic beverages subject to issuance of applicable Special Event Permits. This memorandum has been prepared to support the City's determination that the proposed ordinance is exempt from the California Environmental Quality Act (CEQA).

Section 15061(b)(3) of the CEQA Guidelines states that if there is no possibility that a proposed activity would result in a significant effect on the environment, the activity is not subject to CEQA. This memorandum provides a description of the proposed ordinance and describes the basis for the ordinance to be exempt from CEQA.

PROJECT DESCRIPTION

The California State Legislature enacted Senate Bill (SB) 969, effective January 1, 2025, that authorizes cities to establish designated Entertainment Zones where alcoholic beverages purchased from eligible licensed businesses may be consumed in open containers in approved outdoor areas during City-permitted special events.

In response to SB 969, the City proposes to adopt an Entertainment Zone Ordinance to establish and regulate Entertainment Zones to allow for the purchase of open container alcoholic beverages from local bars, restaurants, wineries, breweries and on-sale licensees for consumption outside in common spaces such as plazas, public streets, sidewalks, or public rights of-way during certain hours, subject to a Special Event Permit issued pursuant to Section 14-2404 of the Fresno Municipal Code (FMC). The proposed Entertainment Zone Ordinance establishes three Entertainment Zones in downtown Fresno in which purchasing open container alcoholic beverages and consuming alcoholic beverages would be allowed. In addition, the proposed Entertainment Zone Ordinance establishes regulations for all activities conducted within the proposed Entertainment Zones pursuant to appliable Special Event Permits.

2565 Alluvial Avenue, Suite 172, Clovis, California 93611 559.490.1210 www.lsa.net

At this time, the proposed Entertainment Zone Ordinance establishes three Entertainment Zones, however, in the future, the proposed Entertainment Zone Ordinance may be amended to include additional Entertainment Zones throughout the city.

The proposed text of the Entertainment Zone Ordinance is attached to this memorandum.

EXEMPTION FROM CEQA

Section 15061 of the CEQA Guidelines states the following:

> *15061. Review For Exemption*
>
> *(a) Once a lead agency has determined that an activity is a project subject to CEQA, a lead agency shall determine whether the project is exempt from CEQA.*
>
> *(b) A project is exempt from CEQA if:*
>
> *(1) The project is exempt by statute (see, e.g. Article 18, commencing with Section 15260).*
>
> *(2) The project is exempt pursuant to a categorical exemption (see Article 19, commencing with Section 15300) and the application of that categorical exemption is not barred by one of the exceptions set forth in Section 15300.2.*
>
> *(3) The activity is covered by the common sense exemption that CEQA applies only to projects which have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA.*
>
> *(4) The project will be rejected or disapproved by a public agency. (See Section 15270(b)).*
>
> *(5) The project is exempt pursuant to the provisions of Article 12.5 of this Chapter.*
>
> *[…]*

As stated in Section 15061(b)(3), an activity is exempt from CEQA where it can be seen with certainty that there is no possibility that the activity in question would result in a significant effect on the environment. This is referred to as the Common Sense Exemption or the No Possibility of Effects Exemption, as it can be stated with certainty that the proposed activity does not affect the environment.

The adoption of the proposed Entertainment Zone Ordinance would allow for purchasing and consuming open container alcoholic beverages during events that have obtained a Special Event Permit from the City. In addition, the events allowed under the Special Event Permit in which purchasing and consuming open container alcoholic beverages would be allowed and would be required to be located within one of three Entertainment Zones established by the Entertainment

Zone Ordinance. The adoption of the proposed ordinance would not result in direct physical impacts because the proposed ordinance would be limited to allowing for additional activities to occur under a Special Event Permit, and those activities would be limited to the three designated Entertainment Zones. The proposed Entertainment Zone Ordinance may be amended in the future to include additional Entertainment Zones throughout the city. If the proposed Entertainment Zone Ordinance is amended, all future activities would be required to obtain a Special Event Permit, and would be required to meet the requirements of the FMC, including all applicable vehicular and pedestrian traffic laws, noise regulations, and all lawful direction from law enforcement authorities.

CEQA Guidelines section 15382 defines a "significant effect on the environment" as "a substantial, or potentially substantial, adverse change in any of the physical conditions within the area affected by the project including land, air, water, minerals, flora, fauna, ambient noise, and objects of historic or aesthetic significance." The purpose and expected outcome of the proposed ordinance is intended to allow for specific activities within Entertainment Zones, subject to applicable Special Events Permits and requirements of the FMC. As a result, the adoption of this ordinance would not result in an adverse impact on the environment because no physical changes to the environment would occur.

SUMMARY

On the basis of the explanation provided above, the proposed Entertainment Zone Ordinance is exempt from CEQA because it can be seen with certainty that there is no possibility that the proposed ordinance would result in a significant effect on the environment. As a result, a Notice of Exemption may be prepared for the proposed ordinance.

PROPOSED ENTERTAINMENT ZONE ORDINANCE

BILL NO. _____

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY OF FRESNO, CALIFORNIA, ADDING ARTICLE 38 TO CHAPTER 9 AND AMENDING SECTION 9-2503, OF THE FRESNO MUNICIPAL CODE, RELATING TO ESTABLISHING ENTERTAINMENT ZONES

WHEREAS, the City of Fresno is committed to supporting a vibrant and economically thriving downtown; and

WHEREAS, there are several City-permitted special events in the downtown area that draw thousands of attendees and contribute to the City of Fresno cultural and economic vitality; and

WHEREAS, current state law prevents breweries, wineries, bars, and restaurants within special event areas from fully participating in these events, which limits their ability to benefit economically from increased attendance; and

WHEREAS, the California State Legislature enacted Senate Bill 969, effective January 1, 2025, authorizing cities to establish designated Entertainment Zones where alcoholic beverages purchased from eligible licensed businesses may be consumed in open containers in approved outdoor areas during City-permitted special events; and

WHEREAS, establishing Entertainment Zones will enhance the success of City-permitted special events, support local business, increase economic activity, and create a community-friendly, lively atmosphere; and

WHEREAS, all legal prerequisites to the adoption of the Ordinance have occurred.

THE COUNCIL OF THE CITY OF FRESNO DOES ORDAIN AS FOLLOWS:

Date Adopted:
Date Approved
Effective Date:
City Attorney Approval: _____

SECTION 1. Article 38 of Chapter 9 is added to the Fresno Municipal Code to read:

[ARTICLE 38. – ENTERTAINMENT ZONES.

SECTION 9-3800. – ENTERTAINMENT ZONES ORDINANCE.

SECTION 9-3801. – PURPOSE.

The purpose if this article is to implement California State Senate Bill 969 (2024) – The Alcoholic Beverage Control Act - through the establishment and regulation of Entertainment Zones to allow the purchase of open container alcoholic beverages from local bars, restaurants, wineries, breweries and on-sale licensees for consumption outside in common spaces such as plazas, public streets, sidewalks, or public rights of-way during certain hours, subject to a Special Event permit issued pursuant to Section 14-2404.

SECTION 9-3802 - DEFINITIONS

a) "ABC" means the California Department of Alcoholic Beverage Control.

b) "Alcoholic beverage" has the same meaning as set forth in California Business and Professions Code section 23004.

c) "Entertainment Zone" has the meaning set forth in California Business and Professions Code Section 23039.5. .

d) "Entertainment Zone event" means an event during which the consumption of one or more types of alcoholic beverages is authorized on public streets, sidewalks, or public rights-of-way within the boundaries of an entertainment zone established in accordance with this chapter.

e) "Entertainment Zone Lead" means the designated individual responsible for the on-site management and oversight of the Entertainment Zone event.

f) "Licensee" has the same meaning set forth in California Business and Professions Code section 23009.

g) "Management plan" means a plan approved by the City Manager or designee for the management and regulation of an Entertainment Zone.

h) "Open container" means any bottle, can, plastic cup, paper cup, jug, box, or other receptacle that is open or has been opened and contains any alcoholic beverage

SECTION 9-3803. – ENTERTAINMENT ZONE LOCATIONS.

Pursuant to California Business and Professions Code sections 23039.5 and 25690, the city council hereby establishes the following Entertainment Zones, which include adjacent sidewalks, and adjacent premises within the Entertainment Zone area, which include:

a. ENTERTAINMENT ZONE A

Entertainment Zone A will encompass Fulton Street, between the southern edge of Inyo Street and the northern edge of Mono Street., including all public streets, sidewalks, and public rights-of-way within the boundary.

b. ENTERTAINMENT ZONE B

Entertainment Zone B will encompass Fulton Street, between the southern edge of Tulare Street and the northern edge of Mono Street. The zone shall also include Kern Street, east of Homerun Alley to Fulton Street, along with all public streets, sidewalks, and public rights-of-way within the boundary.

c. ENTERTAINMENT ZONE C

Entertainment Zone C will encompass the eastern edge of Fulton Street, between the southern edge of Inyo Street, northern edge of Mono Street, and the eastern edge of Broadway Street, , along with all public streets, sidewalks, and public rights-of-way within the boundary. The zone shall also include the alleyway within these same boundaries, as well as the sidewalk along the east side of Broadway Street, between the southern edge of Inyo Street and the northern edge of Mono Street

SECTION 9-3804. - ENTERTAINMENT ZONES CONTROL.

a) No person shall conduct an Entertainment Zone event without obtaining a Special Event permit issued in accordance with the provisions of Section 14-2404.

b) All licensees sponsoring or selling alcoholic beverages within an Entertainment Zone shall comply with all applicable state and local laws and regulations, including, but not limited to, the following:

i. All applicable ABC license and permitting requirements.

ii. All other laws governing the sale and consumption of alcoholic beverages and all permits and licenses issued pursuant thereto.

iii. Any applicable Administrative Regulations issued by the City pursuant to this Chapter.

iv. Any applicable Special Events permit conditions.

c) Open alcoholic beverages may be consumed on any public street, avenue, sidewalk, stairway, alley, or thoroughfare within an active Entertainment Zone, subject to any other restrictions imposed by State or local law.

d) All open alcoholic beverages shall be purchased only from a premises located within the active Entertainment Zone that is authorized under California Business and Professions Code Section 23357, 23358, or 23396, to permit consumers to leave the premises with open containers of alcoholic beverages for consumption off the premises.

e) No alcoholic beverages purchased at a participating licensed premises may leave the premises in an open glass or metal container.

f) Delivery of alcoholic beverages to consumers within the Entertainment Zone by a participating licensee or third-party delivery service is prohibited unless the delivery is to a residential building or private business that is not a licensee.

g) Licensees participating in Entertainment Zones must execute an Indemnity agreement, in a form approved by the City Attorney.

h) Requires any person seeking a Special Event permit for an Entertainment Zone to maintain insurance at coverage limits and with conditions thereon determined necessary and appropriate from time to time by the City Manager.

i) All activities conducted pursuant to any Special Event Permit applicable to Entertainment Zones shall remain fully subject to the City's noise regulations unless exempted by approval of City Manager or its designee:

   i. Compliance with all standards set forth in Section 14 2409(I), with any applicable ordinance, regulation, or law; and

   ii. If an activity proposed under a Special Event Permit applicable to Entertainment Zones may or will result in a noise level that exceeds the thresholds established in Chapter 10, Article 1 of the Municipal Code, the applicant shall obtain a Noise Permit pursuant to Section 10-110.

   iii. No exemption from the City's noise ordinances shall be granted under Entertainment Zones unless the City Manager or its designee has determined that the exemption is consistent with the California

Environmental Quality Act (CEQA), including any required environmental review or documentation.

iv. Failure to obtain any required Noise Permit or to comply with Section 14-2409 shall render the Special Event Permit applicable to Entertainment Zones invalid with respect to the non-compliant activity and may constitute grounds for suspension or revocation of the permit.

SECTION 9-3805. - ENTERTAINMENT ZONES HOURS.

Outdoor consumption of alcoholic beverages may only occur during an Entertainment Zone Event between the hours of 10:00 a.m. and 11:59 p.m., inclusive, subject to any additional limitations imposed by any ABC permit or license, Business and Professions Code section 25691, or by the Special Events permit issued under section 14-2404.

SECTION 9-3806. - IMPLEMENTATION.

a) Upon the establishment or modification of an Entertainment Zone, the Entertainment Zone lead shall submit a proposed Management Plan to the City Manager or designee for review and approval. Upon issuance or revision of a Management Plan, the City Manager or designee shall transmit a copy to ABC.

b) Any holder of an ABC license or permit that wishes to

allow customers to leave the premises with open containers of alcoholic beverages for consumption off the premises within the Entertainment Zone shall provide to the City Manager or designee a copy of the notice provided to ABC under Section 23357, 23358, or 23396 of the California Business and Professions Code, as applicable, at the same time such notice is provided to ABC.

c) Upon the establishment or modification of an Entertainment Zone, the Entertainment Zone lead shall submit a proposed Security Plan to the City for review and approval by the Chief of Police or designee.

d) The City Manager is authorized to promulgate rules and regulations under this Chapter.

SECTION 9-3807. - ADMINISTRATIVE REGULATIONS.

The City Manager may adopt administrative regulations to implement the provisions of this Chapter, including, but not limited to, application procedures, permit conditions and requirements, and health and safety measures. The City Manager may revise these regulations from time to time as it is deemed appropriate. The Entertainment Zone Management Plan shall be considered enforceable administrative regulation.

SECTION 9-3809. - PERIODIC REVIEW.

Every two years, the City Manager shall review the operation of the Entertainment Zone to ensure that the Zone is being maintained in a manner that protects the health and safety of the general public. This review shall be conducted in consultation with the Police Department and Code Enforcement. The City Manager shall present the findings to the city council and any reports produced during the review shall be made available to ABC upon request.]

SECTION 2. Section 9-2503(a) is Amended to read:

SECTION 9-2503

(a) No person shall drink any beer, wine or other intoxicating beverage on any street, sidewalk, pedestrian mall, alley, highway, playground, parking lot open to the general public or other lot open to the general public[, unless expressly authorized through a Special Event Permit].

SECTION 3. This ordinance shall become effective and in full force and effect at 12:01 a.m. on the thirty-first day after its final passage.

REPORT TO THE CITY COUNCIL

FROM: MINDY CASTO, Chief of Police
Office of the Chief

BY: BURKE FARRAH, Deputy Chief
Police Department/Support Division

SUBJECT

***RESOLUTION - Naming the “Arakelian Family Kennels” (Subject to Mayor’s Veto)

RECOMMENDATION

Staff recommends Council adopt the Resolution naming the “Arakelian Family Kennels”.

EXECUTIVE SUMMARY

The Fresno Police Department is recommending the soon to be completed new K9 kennel facility be named the Arakelian Family Kennels. The Fresno Police Department (FPD) K9 Unit was established in 1993 and is located on a 16.29 acre site at 4772 E. Robinson Avenue. The FPD K9 Unit is a specialized unit under the Support Division.

BACKGROUND

The police dogs are utilized every day, assisting patrol and other specialized department units with warrant arrests, building searches, suspect tracking, evidence location, vehicle stop, narcotic searches, dignitary protection, and accompanied by special units if necessary. The department currently has 12 canine handlers and canines. In 2024, the K9 Unit responded to more than 3,200 calls for service and assisted in over 800 arrests. Although response to K9 requests for patrol is the department’s top priority, members of the K9 Unit do respond to community “meet and greets”. The community strongly supports our K9 Unit that almost on a weekly basis they are being requested for various events at local schools, career fairs, service clubs, and the Big Fresno Fair.

The FPD K9 Unit has several K9s that are certified in fentanyl-detection the first in Fresno County. In addition, the K9s and their handlers have competed in regional K9 trials and has won awards in agility, obedience, explosive detection, and patrol competitions. The competitions have occurred throughout California and Las Vegas, Nevada.

The canines reside with their respective handlers; however, there are occasions where the canine will be kenneled. Currently, there isn’t a location the department can utilize for kenneling, resulting in other handlers overseeing that canine until the handler returns from either vacation or training. This can be very contentious resulting in possible anxiety or aggressiveness for one or both canines. The department makes every effort to minimize this type of situation.

As a result of these issues, private donations were sought with the funds being deposited in the Fresno Police Officers Foundation (FPOF) for future disbursements to the K9 Unit. Based on the need for a safety K9 kennel, a substantial private donation from Fresno/Clovis native Eddie Kay Arakelian was made. This donation is designated to support the development of the pre- and actual construction of the 1,300 square foot kennel. Eddie Arakelian is a lifelong resident of Fresno/Clovis, a respected businessman, and a strong supporter of law enforcement. Because of his commitment to serving the community and supporting law enforcement, he donated funds to construct an energy-efficient and

sustainable kennel for the department's K9s.

ENVIRONMENTAL FINDINGS

This is not a "project" for the purposes of CEQA, pursuant to CEQA Guidelines Section 15378.

LOCAL PREFERENCE

Local preference was not considered because the renaming of a City kennel does not include a bid or award of construction or service.

FISCAL IMPACT

Funding for this project will have no impact on the City of Fresno's General Fund. The funds were donated by a private donor to fund the construction of a K9 kennel.

RESOLUTION NO. _____

A RESOLUTION OF THE COUNCIL OF THE CITY OF FRESNO, CALIFORNIA, NAMING THE "ARAKELIAN FAMILY KENNELS"

WHEREAS, the Fresno Police Department K9 field at 4772 East Robinson Avenue in Fresno does not currently have a formal designation; and

WHEREAS, Eddie K. Arakelian, Jr. is a lifelong Central Valley and Fresno/Clovis native who has dedicated his life to serving this community; and

WHEREAS, Eddie Arakelian is a businessman involved in real estate and construction industries; and

WHEREAS, Eddie Arakelian served in leadership roles of multiple private companies, including flooring contracting and real estate holdings in Fresno; and

WHEREAS, Eddie Arakelian serves as the President, Chief Financial Officer, Director and Secretary of several companies in Fresno/Clovis; and

WHEREAS, Eddie Arakelian has made it his mission in life to continue his entrepreneurial work; and

WHEREAS, Eddie Arakelian has made it a priority to continue to support law enforcement in providing a substantial private donation to support the development of the pre- and actual construction of the 1,300 square foot kennel to provide safety and shelter to our four-legged partners (K9's).

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Fresno as follows:

Date Adopted:
Date Approved:
Effective Date:
City Attorney Approval: 

1. The K9 field at 4772 East Robinson Avenue in Fresno shall hereafter be named the "Arakelian Family Kennels"

2. This resolution is exempt from the 2020-272 Council Resolution requiring review by the Historic Preservation Commission.

3. This resolution shall be effective upon final approval.

REPORT TO THE CITY COUNCIL

FROM: PAUL AMICO, PE, Director
Department of Public Utilities

BY: JILLIAN GAYTAN, Business Manager
Department of Public Utilities - Administration

CHRISTINA SEMONIOUS, Management Analyst II
Department of Public Utilities - Administration

SUBJECT

Approve the First Amendment to the Consultant Services Agreement with Bodewell Group LLC for stakeholder engagement and public education support services to increase the compensation by $1,156,632, for a total contract amount not to exceed $2,494,632 (Citywide)

RECOMMENDATION

Staff recommend City Council approve the First Amendment to the Consultant Services Agreement (Amendment) with Bodewell Group LLC (Consultant) for stakeholder engagement and public education support services, to increase compensation by $1,156,632 for a total contract amount not to exceed $2,494,632, change the name of Consultant, and authorize the Director of Public Utilities, or designee, to sign the amendment.

EXECUTIVE SUMMARY

The Department of Public Utilities (DPU) provides high quality utility services professionally, efficiently and in an environmentally responsible manner to ensure the health and safety of our community. Stakeholder engagement and public education are essential for communicating and demonstrating the value of utility services and building and maintaining the trust and support of customers. DPU uses a programmatic approach to engagement and education that addresses the unique cultural, linguistic, and socioeconomic diversity of Fresno to maximize the efficiency and impact of its different customer education and outreach efforts.

DPU entered into the original agreement with the Consultant in December 2024 to prepare a strategic communications plan and provide programmatic support for DPU's Stakeholder Engagement and Public Education Program (Program). This amendment provides compensation to continue the consulting support services for the Program.

BACKGROUND

Stakeholder engagement and public education services have been provided by outside consultants to DPU since 1993. DPU relies on outside consultants for these services because the specific knowledge and skills for engagement and education are not possessed by DPU. The need for stakeholder engagement and public education is constant, and DPU needs to continue to work with outside consultants to expand and enhance these efforts.

On December 16, 2024, the City entered into an agreement with the Consultant to provide Program support, expert opinions, and management consulting services on the most effective means and methods for conducting specific engagement and education campaigns for each of DPU's operating divisions. The services included an audit of current education and outreach materials and development of a five-year implementation strategy. The Consultant has been collaborating with DPU on specific campaign messaging related to topics such as organic waste recycling, disposal of household hazardous waste, the used motor oil collection program, water conservation, lawn to garden conversion, water conservation rebates, and providing other stakeholder engagement support.

All work performed by the Consultant to date has been completed to DPU's satisfaction in a timely and professional manner. The original agreement anticipated that the compensation would fund one-year of professional services, with subsequent amendments for the additional years in the contract term. The First Amendment includes $1,156,632 in additional compensation to continue the services, for a total contract amount not to exceed $2,494,632.

The City Attorney's Office has reviewed the amendment and approved as to form. Upon approval by the City Council, the Amendment will be signed by the Director of Public Utilities, or designee.

ENVIRONMENTAL FINDINGS

By definition of the California Environmental Quality Act (CEQA) Guidelines Section 15378, the approval of this agreement is not a "Project" for the purposes of CEQA.

LOCAL PREFERENCE

Local Preference was not implemented because this is an amendment to an existing consultant services agreement.

FISCAL IMPACT

There is no impact to the General Fund. Funding for this agreement is included in DPU's Fiscal Year 2026 Administration, Water, Solid Waste Management, and Wastewater Management Enterprise Funds. Future funding will be budgeted in the various Enterprise Funds as recommended in the communications plan in alignment with the five-year budget and DPU's financial plan.

FIRST AMENDMENT TO AGREEMENT

THIS FIRST AMENDMENT TO CONSULTANT SERVICES AGREEMENT (Amendment) made and entered into as of _____, 2026 between the City of Fresno, a California municipal corporation, (City), and Bodewell Group LLC, a Delaware Limited Liability Company (Consultant).

RECITALS

A. On December 16, 2024, the City and the Consultant entered into a Consultant Services Agreement (Agreement) for the Consultant to provide professional consulting services for Stakeholder Engagement and Public Education Program Support (Project) for a total fee not to exceed $1,338,000.00, paid on the basis of the rates set forth in the Agreement.

B. Following execution of the Agreement, the City and the Consultant determined that additional funding was necessary to complete the scope of work over the three-year term of the agreement, as the original contract amount was for one year of work.

C. The City and the Consultant desire to enter into a First Amendment to the Agreement to increase the compensation by $1,156,632.00, for a total contract amount not to exceed $2,494,632, for stakeholder engagement and public education services, and to update the Consultant's schedule of fees and expenses to reflect the Consultant's current rates.

D. Additionally, the City and Consultant determined that the Agreement erroneously identified the Consultant as Southwest Strategies Group. At the time the Agreement was executed, the Consultant's name was Southwest Strategies, LLC. Since executing the Agreement, Consultant has changed its name to Bodewell Group LLC.

E. With entry into this Amendment, the Consultant agrees it has no claim, demand, or dispute against the City.

AGREEMENT

NOW, THEREFORE, in consideration of the above recitals, which recitals are contractual in nature, the mutual promises herein conditioned, and for other good and valuable consideration hereby acknowledge, the parties agree that the aforesaid Agreement be amended as follows:

1. The above recitals are incorporated and made part of this Amendment.

2. Section 3(a) of the Agreement is amended in its entirety to read as follows:

> "(a) The Consultant's sole compensation for satisfactory performance of all services required or rendered pursuant to this Agreement shall not exceed $2,494,632, paid on the basis of the rates set forth in the schedule of fees and expenses contained in **Exhibit A**."

3. The schedule of fees and expenses contained in Exhibit A to the Agreement is replaced in its entirety with the attached Exhibit A-1.

4. In the event of any conflict between the body of this Amendment and the Agreement, the terms and conditions of the body of this Amendment shall control and take precedence over the terms and conditions expressed within the Agreement. Furthermore, any terms or conditions contained within the Agreement which purport to modify the allocation of risk between the parties, provided for within the body of this Amendment, shall be null and void.

5. Except as otherwise provided herein, the Agreement entered into by the City and the Consultant on December 16, 2024, remains in full force and effect.

IN WITNESS WHEREOF, the parties have executed this Amendment at Fresno, California, the day and year first above written.

AGREEMENT
CITY OF FRESNO, CALIFORNIA
CONSULTANT SERVICES

THIS AGREEMENT (Agreement) is made and entered into, effective on December 16, 2024, by and between the CITY OF FRESNO, a California municipal corporation (City), and Southwest Strategies Group, a Delaware corporation (Consultant).

RECITALS

WHEREAS, the City desires to obtain professional consulting services for Stakeholder Engagement and Public Education Program Support (Project); and

WHEREAS, the Consultant is engaged in the business of furnishing services as a engagement, education, and communications consultant and hereby represents that it desires to and is professionally and legally capable of performing the services called for by this Agreement; and

WHEREAS, the Consultant acknowledges that this Agreement is subject to the requirements of Fresno Municipal Code Section 4-107 and Administrative Order No. 6-19; and

WHEREAS, this Agreement will be administered for the City by its Director of Public Utilities (Administrator) or designee.

AGREEMENT

NOW, THEREFORE, in consideration of the foregoing and of the covenants, conditions, and premises hereinafter contained to be kept and performed by the respective parties, it is mutually agreed as follows:

1. Scope of Services. The Consultant shall perform to the satisfaction of the City the services described in **Exhibit A**, including all work incidental to, or necessary to perform, such services even though not specifically described in **Exhibit A**.

2. Term of Agreement and Time for Performance. This Agreement shall be effective from the date first set forth above (Effective Date) and shall continue in full force and effect through December 31, 2027, subject to any earlier termination in accordance with this Agreement. The services of the Consultant as described in **Exhibit A** are to commence upon the Effective Date and shall be completed in a sequence assuring expeditious completion, but in any event, all such services shall be completed prior to expiration of this Agreement and in accordance with any performance schedule set forth in **Exhibit A**.

3. Compensation.

   (a) The Consultant's sole compensation for satisfactory performance of all services required or rendered pursuant to this Agreement shall not exceed $1,338,000, paid on the basis of the rates set forth in the schedule of fees and expenses contained in **Exhibit A**.

(b) Detailed statements shall be rendered monthly for services performed in the preceding month and will be payable in the normal course of City business. The City shall not be obligated to reimburse any expense for which it has not received a detailed invoice with applicable copies of representative and identifiable receipts or records substantiating such expense.

(c) The parties may modify this Agreement to increase or decrease the scope of services or provide for the rendition of services not required by this Agreement, which modification shall include an adjustment to the Consultant's compensation. Any change in the scope of services must be made by written amendment to the Agreement signed by an authorized representative for each party. The Consultant shall not be entitled to any additional compensation if services are performed prior to a signed written amendment.

4. Termination, Remedies, and Force Majeure.

(a) This Agreement shall terminate without any liability of the City to the Consultant upon the earlier of: (i) the Consultant's filing for protection under the federal bankruptcy laws, or any bankruptcy petition or petition for receiver commenced by a third party against the Consultant; (ii) seven calendar days prior written notice with or without cause by the City to the Consultant; (iii) the City's non-appropriation of funds sufficient to meet its obligations hereunder during any City fiscal year of this Agreement, or insufficient funding for the Project; or (iv) expiration of this Agreement.

(b) Immediately upon any termination or expiration of this Agreement, the Consultant shall (i) immediately stop all work hereunder; (ii) immediately cause any and all of its subcontractors to cease work; and (iii) return to the City any and all unearned payments and all properties and materials in the possession of the Consultant that are owned by the City. Subject to the terms of this Agreement, the Consultant shall be paid compensation for services satisfactorily performed prior to the effective date of termination. The Consultant shall not be paid for any work or services performed or costs incurred which reasonably could have been avoided.

(c) In the event of termination due to failure of the Consultant to satisfactorily perform in accordance with the terms of this Agreement, the City may withhold an amount that would otherwise be payable as an offset to, but not in excess of, the City's damages caused by such failure. In no event shall any payment by the City pursuant to this Agreement constitute a waiver by the City of any breach of this Agreement which may then exist on the part of the Consultant, nor shall such payment impair or prejudice any remedy available to the City with respect to the breach.

(d) Upon any breach of this Agreement by the Consultant, the City may (i) exercise any right, remedy (in contract, law or equity), or privilege which may be available to it under applicable laws of the State of California or any other applicable law; (ii) proceed by appropriate court action to enforce the terms of the Agreement; and/or (iii) recover all direct, indirect, consequential,

economic and incidental damages for the breach of the Agreement. If it is determined that the City improperly terminated this Agreement for default, such termination shall be deemed a termination for convenience.

(e) The Consultant shall provide the City with adequate written assurances of future performance, upon Administrator's request, in the event the Consultant fails to comply with any terms or conditions of this Agreement.

(f) The Consultant shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Consultant and without its fault or negligence such as, acts of God or the public enemy, acts of the City in its contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Consultant shall notify Administrator in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, and shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to Administrator of the cessation of such occurrence.

5. Confidential Information and Ownership of Documents.

(a) Any reports, information, or other data prepared or assembled by the Consultant pursuant to this Agreement shall not be made available to any individual or organization by the Consultant without the prior written approval of the Administrator. During the term of this Agreement, and thereafter, the Consultant shall not, without the prior written consent of the City, disclose to anyone any Confidential Information. The term Confidential Information for the purposes of this Agreement shall include all proprietary and confidential information of the City, including but not limited to business plans, marketing plans, financial information, materials, compilations, documents, instruments, models, source or object codes and other information disclosed or submitted, orally, in writing, or by any other medium or media. All Confidential Information shall be and remain confidential and proprietary in the City.

(b) Any and all writings and documents prepared or provided by the Consultant pursuant to this Agreement are the property of the City at the time of preparation and shall be turned over to the City upon expiration or termination of the Agreement. The Consultant shall not permit the reproduction or use thereof by any other person except as otherwise expressly provided herein.

(c) If the Consultant should subcontract all or any portion of the services to be performed under this Agreement, the Consultant shall cause each subcontractor to also comply with the requirements of this Section 5.

(d) This Section 5 shall survive expiration or termination of this Agreement.

6. Professional Skill. It is further mutually understood and agreed by and between the parties hereto that inasmuch as the Consultant represents to the City that the Consultant and its subcontractors, if any, are skilled in the profession and shall perform in accordance with the standards of said profession necessary to perform

the services agreed to be done by it under this Agreement, the City relies upon the skill of the Consultant and any subcontractors to do and perform such services in a skillful manner and the Consultant agrees to thus perform the services and require the same of any subcontractors. Therefore, any acceptance of such services by the City shall not operate as a release of the Consultant or any subcontractors from said professional standards.

7. Indemnification. To the furthest extent allowed by law, including California Civil Code section 2782, Consultant shall indemnify, hold harmless and defend City and each of its officers, officials, employees, agents, and volunteers from any and all loss, liability, fines, penalties, forfeitures, costs and damages (whether in contract, tort or strict liability, including but not limited to personal injury, death at any time and property damage), and from any and all claims, demands and actions in law or equity (including reasonable attorney's fees, litigation expenses and cost to enforce this Agreement) that arise out of, pertain to, or relate to the negligence, recklessness or willful misconduct of Consultant, its principals, officers, employees, agents or volunteers in the performance of this Agreement.

If Consultant should subcontract all or any portion of the services to be performed under this Agreement, Consultant shall require each subcontractor to indemnify, hold harmless and defend City and each of its officers, officials, employees, agents, and volunteers in accordance with the terms of the preceding paragraph.

This section shall survive termination or expiration of this Agreement.

8. Insurance.

(a) Throughout the life of this Agreement, the Consultant shall pay for and maintain in full force and effect all insurance as required in **Exhibit B**, which is incorporated into and part of this Agreement, with an insurance company(ies) either (i) admitted by the California Insurance Commissioner to do business in the State of California and rated no less than “A-VII” in the Best’s Insurance Rating Guide, or (ii) as may be authorized in writing by the City’s Risk Manager or designee at any time and in its sole discretion. The required policies of insurance as stated in **Exhibit B** shall maintain limits of liability of not less than those amounts stated therein. However, the insurance limits available to the City, its officers, officials, employees, agents, and volunteers as additional insureds, shall be the greater of the minimum limits specified therein or the full limit of any insurance proceeds to the named insured.

(b) If at any time during the life of the Agreement or any extension, the Consultant or any of its subcontractors/sub-consultants fail to maintain any required insurance, all services and work under this Agreement shall be discontinued immediately, and all payments due, or that become due, to the Consultant shall be withheld until insurance is in compliance with the requirements. Any failure to maintain the required insurance shall be sufficient cause for the City to terminate this Agreement. No action taken by the City pursuant to this section shall in any way relieve the Consultant of its responsibilities under this Agreement. The phrase “fail to maintain any required insurance” shall include, without limitation, notification received by the City that an insurer has commenced proceedings, or has had proceedings commenced against it, indicating that the insurer is insolvent.

(c) The fact that insurance is obtained by the Consultant shall not be deemed to release or diminish the liability of the Consultant, including, without limitation, liability under the indemnity provisions of this Agreement. The duty to indemnify the City shall apply to all claims and liability regardless of whether any insurance policies are applicable. The policy limits do not act as a limitation upon the amount of indemnification to be provided by the Consultant. Approval or purchase of any insurance contracts or policies shall in no way relieve from liability nor limit the liability of the Consultant, its principals, officers, agents, employees, persons under the supervision of the Consultant, vendors, suppliers, invitees, consultants, sub-consultants, subcontractors, or anyone employed directly or indirectly by any of them.

9. Conflict of Interest and Non-Solicitation.

(a) Prior to the City's execution of this Agreement, the Consultant shall complete a City of Fresno conflict of interest disclosure statement in the form as set forth in **Exhibit C**. During the term of this Agreement, the Consultant shall have the obligation and duty to immediately notify the City in writing of any change to the information provided by the Consultant in such statement.

(b) The Consultant shall comply, and require its subcontractors to comply, with all applicable (i) professional canons and requirements governing avoidance of impermissible client conflicts; and (ii) federal, state, and local conflict of interest laws and regulations including, without limitation, California Government Code Section 1090 et. seq., the California Political Reform Act (California Government Code Section 87100 et. seq.) and the regulations of the Fair Political Practices Commission concerning disclosure and disqualification (2 California Code of Regulations Section 18700 et. seq.). At any time, upon written request of the City, the Consultant shall provide a written opinion of its legal counsel and that of any subcontractor that, after a due diligent inquiry, the Consultant and the respective subcontractor(s) are in full compliance with all laws and regulations. The Consultant shall take, and require its subcontractors to take, reasonable steps to avoid any appearance of a conflict of interest. Upon discovery of any facts giving rise to the appearance of a conflict of interest, the Consultant shall immediately notify the City of these facts in writing.

(c) Consultant's duties and services under this Agreement shall not include preparing or assisting the City with any portion of the City's preparation of a request for proposals, request for qualifications, or any other solicitation regarding a subsequent or additional contract with the City. The City entering this Agreement shall at all times retain responsibility for public contracting, including with respect to any subsequent phase of this Project. Consultant's participation in the planning, discussions, or drawing of project plans or specifications shall be limited to conceptual, preliminary, or initial plans or specifications. Consultant shall cooperate with the City to ensure that all bidders for a subsequent contract on any subsequent phase of this Project have access to the same information, including all conceptual, preliminary, or

initial plans or specifications prepared by Consultant pursuant to this Agreement.

(d) In performing the work or services to be provided hereunder, the Consultant shall not employ or retain the services of any person while such person either is employed by the City or is a member of any City council, commission, board, committee, or similar City body. This requirement may be waived in writing by the City Manager, if no actual or potential conflict is involved.

(e) The Consultant represents and warrants that it has not paid or agreed to pay any compensation, contingent or otherwise, direct or indirect, to solicit, or procure this Agreement or any rights/benefits hereunder.

(f) Neither the Consultant, nor any of the Consultant's subcontractors performing any services on this Project, shall bid for, assist anyone in the preparation of a bid for, or perform any services pursuant to, any other contract in connection with this Project unless fully disclosed to and approved by the City Manager, in advance and in writing. The Consultant and any of its subcontractors shall have no interest, direct or indirect, in any other contract with a third party in connection with this Project unless such interest is in accordance with all applicable law and fully disclosed to and approved by the City Manager, in advance and in writing. Notwithstanding any approval given by the City Manager under this provision, the Consultant shall remain responsible for complying with Section 9(b), above.

(g) If the Consultant should subcontract all or any portion of the work to be performed or services to be provided under this Agreement, the Consultant shall include the provisions of this Section 9 in each subcontract and require its subcontractors to comply therewith.

(h) This Section 9 shall survive expiration or termination of this Agreement.

10. Recycling Program. In the event the Consultant maintains an office or operates a facility(ies), or is required herein to maintain or operate same, within the incorporated limits of the City of Fresno, the Consultant at its sole cost and expense shall:

(a) Immediately establish and maintain a viable and ongoing recycling program, approved by the City's Solid Waste Management Division, for each office and facility. Literature describing the City recycling programs is available from the City's Solid Waste Management Division and by calling City of Fresno Recycling Hotline at (559) 621-1111.

(b) Immediately contact the City's Solid Waste Management Division at (559) 621-1452 and schedule a free waste audit, and cooperate with such Division in their conduct of the audit for each office and facility.

(c) Cooperate with and demonstrate to the satisfaction of the City's Solid Waste Management Division the establishment of the recycling program in paragraph (a) above and the ongoing maintenance thereof.

11. General Terms.

(a) Except as otherwise provided by law, all notices expressly required of the City within the body of this Agreement, and not otherwise specifically provided for, shall be effective only if signed by the Administrator or designee.

(b) Records of the Consultant's expenses pertaining to the Project shall be kept on a generally recognized accounting basis and shall be available to the City or its authorized representatives upon request during regular business hours throughout the life of this Agreement and for a period of three years after final payment or, if longer, for any period required by law. In addition, all books, documents, papers, and records of the Consultant pertaining to the Project shall be available for the purpose of making audits, examinations, excerpts, and transcriptions for the same period of time. If any litigation, claim, negotiations, audit or other action is commenced before the expiration of said time period, all records shall be retained and made available to the City until such action is resolved, or until the end of said time period whichever shall later occur. If the Consultant should subcontract all or any portion of the services to be performed under this Agreement, the Consultant shall cause each subcontractor to also comply with the requirements of this paragraph. This Section 11(b) shall survive expiration or termination of this Agreement.

(c) Prior to execution of this Agreement by the City, the Consultant shall have provided evidence to the City that the Consultant is licensed to perform the services called for by this Agreement (or that no license is required). If the Consultant should subcontract all or any portion of the work or services to be performed under this Agreement, the Consultant shall require each subcontractor to provide evidence to the City that subcontractor is licensed to perform the services called for by this Agreement (or that no license is required) before beginning work.

12. Nondiscrimination. To the extent required by controlling federal, state and local law, the Consultant shall not employ discriminatory practices in the provision of services, employment of personnel, or in any other respect on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, age, sexual orientation, ethnicity, status as a disabled veteran or veteran of the Vietnam era. Subject to the foregoing and during the performance of this Agreement, the Consultant agrees as follows:

(a) The Consultant will comply with all applicable laws and regulations providing that no person shall, on the grounds of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, age, sexual orientation, ethnicity, status as a disabled veteran or veteran of the Vietnam era be excluded from participation in, be denied the benefits of, or be subject to discrimination under any program or activity made possible by or resulting from this Agreement.

(b) The Consultant will not discriminate against any employee or applicant for employment because of race, religious creed, color, national origin, ancestry,

physical disability, mental disability, medical condition, marital status, sex, age, sexual orientation, ethnicity, status as a disabled veteran or veteran of the Vietnam era. The Consultant shall ensure that applicants are employed, and the employees are treated during employment, without regard to their race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, age, sexual orientation, ethnicity, status as a disabled veteran or veteran of the Vietnam era. Such requirement shall apply to the Consultant's employment practices including, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Consultant agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provision of this nondiscrimination clause.

(c) The Consultant will, in all solicitations or advertisements for employees placed by or on behalf of the Consultant in pursuit hereof, state that all qualified applicants will receive consideration for employment without regard to race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, age, sexual orientation, ethnicity, status as a disabled veteran or veteran of the Vietnam era.

(d) The Consultant will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice advising such labor union or workers' representatives of the Consultant's commitment under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(e) If the Consultant should subcontract all or any portion of the services to be performed under this Agreement, the Consultant shall cause each subcontractor to also comply with the requirements of this Section 12.

13. Independent Contractor.

(a) In the furnishing of the services provided for herein, the Consultant is acting solely as an independent contractor. Neither the Consultant, nor any of its officers, agents, or employees shall be deemed an officer, agent, employee, joint venturer, partner or associate of the City for any purpose. The City shall have no right to control or supervise or direct the manner or method by which the Consultant shall perform its work and functions. However, the City shall retain the right to administer this Agreement so as to verify that the Consultant is performing its obligations in accordance with the terms and conditions thereof.

(b) This Agreement does not evidence a partnership or joint venture between the Consultant and the City. The Consultant shall have no authority to bind the City absent the City's express written consent. Except to the extent otherwise

provided in this Agreement, the Consultant shall bear its own costs and expenses in pursuit thereof.

(c) Because of its status as an independent contractor, the Consultant and its officers, agents, and employees shall have absolutely no right to employment rights and benefits available to the City employees. The Consultant shall be solely liable and responsible for all payroll and tax withholding and for providing to, or on behalf of, its employees all employee benefits including, without limitation, health, welfare and retirement benefits. In addition, together with its other obligations under this Agreement, the Consultant shall be solely responsible**,** indemnify, defend and save the City harmless from all matters relating to employment and tax withholding for and payment of the Consultant's employees, including, without limitation, (i) compliance with Social Security and unemployment insurance withholding, payment of workers' compensation benefits, and all other laws and regulations governing matters of employee withholding, taxes and payment; and (ii) any claim of right or interest in the City employment benefits, entitlements, programs and/or funds offered employees of the City whether arising by reason of any common law, de facto, leased, or co-employee rights or other theory**.** It is acknowledged that during the term of this Agreement, the Consultant may be providing services to others unrelated to the City or to this Agreement.

14. Notices. Any notice required or intended to be given to either party under the terms of this Agreement shall be in writing and shall be deemed to be duly given if delivered personally, transmitted by facsimile followed by telephone confirmation of receipt, or sent by United States registered or certified mail, with postage prepaid, return receipt requested, addressed to the party to which notice is to be given at the party's address set forth on the signature page of this Agreement or at such other address as the parties may from time to time designate by written notice. Notices served by United States mail in the manner above described shall be deemed sufficiently served or given at the time of the mailing thereof.

15. Binding. Subject to Section 16, below, once this Agreement is signed by all parties, it shall be binding upon, and shall inure to the benefit of, all parties, and each parties' respective heirs, successors, assigns, transferees, agents, servants, employees, and representatives.

16. Assignment.

(a) This Agreement is personal to the Consultant and there shall be no assignment by the Consultant of its rights or obligations under this Agreement without the prior written approval of the City Manager or designee. Any attempted assignment by the Consultant, its successors or assigns, shall be null and void unless approved in writing by the City Manager or designee.

(b) The Consultant hereby agrees not to assign the payment of any monies due the Consultant from the City under the terms of this Agreement to any other individual(s), corporation(s) or entity(ies). The City retains the right to pay any and all monies due the Consultant directly to the Consultant.

17. Compliance With Law. In providing the services required under this Agreement, the Consultant shall at all times comply with all applicable laws of the United States, the State of California and the City, and with all applicable regulations promulgated by federal, state, regional, or local administrative and regulatory agencies, now in force and as they may be enacted, issued, or amended during the term of this Agreement.

18. Waiver. The waiver by either party of a breach by the other of any provision of this Agreement shall not constitute a continuing waiver or a waiver of any subsequent breach of either the same or a different provision of this Agreement. No provisions of this Agreement may be waived unless in writing and signed by all parties to this Agreement. Waiver of any one provision herein shall not be deemed to be a waiver of any other provision herein.

19. Governing Law and Venue. This Agreement shall be governed by, and construed and enforced in accordance with, the laws of the State of California, excluding, however, any conflict of laws rule which would apply the law of another jurisdiction. Venue for purposes of the filing of any action regarding the enforcement or interpretation of this Agreement and any rights and duties hereunder shall be Fresno County, California.

20. Headings. The section headings in this Agreement are for convenience and reference only and shall not be construed or held in any way to explain, modify or add to the interpretation or meaning of the provisions of this Agreement.

21. Severability. The provisions of this Agreement are severable. The invalidity, or unenforceability of any one provision in this Agreement shall not affect the other provisions.

22. Interpretation. The parties acknowledge that this Agreement in its final form is the result of the combined efforts of the parties and that, should any provision of this Agreement be found to be ambiguous in any way, such ambiguity shall not be resolved by construing this Agreement in favor of or against either party, but rather by construing the terms in accordance with their generally accepted meaning.

23. Attorney's Fees. If either party is required to commence any proceeding or legal action to enforce or interpret any term, covenant or condition of this Agreement, the prevailing party in such proceeding or action shall be entitled to recover from the other party its reasonable attorney's fees and legal expenses.

24. Exhibits. Each exhibit and attachment referenced in this Agreement is, by the reference, incorporated into and made a part of this Agreement.

25. Precedence of Documents. In the event of any conflict between the body of this Agreement and any Exhibit or Attachment hereto, the terms and conditions of the body of this Agreement shall control and take precedence over the terms and conditions expressed within the Exhibit or Attachment. Furthermore, any terms or conditions contained within any Exhibit or Attachment hereto which purport to modify the allocation of risk between the parties, provided for within the body of this Agreement, shall be null and void.

26. Cumulative Remedies. No remedy or election hereunder shall be deemed exclusive but shall, wherever possible, be cumulative with all other remedies at law or in equity.

27. No Third Party Beneficiaries. The rights, interests, duties and obligations defined within this Agreement are intended for the specific parties hereto as identified in the preamble of this Agreement. Notwithstanding anything stated to the contrary in this Agreement, it is not intended that any rights or interests in this Agreement benefit or flow to the interest of any third parties.

28. Extent of Agreement. Each party acknowledges that they have read and fully understand the contents of this Agreement. This Agreement represents the entire and integrated agreement between the parties with respect to the subject matter hereof and supersedes all prior negotiations, representations or agreements, either written or oral. This Agreement may be modified only by written instrument duly authorized and executed by both the City and the Consultant.

29. The City Manager, or designee, is hereby authorized and directed to execute and implement this Agreement. The previous sentence is not intended to delegate any authority to the City Manager to administer the Agreement, any delegation of authority must be expressly included in the Agreement.

[SIGNATURES FOLLOW ON THE NEXT PAGE.]

IN WITNESS WHEREOF, the parties have executed this Agreement at Fresno, California, the day and year first above written.

SCOPE OF SERVICES
Consultant Service Agreement between City of Fresno (City)
and Southwest Strategies Group (Consultant)
Stakeholder Engagement and Public Education Program Support

PROGRAM GOALS AND OBJECTIVES

Key goals of the Department of Public Utilities' (DPU) Stakeholder Engagement and Public Education Program include informing customers about the following:

1. The services DPU provides and the value customers receive.
2. The importance of utility rate adjustments.
3. Schedule and program changes.
4. Service requirements, local regulations and requirements, and resources and programs available.
5. Environmental issues and the role customers play in preventing and/or resolving them.
6. Environmental and resource protection.
7. How utility issues affect our community and economy.
8. Statutory and regulatory mandates, and other regulatory-required communication.
9. Resource management plans and programs, including water conservation, recycled water, solid waste recycling, etc.
10. The importance of asset management.
11. Other Department and Division issues.

DPU's Administration Division is responsible for leading and managing the Stakeholder Engagement and Public Education Program and will be managing this scope of work. In this role, DPU Administration oversees and coordinates engagement and education activities across the operating divisions, prioritizes messaging needs, drives consistency in engagement and education materials and messaging, and approves all engagement and education activities and deliverables. DPU Administration is also responsible for communication with City Administration regarding Department operations, utility services, emergencies, and all other DPU business.

SCOPE OF SERVICES

The Scope of Services includes providing engagement and education program management consulting services for the following tasks over a three-year period starting January 1, 2025:

1. Leveraging the experience and expertise of public engagement and education experts to develop DPU's strategic communications plan.
2. Developing the Stakeholder Engagement and Public Education Program plan and advising on the annual Program budget.
3. Providing expert opinions on the most effective means and methods for conducting stakeholder engagement and public education and on specific engagement and education campaigns.
4. Developing themes and content for routine customer communications and providing communications experts' services for designing collateral materials.
5. Translating collateral materials into Spanish, Hmong, Punjabi, or other languages as needed.
6. Provide services such as videography, photography, graphic design, animation, copy writing, voiceover, and on-air talent for social media and mainstream media messaging.
7. Supporting the Proposition 218 process communication and notice printing.
8. Providing as-needed Stakeholder Engagement and Public Education activities for unplanned or emergency communications.
9. Managing DPU customer polling and research.

TASK 1: PROGRAM PLANNING, BUDGETING, AND MANAGEMENT

This task will be used to establish the overall Stakeholder Engagement and Public Education Program strategy and 5-year plan and budget. The following activities will be used to complete this task:

1. Prepare for and conduct an in-person kickoff meeting to clarify and discuss the project goals, scope of work, schedule, project communications plan, invoicing and progress reporting, and other related project management topics. Prepare and distribute a meeting summary and high-level project management plan. Assumes participation by four consultants – project manager and three Division leads.
2. Review past outreach and education materials. Develop file library of all messaging, templates, plans and education materials that will be used to inform future strategy. Develop recommendation summary of thematic or global changes to be made for future materials and include recommendation summary as appendix to Strategic Stakeholder Engagement and Public Education Plan. Assumes City will provide all relevant past materials for team review.
3. Prepare for and conduct a strategic outreach planning session or sessions with DPU and prepare a Strategic Stakeholder Engagement and Public Education Plan that includes a vision and strategy for Department-wide engagement and education programming for the duration of the contract. Prepare a draft Strategic Stakeholder Engagement and Public Education Plan, conduct one virtual meeting to review and discuss DPU comments, and prepare a final Strategic Stakeholder Engagement and Public Education Plan. Include a roadmap as an appendix to the Strategic Stakeholder Engagement and Public Education Plan, which will serve as an overall schedule of milestones and priorities. Advise on annual budget appropriations for implementing the Stakeholder Engagement and Public

Education Program strategy and plan. Assist DPU in preparation of documents and data that support the budget appropriations.

4. Coordinate monthly with DPU Administration and the City Communications Team on engagement and education activities. Meetings will include strategizing and prioritizing Department and Division engagement and education needs, reporting on outstanding and completed activities, and discussing any new engagement and education needs. Manage the meeting series, facilitate agenda development, prepare meeting summaries, and track Stakeholder Engagement and Public Education Program activities. Meetings can be a mix of virtual and in-person, and a minimum of quarterly in-person meetings or included. Assumes one quarterly in-person meeting and two quarterly virtual meetings, attended by four consultant staff (project manager and Division leads).

TASK 2: ENGAGEMENT AND EDUCATION CAMPAIGNS

This task will be used to conduct specific engagement and education campaigns for each of the operating divisions. DPU recognizes that the level of effort will vary depending on the specific campaign, campaign goals, media selected for the campaign, and the number and frequency of campaign events. An overarching level of effort is included for this task, but specific purchase orders will be developed and issued for each campaign.

This task includes an overall level of effort and cost to provide management consulting services and expert opinions to conduct the following stakeholder engagement and public education campaigns:

1. Solid waste:
    a. Reducing contamination of recycling and green waste carts
    b. SB1383 organics recycling
    c. Disposal of flexible plastic materials
    d. Proper household hazardous waste disposal (crossover with Wastewater)

2. Wastewater:
    a. Proper disposal of fats, oils, and grease (FOG)
    b. Reducing the use of and the proper disposal of so-called flushable wipes

3. Water:
    a. Drought stages and the requirements for each stage
    b. Water conservation and reducing water waste
    c. Drought tolerant landscaping practices and lawn-to-garden conversion

4. Administration and Utilities Planning & Engineering
    a. Highlight facilities, technology, and projects by the Department that benefit our customers
    b. Promote capital improvement projects

The types of tasks to be included in each campaign may include informational materials (digital and print), notifications, paid advertising, community engagement activities, education programs for a range of audiences, partnerships and special events.

TASK 3: CONTENT DEVELOPMENT AND SUPPORT

This task will be used to develop content for DPU's routine customer- and public-facing communications through social media, bill inserts, and the website.

1. Develop DPU social media plan and content (Facebook, Twitter/X, Instagram, Nextdoor)
    a. Develop a rolling three-month social media lookahead schedule incorporating content from all Divisions, Department priority messaging, recruiting opportunities, and other messaging goals identified in the strategy and plan developed in Task 1. The schedule should also track past social media posts and themes to illustrate the ongoing DPU storyline and how the customers and DPU work together to deliver DPU's mission.
    b. Deliver the social media content prior to the start of each month to DPU Administration for posting on either DPU's or City of Fresno's social media platforms. In accordance with City of Fresno Administrative Order 8-20, content will be provided in a manner that allows members of the public with disabilities to access information that is comparable to information provided to persons with disabilities.
    c. Photos and videos will be provided as needed to supplement existing DPU assets, and graphics will be identified for all posts (assumes 50/50 split between photos/videos and graphics).
2. Design monthly utility inserts with timely information about key services and issues, in harmony with the social media plan and overall messaging strategy developed in Task 1.
    a. Develop content and provide graphic design of ADA-compliant monthly standard envelope-size pieces to be sent to a third-party print and mail house for printing and insertion into the City's monthly utility bills. DPU pays for printing directly; this task does not include bill insert printing.
    b. Includes as-needed translation into Spanish, Hmong, Punjabi, or other languages. Assumes approximately 10,000 words in Hmong and 10,000 words in Punjabi. Spanish translation will be completed in-house.
3. Assist in developing quarterly website updates and revisions, including creating digital image files, videos, and other creative content. DPU will provide high-resolution digital photographs and videos for the website.
4. Support development of required Annual Water Quality Report. Includes content outline and development schedule, coordination with subject matter expert authors to produce draft content, editing services, development of the executive summary, identification of graphics and images, development of layout, translation into Spanish, Hmong and Punjabi, and final production of an ADA-compliant document. Includes two rounds of City review for Annual Water Quality Report – one for draft content and one for full layout. Does not include printing and mailing.

5. Provide as-needed graphic design, digital photo and video editing, and translation services for social media, presentations, community meetings, posters, display materials, presentations, and literature. Includes rough level of effort for as-needed tasks.

TASK 4: PROPOSITION 218 SUPPORT AND NOTICE DEVELOPMENT

Additional engagement and education support for the Proposition 218 rate-setting process may include media buys through mediums such as television, radio, print, and digital to amplify key messaging. Develop communication materials (presentations, collateral pieces, media outreach materials, etc.) and conduct logistical support as part of the Proposition 218 process for Water and Wastewater rate updates.

Develop communication plans specific to each Proposition 218 process with messaging, schedule, audiences, strategies, tactics and metrics. Develop core materials for each Proposition 218 process (including fact sheet, Frequently Asked Questions document, presentation, website landing page content and explainer video), and provide recommendations and support for community meetings and stakeholder group presentations.

PacWest should assume that 250,000 notices will need to be sent. Assume that the notice is two to three sheets, printed on both sides, a single protest card, and a return envelope.

TASK 5: OTHER AS-NEEDED ENGAGEMENT AND EDUCATION SUPPORT

DPU envisions that the above scope includes most or all services that will be performed over the contract term, but other needs may arise from time to time that may require management consulting services and providing expert opinions related to strategic communication and/or engagement and education activities. A general level of effort is was not included for Task 5, and as needs arise, activities will be discussed with DPU to receive concurrence on scope and budget, and the contract may be amended to conduct additional scope activities.

TASK 6: CUSTOMER POLLING AND RESEARCH

Surveys can provide quantitative and statistically valid results for a given topic depending upon the survey design and population queried. This effort would be managed by the consultant but conducted by a third-party research firm. The purposes of the survey would be to:

- Gauge general awareness of and sentiment about DPU
- Identify depth of knowledge around specific DPU issues of interest
- Identify support or opposition around specific DPU issues of interest
- Identify trusted messengers for communications
- Identify willingness to pay for investments

As with any survey, upfront general questions will be asked to guide the participant down a swift path to drill deep into the specific subject matter.

With a third-party polling partner, one (1) city-wide survey would be conducted to determine awareness, depth of knowledge and support for DPU issues of interest. The survey would be conducted in English and Spanish via phone and online. Additional languages are also available as needed.

The survey would have a statistical accuracy of about 10%, which is roughly 90% accuracy. The sample size can be increased to improve accuracy, but the additional cost will be disproportionate to the improvement in accuracy.

The third-party research firm will conduct the survey as a result of their extensive experience conducting public opinion polls with California public agencies and municipalities. The City will review and approve the survey questionnaire prior to the survey implementation, and a detailed findings report will be provided following the survey including all demographics and cross-tabulations. The research firm will present a review of the findings to the City and discuss insights and recommendations.

INSURANCE REQUIREMENTS
Consultant Service Agreement between City of Fresno (City) And Southwest Strategies Group (Consultant)
Stakeholder Engagement and Public Education Program Support

MINIMUM SCOPE OF INSURANCE

Coverage shall be at least as broad as:

1. The most current version of Insurance Services Office (ISO) Commercial General Liability Coverage Form CG 00 01, providing liability coverage arising out of your business operations. The Commercial General Liability policy shall be written on an occurrence form and shall provide coverage for "bodily injury," "property damage" and "personal and advertising injury" with coverage for premises and operations (including the use of owned and non-owned equipment), products and completed operations, and contractual liability (including, without limitation, indemnity obligations under the Agreement) with limits of liability not less than those set forth under "Minimum Limits of Insurance."

2. The most current version of Commercial Auto Coverage Form CA 00 01, providing liability coverage arising out of the ownership, maintenance or use of automobiles in the course of your business operations. The Automobile Policy shall be written on an occurrence form and shall provide coverage for all owned, hired, and non-owned automobiles or other licensed vehicles (Code 1- Any Auto).

3. Workers' Compensation insurance as required by the State of California and Employer's Liability Insurance.

4. Professional Liability (Errors and Omissions) insurance appropriate to Consultant's profession.

MINIMUM LIMITS OF INSURANCE

The Consultant, or any party the Consultant subcontracts with, shall maintain limits of liability of not less than those set forth below. However, insurance limits available to the City, its officers, officials, employees, agents, and volunteers as additional insureds, shall be the greater of the minimum limits specified herein or the full limit of any insurance proceeds available to the named insured:

1. COMMERCIAL GENERAL LIABILITY:

   (i) $1,000,000 per occurrence for bodily injury and property damage;
   (ii) $1,000,000 per occurrence for personal and advertising injury;
   (iii) $2,000,000 aggregate for products and completed operations; and,
   (iv) $2,000,000 general aggregate applying separately to the work performed under the Agreement.

2. COMMERCIAL AUTOMOBILE LIABILITY:

   $1,000,000 per accident for bodily injury and property damage.

3. WORKERS' COMPENSATION INSURANCE as required by the State of California with statutory limits.

4. EMPLOYER'S LIABILITY:

(i) $1,000,000 each accident for bodily injury;
(ii) $1,000,000 disease each employee; and,
(iii) $1,000,000 disease policy limit.

5. PROFESSIONAL LIABILITY (Errors and Omissions):

(i) $1,000,000 per claim/occurrence; and,
(ii) $2,000,000 policy aggregate.

UMBRELLA OR EXCESS INSURANCE

In the event the Consultant purchases an Umbrella or Excess insurance policy(ies) to meet the "Minimum Limits of Insurance," this insurance policy(ies) shall "follow form" and afford no less coverage than the primary insurance policy(ies). In addition, such Umbrella or Excess insurance policy(ies) shall also apply on a primary and non-contributory basis for the benefit of the City, its officers, officials, employees, agents, and volunteers.

DEDUCTIBLES AND SELF-INSURED RETENTIONS

The Consultant shall be responsible for payment of any deductibles contained in any insurance policy(ies) required herein and the Consultant shall also be responsible for payment of any self-insured retentions.

OTHER INSURANCE PROVISIONS/ENDORSEMENTS

The General Liability and Automobile Liability insurance policies are to contain, or be endorsed to contain, the following provisions:

1. The City, its officers, officials, employees, agents, and volunteers are to be covered as additional insureds. Consultant shall establish additional insured status for the City under the General Liability policy for all ongoing and completed operations by use of endorsements providing additional insured status as broad as that contained in ISO Form CG 20 10 11 85 or CG 20 10 04 13.

2. The coverage shall contain no special limitations on the scope of protection afforded to the City, its officers, officials, employees, agents, and volunteers. Any available insurance proceeds in excess of the specified minimum limits and coverage shall be available to the Additional Insured.

3. Consultant's insurance coverage shall be primary insurance with respect to the City, its officers, officials, employees, agents, and volunteers. Any insurance or self-insurance maintained by the City, its officers, officials, employees, agents, and volunteers shall be excess of the Consultant's insurance and shall not contribute with it. The Consultant shall establish primary and non-contributory status on the General Liability policy by use of ISO Form CG 20 01 04 13, or by an executed endorsement that provides primary and non-contributory status as broad as that contained in ISO Form CG 20 01 04 13.

4. All policies of insurance shall contain, or be endorsed to contain, the following provision: the Consultant and its insurer shall waive any right of subrogation against the City, its officers, officials, employees, agents, and volunteers.

5. All policies of insurance required herein shall be endorsed to provide that the coverage shall not be cancelled, non-renewed, reduced in coverage or in limits except after 30 calendar days written notice by certified mail, return receipt requested, has been given to the City. The Consultant is also responsible for providing written notice to the City under the same terms and conditions. Upon issuance by the insurer, broker, or agent, of a notice of cancellation, non-renewal, or reduction in coverage or in limits, the Consultant shall furnish the City with a new certificate and applicable endorsements for such policy(ies). In the event any policy is due to expire during the work to be performed for the City, the Consultant shall provide a new certificate, and applicable endorsements, evidencing renewal of such policy not less than 15 calendar days prior to the expiration date of the expiring policy.

6. Should any of the required policies provide that the defense costs are paid within the Limits of Liability, thereby reducing the available limits by any defense costs, then the requirement for the Limits of Liability of these polices will be twice the above stated limits.

7. The fact that insurance is obtained by the Consultant shall not be deemed to release or diminish the liability of the Consultant, including, without limitation, liability under the indemnity provisions of this Agreement. The policy limits do not act as a limitation upon the amount of indemnification to be provided by the Consultant. Approval or purchase of any insurance contracts or policies shall in no way relieve from liability nor limit the liability of the Consultant, its principals, officers, agents, employees, persons under the supervision of the Consultant, vendors, suppliers, invitees, consultants, sub-consultants, subcontractors, or anyone employed directly or indirectly by any of them.

CLAIMS-MADE POLICIES

If the Professional Liability (Errors and Omissions) insurance policy is written on a claims-made form:

1. The retroactive date must be shown, and must be before the effective date of the Agreement or the commencement of work by the Consultant.

2. Insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the Agreement work or termination of the Agreement, whichever occurs first, or, in the alternative, the policy shall be endorsed to provide not less than a five-year discovery period.

3. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a retroactive date prior to the effective date of the Agreement or the commencement of work by the Consultant, the Consultant must purchase “extended reporting” coverage for a minimum of five (5) years completion of the Agreement work or termination of the Agreement, whichever occurs first.

4. A copy of the claims reporting requirements must be submitted to the City for review.

5. These requirements shall survive expiration or termination of the Agreement.

VERIFICATION OF COVERAGE

the Consultant shall furnish City with all certificate(s) and applicable endorsements effecting coverage required hereunder. All certificates and applicable endorsements are to be received and approved by the City's Risk Manager or designee prior to City's execution of the Agreement and before work commences. All non-ISO endorsements amending policy coverage shall be executed by a licensed and authorized agent or broker. Upon request of City, the Consultant shall immediately furnish City with a complete copy of any insurance policy required under this Agreement, including all endorsements, with said copy certified by the underwriter to be a true and correct copy of the original policy. This requirement shall survive expiration or termination of this Agreement.

SUBCONTRACTORS

If the Consultant subcontracts any or all of the services to be performed under this Agreement, the Consultant shall require, at the discretion of the City Risk Manager or designee, subcontractor(s) to enter into a separate side agreement with the City to provide required indemnification and insurance protection. Any required side agreement(s) and associated insurance documents for the subcontractor must be reviewed and preapproved by City Risk Manager or designee. If no side agreement is required, the Consultant shall require and verify that subcontractors maintain insurance meeting all the requirements stated herein and the Consultant shall ensure that City, its officers, officials, employees, agents, and volunteers are additional insureds. The subcontractors' certificates and endorsements shall be on file

REPORT TO THE CITY COUNCIL

FROM: PAUL AMICO, PE, Director
Department of Public Utilities

BY: AHMED ALY, PE, Assistant Director
Department of Public Utilities - Utilities Planning & Engineering

JOSHUA MERTEN, Engineer II
Department of Public Utilities - Utilities, Planning & Engineering

SUBJECT

Actions pertaining to the Rebid - Fresno-Clovis Regional Wastewater Reclamation Facility Training Building Roof Abatement and Replacement (Bid File 12601180) (Council District 3):

1. Adopt a finding of Categorical Exemption pursuant to Sections 15301/Class 1 and 15302/Class 2 of the California Environmental Quality Act (CEQA) Guidelines;
2. Award a Construction Contract to United Restorations, LLC, of Fresno, California, in the amount of $256,312.50, and authorize the Director of Public Utilities, or designee, to sign and execute all related documents on behalf of the City.

RECOMMENDATIONS

Staff recommends that City Council adopt a finding of Categorical Exemption pursuant to Sections 15301/Class 1 and 15302/Class 2 of the CEQA Guidelines for the Rebid - Roof Abatement and Replacement at the Fresno-Clovis Regional Wastewater Reclamation Facility Training Building (Project), and award a Construction Contract to United Restorations, LLC, (United Restorations) in the amount of $256,312.50 as the lowest responsive and responsible bidder, and authorize the Director of Public Utilities, or designee, to sign and execute all related documents on behalf of the City of Fresno (City).

EXECUTIVE SUMMARY

The Training Building at the Fresno-Clovis Regional Wastewater Reclamation Facility (RWRF) has experienced recurring roof leaks due to age and deterioration and requires replacement. This project will remove the existing roof that includes asbestos-containing materials (ACM) and lead-based paint (LBP) and replace it and all associated components. The Project was initially bid in July of 2025, and the three proposals received were non-responsive. The project was rebid on January 27, 2026, and five proposals were received. Staff recommends that the City Council award a Construction Contract in the amount of $256,312.50 to United Restorations as the lowest responsive and responsible

bidder.

BACKGROUND

The Training Building at the RWRF was built in 1972 and has the original wood shake roof on a portion of the building and a built-up roof on the remainder, and roof leaks occur frequently. The roof has exceeded its useful life and requires replacement. Due to the age of the building, an ACM survey report was conducted, and the report identified the presence of ACM within the roof assembly and mechanical wells. In addition to this, due to the risk of LBP, regulatory requirements mandate the use of lead safe procedures whenever painted surfaces are disturbed.

The Project scope includes the removal of ACM and LBP, the removal of the existing wood shake roofing, and the removal of the existing built-up roofing. The Project will install new wood sheathing with factory-applied radiant barriers, asphalt shingle roofing and fiber cement siding, and new thermoplastic membrane roofing. All new roof or finish systems and related flashing elements will have a 20-year manufacturer's warranty.

The Project was initially bid in July of 2025, and the three proposals received were non-responsive. A formal Notice Inviting Bids was re-issued on January 27, 2026, and posted on the City's PlanetBids website. Five sealed bids were received and publicly opened on March 3, 2026, and four bids were deemed responsive and responsible, and one bid was withdrawn. Bids ranged from $256,312.50 to $318,915.00 and United Restorations was deemed the lowest responsive and responsible bid. The bids expire on May 24, 2026, and rejecting or allowing them to expire would require rebidding and delaying the Project by approximately 120 days.

Staff recommends that City Council award a Construction Contract to United Restorations in the amount of $256,312.50 as the lowest responsive and responsible bidder, and authorize the Public Utilities Director, or designee, to execute all associated documents on behalf of the City.

The City Attorney's Office has reviewed and approved the attached Standard Construction Contract as to form.

ENVIRONMENTAL FINDINGS

Staff performed a preliminary environmental assessment for this Project and determined that it falls within Sections 15301/Class 1 and 15302/Class 2 Categorical Exemptions set forth in the CEQA Guidelines.

LOCAL PREFERENCE

Local preference was implemented according to Fresno Municipal Code Section 4-108. The apparent lowest responsive and responsible bidder is a local business as defined by the Fresno Municipal Code.

FISCAL IMPACT

There is no impact to the General Fund. Funding for this Project is included in the Fiscal Year 2026 Capital Improvement Budget within the Wastewater Management Division's Wastewater Operating Fund 40501. The Project is located in Council District 3.

PROJECT TITLE: Roof Abatement and Replacement at Fresno-Clovis Regional Wastewater Reclamation Facility (RWRF) Training Building

PROJECT LOCATIONS: Fresno-Clovis Regional Wastewater Reclamation Facility
5607 W Jensen Ave
Fresno, CA 93706

PROJECT DESCRIPTION: The project involves removing lead-based paint, asbestos-containing materials, existing wood shake roofing and siding, and the current built-up roofing system. After demolition, the work will include installing new wood sheathing with a factory-applied radiant barrier, asphalt shingle roofing, and fiber-cement siding, along with a new thermoplastic membrane roofing system within the parapet wall area.

The Project is exempt under Section 15301/Class 1 and Section 15302/Class 2 of the California Environmental Quality Act (CEQA) Guidelines.

Under Section 15301/Class 1, projects are exempt from CEQA requirements when they consist of operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use.

Under Section 15302/Class 2, projects are exempt from CEQA requirements when they consist of the replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced and will have substantially the same purpose and capacity as the structure replaced.

The Project described involves the removal of lead-based paint, asbestos-containing materials, existing wood shake roofing and siding, and the existing built-up roofing system at the facility. The work will include demolition of these materials and installation of materials that include new wood sheathing with factory-applied radiant barrier, asphalt shingle roofing, fiber-cement siding, and new thermoplastic membrane roofing within the parapet wall area.

The Project does not expand the use, size, or capacity of the existing facility and consists solely of necessary repairs and replacements to address hazardous materials and deteriorated exterior elements.

None of the exceptions to Categorical Exemptions set forth in the CEQA Guidelines, Section 15300.2, apply:

(a) Location	The Project is not located in a sensitive environment or an environmental resource of hazardous or critical concern as designated by federal, state, or local agencies. The work is entirely located at the RWRF.
(b) Cumulative Impact	The Project will not have a cumulative negative impact over time that is significant. The Project merely entails repair and/or replacement work at an existing facility.
(c) Significant Effect	The Project will not have a significant effect on the environment due to unusual circumstances. All work will be limited to an existing facility at the RWRF.
(d) Scenic Highways	The Project will not result in damage to scenic resources, including but not limited to, trees, historic buildings, rock outcroppings, or similar resources, within a highway officially designated as a state scenic highway. The Project is not located near scenic highways.
(e) Hazardous Waste Sites	The Project is not located on a hazardous waste site which is included on any list compiled pursuant to Section 65962.5 of the Government Code.
(f) Historical Resources	The Project will not cause a substantial adverse change in the significance of a historical resource. The existing facilities at the RWRF are not considered historical resources.

Furthermore, the proposed project is not expected to have a significant effect on the environment. Accordingly, a categorical exemption, as noted above, has been prepared for the project.

Project Title: RWRF Training Building Roof Abatement and Replacement

Project Applicant: City of Fresno

Project Location - Specific:

5607 W. Jensen Avenue, Fresno, CA 93706.

Project Location - City: Fresno Project Location - County: Fresno

Description of Nature, Purpose and Beneficiaries of Project:

The project entails the removal of asbestos containing materials and replacement of the roof.

Name of Public Agency Approving Project: City of Fresno

Name of Person or Agency Carrying Out Project: City of Fresno

Exempt Status: **(check one):**

- ☐ Ministerial (Sec. 21080(b)(1); 15268);
- ☐ Declared Emergency (Sec. 21080(b)(3); 15269(a));
- ☐ Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
- ☒ Categorical Exemption. State type and section number: Section 15301(b), Section 15302(a)
- ☐ Statutory Exemptions. State code number: _____

Reasons why project is exempt:

The project is exempt from CEQA pursuant to Section 15301(b) (Existing Facilities) and Section 15302(a) (Replacement or Reconstruction) of the CEQA Guidelines. The work consists of the removal of asbestos-containing materials and the in-kind replacement of the existing roof. These activities involve maintenance, repair, and replacement of an existing structure with no expansion of footprint, capacity, or use. The project will restore the facility to its pre-project condition and does not result in any changes that would increase environmental impacts. None of the exceptions to the use of categorical exemptions under Section 15300.2 apply.

Department Recommendation

(To be completed by the Department)

Background:

The existing Training Building at the Fresno Clovis Regional Wastewater Reclamation Facility (RWRF), constructed in the 1970s, has the original built-up roof and wood shake roof. This built-up roofing experiences recurring leaks affecting the use of the building. Due to the age of the building, the Wastewater Department and Utility Planning & Engineering Department confirmed with survey reports that the existing wood shake roof was installed with asbestos felt underlayment, there is asbestos-containing mastic at the HVAC penetrations, and no lead-based paint is present as determined by relevant authorities.

This project will remove the existing asbestos-containing materials, wood shake roofing and siding, and the existing built-up roofing. Following removal of the existing roof and asbestos-containing materials, the work involves the installation of new wood sheathing with factory-applied radiant barrier, asphalt shingle roofing, and fiber cement siding in place of the wood shake. The work also involves new thermoplastic membrane roofing in place of the built-up roofing.

☒ Award a contract as follows:

Bidder/Proposer	Award Amount
United Restorations, LLC	$256,312.50

The Budget Allocation for this expenditure is $340,000. The contract price is 24.6% below. *(If the overage is greater than 10% provide an explanation below.)*

☐ Reject all bids/proposals. *(If electing to reject all, provide an explanation below.)*

SAMPLE CONTRACT
CITY OF FRESNO, CALIFORNIA
PUBLIC WORK OF IMPROVEMENT

THIS CONTRACT is made and entered into by and between CITY OF FRESNO, a California municipal corporation (City), and [Contractor Name], [Legal Identity] (Contractor) as follows:

1. Contract Documents. The "Notice Inviting Bids," "Instructions to Bidders," "Bid Proposal," and the "Specifications" including "General Conditions," "Special Conditions," and "Technical Specifications" for the following: [Title] (Bid File No. [Bid File No.]) [Alternates (if any)] copies of which are annexed hereto, together with all the drawings, plans, and documents specifically referred to in said annexed documents, including Performance and Payment Bonds, if required, and are hereby incorporated into and made a part of this Contract, and shall be known as the Contract Documents.

2. Price and Work. For the monetary consideration of [Written Dollar Amount] dollars and [Written Cents Amount] cents ($[Amount]), as set forth in the Bid Proposal, Contractor promises and agrees to perform or cause to be performed, in a good and workmanlike manner, under the direction and to the satisfaction of the City's "Engineer," and in strict accordance with the Specifications, all of the work as set forth in the Contract Documents.

3. Payment. The City accepts the Contractor's Bid Proposal as stated and agrees to pay the consideration stated, at the times, in the amounts, and under the conditions specified in the Contract Documents.

4. Indemnification. To the furthest extent allowed by law, including California Civil Code section 2782, CONTRACTOR shall indemnify, defend and hold harmless CITY and each of its officers, officials, employees, agents, and volunteers from any and all claims, demands, actions in law or equity, loss, liability, fines, penalties, forfeitures, interest, costs including legal fees, and damages (whether in contract, tort, or strict liability, including but not limited to personal injury, death at any time, property damage, or loss of any type) arising or alleged to have arisen directly or indirectly out of (1) any voluntary or involuntary act or omission, (2) error, omission or negligence, or (3) the performance or non-performance of this Contract . CONTRACTOR'S obligations as set forth in this section shall apply regardless of whether CITY or any of its officers, officials, employees, agents, or volunteers are passively negligent, but shall not apply to any loss, liability, fines, penalties, forfeitures, costs or damages caused by the active or sole negligence, or the willful misconduct, of CITY or any of its officers, officials, employees, agents or volunteers.

To the fullest extent allowed by law, and in addition to the express duty to indemnify, CONTRACTOR, whenever there is any causal connection between the CONTRACTOR's performance or non-performance of the work or services required under this Contract and any claim or loss, injury or damage of any type, CONTRACTOR expressly agrees to undertake a duty to defend CITY and any of its officers, officials, employees, agents, or volunteers, as a separate duty, independent of and broader that the duty to indemnify. The duty to defend as herein agreed to by CONTRACTOR expressly includes all costs of litigation, attorneys fees, settlement costs and expenses in connection with claims or litigation, whether or not the claims are valid, false or groundless, as long as the claims could be in any manner be causally connected to CONTRACTOR as reasonably determined by CITY.

Upon the tender by CITY to CONTRACTOR, CONTRACTOR shall be bound and obligated to assume the defense of CITY and any of its officers, officials, employees, agents, or volunteers,

including the a duty to settle and otherwise pursue settlement negotiations, and shall pay, liquidate, discharge and satisfy any and all settlements, judgments, awards, or expenses resulting from or arising out of the claims without reimbursement from CITY or any of its officers, officials, employees, agents, or volunteers.

It is further understood and agreed by CONTRACTOR that if CITY tenders a defense of a claim on behalf of CITY or any of its officers, officials, employees, agents, or volunteers and CONTRACTOR fails, refuses or neglects to assume the defense thereof, CITY and its officers, officials, employees, agents, or volunteers may agree to compromise and settle or defend any such claim or action and CONTRACTOR shall be bound and obligated to reimburse CITY and its officers, officials, employees, agents, or volunteers for the amounts expended by each in defending or settling such claim, or in the amount required to pay any judgment rendered therein.

The defense and indemnity obligations set forth above shall be direct obligations and shall be separate from and shall not be limited in any manner by any insurance procured in accordance with the insurance requirements set forth in this Contract. In addition, such obligations remain in force regardless of whether CITY provided approval for, or did not review or object to, any insurance CONTRACTOR may have procured in a accordance with the insurance requirements set forth in this Contract. The defense and indemnity obligations shall arise at such time that any claim is made, or loss, injury or damage of any type has been incurred by CITY, and the entry of judgment, arbitration, or litigation of any claim shall not be a condition precedent to these obligations.

The defense and indemnity obligations set forth in this section shall survive termination or expiration of this Contract.

If CONTRACTOR should subcontract all or any portion of the work to be performed under this Contract, CONTRACTOR shall require each subcontractor to Indemnify, hold harmless and defend CITY and each of its officers, officials, employees, agents and volunteers in accordance with the terms as set forth above.

5. Trench Shoring Detailed Plan. Contractor acknowledges the provisions of Section 6705 of the California Labor Code and, if said provisions are applicable to this Contract, agrees to comply therewith.

6. Worker's Compensation Certification. In compliance with the provisions of Section 1861 of the California Labor Code, Contractor hereby certifies as follows:

> I am aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for worker's compensation or to undertake self-insurance in accordance with the provisions of that Code, and I will comply with such provisions before commencing the performance of work of this Contract and will make my subcontractors aware of this provision.

IN WITNESS WHEREOF, the parties have executed this Contract on the day and year here below written, of which the date of execution by City shall be subsequent to that of Contractor's, and this Contract shall be binding and effective upon execution by both parties.

REPORT TO THE CITY COUNCIL

FROM: SCOTT L. MOZIER, PE, Director
Public Works Department

BY: HARMANJIT DHALIWAL, PE, Assistant Director
Public Works Department, Special Projects and Capital Management Division

RAFAEL SAUCEDO, Chief Engineering Technician
Public Works Department, Special Projects and Capital Management Division

SUBJECT

Actions pertaining to agreements with State of California Department of Transportation (Caltrans) (Council Districts 1, 2, and 3)

1. Approve the revised State Route 99 Freeway Maintenance Agreement
2. Approve the Non-Vehicular Overcrossing Maintenance Agreement

RECOMMENDATION

Staff recommend City Council 1) approve the revised Freeway Maintenance Agreement for State Route 99; 2) approve the Non-Vehicular Overcrossing Maintenance Agreement; and 3) authorize the City Manager, or designee, to execute these agreements.

EXECUTIVE SUMMARY

The City of Fresno (City) and Caltrans mutually desire to clarify and define respective maintenance responsibilities along the State Route 99 within the City of Fresno limits. This updated maintenance agreement incorporates portions of the freeway corridor that have been realigned due to the California High- Speed Rail and the Veterans Boulevard Interchange. The Freeway Maintenance Agreement includes roles and responsibilities for the City and Caltrans that are consistent with other freeway maintenance agreements.

BACKGROUND

The State of California (Caltrans) declared State Highway Route 99 (SR 99) a freeway by Resolution of the California Highway Commission on July 20, 1944, May 19, 1949 and August 21, 1956.

The City of Fresno entered into a Freeway Agreement with Caltrans for SR 99 from Inyo Street to Thorne Avenue and from Belmont Avenue to West Avenue on January 13, 1966.

Caltrans and the County of Fresno (County) entered into a supplemental Freeway Agreement on October 28, 1952, for a portion of SR 99 between Thorne (Tehama) Street to Belmont Avenue and from West Avenue to Clinton Avenue. The City subsequently annexed certain areas including

portions of freeway covered in the Caltrans and County Freeway Agreement dated October 28, 1952.

Caltrans and the County entered into a supplemental Freeway Agreement on July 26, 1960, for a portion of SR 99 between Clinton Avenue to the Fresno-Madera County Line. The City subsequently annexed certain areas including portions of freeway covered in the Caltrans and County Freeway Agreement dated July 26, 1960.

The City entered into a Freeway Agreement with Caltrans for SR 99 from El Dorado Street to 0.9 miles south of Herndon Avenue on June 6, 2013.

The City entered into a Freeway Agreement with Caltrans for SR 99 from 0.3 mile north of West Shaw Avenue to 0.9 mile south of Herndon Avenue on October 3, 2013.

This Freeway Maintenance Agreement will supersede the Freeway Maintenance Agreement dated May 27,1992.

The Freeway Maintenance Agreement will clarify and define respective maintenance responsibilities along SR 99 within the City limits. Further, this agreement does not create any new responsibilities for the City other than the potential new pedestrian overcrossing between Parkway Drive and Roeding Park should it be constructed.

The City Council approved Resolution 2026-22 authorizing the submission of Grant Application to the Office of Secretary, US Department of Transportation for the 2026 Better Utilizing Investments to Leverage Development (BUILD) Program for the Roeding Park Pedestrian Overcrossing. Caltrans has agreed to the location and requires the City to enter into a Non-Vehicular Overcrossing Maintenance Agreement to clarify and define respective maintenance responsibilities for the Roeding Park Pedestrian Overcrossing.

The City Attorney's Office has reviewed and approved both the Freeway Maintenance Agreement and Non-Vehicular Overcrossing Maintenance Agreement as to form.

ENVIRONMENTAL FINDINGS

By the definition provide in the California Environmental Quality Act (CEQA) Guidelines Section 15378 this item does not qualify as a "project."

LOCAL PREFERENCE

Local Preference was not implemented as this item does not involve the bid or award of a construction or services contract.

FISCAL IMPACT

State Route 99 is located within Council Districts 1, 2, and 3 and this Freeway Maintenance Agreement and Non-Vehicular Overcrossing Maintenance Agreement will not impact the City's General Fund. Funds for the City's maintenance responsibility will be utilized from Gas Tax and Measure C Street Maintenance Fund.

Attachments:

Freeway Maintenance Agreement
Non-Vehicular Overcrossing Maintenance Agreement
Current Freeway Maintenance Agreement (dated May 27, 1992)
Current Freeway Agreement (dated April 20, 2023)

FREEWAY MAINTENANCE AGREEMENT
WITH
CITY OF FRESNO

This Freeway Maintenance Agreement ("AGREEMENT") is made by and between the State of California, acting by and through the Department of Transportation ("STATE"), and the City of Fresno ("LOCAL AGENCY"), a California municipal corporation; each may be referred to individually as a "PARTY," and jointly as "PARTIES."

RECITALS

1. WHEREAS, a Freeway Agreement dated April 20, 2023 was executed between LOCAL AGENCY and STATE, to document the understanding between PARTIES regarding the planned traffic circulation features of the State Highway Route (SR) 99 and the adjustments of the local street and road system required for the development of that portion of SR 99 within the jurisdictional limits of the LOCAL AGENCY; and, a plan Map for such freeway was attached to the Freeway Agreement showing the delineation of STATE Highway and LOCAL AGENCY's streets.

2. WHEREAS, pursuant to the above Freeway Agreement and the attached Map, LOCAL AGENCY will resume control and maintenance over each of the affected relocated or reconstructed LOCAL AGENCY streets, frontage roads, and other STATE constructed local streets, except for those portions adopted as a part of the freeway proper.

3. WHEREAS, the PARTIES executed a prior Freeway Maintenance Agreement dated May 27, 1992. This AGREEMENT supersedes the prior Freeway Maintenance Agreement.

4. WHEREAS, PARTIES hereto mutually desire to clarify and define the PARTIES respective division of maintenance, and responsibilities as to their respective Right of Way (ROW) and towards STATE HIGHWAY SYSTEM (SHS) facilities that include but are not limited to.

    - Vehicular Undercrossing
    - Vehicular Overcrossings
    - Non-vehicular Overcrossings
    - Non-vehicular Undercrossing
    - Walls- Retaining Walls, Columns, Soundwalls
    - Landscaped Areas
    - Screening
    - Interchange Operation
    - Bicycle Paths

5. State Highway System (SHS) Facilities.

Categories of SHS facilities covered under this AGREEMENT may include but are not limited to the following which are specifically identified in Exhibit A:

- **Vehicular overcrossings and bridges over STATE right of way**: These overcrossings are roadways constructed over and situated within State ROW supported by the deck, superstructure, and substructure ("Vehicular Overcrossings and Appurtenant Structures").
- **Non-vehicular pedestrian and bicycle overcrossings and bridges:** These overcrossings are pedestrian/bicycle path(s) and structures constructed over and within STATE ROW ("Non-Vehicular Overcrossings" (NVOC)).
- **Vehicular and Non-vehicular undercrossing(s):** These undercrossings are roadway(s) or non-vehicular pathways crossing under STATE ROW and appurtenant structures situated within STATE ROW.
- **Walls- Sound walls, Retaining walls**: These improvements include structural components of embankments and noise- reduction structures constructed within STATE ROW.
- **Landscaped areas:** These areas include hardscaping, planting, vegetation and related landscaping improvements situated within STATE ROW outside of the fenced control area.
- **Screening**: This includes fencing installed on a bridge safety barrier to protect the safety of the traveling public.

6. Definitions of Facility Components.

A. **Deck surface** (wearing surface) – The surface of a bridge deck for vehicular, pedestrian, and bicycle traffic over the SHS (e.g., roadway surface).
B. **Deck** – The structural component of a bridge that supports and is below the deck surface (wearing surfaces) and above the superstructure.
C. **Superstructure** – Structural portions of a bridge supported by bridge columns/piers which are located below the deck.
D. **Substructure** – Structural components of a bridge that support the superstructure and distribute the load to bridge footings and foundations.
E. **Bridge rails and posts** – Portions of a bridge attached to the bridge deck and deck surface on overcrossings.
F. **Structural/Roadway Drainage Facilities** – Any facility that provides drainage to any location, including but not limited to, culverts, wing walls, drains, drain inlets, gutters, curbs, and inlet grates.
G. **Lighting** – Electrical lamps and light posts installed within State ROW that facilitate safe passage of traveling public.
H. **Signage** – Signs that provide any traffic related guidance.

OPERATIVE PROVISIONS

1. **Prior Freeway Maintenance Agreements.** This AGREEMENT supersedes the PARTIES' prior Freeway Maintenance Agreement dated May 27, 1992.

2. **Maintenance Standards.** PARTIES shall perform all maintenance in compliance with the standards set forth in Streets and Highways Code section 27, and in accordance with California laws, regulations and STATE standards, including STATE'S Maintenance Manual, Code of Safe Operating Practices, policies, procedures and specifications in effect and as amended. "Maintain" or "maintenance" under this AGREEMENT includes routine inspections of all structures and facilities, repairs, cleaning, replacements, and improvements, if necessary.

3. **Control of Streets/Roads.** STATE is not responsible for maintaining, repairing, improving or replacing any property or improvements that do not constitute part of the State Highway System (SHS). STATE agrees to continue control those portions adopted as a part of SR 99 Freeway proper as shown in Exhibit A which is attached to and made a part of this AGREEMENT. PARTIES agree to their respective maintenance responsibility towards SHS facilities as specified in this AGREEMENT.

4. **Revising Exhibits.** When another planned future improvement has been constructed and/or a minor revision has been affected within the limits of the freeway herein described. PARTIES can revise this maintenance agreement by mutually amending, replacing, or providing additional pages to the exhibits that have to be signed by authorized representatives of PARTIES. No formal amendment to the body of the Agreement will be necessary. The revised exhibit will thereafter supersede the previous exhibit and become part of this Agreement**.**

5. **Amendment to Agreement**. Except as provided in the preceding section concerning exhibit amendments, the terms of this AGREEMENT can be changed only by a formal written amendment executed by all PARTIES.

6. **Successors.** This AGREEMENT shall be binding upon and inure to the benefit of each of the PARTIES and their respective successors-in-interest including, any subsequently incorporated city or other municipality established within the LOCAL AGENCY's jurisdictional limits. If the successor city or municipality fails to accept the obligations of the LOCAL AGENY by entering into a new agreement with STATE, LOCAL AGENCY shall continue to be contractually bound by the terms of this AGREEMENT.

7. **Encroachment Permits.** Before LOCAL AGENCY may enter STATE ROW to install any encroachment or perform any maintenance or work in the areas covered by this AGREEMENT, LOCAL AGENCY must first apply for and obtain an encroachment permit(s) from the STATE's District 06 Encroachment Permit Office as per STATE's EP policy. LOCAL AGENCY must apply for and obtain additional encroachment permits, if necessary, to enter or perform any work within STATE ROW not covered

by this AGREEMENT. An encroachment permit issued by the STATE will be at no cost to LOCAL AGENCY.

8. **Overcrossings (Vehicular and Non-vehicular).** STATE and LOCAL AGENCY shall maintain Overcrossings respectively as follows:

   A. STATE shall inspect and maintain at STATE's expense, the structural components of the Overcrossing(s) which include the deck, superstructure, and substructure.

   B. LOCAL AGENCY shall perform all maintenance, inspections, repair, replace or complete other improvements necessary to maintain the safety of the following components of the Overcrossing:

      1. Deck and road/street surface(s) installed on the deck;
      2. Structural Drainage facilities;
      3. All portions of the overcrossing structure situated on and above the bridge deck, including but not limited to lighting, sidewalks, LOCAL AGENCY signs, bike paths, pavement overlays, bridge rails and posts, pavement markings, striping, and improvements for compliance with the Americans with Disabilities Act (ADA); and
      4. Other improvements that may be constructed above or on the bridge deck with STATE's prior written approval.

   C. LOCAL AGENCY, at LOCAL AGENCY's expense, shall remove all graffiti and legally remove and dispose of all debris and trash from the facilities described in this Section. Any graffiti that resembles or is on a mural, artwork, paintings, or other similar elements may not be removed without first consulting and obtaining approval from the STATE's District 06 Transportation Art Coordinator.

   D. Unsheltered Encampments. LOCAL AGENCY shall remove Persons Experiencing Homelessness (PEH) and any structures, personal property, debris, and/or other items related to the encampment from the overcrossing, subject to STATE's Encampment Removal policy, MPD 1001 R1 and applicable State and Federal law.

      Nothing in this Agreement grants or waives the right of California Highway Patrol (CHP) and other law enforcement agencies having jurisdiction over the Overcrossings.

   E. Screening. LOCAL AGENCY is not responsible for maintaining screening that STATE installs on STATE freeway overcrossings pursuant to Streets and Highways Code section 92.6

9. **Undercrossings (Vehicular and Non-Vehicular).** STATE and LOCAL AGENCY shall maintain Undercrossing(s) respectively as follows:

A. STATE shall inspect and maintain, at STATE's expense, the structural components of the Undercrossing(s) including deck, deck surfaces, superstructure, substructure, structural drainage facilities and undercrossing facilities and improvements.

B. LOCAL AGENCY, at LOCAL AGENCY's expense, shall inspect, maintain, repair, replace, or complete other improvements necessary to maintain the safety of the facilities noted below:

1. LOCAL AGENCY's improved and unimproved roadway sections, including but not limited to road surfaces, shoulders, curbs, sidewalks, gutters and wall surfaces;
2. Roadway drainage facilities;
3. All portions above the LOCAL AGENCY's improved and unimproved roadway facilities, including but not limited to lighting, sidewalks, local signs, bike paths, pavement markings, and posts, striping, and improvements for compliance with the ADA; and
4. Other improvements that may be constructed on the improved or unimproved roadway section(s) with STATE's prior written approval.

C. Graffiti Removal. LOCAL AGENCY, at LOCAL AGENCY's sole cost and expense, shall remove all graffiti from the locations shown on Exhibit A. LOCAL AGENCY is solely responsible for ensuring that any graffiti that in any way resembles a mural, artwork, paintings, or other similar elements shall not be removed without the written authorization of STATE. Graffiti removal must protect air and water quality as required by law. LOCAL AGENCY shall conform to the terms stated in STATE's Maintenance Manual, Volume 1, Family D Chapter, D1.06.

D. Unsheltered Encampments. LOCAL AGENCY shall remove Persons Experiencing Homelessness (PEH) and any structures, personal property, debris, and/or other items related to the encampment from the undercrossing, subject to STATE's Encampment Removal policy, MPD 1001 R1 and applicable State and Federal law.

Nothing in this Agreement grants or waives the right of California Highway Patrol (CHP) and other law enforcement agencies having jurisdiction over the Overcrossings.

10. **Walls, Columns. Retaining wall and Soundwalls.** LOCAL AGENCY shall remove debris, trash, and graffiti and clean and paint any walls, soundwalls and similar structures on the sides facing LOCAL AGENCY's streets/roadways. Any graffiti on a mural, artwork, paintings, or other similar elements may not be removed without prior consultation with and approval from the STATE's District 06 Transportation Art Coordinator.

11. **Bicycle, Pedestrian Paths, Lanes and trails (TRAIL).**

A. LOCAL AGENCY is solely responsible for, and will maintain, TRAIL and all its related facilities including, but not limited to: paving, supportive structural components, aggregate base shoulder, retaining walls, bridges (of any sort), all railings, bollards, storm water control measures, all fences, guard railing, drainage facilities, and slope and structural adequacy of bicycle/pedestrian TRAIL and any plantings or other types of roadside development installed as part of PROJECT located and constructed within LOCAL AGENCY jurisdiction in STATE's right of way.

B. In addition, LOCAL AGENCY will provide a safe facility for bicycle and pedestrian travel along the entire length of the TRAIL by providing sweeping and debris removal when necessary. LOCAL AGENCY will maintain all signing and striping, electrical facilities (solar or otherwise), and pavement markings required for the direction and operation of that non-motorized facility.

C. Failure by LOCAL AGENCY to maintain TRAIL as per the terms of this Agreement will amount to a breach of the terms of the Encroachment Permit and this Agreement and subject to the remedies stated in the Encroachment Permit.

D. LOCAL AGENCY, at LOCAL AGENCY's expense, shall remove all graffiti and remove and legally dispose of all debris and trash from TRAIL. Any graffiti that resembles or is on a mural, artwork, paintings, or other similar elements may not be removed without prior consultation with and approval from the STATE's District 06 Transportation Art Coordinator.

E. LOCAL AGENCY shall perform routine structural and maintenance inspections and repair, replace or complete other improvements necessary to ensure the TRAIL retain their integrity for the safety of the public using this/these structure(s) and travelers using State right of way.

12. **Landscaped Areas.** LOCAL AGENCY is responsible for the maintenance of any plantings or other types of roadside improvements installed and owned by LOCAL AGENCY as permitted encroachments lying inside and outside of freeway right-of-way as shown in Exhibit A. LOCAL AGENCY shall restrict walk-on access to the freeway.

13. **Street Lightings.** LOCAL AGENCY at its sole expense is responsible to maintain all streetlights installed and owned by LOCAL AGENCY as permitted encroachments within the State's right of way including, but not limited to, ground mounted poles, conduits, and pull boxes.

14. **Legal Relations and Responsibilities.**

A. No Third-Party Beneficiaries.

This AGREEMENT is not intended to create duties, obligations, or rights of third parties beyond the PARTIES to this AGREEMENT. Nor does this AGREEMENT affect a PARTY's legal liability by imposing any standard of care for the operation and maintenance of STATE highways and LOCAL AGENCY facilities different from the standard of care imposed by law.

B. Indemnification.

Neither LOCAL AGENCY nor any of its officers or employees is responsible for any injury, damage or liability occurring by reason of anything done or omitted to be done by STATE in connection with any work, authority or jurisdiction conferred upon STATE pursuant to this AGREEMENT. To the fullest extent permitted by law, STATE, shall fully defend, indemnify, and save harmless LOCAL AGENCY and its officers and employees from all claims, suits or actions of every kind occurring by reason of anything done or omitted to be done by STATE, its contractors, sub-contractors, and/or its agents pursuant to this AGREEMENT.

Neither STATE nor any of its officers or employees is responsible for any injury, damage or liability occurring by reason of anything done or omitted to be done by LOCAL AGENCY in connection with any work, authority or jurisdiction conferred upon LOCAL AGENCY pursuant to this AGREEMENT. To the fullest extent permitted by law, LOCAL AGENCY, shall fully defend, indemnify, and save harmless STATE and its officers and employees from all claims, suits or actions of every kind occurring by reason of anything done or omitted to be done by LOCAL AGENCY, its contractors, sub-contractors, and/or its agents pursuant to this AGREEMENT.

C. Prevailing Wages and Labor Code Compliance. LOCAL AGENCY shall comply with any and all applicable labor and prevailing wage requirements in Labor Code Sections 1720 through 1815 and implementing regulations for any public works or maintenance contracts and subcontracts executed for the LOCAL AGENCY's work under this AGREEMENT.

D. Insurance.

Self-Insured- LOCAL AGENCY is self-insured. LOCAL AGENCY shall deliver evidence of self-insured coverage providing general liability insurance, coverage of bodily injury and property damage liability, in an amount of $1 million per occurrence and $2 million in aggregate and $5 million in excess, as may be amended as the minimum liability coverage limits codified in the State's Standard Specifications, by delivering a Letter Certifying Self-

Insurance. The Letter of Self-Insurance must be substantially in the form of Exhibit B, and identify the AGREEMENT number, and location as depicted in Exhibit A. LOCAL AGENCY shall provide the original Letter Certifying Self-Insurance as a condition to STATE's execution of this AGREEMENT. A copy of the original letter shall be attached to this AGREEMENT as Exhibit B.

Self-Insured- using Contractor. If the work performed under this AGREEMENT is done by LOCAL AGENCY's contractor(s), LOCAL AGENCY shall require its contractor(s) to maintain in force, during the term of this AGREEMENT, a policy of general liability insurance, including coverage of bodily injury and property damage liability, naming STATE, its officers, agents and employees as the additional insured in an amount of $1 million per occurrence and $2 million in aggregate and $5 million in excess, as may be amended as the minimum liability coverage limits codified in the State's Standard Specifications. LOCAL AGENCY will provide a certificate of insurance evidencing this insurance in a form satisfactory to STATE as a condition to STATE's execution of this AGREEMENT.

15. **Default**. If a PARTY fails to perform obligations assumed under this Agreement, the non-defaulting PARTY may by written notice request that the default be remedied within thirty (30) calendar days. If the defaulting PARTY fails or refuses to do so, the non-defaulting PARTY may complete the obligations and seek reimbursement from the defaulting PARTY who shall pay the invoice within thirty (30) calendar days. If there is an immediate threat to maintain the structural integrity of, or prevent imminent danger of destruction to, the NVOC, either PARTY may perform necessary maintenance or remedial measures to maintain the structural integrity and/or prevent destruction of the NVOC without notice or delay.

16. **Cost.** Any PARTY who is assigned obligation under this AGREEMENT shall complete them at their own costs, unless expressly stated otherwise in this AGREEMENT.

17. **Termination.** This Agreement may be terminated by the mutual written consent of each PARTY.

18. **Effective Date.** This AGREEMENT shall become effective on the last of the dates each PARTY's authorized representative has executed this AGREEMENT.

19. **Authority.** Each individual executing this AGREEMENT on behalf of each PARTY represents and warrants that he/she is duly authorized to execute this AGREEMENT. LOCAL AGENCY represents and certifies that it has, through its regular political process, authorized the execution of this AGREEMENT by appropriate resolution, delegation, or plenary authority, as required. A true and correct copy of the local resolution or ordinance has been provided to the STATE.

20. **Electronic Signatures.** Electronic signatures of the PARTIES, whether digital or encrypted, are intended to authenticate this written AGREEMENT and shall have the same force and effect as manual signatures for this AGREEMENT.

IN WITNESS WHEREOF, the parties have executed this Agreement at Fresno, California, on the day and year first above written.

LETTER CERTIFYING CITY'S/COUNTY'S SELF-INSURED STATUS

On Local Agency letterhead

Department of Transportation, District 6
1352 W. Olive Avenue
Fresno, CA 93728
ATTN: Daniel Lum

_____20__

Re: Statement of Self-Insurance for City of Fresno for Freeway Maintenance Agreement No. TR 06-4-0001 with California Department of Transportation for the maintenance along SR 180 within the City limits

Dear Lum:

This letter certifies that the City of Fresno is self-insured and self-funded covering third-party claims arising out of its general operations (i.e.; commercial general liability and automobile liability insurance). Further, the CITY is self-insured covering workers' compensation claims and has received the consent of the State Department of Industrial Relations to do so.

Each fiscal year, as a part of its budgetary process, the CITY appropriates funds specifically to satisfy valid third-party claims and workers' compensation claims, which may be brought against the CITY.

The CITY certifies its self-insured, general liability coverage for bodily injury and property damage liability, meets the required coverage amounts in section 14.D (Insurance) of the Freeway Maintenance Agreement, specifically general liability insurance, coverage of bodily injury and property damage liability in an amount of $1 million per occurrence and $2 million in aggregate and $5 million in excess.

If you need any additional information regarding this letter, please direct those inquiries through my office.

Sincerely,

Finance Manager/Risk Manager/Authorized Representative's Title

NON-VEHICULAR OVERCROSSING (NVOC) MAINTENANCE AGREEMENT WITH CITY OF FRESNO

This Maintenance Agreement ("AGREEMENT") is made by and between the State of California, acting by and through the Department of Transportation ("STATE"), and the City of Fresno ("LOCAL AGENCY"), a California municipal corporation; each may be referred to individually as a "PARTY," and jointly as "PARTIES."

RECITALS

1. The Roeding Park Pedestrian Overcrossing ("Non-Vehicular Overcrossing") on STATE Highway Route (SR) 99 at PM 23.01, hereinafter referred to as the "NVOC."

2. It was agreed by the PARTIES that prior to construction, the LOCAL AGENCY and STATE will enter into a Maintenance Agreement for the inspection, maintenance and their respective financial responsibility towards the NVOC.

The PARTIES hereto mutually agree as follows:

OPERATIVE PROVISIONS

1. **Maintenance Standards.** The LOCAL AGENCY shall perform all maintenance in compliance with the standards set forth in Streets and Highways Code Section 27, and in accordance with California laws, regulations, and STATE standards, including STATE'S Maintenance Manual, Code of Safe Operating Practices, policies, procedures, and specifications in effect and as amended. "Maintain" or "maintenance" under this AGREEMENT includes inspections of all structures and facilities, repairs, cleaning, replacements, and improvements, if necessary, as described herein.

2. **Amendment to Agreement**. This AGREEMENT may only be amended by a written agreement executed by all PARTIES.

3. **Successors.** This AGREEMENT shall be binding upon and inure to the benefit of each of the PARTIES and their respective successors-in-interest any subsequently incorporated city or other municipality established within the LOCAL AGENCY's jurisdictional limits. If the successor city or municipality fails to accept the obligations of the LOCAL AGENCY by entering into a new agreement with STATE, LOCAL AGENCY shall continue to be contractually bound by the terms of this AGREEMENT.

4. **Encroachment Permits.** Before LOCAL AGENCY may enter STATE ROW to perform any maintenance or work in the areas covered by this AGREEMENT, LOCAL AGENCY must first apply for and obtain an encroachment permit for maintenance work from the STATE's District 6 Encroachment Permit Office. LOCAL AGENCY must apply for and obtain additional encroachment permits, if necessary, to enter or perform any work within STATE ROW not covered by this AGREEMENT. An encroachment permit issued by the STATE will be at no cost to LOCAL AGENCY.

5. **Definitions of Structure and Facility Components:**

1. **NON-COMPLEX STRUCTURE** - Typical standard ordinary bridge structure types/components as determined by the STATE, e.g., reinforced concrete box girder bridges.

2. **COMPLEX STRUCTURE** – These are bridge structure types that employ structural systems/ components that are more complex than standard ordinary bridge types, or possess complex structural characteristics such as movable, suspension, cable stayed, tied arch, and others. These may include unique bridge structures as determined by the STATE that may be proposed by LOCAL AGENCY or STATE, as Gateway, Signature, or Blue-Ribbon transportation facilities that are more structurally complex than the typical standard ordinary highway bridge structure.

3. **NVOC's Non-Complex or Complex STRUCTURAL COMPONENTS** including, but not limited to, the following:

a) **DECK** – The structural component of the NVOC that supports, and is below, the DECK SURFACE (Wearing Surface), and distributes loads to the superstructure.

b) **SUPERSTRUCTURE** – The structural component(s) of the NVOC that support the DECK and distribute loads to and are supported by columns/piers (including but not limited to girders, beam, truss, stringer, floor beam, arch, cable, pin-and-hanger assemblies, bearing and/or gusset plate elements).

c) **SUBSTRUCTURE** – Structural components of the NVOC that support the superstructure and distribute loads to and are supported by footings and foundations (including but not limited to column, pier wall, abutment, pier cap, footing, pile cap and/or pile elements).

4. **NVOC's NON-STRUCTURAL COMPONENTS** facilities and improvements including, but not limited to, the following:

a. **DECK SURFACE** (Wearing Surface) – The top surface of road/street surfaces above the DECK for pedestrian and bicycle traffic (e.g., roadway surface).

b. **DRAINAGE FACILITIES** – Any facility which provides drainage to any location, including but not limited to, wing walls, drains, drain inlets, gutters, curbs, and inlet grates.

c. All portions of the NVOC structure above the bridge DECK, including, but not limited to, lighting, sidewalks, signs, bike paths, pavement overlays, decorative artwork integral or attached to SCREENING, concrete pilasters, pavement

markings, striping, architectural details, and improvements for compliance with the Americans with Disabilities Act, as depicted on Exhibit "A."

d. **BRIDGE RAILS & POSTS** – Portions of the NVOC that act as a safety barrier to keep pedestrian, bicycle traffic, etc., from falling from the structure, typically attached to the bridge DECK and DECK SURFACE.

e. **LIGHTING** – Electrical lamps and light posts installed within STATE's RIGHT-OF-WAY that facilitate safe passage of the traveling public.

f. **SCREENING** - Fencing installed on NVOC bridge, inclusive of rails/posts/safety barriers, to protect the safety of the traveling public.

g. **SIGNAGE** - Signs that provide any traffic related guidance.

h. **Other improvements** that may be constructed above the bridge DECK, with STATE's prior written approval, such as traffic controls, traffic lights, sidewalks, signs, bike paths, pavement overlays, bridge rails and posts, decorative artwork integral or attached to SCREENING, concrete pilasters, pavement markings, striping, architectural details, and improvements for compliance with the Americans with Disabilities Act, as depicted in Exhibit "A."

6. **Portions of Non-Vehicular Overcrossings (NVOCs), at State's determination, have been classified as follows, depending on their location relative to State's ROW, and are distinguished by zones as depicted in Exhibit "A":**

a) Category I – NVOC structure entirely located within STATE's RIGHT OF WAY, or portions of the NVOC structure located within STATE's RIGHT OF WAY.

b) Category II – Portions of the NVOC structure located outside STATE's RIGHT OF WAY but contributing towards the safety and structural integrity of portions of the NVOC structure within the STATE's RIGHT OF WAY.

c) Category III – Portions of the NVOC structure located entirely outside STATE's RIGHT OF WAY and NOT contributing towards the safety and structural integrity of the NVOC structure within the STATE's RIGHT OF WAY.

7. **Non-Complex NVOC Structure Provisions:**

Non-Vehicular Overcrossing (NVOC) Zone Classifications have been categorized depending on their location relative to State's ROW, and have related responsibilities as follows - and are as depicted and described in Exhibit "A":

A. **Category I – NVOC structure entirely located within STATE's RIGHT OF WAY, or portions of the NVOC structure located within STATE's RIGHT OF WAY.**

a) LOCAL AGENCY shall own Category I portion of the NVOC.

b) STATE shall inspect and maintain, at STATE's expense, NVOC's structural components and SCREENING (except maintaining the integral or attached decorative artwork on the SCREENING), and perform inspections or activities, as determined by STATE.

c) LOCAL AGENCY shall inspect and maintain, at LOCAL AGENCY's expense, NVOC's NON-STRUCTURAL COMPONENTS, excluding the SCREENING.

d) LOCAL AGENCY understands and acknowledges that structural and maintenance inspections must be made to ensure the NVOC retains its integrity for the safety of the public using this structure and for travelers using the STATE RIGHT OF WAY. LOCAL AGENCY also shall perform structural and maintenance inspections necessary to maintain the safety and structural integrity of the NVOC structure and facilities noted above, which are under LOCAL AGENCY's responsibilities.

e) LOCAL AGENCY understands and acknowledges that structural and maintenance repairs must be made to ensure the NVOC retains its integrity for the safety of the public using this structure and for travelers using the STATE RIGHT OF WAY. LOCAL AGENCY also shall perform structural and maintenance repairs, and replace or complete other improvements necessary, to maintain the safety and structural integrity of the NVOC structure and facilities noted above, which are under LOCAL AGENCY's responsibilities.

f) In the event STATE determines that repairs to the facilities or improvements under LOCAL AGENCY's responsibilities must be made, to ensure that the NVOC in STATE's RIGHT OF WAY retains its integrity for the safety of the public, the STATE may perform repairs and seek reimbursement from the LOCAL AGENCY which the LOCAL AGENCY shall reimburse the State within thirty (30) calendar days of receipt of invoice from STATE.

g) **Encampments Removal:**

STATE shall remove Persons Experiencing Homelessness (PEH) and any structures, personal property, debris, and/or other items related to the encampment within Category I zone of the NVOC, subject to STATE's Encampment Removal policy, MPD 1001 R1 and applicable State and Federal Law.

Nothing in this Agreement grants or waives the right of California Highway Patrol (CHP) and other law enforcement agencies having jurisdiction over the NVOC.

B. **Category II – Portions of the NVOC structure located outside STATE's RIGHT OF WAY but contributing towards the safety and structural integrity of portions of the NVOC structure within the STATE's RIGHT OF WAY.**

a. LOCAL AGENCY shall own Category II portions of the NVOC structure.

b. LOCAL AGENCY shall inspect and maintain, at LOCAL AGENCY's expense, structural components and perform maintenance inspections or activities on NVOC's STRUCTURAL COMPONENTS, as determined by State.

c. LOCAL AGENCY shall inspect and maintain, at LOCAL AGENCY's expense, NVOC's NON-STRUCTURAL COMPONENTS.

d. LOCAL AGENCY understands and acknowledges that structural and maintenance inspections must be made to ensure the NVOC retains its integrity for the safety of the public using this structure and for travelers using the STATE RIGHT OF WAY. LOCAL AGENCY also shall perform structural and maintenance inspections necessary to maintain the safety and structural integrity of the NVOC structure and facilities noted above, which are under LOCAL AGENCY's responsibilities.

e. LOCAL AGENCY understands and acknowledges that structural and maintenance repairs must be made to ensure the NVOC retains its integrity for the safety of the public using this structure and for travelers using the STATE RIGHT OF WAY. LOCAL AGENCY also shall perform structural and maintenance repairs, and replace or complete other improvements necessary, to maintain the safety and structural integrity of the NVOC structure and facilities noted above, which are under LOCAL AGENCY's responsibilities.

f. In the event STATE determines repairs to the facilities or improvements under LOCAL AGENCY's responsibilities must be made to ensure that the NVOC in STATE's RIGHT OF WAY retains its integrity for the safety of the public, the STATE may perform repairs and seek reimbursement from the LOCAL AGENCY which the LOCAL AGENCY shall reimburse the STATE within thirty (30) calendar days of receipt of invoice from STATE.

g. Where access is controlled, LOCAL AGENCY shall provide means of access to STATE. If necessary, STATE shall have unrestricted access to portions of the NVOC in Category II to perform inspections and maintenance, at STATE's expense on NVOC's STRUCTURAL COMPONENTS.

h. **Encampments Removal:**

LOCAL AGENCY shall remove Persons Experiencing Homelessness (PEH) and any structures, personal property, debris, and/or other items related to the encampment within Category II zone subject to STATE's Encampment Removal policy, MPD 1001 R1 and applicable State and Federal law.

Nothing in this Agreement grants or waives the right of California Highway Patrol (CHP) and other law enforcement agencies having jurisdiction over the NVOC.

C. **Category III – Portions of the NVOC structure located entirely outside STATE's RIGHT OF WAY and NOT contributing towards the safety and structural integrity of the NVOC structure within the STATE's RIGHT OF WAY.**

a. LOCAL AGENCY shall own Category III portions of the NVOC structure.

b. LOCAL AGENCY shall inspect and maintain, at LOCAL AGENCY's expense, SCREENING and NVOC's STRUCTURAL COMPONENTS and NON-STRUCTURAL COMPONENT.

c. **Encampments Removal:**

LOCAL AGENCY shall remove Persons Experiencing Homelessness (PEH) and any structures, personal property, debris, and/or other items related to the encampment within Category III zone, subject to applicable State and Federal law.

Nothing in this Agreement grants or waives the right of California Highway Patrol (CHP) and other law enforcement agencies having jurisdiction over the NVOC.

8. **Graffiti Abatement.** LOCAL AGENCY, at LOCAL AGENCY's expense, shall remove all graffiti and legally remove and dispose of all debris and trash from the entire NVOC. Any graffiti on a mural, artwork, paintings, or other similar elements within STATE ROW may not be removed without first consulting and obtaining approval from the STATE's District 6 Transportation Art Coordinator.

9. **Weed Abatement**. LOCAL AGENCY shall control weeds at a level acceptable to the STATE. Any weed control performed by chemical weed sprays (herbicides) shall comply with all laws, rules, and regulations established by the California Department of Food and Agriculture. All chemical spray operations shall be reported quarterly (form LA17) to STATE via the Landscape Specialist, Maintenance Support, Caltrans District 6 Office, at 1635 West Pine Avenue, Fresno, CA 93728.

10. **Default.** If a PARTY fails to perform obligations assumed under this AGREEMENT, the non-defaulting PARTY may by written notice request that the default be remedied within thirty (30) calendar days. If the defaulting PARTY fails or refuses to do so; the non-defaulting PARTY may complete the obligations and seek reimbursement from the defaulting PARTY who shall pay the invoice within thirty (30) calendar days. If there is an immediate threat to maintain the structural integrity of, or prevent imminent danger of destruction to, the NVOC, either PARTY may perform necessary maintenance or remedial measures to maintain the structural integrity and/or prevent destruction of the NVOC without notice or delay.

11. Any PARTY who is assigned obligation under this AGREEMENT shall complete them at their own costs, unless expressly stated otherwise in this AGREEMENT.

12. **Legal Relations and Responsibilities.**

A. **No Third-Party Beneficiaries.**

This AGREEMENT is not intended to create duties, obligations, or rights of third parties beyond the PARTIES to this AGREEMENT. Nor does this AGREEMENT affect a PARTY's legal liability by imposing any standard of care for the operation and maintenance of STATE highways and LOCAL AGENCY facilities different from the standard of care imposed by law.

B. **Indemnification.**

Neither LOCAL AGENCY nor any of its officers or employees is responsible for any injury, damage or liability occurring by reason of anything done or omitted to be done by STATE in connection with any work, authority or jurisdiction conferred upon STATE pursuant to this AGREEMENT. To the fullest extent permitted by Law, STATE, shall fully defend, indemnify, and save harmless LOCAL AGENCY and its officers and employees from all claims, suits or actions of every kind occurring by reason of anything done or omitted to be done by STATE, its contractors, sub-contractors, and/or its agents pursuant to this AGREEMENT.

Neither STATE nor any of its officers or employees is responsible for any injury, damage or liability occurring by reason of anything done or omitted to be done by LOCAL AGENCY in connection with any work, authority or jurisdiction conferred upon LOCAL AGENCY pursuant to this AGREEMENT. To the fullest extent permitted by Law, LOCAL AGENCY, shall fully defend, indemnify, and save harmless STATE and its officers and employees from all claims, suits or actions of every kind occurring by reason of anything done or omitted to be done by LOCAL AGENCY, its contractors, sub-contractors, and/or its agents pursuant to this AGREEMENT.

C. **Prevailing Wages and Labor Code Compliance.** LOCAL AGENCY shall comply with any and all applicable labor and prevailing wage requirements in Labor Code Sections 1720 through 1815 and implementing regulations for any public works or maintenance contracts and subcontracts executed for the LOCAL AGENCY's work under this AGREEMENT.

D. **Insurance.**

Self-Insured. LOCAL AGENCY is self-insured. LOCAL AGENCY shall deliver evidence of self-insured coverage providing general liability insurance, coverage of bodily injury and property damage liability, in an amount of $1 million per occurrence and $2 million in aggregate and $5 million in excess, as may be amended as the minimum liability coverage limits codified in the State's Standard Specifications. by delivering a Letter Certifying Self-Insurance. The Letter of Self-Insurance must be substantially in the form of Exhibit B, and identify the AGREEMENT by location as depicted in Exhibit A. LOCAL AGENCY shall provide the original Letter Certifying Self-Insurance as a condition to STATE's

execution of this AGREEMENT. A copy of the original letter shall be attached to this AGREEMENT as Exhibit B.

Self-Insured using Contractor. If the work performed under this AGREEMENT is done by LOCAL AGENCY's contractor(s), LOCAL AGENCY shall require its contractor(s) to maintain in force, during the term of this AGREEMENT, a policy of general liability insurance, including coverage of bodily injury and property damage liability, naming STATE, its officers, agents and employees as the additional insured in an amount of $1 million per occurrence and $2 million in aggregate and $5 million in excess, as may be amended as the minimum liability coverage limits codified in the State's Standard Specifications. LOCAL AGENCY will provide a certificate of insurance evidencing this insurance in a form satisfactory to STATE as a condition to STATE's execution of this AGREEMENT.

13. **Termination.** This Agreement may be terminated by the mutual written consent of each PARTY.

14. **Effective Date.** This AGREEMENT shall become effective on the last of the dates each PARTY's authorized representative has executed this AGREEMENT.

15. **Authority.** Each individual executing this AGREEMENT on behalf of each PARTY represents and warrants that he/she is duly authorized to execute this AGREEMENT. LOCAL AGENCY represents and certifies that it has, through its regular political process, authorized the execution of this AGREEMENT by appropriate resolution, delegation, or plenary authority, as required. A true and correct copy of the local resolution or ordinance has been provided to the STATE.

16. **Electronic Signatures.** Electronic signatures of the PARTIES, whether digital or encrypted, are intended to authenticate this written AGREEMENT, and shall have the same force and effect as manual signatures for this AGREEMENT.

[SIGNATURES FOLLOW ON THE NEXT PAGE.]

IN WITNESS WHEREOF, the parties have executed this Agreement at Fresno, California, on the day and year first above written.

Re: Statement of Self-Insurance for City of Fresno for NVOC Maintenance Agreement No. TR 06-4-0002 with California Department of Transportation for the Non-Vehicular Overcrossing along SR 99 at postmile 23.01

Dear Mr Lum:

This letter certifies that the City of Fresno is self-insured and self-funded covering third-party claims arising out of its general operations (e.g., commercial general liability and automobile liability insurance). Further, the CITY is self-insured covering workers' compensation claims and has received the consent of the State Department of Industrial Relations to do so.

Each fiscal year, as a part of its budgetary process, the CITY appropriates funds specifically to satisfy valid third-party claims and workers' compensation claims, which may be brought against the CITY.

The CITY certifies its self-insured, general liability coverage for bodily injury and property damage liability, and meets the required coverage amounts in section 12D (Insurance) of the NVOC Maintenance Agreement, specifically general liability insurance, coverage of bodily injury and property damage liability in an amount of $1 million per occurrence and $2 million in aggregate and $5 million in excess.

If you need any additional information regarding this letter, please direct those inquiries through my office.

Sincerely,

Finance Manager/Risk Manager/Authorized Representative's Title

FREEWAY MAINTENANCE AGREEMENT

IN THE CITY OF FRESNO

THIS AGREEMENT, made and executed in duplicate this 27th day of May,1992, by and between the State of California, acting by and through the Department of Transportation, hereinafter referred to as the "STATE" and the City of Fresno, hereinafter referred to as the "CITY".

W I T N E S S E T H

WHEREAS,freeway agreements were executed between the County of Fresno and the STATE wherein the County of Fresno agreed and consented to certain adjustments of the County road system required for the development of that portion of State Highway Route 99, within the current limits of the CITY of Fresno, as a freeway, and the CITY has annexed areas within the COUNTY and has assumed the obligation of maintenance from the COUNTY, and

WHEREAS, said freeway has now been completed, and the parties hereto mutually desire to clarify the division of maintenance responsibility as to separation structures and CITY streets or portions thereof and landscaped areas, within the freeway limits, and

WHEREAS, under the above freeway agreements, the CITY has resumed control and maintenance over each of the relocated or reconstructed CITY streets except those portions thereof adopted as a part of the freeway proper.

MAINTENANCE DEFINED:

Maintenance is defined in Section 27 of the Streets and Highways Code as follows:

Sec. 27

"(a) The preservation and keeping of rights-of-way, and each type of roadway, structure, safety concenience or devise, planting, illumination equipment or othe facility, in the safe and usable condition to which it has been improved or constructed, but does not include reconstruction, or other improvement.

"(b) Operation of special safety conveniences and devises, and illuminating equipment.

"(c) The special or emergency maintenance or repair necessitated by accidents or by storms or other weather conditions, slides, settlements or other unusual or unexpected damage to a roadway, structure or facility."

NOW THERFORE IT IS AGREED:

1. When a planned future improvement has been constructed and/or a minor revision has been effected within the limits of the freeway herein described, which affects the division of maintenance, the Department will provide a new dated and revised Exhibit "A", which is made a part hereof by this reference, which will supersede the original exhibit and will become part of this agreement.

2. VEHICULAR OVERCROSSINGS

   The STATE will maintain, at STATE expense, the entire structure below the deck surface except as herein provided. The CITY will maintain, at CITY expense, the deck and/or surfacing and shall perform such work as may be nessary to ensure an impervious and/or otherwise suitable surface. The CITY will also maintain all portions of the structure above the bridge deck, as above specified, including lighting installations, as well as all traffic service facilities (signals, signs, pavement markings, rails, etc.) that may be required for the benefit or control of CITY street traffic.

   At such locations, as shall be determined by the STATE, screening shall be placed on STATE freeway overpasses on which pedestrians are allowed (as directed by Sec. 92.6 of the Streets and Highways Code). All screens installed under this program will be maintained by the STATE at STATE expense.

3. VEHICULAR UNDERCROSSINGS

   The STATE will maintain the structure proper. The roadway section, including the traveled way, shoulders, curbs, sidewalks, walls (including eliminating graffiti), drainage installations, lighting installations and traffic service facilities that may be required for the benefit or control of CITY street traffic will be maintained by the CITY.

3. PEDESTRIAN OVERCROSSINGS

The STATE will maintain, at STATE expense, the entire structure below the top of the concrete deck surface, exclusive of any surface treatment thereon. The CITY will maintain, at CITY expense, the top of the concrete deck surface, together with any surface treatment thereon, and all portions of the structure above the concrete deck surface, EXCEPT SCREENING which will be maintained by the STATE at STATE expense, and shall perform such other work as may be necessary to ensure an impervious and otherwise suitable surface.

The CITY will also maintain all traffic service facilities provided for the benifit or control of pedestrian traffic.

6. SOUND WALLS

The STATE will maintain the structure from a structural standpoint. The CITY will be responsible for all cleaning and painting as may be required to keep the CITY's side of the structure free of debris and graffiti.

7. LANDSCAPED AREAS ADJACENT TO CROSSING STRUCTURES

Landscaped areas within the limits reserved for freeway use, including traffic interchanges and on and off ramp areas but excluding frontage road areas, will be maintained by the STATE at STATE expense. All plantings or other types of roadside development lying outside the areas reserved for freeway use will be maintained by the CITY at CITY expense.

8. INTERCHANGE OPERATION

It is the responsibility of the STATE to provide efficient operation of freeway interchanges including ramp connections to local streets. The STATE will not pay for the maintenance, repair, servicing, or power for ordinary street lighting; however, lighting at intersections which qualifies as safety lighting under current warrants will be paid for by the STATE. The maintenance and operating of safety lighting, traffic signals or other necessary electrically operated traffic control devises at ramp connections to CITY streets shall be shared, between the STATE and CITY on a prorata basis in the same ratio as the number of legs of the interchange under each jurisdiction bears to the total number of legs. Timing of traffic signals shall be the responsibility of the STATE.

10. LEGAL RELATIONS AND RESPONSIBILITIES:

Nothing in the provisions of this Agreement is intended to create duties or obligations to or rights in third parties not parties to this contract or affect the legal liability of either party to the contract by imposing any standard of care respecting the maintenance of State highways different from the standard of care imposed by law.

It is understood and agreed that neither the STATE nor any officer or employee thereof is responsible for any damage or liability occurring by reason of anything done or omitted to be done by the CITY under or in connection with any work, authority or jurisdiction delegated to the CITY under this Agreementfor Maintenance. It is also understood and agreed that pursuant to Government Code Section 895.4 the CITY shall defend, indemnify and save harmless the STATE, all officers and employees from all claims, suits or actions of every name, kind and description brought for or in account of injuries to or death of any person or damage to property resulting from anything done or omitted to be done by the CITY under or in connection with any work, authority or jurisdiction delegated to the CITY under this Agreement.

It is understood and agreed that neither the CITY nor any officer or employee thereof is responsible for any damage or liability occurring by reason of anything done or omitted to be done by the STATE under or in connection with any work, authority or jurisdiction delegated to the STATE under this Agreementfor Maintenance. It is also understood and agreed that pursuant to Government Code Section 895.4 the STATE shall defend, indemnify and save harmless the CITY, all officers and employees from all claims, suits or actions of every name, kind and description brought for or in account of injuries to or death of any person or damage to property resulting from anything done or omitted to be done by the STATE under or in connection with any work, authority or jurisdiction delegated to the STATE under this Agreement.

J. EFFECTIVE DATE:

This Agreement shall be effective upon the date of its execution by the STATE, it being understood and agreed, however, that the execution of this Freeway Maintenance Agreement shall not affect any pre-existing obligations of the CITY to maintain designated areas pursuant to prior written notice from the STATE that work in such areas, which the CITY has agreed to maintain pursuant to the terms of the Freeway Agreement, has been completed.

IN WITNESS WHEREOF, the parties hereto have set their hands and seals the day and year first above written.

FREEWAY AGREEMENT

THIS AGREEMENT, made and entered into on this 20th day of April, 2023, by and between the STATE OF CALIFORNIA acting by and through the Department of Transportation (herein referred to as "STATE"), and the City of Fresno (herein referred to as "CITY"),

WITNESSETH:

WHEREAS, the highway described above has been declared to be a freeway by Resolution of the California Highway Commission on July 20, 1944; May 19, 1949; and August 21, 1956; and

WHEREAS, STATE and CITY have entered into a Freeway Agreement dated June 6, 2013, relating to that portion of State Highway Route 99 from El Dorado Street to 0.9 miles south of Herndon Avenue; and

WHEREAS, STATE and CITY have entered into a Freeway Agreement dated October 3, 2013, relating to that portion of State Highway Route 99 from 0.3 mile north of West Shaw Avenue to 0.9 mile south of Herndon Avenue; and

WHEREAS, a revised plan map for such freeway has been prepared showing the proposed plan of the STATE as it affects streets of the CITY; and

WHEREAS, it is the mutual desire of the parties hereto to enter into a new freeway agreement in accordance with the revised plan of said freeway;

NOW, THEREFORE, IT IS AGREED:

1. This Agreement supersedes in its entirety said Freeway Agreement dated June 6, 2013.

2. This Agreement supersedes in its entirety said Freeway Agreement dated October 3, 2013.

3. CITY agrees and consents to the closing of CITY streets, relocation of CITY streets, construction of frontage roads and other local roads, and other construction affecting CITY streets, all as shown on the plan map attached hereto marked Exhibit A and made a part hereof by this reference.

4. The obligations of STATE and CITY with respect to the funding and construction of the freeway project will always be dealt with in separate Cooperative Agreement(s) between the parties dated, and any amendments thereto, or Encroachment Permits issued to CITY. The parties responsible for shall make any changes affecting CITY streets only in accordance with the plan map attached hereto, marked Exhibit A.

5. The obligations of STATE and CITY with respect to the acquisition of rights of way required for the construction, reconstruction, or alteration of the freeway and CITY streets, frontage roads, and other local roads will always be dealt with in separate Cooperative Agreement(s) between the parties dated, and any amendments thereto, or Encroachment Permits issued to CITY.

6. It is understood between the parties that the rights of way may be acquired in sections or units, and that both as to the acquisition of right of way and the construction of the freeway projects, the obligations of STATE hereunder shall be carried out at such time and for such unit or units of the projects as funds are budgeted and made lawfully available for such expenditures.

7. CITY will accept control and maintenance over each of the relocated or reconstructed CITY streets, and the frontage roads, and other STATE constructed local roads on receipt of written notice to CITY from STATE that the work thereon has been completed, except for any portion which is adopted by STATE as a part of the freeway proper. CITY will accept title to the portions of such roads lying outside the freeway limits upon relinquishment by STATE.

8. This Agreement may be modified at any time by the mutual consent of the parties hereto, as may become necessary for the best accomplishment, through STATE and CITY cooperation, of the whole freeway project for the benefit of the people of the STATE and of the CITY.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed by their respective duly authorized officers.

SUBJECT

RESOLUTION - Approve the Final Map of Tract No. 6463, accepting dedicated public uses offered therein except for dedications offered subject to City acceptance of developer installed required improvements - located on the north side of McKinley Avenue just east of Armstrong Avenue. (Council District 7)

RECOMMENDATION

Staff recommends the City Council adopt a resolution approving the Final Map of Tract No. 6463 and accepting the dedicated public uses offered therein.

EXECUTIVE SUMMARY

The landowner, Wilson Premier Homes, Inc., a California Corporation, has filed for approval of the Final Map of Tract No. 6463, a 216-lot single-family residential subdivision on the north side of McKinley Avenue east of Armstrong Avenue on 18.72 acres.

BACKGROUND

On July 3, 2024, the Fresno City Planning Commission approved Vesting Tentative Map No. 6360 (Tentative Map), a 326-lot single-family residential subdivision on 31.72 acres. The Tentative Map was approved consistent with the Fresno General Plan to comply with the provisions of the Subdivision Map Act. Tract No. 6463 is the second phase of Tentative Map No. 6360.

The Final Map is technically correct and conforms to the approved Tentative Map, the Subdivision Map Act, and the Fresno Municipal Code. The provisions of Section 66474.1 of the Subdivision Map Act require a final map that is in substantial compliance with the approved tentative map to be approved by the City Council.

The Subdivider has satisfied all other conditions of approval and has paid the miscellaneous and development impact fees due as a condition of approval for the Final Map. Covenants have been executed to defer eligible development impact fees to the time of final occupancy of each unit, acknowledging right-to-farm law, relinquishing access rights for certain lots, and providing for sanitary sewer capacity in the Fowler Avenue Trunk Sewer. The City Attorney's Office has approved all documents as to form.

Maintenance District: A condition of approval of the Tentative Map is to maintain the concrete sidewalks, curb, gutter, pads, and mow strip, landscaping, irrigation, hardscaping, trails, asphalt concrete paving, streetlights, and parks associated with the Final Map in accordance with the adopted standards of the City. The Subdivider has satisfied the maintenance requirement by annexing the subdivision into the City's CFD 11 on May 1, 2025.

ENVIRONMENTAL FINDINGS

Pursuant to CEQA Guidelines Section 15268(b)(3), approval of final subdivision maps is ministerial action and is exempt from the requirements of CEQA.

LOCAL PREFERENCE

Local preference was not considered because this resolution does not include a bid or award a construction or services contract.

FISCAL IMPACT

The Final Map is in Council District 7. There will be no impact to the City's General Fund. Approval by the Council will result in timely deliverance of the review and processing of the Final Map as is reasonably expected by the Subdivider. Prudent financial management is demonstrated by the expeditious completion of this Final Map inasmuch as the Subdivider has paid the City a fee for the processing of this Final Map and that fee is, in turn, funding the respective operations of the Public Works Department.

RESOLUTION NO. _____

A RESOLUTION OF THE COUNCIL OF THE CITY OF FRESNO, CALIFORNIA, TO APPROVE THE FINAL MAP OF TRACT NO. 6463, ACCEPTING DEDICATED PUBLIC USES OFFERED THEREIN EXCEPT FOR DEDICATIONS OFFERED SUBJECT TO CITY ACCEPTANCE OF DEVELOPER INSTALLED REQUIRED IMPROVEMENTS

WHEREAS, WILSON PREMIER HOMES, INC., A CALIFORNIA CORPORATION, as Owner, has offered for approval a Final Map designated as Tract No. 6463, ("map"), pursuant to approved Vesting Tentative Map No. 6360 ("tentative map"); and,

WHEREAS, all the certificates which appear on the map (except the approval certificate of the Council of the City of Fresno and the recording certificate of the Recorder of the County of Fresno) have been signed and acknowledged and said map has been filed for approval; and,

WHEREAS, the subdivision lies within the boundaries of the City of Fresno; and,

WHEREAS, the map conforms to all of the requirements of the Subdivision Map Act of the State of California, and City ordinances, resolutions and standards, except that Section 66492 and 66493 of the Subdivision Map Act may not be fully complied with at the time of passage of this resolution and owner having previously filed with the Clerk of the Board of Supervisors of Fresno County a Tax Compliance Certificate Request along with copies of the map considered herewith by the Council; and,

WHEREAS, the Council finds that the proposed subdivision, together with the provisions for its design and improvement, is consistent with all applicable general and

specific plans of the City; and,

WHEREAS, the Subdivider and the Owners, whose signatures appear on the map, and others have offered for dedication certain streets, public utility easements, access rights and other public properties and uses as shown and delineated upon said map; and,

WHEREAS, the Planning Commission of the City of Fresno, by formal resolution, approved said tentative map.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Fresno as follows:

1. The Council finds that the map is in substantial compliance with said tentative map, any deviations therefrom being deemed to be approved by the Council.

2. That the map is hereby approved and any and all of the streets, public utility easements, public utility facilities, access rights and all parcels of land and easements offered for dedication on the map are hereby accepted, unless it is stated on the Final Map that said dedications are subject to City acceptance of Developer installed improvements, subject to complete compliance with Sections 66492 and 66493 of the Subdivision Map Act prior to release of the map for recordation.

3. This Resolution shall be effective upon final approval.

THIS FORM IS A PUBLIC RECORD

LEVINE ACT DISCLOSURE STATEMENT FOR LICENSES, PERMITS, OR OTHER ENTITLEMENTS FOR USE (DEVELOPMENT)

Background: California Government Code § 84308, commonly referred to as the "Levine Act," prohibits City Officers from participating in any proceeding concerning a license, permit, other entitlement for use, franchise, or contract (collectively "license, permit, or contract") if they receive campaign contribution(s) from a Party or Participant to the proceeding, or their Agents, totaling more than $500 in the preceding 12 months. The Levine Act also prohibits City Officers from accepting, soliciting, or directing campaign contributions over $500 from Parties or Participants to a proceeding, or in *any* amount by their Agents, while a proceeding is pending and for 12 months following the final decision in a proceeding. See definitions of Party, Participant, and Agent in the Definitions attached.

Levine Act requirements apply when the City Officer or the body of which they are a member has the authority to make any decision or recommendation in the proceeding. City Officers include City elected or appointed officers, their alternates, and any candidate for elective office. City Officers are listed at the following sites:

- *City elected officers* - https://www.fresno.gov/cityofficials/
- *Board members and Commissioners* - https://www.fresno.gov/cityclerk/#boards-&-commission- application

Parties are responsible for reviewing and disclosing on the record of a proceeding their and their Agent's campaign contributions to City Officers over $500 in the 12 months preceding any decision rendered by the agency. A "Party" to a proceeding means the applicant as well as the subject of the proceeding.

Both the applicant and the subject of a proceeding are required to provide information about campaign contributions to City Officers made by them, their Agents on behalf of them or their organization(s), their organization(s) subject to the proceeding with the City, and any organization they direct or control pursuant to the aggregation rules set forth by FPPC Reg. § 18438.5, except for uncompensated officers of a nonprofit organization. When a closed corporation is a Party or Participant to a proceeding subject to the Levine Act, the majority shareholder is subject to the disclosure and prohibition requirements of the Levine Act.

DISCLOSURES

Applicants and subjects of proceedings are responsible for reviewing the names of the City Officers and aggregation rules linked above prior to making the following disclosures:

FOR THE APPLICANT: Have you or your company, or any Agent on behalf of you or your company, or any organization you direct or control, made campaign contributions of more than $500 to a City Officer in the 12 months preceding the date of the submission of your bid or proposal, or the anticipated date of any action by a City Officer related to this proceeding?

YES:____ NO: X

If yes, please identify the City Officer(s), Contributing Entity and if they are a Party or an Agent, and date(s) of contribution(s) in the spaces below:

City Officer(s) Name(s) Contributing Entity Date(s) of Contribution(s)

_____

_____

LEVINE ACT DISCLOSURE STATEMENT
DEFINITIONS

Term	Definition	Law
Covered Proceedings	A license, permit, or other entitlement for use, meaning all business, professional, trade, and land use licenses and permits and all other entitlements for use, including all entitlements for land use, all contracts, and all franchises. Including a proceeding to grant, deny, revoke, restrict, or modify a license, permit or other entitlement for use, that does not solely involve purely ministerial decisions and is: (1) Applied for by the party; (2) Formally or informally requested by the party; or (3) A contract between the agency and the party or a franchisee granted by the agency to the party, *other than those* competitively bid, labor contract, personal employment contract, valued under $50,000, between two or more agencies, where no party receives financial compensation, periodic review of or renewal of a development agreement with no material changes; or a periodic review or renewal of competitively bid contracts (unless material modifications or amendments valued at >10% value of the contract $50,000, whichever is less).	FPPC Reg 18438.2(a)
Party	Any person who files an application for, or is the subject of, a proceeding involving a license, permit, or other entitlement for use.	Gov. Code 84308(a)(1)
Participant	Any person who is not a party but who actively supports or opposes a particular decision in a proceeding involving a license, permit, or other entitlement for use and who has a financial interest in the decision. A person actively supports or opposes a particular decision in a proceeding if that person lobbies in person the officers or employees of the agency, testifies in person before the agency, or otherwise acts to influence officers of the agency.	Gov. Code 84308(a)(2); *see also* FPPC Reg. 18348.4
Agent	A person who represents a party or participant for compensation and appears before or otherwise communicates with the governmental agency for the purpose of influencing the pending proceeding. See FPPC Reg 18438.3 for exceptions for certain consultants.	FPPC Reg 18438.3
Competitively Bid	Competitively bid contracts are required by law, agency policy, or agency rule to be awarded pursuant to a competitive process. A contract required by law to be awarded to the lowest responsible bidder with a responsive bid, or, if the successful bidder refuses or fails to execute the contract, to the next lowest responsive bidder.	Gov. Code 84308(a)(5)(B); FPPC Reg 18438.2(a)(3)(A)
Labor Contract	A contract or agreement reached through collective bargaining or with a representative group regarding the salary, benefits, or terms and conditions under an employment or retirement policy for employees or retirees, including a project labor agreement entered under Public Contract Code Section 2500.	FPPC Reg 18438.2(a)(3)(B)
Personal Employment Contract	A contract for employment, including the terms and conditions of employment, between the agency and an agency employee. A contract with an independent contractor is NOT a personal employment contract.	FPPC Reg 18438.2(a)(3)(C)-(D)

REPORT TO THE CITY COUNCIL

FROM: SCOTT L. MOZIER, PE, Director
Public Works Department

BY: JILL M. GORMLEY, TE, Assistant Director
Public Works Department, Traffic & Engineering Services Division

CHERYL L. BURNS, Grants Development Manager
Public Works Department, Traffic & Engineering Services Division

SUBJECT

***RESOLUTION - Authorizing the Submission of Grant Applications to the California Department of Transportation's Active Transportation Program Cycle 8 Call for Projects that Support Active Transportation and Authorizing the Execution of Grant Applications and Acceptance of Grant Funds, and Execution of Grant Agreement Documents by the Public Works Director or Designee (Citywide) (Subject to Mayor's Veto)

RECOMMENDATION

Staff recommends that the City Council adopt a resolution authorizing the submission of grant applications to the California Department of Transportation's Active Transportation Program (ATP) Cycle 8 Call for Projects and authorize the execution of all grant applications and acceptance of grant funds and the execution of grant agreement documents by the Public Works Director or Designee.

EXECUTIVE SUMMARY

The ATP Grant Cycle 8 call for projects was released in March 2026. The ATP encourages the use of active modes of transportation, such as biking and walking, by funding education and infrastructure projects which support active travel. The grant program is competitive, with a minimum requirement of 25 percent of funds distributed to disadvantaged communities. The call for projects occurs at both the state and regional (Fresno County) level. Applications for the statewide call are due on June 22, 2026, and applications to the regional call are due on November 18, 2026. Projects not funded at the state level and that can be scaled will be repackaged and submitted for regional consideration. All proposed projects have been evaluated using the Active Transportation Prioritization Tool and have been grouped to maximize the competitiveness of the grant proposals. The proposed project list (see attachment) covers all seven City Council districts and includes improvements to existing bikeways, safe routes to school neighborhood sidewalk projects, school area traffic signals, a proposed pedestrian bridge over State Route 99, a school safety education program, and implementation of

trail identification and wayfinding.

BACKGROUND

The ATP is a competitive statewide program created to encourage increased use of active modes of transportation, such as biking and walking. Senate Bill 99 (Committee on Budget and Fiscal Review, Chapter 359, Statutes of 2013) and Assembly Bill 101 (Committee on Budget, Chapter 354, Statutes of 2013) created the ATP, and Senate Bill 1 (SB 1) (Beall, Chapter 5, Statutes of 2017) directs additional funding from the Road Maintenance and Rehabilitation Account to the ATP. The Cycle 8 call for projects is projected to have an estimated $619 million dollars available to be awarded. Of that total, the City of Fresno is eligible to compete for approximately $309 million in funding at the state level and approximately $6.8 million at the regional level. Infrastructure projects with or without a non-infrastructure component can be submitted as small (less than $3.5 million), medium (between $3.5 million and $10 million), or large ($10 million or more). ATP also funds non-infrastructure projects, which include educational programs, and the development of active transportation plans. The program is administered by the California Transportation Commission, Caltrans, and Fresno Council of Governments. Project funding can be programmed for use in Fiscal Years 2027/28, 2028/29, 2029/30, and 2030/31. The minimum project size at the State application level is $250,000. There is no minimum at the regional level, but applicants are encouraged to request less than $3.5 million per project.

The Active Transportation Plan (the Plan) and the complementary Active Transportation Project Prioritization Tool (the Tool) both were adopted by the City Council in March 2017. An update of the Plan is in process with an expected adoption date in June 2026. The Draft Plan update was presented as a workshop to the City Council on April 23, 2026. The Draft Plan has been referenced to identify potential projects based on community requests and the Tool has been used to calculate each project's priority score. Summaries of the proposed projects are included by attachment. None of the proposed projects include the reduction of travel lanes or on-street parking.

Notification of grant awards for state applications are expected by December 3-4, 2026, and notification for regional applications are expected in February 2027.

ENVIRONMENTAL FINDINGS

This action is not subject to California Environmental Quality Act (CEQA) Guidelines Section 15378 (CEQA) at this time. This action involves an application for funding, and it is uncertain if funding will be awarded. If sufficient funds are awarded to complete a future project, the appropriate CEQA analysis will be prepared and brought to Council for approval along with formal project approval.

LOCAL PREFERENCE

Local preference is not included because this resolution does not include a bid or award of a construction or services contract.

FISCAL IMPACT

This resolution will have no impact on the General Fund. No matching funds are required. Should the

grant be awarded, ATP funds will be incorporated into the City of Fresno annual budget for the fiscal year(s) in which they will be available for reimbursement.

Resolution
Proposed Project Summary List

RESOLUTION NO. _____

A RESOLUTION OF THE COUNCIL OF THE CITY OF FRESNO, CALIFORNIA, AUTHORIZING THE SUBMISSION OF GRANT APPLICATIONS TO THE CALIFORNIA DEPARTMENT OF TRANSPORTATION'S ACTIVE TRANSPORTATION PROGRAM CYCLE 8 CALL FOR PROJECTS THAT SUPPORT ACTIVE TRANSPORTATION AND AUTHORIZING THE EXECUTION OF GRANT APPLICATIONS AND ACCEPTANCE OF GRANT FUNDS, AND EXECUTION OF GRANT AGREEMENT DOCUMENTS BY THE PUBLIC WORKS DIRECTOR OR DESIGNEE

WHEREAS, the City of Fresno is an eligible applicant of the 2026 Active Transportation Program (ATP) Cycle 8 grant program; and

WHEREAS, the ATP provides grant funding for eligible local agencies for the purpose of increasing the proportion of trips accomplished by biking and walking, increasing the safety and mobility of non-motorized users, advancing the active transportation efforts of regional agencies to achieve greenhouse gas reduction goals, enhancing public health, ensuring disadvantaged communities fully share in the benefits of the program, and providing a broad spectrum of projects to benefit many types of active transportation users; and

WHEREAS, the California Transportation Commission, California Department of Transportation, and Fresno Council of Governments administer the program and have requested applications from eligible agencies;

WHEREAS, the Department of Public Works intends to submit grant applications for funding of the projects to support active transportation;

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Fresno as follows:

Date Adopted:
Date Approved:
Effective Date:
City Attorney Approval: TH

1. The Council approves and supports the submission of applications for grant funding from the ATP for the projects and participation therein consistent with constitutional and local law requirements and this resolution.

2. The Council appoints and authorizes the Public Works director or designee, to execute and submit all grant application related documents and accept grant funds and execute grant related agreements on behalf of the City of Fresno, subject to prior approval as to form by the City Attorney's Office.

3. This resolution shall be effective upon final approval.

Active Transportation Program Cycle 8
Proposed Projects

1. First Street Class IV Protected Bikeway

Cost Estimate: TBD
Council District(s): District 4, District 6, District 7

This project proposes to install a Class IV protected bikeway along First Street from Nees Avenue to Alluvial Avenue and Bullard Avenue to McKinley Avenue, enhancing a north-south spine for Fresno's bicycle network stretching from northern residential neighborhoods, commercial centers, and a regional park to Downtown. Through the project limits, a lane width reduction will be implemented, but there will be no reduction in the number of lanes or on-street parking. The separated bikeway along this corridor would provide a low-stress alternative and will be a context-sensitive bikeway, serving as a primary corridor linking residential neighborhoods to employment centers, educational facilities, and civic destinations. The project will also include the installation of high-visibility intersections at locations where high pedestrian volumes are expected.

This project was identified as a Priority Corridor development project in the 2026 Active Transportation Plan (ATP) Update and was selected for 30% design development to add or improve bicycle facilities.

2. Safe Routes to Schools Neighborhood Sidewalks

Cost Estimate: TBD
Council District(s): District 2, District 4, District 5

This project would assist in creating "Safe Routes to School" by constructing missing sidewalks and potentially upgrading curb ramps to modern standards in three neighborhoods. The project includes lighting improvements when feasible and the removal of obstructive landscaping. These improvements will encourage more families to walk or bike to school by providing a secure, well-lit, and accessible environment. Specific neighborhoods have been selected based on staff analysis of the feasibility for sidewalk installation in school zones with missing sidewalks.

The following neighborhoods have been identified for this project:

a. Nelson Neighborhood (District 2)
    i. Boundaries: Spruce – Harrison – Herndon – Farris
    ii. Nearby School: Nelson Elementary

b. Pyle Neighborhood (District 4)
    i. Boundaries: Ashlan – First – Dakota – Angus
    ii. Nearby School: Pyle Elementary

c. South Sequoia Neighborhood (District 5)
    i. Boundaries: Woodward – Cedar – Dwight – Orange
    ii. Nearby School: Sequoia Middle School

3. **School Safety Traffic Signals**
Cost Estimate: TBD
Council District(s): District 1

This project plans to install traffic signal improvements to implement a pedestrian scramble phase at key intersections adjacent to school facilities. By creating a dedicated crossing window and providing a high-visibility environment to protect vulnerable road users, this will significantly enhance safety for students and pedestrians by addressing conflicts between pedestrians and turning vehicles. The project includes the installation of traffic signal poles and loops, sidewalk improvements, the upgrade of existing curb ramps to ADA-compliant curb ramps, and pavement repairs as needed.

The intersections included in this project are:

a. West & Princeton
b. West & Garland
c. Dakota & Channing

The City was awarded funds in the 2024 ATP regional call for projects for the design phase for improvements at these intersections. This proposed project will fund the implementation and construction of the improvements.

4. **Parkway Drive Pedestrian Bridge**

Cost Estimate: $25,000,000
Council District(s): District 3

This project proposes to construct a pedestrian bridge over State Route 99 from Parkway Drive at Harvey Avenue to Roeding Park. The project will connect the Jane Addams Neighborhood on the west to green space, amenities, and services on the east. The pedestrian bridge will consist of an 8-foot wide pathway spanning 1,100 feet with chain-link fencing, tubular handrails, signage, and lighting.

This project was first identified in the 2016 Downtown Neighborhoods Community Plan as part of the community's vision for improving connectivity and encouraging walking, bicycling, and overall pedestrian access to and from the Jane Addams Neighborhood.

5. **Walk, Bike, and Roll School Routes Education Program**
Cost Estimate: TBD
Council District(s): TBD

This non-infrastructure project proposes to conduct walk audits at up to 28 schools across Fresno and assess the existing infrastructure for walking, biking, and rolling near the selected schools. A traffic garden will be installed at each selected school to educate students and community members on the navigation of roadway

infrastructure. Finally, the project includes the development of recommended Walk, Bike, and Roll School Routes brochures and/or online guides for the selected schools.

Staff are currently analyzing data to identify the specific school locations for this project. Prioritization and selection of the school sites will be based on areas with the highest fatality and serious injury rates in children ranging from 5-18 years old.

6. **Trail Wayfinding Plan Implementation & Trail Count Hardware**
   Cost Estimate: TBD
   Council District(s): TBD

   This project proposes the implementation of recommendations included in the 2022 *Travel by Trail, Fresno! Wayfinding Plan*. Implementation will include the installation of signage at trailheads and along trail routes to assist trail users with navigation along the trail network. The sign design and color palette were included and adopted as part of the Plan, but each trail name will need to be identified and adopted by City Council prior to sign manufacturing. In addition to wayfinding signage, this project includes the installation of trail count hardware at select locations to encourage the use of the trail system and provide city staff with data on trail usage that can be used to inform city priorities and future grant opportunities.

   This project aligns with the wayfinding priority identified in the 2026 Active Transportation Plan Update.

REPORT TO THE CITY COUNCIL

FROM: SCOTT L. MOZIER, PE, Director
Public Works Department

BY: JILL M. GORMLEY, TE, Assistant Director
Public Works Department, Traffic & Engineering Services Division

CHERYL L. BURNS, MPA, Business Manager
Public Works Department, Traffic & Engineering Services Division

SUBJECT

***RESOLUTION - Authorizing the Submission of a Safe Streets and Roads for All Implementation Grant Application to the United States Department of Transportation and Authorizing the Public Works Director or Designee to Accept and Execute All Application and Grant Agreement Documents on Behalf of the City of Fresno (Council Districts 3 and 7) (Subject to Mayor's Veto)

RECOMMENDATION

Staff recommends that the City Council adopt a resolution authorizing the submission of a Safe Streets and Roads for All (SS4A) grant application to the United States Department of Transportation (DOT) and authorize the acceptance, along with the execution, of all grant agreement documents by the Public Works Director or Designee.

EXECUTIVE SUMMARY

Staff is requesting authorization to submit an application to the Safe Streets and Roads for All (SS4A) Discretionary Grant Program. SS4A is a grant program authorized under Section 24112 of the Infrastructure Investment and Jobs Act (IIJA). The purpose of this grant is to improve roadway safety by significantly reducing or eliminating roadway fatalities and serious injuries through the development of Action Plans and refinement and implementation focused on all users, including pedestrians, bicyclists, public transportation users, motorists, and commercial vehicle operators. The Fiscal Year 2026 SS4A program provides funding for two types of grants: Planning and Demonstration Grants and Implementation Grants.

The proposed Public Works Department (DPW) application for a SS4A Implementation Grant would request funding for up to $5,000,000 for the purpose of implementing the Belmont Avenue Safe Streets Project to implement the recommended safety improvements identified in the Vision Zero Action Plan.

BACKGROUND

Section 24112 of the IIJA authorized and appropriated approximately $1 billion to be awarded by the Department of Transportation for Fiscal Year 2026 for the SS4A discretionary grant program. The purpose of the SS4A program is to improve roadway safety by significantly reducing or eliminating roadway fatalities and serious injuries through the development of Action Plans and refinement and implementation focused on all users, including pedestrians, bicyclists, public transportation users, motorists, and commercial vehicle operators. The program provides funding to develop tools to strengthen a community's approach to roadway safety and save lives.

A Notice of Funding Opportunity (NOFO) was published on March 27, 2026, with nearly $1 billion available in funding for Federal Fiscal Year 2026. SS4A provides funding for two types of grants: Planning and Demonstration Grants and Implementation Grants.

Implementation Grants fund projects and strategies identified in an Action Plan that address roadway safety problems. To be eligible for an Implementation Grant, applicants must have an adopted eligible Action Plan.

In the Fiscal Year 2022 funding cycle, the City was awarded a planning grant for the development of the Vision Zero Action Plan (VZAP). Vision Zero is a strategy that strives to eliminate all traffic fatalities and severe injuries, while increasing safety, health, and equitable mobility for all. Vision Zero is a commitment to approach traffic safety in fundamentally different ways through systemic changes. The City's VZAP is scheduled for City Council adoption on May 21, 2026. Once adopted, the VZAP will serve as the City's eligible Action Plan, making the City eligible to apply for an SS4A implementation grant.

In the Fiscal Year 2025 funding cycle, the City was awarded an SS4A grant for a supplemental planning project to conduct a supplemental intersection safety audit to further the work being done as part of the VZAP.

After analyzing five years of collision data; demographic, land use, and destination data; and community input, the VZAP project team identified the top five (5) priority street segments and five (5) priority intersections. The final ten (10) locations represent key opportunities in Fresno for reducing fatal and severe injuries through coordinated infrastructure and non-infrastructure strategies. These locations reflect not only crash history, but also community context, access needs, and equity considerations.

The proposed Belmont Avenue Safe Streets Project (Project) will implement recommended safety improvements identified in the VZAP along one of the top priority corridors - Belmont Avenue between Palm Avenue and Abby Street. Improvements will consist of elements such traffic signal modification, Leading Pedestrian Interval (LPI)/Accessible Pedestrian Signals (APS), high-visibility crosswalks, left turn phasing, video detection, and bike boxes at key intersections along the corridor. The Project also proposes a corridor study to determine the feasibility of enhanced active transportation components along Belmont Avenue between Abby Street and Cedar Avenue and the feasibility of improved pedestrian crossings featuring Rectangular Rapid Flashing Beacons (RRFBs) and/or High-Intensity Activated Crosswalks (HAWKs) along the corridor.

Grant applications for the FY 2026 SS4A Grant Program are due on May 26, 2026. The expected period of performance for Planning and Demonstration Grant agreements is between 24 months and 5 years. Federal share of the SS4A grant may not exceed 80% of total activity costs, therefore, recipients are required to provide a 20% non-Federal matching share.

The City Attorney's office has reviewed and approved the resolution as to form.

ENVIRONMENTAL FINDINGS

This action is not subject to California Environmental Quality Act (CEQA) Guidelines Section 15378 (CEQA) at this time. This action involves an application for funding, and it is uncertain if funding will be awarded. If sufficient funds are awarded to complete a future project, the appropriate CEQA analysis will be prepared and brought to Council for approval along with formal project approval.

LOCAL PREFERENCE

Local preference is not included because this resolution does not include a bid or award of a construction or services contract.

FISCAL IMPACT

This resolution will have no impact on the General Fund. Should the grants be awarded, local matching funds will be identified through future fiscal year capital budgets.

RESOLUTION NO. _____

A RESOLUTION OF THE COUNCIL OF THE CITY OF FRESNO, CALIFORNIA, AUTHORIZING THE SUBMISSION OF A SAFE STREETS AND ROADS FOR ALL IMPLEMENTATION GRANT APPLICATION TO THE UNITED STATES DEPARTMENT OF TRANSPORTATION AND AUTHORIZING THE PUBLIC WORKS DIRECTOR OR DESIGNEE TO ACCEPT AND EXECUTE ALL APPLICATION AND GRANT AGREEMENT DOCUMENTS ON BEHALF OF THE CITY OF FRESNO

WHEREAS, safe, convenient, and accessible transportation for all users is an adopted priority of the City of Fresno; and

WHEREAS, crashes that result in death or serious injury are not inevitable but largely preventable and stem in part from human inattention and designs that are ineffective in accommodating multimodal uses in urban environments; and

WHEREAS, it is the role of government to do its part to serve and protect the populace; and

WHEREAS, the City of Fresno is designated as a Pedestrian Safety Focus City by the Federal Highways Administration (FHWA); and

WHEREAS, the Safe Streets and Roads for All Planning and Demonstration Grant Opportunity provides grant funds for eligible agencies for the purpose of improving roadway safety by significantly reducing or eliminating roadway fatalities and serious injuries through developing, completing, and supplementing the city's safety action plan; and

WHEREAS, the United States Department of Transportation administers the Safe Streets and Roads for All Implementation Grant and has requested applications from

eligible agencies; and

WHEREAS, the City of Fresno is eligible to apply for a maximum available funding of $25,000,000 for the Safe Streets and Roads for All Implementation Grant to implement a project or strategy identified in the city's safety action plan (Vision Zero Action Plan).

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Fresno as follows:

1. The Council authorizes the Public Works Director or designee to apply for a maximum available funding of $25,000,000 from the United States Department of Transportation Safe Streets and Roads for All Implementation Grant Opportunity and participation therein consistent with constitutional and local law requirements and this resolution.

2. The Council certifies, consistent with constitutional and local law requirements, and this resolution, that the City has or will have sufficient funds to provide the matching funds required.

3. The Council certifies that the City has reviewed, understands and to the extent consistent with all constitutional and local laws requirements and this resolution, agrees to the provisions contained in the application and program guidelines and related documents.

4. The Director of Public Works or Designee, is appointed as a representative of the City of Fresno to accept funding, execute and submit all documents including but not limited to grant application documents and grant related agreements which may be necessary for the completion of the proposed project.

5. This resolution shall be effective upon final approval.

ADRIAN GONZALEZ, Supervising Engineering Technician
Public Works Department, Land Planning Section

SUBJECT

Actions pertaining to Initiating Proceedings and Declaring Intention to Levy the Annual Assessment for the City of Fresno Landscaping and Lighting Maintenance District No. 1 and setting the public hearing for June 18, 2026, at 9:10 a.m. (Citywide)

1. RESOLUTION - Initiating proceedings for the annual levy of assessment for Landscaping and Lighting Maintenance District No. 1
2. RESOLUTION - To levy and collect the annual assessment for Landscaping and Lighting Maintenance District No. 1

RECOMMENDATION

Staff recommends the City Council 1) adopt a resolution initiating proceedings for the annual levy of assessment for Landscaping and Lighting Maintenance District No. 1; and 2) adopt a resolution of Intention to levy and collect the annual assessments for Landscaping and Lighting Maintenance District No. 1.

EXECUTIVE SUMMARY

The Landscaping and Lighting Maintenance Act of 1972 requires an annual Engineer's Report and levy of assessments for the City of Fresno Landscaping and Lighting Maintenance District No. 1 (LLMD). The LLMD provides $712,998 for maintenance of the City landscaping easements along the streets adjacent to the 145 City subdivisions that are included in this particular maintenance district. By adopting the resolutions, the Council will begin the levy process, approve the Engineer's Report, and set the required public hearing for June 18, 2026, at 9:10 a.m. Staff recommends approval of these resolutions to continue to collect assessments and operate the LLMD landscape maintenance functions.

BACKGROUND

On March 22, 1983, the Council adopted Resolution 83-93 ordering the formation of Assessment District 89 (District) subsequently renamed LLMD No. 1. The District was formed to recover the City's costs of maintaining the landscaping within the public rights-of-way and easements adjacent to existing and newly developed subdivisions. The District is comprised of 145 subdivisions with 14,869 individual assessments. The staff report includes the enclosed vicinity maps showing the locations of the subdivisions included in the LLMD.
The landscaping improvements are maintained from funds derived through assessments levied by the LLMD. These improvements are generally limited to "back-up" and "side-on" treatments primarily on major streets and do not include the maintenance of landscaping in median islands or frontage road islands. The assessments also do not cover the costs to maintain pocket parks, utility easements, trails, bike paths, and greenways.

The District was formed pursuant to the Landscaping and Lighting Act of 1972 which requires that a noticed public hearing be held before August 10th of each year in order to levy the annual assessments for continued maintenance and related expenses.

The assessments will remain predominantly the same in FY 2026-2027 due to the constraints placed by the approval of California Proposition No. 218 in November of 1996. Prior to 1996, the Council could increase the assessments for maintenance annually to compensate for the increased cost of operations. However, after 1996, assessments in 144 out of 145 zones have not been increased; so, the current assessments 30 years later are still based on 1996 maintenance costs. At the current time, many LLMD landscapes are in need of irrigation rehabilitation and tree/shrub replacement. A special registered voter election would be required in order to increase the amount of the assessments. Currently staff is preparing a rate study to evaluate election options to increase the special tax rate and fund maintenance improvements.

The attached Resolution of Intention sets the required public hearing for June 18, 2026, at 9:10 a.m. in the City Council Chamber. A notice stating the date and time of the hearing will be published in the Fresno Business Journal a minimum of ten days prior to the scheduled hearing. An individual notice to each property owner is not required by the Landscaping and Lighting act of 1972 if there is no increase in the assessment.

ENVIRONMENTAL FINDINGS

Pursuant to the definition in California Environmental Quality Act Guidelines Section 15378, this item is not a project.

LOCAL PREFERENCE

Local preference was not implemented, as this item does not include a bid or award of a construction or services contract.

FISCAL IMPACT

The Public Works Department performed the maintenance in the past LLMD fiscal year using only assessment funds collected ($712,998). Approval of the annual levy of the LLMD assessments will

provide funding for a continuation of the current service levels within the LLMD subdivisions. The General Fund is not impacted.

RESOLUTION NO. _____

RESOLUTION OF THE COUNCIL OF THE CITY OF FRESNO, CALIFORNIA, INITIATING PROCEEDINGS FOR THE ANNUAL LEVY OF ASSESSMENT FOR LANDSCAPING AND LIGHTING MAINTENANCE DISTRICT NO. 1

WHEREAS, the City of Fresno Landscaping and Lighting Maintenance District No. 1 ("LLMD No.1") was formed March 22, 1983, by Council Resolution No. 83-93 under the Landscaping and Lighting Act of 1972 (Streets and Highways Code Sections 22500-22679) (the Act); and

WHEREAS, LLMD No.1 provides certain landscaping services in the public domain that specially benefit areas within the City of Fresno; and

WHEREAS, the City of Fresno (City) has subsequently levied annual assessments; and

WHEREAS, as authorized by the Act, the Council intends to initiate proceedings for levying the annual assessment for LLMD No. 1 for Fiscal Year 2026-2027.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Fresno as follows:

1. That proceedings for levy of the annual assessments for LLMD No. 1 under Chapter 3 of the Act are hereby initiated.

2. The Director of the Public Works Department, or his designee, is directed, under Section 22622 of the Act, to prepare a report in accordance with Article 4 (beginning with Section 22565) of Chapter 1 of the Act and to file the report with the City Clerk.

Date Adopted:
Date Approved:
Effective Date:
City Attorney Approval:

3. The City Clerk is directed, upon receiving the report, to submit the report to the Council for approval.

4. This resolution shall be effective upon final approval.

RESOLUTION NO. 2026 - _____

RESOLUTION OF INTENTION OF THE COUNCIL OF THE CITY OF FRESNO, CALIFORNIA, TO LEVY AND COLLECT THE ANNUAL ASSESSMENT FOR LANDSCAPING AND LIGHTING MAINTENANCE DISTRICT NO. 1

WHEREAS, the Council of the City of Fresno ("Council") intends to order the levy and collection of an annual assessment for the City of Fresno Landscaping and Lighting Maintenance District No. 1 ("LLMD No. 1") for fiscal year 2026-2027; and

WHEREAS, the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code (beginning with Section 22500 of said Code and referred to herein as the "Act") provides the authority for the annual assessment; and

WHEREAS, the territory of LLMD No. 1 is composed of various territories, generally located as shown on the maps attached hereto as Exhibit "A"; and

WHEREAS, the benefitting territory within LLMD No. 1 is to be assessed for the maintenance and operation of the LLMD No. 1 landscaping facilities that are generally described in Exhibit "B," attached hereto and incorporated herein by reference; and

WHEREAS, the Director of the Public Works Department, or his designee, has prepared and filed with the Clerk of the City of Fresno a report labeled Engineer's Report of City of Fresno LLMD No. 1, dated April 28, 2026 ("Report"), incorporated herein by this reference; and

WHEREAS, the Report contains a description of the existing improvements, any substantial changes in existing improvements, detached properties, the boundaries of the

assessment district and any zones therein (including the general location), and the proposed assessments upon assessable lots and parcels of land within LLMD No. 1; and

WHEREAS, the proposed 2026–2027 assessments do not reflect an increase in assessments over the 2025–2026 assessments, and do not assess any added or annexed properties, except that the assessments for Tract 3884 of LLMD No. 1 are subject to a previously approved annual increase as provided in the Engineer's Report and in accordance with Government Code Section 53750.NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Fresno as follows:

1. ENGINEER'S REPORT APPROVED. Council, upon review and consideration of the Engineer's Report that the Director of the Public Works Department, or his designee, prepared and filed, in accordance with Council direction, with the City Clerk, approves the Report.

2. NOTICE IS HEREBY GIVEN that a public hearing on levying and collecting the proposed assessments will be held June 18, 2026, at 9:10 a.m. in the Council Chambers, Second Floor of City Hall, 2600 Fresno Street, Fresno, California 93721. All interested persons are invited to be heard on the levy and collection of proposed assessments. Written protests may be filed with the City Clerk any time before the hearing concludes. A written protest shall state all grounds for objecting and shall contain a description sufficient to identify the property owned by the protesting person or persons.

[27] Landscaping and irrigation system along North Cedar and East Teague Avenues, adjacent to Tract 3819 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6123 and 6124.

[28] Landscaping and irrigation system along West Dakota Avenue, adjacent to Tract 3834 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6249, 6250 and 6251.

[29] Landscaping and irrigation system along East Church Avenue, adjacent to Tract 3852 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6498 and 6499.

[30] Landscaping and irrigation system along West Escalon and North Dante Avenues, adjacent to Tract 3876 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6564, 6565, 6566 and 6567.

[31] Landscaping and irrigation system along North West Avenue, adjacent to Tract 3884 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6361 (a,b,c,d,e,f,g,h and i).

[32] Landscaping and irrigation system along West Palo Alto Avenue, adjacent to Tract 3888 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-5719 (b,c,d,e,f and g).

[33] Landscaping and irrigation system along West Bullard Avenue, adjacent to Tract 3903 in the County of Fresno as shown in City of Fresno street plan drawing no. 15-C-6410.

[34] Landscaping and irrigation system along North Cedar and East Teague Avenues, adjacent to Tract 3913 in the County of Fresno as shown in City of Fresno street plan drawing no. 15-C-6447.

[35] Tract 3940 (phase II of Tract 3748, #18) in the County of Fresno.

[36] Landscaping and irrigation system along North Santa Fe Avenue, adjacent to Tract 3943 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6633, 6634, 6635 and 6636.

[37] Landscaping and irrigation system along North Cedar and East Shepherd Avenues, adjacent to Tract 3966 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6746, 6747, 6748 and 6749.

[38] Landscaping and irrigation system along North Maple Avenue, adjacent to Tract 3970 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6546 and 6547.

[39] Landscaping and irrigation system along North Maple Avenue, adjacent to Tract 3976 in the County of Fresno as shown in City of Fresno street plan drawing no. 15-C-6690.

[40] Landscaping and irrigation system along Dante, Polk and Bullard Avenues, adjacent to Tract 3983 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6586, 6587, 6588 and 6589.

[41] Landscaping and irrigation system along North Milburn and West Alluvial Avenues, adjacent to Tract 3994 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7284 thru 7289.

[42] Landscaping and irrigation system along North Weber Avenue adjacent to the Southern Pacific right-of-way within Tract 3999, of the City of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8672 to 8677.

[43] Landscaping and irrigation system along West Sierra Avenue, adjacent to Tract 4004 in the County of Fresno as shown in City of Fresno street plan drawing no. 15-C-5719.

[44] Landscaping and irrigation system along East Perrin Avenue and East Plymouth Way, adjacent to Tract 4008 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6922 thru 6925.

[45] Landscaping and irrigation system along East Alluvial Avenue and North Sierra Vista Avenue, adjacent to Tract 4026 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8187 and 8188.

[46] Landscaping and irrigation system along Bullard, Escalon, Dante, Sierra and Polk Avenues, adjacent to Tract 4031 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6985 thru 6994.

[47] Landscaping and irrigation system along North Maple Avenue, adjacent to Tract 4034 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7234 and 7235.

[48] Landscaping and irrigation system along East Alluvial Avenue, adjacent to Tract 4045 in the County of Fresno as shown in City of Fresno street plan drawing no. 15-C-6873.

[49] Landscaping and irrigation system along East Teague and North Maple Avenues, adjacent to Tract 4049 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6880 and 6881.

[50] Landscaping and irrigation system along North Maple and East Alluvial Avenues, adjacent to Tract 4050 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7035 thru 7037.

[51] Tract 4056 (phase III of Tract 3590, #11) in the County of Fresno.

[52] Landscaping and irrigation system along South Peach and East Church Avenues and in the East Belgravia Avenue entryway, adjacent to Tract 4057 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-7860 thru 7865.

[53] Landscaping and irrigation system along North Maple, North Barton and East Nees Avenues, adjacent to Tract 4071 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7115 thru 7118i.

[54] Landscaping and irrigation system along North Brawley and West Dakota Avenues, adjacent to Tract 4074 in the County of Fresno as shown in City of Fresno street plan drawing no. 15-C-6858.

[55] Landscaping and irrigation system along both sides of East Nevada Avenue and within the proposed entry island on this street within Tract 4079 in the County of Fresno as shown in City of Fresno street plan drawing no. 15-C-7011.

[56] Landscaping and irrigation system along West Clinton Avenue and North Blythe Avenue, adjacent to Tract 4090 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-7956 thru 7966.

[57] Landscaping and irrigation system along North Cedar and East Teague Avenues, adjacent to Tract 4104 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7132 thru 7135.

[58] Landscaping and irrigation system along North Dante and West Escalon Avenues, adjacent to Tract 4108 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7001 thru 7004.

[59] Landscaping and irrigation system along East Shepherd Avenue, adjacent to Tract 4112 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8131 thru 8133.

[60] Landscaping and irrigation system along East Perrin, North Maple and North Cedar Avenues, adjacent to Tract 4117 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7368 thru 7372.

[61] Landscaping and irrigation system along East Teague Avenue and North Maple Avenue, adjacent to Tract 4125 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8007 thru 8010.

[62] Landscaping and irrigation system along West Bullard Avenue, adjacent to Tract 4127 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7450 thru 7454.

[63] Landscaping and irrigation system along North Brawley and North Alva Avenues and West Figarden Drive, adjacent to Tract 4138 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7427 thru 7431.

[64] Landscaping and irrigation system along North Polk and North Grantland Avenues, adjacent to Tract 4142 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7314 thru 7318.

[65] Landscaping and irrigation system along North Polk, North Dante and West Palo Alto Avenues, adjacent to Tract 4145 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7389 thru 7393.

[66] Landscaping and irrigation system along North Polk, West Spruce, and North Hayes Avenues, adjacent to Tract 4148 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7748 thru 7754.

[67] Landscaping and irrigation system along South Martin Luther King Blvd., adjacent to Tract 4155 in the County of Fresno as shown in City of Fresno street plan drawing no. 15C-7569.

[68] Landscaping and irrigation system along North Millbrook Avenue, adjacent to Tract 4159 in the County of Fresno as shown in City of Fresno street plan drawing no. 15-C-7546.

[69] Landscaping and irrigation system along North Milburn Avenue, adjacent to Tract 4173 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7477 thru 7488b.

[70] Landscaping and irrigation system along West Herndon Avenue, adjacent to Tract 4186 in the County of Fresno as shown in City of Fresno street plan drawing no. 7-C-35.

[71] Landscaping and irrigation system along North Chestnut Avenue, adjacent to Tract 4190 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8248 thru 8260.

[72] Landscaping and irrigation system along East Nees Avenue and North Maple Avenue, adjacent to Tract 4191 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8060 thru 8064.

[73] Landscaping and irrigation system along North Maple Avenue, adjacent to Tract 4198 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7440 thru 7442.

[74 Landscaping and irrigation system along West Palo Alto Avenue, adjacent to Tract 4208 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7528 thru 7532.

[75] Landscaping and irrigation system along South Fine and South Willow Avenues, adjacent to Tract 4209 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15C-7676 and 7677.

[76] Landscaping and irrigation system along East Teague Avenue, adjacent to Tract 4212 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C7784 and 7785.

[77] Landscaping and irrigation system along West Spruce Avenue, adjacent to Tract 4213 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C8323 thru 8328a.

[78] Landscaping and irrigation system along North Polk and West Gettysburg Avenues, adjacent to Tract 4217 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8645 thru 8655.

[79] Landscaping and irrigation system along East Shepherd Blvd., adjacent to Tract 4223 in the County of Fresno as shown in City of Fresno street plan drawing no. 15-C-7554.

[80] Landscaping and irrigation system along East Olive Avenue, adjacent to Tract 4224 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-7693b and 7693c.

[81] Landscaping and irrigation system along North Polk Avenue, adjacent to Tract 4229 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7683 and 7684.

[82] Landscaping and irrigation system along North Chestnut Avenue, adjacent to Tract 4237 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C8625 thru 8637.

[83] Landscaping and irrigation system along West Palo Alto Avenue, adjacent to Tract 4251 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C7947 and 7948.

[84] Landscaping and irrigation system along West Sierra Avenue, adjacent to Tract 4255 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7626 thru 7628.

[85] Landscaping and irrigation system along North Chestnut Avenue, adjacent to Tract 4261 of the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C8953 thru 8962.

[86] Landscaping and irrigation system along North Polk Avenue, adjacent to Tract 4269 in the County of Fresno as shown in City of Fresno street plan drawing no. 15-C-7666.

[87] Landscaping and irrigation system along North Blythe Avenue, adjacent to Tract 4274 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8077.

[88] Landscaping and irrigation system along West Dakota Avenue, adjacent to Tract 4282 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C7926 thru 7928.

[89] Landscaping and irrigation system along North Brawley, Clinton and Blythe Avenues, adjacent to Tract 4285 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7809 thru 7810e.

[90] Landscaping and irrigation system along West Alluvial Avenue and West River Vista Drive, adjacent to Tract 4300 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8491 thru 8494.

[91] Landscaping and irrigation system along West Bullard Avenue, adjacent to Tract 4312 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C7949 thru 7952.

[92] Landscaping and irrigation system along North Polk Avenue, adjacent to Tract 4320 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8092 and 8093.

[93] Landscaping and irrigation system along North Valentine Avenue, West Sierra Avenue and North Figarden Drive, adjacent to Tract 4323 in the County of Fresno as shown on City of Fresno street plan drawing no. 15-C-7645.

[94] Landscaping and irrigation system along East Teague Avenue, adjacent to Tract 4335 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C8244 and 8245.

[95] Landscaping and irrigation system along North Jeanne Avenue and West Palo Alto Avenue, adjacent to Tract 4337 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-7530 thru 7532b.

[96] Landscaping and irrigation system along North Polk Avenue, adjacent to Tract 4339 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-9111 thru 9121.

[97] Landscaping and irrigation system along West Sierra Avenue, adjacent to Tract 4343 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7830 thru 7834.

[98] Landscaping and irrigation system along North Brawley Avenue, adjacent to Tract 4345 in the County of Fresno as shown on City of Fresno street plan drawing no. 15-C8206.

[99] Landscaping and irrigation system along North Valentine Avenue, adjacent to Tract 4347 in the County of Fresno as shown on City of Fresno street plan drawing no. 15-C7936.

[100] Landscaping and irrigation system along North Cornelia Avenue, adjacent to Tract 4350 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C8611 thru 8612.

[101] Landscaping and irrigation system along North Maple Avenue, adjacent to Tract 4352 in the County of Fresno as shown on City of Fresno street plan drawing no. 15-C8448.

[102] Landscaping and irrigation system along North Corona Avenue and North Polk Avenue, adjacent to Tract 4356 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-7877 thru 7884.

[103] Landscaping and irrigation system along North Maple Avenue, adjacent to Tract 4362 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C7988 and 7989.

[104] Landscaping and irrigation system along South Clovis and East Church Avenues, adjacent to Tract 4377 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8348 thru 8358.

[105] Landscaping and irrigation system along North Polk Avenue, adjacent to Tract 4380 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8915 thru 8952.

[106] Landscaping and irrigation system along West Gettysburg and North Polk Avenues, adjacent to Tract 4381 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8108 thru 8116.

[107] Landscaping and irrigation system along West Dakota and North Polk Avenues, adjacent to Tract 4385 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8143 thru 8145.

[108] Landscaping and irrigation system along South Martin Luther King Jr. Boulevard, adjacent to Tract 4401 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-7901 thru 7903.

[109] Tract 4402 (phase II of Tract 4320, #92) in the County of Fresno.

[110] Landscaping and irrigation system along North Maple and East Perrin Avenues, adjacent to Tract 4405 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8214 thru 8216.

[111] Landscaping and irrigation system along West River Vista Drive and West Alluvial Avenue, adjacent to Tract 4421 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-9124 thru 9149.

[112] Landscaping and irrigation system along North Maple and East International Avenues, adjacent to Tract 4432 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-9056 thru 9087.

[113] Landscaping and irrigation system along West Bullard Avenue, adjacent to Tract 4439 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C8773 thru 8775.

[114] Landscaping and irrigation system along East Alluvial Avenue, adjacent to Tract 4461 in the County of Fresno as shown on City of Fresno street plan drawing no. 15-C8176.

[115] Tract 4471 (phase II of Tract 4347, #99) in the County of Fresno.

[116] Landscaping and irrigation system along North Polk Avenue, adjacent to Tract 4473 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8998 thru 9014.

[117] Landscaping and irrigation system along North Polk and West Alluvial Avenues, adjacent to Tract 4474 in the County of Fresno as shown on City of Fresno street plan drawing no. 15-C-8204.

[118] Tract 4482 (phase II of Tract 4274, #87) in the County of Fresno.

[119] Landscaping and irrigation system along West Gettysburg Avenue, adjacent to Tract 4488 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C8108 thru 8116.

[120] Landscaping and irrigation system along East Greenwich Avenue, adjacent to Tract 4510 in the County of Fresno as shown on City of Fresno street plan drawing 15-C8530.

[121] Landscaping and irrigation system along North Maple Avenue, adjacent to Tract 4528 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C8522 thru 8524b.

[122] Landscaping and irrigation system along West Bullard, West Escalon and North Cecelia Avenues, adjacent to Tract 4534 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-9165 thru 9185.

[123] Landscaping and irrigation system along North West and West Atlanta Avenues, adjacent to Tract 4537 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8892 thru 8912.

[124] Landscaping and irrigation system along North Maple Avenue and the north side of East Saint Andrew Drive, adjacent to Tract 4540 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8856 thru 8857d.

[125] Tract 4549 (Phase II of Tract 4352 #101) in the County of Fresno.

[126] Landscaping and irrigation system along East Saint Andrew Drive and North Maple Avenue, adjacent to Tract 4564 in the County of Fresno as shown on City of Fresno street plan drawing no. 15-C-8415.

[127] Landscaping and irrigation system along West River Vista Drive and West Alluvial Avenue, adjacent to Tract 4573 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8491 thru 8494.

[128] Landscaping and irrigation system along West River Vista Drive adjacent to Tract 4574 in the County of Fresno as shown on City of Fresno street plan drawing nos. 8889 thru 8891.

[129] Landscaping and irrigation system along North Chestnut and East Nees Avenues, adjacent to Tract 4581 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8248 thru 8260.

[130] Landscaping and irrigation system along East Nees and North Millbrook Avenues, adjacent to Tract 4594 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8753 thru 8763.

[131] Landscaping and irrigation system along North Maple Avenue, adjacent to Tract 4601 in the County of Fresno as shown on City of Fresno street plan drawing nos. 8708 thru 8710.

[132] Landscaping and irrigation system along East Behymer Avenue and the south side and median islands of East Saint Andrew Drive, adjacent to Tract 4603 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8722 thru 8729.

[133] Landscaping and irrigation system along East Grove and South Peach Avenues, adjacent to Tract 4606 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8818 thru 8827.

[134] Landscaping and irrigation system along North West Avenue, adjacent to Tract 4631 in the County of Fresno as shown on City of Fresno street plan drawing nos. 8813 thru 8817.

[135] Landscaping and irrigation system along East Saint Andrew Drive, adjacent to Tract 4639 in the County of Fresno as shown on City of Fresno street plan drawing nos. 9288 thru 9292.

[136] Landscaping and irrigation system along East Teague and North Chestnut Avenues, adjacent to Tract 4645 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8795 thru 8802.

[137] Landscaping and irrigation system along West Alluvial Avenue and West River Vista Drive, adjacent to Tract 4664 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-9193 thru 9210.

[138] Landscaping and irrigation system along North Polk Avenue, adjacent to Tract 4675 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8859 thru 8868.

[139] Landscaping and irrigation system and noise barrier wall along North Weber Avenue, adjacent to Tract 4687 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-9024 thru 9033.

[140] Landscaping and irrigation system along West River Vista Drive, adjacent to Tract 4707 in the County of Fresno as shown on City of Fresno street plan drawing nos. 9150 thru 9164.

[141] Landscaping and irrigation system along East Church Avenue, adjacent to Tract 4717 in the County of Fresno as shown on City of Fresno street plan drawing nos. 9091 thru 9110.

[142] Landscaping and irrigation system along Figarden Drive, adjacent to Parcel Map 90-31 in the County of Fresno as shown on Exhibit of Parcel Map Agreement No. 90-31.

[143] Landscaping and irrigation system along “B” Street, adjacent to Parcel Map 91-28 in the County of Fresno.

[144] Landscaping and irrigation system along East Church Avenue, adjacent to Parcel Map No. 92-25 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8362 thru 8363.

[145] Riverview Estates:

[A] Landscaping and irrigation system along North Del Mar, North Glenn and West Audubon Avenues, adjacent to Tract 3905 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6467 (a,b,c,d,e,f,g,h and i)

[B] Landscaping and irrigation system along West Audubon Avenue, adjacent to Tract 3768 in the County of Fresno as shown in City of Fresno street plan drawing nos. C-5889 thru 5892b.

ENGINEER'S REPORT
OF CITY OF FRESNO LANDSCAPING AND
LIGHTING MAINTENANCE DISTRICT NO. 1
FISCAL YEAR 2026-2027

INTRODUCTION

This Engineer's Report is prepared for the Landscaping and Lighting Maintenance District No. 1 administered by the City of Fresno (City) for the district fiscal year FY 2026-2027. This report is prepared to meet the requirements of the California Streets and Highways Code Sections 22565 through 22574 which states "A report shall be prepared for each fiscal year for which the assessments are to be levied and collected to the costs of the improvements described in the report". This report for Landscaping and Lighting Maintenance District No. 1 (LLMD) includes the following required contents:

a) Plans and Specifications for the improvements.
b) An estimate of the costs of the improvements.
c) A diagram for the assessment district.
d) An assessment of the estimated costs of the improvements.
c) If bonds or notes will be issued pursuant to 22662.5, an estimate of their principal amount.

As of the date of this report, the costs for all improvements within the LLMD are for maintenance of landscapes only. During this fiscal year and since 1996, no new improvements have been added to the 145 districts within the LLMD. Therefore, there are no bonds or notes associated with any of the improvements. Also, since there is no new construction, there are no plans or specifications for improvements included in this report.

The report includes information about the location and size of the landscapes maintained by the district. Section 1 includes Table No. 1 listing the Tracts included in the LLMD including the year recorded, when the landscapes were accepted for maintenance by the City, the area of the landscape maintained, and the number of lots assessed within the district or equivalent district units (EDUs). Section 2 provides a description of the improvements for each tract including references to City of Fresno Street drawings for each maintained landscape. Section 3 includes information about changes to the district improvements and any parcel number changes that were noted in FY 2026-2027. Section 4 includes estimates of total costs to maintain the LLMD and each tract, as well as any carryover or deficit in each tract for FY 2026-2027. Section 5 details the proposed assessments and provides more detailed assessment diagrams; and, Section 8 details the recording history of the LLMD.

Section 1 - The boundaries of the District are described in Table No. 1

Item	Tract or Parcel Map	Recorded	Landscaping Accepted	AREA (SF)	EDU's
[1]	Tract 3129	8/22/1984	6/17/1985	11,724	103

Section 2 - Description of the Improvements

I, SCOTT MOZIER PE, Public Works Director for the City of Fresno in responsible charge of Landscaping and Lighting Maintenance District No. 1, hereby submit the Engineer's Report of said Assessment District as follows:

Plans and specifications for the existing improvements are filed herewith and are incorporated herein by reference to the items as listed and enumerated in the documents entitled:

[1] Landscaping and irrigation system along Shields Avenue, adjacent to Tract 3129, of the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-5421 and 5422.

[2] Landscaping and irrigation system along Shields Avenue, adjacent to Tract 3150, of the County of Fresno as shown in City of Fresno street plan drawing no. 15-C-5201.

[3] Landscaping and irrigation system along Shields Avenue, adjacent to Tract 3220, of the County of Fresno as shown in City of Fresno street plan drawing no. 15-C-5174b.

[4] Landscaping and irrigation system along East Alluvial Avenue, adjacent to Tract 3261 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6787 and 6788.

[5] Landscaping and irrigation system along North Cedar Avenue, adjacent to Tract 3274 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6277 and 6278.

[6] Landscaping and irrigation system along Millbrook Avenue, adjacent to Tract 3351 in the County of Fresno as shown in City of Fresno street plan drawing no. 15-C-5326.

[7] Landscaping and irrigation system along West Figarden Drive, adjacent to Tract 3364 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6435 (a,b,c,d,e,f,g,h and i).

[8] Landscaping and irrigation system along Cornelia Avenue, adjacent to Tract 3439 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-5080 (a,b and c).

[9] Landscaping and irrigation system along South Willow and East Church Avenues, adjacent to Tract 3542 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8448 to 8454.

Section 2 – Description of Improvements (Continued)

[10] Landscaping and irrigation system along Millbrook Avenue, adjacent to Tract 3566 in the County of Fresno as shown in City of Fresno street plan drawing no. 15-C-5278b.

[11] Landscaping and irrigation system along South Willow and East Church Avenues, adjacent to Tract 3590 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6136 thru 6138.

[12] Landscaping and irrigation system along North Blythe Avenue, adjacent to Tract 3638 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-5870 (a and b).

[13] Landscaping and irrigation system along Millbrook Avenue, adjacent to Tract 3656 in the County of Fresno as shown in City of Fresno street plan drawing no. 15-C-5498.

[14] Landscaping and irrigation system along North Brawley Avenue, adjacent to Tract 3679 in the County of Fresno as shown in City of Fresno street plan drawing no. 15-C-6420a.

[15] Landscaping and irrigation system along Brawley, Sierra and Palo Alto Avenues, adjacent to Tract 3684 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-5719 (b,c and d).

[16] Landscaping and irrigation system along North Cedar and East Nees Avenues, adjacent to Tract 3710 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15C-5854 and 5855.

[17] Landscaping and irrigation system along North Brawley, West Sierra and West Palo Alto Avenues, adjacent to Tract 3729 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7077 thru 7081.

[18] Landscaping and irrigation system along North Fowler Avenue, adjacent to Tract 3748 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6003 and 6004.

[19] Tract 3770 (phase II of Tract 3566, #10) in the County of Fresno.

[20] Landscaping and irrigation system along West Herndon Avenue, adjacent to Tract 3772 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6530 and 6531.

[21] Landscaping and irrigation system along North Brawley Avenue, adjacent to Tract 3797 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6677 thru 6680.

Section 2 – Description of Improvements (Continued)

[22] Landscaping and irrigation system along North Seventh Street, adjacent to Tract 3802 in the County of Fresno as shown in City of Fresno street plan drawing no. 15-C-6024.

[23] Landscaping and irrigation system along North Blythe Avenue, adjacent to Tract 3811 in the County of Fresno as shown in City of Fresno street plan drawing no. 15-C-6267a.

[24] Landscaping and irrigation system along North Millbrook and East El Paso Avenues, adjacent to Tract 3815 in the County of Fresno as shown in City of Fresno street plan drawing no. 15-C-5974a.

[25] Landscaping and irrigation system along East Teague Avenue, adjacent to Tract 3817 in the County of Fresno as shown in City of Fresno street plan drawing no. 15-C-6091.

[26] Landscaping and irrigation system along East Nees Avenue, adjacent to Tract 3818 in the County of Fresno as shown in City of Fresno street plan drawing no. 15-C-6289.

[27] Landscaping and irrigation system along North Cedar and East Teague Avenues, adjacent to Tract 3819 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6123 and 6124.

[28] Landscaping and irrigation system along West Dakota Avenue, adjacent to Tract 3834 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6249, 6250 and 6251.

[29] Landscaping and irrigation system along East Church Avenue, adjacent to Tract 3852 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6498 and 6499.

[30] Landscaping and irrigation system along West Escalon and North Dante Avenues, adjacent to Tract 3876 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6564, 6565, 6566 and 6567.

[31] Landscaping and irrigation system along North West Avenue, adjacent to Tract 3884 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6361 (a,b,c,d,e,f,g,h and i).

[32] Landscaping and irrigation system along West Palo Alto Avenue, adjacent to Tract 3888 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-5719 (b,c,d,e,f and g).

Section 2 – Description of Improvements (Continued)

[33] Landscaping and irrigation system along West Bullard Avenue, adjacent to Tract 3903 in the County of Fresno as shown in City of Fresno street plan drawing no. 15-C-6410.

[34] Landscaping and irrigation system along North Cedar and East Teague Avenues, adjacent to Tract 3913 in the County of Fresno as shown in City of Fresno street plan drawing no. 15-C-6447.

[35] Tract 3940 (phase II of Tract 3748, #18) in the County of Fresno.

[36] Landscaping and irrigation system along North Santa Fe Avenue, adjacent to Tract 3943 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6633, 6634, 6635 and 6636.

[37] Landscaping and irrigation system along North Cedar and East Shepherd Avenues, adjacent to Tract 3966 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6746, 6747, 6748 and 6749.

[38] Landscaping and irrigation system along North Maple Avenue, adjacent to Tract 3970 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6546 and 6547.

[39] Landscaping and irrigation system along North Maple Avenue, adjacent to Tract 3976 in the County of Fresno as shown in City of Fresno street plan drawing no. 15-C-6690.

[40] Landscaping and irrigation system along Dante, Polk and Bullard Avenues, adjacent to Tract 3983 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6586, 6587, 6588 and 6589.

[41] Landscaping and irrigation system along North Milburn and West Alluvial Avenues, adjacent to Tract 3994 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7284 thru 7289.

[42] Landscaping and irrigation system along North Weber Avenue adjacent to the Southern Pacific right-of-way within Tract 3999, of the City of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8672 to 8677.

[43] Landscaping and irrigation system along West Sierra Avenue, adjacent to Tract 4004 in the County of Fresno as shown in City of Fresno street plan drawing no. 15-C-5719.

[44] Landscaping and irrigation system along East Perrin Avenue and East Plymouth

Section 2 – Description of Improvements (Continued)

Way, adjacent to Tract 4008 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6922 thru 6925.

[45] Landscaping and irrigation system along East Alluvial Avenue and North Sierra Vista Avenue, adjacent to Tract 4026 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8187 and 8188.

[46] Landscaping and irrigation system along Bullard, Escalon, Dante, Sierra and Polk Avenues, adjacent to Tract 4031 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6985 thru 6994.

[47] Landscaping and irrigation system along North Maple Avenue, adjacent to Tract 4034 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7234 and 7235.

[48] Landscaping and irrigation system along East Alluvial Avenue, adjacent to Tract 4045 in the County of Fresno as shown in City of Fresno street plan drawing no. 15-C-6873.

[49] Landscaping and irrigation system along East Teague and North Maple Avenues, adjacent to Tract 4049 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6880 and 6881.

[50] Landscaping and irrigation system along North Maple and East Alluvial Avenues, adjacent to Tract 4050 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7035 thru 7037.

[51] Tract 4056 (phase III of Tract 3590, #11) in the County of Fresno.

[52] Landscaping and irrigation system along South Peach and East Church Avenues and in the East Belgravia Avenue entryway, adjacent to Tract 4057 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-7860 thru 7865.

[53] Landscaping and irrigation system along North Maple, North Barton and East Nees Avenues, adjacent to Tract 4071 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7115 thru 7118i.

[54] Landscaping and irrigation system along North Brawley and West Dakota Avenues, adjacent to Tract 4074 in the County of Fresno as shown in City of Fresno street plan drawing no. 15-C-6858.

Section 2 – Description of Improvements (Continued)

[55] Landscaping and irrigation system along both sides of East Nevada Avenue and within the proposed entry island on this street within Tract 4079 in the County of Fresno as shown in City of Fresno street plan drawing no. 15-C-7011.

[56] Landscaping and irrigation system along West Clinton Avenue and North Blythe Avenue, adjacent to Tract 4090 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-7956 thru 7966.

[57] Landscaping and irrigation system along North Cedar and East Teague Avenues, adjacent to Tract 4104 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7132 thru 7135.

[58] Landscaping and irrigation system along North Dante and West Escalon Avenues, adjacent to Tract 4108 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7001 thru 7004.

[59] Landscaping and irrigation system along East Shepherd Avenue, adjacent to Tract 4112 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8131 thru 8133.

[60] Landscaping and irrigation system along East Perrin, North Maple and North Cedar Avenues, adjacent to Tract 4117 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7368 thru 7372.

[61] Landscaping and irrigation system along East Teague Avenue and North Maple Avenue, adjacent to Tract 4125 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8007 thru 8010.

[62] Landscaping and irrigation system along West Bullard Avenue, adjacent to Tract 4127 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7450 thru 7454.

[63] Landscaping and irrigation system along North Brawley and North Alva Avenues and West Figarden Drive, adjacent to Tract 4138 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7427 thru 7431.

[64] Landscaping and irrigation system along North Polk and North Grantland Avenues, adjacent to Tract 4142 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7314 thru 7318.

[65] Landscaping and irrigation system along North Polk, North Dante and West Palo Alto Avenues, adjacent to Tract 4145 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7389 thru 7393.

Section 2 – Description of Improvements (Continued)

[66] Landscaping and irrigation system along North Polk, West Spruce, and North Hayes Avenues, adjacent to Tract 4148 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7748 thru 7754.

[67] Landscaping and irrigation system along South Martin Luther King Blvd., adjacent to Tract 4155 in the County of Fresno as shown in City of Fresno street plan drawing no. 15C-7569.

[68] Landscaping and irrigation system along North Millbrook Avenue, adjacent to Tract 4159 in the County of Fresno as shown in City of Fresno street plan drawing no. 15-C-7546.

[69] Landscaping and irrigation system along North Milburn Avenue, adjacent to Tract 4173 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7477 thru 7488b.

[70] Landscaping and irrigation system along West Herndon Avenue, adjacent to Tract 4186 in the County of Fresno as shown in City of Fresno street plan drawing no. 7-C-35.

[71] Landscaping and irrigation system along North Chestnut Avenue, adjacent to Tract 4190 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8248 thru 8260.

[72] Landscaping and irrigation system along East Nees Avenue and North Maple Avenue, adjacent to Tract 4191 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8060 thru 8064.

[73] Landscaping and irrigation system along North Maple Avenue, adjacent to Tract 4198 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7440 thru 7442.

[74 Landscaping and irrigation system along West Palo Alto Avenue, adjacent to Tract 4208 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7528 thru 7532.

[75] Landscaping and irrigation system along South Fine and South Willow Avenues, adjacent to Tract 4209 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15C-7676 and 7677.

[76] Landscaping and irrigation system along East Teague Avenue, adjacent to Tract 4212 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C7784 and 7785.

Section 2 – Description of Improvements (Continued)

[77] Landscaping and irrigation system along West Spruce Avenue, adjacent to Tract 4213 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C8323 thru 8328a.

[78] Landscaping and irrigation system along North Polk and West Gettysburg Avenues, adjacent to Tract 4217 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8645 thru 8655.

[79] Landscaping and irrigation system along East Shepherd Blvd., adjacent to Tract 4223 in the County of Fresno as shown in City of Fresno street plan drawing no. 15-C-7554.

[80] Landscaping and irrigation system along East Olive Avenue, adjacent to Tract 4224 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-7693b and 7693c.

[81] Landscaping and irrigation system along North Polk Avenue, adjacent to Tract 4229 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7683 and 7684.

[82] Landscaping and irrigation system along North Chestnut Avenue, adjacent to Tract 4237 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C8625 thru 8637.

[83] Landscaping and irrigation system along West Palo Alto Avenue, adjacent to Tract 4251 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C7947 and 7948.

[84] Landscaping and irrigation system along West Sierra Avenue, adjacent to Tract 4255 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7626 thru 7628.

[85] Landscaping and irrigation system along North Chestnut Avenue, adjacent to Tract 4261 of the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C8953 thru 8962.

[86] Landscaping and irrigation system along North Polk Avenue, adjacent to Tract 4269 in the County of Fresno as shown in City of Fresno street plan drawing no. 15-C-7666.

[87] Landscaping and irrigation system along North Blythe Avenue, adjacent to Tract 4274 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8077.

Section 2 – Description of Improvements (Continued)

[88] Landscaping and irrigation system along West Dakota Avenue, adjacent to Tract 4282 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C7926 thru 7928.

[89] Landscaping and irrigation system along North Brawley, Clinton and Blythe Avenues, adjacent to Tract 4285 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7809 thru 7810e.

[90] Landscaping and irrigation system along West Alluvial Avenue and West River Vista Drive, adjacent to Tract 4300 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8491 thru 8494.

[91] Landscaping and irrigation system along West Bullard Avenue, adjacent to Tract 4312 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C7949 thru 7952.

[92] Landscaping and irrigation system along North Polk Avenue, adjacent to Tract 4320 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8092 and 8093.

[93] Landscaping and irrigation system along North Valentine Avenue, West Sierra Avenue and North Figarden Drive, adjacent to Tract 4323 in the County of Fresno as shown on City of Fresno street plan drawing no. 15-C-7645.

[94] Landscaping and irrigation system along East Teague Avenue, adjacent to Tract 4335 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C8244 and 8245.

[95] Landscaping and irrigation system along North Jeanne Avenue and West Palo Alto Avenue, adjacent to Tract 4337 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-7530 thru 7532b.

[96] Landscaping and irrigation system along North Polk Avenue, adjacent to Tract 4339 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-9111 thru 9121.

[97] Landscaping and irrigation system along West Sierra Avenue, adjacent to Tract 4343 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-7830 thru 7834.

[98] Landscaping and irrigation system along North Brawley Avenue, adjacent to Tract 4345 in the County of Fresno as shown on City of Fresno street plan drawing no. 15-C8206.

Section 2 – Description of Improvements (Continued)

[99] Landscaping and irrigation system along North Valentine Avenue, adjacent to Tract 4347 in the County of Fresno as shown on City of Fresno street plan drawing no. 15-C7936.

[100] Landscaping and irrigation system along North Cornelia Avenue, adjacent to Tract 4350 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C8611 thru 8612.

[101] Landscaping and irrigation system along North Maple Avenue, adjacent to Tract 4352 in the County of Fresno as shown on City of Fresno street plan drawing no. 15-C8448.

[102] Landscaping and irrigation system along North Corona Avenue and North Polk Avenue, adjacent to Tract 4356 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-7877 thru 7884.

[103] Landscaping and irrigation system along North Maple Avenue, adjacent to Tract 4362 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C7988 and 7989.

[104] Landscaping and irrigation system along South Clovis and East Church Avenues, adjacent to Tract 4377 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8348 thru 8358.

[105] Landscaping and irrigation system along North Polk Avenue, adjacent to Tract 4380 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8915 thru 8952.

[106] Landscaping and irrigation system along West Gettysburg and North Polk Avenues, adjacent to Tract 4381 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8108 thru 8116.

[107] Landscaping and irrigation system along West Dakota and North Polk Avenues, adjacent to Tract 4385 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8143 thru 8145.

[108] Landscaping and irrigation system along South Martin Luther King Jr. Boulevard, adjacent to Tract 4401 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-7901 thru 7903.

[109] Tract 4402 (phase II of Tract 4320, #92) in the County of Fresno.

Section 2 – Description of Improvements (Continued)

[110] Landscaping and irrigation system along North Maple and East Perrin Avenues, adjacent to Tract 4405 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8214 thru 8216.

[111] Landscaping and irrigation system along West River Vista Drive and West Alluvial Avenue, adjacent to Tract 4421 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-9124 thru 9149.

[112] Landscaping and irrigation system along North Maple and East International Avenues, adjacent to Tract 4432 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-9056 thru 9087.

[113] Landscaping and irrigation system along West Bullard Avenue, adjacent to Tract 4439 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C8773 thru 8775.

[114] Landscaping and irrigation system along East Alluvial Avenue, adjacent to Tract 4461 in the County of Fresno as shown on City of Fresno street plan drawing no. 15-C8176.

[115] Tract 4471 (phase II of Tract 4347, #99) in the County of Fresno.

[116] Landscaping and irrigation system along North Polk Avenue, adjacent to Tract 4473 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8998 thru 9014.

[117] Landscaping and irrigation system along North Polk and West Alluvial Avenues, adjacent to Tract 4474 in the County of Fresno as shown on City of Fresno street plan drawing no. 15-C-8204.

[118] Tract 4482 (phase II of Tract 4274, #87) in the County of Fresno.

[119] Landscaping and irrigation system along West Gettysburg Avenue, adjacent to Tract 4488 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C8108 thru 8116.

[120] Landscaping and irrigation system along East Greenwich Avenue, adjacent to Tract 4510 in the County of Fresno as shown on City of Fresno street plan drawing 15-C8530.

[121] Landscaping and irrigation system along North Maple Avenue, adjacent to Tract 4528 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C8522 thru 8524b.

Section 2 – Description of Improvements (Continued)

[122] Landscaping and irrigation system along West Bullard, West Escalon and North Cecelia Avenues, adjacent to Tract 4534 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-9165 thru 9185.

[123] Landscaping and irrigation system along North West and West Atlanta Avenues, adjacent to Tract 4537 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8892 thru 8912.

[124] Landscaping and irrigation system along North Maple Avenue and the north side of East Saint Andrew Drive, adjacent to Tract 4540 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8856 thru 8857d.

[125] Tract 4549 (Phase II of Tract 4352 #101) in the County of Fresno.

[126] Landscaping and irrigation system along East Saint Andrew Drive and North Maple Avenue, adjacent to Tract 4564 in the County of Fresno as shown on City of Fresno street plan drawing no. 15-C-8415.

[127] Landscaping and irrigation system along West River Vista Drive and West Alluvial Avenue, adjacent to Tract 4573 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8491 thru 8494.

[128] Landscaping and irrigation system along West River Vista Drive adjacent to Tract 4574 in the County of Fresno as shown on City of Fresno street plan drawing nos. 8889 thru 8891.

[129] Landscaping and irrigation system along North Chestnut and East Nees Avenues, adjacent to Tract 4581 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8248 thru 8260.

[130] Landscaping and irrigation system along East Nees and North Millbrook Avenues, adjacent to Tract 4594 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8753 thru 8763.

[131] Landscaping and irrigation system along North Maple Avenue, adjacent to Tract 4601 in the County of Fresno as shown on City of Fresno street plan drawing nos. 8708 thru 8710.

[132] Landscaping and irrigation system along East Behymer Avenue and the south side and median islands of East Saint Andrew Drive, adjacent to Tract 4603 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8722 thru 8729.

Section 2 – Description of Improvements (Continued)

[133] Landscaping and irrigation system along East Grove and South Peach Avenues, adjacent to Tract 4606 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8818 thru 8827.

[134] Landscaping and irrigation system along North West Avenue, adjacent to Tract 4631 in the County of Fresno as shown on City of Fresno street plan drawing nos. 8813 thru 8817.

[135] Landscaping and irrigation system along East Saint Andrew Drive, adjacent to Tract 4639 in the County of Fresno as shown on City of Fresno street plan drawing nos. 9288 thru 9292.

[136] Landscaping and irrigation system along East Teague and North Chestnut Avenues, adjacent to Tract 4645 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8795 thru 8802.

[137] Landscaping and irrigation system along West Alluvial Avenue and West River Vista Drive, adjacent to Tract 4664 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-9193 thru 9210.

[138] Landscaping and irrigation system along North Polk Avenue, adjacent to Tract 4675 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8859 thru 8868.

[139] Landscaping and irrigation system and noise barrier wall along North Weber Avenue, adjacent to Tract 4687 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-9024 thru 9033.

[140] Landscaping and irrigation system along West River Vista Drive, adjacent to Tract 4707 in the County of Fresno as shown on City of Fresno street plan drawing nos. 9150 thru 9164.

[141] Landscaping and irrigation system along East Church Avenue, adjacent to Tract 4717 in the County of Fresno as shown on City of Fresno street plan drawing nos. 9091 thru 9110.

[142] Landscaping and irrigation system along Figarden Drive, adjacent to Parcel Map 90-31 in the County of Fresno as shown on Exhibit of Parcel Map Agreement No. 90-31.

[143] Landscaping and irrigation system along “B” Street, adjacent to Parcel Map 91-28 in the County of Fresno.

Section 2 – Description of Improvements (Continued)

[144] Landscaping and irrigation system along East Church Avenue, adjacent to Parcel Map No. 92-25 in the County of Fresno as shown on City of Fresno street plan drawing nos. 15-C-8362 thru 8363.

[145] Riverview Estates:

[A] Landscaping and irrigation system along North Del Mar, North Glenn and West Audubon Avenues, adjacent to Tract 3905 in the County of Fresno as shown in City of Fresno street plan drawing nos. 15-C-6467 (a,b,c,d,e,f,g,h and i)

[B] Landscaping and irrigation system along West Audubon Avenue, adjacent to Tract 3768 in the County of Fresno as shown in City of Fresno street plan drawing nos. C-5889 thru 5892b.

Section 3 – Changes to District

Typical changes to the district include changes to the improvements and/or changes in parcel numbers for selected lots within the districts.

There were no significant changes to the “Described Improvements” this year. The landscapes and irrigation systems maintained by the LLMD were accepted from 1984 through 1997. Therefore the vegetation is mature, and the irrigation components are showing signs of age. Over the years, most LLMD landscapes have suffered plant loss due to irrigation system issues and natural mortality of selected landscape types. These landscape removals were generally not re-planted due to lack of LLMD assessment funds for new plant materials. Also, minor irrigation repairs were completed using district funds.

Also, there were no noted changes to the APN numbers of properties included in the “existing assessments” for FY 2026-2027.

Section 4 – Estimate of Costs

A breakdown of the estimated cost of the maintenance, servicing, incidental expenses, and prior year adjustments in connection with City of Fresno Landscaping and Lighting Maintenance District No. 1 is described in Tables Nos. 2 and 3.

Table No. 2 includes a summary of district costs including direct and non-direct expenses. Direct expenses are costs that are charged directly to each of the 145 tracts in the LLMD. Non-Direct expenses are costs that are not charged to a specific tract. Table No. 3, included in Appendix B of this report, describes expenses and assessments on a tract-by-tract basis with the carry over or deficit for each tract estimated.

Direct expenses include landscape maintenance labor costs, irrigation water costs, and irrigation repair expenses. The direct labor includes field staff to clean debris, remove weeds, trim landscaping, and perform minor irrigation repair in the LLMD improvements. Utility costs are mostly metered water for irrigation, but also do include some costs for energy to run irrigation controllers.

Non-Direct expenses include labor for supervision of field personnel, administrative staff to post direct and indirect expenses, as well as costs to administer the district levy of assessments, prepare the engineer's report, and coordinate approval by City Council. Also, included in non-direct expenses are small tools for the field personnel that are not specific to a location, as well as office supplies in support of LLMD operations. Non-Direct expenses also include a minor amount of field labor, green waste, chemical herbicide, and utility costs that could not be directed to a specific tract.

Overall, the LLMD has been impacted most by the approval of California Proposition No. 218 in November of 1996. Prior to 1996, the Council could increase the assessments for maintenance annually to compensate for the increased cost of operations. However, after 1996 rates in the LLMD assessments have not been increased; so, the current assessments 30 years later are still based on 1996 maintenance costs.

The LLMD assessment revenue funded roughly four to six service cycles throughout the 78 acres along 30 miles of LLMD landscapes throughout the City during the FY 2026-2027 period. The service levels have remained consistent over the past several years.

Although the service intervals provided minimum basic landscape services similar to the level the City provides for non-District landscapes; the level of service was not comparable to more recent Community Facilities District (CFD) landscapes which were formed and annexed after 1996. The CFDs have automatic rate escalators to keep up with operational costs and provide a higher level of service. Many of the CFD landscapes are directly adjacent to LLMD landscapes and are in a better condition. Consequently, the City continues to receive complaints from LLMD district households requesting CFD level services. However, none of these complaints were elevated to a formal request to raise rates and provide more frequent service similar to CFD locations.

It should be noted that the LLMD assessment funding does not provide any enhanced level of service; however, the continued efforts by City staff over the years to explore different service delivery methods has yielded an acceptable level of service using only LLMD funding. LLMD landscapes are being maintained by a private landscaping service contract.

Although basic weed and clean services are being met, many landscapes are in need of major irrigation system rehabilitation and tree/shrub replacement efforts. The current lack of assessment growth limits the ability of the City to provide any such rehabilitation or replacement level service. Also, increases in labor costs, irrigation costs, etc. will increase in the coming years, so recent service gains are likely non-sustainable with the current level of funding. Again, this will require non-district funding to maintain minimum levels of service at some point in the future as it has in the past. This non-district funding is not guaranteed for the LLMD in future years as the assessment funding is, so it is not known if the subsidy will be available year-to-year as Citywide service priorities are reconsidered.

A special registered voter election would be required in order to increase the amount of the LLMD assessments. City staff is evaluating options and studying the rates needed for various levels of service. It is expected that these studies will lead to initiating an election process to increase special tax rates and fund more than just frequent basic cleaning service. This process will continue throughout the coming FY 2026/2027 LLMD fiscal year.

Table No. 2
Summary of LLMD Costs
FY 2026-2027

Direct Cost Summary

Description	Expense
Labor	8,080.56
Specialized/Outside Service	340,686.89
Materials and Equipment (Direct)	6,940.45
Utilities	127,680.91
Overhead	2,431.25
Total:	**$ 485,820.06**

Non Direct Cost Summary

Description	Expense
Labor-Supervision/Administrative	87,023.00
District Administration Non-Personnel	7,519.43
Greenwaste Landfill Fees non tract specific	0.00
Utilities-Non Tract Specific	69.96
Small Tools, Inventory, Equipment etc.	17,917.07
ISF's	33,436.72
Total:	**$ 146,626.27**

Previous Year Carry Over (not including delinquent)	342,249.43
Total Expense:	632,446.33
Total Assessment:	712,997.82
Carryover/Deficit:	**422,800.92**

Section 5 – Proposed Assessments

The City Engineer hereby assesses and apportions the total amount of the costs and expenses for the formation of the assessment district and the maintenance and servicing of landscaping and facilities upon the subdivisions of land liable therefore and benefitted thereby, all as is more particularly set forth in the assessment roll filed herewith, marked Table No. 4 included with this report in Appendix C, and incorporated herein. The numbers of said assessment roll correspond with the assigned numbers upon the parcels of land within said district in proportion to the estimated benefits to be received by each subdivision respectively, from the improvement. For a more particular description of said property, reference is made to the assessment diagram to be filed and of record in the office of the County Recorder of the County of Fresno.

Section 6 – Assessment Diagram

The diagram entitled "ASSESSMENT DIAGRAM OF CITY OF FRESNO LANDSCAPING AND LIGHTING MAINTENANCE DISTRICT NO. 1, (PREVIOUSLY KNOWN AS CITY OF FRESNO ASSESSMENT DISTRICT NO. 89, RECORDED APRIL 27, 1983 IN BOOK 22 AT PAGES 26 AND 27, FRESNO COUNTY RECORDS) CITY OF FRESNO, COUNTY OF FRESNO, STATE OF CALIFORNIA", consisting of five (5) sheets, filed herewith, marked Exhibit "A", and hereby incorporated herein as though set forth in full, delineates the boundaries and dimensions of the respective subdivisions of land within said district as the same existed at the time of the passage of the Resolution of Intention, each subdivision of land within having been assigned a separate number upon said diagram.

Section 7 – Recapitulation of Assessments

A recapitulation of prior year assessments including actual maintenance costs and incidental expenses as incurred, are described in Table No. 3 included in Appendix B, attached hereto and incorporated herein as though set in full.

Dated this 28th day of April, 2026.

Signed: _____

SCOTT MOZIER, P.E.
Public Works Director
City of Fresno

Section 8 – Recording History

Each Recording will list the new subdivisions added that fiscal year. For a complete listing of the subdivisions in the District, see the District Boundary listing starting on page one.

INITIAL RECORDING -- APRIL 27, 1983
SUBDIVISIONS INCLUDED:

Tract 3439

SECOND RECORDING -- JUNE 7, 1984
SUBDIVISIONS ADDED:

Tract 3150	Tract 3220	Tract 3566

THIRD RECORDING -- JUNE 7, 1985
SUBDIVISIONS ADDED:

Tract 3129	Tract 3351	Tract 3656

FOURTH RECORDING -- JUNE 3, 1986
SUBDIVISIONS ADDED:

Tract 3684

FIFTH RECORDING -- JUNE 3, 1987
SUBDIVISIONS ADDED:

Tract 3638	Tract 3770	Tract 3817
Tract 3710	Tract 3802	Tract 3819
Tract 3748	Tract 3815	

and a Subdivision that later becomes part of Riverview Estates:
Tract 3768

Section 8 – Recording History (Continued)

SIXTH RECORDING -- JUNE 7, 1988
SUBDIVISIONS ADDED:

Tract 3274	Tract 3811	Tract 3888

Appendix A
Diagram of Boundaries and Dimensions

The following (5) sheets, filed herewith, marked Exhibit "A", delineate the boundaries and dimensions of the respective subdivisions of land within said district as the same existed at the time of the passage of the Resolution of Intention, each subdivision of land within having been assigned a separate number upon said diagram.

Appendix B

Table No. 3
Summary of LLMD Costs by Tract

The following eight (8) pages include Table No. 3 as referenced in the Report. Table No. 3 provides a summary of all expenses (Direct and Indirect) and assessments for each tract in the LLMD for FY 2026-2027.

Note: Tracts groups with Peach Shading are all phases of the same formed District Tract and the costs and assessment are grouped for Carryover computation purposes. Also, note that the sum total of the Carryover/Deficit column does not match the total in Table No. 2 because Community Sanitation labor is included in this table.

Table No. 3

Public Works Department, Traffic & Engineering Services Division

ANDREINA AGUILAR, Chief Engineering Technician
Public Works Department, Traffic & Engineering Services Division

SUBJECT
RESOLUTION - To Adopt the City of Fresno Vision Zero Action Plan (Citywide)

RECOMMENDATION

Staff recommends City Council adopt the Resolution of the City of Fresno Vision Zero Action Plan.

EXECUTIVE SUMMARY

The City of Fresno Vision Zero Action Plan (Action Plan) establishes a comprehensive, data-driven framework to eliminate traffic fatalities and severe injuries on city streets by 2050 through a Safe System Approach that prioritizes human life, anticipates human error, and prioritizes safety in transportation decisions. Fresno is facing a traffic safety crisis, with 217 fatalities and 629 severe-injury crashes between 2019 and 2023, with crashes disproportionately impacting vulnerable road users. The Action Plan responds to this crisis with coordinated policies, programs, and strategies that will have the greatest impact particularly on high-collision corridors and priority locations.

Adopting the Action Plan will formalize the City's commitment to work towards eliminating traffic fatalities and serious injuries, align safety goals, maintain eligibility for state and federal grant funding, and establish clear measures for implementation and progress tracking measures. Staff recommend the City Council adopt the Action Plan to reinforce its commitment to proactive, citywide traffic safety.

BACKGROUND

Vision Zero is a nationally, and internationally, recognized approach that acknowledges traffic deaths and severe injuries are preventable and unacceptable. The United States Department of Transportation (US DOT) has declared traffic safety as a crisis and calls for the need of an "all-of-America response to address the crisis" *(US DOT, Progress Report on the National Roadway Safety*

Strategy, February 2023). The State of California Office of Traffic Safety (OTS) is "responding to this crisis with urgency and calling upon all state and local partners to join us in this critical work to save lives." *(California OTS, Highway Safety Plan, 2024-2026)*. In 2024, Smart America Growth, *Dangerous by Design*, ranked the Fresno Metro Area as the seventh most dangerous metros for pedestrians. The City of Fresno responded to the state and federal call-for-action by pursuing and successfully receiving a US DOT Safe Streets for All Program planning grant, to develop and adopt a Vision Zero Action Plan (Action Plan). The Action Plan was developed with extensive community engagement, a multi-agency Vision Zero Task Force, and a five year of crash data analysis (2019-2023). The Action Plan builds upon more than a decade of local and regional safety initiatives, including the City's Complete Streets Policy, Safe Routes to School efforts, and speed management actions.

Vision Zero Action Plan

The Vision Zero Action Plan, found in Exhibit A and related appendix in Exhibit B, establishes a proposed goal to eliminate traffic fatalities and severe injuries by 2050 aligning with the State of California's goal, affirming that loss of life on city streets is preventable and unacceptable. The Action Plan is grounded in the Safe System Approach, which prioritizes human life and health by recognizing shared responsibility among roadway users, designers, and policymakers; anticipating human error, encouraging safe human behavior, and designing streets that reduce the severity of crashes when they occur.

Through the analysis of collision data, the Action Plan identifies the High Injury Network (HIN) that represents approximately 14 percent of the City's roadway system but accounts for nearly 89 percent of fatal and severe injury crashes. This data-driven approach enables the City to strategically focus systemic safety improvements and targeted investments on arterials and collectors where collisions are most concentrated. Priority projects emphasize improvements along five corridors and five intersections during the first five years of implementation.

The Action Plan is rooted in an equitable, people-first process shaped by citywide community engagement, including multilingual outreach, surveys, 12 pop-up events, one walking event, three bike events, two focus groups, and collaboration with over 23 local Community Based Organizations (CBOs). Engagement efforts focused on populations disproportionately affected, including pedestrians, bicyclists, youth, and seniors.

Staff presented the Vision Zero Action Plan Workshop to the City Council on April 23, 2026. The presentation provided updates on the purpose of the Action Plan, data analysis, community outreach and engagement efforts, recommended policies and programs, the public review period, and next steps. The Council offered feedback and support as the City moves towards adopting the Action Plan.

Implementation policies, programs, and strategies include aspects of the Safe System Approach, advancing coordinated actions related to safe road users, safe vehicles, safe speeds, safe roads, post-crash care, and safety data. These actions are supported by establishing a standing Vision Zero Task Force, aligning priorities with future funding opportunities, and transparent progress tracking through a public collision-data dashboard and public updates. Together, these elements provide a comprehensive and actionable framework to guide progress towards safer streets citywide. Adoption

of the City of Fresno Vision Zero Action Plan is a critical step to addressing a local traffic safety crisis with urgency, coordination, and accountability.

Staff recommend the City Council adopt the City of Fresno Vision Zero Action Plan.

ENVIRONMENTAL FINDINGS

By the definition provided in the California Environmental Quality Act (CEQA) Guidelines Section 15378, action does not qualify as a “project”.

LOCAL PREFERENCE

Local preference was not considered because this project does not include a bid or award of a construction or service contract.

FISCAL IMPACT

There is no fiscal impact associated with this action of adopting the plan. Implementation of future projects or programs is subject to future City budget appropriations.

Vision Zero Task Force

The following agencies, organizations, groups, and departments constituted the Task Force:

Agencies

- Caltrans
- City of Clovis – Planning & Development Services
- City of Fresno – FAX
- County of Fresno – Public Health Department
- County of Fresno – Public Works and Planning Department
- Fresno City College
- Fresno Council of Governments
- California State University of Fresno
- Central Unified School District
- Clovis Unified School District
- Fresno Unified School District
- Sanger Unified School District
- Community Regional Medical Center

Organizations

- Fresno County Bicycle Coalition

Groups

- Active Transportation Advisory Committee (ATAC)
- Disability Advisory Commission (DAC)

Departments

- City Manager's Office
- City of Fresno – Fire Department
- City of Fresno – Planning & Development Department
- City of Fresno – Parks After School, Recreation & Community Services (PARCS)
- City of Fresno – Police Department
- City of Fresno – Public Utilities Department
- City of Fresno – Public Works Department

We would also like to thank the following community-based organizations for their participation in the Vision Zero Action Plan process, and their ongoing commitment to reducing fatal and severe collision across Fresno.

- Every Neighborhood Partnership
- Fresno Building Healthy Communities
- Fresno County Bicycle Coalition
- Jackson Neighborhood Community Development Corporation (CDC)

Letter from the Mayor

Letter to come.

Traffic Safety in Fresno	33
Ready to Act: Vision Zero Recommendations	55
Achieving Zero: Implementation	109

1.

Introduction and Plan Purpose

Fresno is facing a preventable traffic safety crisis, with an average of more than 40 deaths and 125 severe injuries each year on city streets, irrespective of cause. Vision Zero commits the City to eliminating these tragedies by 2050 through a Safe System Approach that prioritizes human life, designs for human error, and embeds safety into every transportation decision. This Plan establishes the framework, leadership commitment, and urgency needed to shift from reactive responses to proactive, life-saving action.

What is Vision Zero?

Vision Zero is a strategy focused on eliminating traffic fatalities and severe injuries, while increasing safe, healthy, and equitable mobility for all.

The most recent data from the National Highway Traffic Safety Administration (NHTSA) show that in 2023, **more than 40,900 people were killed** in motor-vehicle crashes on American streets, and **nearly 2.5 million people were injured.** This translates to **one person killed every 13 minutes** and **five people injured every minute.** Every fatal or severe collision is not just a statistic — the people impacted are our friends, family, and neighbors. A Vision Zero approach recognizes that these traffic deaths are preventable.

A New Way of Thinking About Safety: the Safe Systems Approach

The Safe System Approach is a guiding model for addressing roadway safety that centers human needs and behaviors. The model uses a holistic method for achieving road safety, acknowledging that there is a shared responsibility between those that design, build, operate, and use the street network. The recommendations, strategies, and actions outlined in this Plan are rooted in the Safe System approach and guided by the following principles:

- **Death and severe injury are unacceptable.** While preventing every crash may not be possible, it is possible to attempt to design a system where no one loses their life or suffers devastating injuries just trying to get from place to place.
- **Humans make mistakes:** Whether it's a moment of distraction or a wrong decision, the road system should be built to absorb common human errors and prevent those mistakes from turning into tragedies, as much as possible.
- **Humans are vulnerable:** When crashes do happen, people are vulnerable to the forces involved. Streets, speeds, and vehicles should be designed with these physical limits in mind, reducing the risk of deadly or disabling outcomes.
- **Responsibility is shared:** There are many different players that make the transportation system safe or unsafe. Elected officials, planners, engineers, school officials, automotive designers, and all people moving on streets need to work together to create a safe roadway network.
- **Safety is proactive:** A crash should not have to happen to prove that something is unsafe. Transportation agencies should use the best practices and research to proactively identify and address dangerous locations.
- **Redundancy is crucial:** Safety works best when multiple strategies, like safe street design, appropriate speeds, protective infrastructure, and safe behavior work together to catch problems before they become deadly.

In a Safe System, No Singular Strategy is Sufficient

The Safe Systems Approach requires concurrent commitment strategies that address all the root causes of fatal and severe collisions

Safe Road Users

Active transportation public education campaign: Conduct a public education campaign, building on existing OTS-funded and community-based programs, to shift norms around traffic safety.

Safe Vehicles

Municipal Fleet Safety: Improve safety across municipal fleets through updated purchasing and management policies and the use of telematics and other technologies to monitor, support, and reinforce safe driving practices.

Safe Speeds

City of Fresno Traffic Calming Program: Expand and clarify the City's Residential Speed Hump Policy to include other traffic calming treatments, using the Vision Zero Major Streets Traffic Calming Toolkit and Mobility Design Guidelines to guide design, implementation, and maintenance.

Safe Roads

Daylighting: Provide public education on the purpose and safety benefits of daylighting, and implement consistent, easily recognizable treatments to improve visibility and reduce conflicts at intersections and crossings.

Post-Crash Care

Technology upgrades: Implement traffic signal technology, such as emergency vehicle preemption and coordinated signal progression, to reduce emergency response times, improve responder safety, and support faster access to medical care following serious crashes.

The Time is Now: A Traffic Safety Crisis in Fresno

Nationwide, roadway design has historically prioritized vehicle efficiency and movement over human safety. As a direct result, Fresno is one of many cities in the United States experiencing an epidemic of preventable deaths and serious injuries.[1] Like many peer cities, crashes involving people walking, bicycling, or riding motorcycles, account for a disproportionate share of fatal and severe injury outcomes in Fresno.

The data points to a traffic safety crisis in the City of Fresno: **Between 2019 and 2023, each year on average, more than 40 people lost their lives and 125 suffered severe injuries in traffic crashes[2]** on Fresno's streets. The consequences of crashes were particularly severe for people walking - more than 280 pedestrians died or were severely injured over five years. In addition, the pedestrian fatality rate for the broader Fresno Metro area is one of the highest in the nation; Smart Growth America's 2024 Dangerous by Design report[3] ranks the Fresno metro seventh in the nation—out of more than 100 metro areas—for pedestrian fatalities, with pedestrian fatality rates trending upward over time.

> **"Just the number of fatalities in certain intersections around Fresno is appalling. I've lived by a couple of them and it's heartbreaking how many have flowers or photos of killed loved ones."**
>
> ***– Fresno VZAP Community Survey, April 2025***

Between 2019 and 2023 in Fresno, there were

217
fatal crashes

629
severe injury crashes

In 2024, the Fresno Metro Area was

ranked #7
most dangerous metro area for pedestrians out of 101 metro areas

1 According to the United States Department of Health and Human Services (DHHS) Office of Disease Prevention and Health Promotion (OASH), "motor vehicle crashes are the second leading cause of death from unintentional injuries in the United States. In addition, the rate of motor vehicle crash deaths in the United States is about twice the average rate of other high-income countries.

2 Traffic crashes included in this report do not account for crashes where people were struck by trains. Local media from 2019 does indicate that between 2013 and 2017, Fresno County was on the top 10 list of counties where people were struck by trains according to the Federal Railroad Administration (https://kmph.com/news/local/trains-hitting-people-fresno-county-very-high-on-list).

3 Smart Growth America – Dangerous by Design, 2024 (Pp 10-11) https://www.smartgrowthamerica.org/signature-reports/dangerous-by-design/ (Page 10)

A Vision Zero Movement is Born in Fresno

For two decades, City of Fresno community members have been advocating for safer streets in Fresno. Fresno City Council members built on this momentum by stating publicly that roadway safety is a top priority for them and their constituents. In response, the staff from the City of Fresno's Public Works Department pursued ambitious and competitive funding for a Safe Streets for All grant from the Federal Department of Transportation. In 2022, the City was awarded funding to complete a Vision Zero Action Plan as part of the inaugural Safe Streets for All cohort.

A memorial erected in memory of a victim of traffic violence. Photo taken near Woodward Park, December 2024

Responding to the Crisis: A Vision Zero Plan for Fresno

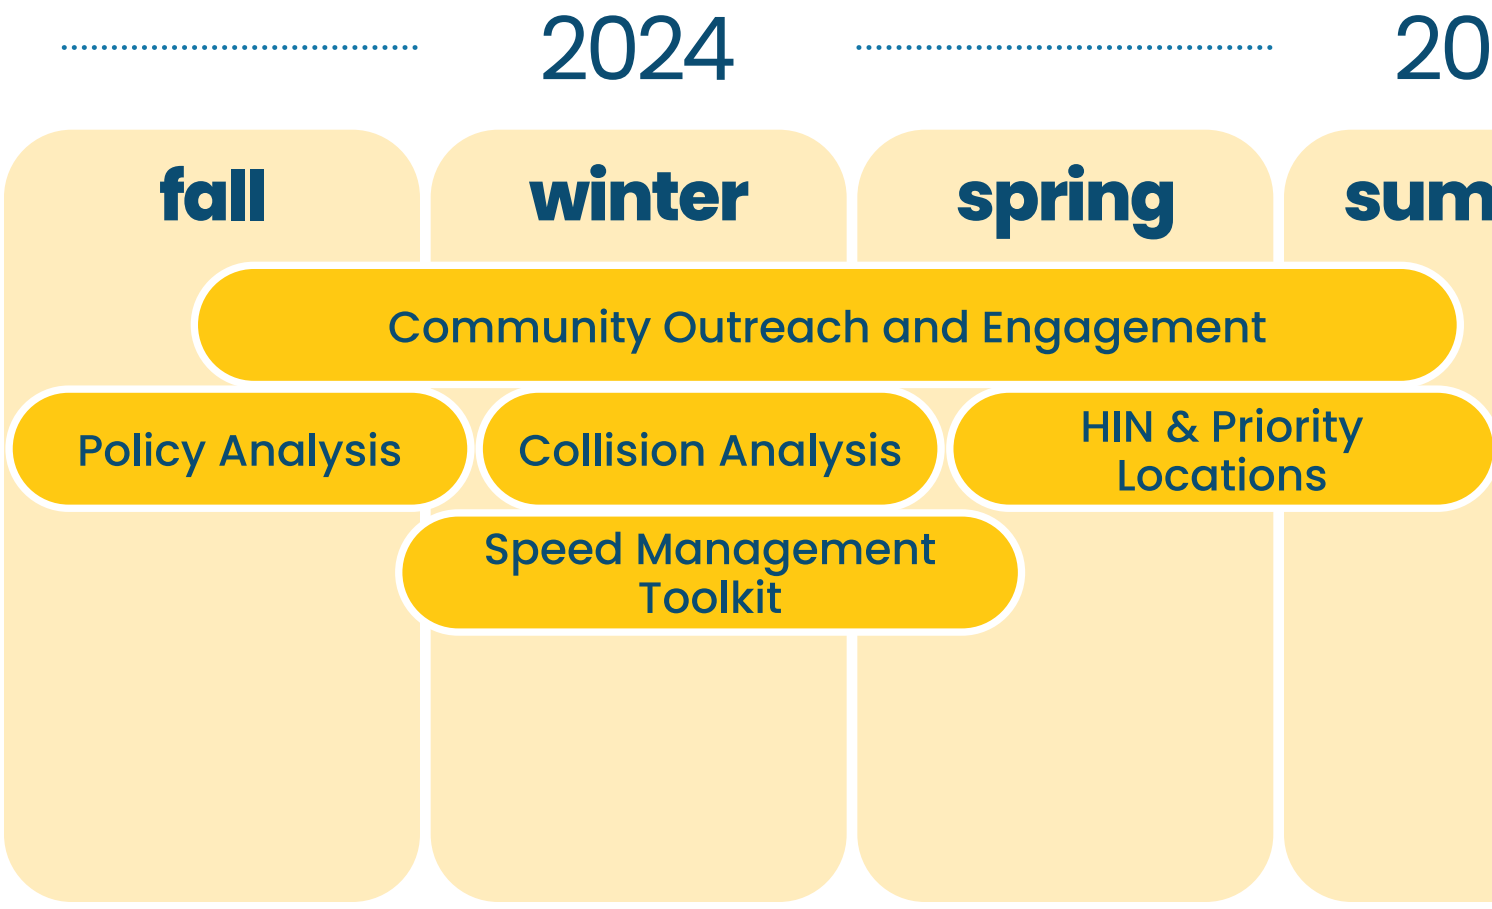
Implementing the City's Vision Zero Action Plan now is critical. Fresno has built momentum towards a culture of safety and has articulated a clear commitment to eliminating traffic fatalities and severe injuries while improving health, safety, and equitable mobility for all. Acting now ensures that this momentum translates into measurable, life-saving goal outcomes.

The City of Fresno acknowledges that achieving this goal will require a commitment to a fundamental shift in the day-to-day "business" of transportation in the City of Fresno, moving away from practices that tolerate severe crashes as inevitable, and toward a system that proactively designs streets for human life. This Plan provides the framework to make that shift, and the scale of harm on Fresno's streets makes implementation not just important, but urgent.

"Si es importante eliminar los accidentes lamentablemente la solución viene después de tanto accidente."

"If it's important to eliminate accidents, unfortunately the solution comes only after so many accidents."

– Fresno VZAP Community Survey, April 2025



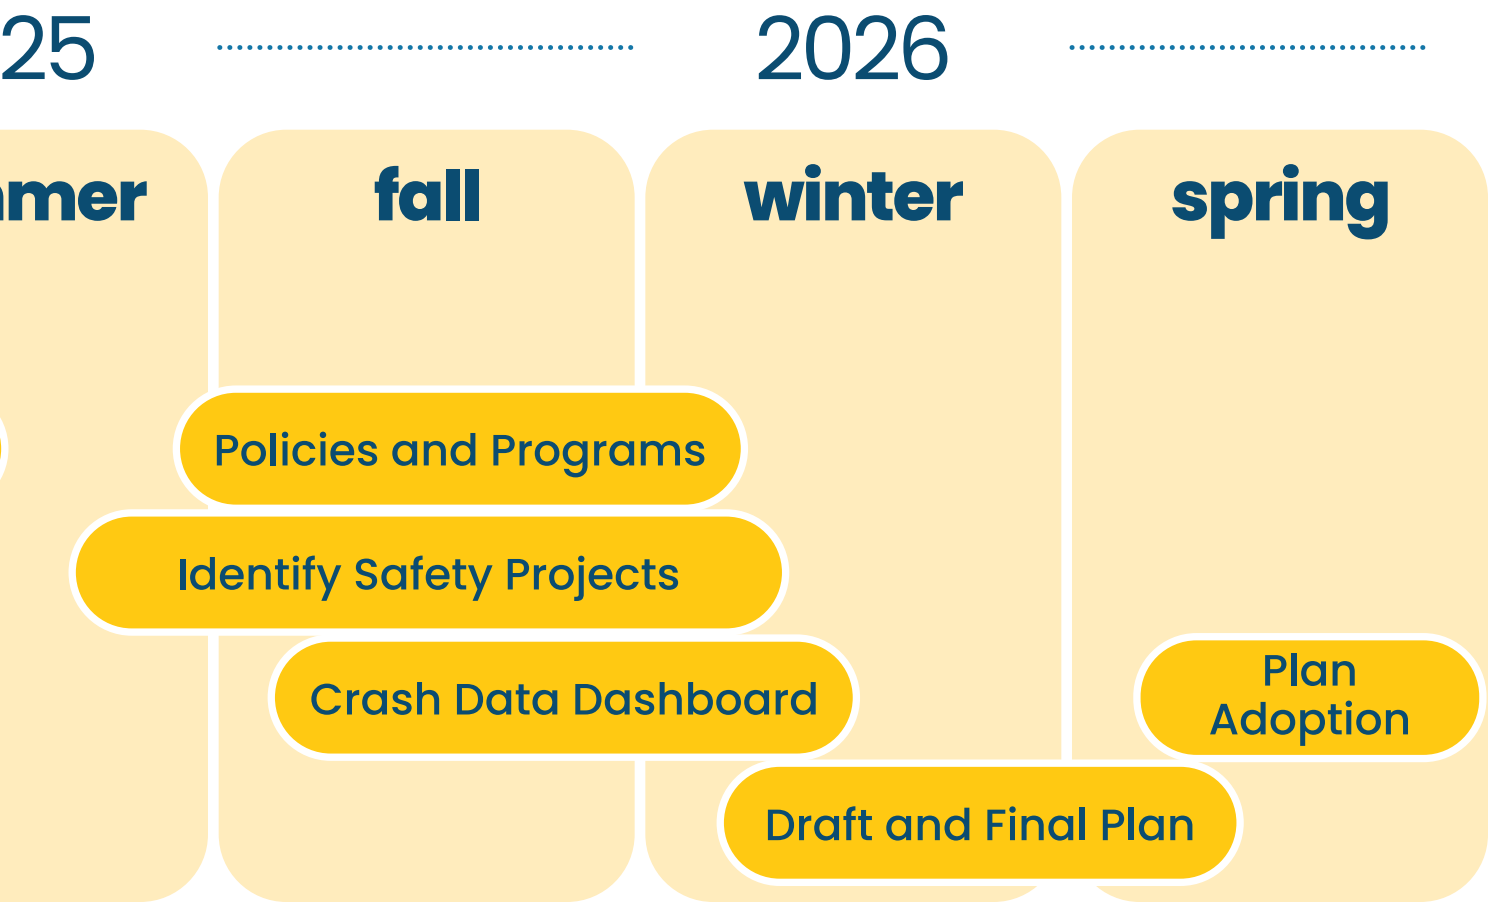
Rooted in the Safe System Approach, this plan emphasizes that human life and health are paramount, and transportation systems should be designed to accommodate human error and vulnerability. The Fresno Vision Zero Action Plan outlines strategies and recommendations to eliminate all traffic fatalities and severe injuries while promoting safe, healthy, and equitable mobility for all road users. This Plan:

Analyzes crash data to understand when, where, and why crashes are happening in Fresno;

Documents comprehensive engagement with community members, stakeholders, and decision makers to understand how they are impacted by Fresno's road safety crisis;

Identifies strategies, projects, priorities, and policy changes that aim to eliminate fatal and serious crashes on Fresno streets; and

Prepares the City of Fresno to apply for future funding opportunities to implement transportation safety improvements.



Goal: Zero Fatalities and Serious Injuries by 2050

City of Fresno Goal for Zero

The City of Fresno is committed to reaching zero deaths and eliminating severe injuries on roadways by 2050, acknowledging that loss of life is preventable and not inevitable.

Vision for Change

To achieve zero deaths and severe injuries, the City of Fresno envisions citywide transformation towards a Proactive Safety Culture characterized by:

Institutional Change (Governance and Systems)

City departments, local agencies, and partner organizations demonstrate shared responsibility for safety by aligning policies, practices, and operational procedures with the Safe System Approach. There is a transition from reactive, collision-driven safety planning to proactive strategies that identify and attempt to address high-risk behaviors and high-exposure locations and conditions before serious injuries or fatalities occur.

Community Change (Public Norms and Behavior)

Community members – including people walking, bicycling, driving, taking transit, and using electric mobility devices – look out for one another on the roads. There is a measurable shift in community behavior, expectations, and dialogue around transportation safety, reinforcing that safe travel is a shared responsibility and a core community value.

Leadership Commitment

Achieving Vision Zero in Fresno requires strong, visible leadership and shared accountability across City government. Eliminating traffic deaths and severe injuries by 2050 is not the responsibility of a single department—it is a Citywide commitment that must be reflected in policies, programs, investments, and everyday decision-making.

City leadership sets the expectation that human life and health are the highest transportation priorities by supporting policies that prioritize safety over speed and convenience, directing resources to high-risk locations and communities, and embedding the Safe System Approach across all transportation-related activities. This commitment ensures Vision Zero remains central over time, even as staff, funding sources, and priorities evolve.

Leaders from Community Based Organizations participate in a Safety 101 Workshop, October, 2024

2.

A Strong Foundation for Safe Streets

Fresno's Vision Zero Action Plan builds on more than a decade of safety investments. This plan does not exist in isolation but builds on region-wide safety efforts. Together, initiatives led by the City, County, Council of Governments, FAX, school districts, and other key partners will advance Fresno's culture of safety.

Over A Decade of Road Safety Investments in Fresno

The City of Fresno Vision Zero Action Plan represents the culmination of more than a decade of sustained investment and action by Fresno area agencies to improve roadway safety. The timeline below highlights key milestones, programs, and projects undertaken by the City—and its partners—that have helped advance Fresno's evolving culture of safety on its streets.

Plans/Programs | Funding/Awards | Partner Agency Initiatives

2014

City of Fresno **adopted** the Active Transportation Plan

2016–2023
The city has been **awarded funding** through HSIP during cycles 8, 10, 11, and 12

2018
City of Fresno **adopted** the Fresno Safe Routes to School Action Plan

DEC. 2018
City of Fresno **funded** Highway Safety Improvement Program (HSIP) Cycle 9 Projects

SEPT. 2019
City of Fresno **adopted** a Complete Streets Policy

SEPT. 2020
City of Fresno **completed** the Fresno Systemic Local Roadway Safety Plan

MAY 2020
Fresno Area Express (FAX) **adopted** a Public Transit Agency Safety Plan

FEB. 2020
City of Fresno **completed** the City of Fresno Trail Network Expansion Feasibility Plan

FEB. 2022

City of Fresno **implemented** the Residential Speed Hump Program

JUL. 2024

City of Fresno **secured funding** to develop a Mobility Design Guide

SEPT. 2025

Fresno County **initiated development** of a SS4A-**funded** Safety Action Plan

2018–2023

City of Fresno PARCs Department, through the Office of Traffic Safety, has been **awarded** funding for Bicycle and Pedestrian Safety Programs every year except 2019

NOV. 2024, ONGOING

City of Fresno **began** an Active Transportation Plan update

2020–2026

City of Fresno **participated** in the Statewide Zero Traffic Fatalities Task Force established by AB 2363

2026

2023 AND 2024

City of Fresno **received** state and national transportation awards: Transportation Project of the Year Award (APWA 2023) and IPI Diamond Award and Project of the Year Award (2024)

MAR. 2025, ONGOING:

Fresno County **launched** a Safe Routes to School Program

FEB. 2023

City of Fresno was **awarded** a Safe Streets and Roads for All Action Plan Grant (FY 2022)

JUN. 2024, ONGOING

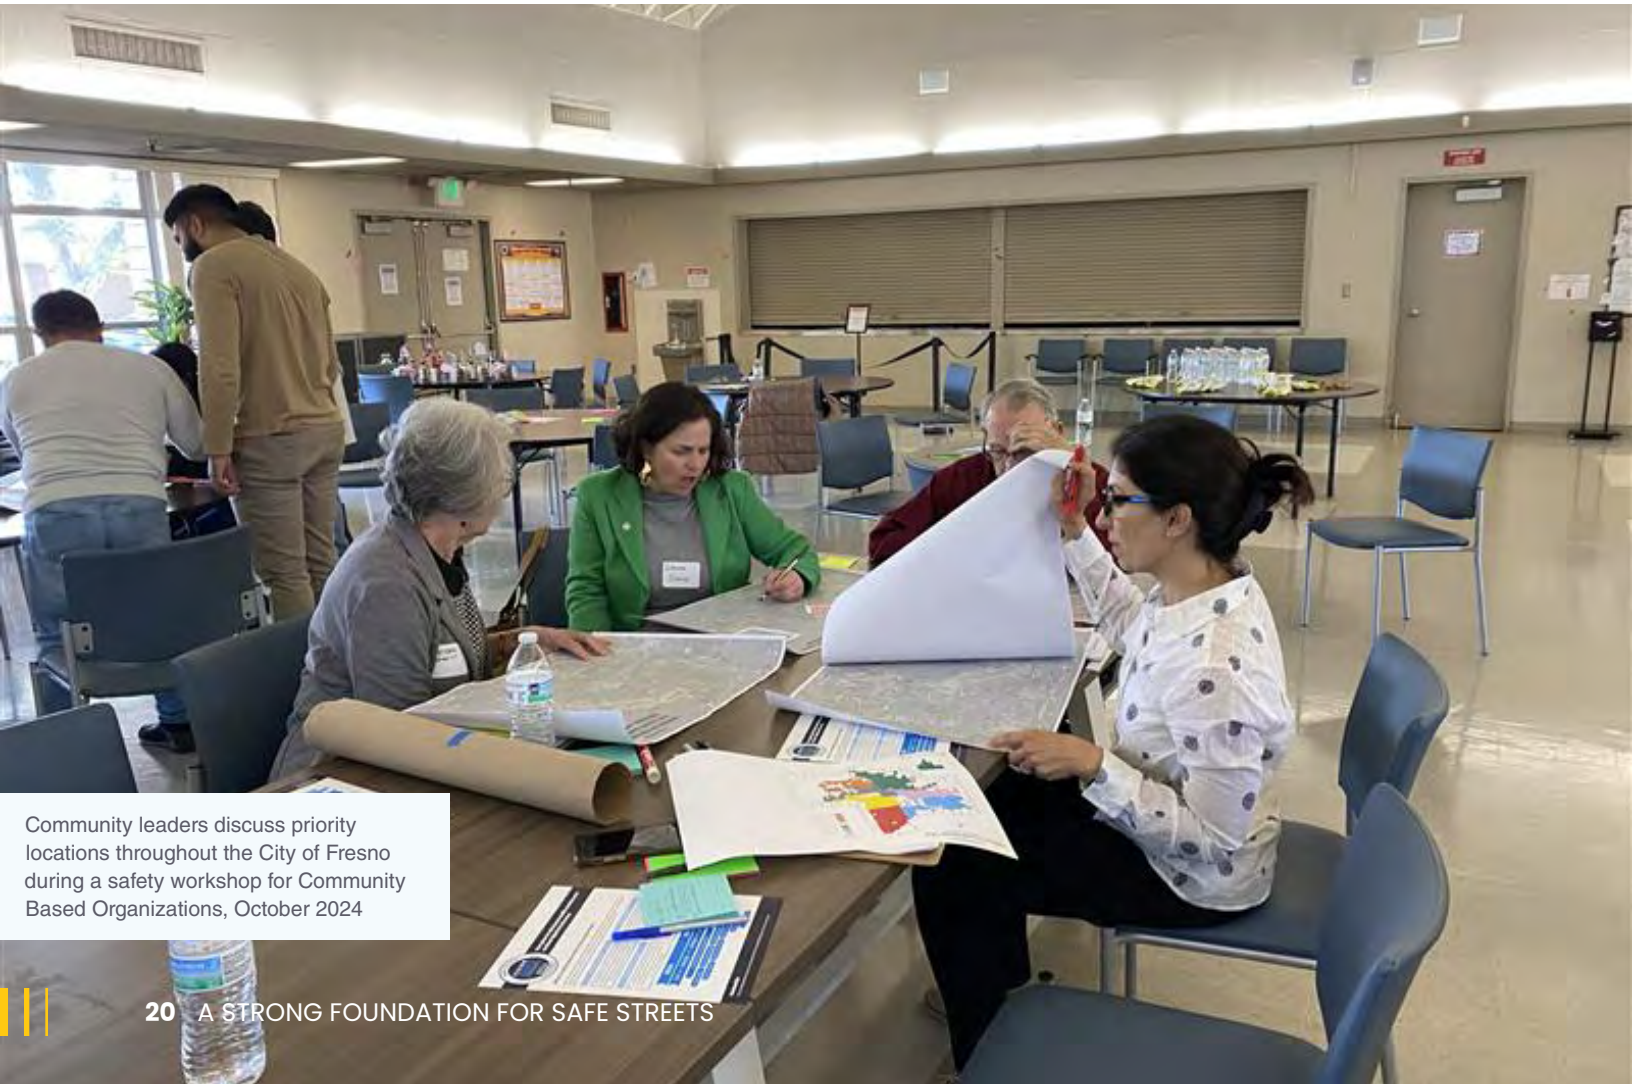
Fresno Unified School District **initiated** the Fresno Unified Safe Routes for Students Plan

MAY 2026

City of Fresno is scheduled to **adopt** the Vision Zero Action Plan

What is Different About this Process?

Prior transportation safety plans are fundamentally reactive - they focus on responding to the history of collisions at specific locations through once-off projects and spot treatments. While it is critical to address safety at high-collision locations, the scale of the road safety crisis in Fresno demands holistic, proactive, systemic interventions. The Vision Zero Action Plan was developed through a proactive, collaborative process that centered safety as a shared responsibility across City departments, community partners, and residents. The planning process integrated data-driven analysis with feedback from engagement with stakeholders and community members to identify systemic risks, prioritize high-injury locations, and develop strategies grounded in the Safe System Approach to prevent severe injuries and fatalities before they occur.

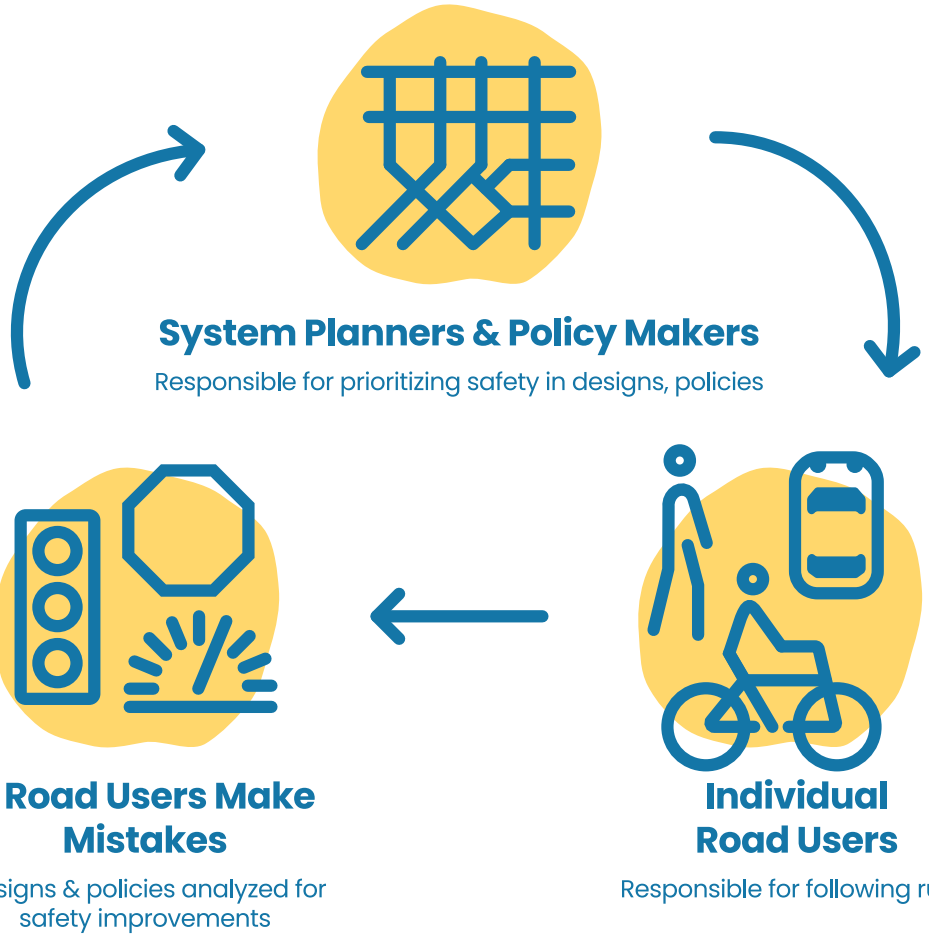


Community leaders discuss priority locations throughout the City of Fresno during a safety workshop for Community Based Organizations, October 2024

Moving From Individual Responsibility to a System Approach

The National Vision Zero network recognizes that many factors contribute to road safety - including roadway design, vehicle speeds, road-user behaviors, technology, and policies. Historically, road safety efforts in the United States have focused on individual responsibility, separating user behavior (such as speeding and failing to follow the rules of the road) from other factors that influence safety (like design and policy). **The Vision Zero movement recognizes that while road user behavior is a key factor in ensuring system safety, it is a complex problem that must be tackled in coordination with design, policy, and planning.** The figure below shows the relationship between:

- **Individual road users** who are responsible for following the rules
- **Planners and policy-makers** who are responsible for prioritizing safety in decision-making, and
- **Implementing agencies** who are responsible for ensuring design and operations help prevent collisions, and help reduce the severity of those collisions when they happen.



Source: Vision Zero Network

3.

A People-First Approach

The Vision Zero Action Plan is rooted in deep, city-wide engagement. The process centered community voices, equity, and cross-department collaboration to identify community priorities and systemic risks. The result is a people-first roadmap that aligns data, lived experience, and strategies to create safer streets for everyone.

Comprehensive Citywide Engagement

A people-first approach was essential to developing a Vision Zero Action Plan that prioritizes protecting the lives and wellbeing of everyone who travels in Fresno, especially those who have historically been underserved or disproportionately impacted by roadway safety conditions. To ground the Plan in community experience, the City conducted broad, inclusive, and accessible outreach, including extensive multilingual engagement and hosted events and pop-ups in each City Council district to reduce barriers to participation and reach a wide range of communities. By pairing community voices and local knowledge with technical analysis, the Plan is shaped by the people it is intended to serve.

Feedback gathered throughout the planning process directly informs the Plan's priorities and recommended actions. Input from residents, community-based organizations, and stakeholders was used alongside crash and roadway data to identify and validate priority corridors and segments, elevate locations where people feel there are opportunities to enhance safety, and refine the types of improvements most needed. Community priorities also shaped the development of policies, programs, and education efforts that are recommended to address the user behaviors and operational characteristics contributing to severe and fatal crashes.

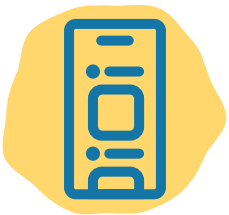
1 "Safety 101" Workshop for Community Based Organizations

1 Community Open House

2 focus groups with youth and seniors

5 Task Force meetings

12 pop-ups at schools, parks, and community events



A dozen social media posts

1 bilingual Walk + Talk

1 bilingual survey, over 1,000 responses

Thousands of multilingual printed publicity materials

3 community bike rides & bike clinics

"Before winter break, on Sunnyside Ave. two young boys were killed in a collision with an amazon truck. As an educator its very hard when something like that happens to young adults, because you can see them as school one day, then they are gone the next."

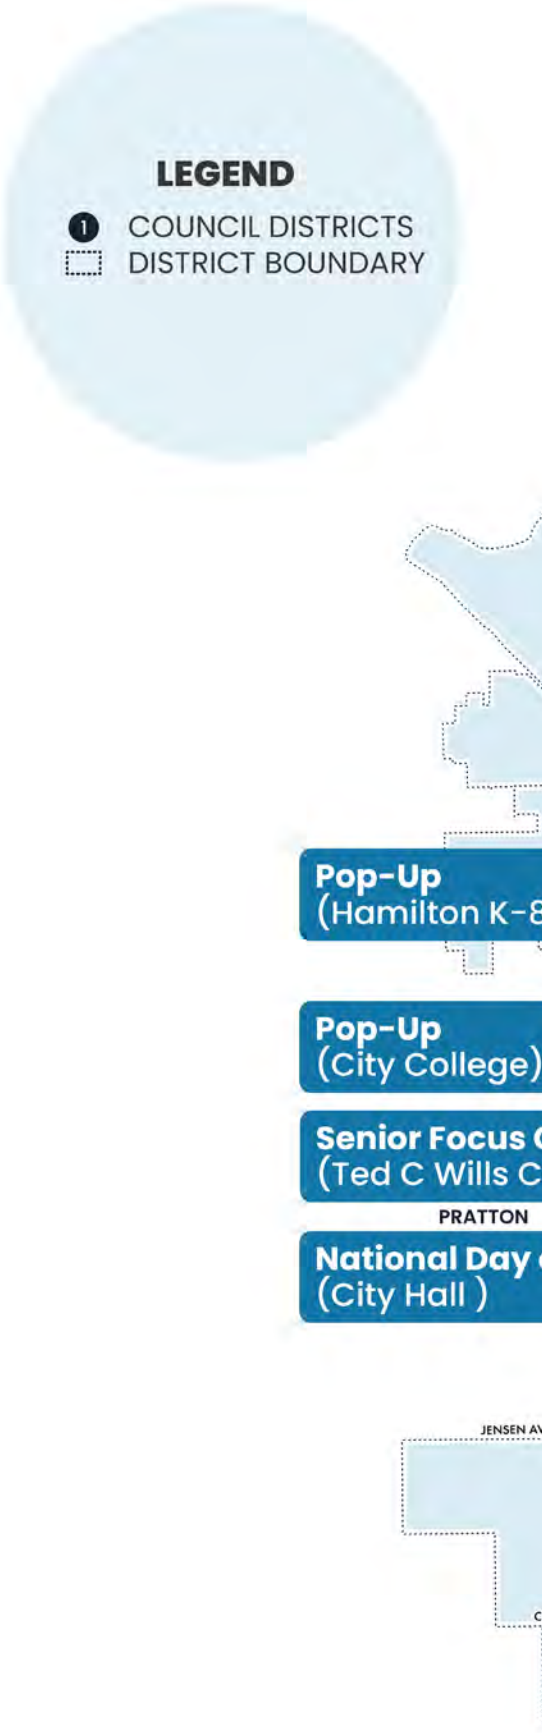
– Fresno VZAP Community Survey, April 2025

What did we hear?

1000+ **people** took the community survey

50% **Half** of all people who took the survey know someone who has been **seriously injured or killed** in a crash in Fresno.

40+ **5% (44 people)** who took the survey have been **personally seriously injured.**



Community members shared that their top concerns when navigating Fresno's roads are:

Infrastructure Gaps and Interactions with Cars

- Intersections feel unsafe, and it can be difficult to see oncoming drivers at intersections and crosswalks
- There are areas with limited sidewalks, and there aren't enough safe places to bicycle
- There are too many cars on the roads
- There is poor street lighting

Road User Behaviors

- Distracted driving (cell phones, screens)
- Reckless or aggressive driving
- Drivers running through red lights or stop signs
- Impaired driving (drugs/alcohol)
- Drivers speeding
- People crossing outside of crosswalks and bicycling outside of bike lanes

Partnerships with Community-Based Organizations

Community-based organizations (CBOs) and community advocates played a central role in shaping and strengthening the plan's outreach and engagement approach. In coordination with City staff, the project team convened a group of CBOs and community advocates to build project buy-in, share high-level findings, gather feedback on engagement strategies, and help disseminate information and publicize opportunities for public participation. Four CBOs were compensated through paid partnerships to conduct deeper, on-the-ground engagement with underserved and highly impacted communities through strategies such as community walking tours and bike rides. Highlights from the CBO and project team-led engagement are pictured on the following pages. CBOs and Community Advocates included the following groups:

Community Organizations and Agencies involved in the Vision Zero Action Plan

Advocacy and Policy Organizations

- Central Valley Community Foundation
- Central Valley IAF – St Anthony Mary Claret Catholic Church
- Every Neighborhood Partnership*
- Fresno Building Healthy Communities*
- Fresno County Bicycle Coalition*
- Safe2School
- US Green Building Council

Neighborhood Specific Organizations

- Better Blackstone
- Chinatown Fresno Foundation
- Hidalgo Community Development Corporation (CDC)
- Highway City Community Development Inc.
- Jackson Community Development Corporation (CDC)*

Institutional, Service, and Community Partners

- Fresno Cycling Club
- Fresno Housing Authorities
- Fresno Interdenominational Refuge Ministries (FIRM)
- Fresno Metro Ministry
- Gazarian Real Estate Center
- Organizacion las Panchas
- Pequeños Empresarios
- Sierra Challenge Running Club
- The Children's Movement Resident Council
- The Fresno Center
- Tree Fresno

Vision Zero Taskforce

The Vision Zero Taskforce was established to guide development of the Action Plan, align decision-makers and partner agencies, and sustain the cross-sector coordination necessary for long-term implementation. Through a series of five virtual meetings, the Taskforce helped build a shared understanding of Fresno's safety challenges, identify general priorities for improvement, and provide input on which strategies were most appropriate for different locations and contexts across the city.

The Fresno Vision Zero Task Force met 5 times to discuss the following topics:

Meeting Dates	Topic(s)
September 23, 2024	Project Overview and Introduction, Taskforce Roles and Responsibilities, Safe System Approach overview, and Challenges and Opportunities Discussion
November 18, 2024	Community Engagement Overview and Brainstorm Discussion, Policy and Procedure Review, Collision Analysis Overview
May 21, 2025	Community Engagement Highlights and Key Outcomes, High Injury Network and Priority Locations Overview, Major Streets Traffic Calming Toolkit
November 4, 2025	Policy and Program Working Meeting, including Safe System Approach Case Studies, Strategy Mapping, and Prioritizing Equity and Collaboration
March 31, 2026	Review and provide feedback on the Draft Plan

Traffic Safety in Fresno

Crash data reveal that Fresno's most severe crashes are not random—they are concentrated on a small share of high-speed and high-volume arterial and connector corridors and at intersections, and disproportionately impact people walking, biking, and riding motorcycles. Nearly 90% of fatal and severe injury crashes occur on just 14% of the City's roadway network, underscoring the power of targeted, systemic change. Safer street design, speed management, intersection improvements, and safer road-user behavior are essential to reach the goal of preventing the most devastating outcomes.

What are the Underlying Conditions in Fresno?

Fresno is one of California's largest cities and the primary urban center of the San Joaquin Valley. With more than half a million residents spread across roughly 115 square miles, the city functions as a major economic and transportation hub for California's Central Valley. Like many large American cities that experienced significant growth during the automobile era, Fresno's road safety crisis is directly related to the underlying development patterns. While the data show that most fatal and severe collisions are associated with factors such as high vehicle speeds and volumes, the following underlying land use and transportation patterns may create the conditions that allow these factors to occur.

Car-Dependent Land Use Patterns: Like many peer cities, Fresno's development pattern is characterized by suburban sprawl, with long distances between key community destinations like schools, parks, grocery stores, retail, and recreation. As a result, most residents need a car to reach daily destinations, increasing the volume of vehicles on the road. Higher vehicle volumes increase the likelihood of fatal and severe crashes via increased exposure to conflicts.

Auto-Oriented Street Network: Fresno's 20th-century, auto-oriented street network prioritizes vehicle throughput on wide, multi-lane arterials. Many schools and bus stops are located along these corridors, requiring students and transit users to cross high-volume, high-speed streets. Gaps in sidewalks, crossings, and lighting further increase exposure for people walking, biking, or rolling.

Roads that Accommodate Higher Speeds: Data shows that wide, straight, multi-lane roads are associated with faster driving speeds, because drivers feel more comfortable traveling faster when there is more space to maneuver.[1] Higher speeds significantly increase crash severity and reduce driver reaction time. When exposed to these speeds, people walking, bicycling, driving, or riding motorcycles are exposed to the risk for serious injury and fatal collisions.

It is important to understand road user behavior and underlying transportation and land use conditions side by side. While the City can work to address design, policy, and infrastructure factors, every resident of Fresno - whether walking, bicycling, driving, taking transit, or riding a motorcycle - has a role to play in following the rules of the road. In Fresno, it is critical to address issues like reckless and distracted driving, driving under the influence, running red lights, and walking or bicycling outside of safe and protected facilities.

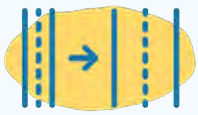
"American cities are among the most sprawling and car-oriented cities where, in most cases, driving is the only travel mode available to households for commuting and other transportation needs. Higher numbers of car trips and longer distances significantly increase the likelihood of car crashes and fatalities."

– Johns Hopkins Center for Injury Research and Policy, Narrowing Travel Lanes: A Safer Choice for U.S. Cities, 2023.

1 Johns Hopkins Center for Injury Research and Policy. (2023). Narrowing travel lanes: A safer choice for U.S. cities. Johns Hopkins Bloomberg School of Public Health. https://narrowlanes.americanhealth.jhu.edu/report/JHU-2023-Narrowing-Travel-Lanes-Report.pdf

How Roadway Characteristics Influence Speed

In the City of Fresno, vehicle speeds are the second highest contributing cause of severe injuries and fatalities during collisions. Managing vehicle speeds is a complex issue, but most research shows that roadway design has an important impact on vehicle speeds. There are several key factors in how roadway design affects vehicle speeds:



Lane Widths

As marked travel lanes increase in width, vehicle speeds may increase. Recent research from Johns Hopkins University finds that lane widths wider than 12 feet
are associated with less safe roadways. The National Association of City Transportation Officials (NACTO) recommends 10-11-foot-wide travel lanes in urban contexts to balance mobility and safety.

Edge Friction

Visual and physical cues along the roadway, like street trees on sidewalks or parked vehicles in the roadway, may lead to calmer vehicle speeds. Street design elements that visually or physically narrow the roadway, particularly those with strong vertical elements (street trees or utility poles) lead to edge friction. This edge friction encourages more attentive driver behavior and slower driving speeds.

Visual Interruptions

Similar to edge friction, visual interruptions in the roadway can also lead to slower speeds. For example, curved roadways and streets with more frequent intersections can provide a varied driving environment that encourages driver attentiveness, according to research in the Journal of Planning Literature.

Posted Speed Limits

Simply reducing the posted speed limit along a corridor does not necessarily cause drivers to slow down, though well-marked slower speed limits can lower mean vehicle speeds by 1 to 3 miles per hour according to the National Highway Traffic Safety Administration. Recent changes to the California Vehicle Code in AB 43 allow cities to reduce speed limits by 5 miles per hour on HIN (High Injury Network) streets or on streets with higher volumes of people walking and biking. However, unless these posted speed limit changes are accompanied with traffic enforcement, they are unlikely to significantly change speeding behavior.

Like many elements of Vision Zero, street design alone cannot lead to safer roadway behavior. It is essential for road users to adjust their behavior to protect one another - including reducing their speeds, avoiding distractions like cell phones, and following the rules of the road. But the Safe System approach that leans on multiple layers of redundancy, including street design and speed management, can lead to safer streets for all road users.

What are the Underlying Conditions in Fresno?

Population and Environmental Considerations

A Diverse Population with Diverse Mobility Needs

Vulnerable Age Groups: Youth and older adults make up nearly 40% of Fresno's population. These populations are more likely to rely on walking, biking, and transit due to limited access to personal vehicles. These groups are also more physically vulnerable in traffic collisions and are overrepresented in crash data. Safe, accessible roadway design is especially critical to reduce severe and fatal injuries for these populations.

Income and Transportation Equity: Fresno's lower median household income and higher poverty rate than state and national averages limit transportation choices for many residents, increasing reliance on walking, biking, and transit. Targeted safety investments are essential to reduce inequitable exposure to severe traffic injuries and fatalities.

Ethnicity and Culture: Fresno's diverse population includes a large share of foreign-born residents and households that speak languages other than English. Language barriers can limit access to transportation services, safety information, and participation in planning processes, making multilingual materials and culturally responsive engagement essential for effective communication and education with residents. Table 2 summarizes the major racial and ethnic groups represented in the city.

TABLE 1 Median Household Income and Poverty Rate Comparison

	City of Fresno	California	National
Median Household Income	$66,804	$96,334	$78,538
Poverty Rate	20.9%	11.8%	10.6%

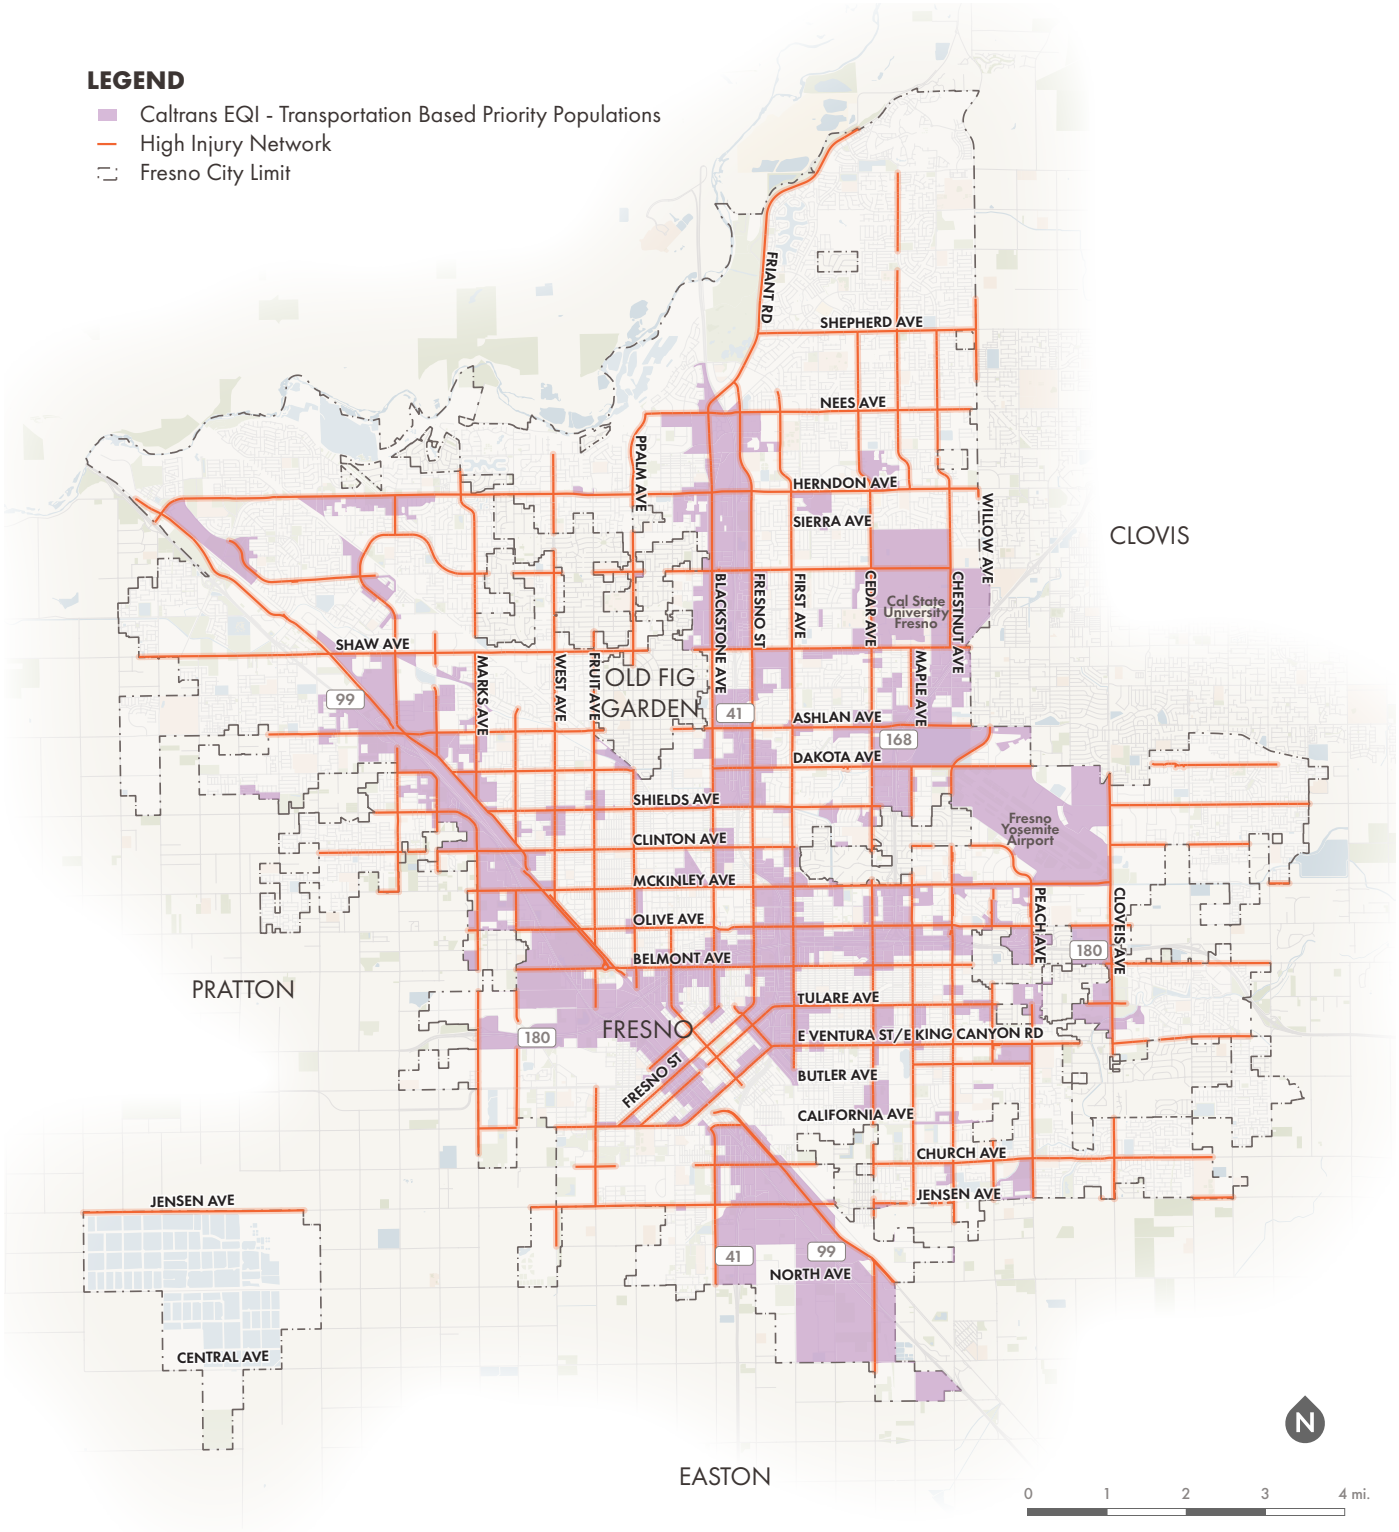
TABLE 2 City of Fresno Race and Ethnicity Demographics

Race/ Ethnicity	City of Fresno	California	National
Hispanic / Latino	50.6%	40.8%	20.0%
White	38.0%	69.8%	74.8%
Asian	14.2%	17.0%	6.7%
Black / African American	6.7%	6.4%	13.7%

Compounding Transportation, Environmental, and Geographic Barriers: Fresno's Central Valley location contributes to extreme heat and poor air quality that discourage walking and biking and increase health risks for people traveling without vehicles. When safe and comfortable travel options are limited, people who must walk, bike, or access transit face greater exposure to challenging roadway conditions. These systemic barriers disproportionately affect communities already facing higher crash risk, compounding transportation safety inequities.

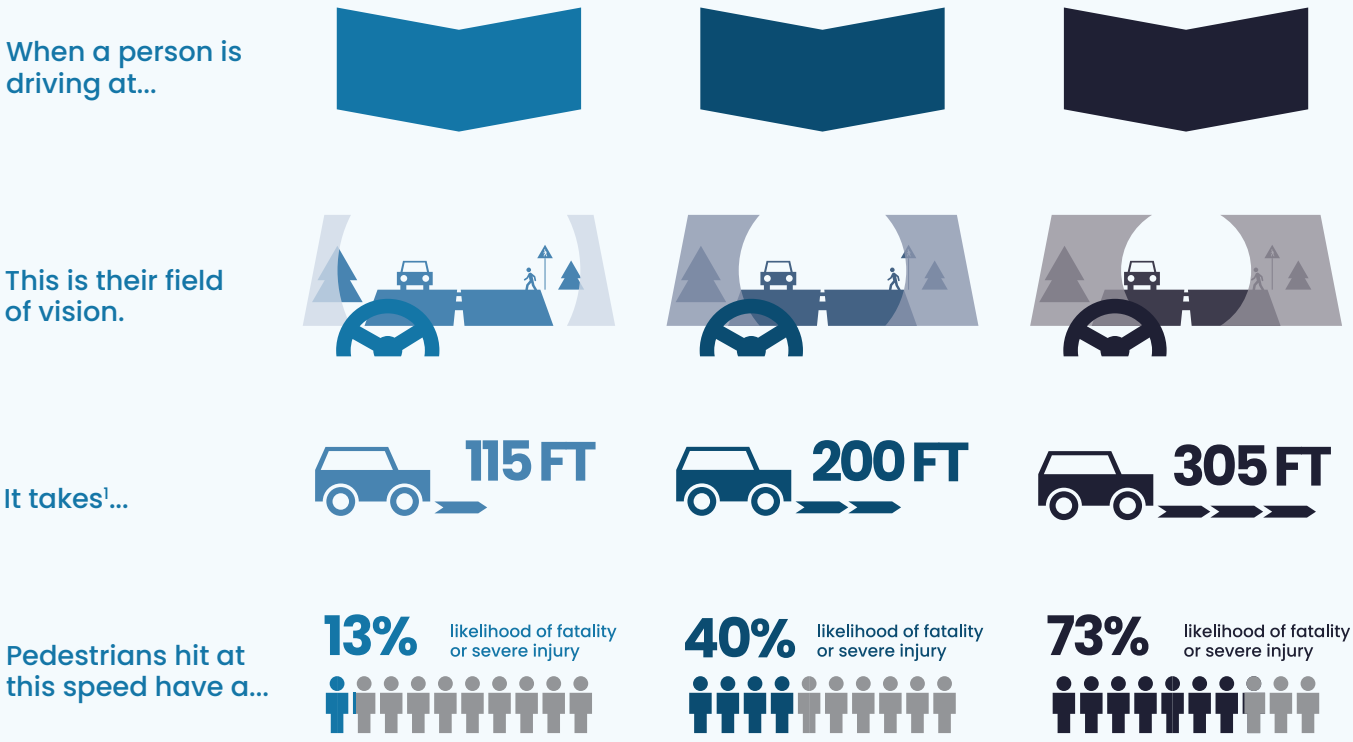
Equity: The Caltrans Transportation Equity Index identifies priority-based populations by combining transportation, environmental, health, and socioeconomic indicators to highlight communities that face greater transportation-related burdens and barriers. In Fresno, these populations are concentrated along major corridors, including Highways 99, 41, 180, and 168, which align closely with the City's High Injury Network. Residents in these areas experience overlapping challenges and are disproportionately exposed to high-speed, high-volume roadways, reinforcing the strong link between equity, exposure, and traffic safety risk.

FIGURE 2 Caltrans Transportation Equity Index Priority Populations and Fresno's High Injury Network



Safe Speeds

Assembly Bill 43, introduced in 2021, allows California cities to reduce the speed limit to 25 MPH in business and residential districts without a traffic study. Additionally, the California State Motor Vehicle Code 5 allows cities to reduce the standard school zone speed limit of 25 MPH to 15 MPH within 500 feet of schools for streets that are 30 MPH or less. However, even speeds of 30 MPH come with great risks for pedestrians: A study by the AAA Foundation for Traffic Safety found that the average risk of severe injury or fatality for pedestrians struck by a motor vehicle traveling 30 MPH is 40 percent, as illustrated in the graphic.[2]



1 Includes 2.5 seconds braking reaction time.

Traffic Safety in Fresno

Collision Trends

The project team analyzed five years of crash data (January 1, 2019 to December 31, 2023) to understand where, how, and why crashes are happening in Fresno. Understanding this data is a crucial step in identifying ways to make Fresno streets safer and prevent future crashes and fatal and severe injuries. This section focuses on fatal and severe injury crashes (FSI), as understanding those types of crashes can reveal highest risk locations and factors. The findings from this analysis serve as a foundation for identifying safety issues, prioritizing projects, and guiding future actions in Fresno.

Over the 5-year time period, **crashes in Fresno resulted in 217 deaths and left 629 people severely injured.** That means that **on average, 43 people lost their lives, and over 125 became severely injured each year.** Figure 3 shows the breakdown of fatal and severe injury crashes over the 5-year period. Figure 4 shows a map of all crashes in Fresno over the 5-year period, color coded by severity.

FIGURE 3 Fatal and Injury Crashes in Fresno, 2019–2023

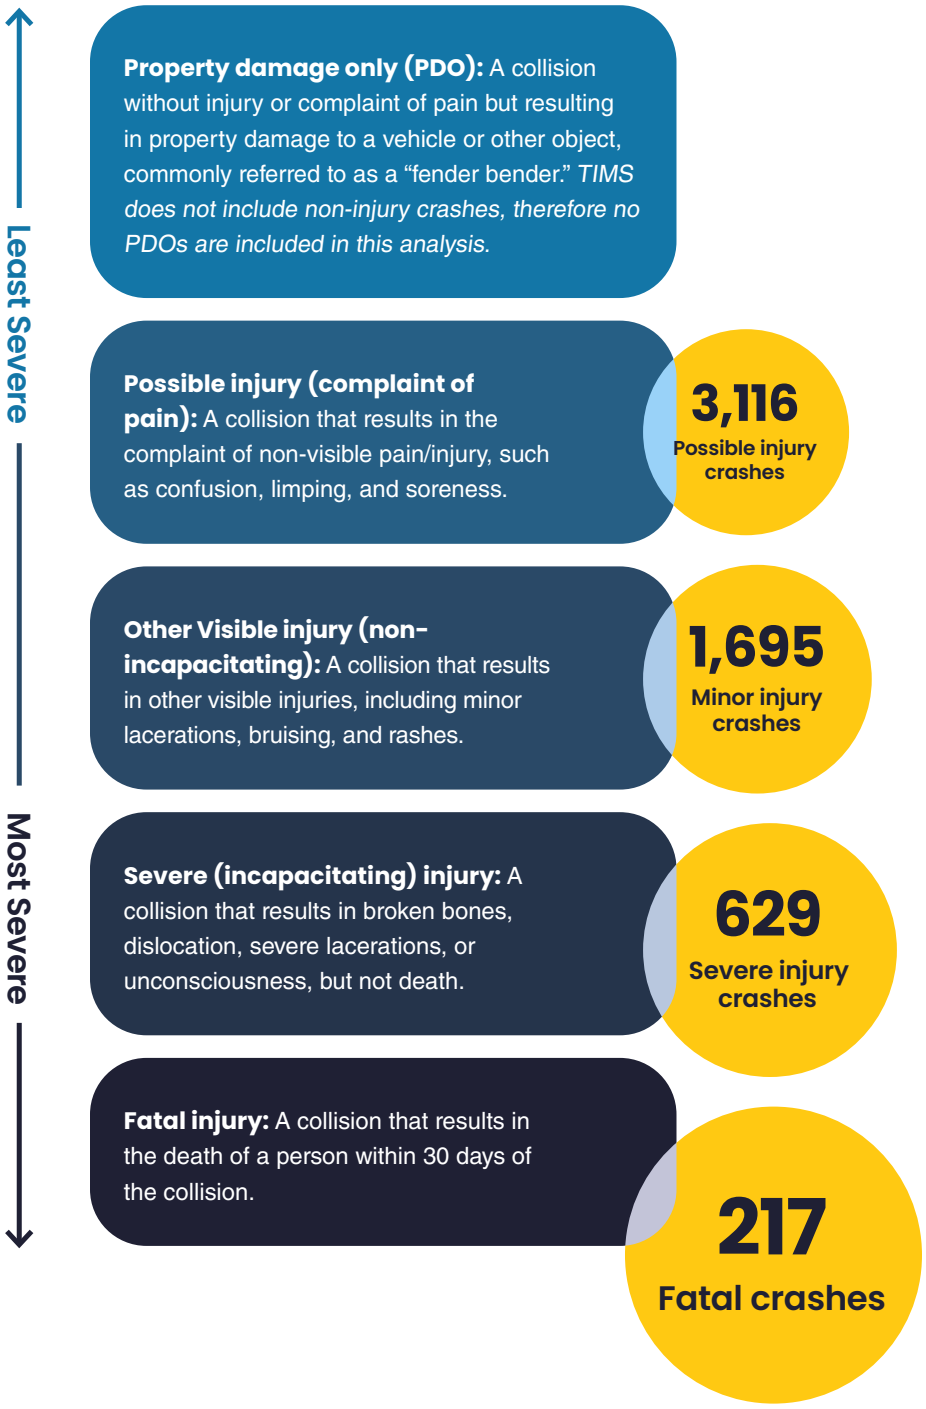

FIGURE 4 Fatal and Severe Crashes in Fresno, 2019–2023, Crossroads and TIMS data

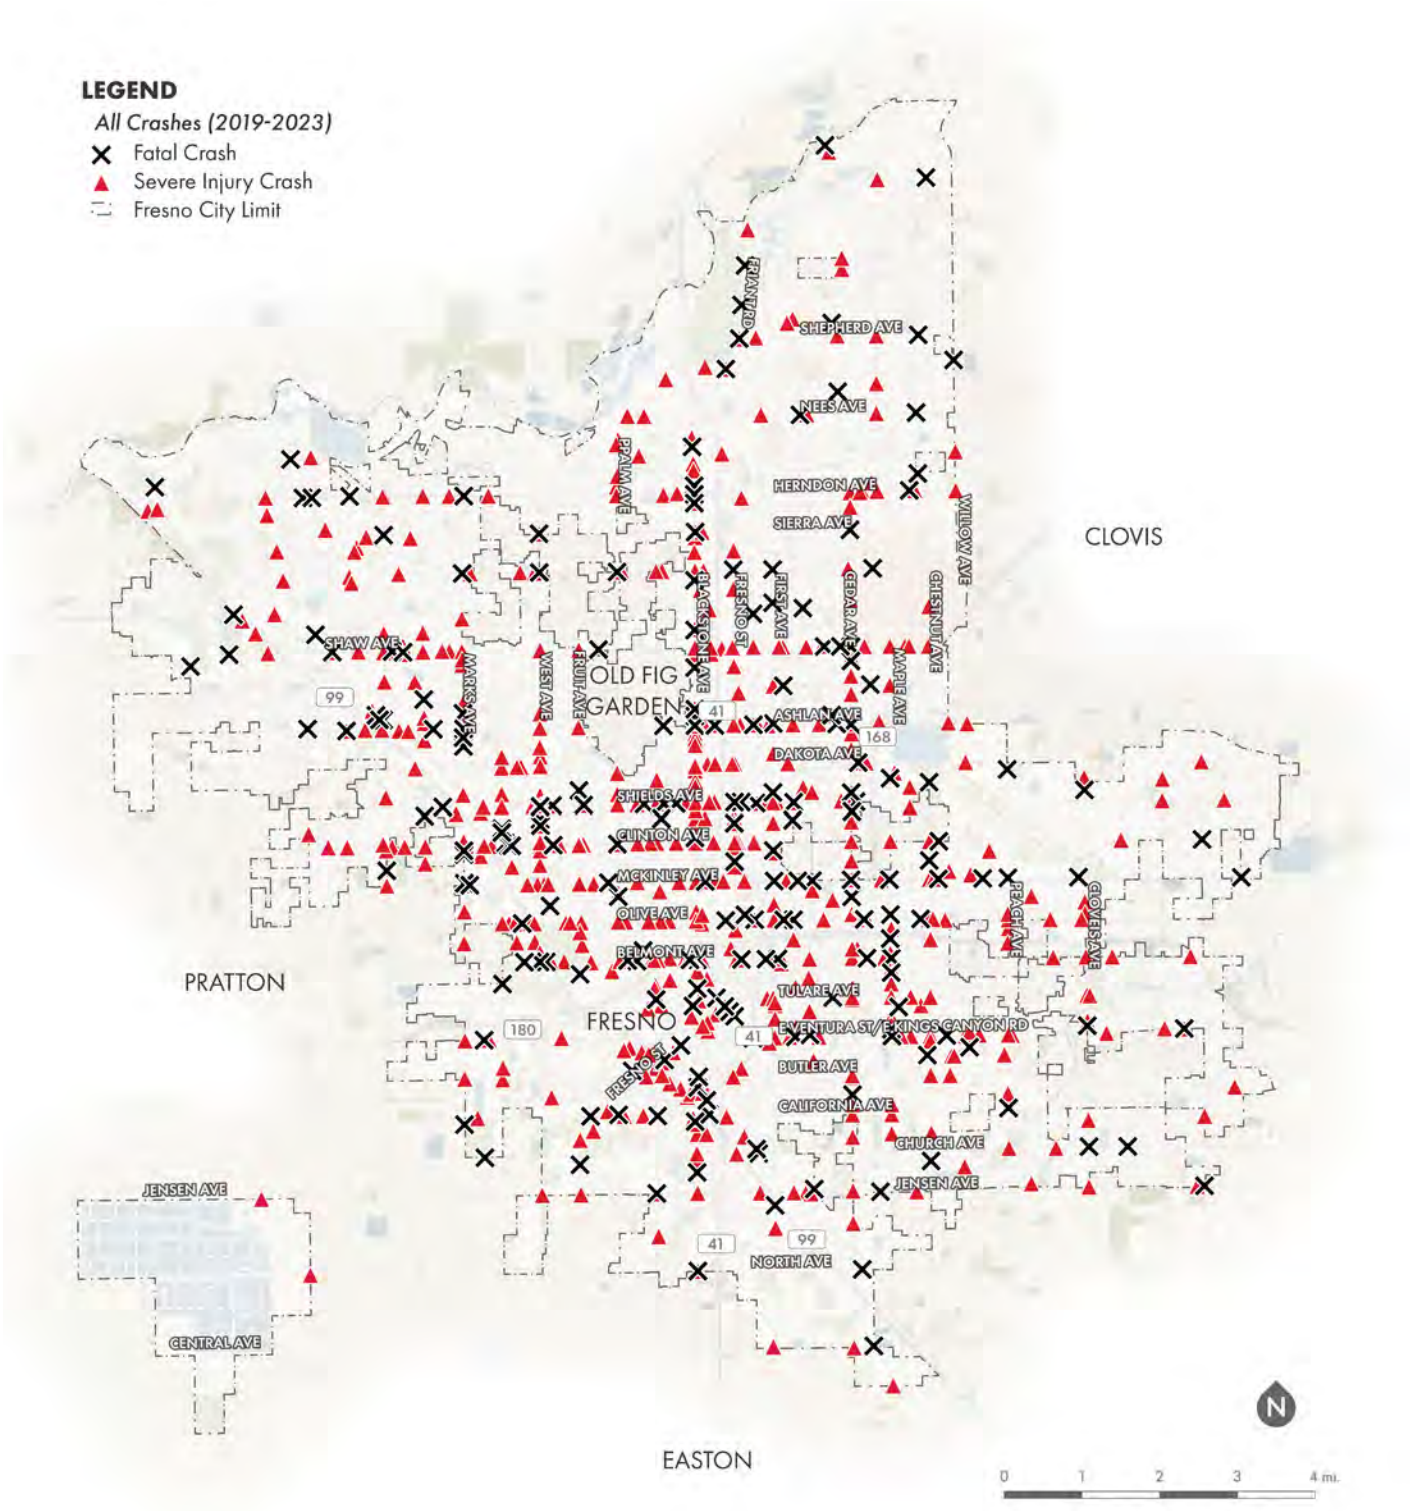


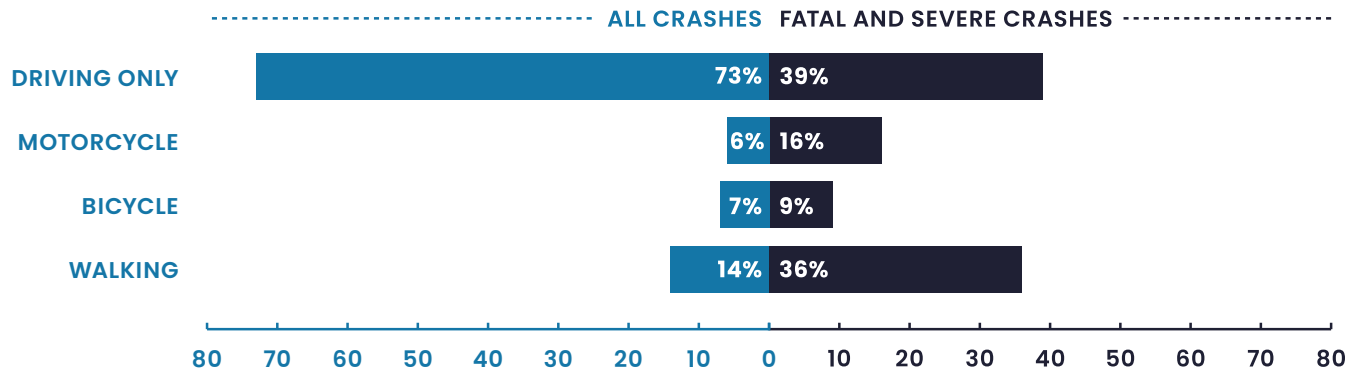
Top Crash Trends

Overall, the crash trends analysis reveals that fatal and severe injury crashes in Fresno are highly concentrated at intersections and are driven by a combination of pedestrian exposure, speed, and impaired driving. The volume, regularity, and consistent nature of Fresno's crashes across many locations point to systemic safety issues rather than isolated incidents. This also highlights clear opportunities for targeted interventions. The following key findings highlight the leading issues contributing to severe and fatal crashes on Fresno's roads.

People Walking, Biking, or Riding Motorcycles are Disproportionately Impacted

Vulnerable road users is a term used to describe road users who do not travel inside the protection of a vehicle and are therefore more vulnerable to death and injury when crashes occur. This includes people walking, and people riding bicycles or motorcycles. **In Fresno, crashes that involve vulnerable road users make up just 27% of all crashes, but 61% of fatal and severe injury crashes (Figure 5). This means that the people who are least protected during a crash are the most likely to die or be severely injured.** Of fatal and severe injury crashes involving vulnerable road users, 36% involved pedestrians, 16% involved motorcyclists, and 9% involved bicyclists. This further reinforces that **people walking are most at risk on Fresno's roads.**

FIGURE 5 All Crashes by Mode vs Fatal and Severe Crashes by Mode, 2019-2023

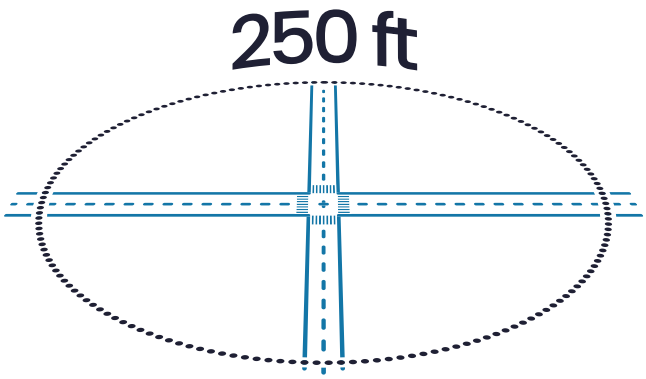


> **" I was using the crosswalk at Tulare & 6th, crossing safely with the "walk" sign lit for us to go. I was pushing my 1 year old in a stroller, and my 2.5 year old was riding a push bike next to me. He moved ahead of me out of reach, while I eyed a Nissan Pathfinder turning left that was supposed to yield to us. I started yelling and waving my arms to get his attention but he did not stop and hit my son on his bike. This led to creating the Tulare Street Project through community advocacy."**
>
> ***– Fresno VZAP Community Survey, April 2025***

Crashes by Location:

Most Fatal and Severe Crashes in Fresno Happen at Intersections

Over the 5-year period evaluated, 86% of all crashes occurred within 250 feet of an intersection. 82% of fatal and severe injury crashes occurred at intersections and 18% occurred at non-intersections. This same distribution applies to fatal and severe crashes involving people walking and riding bicycles.



Key Takeaway: Reducing Conflicts at Intersections is a Priority

The high proportion of crashes at intersections underscores the importance of intersection-focused safety interventions, including geometric redesign, signal timing, access management, and complementary enforcement and behavior-shaping strategies. There is also a need for safety strategies that include both design solutions and policies that prioritize reducing conflicts between roadway users.

"My husband has nearly been hit several times by people who don't look before turning at an intersection."

– Fresno VZAP Community Survey, April 2025

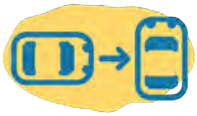
What are the different crash types?

From most common to least common in Fresno

The following categories are used by the Fresno Police Department to code crashes in an incident report.

36%

Pedestrian/Motor Vehicle: A crash in which a driver strikes a person traveling on foot, including people crossing the road, walking along the roadway, or in the shoulder or crosswalk.

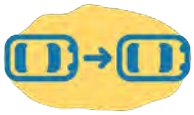


30%

Broadside: A crash in which a driver strikes another driver and the front of one vehicle strikes the side of the other vehicle. Typically occurring at intersections and commonly associated with drivers failing to yield, running red lights, or turning conflicts. (Also referred to as an angle crash.)

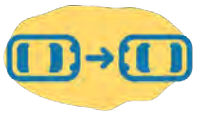
13%

Hit Object: A single-vehicle crash in which a driver strikes a fixed object, such as a tree, utility pole, sign, curb, barrier, or guardrail. These crashes are often associated with roadway departures and higher travel speeds.



8%

Rear End: A crash in which a driver strikes another driver traveling in the same direction, typically from behind. Often related to drivers following too closely, stopping suddenly, or congestion.



6%

Head-On: A crash in which a driver strikes another driver traveling in the opposite direction and the front ends of the two vehicles collide. Typically associated with people driving the wrong way, making unsafe passing maneuvers, or lane departure.

4%

Sideswipe: A crash in which the sides of two vehicles make contact while drivers are traveling in the same or opposite directions, often occurring when drivers change lanes or merge.

"I just got the green arrow to begin my left turn onto Herndon (I was first in line) with my precious grandchildren in the car, and in a blink, a car flew through the intersection on a red light ... a moment later and I would have been hit on the driver's side at a speed of probably 70mph."

– Fresno VZAP Community Survey, April 2025

Primary Collision Factors Explained

From most to least common in Fresno

The following categories are used by the Fresno Police Department in an incident report. Because police are typically not present when a crash occurs, they rely on eye-witness reports, video footage, and professional judgment to report each crash.

19%

Pedestrian Violation: A crash in which a pedestrian's action, such as crossing outside a crosswalk, against a signal, or unexpectedly entering the roadway, is identified as the primary contributing factor.

17%

DUI (Driving Under the Influence) Driving or Cycling: A crash in which alcohol and/or drug impairment of a driver is identified as the primary contributing factor, affecting judgment, reaction time, or vehicle control.

16%

Unsafe Speed: A crash in which a driver is traveling too fast for roadway, traffic, or environmental conditions, regardless of whether the posted speed limit is exceeded. This includes speeds that are unsafe due to weather, congestion, or roadway design.

13%

Traffic Signs and Signals: A crash resulting from a driver's failure to obey traffic control devices, such as running a red light, stop sign, or disregarding other regulatory signs or signals.

10%

Automobile Right of Way: A crash in which a driver fails to yield the right of way to another motor vehicle, commonly occurring at intersections, during merging, or when entering or crossing a roadway.

6%

Improper Turning: A crash caused by an unsafe or illegal turning movement, such as improper left or right turns, wide turns, turning from the wrong lane, or turning without adequate clearance.

4%

Pedestrian Right of Way: A crash in which a driver fails to yield to a pedestrian who has the legal right of way, such as a pedestrian in a marked or unmarked crosswalk or crossing with a walk signal.

15%

Other: Crashes attributed to less common or unspecified factors that do not fall into the primary categories above, including miscellaneous driver actions, environmental factors, or conditions not otherwise classified.

"I was waiting for the traffic signal at Audubon & Friant to change so I could cross the street. When the light changed, I stepped off the curb to cross when someone made a left turn from eastbound Audubon to northbound Friant. I had taken 2 steps into the street when I realized a car was turning on a red light. They were driving very fast, which is common in NE Fresno."

– Fresno VZAP Community Survey, April 2025

Crashes by Type:

Crashes in which a person walking is struck by a driver are the most common crash type in Fresno

Among fatal and severe injury crashes, Pedestrian/Motor Vehicle crashes accounted for the largest share (36%), followed by broadside crashes (30%) and Hit Object crashes (13%). These types of crashes indicate opportunities for systemic roadway treatments that address conflict areas between users, turning movements, and high-speed environments.

Key Takeaway: There is a mismatch between **pedestrian travel patterns and crossing opportunities.**

Pedestrians crossing outside marked or protected crossings or against signals account for the largest share of severe outcomes. This pattern indicates a mismatch between pedestrian travel patterns and available crossing infrastructure. The severity of these crashes also reflects limited redundancy in the system—when a person walking is struck by a driver, higher vehicle speeds greatly increase the likelihood of serious injury or death. These findings highlight the need for engineering solutions that provide safer, more frequent, and more intuitive crossings at locations of high pedestrian demand, paired with education and outreach that reinforce safe crossing behaviors.

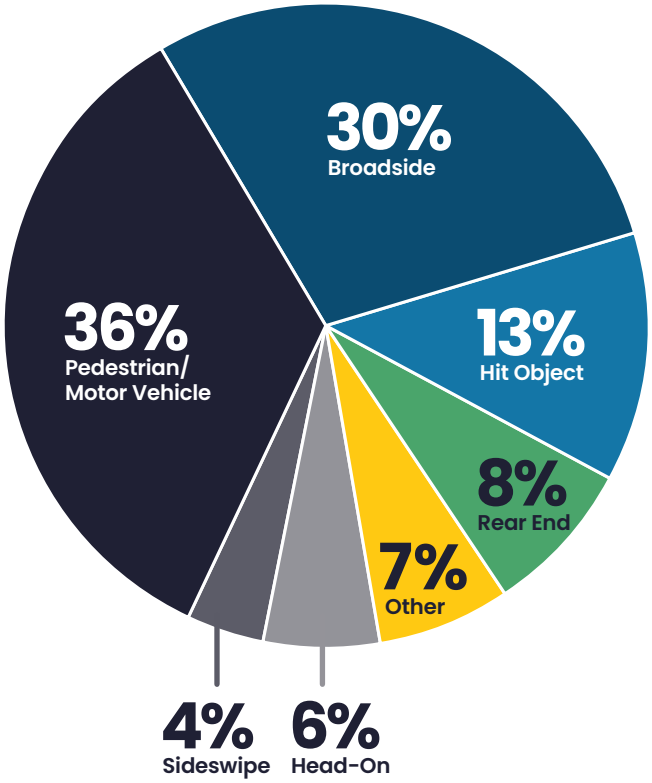


FIGURE 6 Fatal and Severe Injury Crashes by Type, 2019-2023 (Crossroads data)

Why "Pedestrian Violations" Often Reflect System Design, Not Individual Choice

Pedestrian "violations" often occur in locations where the built environment does not provide safe, convenient, or intuitive crossing opportunities. When marked crossings are spaced far apart, people may choose to cross mid-block—often near destinations such as schools, transit stops, parks, and neighborhood services.

For children, older adults, and people with mobility limitations, these conditions are especially challenging. In many cases, crossing outside of a marked crosswalk is a predictable response to roadway design that prioritizes vehicle movement over safe pedestrian access. Addressing these crashes may include changes to street design, crossing frequency, signal timing, speed management, education, and enforcement.

Crashes by Primary Collision Factors:

Fatal and severe crashes are driven by predictable, system-level design and operational failures - not isolated individual behavior - and therefore require systemic interventions

Figure 7 illustrates that fatal and severe injury crashes are most frequently associated with pedestrian violations (19%), DUI-related behavior (17%), and unsafe speed (16%). Together, these factors point to a combination of high-risk behaviors and roadway environments that fail to safely manage speed and protect vulnerable road users. While the shares are lower, it is still notable that traffic control compliance and right-of-way violations further highlight how intersection design and driver behavior contribute to severe crashes.

Key Takeaway: Crashes involving **pedestrians and impaired driving** are far more likely to result in severe injury or death.

These crash types represent a relatively small share of total crashes, but they produce disproportionately high severity outcomes, reflecting the vulnerability of people walking and the extreme risk posed by impairment. This reinforces the Safe System Approach that recommends managing crash forces through design while also prioritizing interventions that prevent the most dangerous behaviors from occurring in the first place.

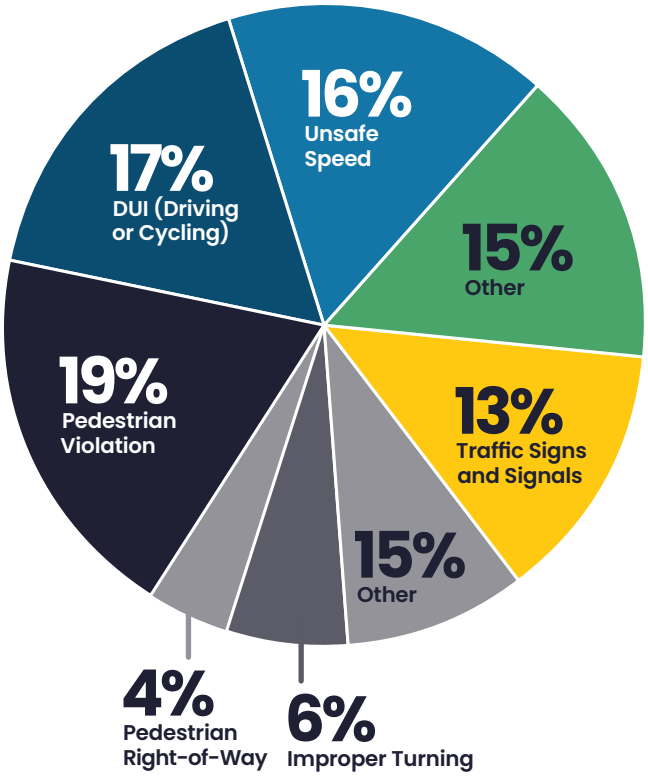

FIGURE 7 Fatal and Severe Injury Crashes by Primary Collision Factor, 2019-2023, (Crossroads data)

Key Takeaway: High-severity crashes are disproportionately associated with **risky driving behaviors.**

Driving under the influence (DUI) is the second most common contributor to high-severity crashes, followed by unsafe speeds, showing that the most severe outcomes are concentrated among a smaller set of high-risk behaviors. This indicates a need for roadway designs that reduce opportunities for speeding and severe errors, alongside targeted enforcement, policy, and public health strategies to address impaired and reckless driving. The Safe Systems approach recognizes that even with design and behavior improvements, humans will make mistakes. Systemwide strategies that reduce the severity of collision when they happen--such as lowering vehicle speeds and ensuring rapid emergency response and effective post-crash care—are essential for reducing fatal and severe collisions.

Crashes by Time of Day:

Lighting conditions alone are not a primary cause of fatal and severe injury crashes, but do contribute to crash severity.

Most fatal and severe crashes occur during daylight or at night in areas with street lighting, suggesting that lighting conditions alone are not a primary cause of crashes. However, a higher proportion of FSI crashes occur at night (48%) compared to all injury crashes (30%), indicating that reduced visibility may contribute to more severe outcomes, particularly when combined with factors such as unsafe speeds and driving under the influence.

Key Takeaway: Most fatal and serious injury crashes occur in **daylight or lit conditions.**

The concentration of severe crashes outside of dark or unlit environments suggests that limited visibility alone does not explain crash severity. This finding points toward systemic safety issues, such as speed, conflict complexity, and user behavior, that must be addressed through holistic design and operational strategies rather than lighting improvements alone.

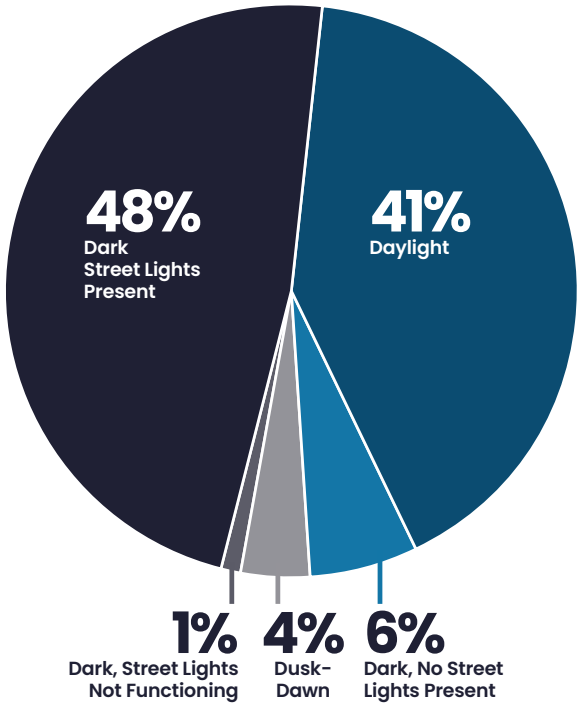

FIGURE 8 Fatal and Severe Injury Crashes by Lighting Conditions, 2019-2023, (Crossroads data)

Behavioral factors play a major role in severe crashes but are shaped by the roadway environment. Many high-severity crashes are associated with behavioral violations; however, these behaviors often occur in environments that encourage or fail to safely accommodate them. This reinforces that neither roadway design nor behavior change interventions are enough in isolation. Effective safety strategies must combine engineering, policy, enforcement, education, and community engagement to prevent severe outcomes.

At least once a week the street light turns green and then someone comes flying through the red light. I wait ten seconds before going into the intersection now after too many close calls. I also like to walk my daughter to school but because we have to cross a main street (Fruit Street) without a stop sign we have to walk down to the intersection and it adds too much time to our walk commute. If we had more stop signs and crosswalks we would move through the city differently.

High Injury Network

A High Injury Network (HIN) uses crash data to identify street segments where severe and fatal crashes are most concentrated. Crash concentrations are normalized by segment length to allow fair comparisons across corridors. Rather than focusing on exposure-based crash rates, the HIN prioritizes locations where the greatest number of serious injuries and fatalities occur, helping target improvements where they can have the greatest safety impact.

Key Elements of High Injury Networks[3] include the following:

- A network of corridor segments where the highest concentrations of collisions occur
- In California, the High Injury Network must consist of a subset no greater than 20% of the local jurisdiction's roadways
- Typically based on three to five years of crash data
- Typically focused on fatal and severe injury crashes

Fresno's High Injury Network

Fresno's HIN represents about 14% of the City's roadway miles, but accounts for 81% of all crashes and 89% of FSI crashes. This data suggests that targeting 14% of the City's roadways with systemic safety treatments has the potential to address the vast majority of severe crashes.

Figure 9 illustrates the City of Fresno's HIN. The HIN is not confined to neighborhoods or districts within Fresno but is distributed citywide. This widespread pattern reveals that serious crashes are associated with major corridors, as opposed to isolated parts of the City, and impact a broad range of community members.

> **"I walk early in the morning every day and the near misses I have experienced as a pedestrian are (with) drivers who are making right turns, not yielding the right of way when I'm crossing, drivers who stop at traffic lights in the crosswalk instead of behind the white line, and drivers exiting parking lots who drive onto the sidewalk instead of stopping behind it. I have seen law enforcement officers, City bus drivers and delivery trucks do this in addition to average drivers. I have also seen many red light runners since I walk along Shaw Avenue."**
>
> ***– Fresno VZAP Community Survey, April 2025***

3 High Injury Network | SoCal Transportation Safety Resource Hub

The roadway segments identified on the HIN are dominated by arterial and collector roadways. These roadways typically feature wider cross-sections, higher vehicle speeds, and more complex traffic movements. Nearly half of the HIN consists of arterial streets, while local roads make up less than 5%. Arterials typically carry higher traffic volumes and serve more travel activity than local streets. As a result, they experience more potential conflict points and interactions between roadway users, which contribute to a greater number of severe and fatal crashes occurring on these corridors.

- **Arterial roads:** major, high-capacity routes for long-distance traffic flow (e.g., Shaw Avenue, Blackstone Avenue, Veterans Boulevard (Super-Arterial)
- **Collector roads:** medium-sized streets that connect traffic between arterial and local roads (e.g., Fresno Street, Clinton Avenue, Barstow Avenue)

The High Injury Network provides a clear framework for understanding the systemic nature of fatal and severe crashes in Fresno. By understanding the nature of these corridors (including land use patterns, collision history, blocks, number of lanes, etc.), the City can more effectively invest in systemic treatments to reduce serious crashes in these locations.

91% of crashes on the HIN took place on arterials or collectors.

What are arterials and collectors?

Multilane, high-volume and high-speed streets.

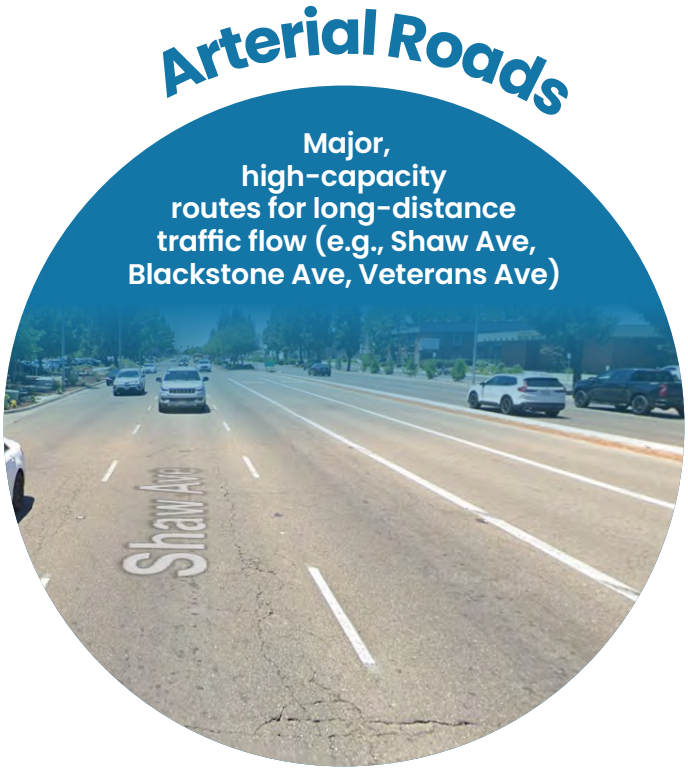

FIGURE 9 City of Fresno High Injury Network, 2025, (Crossroads and TIMS data)

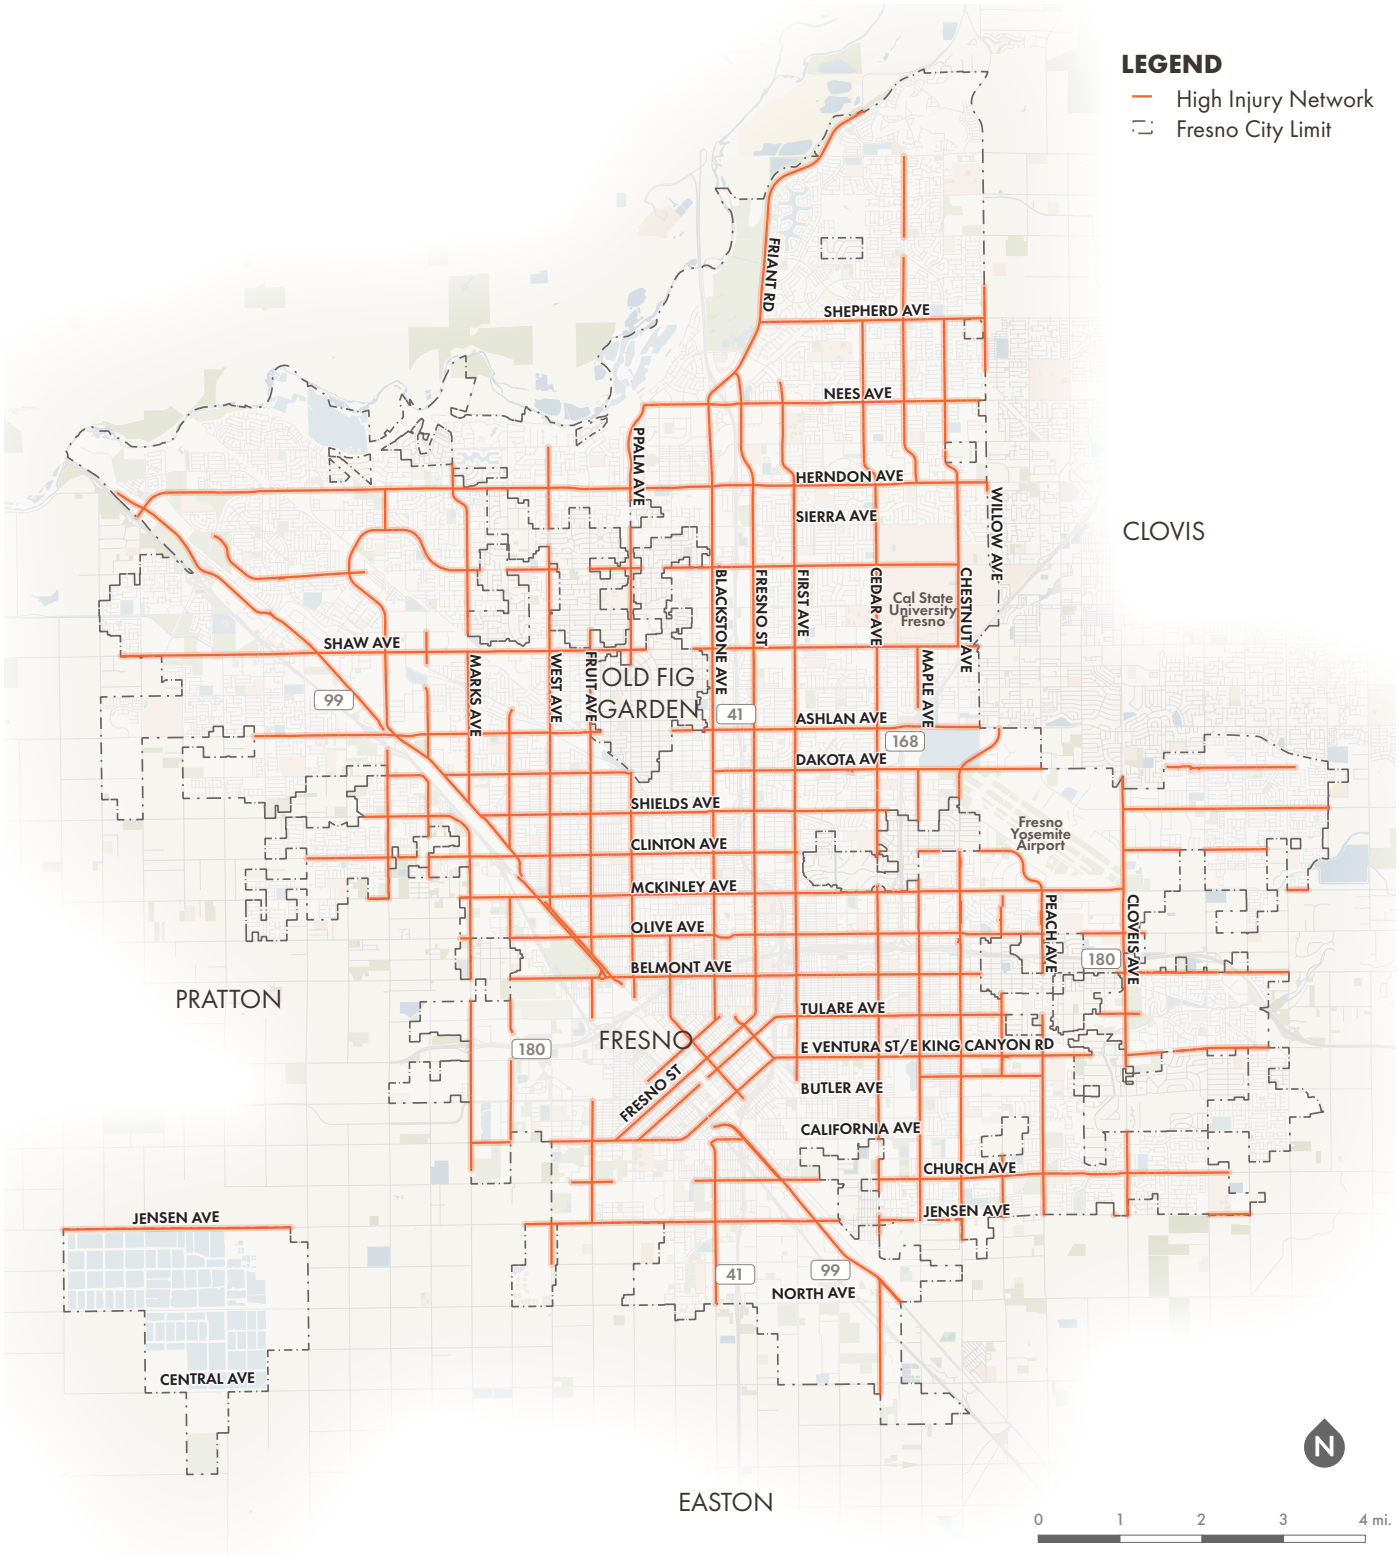
81% of all injury crashes and **89% of fatal and severe injury crashes** occur on the HIN.



Reducing Speeds on the High Injury Network

The High Injury Network also provides a strong foundation for implementing speed limit reductions under California's AB 43. By formally designating the HIN as safety-priority corridors, the City can use documented crash history and roadway context to support speed limit reductions on the corridors where severe crashes are most concentrated. Because the HIN covers a relatively small share of the overall street network - well within the statute's allowance of up to 20 percent of a jurisdiction's streets - the City also retains flexibility to accommodate evolving crash trends without requiring frequent changes to posted speed limits. Leveraging the HIN in this way supports a proactive, data-driven approach to speed management that advances citywide safety goals while focusing implementation where it will have the greatest impact.

City of Fresno Adopts 20 MPH School Zone Speed Limits

On February 26, 2026, the Fresno City Council adopted a resolution establishing a 20 MPH speed limit in school zones to improve safety for students and families traveling to and from school. The resolution builds on California Assembly Bill 382 (AB 382), which authorizes cities to reduce speed limits from 25 MPH to 20 MPH on streets within school zones.

This state legislation was enacted to help communities create safer conditions for children walking and biking to school by allowing lower speeds in areas with high concentrations of young pedestrians. By adopting the 20 MPH school zone speed limit, Fresno is implementing this authority to improve safety around schools and better protect students and families traveling through these areas.

Lower vehicle speeds significantly reduce both the likelihood and severity of crashes involving pedestrians. Slower speeds give drivers more time to react to unexpected movements by children and other pedestrians, and crashes that do occur are far less likely to result in serious injury or death. The new 20 MPH school zone speed limit supports Fresno's broader efforts to improve traffic safety and create safer streets for students and families.

5.

Ready to Act: Vision Zero Recommendations

Eliminating traffic deaths requires more than isolated projects. It demands coordinated policies, programs, and design changes that reshape how safety is prioritized citywide. This chapter outlines clear, implementable actions across Safe Road Users, Safe Speeds, Safe Roads, Safe Vehicles, Post-Crash Care, and Safety Data, with a focus on high-risk corridors and priority populations. Together, these strategies embed the Safe System Approach into everyday decision-making and move Fresno from commitment to action.

Balancing Proactive Systemic Change and Targeted Safety Action

Vision Zero is grounded in a proactive, systemic approach that seeks to prevent fatal and severe injury crashes before they occur by transforming policies, standards, and everyday practices. While the HIN provides a broad framework for where systemic safety interventions should be applied over time, it is neither feasible nor effective to implement all improvements simultaneously. Targeting a smaller set of priority corridors and intersections within the HIN allows the City to address the most urgent safety risks, align projects with existing implementation pipelines - such as roadway resurfacing, capital programs, grants, and local funding measures - and deliver near-term safety benefits. These focused investments complement ongoing efforts to plan and institutionalize systemic safety treatments across the entire HIN, ensuring that short-term actions reinforce long-term transformation.

How Proactive and Targeted Safety Interventions Work Together

TABLE 3 Proactive and Targeted Safety Interventions

Approach	Description	Examples	Benefits	Limitations
Proactive (Systemic) Safety Interventions	Citywide or network-based strategies designed to reduce risk before crashes occur by changing policies, standards, and default practices.	• Updating street design standards • Citywide speed limit policy changes • Systemic speed management on arterials • Signal timing policies that prioritize pedestrian crossing time • Safe System–aligned capital planning	• Reduces risk across the entire network • Prevents crashes before they happen • More equitable and consistent outcomes • Aligns with Safe System and Vision Zero principles	• Often slower to implement • May require policy changes and institutional shifts • Benefits may be less visible in the short term
Targeted (Location-Specific) Safety Interventions	Location-specific projects focused on corridors and intersections with a documented history of fatal and severe injury crashes.	• High Injury Network corridor projects • Intersection redesigns at high-crash locations • Quick-build safety improvements • Grant-funded capital projects	• Delivers near-term safety benefits • Aligns well with existing funding and delivery pipelines • Helps demonstrate progress and build momentum • Addresses urgent safety needs	• Reactive by nature • Limited to locations with historical crash data • Cannot, on their own, eliminate systemwide risk

On December 7, 2024, community members joined a bilingual Walk and Talk led by Every Neighborhood Partnership, walking along Blackstone Avenue and discussing safety challenges along the corridor.

Programs and Policies

How Programs and Policies can Make a Difference

The crash trends identified earlier in this plan show that the fatal and severe injury crashes in Fresno follow clear and predictable patterns. These crashes are specific to street types and in intersections where higher speeds, impaired driving, and exposure of people walking and biking combine to create unsafe conditions. Addressing these patterns requires more than isolated street design projects; it calls for coordinated programs and policies that shape how safety is prioritized and implemented across the City.

Programs and policies help ensure that safety is built into everyday transportation decisions, from street design and operations to enforcement, maintenance, and the behaviors and decisions of people using the transportation system. They allow the City to act proactively, focusing on known high-exposure locations before severe crashes occur. Policies also help align City departments around shared safety goals and provide a consistent framework for prioritizing investments, especially on the High Injury Network and in communities most impacted by traffic violence. When the City acts proactively and invests in safety, it sends a message to other local agencies, organizations, and community members that the City prioritizes a culture of safety.

By establishing clear expectations and priorities, programs and policies make safety improvements more consistent, equitable, and lasting, supporting Fresno's progress toward the goal of eliminating traffic deaths and serious injuries.

Applying the Safe System Approach to Programs and Policies

The Safe System Approach recognizes that people make mistakes and that streets should be designed so those mistakes do not result in severe injury or death. Applying this approach to the programs and policies that the City and other agencies and organizations commit to shifts the focus from blaming individual behavior and inevitability to improving the conditions that shape how people travel.

In practice, this means prioritizing lower speeds, safer intersections, and better protection for people walking, biking, rolling, and using transit—especially on the streets and corridors identified in earlier sections of this plan. It also means pairing proactive street design changes with programs that address risky behaviors of all roadway users, such as unsafe operation and impairment.

By embedding Safe System principles into City policies and programs, Fresno can take a consistent, citywide approach to safety, one that reduces the risk of severe crashes, limits their impact when they occur, and supports a culture of safety for everyone.

Priority Policies, Programs, and Populations

The priority policies and programs summarized on the following pages reflect a coordinated, citywide strategy to improve traffic safety in Fresno. Developed through collaboration with City departments, the Vision Zero Taskforce, and community stakeholders, these priorities are informed by crash trends, the High Injury Network, and community input. Together, they complement infrastructure investments by addressing the underlying conditions that contribute to fatal and severe injury crashes. Many of these actions expand or formalize work the City and its partners are already doing.

Organized to align with established safety objectives, the policies and programs span a range of strategies, with many focused on improving safety for people walking, biking, and using transit—particularly populations that experience disproportionate traffic-related harm. The table identifies lead and supporting partners and intended priority populations, providing a clear framework for embedding safety into everyday decision-making and supporting a coordinated, systemic approach to reducing fatal and severe injury crashes citywide.

The following pages also document priority actions for each aspect of the safe system approach. Priority actions are those that the City of Fresno and its partners will focus on implementing in the next 5 years.

Safe System Approach Objective

Safe Road Users

› PRIORITY ACTION

1. Applied and Experiential Education for all road users

including drivers, people walking, bicycling, and using micromobility devices such as e-scooters and e-bikes:

Education programs are integral to create a culture of shared responsibility for traffic safety.

The City is committed to working with partners to update and expand transportation safety education programs using the Safe System approach. This requires collaboration with institutions currently leading transportation education programs, including Fresno COG, Fresno County, Fresno Unified School District, the Fresno Police Department, and community organizations like the Fresno Bicycle Coalition.

Enhanced educational programs will center hands-on, experiential, and behavior-focused strategies that allow participants to practice safe behaviors and understand risk in real-world contexts. They may include interactive demonstrations, temporary street safety events, youth bicycle and pedestrian safety trainings, Train-the-Trainer opportunities for educators and community partners, proactive engagement with parents and caregivers, or other strategies to meet the needs of diverse road users.

To enhance the efficacy of these programs, they can be supplemented by resources that support safer driving habits, including information on tools such as Intelligent Speed Assist (ISA) and other in-vehicle technologies designed to reduce speeding and support safer teen driving.

- **Lead Agency:** School Districts; Youth Educational Partners; Fresno Police Department; PARCs
- **Supporting Partners:** Fresno Police Department; PARCS; Fresno County Department of Public Health; Valley Children's Healthcare; Fresno Fire Department; community-based safety organizations
- **Key Outcomes:** Increased awareness and adoption of safe behaviors among drivers (especially teens), pedestrians, bicyclists, and e-scooter/e-bike users, supporting safer shared roadway use and reduced injuries.
- **Priority Populations Identified:** Pedestrians, youth, seniors

"Education. Educate drivers, educate cyclists, educate pedestrians, educate everyone!"

"Create avenues to educate people on traffic safety - especially those tailored to communities who aren't able to access such information through general channels of info."

"Re-educate the public of the dangers of distracted driving. Also teaching young drivers the importance of all the rules of the road, not just the ones they studied to get their license."

– Fresno VZAP Community Survey, April 2025

› **PRIORITY ACTION**

2. High-Risk Behavior Driving Enforcement and Training:

Strengthen enforcement of the most dangerous driving behaviors, including speeding, reckless driving, and impaired driving, through targeted enforcement strategies and enhanced officer training. Expand training opportunities such as ARIDE (Advanced Roadside Impaired Driving Enforcement) and DRE (Drug Recognition Expert), and other professional training programs to support effective and safety-focused traffic enforcement. Align enforcement priorities with Safe System principles by focusing resources on behaviors and locations associated with the highest concentrations of severe crashes.

- **Lead Agency:** Fresno Police Department
- **Supporting Partners:** Department of Public Works; Fresno Fire Department; California Highway Patrol
- **Key Outcomes:** Reduced high-risk driving behaviors and improved capacity for effective, safety-focused traffic enforcement
- **Priority Populations Identified:** Pedestrians, youth, seniors

3. Bus Driver Training Program Expansion:

Expand on Bus Driver Training programs to include:

- Proactive retraining for drivers involved in preventable accidents, with emphasis on root cause analysis and corrective actions.
- Dedicated or protected bus lanes, potentially shared with bicycles, to minimize traffic interactions and improve safety.
- Enhanced equipment such as mirror monitors (already in use), audible alerts for pedestrians during bus turns, and exploration of additional technologies to reduce collisions

- **Lead Agency:** FAX
- **Supporting Partners:** Fresno County Rural Transit Agency
- **Key Outcomes:** Reduced frequency and severity of preventable FAX-involved crashes
- **Priority Populations Identified:** Pedestrians, youth, seniors

4. Build Community Capacity:

Build long-term community capacity for traffic safety by empowering trusted local leaders and residents with the tools, knowledge, and resources to advocate for safer streets. Use hands-on engagement strategies, such as pop-up demonstrations, temporary installations, and interactive events, to help community members experience proposed changes, provide feedback, and co-create solutions grounded in lived experience.

- **Lead Agency:** Department of Public Works
- **Supporting Partners:** Community-based organizations; neighborhood associations; faith-based organizations; schools; public health partners; youth and senior-serving organizations
- **Key Outcomes:** Increased community capacity to meaningfully engage in and advocate for traffic safety improvements
- **Priority Populations Identified:** Pedestrians, youth, seniors

Safe Road Users

5. Internal Capacity Building / City Staff Training:

Provide required Safe System Approach training for City staff and partner agencies, supported by agency-specific guidance, experiential learning, and technical resources that translate Safe System principles into day-to-day decision-making and implementation. Include training on the use, limitations, and differences among local, state, and federal crash data sources to improve interpretation, coordination, and application of safety data.

- **Lead Agency:** Department of Public Works
- **Supporting Partners:** City departments including: Planning & Development Department; Fresno Police Department; Fresno Fire Department; Fresno Area Express (FAX); PARCS; Public Utilities
- **Key Outcomes:** Increased staff understanding and consistent application of the Safe System Approach across City departments and partner agencies, improved coordination across departments when planning, designing, and implementing transportation projects, earlier identification of safety impacts in routine City decisions and projects
- **Priority Populations Identified:** Pedestrians, youth, seniors

6. Safe Routes to Transit:

Partner with Fresno Area Express and Department of Public Works to establish performance targets and implement improvements that enhance safety and accessibility for people walking, biking, and waiting at transit stops.

- **Lead Agency:** Department of Public Works
- **Key Outcomes:** Improved safety and accessibility for people walking, biking, and waiting at transit stops
- **Priority Populations Identified:** Pedestrians, youth, seniors

Safe System Approach Objective

Safe Vehicles

› PRIORITY ACTION

1. Municipal Fleet Safety:

Improve safety across municipal fleets through updated purchasing and management policies and the use of telematics and other technologies to monitor, support, and reinforce safe driving practices.

- **Lead Agency:** General Services Department
- **Supporting Partners:** City departments including: Department of Public Works; PARCS; Fresno Fire Department; Department of Public Utilities – Solid Waste Division; Fresno Police Department
- **Key Outcomes:** Reduced frequency and severity of preventable crashes involving municipal fleet vehicles

2. Contractor Fleet Safety Requirements:

Require contractors working on City-funded projects to meet basic fleet safety standards, including driver training, vehicle safety equipment, and safe operating practices, consistent with Vision Zero goals.

- **Lead Agency:** General Services Department
- **Supporting Partners:** Department of Public Works; Fresno Fire Department; Fresno Police Department; Fresno Area Express (FAX); Public Utilities; City Attorney's Office
- **Key Outcomes:** Reduced frequency and severity of preventable crashes involving contractor-operated vehicles on City-funded projects

The project team conducted a vehicle size and front blind spot demonstration using a large truck and cardboard cutout showing the size of the average kindergartner child

The Impact of Vehicle Size

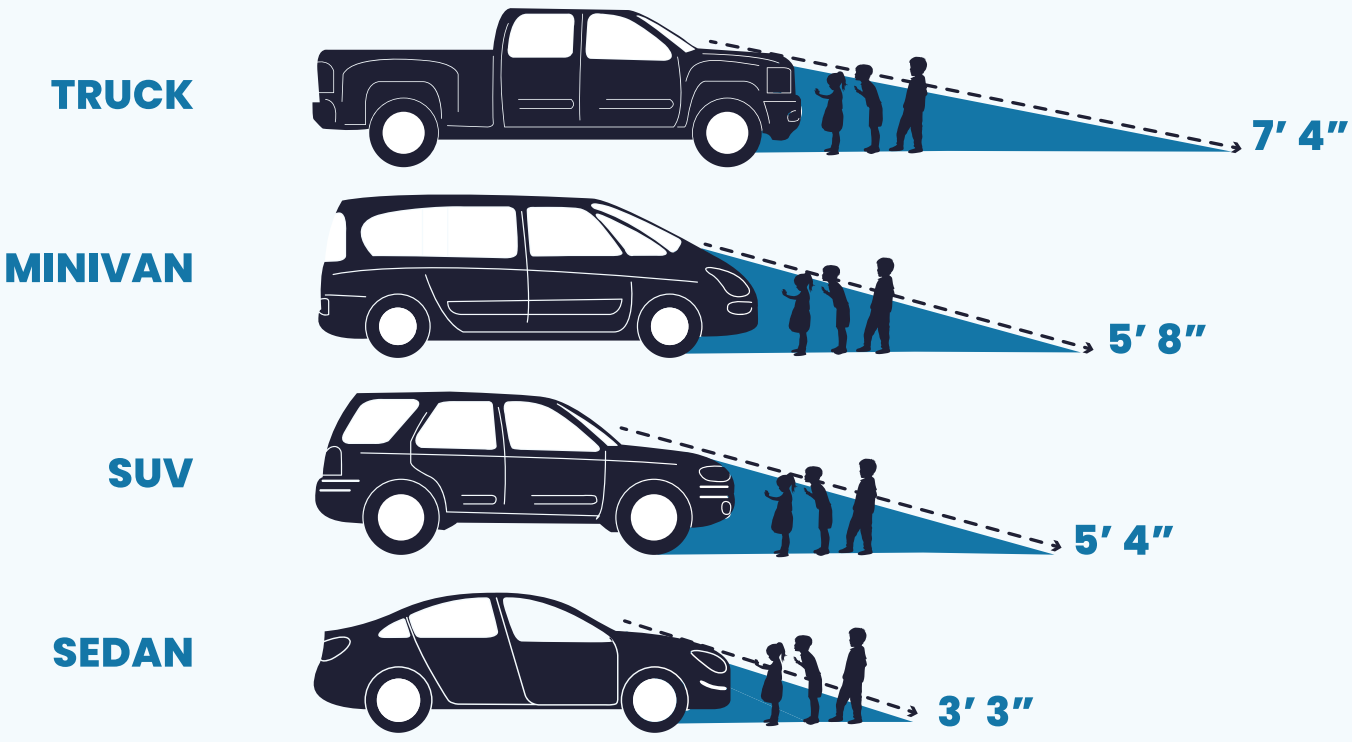
Across the nation, vehicle size has grown over the last two decades. The prevalence of large trucks and SUVs in Fresno exacerbates the risk associated with high vehicle speeds and reckless driver behavior. Research shows that larger vehicles are more dangerous for people walking and bicycling than standard-size sedans.

Larger trucks and SUVs have substantial front blind spots that make it harder to see children crossing in front. During a crash, tall SUV or truck bumpers strike pedestrians higher, in the torso or head, resulting in more severe injuries. Tyndall (2024) found that just a 4-inch increase in the front-end height of a vehicle increases the pedestrian fatality risk by 22%.[1]

Due to the popularity of large vehicles in Fresno, it is important that community members receive education about the risks, and how to adjust their behavior to protect students walking near vehicles.

The relationship between vehicle size, speeding, and crash severity also underscores the urgency of infrastructure treatments that slow driver speeds.

Front Blindspot



1 Tyndall, J. The effect of front end vehicle height on pedestrian death risk. *Economics of Transportation*, 2024.

Safe System Approach Objective

Safe Speeds

› PRIORITY ACTION

1. Safe Speed Limits:

Establish speed limits that reflect the surrounding street context, such as land use, street design, and the presence of people walking, biking, and accessing transit. Support reduced speed limits through enhanced speed limit signs, travel lane narrowing, public education campaigns, and targeted speed enforcement. To increase efficiency and avoid duplication, public education and messaging efforts should be coordinated with the California Office of Traffic Safety (OTS) and NHTSA Communications Calendar to complement existing high-visibility enforcement campaigns.

- **Lead Agency:** Department of Public Works
- **Supporting Partners:** Fresno Police Department; Fresno Area Express (FAX); Fresno Fire Department; CA Office of Traffic Safety; NHTSA
- **Key Outcomes:** Lower vehicle speeds on streets with high pedestrian and bicycle activity
- **Priority Populations Identified:** Pedestrians, youth

2. Play streets:

Temporarily or permanently limit through traffic on neighborhood streets to create low-speed, people-focused spaces for play, walking, biking, and community activities.

- **Lead Agency:** Department of Public Works
- **Supporting Partners:** Community-based organizations; PARCS; neighborhood associations; Fresno Police Department; Fresno Fire Department
- **Key Outcomes:** Reduced vehicle speeds and cut-through traffic on residential streets; increased safe outdoor activity and community use of neighborhood streets; improved perceptions of safety among residents, particularly children and seniors
- **Priority Populations Identified:** Pedestrians, youth, seniors

3. School Zones:

Improve safety in school zones by evaluating and applying context-appropriate speed limits and implementing a combination of engineering, education, and enforcement strategies to support safe speeds during school travel times. This recommendation is aligned with the City Council's February 26, 2026 resolution establishing a 20 mph speed limit in school zones, consistent with California Assembly Bill 382 (AB 382), which authorizes cities to reduce speeds on streets near schools during school hours.

- **Lead Agency:** Department of Public Works
- **Supporting Partners:** Police Department; school districts; PARCS; Fresno Fire Department
- **Key Outcomes:** Reduced vehicle speeds and improved driver compliance in school zones
- **Priority Populations Identified:** Pedestrians, youth

Safe Speeds

4. City of Fresno Traffic Calming Program:

Expand and clarify the City's Residential Speed Hump Policy to include other traffic calming treatments, using the Vision Zero Major Streets Traffic Calming Toolkit and Mobility Design Guidelines to guide design, implementation, and maintenance.

- **Lead Agency:** Department of Public Works
- **Supporting Partners:** Fresno Fire Department; Fresno Police Department
- **Key Outcomes:** Increased use of a broader range of traffic calming strategies tailored to street context; reduced vehicle speeds and cut-through traffic on neighborhood and major streets; improved safety and comfort for people walking, biking, and rolling; greater community understanding of available traffic calming options
- **Priority Populations Identified:** Pedestrians, youth, seniors

Assembly Bill 413 (AB 413): California's Daylighting Law

California's 2024 daylighting law (AB 413) allows cities to prohibit parking within 20 feet of an intersection. This law brings California in line with more than 40 other states that already restrict vehicle parking near intersections for visibility.

While this was a state law that significantly changed the legality of parking across California, individual cities are responsible for explaining the change and determining whether or how to implement these parking restrictions. Most cities have relied on enforcement (issuing parking citations to cars parked in the 20-foot zone near intersections) and/or engineering (marking curbs red in these 20-foot zones) to implement AB 413.

Key Considerations:

Enforcement: An enforcement-focused approach relies on broad public messaging about daylighting in general, along with specifics on the change to California Vehicle Code. While any city can now issue parking citations to vehicles parked in the daylighting zone, most cities have issued no-fee warning citations or educational materials to parked vehicles prior to true enforcement.

Marking: Painting curbs red, or marking parking restrictions with No Parking signs, at intersections is among the most effective ways to implement AB 413, though the logistics of undertaking such a citywide effort are daunting. The City could proactively paint curbs red or install signs at a subset of intersections where visibility may be a contributing factor to collisions to have the greatest safety impact. By focusing this effort on intersections on the HIN or near schools (in which the benefit of improved visibility is greater for those who cannot see over or see through a vehicle), the City could use limited resources to better improve safety citywide.

"Hardened Daylighting": Research from the New York City DOT in 2025 has found that hardened daylighting, or daylighting that includes a physical barrier like posts or wheel stops, had a greater safety benefit than daylighting with signs alone. Hardened daylighting also allows roadway space to be reallocated to different uses that do not impede visibility: bike or scooter parking, neighborhood parklets with planters, community art, or expansions of sidewalk space.

Safe System Approach Objective

Safe Roads

› PRIORITY ACTION

1. Red Light Cameras:

Explore the implementation of SB 720, which allows automated enforcement of red light violations. Using crash data, identify a subset of intersections on the HIN where this automated enforcement could be deployed. The priority intersections identified in this plan may be good candidates for initial evaluation.

- **Lead Agency:** Department of Public Works
- **Supporting Partners:** Fresno Police Department
- **Key Outcomes:** Automated enforcement

2. Pedestrian Policy and Design Standards:

Create and adopt a policy and design guide for pedestrian crossings, and update roadway and streetscape design standards to improve pedestrian safety and accessibility. Standards should provide clear, context-sensitive guidance for crossing spacing and safety treatments, and incorporate design strategies that discourage speeding while maintaining required lane widths, turning radii, vertical clearance, and access for emergency and service vehicles.

- **Lead Agency:** Department of Public Works
- **Supporting Partners:** Fresno Fire Department; Department of Public Utilities - Solid Waste Division; Fresno Police Department; Planning & Development Department; Fresno Area Express (FAX)
- **Key Outcomes:** Improved pedestrian safety and accessibility through clear, context-sensitive design standards; ensure safe operation for emergency and service operations and vehicles

3. Complete Streets Policy:

Update and implement the City's Complete Streets policy to explicitly align with Vision Zero and the Safe System Approach by prioritizing speed management, pedestrian safety, and equitable investments on the High Injury Network, while ensuring safe, continuous access for all users during construction and maintenance.

- **Lead Agency:** Department of Public Works
- **Supporting Partners:** Fresno Fire Department
- **Key Outcomes:** More consistent, safety-focused application of Complete Streets treatments on high-injury corridors, resulting in lower speeds and improved safety for people walking, biking, and using transit

4. Traffic control:

Coordinate traffic control plans among the City, Fresno Police and Fire Departments, and school districts to improve pedestrian safety, manage vehicle speeds, and maintain reliable emergency access during school travel periods, construction, and special events.

- **Lead Agency:** Department of Public Works
- **Supporting Partners:** Fresno Fire Department; Fresno Police Department; school districts
- **Key Outcomes:** Reduced conflicts between emergency vehicles, pedestrians, and general traffic during peak activity periods

Safe Roads

5. Daylighting:

Provide public education on the purpose and safety benefits of daylighting, and implement consistent, easily recognizable treatments to improve visibility and reduce conflicts at intersections and crossings.

- **Lead Agency:** Planning & Development Department
- **Supporting Partners:** Fresno Police Department; Department of Public Works
- **Key Outcomes:** Improved visibility and reduced conflicts at intersections and crossings
- **Priority Populations Identified:** Improved visibility and reduced conflicts at intersections and crossings

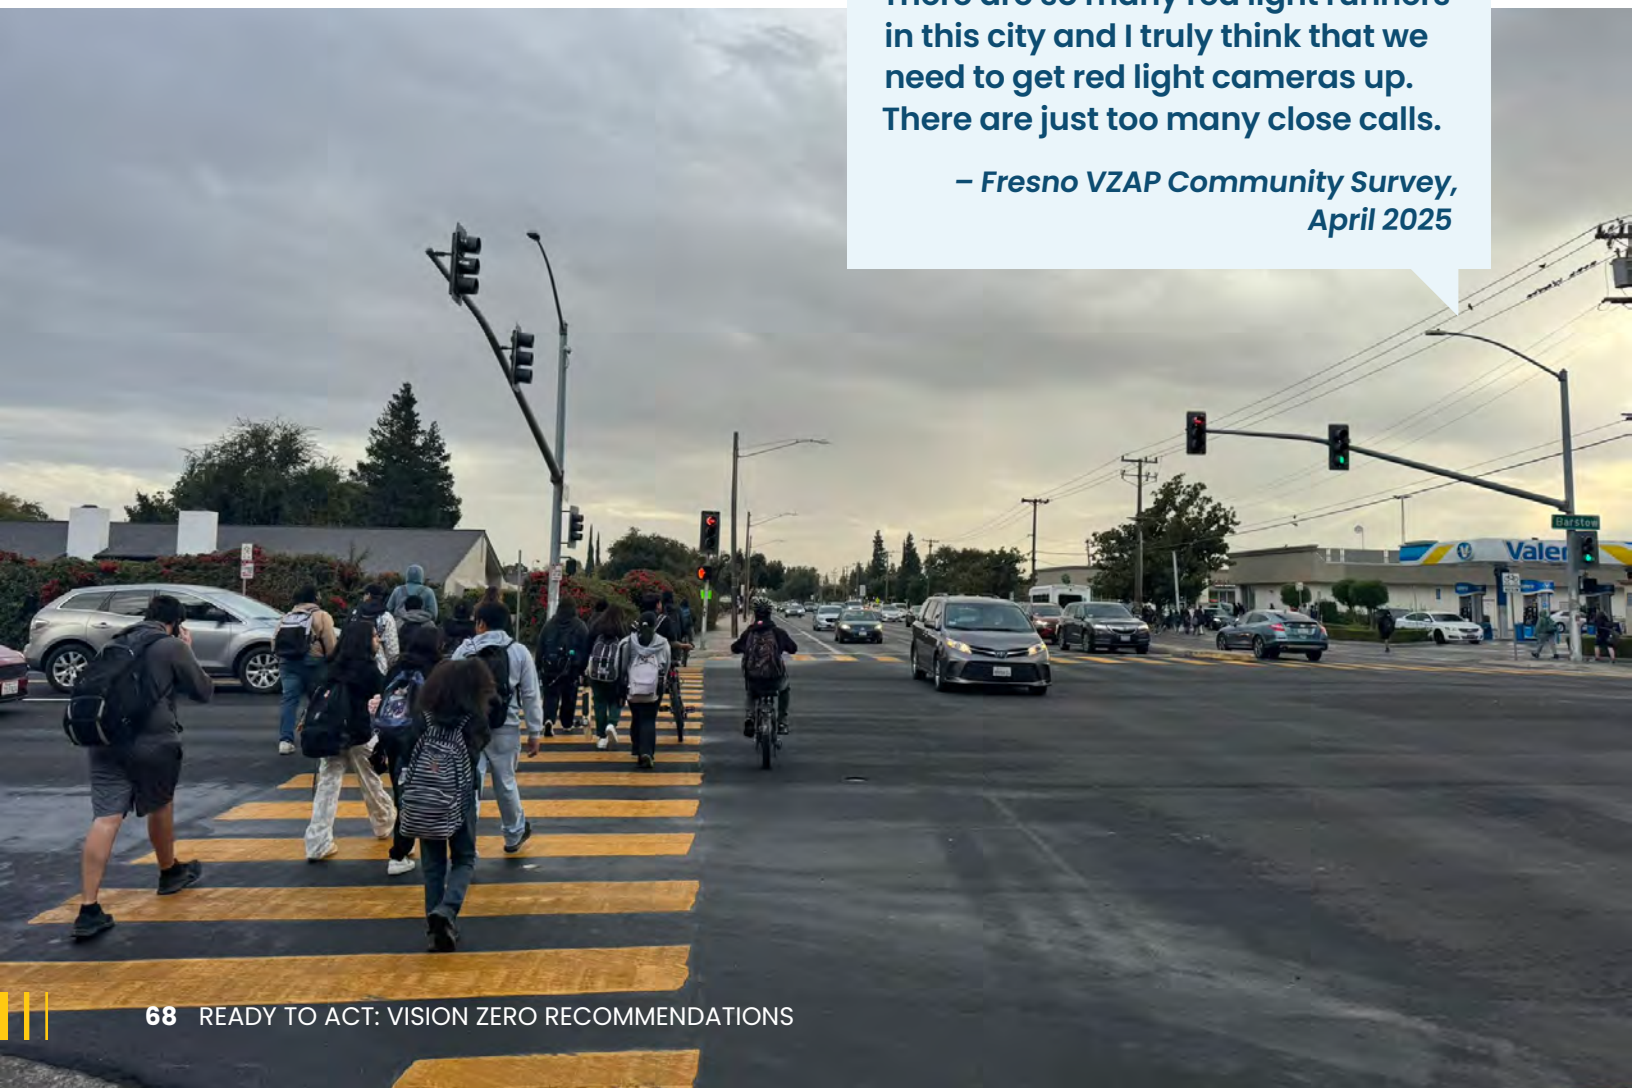
6. Intersection control evaluation:

Incorporate Caltrans Intersection Safety and Operational Assessment Process (ISOAP) and Intersection Control Evaluation (ICE) guidance into City decision-making for evaluating and changing intersection control types to improve safety outcomes.

- **Lead Agency:** Capital Project Department
- **Supporting Partners:** Fresno Police Department; Fresno Fire Department; Department Public Works; Caltrans
- **Key Outcomes:** Improved safety outcomes at intersections through appropriate control selection

There are so many red light runners in this city and I truly think that we need to get red light cameras up. There are just too many close calls.

– Fresno VZAP Community Survey, April 2025



Safe System Approach Objective

Post-Crash Care

› PRIORITY ACTION

1. Technology upgrades:

Implement traffic signal technology, such as emergency vehicle preemption and coordinated signal progression in locations where this does not already exist in Fresno, to reduce emergency response times, improve responder safety, and support faster access to medical care following serious crashes. Consider additional technology strategies, such as Haas alerts in emergency vehicles.

- **Lead Agency:** Department of Public Works; Fresno Fire Department
- **Supporting Partners:** Fresno Fire Department; Fresno Police Department; Fresno Area Express (FAX); Caltrans; Clovis Community Medical Center
- **Key Outcomes:** Reduced emergency response and transport times following severe crashes

2. Partnerships:

Partner with trusted community-based organizations to connect people impacted by traffic crashes to recovery resources, peer support, and services, and to provide culturally responsive post-crash outreach in communities disproportionately affected by traffic violence.

- **Lead Agency:** Community-based organizations
- **Supporting Partners:** Fresno County Department of Public Health; Fresno Fire Department; Fresno Police Department; hospitals and trauma centers; victim support organizations; Community Medical Center
- **Key Outcomes:** Improved access to post-crash recovery resources and support for people and families impacted by traffic violence
- **Priority Populations Identified:** Pedestrians, youth, seniors

3. Crash review and analysis:

Expand post-crash analysis beyond fatal crashes to include serious injury and high-risk crash types through multidisciplinary review involving transportation, public safety, and health partners. Use findings to identify systemic contributing factors and inform targeted engineering, policy, and operational safety improvements.

- **Lead Agency:** Department of Public Works
- **Supporting Partners:** Fresno Police Department; Fresno Fire Department; Fresno County Department of Public Health; hospitals and trauma centers; Planning and Development Department; Clovis Community Medical Center
- **Key Outcomes:** Improved identification of systemic factors contributing to severe and fatal crashes
- **Priority Populations Identified:** Pedestrians, youth, seniors

Safe System Approach Objective

Safety Data

› PRIORITY ACTION

1. Database coordination:

Coordinate and align the City's crash database (Crossroads) with statewide databases (TIMS and SWITRS) to better understand differences in definitions, reporting practices, and timelines, reduce data discrepancies, and support more consistent safety analysis and decision-making.

- **Lead Agency:** Fresno Police Department
- **Supporting Partners:** California Highway Patrol; Caltrans; Department of Public Works
- **Key Outcomes:** Improved consistency and reliability of crash data used for Vision Zero analysis and reporting

2. Vision Zero dashboard:

Create a data dashboard to track progress towards accomplishing Vision Zero actions and meeting key metrics. (In Progress)

- **Lead Agency:** Department of Public Works
- **Supporting Partners:** Fresno Police Department
- **Key Outcomes:** Improved transparency and accountability for Vision Zero progress and safety outcomes
- **Priority Populations Identified:** Pedestrians

3. Bike and pedestrian volumes:

Update intersection data collection to reflect California MUTCD guidance and more accurately measure bicyclist and pedestrian volumes, supporting data-driven safety improvements and equitable prioritization.

- **Lead Agency:** Department of Public Works
- **Supporting Partners:** Planning & Development Department; Fresno Police Department; Fresno Area Express (FAX)
- **Key Outcomes:** Improved accuracy and use of bicyclist and pedestrian volume data in safety analysis and project decision-making and implementation prioritization
- **Priority Populations Identified:** Pedestrians

4. Motorcycle crashes:

Improve identification and tracking of motorcycle-involved crashes within the City's Crossroads database to resolve discrepancies with statewide data and support more accurate safety analysis and targeted countermeasures.

- **Lead Agency:** Department of Public Works
- **Key Outcomes:** More accurate and consistent identification of motorcycle-involved crashes across City and state data systems
- **Priority Populations Identified:** Pedestrians, youth, seniors

Safety Data

5. Data coordination:

Partner with hospitals and trauma centers to establish shared, HIPAA-compliant Vision Zero safety metrics and reporting processes that improve understanding of injury severity, outcomes, and response times, and support more effective post-crash care and safety interventions.

- **Lead Agency:** Fresno County Department of Public Health, in coordination with the Department of Public Works
- **Supporting Partners:** Hospitals and trauma centers; Fresno Fire Department; Fresno Police Department; Fresno County Department of Public Health
- **Key Outcomes:** Improved understanding of fatal and serious injury outcomes to inform post-crash care and safety investments
- **Priority Populations Identified:** Pedestrians, youth, seniors

Safe System Approach Objective

Other Planning and Coordination Strategies

› **PRIORITY ACTION**

1. Planning coordination and alignment:

Coordinate Vision Zero implementation with related City and regional efforts, including the Fresno Active Transportation Plan, Fresno Unified Safe Streets for Students program, and Fresno County Vision Zero initiatives, to align priorities, develop coordinated project lists, and strengthen future grant applications.

- **Lead Agency:** Department of Public Works
- **Supporting Partners:** Planning & Development Department; Fresno Unified School District; Fresno County; Fresno Council of Governments
- **Key Outcomes:** Improved coordination and consistency across City and regional safety initiatives
- **Priority Populations Identified:** Pedestrians, youth, seniors

› **PRIORITY ACTION**

2. Vision Zero Task Force:

Establish a standing Vision Zero Task Force to coordinate implementation across City departments and partner agencies. The Task Force will meet regularly (e.g., quarterly) to review crash trends and performance metrics, coordinate priority safety projects and policies, and address cross-departmental implementation barriers.

- **Lead Agency:** Department of Public Works
- **Supporting Partners:** Mayor and City Manager's Office; Fresno Police Department; Fresno Fire Department; Planning & Development Department; Fresno County; Caltrans; Fresno Council of Governments; Fresno School Districts
- **Key Outcomes:** Improved interdepartmental coordination and accountability for implementing Vision Zero strategies and tracking progress toward reducing severe and fatal crashes.
- **Priority Populations Identified:** Pedestrians, youth, seniors

3. Safety scoring criteria:

Update safety scoring criteria within major transportation funding programs (e.g., TIP) to place greater weight on crash history and severity, speed risk, High Injury Network locations, and benefits to people walking, biking, and using transit, ensuring funded projects advance Safe System and Vision Zero outcomes.

- **Lead Agency:** Fresno Council of Governments
- **Supporting Partners:** Department of Public Works; Fresno Police Department; Planning & Development Department; Caltrans, Fresno County
- **Key Outcomes:** Funding decisions that more consistently prioritize projects with the greatest potential to reduce severe and fatal crashes.
- **Priority Populations Identified:** Pedestrians, youth, seniors

Other Planning and Coordination Strategies

4. Safety plan updates:

Regularly (every five years) update City-led traffic safety plans to reflect new data, completed projects, and emerging risks, and to maintain eligibility for state and federal safety funding programs. When the next update occurs, consider combining the Local Roadway Safety Plan (LRSP) and Vision Zero Action Plan into a single comprehensive safety plan.

- **Lead Agency:** Department of Public Works
- **Key Outcomes:** Continued eligibility for state and federal safety funding programs
- **Priority Populations Identified:** Pedestrians, youth, seniors

Systemic Safety Treatments

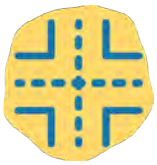
The crash patterns in Fresno show that fatal and severe crashes tend to occur under similar conditions across many locations, particularly on major streets with higher speeds, wide cross-sections, and frequent turning and crossing activity. Addressing these conditions effectively requires more than isolated, location-by-location fixes. Systemic safety treatments offer a way to improve safety across the city by applying proven proactive design strategies.

As part of the Vision Zero Action Plan, the City developed a Major Streets Traffic Calming Toolkit (Appendix A) to identify a set of flexible, context-sensitive treatments that can be applied consistently across Fresno's street network to manage speeds, reduce conflicts, and improve safety for people walking, biking, driving, and using transit. When implemented in a coordinated and citywide manner, these treatments can help create more predictable, safer streets, reduce the likelihood of severe crashes, and support long-term progress toward Vision Zero.

Four Types of High-Impact Systemic Safety Treatments

The treatments included in the Major Streets Traffic Calming Toolkit, and as part of the location-specific engineering recommendations, fall into four "types" of treatments. The following categories provide a helpful organizing principle but are not mutually exclusive (treatments may correspond to more than one category):

Travel Lanes



Intersections and Crossings

Speed Management

Signs and Signals

Travel Lanes

Countermeasures that focus on design and operational improvements to lane configurations to enhance safety and mobility.

TABLE 4 Travel Lane Treatments

Systemic Intervention	Primary Safety Benefit	Options for Rapid Implementation
Road diets / lane reconfiguration	Reduces speeds, simplifies movements, and lowers crash frequency and severity	Interim restriping, paint, flexible delineators, modular curb
Narrowed travel lanes / visual friction	Encourages lower operating speeds and improved driver attention	Lane restriping, paint, edge lines, flexible posts
Hardened centerlines	Reduces head-on and sideswipe crashes	Painted centerlines, rumble striping
Median refuge islands (lane reallocation)	Reduces pedestrian exposure and supports two-stage crossings	Painted medians, delineators, modular refuge islands
Reallocation of roadway space for bicycle facilities	Improves predictability and reduces conflicts between modes	Striping, buffered bike lanes, flexible posts, curb stops
Adjustments to Existing Slip Lanes	Slows turning vehicles, shortens pedestrian crossings, and reduces pedestrian–vehicle conflict points.	Paint, flexible delineators, modular pedestrian refuge islands, temporary curb extensions

Example Travel Lane Interventions:

Medians and Pedestrian Islands

Road Diet

Adjustments to Existing Slip Lanes

Narrowed Lanes/ Visual Friction

Hardened Centerline

Intersections and Crossings

Countermeasures that address design and operational improvements at intersections and pedestrian crossing locations.

TABLE 5 Intersections and Crossings Treatments

Systemic Intervention	Primary Safety Benefit	Options for Rapid Implementation
High-visibility crosswalk markings	Increases pedestrian visibility and driver yielding	Durable high-visibility striping
Curb extensions (bulb-outs)	Shortens crossing distances and slows turning speeds	Paint, modular curb, delineators
Protected intersections	Reduces conflict points and improves multimodal safety	Interim protection using striping and posts
Advanced stop lines	Improves sight lines and reduces vehicle encroachment	Pavement markings
Median refuge islands (crossing-focused)	Allows pedestrians to cross in stages and reduces exposure	Painted refuge areas, posts, modular islands
Protected left turns	Reduces turning conflicts by separating left-turn movements from opposing traffic	Paint, flexible delineators, modular median extension, planter-protected median

Example Intersection and Crossing Interventions:

Protected Intersection

Crosswalk Visibility Enhancements

Protected Left Turns

Advanced Stop Lines

Median Refuge Island

Speed Management

Countermeasures that focus on reducing motorists' speeds, recognizing the strong relationship between speed and crash severity.

TABLE 6 Speed Management Treatments

Systemic Intervention	Primary Safety Benefit	Options for Rapid Implementation
Speed limit reductions on safety priority corridors (AB 43)	Reduces crash likelihood and severity on high-risk corridors	Signage changes supported by policy action
Corridor-wide traffic calming	Lowers operating speeds and improves driver compliance	Paint, striping, flexible posts, speed cushions
Speed humps / speed cushions	Reduces vehicle speeds on residential and collector streets and improves safety for people walking and biking (note: not appropriate on arterials)	Temporary or modular speed humps/ cushions, rubber or asphalt overlays
Speed management near schools	Reduces risk for children and caregivers	Striping, signage, temporary curb elements
Signal coordination to discourage speeding	Reduces excessive speeds between intersections	Signal timing and progression adjustments
Chicanes	Reduces vehicle speeds and increases driver awareness by introducing horizontal deflection in the travel lane	Interim restriping, paint, flexible delineators, modular or planter-based, temporary curb extensions

Example Speed Management Interventions:

Context-Sensitive Speed Limits

Speed Feedback Signs

Chicanes

Speed Humps/Speed Cushions

Signs, Signals, and Pavement Markings

Countermeasures that relate to regulatory, warning, and traffic control devices guiding street user behavior.

TABLE 7 Signs, Signals, and Pavement Marking Treatments

Systemic Intervention	Primary Safety Benefit	Options for Rapid Implementation
Leading Pedestrian Intervals (LPIs)	Improves pedestrian visibility and reduces turning conflicts	Signal timing changes
Pedestrian Hybrid Beacons (PHBs)	Increases driver yielding at uncontrolled crossings	Permanent installation required (limited quick-build flexibility)
Rapid Rectangular Flashing Beacons (RRFBs)	Improves yielding compliance at unsignalized crossings	Permanent installation required (limited quick-build flexibility)
Signal timing and clearance interval adjustments	Reduces red-light running and broadside crashes	Signal timing updates
Improved signal head visibility	Improves driver compliance and awareness	Repositioning or upgrading signal heads
High visibility pavement markings	Improves roadway visibility and driver awareness, helping users identify crossings and conflict areas	Paint, flexible delineators, reflective markers

Example Signs, Signals, and Pavement Marking Interventions:

High Visibility Pavement Markings

Leading Pedestrian Intervals

Pedestrian Hybrid Beacons

Rapid Rectangular Flashing Beacons

Senate Bill 720 (SB 720): Red Light Cameras

Explore the implementation of SB 720, which allows automated enforcement of red light violations. Using crash data, identify a subset of intersections on the HIN where this automated enforcement could be deployed. The priority intersections identified in this plan may be good candidates for initial evaluation.

California's 2025 red light camera law (SB 720) allows automated enforcement of red-light violations in cities across the state. Red-light running has typically been classified as a moving violation, requiring a law enforcement officer to identify the driver of a vehicle to issue such a citation. However, this law allows jurisdictions in California to implement automated red light camera systems and issue civil penalties to the registered owner of a violating vehicle.

Automated enforcement systems can significantly reduce red light running and improve traffic safety. The impact of red-light safety cameras is well documented: an Insurance Institute for Highway Safety (IIHS) study found that cameras reduced the fatal red light running crash rate of cities by 21%.

Key Considerations:

- **Locations:** The City of Fresno is eligible to install automated enforcement under this law. A critical early step is to identify intersection approaches on the HIN that would be good candidates for this technology: pulling crash histories to identify incidents of red-light running across the City and their impacts of safety. This will create an eligible list of locations that could be further screened by land use contexts, population centers, and constructability restrictions.
- **Analysis:** SB 720 requires that implementing jurisdictions document the potential impacts of automated enforcement on their populations, and that red-light cameras be placed in areas that are geographically and socioeconomically diverse.
- **Program:** SB 720 allows cities to utilize automated enforcement cameras for red-light running by following a consistent program. Cities must first issue warning notices before issuing citations, the systems must be well-marked with signage in advance, only civil penalties (not moving violations) of $100 may be issued, and penalties are issued to the registered owner of the vehicle (not necessarily the driver at the time of the violation).
- **Red Light Running Only:** While a separate California law, AB 645, allows certain cities to implement automated speed enforcement cameras, this is currently not authorized for the City of Fresno.

Designing Safer Streets that Support Emergency Response

Designing safer streets and maintaining reliable emergency response can sometimes see, like competing priorities. In practice, thoughtfully-designed safety treatments and early and ongoing coordination with emergency responders can support both goals.

- Safety-oriented street designs such as lane reductions, traffic calming, and protected bike lanes can affect emergency operations if not designed carefully.
- High-speed streets increase severe crashes, which generate emergency calls and strain response systems.
- Vision Zero and the Safe System approach emphasize designing streets that reduce severe crashes and coordinating with emergency responders.

60%
of Fresno Fire Department responses to medical aid calls[1]

14%
of fire department responses in the U.S. are to street incidents[2]

There are three complementary best practices or strategies for integrating emergency response needs with safer streets.

1. Design streets that support both safety and emergency vehicle access.

Design details can help ensure that street safety treatments do not measurably hinder emergency vehicle mobility. Examples include:

- Mountable curbs in bulb outs, medians, roundabouts, etc.

- Flexible delineators for vertical separation

- Speed humps with emergency vehicles wheel cutouts (speed cushions)

- Visual treatments (e.g., optical speed bars) that reduce motorists' speed without impacting emergency vehicle mobility

1 Fresno Fire Annual Report 2024; https://www.fresno.gov/wp-content/uploads/2025/04/2024-Annual-Report-FINAL.pdf

2 Topical Fire Report Series; June 2022; U.S. Fire Administration, FEMA https://www.usfa.fema.gov/statistics/reports/firefighters-departments/fire-department-run-profile-v22i1.html

Street redesigns can improve emergency vehicle mobility by organizing road space and streamlining operations. Examples include:

- Road diets that create dedicated two-way left-turn lanes that emergency responders can use as a through lane
- Protected bike lanes that can function as emergency access space
- Connected streets network that allow multiple routes for emergency response
- Dedicated emergency vehicle signal preemption

2. Promote coordination between transportation and emergency response agencies.

Early and continuous coordination between transportation and emergency response agencies helps ensure street safety projects account for safety and operational needs. Examples include:

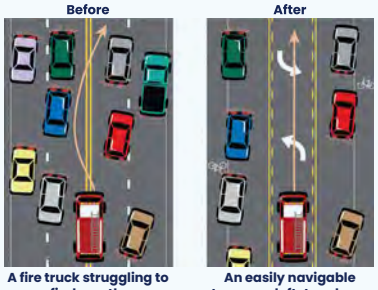
- Develop pre-approved standards for street design treatments with EMS and fire department
- Conduct on-the-ground reviews and short-term installations with street designers and emergency responders to test and iterate on designs
- Include fire department and other first responders in Vision Zero task forces and post-crash review teams

3. Adapt response models and equipment that work in safer street environments.

Emergency response practices and vehicle fleets can evolve alongside safer street design. Examples include:

- Deploy motor medic units and fire apparatuses that can navigate streets more easily.
- Institute dispatch strategies that send the appropriate vehicle type for the call.
- Designate priority emergency response routes where speed management treatments are strategically designed to maintain emergency mobility, while allowing for flexibility of treatments on other types of streets in the network.

An Iowa study of response times before and after 4-to-3 lane street conversions found that there was no impact to emergency response times.[3]



A fire truck struggling to find a path.

An easily navigable two-way left-turn lane.

3 Impact of 4-to-3 lane conversions on emergency response; July 2024; N. Corcoran, C.J. Hamann, M. L. Reyes, et. al; https://www.sciencedirect.com/science/article/pii/S2590198224001441

Priority Streets and Intersections

High Priority Locations

To advance the City's targeted safety intervention process, the project team identified five priority street segments and five priority intersections to focus investments over the next five years. The project team used a two-step process to identify the priority locations:

1. Analyze collision data to identify the 10 corridors and 10 intersections in the city with the highest rate of fatal and severe collisions. Located on the high injury network, over 25% of fatal and severe injury crashes occurred at these 20 locations.
2. Analyze demographic, land use, and destination data, and community input to narrow the high-collision locations to the top 5 priority corridors (Table 8) and top 5 priority intersections (Table 9). Data used to identify the final priority locations included:
   - Proximity to bus routes and stops
   - Proximity to community centers
   - Proximity to parks
   - Proximity to schools
   - Community engagement comments and responses
   - Caltrans Equitable Transportation Index – Transportation-Based Priority Populations
   - Locations with a high concentration of bicycle and pedestrian involved injuries and fatalities

The final 10 locations (Figure 10) represent key opportunities in Fresno for reducing fatal and severe injuries through coordinated infrastructure and non-infrastructure strategies. These locations reflect not only crash history, but also community context, access needs, and equity considerations.

TABLE 8 Top 5 Priority Street Segments

Street Name	From	To
Blackstone Avenue	Nees Avenue	Herndon Avenue
Blackstone Avenue	Ashlan Avenue	Shields Avenue
Belmont Avenue	Palm Avenue	Cedar Avenue
Fresno Street	East California Avenue	Divisadero Street
Shields Avenue	West Avenue	First Street

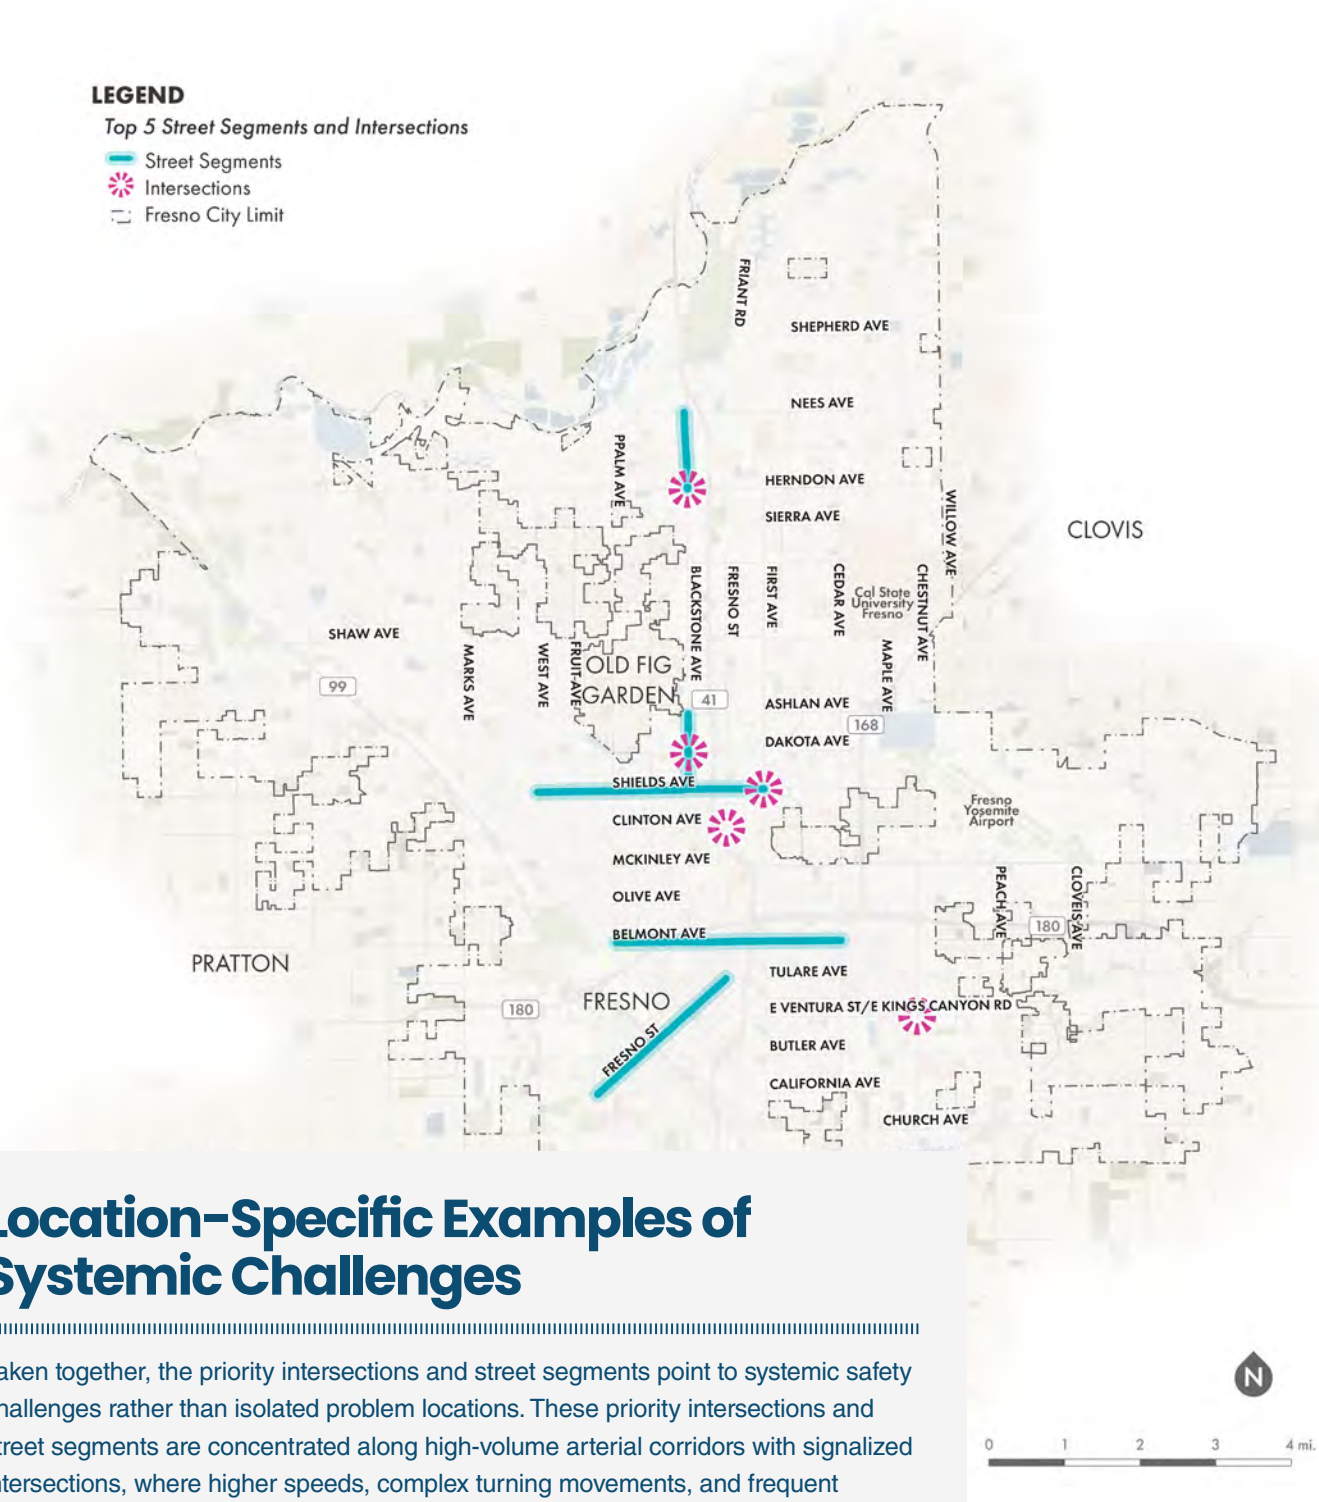
	Blackstone Avenue	Dakota Avenue
	Shields Avenue	First Street
	Clinton Avenue	Fresno Street
	East Kings Canyon Road	Chestnut Avenue

FIGURE 10 Top 5 High Priority Street Segments and Intersections



Location-Specific Examples of Systemic Challenges

Taken together, the priority intersections and street segments point to systemic safety challenges rather than isolated problem locations. These priority intersections and street segments are concentrated along high-volume arterial corridors with signalized intersections, where higher speeds, complex turning movements, and frequent pedestrian and bicycle crossings create elevated risk, particularly for people walking or riding bikes. Recurrent crash patterns, such as turning conflicts, broadside crashes, and crashes involving pedestrians and motorcycles, highlight the influence of existing conditions and operating characteristics on crash severity. Many priority locations also reflect overlapping risk factors, reinforcing the need for corridor-based, data-driven safety strategies aligned with the High Injury Network and state policy tools.

Priority Safety Projects

As discussed in Chapter 3, the High Priority Opportunity locations represent the most impactful opportunities for reducing fatal and severe injuries through coordinated infrastructure and non-infrastructure strategies.

The following section highlights recommended safety improvements for the top five priority intersections and top five priority street segments. These recommendations draw primarily from the Major Streets Traffic Calming Toolkit, while also identifying additional opportunities to address location-specific safety challenges. These locations are intended to serve as examples of how the City can apply similar countermeasures to other locations throughout Fresno that share similar contexts, characteristics, and risk factors. A high-level overview of the treatments applied to each street segment and intersection are included below. Corridor and intersection profiles are also included to provide additional context and project recommendations.

Community members that use all modes of travel participated in Vision Zero Action Plan process, including people who walk, bicycle, take transit, drive, ride motorcycles and use small-wheeled devices like scooters, skateboards and one-wheels

3 Shields Avenue

from West Avenue to First Street

Location	ID	Treatment Type	Issue	Recommended Treatment	Safety Benefits	Phasing		
						Short Term	Medium Term	Long Term
West Ave and Shields Ave	1	Intersection and Crossing	Standard crosswalk markings limit crosswalk visibility and safety	High Visibility Continental Crosswalks	Crash Reduction Factor = 42% (FHWA Proven Safety Countermeasure)	✔		
			Dedicated right-turn lanes encourage faster turns and create more vulnerable road user-motor vehicle conflicts	Consider a study to determine if dedicated right-turn lanes are needed	Shorten crossing distance and slow turning speeds, may yield space for continuous bicycle facilities and pedestrian facility improvements	✔		
	2	Travel Lanes	Unclear turn-lane guidance	Lane geometry pavement markings and signs	Provide clear guidance and minimize conflicts	✔		
			Unclear bike lane termination and merging behavior.	Install Shared Lane Markings through the intersection in accordance with CA MUTCD guidance	Provide guidance to bicyclists and motorists	✔		
Shields Ave, from West Ave to Channing Way	3	Signs and Signals	Non-intersection broadside crash type history	Access Management	Numerous driveways and broadside collisions		✔	
Shields Ave, from West Ave to First Ave	4	Travel Lanes and Speed Management	Speed-involved crash history	Narrow Travel Lanes (10' inner/10.5' Outer)	Traffic Calming, Allows bicycle lanes to be buffered	✔		
			No existing bicycle facilities	Bicycle Lane Pavement Markings and 6" striping	Delineate bicycle facilities from travel lanes and clearly define road user space	✔		
Teilman Ave and Shields Ave	5	Signs and Signals	Lack of marked crossings over long distances encourages unsafe crossing behavior	Pedestrian Hybrid Beacon (PHB), Median Diverter/Modal Filter, High Visibility Pavement Markings, Pedestrian Refuge Island, Advanced Stop Lines, Stop Here on Red Signs, Advanced Warning Signs	Enhanced crossing visibility and shortens distance between safe ped crossings, Median/Modal filter will restrict NB-SB through and left-turn movements			✔
Fruit Ave and Shields Ave	6	Intersection and Crossing	Standard crosswalk markings limit crosswalk visibility and safety	High Visibility Continental Crosswalks	Crash Reduction Factor = 42% (FHWA Proven Safety Countermeasure)	✔		
			Dedicated right-turn lanes encourage faster turns and create more vulnerable road user-motor vehicle conflicts	Consider a study to determine if dedicated right-turn lanes are needed	Shorten crossing distance and slow turning speeds, may yield space for continuous bicycle facilities and pedestrian facility improvements		✔	
			Broadside crash history	Consider protected-only left turn phasing	Minimize broadside crashes	✔		
Shields Ave, from Fruit Ave to Palm Ave	7	Speed Management	Corridor prioritizes motor vehicle mobility over safe operations.	Study the potential for a road diet, bicycle facilities, street side parking, eliminating right-turn lanes, curb extensions	Reallocating road space can enhance safety for all road users			✔
Adoline Ave and Shields Ave	8	Signs and Signals	Lack of marked crossings over long distances encourages unsafe crossing behavior	Pedestrian Hybrid Beacon (PHB), Median Diverter/Modal Filter, High Visibility Pavement Markings, Pedestrian Refuge Island, Advanced Stop Lines, Stop Here on Red Signs, Advanced Warning Signs	Enhanced crossing visibility and shortens distance between safe ped crossings, Median/Modal filter will restrict NB-SB through and left-turn movements			✔
Harrison Ave and Shields Ave	9	Intersection and Crossing	Standard crosswalk markings limit crosswalk visibility and safety. Additionally, this crossing meets CA MUTCD guidance for proximity to school grounds.	Yellow High Visibility Continental Crosswalks	Crash Reduction Factor = 42% (FHWA Proven Safety Countermeasure)	✔		
			Dedicated right-turn lanes encourage faster turns and create more vulnerable road user-motor vehicle conflicts	Consider a study to determine if the SB dedicated right-turn lane is needed	Shorten crossing distance and slow turning speeds, may yield space for continuous bicycle facilities and pedestrian facility improvements		✔	
	10	Signs and Signals	Crossing is near an elementary school	Leading Pedestrian Intervals (LPI)	Crash Reduction Factor = 13% (FHWA Proven Safety Countermeasure)	✔		
Palm Ave and Shields Ave	11	Intersection and Crossing	Standard crosswalk markings limit crosswalk visibility and safety	High Visibility Continental Crosswalks	Crash Reduction Factor = 42% (FHWA Proven Safety Countermeasure)		✔	
		Intersection and Crossing	Dedicated right-turn lanes encourage faster turns and create more vulnerable road user-motor vehicle conflicts	Consider a study to determine if dedicated right-turn lanes are needed	Shorten crossing distance and slow turning speeds, may yield space for continuous bicycle facilities and pedestrian facility improvements		✔	
		Intersection and Crossing	Bicycle crash history	Two-stage bicycle turning boxes for bicyclist traveling on Shields Ave and turning to Palm Ave	Allows bicyclists to turn left in two stages, reducing conflicts with motor vehicle traffic.		✔	
	12	Signs and Signals	Broadside and rear end crash types history	Review of yellow and red light clearance times	Minimize Broadside/Rear-end Crashes	✔		
Shields Ave, from Harrison Ave to train tracks	13	Travel Lanes	Delineate road and add visual friction for traffic calming	Stripe Street Side Parking and No Parking Areas	Visual Friction	✔		
Shields Ave, from Fruit Ave to Blackstone Ave	14	Travel Lanes	No existing bikeways	Class II Bikeways (planned in Fresno ATP)	Delineates road space for bicyclists and reduces bicycle-motor vehicle conflicts			✔
Van Ness Blvd and Shields Ave	15	Intersection and Crossing	Standard crosswalk markings limit crosswalk visibility and safety	High Visibility Continental Crosswalks	Crash Reduction Factor = 42% (FHWA Proven Safety Countermeasure)	✔		
		Intersection and Crossing	Dedicated right-turn lanes encourage faster turns and create more vulnerable road user-motor vehicle conflicts	Consider a study to determine if dedicated right-turn lanes are needed	Shorten crossing distance and slow turning speeds, may yield space for bicycle and pedestrian facility improvements		✔	
	16	Signs and Signals	Broadside crash type history	Time of Day Protected/Permissive Left Turn Phasing via Flashing Yellow Arrows	Crash Reduction Factor = 16% (FHWA Proven Safety Countermeasure)		✔	

3 Shields Avenue

from West Avenue to First Street

Location	ID	Treatment Type	Issue	Recommended Treatment	Safety Benefits	Phasing		
						Short Term	Medium Term	Long Term
Wishon Ave and Shields Ave	17	Signs and Signals	Lack of marked crossings over long distances encourages unsafe crossing behavior	Pedestrian Hybrid Beacon (PHB), High Visibility Pavement Markings, Pedestrian Refuge Island, Advanced Stop Lines, Stop Here on Red Signs, Advanced Warning Signs	Enhanced crossing visibility and shortens distance between safe ped crossings			✔
Maroa Ave and Shields Ave	18	Speed Management	Long crossing distances	Curb Extensions NW and NE corners	Shorten crossing distance and slow turning speeds	✔		✔
Blackstone Ave and Shields Ave	19	Intersection and Crossing	Large high-volume intersection with bikeways and bicycle crash history	Consider studying the need and potential for bicycle signals	May provide bicyclists a dedicated right-of-way, reducing conflicts and improving predictability.		✔	
		Intersection and Crossing	Standard crosswalk markings limit crosswalk visibility and safety	High Visibility Continental Crosswalks	Crash Reduction Factor = 42% (FHWA Proven Safety Countermeasure)	✔		
		Intersection and Crossing	Dedicated right-turn lanes encourage faster turns and create more vulnerable road user-motor vehicle conflicts	Consider a study to determine if dedicated right-turn lanes are needed	Shorten crossing distance and slow turning speeds, may yield space for continuous bicycle facilities and pedestrian facility improvements		✔	
	20	Signs and Signals	Broadside and rear end crash types history	Review of yellow and red light clearance times	Minimize Broadside/Rear-end Crashes	✔		
Shields Ave, between Blackstone Ave and CA-41 underpass	21	Travel Lanes	Existing high stress bikeways terminate without notice/guidance	Bicycle Lane Guidance Markings	Provide guidance to bicyclists and motorists	✔		
		Travel Lanes	Limited bikeway delineation	Bicycle Lane Pavement Markings and 6" striping	Delineate bicycle facilities from travel lanes and clearly define road user space	✔		
		Travel Lanes	Long crossing distance	Consider the need for two lanes on the SB on-ramp from WB Shields Ave	Will allow a shorter crossing distance at the crosswalk and may improve pedestrian comfort and safety		✔	
		Travel Lanes	Skewed slip lanes encourage high-speed turns and reduce visibility, increasing crash risk for all road users.	Consider studying CA-41 ramps reconstruction; slip lanes should be perpendicular to Shields Ave, consistent with the Caltrans Highway Design Manual	Can slow turn speeds, improve sight distance, and minimize vulnerable road user-motor vehicle conflicts		✔	
Shields Ave, from Blackstone to Fresno St	22	Travel Lanes	High stress bicycling conditions	Class I Bikeways (planned in Fresno ATP)	Physically separates bikes from motor vehicles, minimizing bicycle–vehicle conflicts			✔
		Travel Lanes	No pedestrian walkways on southside of Shields Ave at CA-41	Sidewalks (EB Shields Ave)	Provides a pedestrian facility and guidance for pedestrians walking along Shields Ave			✔
Shields Ave entrance to parking lot between Blackstone Ave and CA-41	23	Travel Lanes	Standard crosswalk markings limit crosswalk visibility and safety	High Visibility Continental Crosswalks	Crash Reduction Factor = 42% (FHWA Proven Safety Countermeasure)	✔		
Shields Ave, from CA-41 underpass to Fresno St	24	Travel Lanes	Existing high stress bikeways terminate without notice/guidance	Bicycle Lane Guidance Markings	Provide guidance to bicyclists and motorists	✔		
Fresno St and Shields Ave	25	Intersection and Crossing	Standard crosswalk markings limit crosswalk visibility and safety	High Visibility Continental Crosswalks	Crash Reduction Factor = 42% (FHWA Proven Safety Countermeasure)	✔		
			Dedicated right-turn lanes encourage faster turns and create more vulnerable road user-motor vehicle conflicts	Consider a study to determine if dedicated right-turn lanes are needed	Shorten crossing distance and slow turning speeds, may yield space for continuous bicycle facilities and pedestrian facility improvements		✔	
Shields Ave, from Fresno St to First St	26	Travel Lanes	No on street bikeways	Class II Bikeways (planned in Fresno ATP)	Delineates road space for bicyclists and reduces bicycle-motor vehicle conflicts			✔
Shields Ave and First Ave	27	Intersection and Crossing	See Shields Avenue and First Avenue Profile for detailed recommendations.					
	28	Signs and Signals						
	29	Travel Lanes						
Shields Ave Frontage Road and Shields Ave, west of First St	30	Travel Lanes	Existing high stress bikeways terminate without notice/guidance	Install Wayfinding/Guidance Signs and Pavement Markings (Bike Lane Ends, Arrow to Shields Frontage)	Provide guidance to bicyclists and motorists	✔

4 Blackstone Avenue

from Herndon Avenue to Nees Avenue

Location	ID	Treatment Type	Issue	Recommended Treatment	Safety Benefits	Phasing		
						Short Term	Medium Term	Long Term
El Paso Ave and Blackstone Ave	1	Intersection and Crossing	Turning conflicts at long crossings.	Leading Pedestrian Intervals (LPI)	Crash Reduction Factor = 13% (FHWA Proven Safety Countermeasure)	✔		
			Turning conflicts at driveways and intersections with dedicated right-turn lanes	Revisit bicycle facility designs at conflict points to better reflect the 2024 AASHTO Bike Guide's design principles, including shorter merge areas, reduced storage lengths, buffer or physical separation between pocket bicycle lane and thru travel lane, clear yield signage (R4-4), and consideration of treatments such as two-stage turn boxes, outside-running bikeways, and protected bike signal phases.	Minimize bicycle-motor vehicle conflicts at driveways and intersections		✔	
Alluvial Ave and Blackstone Ave	2	Intersection and Crossing	Standard crosswalk markings limit crosswalk visibility and safety	High Visibility Continental Crosswalks	Crash Reduction Factor = 42% (FHWA Proven Safety Countermeasure)	✔		
Pinedale Ave and Blackstone Ave	3	Speed Management	Long crossing distance on minor street.	Curb Extensions NW and SW corner	Shorten crossing distance and slow turning speeds			✔
		Signs and Signals	Lack of marked crossings over long distances encourages unsafe crossing behavior	Consider a two-stage Pedestrian Hybrid Beacon (PHB) utilizing the median as a protected refuge area, High Visibility Pavement Markings, Advanced Stop Lines, Stop Here on Red Signs, Advanced Warning Signs	Enhanced crossing visibility and shortens distance between safe ped crossings			✔
Minarets Ave and Blackstone Ave	4	Speed Management	Dedicated right-turn lanes encourage faster turns and create more vulnerable road user-motor vehicle conflicts	Consider a study to determine if dedicated right-turn lanes are needed	Shorten crossing distance and slow turning speeds, may yield space for bicycle and pedestrian improvements		✔	
			Long crossing distance on minor street.	Curb Extensions on Minarets Ave at NW and SE corner	Shorten crossing distance and slow turning speeds	✔		✔
Birch Ave and Blackstone Ave	5	Speed Management	Long crossing distance on minor street.	Curb Extensions NW and SW corner	Shorten crossing distance and slow turning speeds	✔		✔
			Standard crosswalk markings limit crosswalk visibility and safety	High Visibility Continental Crosswalks	Crash Reduction Factor = 42% (FHWA Proven Safety Countermeasure)	✔		
			Gap in sidewalk (NE corner)	ADA-compliant sidewalk and curb ramps	Crash Reduction Factor = 65-89% (FHWA Proven Safety Countermeasure), will provide opportunity to reduce curb radii and provide directional curb ramps			✔
Spruce Ave and Blackstone Ave	6	Speed Management	Long crossing distance on minor street.	Curb Extensions NW and SW corner	Shorten crossing distance and slow turning speeds	✔		✔
			Standard crosswalk markings limit crosswalk visibility and safety	High Visibility Continental Crosswalks	Crash Reduction Factor = 42% (FHWA Proven Safety Countermeasure)	✔		
			Turning conflicts at long crossings.	Leading Pedestrian Intervals (LPI)	Crash Reduction Factor = 13% (FHWA Proven Safety Countermeasure)	✔		
	7	Signs and Signals	Longer wait times and complicated operations may increase unsafe crossing behavior	Consider reviewing the current signal operation to determine whether a more conventional traffic signal pattern could be used	Opportunity to reduce pedestrian wait times and confusion, which may increase predicatable crossing behavior		✔	
			Turning conflicts at long crossings.	Turning Lane Pedestrian Indicators (TLPI)	Pedestrian Awareness for Left Turning Vehicles		✔	
Locust Ave and Blackstone Ave (west approach)	8	Speed Management	Standard crosswalk markings limit crosswalk visibility and safety	High Visibility Continental Crosswalks	Crash Reduction Factor = 42% (FHWA Proven Safety Countermeasure)	✔		
			Long crossing distance on minor street.	Curb Extensions NW and SW corner	Shorten crossing distance and slow turning speeds	✔		✔
Blackstone Ave from Herndon Ave to Minarets Ave	9	Speed Management	Corridor prioritizes motor vehicle mobility over safe operations.	Study the opportunity to reallocate roadway space to accommodate bicycle facilities, Business Access & Transit Lanes, wider sidewalks, and eliminating right-turn lanes	Reallocating road space can enhance safety for all road users and create continu-ity and uniformity in this segment.			✔
Frontage Rd, NE of Herndon/ Blackstone intersection	10	Intersection and Crossing	Standard crosswalk markings limit crosswalk visibility and safety	High Visibility Continental Crosswalks	Crash Reduction Factor = 42% (FHWA Proven Safety Countermeasure)	✔		
Blackstone Ave and Herndon Ave	11	Intersection and Crossing	See Blackstone Avenue and Herndon Avenue Profile for detailed recommendations.

Achieving Zero: Implementation

Vision Zero success depends on sustained leadership, accountability, and transparent progress tracking. This chapter establishes the governance structure, funding pathways, and performance measures needed to turn recommendations into measurable safety outcomes. By aligning departments, leveraging existing programs and grants, and publicly tracking progress, Fresno positions itself to make steady, lasting progress toward zero traffic deaths and severe injuries.

Achieving Vision Zero in Fresno will require sustained leadership, clear accountability, coordinated action across departments and partners, and consistent tracking of progress over time. Earlier chapters of this plan identify where the most serious crashes occur, who is most impacted, and which strategies are most effective at reducing fatal and severe injuries. This chapter focuses on how the City can translate those findings into action, by establishing clear roles and responsibilities, aligning funding with safety priorities, and using performance measures to guide and evaluate progress.

The implementation framework outlined below is designed to support a proactive, data-driven, and equitable approach to traffic safety, ensuring that safety improvements are applied consistently across the City and focus on the locations and populations most at risk.

Governance and Accountability

Leadership Roles and Accountability

The City of Fresno's leadership commitment to Vision Zero is carried forward through clear roles, accountability structures, and decision-making processes that guide implementation over time. City leadership is responsible for ensuring that Vision Zero goals are integrated into policies, programs, and investments, and that progress is regularly monitored and reported.

This includes aligning departmental responsibilities around shared safety objectives, prioritizing resources toward high-risk locations and communities, and reinforcing the application of the Safe System Approach across transportation planning, design, operations, and maintenance. Leadership also plays a key role in maintaining continuity as staff, funding sources, and priorities evolve, ensuring that Vision Zero remains central to City decision-making.

Through these governance and accountability mechanisms, the City establishes clear ownership of Vision Zero outcomes and creates the conditions necessary for sustained, citywide progress toward eliminating traffic deaths and serious injuries.

Interdepartmental and Agency Coordination

Crash trends in Fresno show that severe crashes are driven by a combination of street design, speed, vehicle characteristics, user behavior, and post-crash response. Addressing these factors requires coordination across multiple City departments and external partners, including Transportation, Public Works, Planning, Police, Fire, Public Health, Transit Agencies, School Districts, and Community Organizations.

Coordination on Integrated Policies and Programs

The Vision Zero Task Force provides a foundation for continued collaboration. Ongoing coordination will help ensure that safety strategies are implemented consistently, avoid duplication of effort, and reflect both technical expertise and community input. Partnerships with state agencies, regional entities, and community-based organizations will also be critical for addressing equity, supporting behavior-focused programs, and improving post-crash care.

Implementation: Critical Next Step

To sustain interdepartmental and agency coordination, The City will formalize the Vision Zero Task Force as a standing, recurring body that meets regularly (e.g., quarterly) and is led by Transportation/Department of Public Works with support from the City Mayor and Manager's Office. The Task Force will include decision-making representatives from key City departments and partner agencies and will convene around a consistent agenda focused on reviewing crash trends and performance metrics, coordinating implementation of priority projects and policies, and resolving cross-departmental barriers.

Coordination on Capital Projects Across Jurisdictions and Right-of-Way Owners

Interdepartmental coordination is essential for implementing the systemic safety treatments and priority policies identified in this Plan. Speed management strategies, for example, require coordination across roadway design, signal operations, enforcement, and public education, while improvements on priority corridors and intersections depend on alignment among public works, emergency response, capital planning, maintenance, and operations. Many priority projects also extend across jurisdictional boundaries or occur on roadways owned or operated by multiple agencies, requiring early and ongoing coordination among the City of Fresno, Fresno County, Fresno Area Express (FAX), school districts, and neighboring jurisdictions such as the City of Clovis to align design, funding, operations, and maintenance responsibilities and ensure consistent safety outcomes.

Project types that require cross-agency implementation coordination include:

TABLE 10 Project Types and Cross-Agency Coordination

Project Type	Agencies Requiring Coordination
Corridor and intersection safety improvements on roadways crossing neighboring cities, City–County boundaries or within County islands	City of Fresno Public Works; Fresno County Department of Public Works and Planning; Caltrans District 6 (where state routes are involved), City of Clovis
Speed management projects (lane reconfiguration, traffic calming, signal timing changes) involving multiple roadway owners or shared responsibilities	City of Fresno Public Works (Traffic Engineering); Fresno County Public Works; Fresno Police Department; Fresno County Sheriff's Office; California Highway Patrol (on state routes), City of Clovis
Transit-related safety improvements (bus stop access, crossings, lighting, curb management)	City of Fresno; Fresno Area Express (FAX); Fresno Council of Governments (Fresno COG); Fresno County Public Works or Caltrans District 6, as applicable, Fresno County Rural Transit Agency
School-area safety projects (Safe Routes to School, crossings, loading zones, speed management near campuses)	City of Fresno; Fresno Unified School District; Clovis Unified School District; Sanger Unified School District, Central Unified School District, Washington Unified School District Fresno County Office of Education; applicable roadway owner (City, County, or Caltrans)
Pedestrian and bicycle network connections crossing jurisdictional boundaries or connecting facilities owned by different agencies	City of Fresno; Fresno County; City of Clovis; Caltrans District 6; Fresno COG
Emergency response and post-crash safety improvements (access management, signal preemption, intersection modifications)	City of Fresno Police Department; City of Fresno Fire Department; Fresno County Sheriff's Office; Fresno County Fire Protection District; emergency medical service providers; applicable roadway owner

Implementation Through Existing Maintenance Processes

While many capital improvement projects require elements of construction, reconstruction, or installation of new signal equipment, some of the recommended safety projects described in this plan require little more than striping and sign installation and may be implemented as part of the City's routine restriping and resurfacing plans. This is a cost- and time-efficient way to implement improvements without having to apply for and procure additional grant funding. To leverage this implementation mechanism, the City can regularly review the full list of all recommended infrastructure projects before carrying out their routine restriping and resurfacing. Furthermore, the City should share these recommendations with the County and FAX so that they also can review the relevant recommendations and potentially implement them through routine maintenance.

Implementation Through the Existing Neighborhood Traffic Calming Program

Many systemic traffic safety recommendations in this plan - particularly those addressing speeding on residential streets - can be advanced through the City's established Residential Traffic Calming Program. The City of Fresno currently administers a Residential Street Speed Hump Program through the Public Works Traffic & Engineering Services Division, allowing neighborhoods with demonstrated speeding concerns and sufficient petition support to request speed humps and similar calming measures. Applications are accepted annually and ranked based on traffic speed, volume, collision history, and complaint data, with installations occurring between May and October of the following year.

While the Vision Zero Action Plan priority corridors are primarily located on major streets (arterials and collectors), the Residential Traffic Calming Program provides a complimentary mechanism to address speeding concerns on local neighborhood streets. Leveraging this existing program allows the City to continue responding to community concerns while supporting broader Vision Zero goals of reducing speeds and improving safety across the full street network.

Funding

A range of funding opportunities exist at the Federal, State, and regional level to increase safety on roadways. While future funding is uncertain, the funding programs below provide the City of Fresno opportunities to compete effectively for public grants that can advance the actions and project recommendations included in this plan to help eliminate crashes that kill and seriously injure people.

Priority funding mechanisms for the City of Fresno (those most typically used to fund safety infrastructure and programs in Fresno) are indicated with a green flag.

Infrastructure Funding Opportunities

TABLE 11 Federal, State, and Local Competitive Grant Opportunities

Program	Agency	What it Supports	Description	Typical Award Amount	Application Cycle and Next Deadline
FEDERAL					
Active Transportation Infrastructure Investment Program (ATIIP)	Federal Highway Administration	Funds Planning and Design projects including developing plans for active transportation networks and active transportation spines. Funds Construction projects that provide safe and connective active transportation facilities in an active transportation network or active transportation spine.	Both types of grants can go towards planning, designing, and constructing active transportation *networks* and active transportation *spines*. Active transportation *networks* are active transportation facilities that *connect between destinations within a community or metropolitan region*, including schools, workplaces, residences, businesses, recreation areas, medical facilities, and other community areas. Active transportation *spines* are active transportation facilities that *connect between communities, metropolitan regions.*	Funds Planning and Design projects of at least $100,000. Funds construction projects of at least $15 million.	Annual: Last cycle applications closed in summer 2024. Next cycle anticipated Spring/ Summer 2026.
Better Utilizing Investments to Leverage Development (BUILD) Transportation Discretionary Grants	U.S. Dept. of Transportation	Roads, bridges, transit, rail, ports, or intermodal transportation	Funds capital investments on surface transportation projects that achieve a significant impact for a metropolitan area, region, or the nation. Selection criteria encompass safety, economic competitiveness, quality of life, state of good repair, innovation, and partnerships with a broad range of stakeholders.	$1M-$25M+	Annual: FY2026 applications were due February 24, 2026. FY2027 NOFO anticipated in Winter 2026

Program	Agency	What it Supports	Description	Typical Award Amount	Application Cycle and Next Deadline
Community Development Block Grant (CDBG)	Housing and Urban Development (HUD)	Neighborhood revitalization, transportation services, public safety programs, drainage facilities, water and sewer improvements, street improvements for pedestrians and bicyclists	Provides communities with resources to address a wide range of unique community development needs by providing decent housing and a suitable living environment, and by expanding economic opportunities, principally for low- and moderate-income persons.	$200-$400K	Annual: Next entitlement allocations and funding guidance typically open in early-to-mid 2026 (check HUD for official schedule) City of Fresno applied in 2026
Safe Streets and Roads for All (SS4A) PRIORITY GRANT PROGRAM FOR FRESNO	U.S. Dept. of Transportation	Planning, demonstration projects (pilot or quick-build projects), and implementation	Funds regional, local, and tribal initiatives to prevent roadway deaths and serious injuries. The City of Fresno is highly competitive for SS4A funds and has completed successful applications during FY2022 and FY2025. To date, The City of Fresno has focused on applying for supplemental planning funds. With an adopted Vision Zero Action Plan, the City will be eligible for implementation funds in FY2026.	$200K-$25M	Annual: FY2025 applications closed in June 2025. FY2026 (the final cycle) NOFO due May 26, 2026. Note: FY2026 will be the last committed grant cycle as part of the IJAA. Future grant cycles will depend on what happens with the transportation authorization funding package at the federal level
Surface Transportation Block Grant (STBG)	Federal Highway Administration	Bicycle and pedestrian infrastructure projects.	Funds are administered at the County level through the Fresno Council of Governments. Projects awarded with STBG funding require an 11.47% match by the project sponsor for all project phases.		Varies; funding for FFY 2027/2030 closed Oct. 2025. Next cycle will likely open with the next Federal Transportation Improvement Program
STATE					
Active Transportation Program (ATP)	California Transportation Commission	Bicycle and pedestrian infrastructure projects	Prioritizes projects in disadvantaged communities that closes gaps in pedestrian and bicycle infrastructure between communities of need.	$500K-$2M	2-4 Year Cycle: ATP Cycle 8 Call for Projects is scheduled to open March 19–20, 2026, with applications due June 22, 2026.
California Highway Safety Improvement Program (HSIP) PRIORITY GRANT PROGRAM FOR FRESNO	California Department of Transportation (Caltrans)	Infrastructure projects with nationally recognized crash reduction factors (CRFs). Local HSIP projects must be identified on the basis of crash experience, crash potential, crash rate, or other data-supported means.	Funds projects and programs that reduce traffic fatalities and serious injuries by correcting or improving a specific problem. Highly competitive at the state level – roughly 75% of projects were funded during Cycle 12. Requires a Vision Zero Action Plan or an eligible local road safety plan. HSIP can be used to fund systemic safety treatments across multiple locations, or location-specific and corridor-level safety interventions.	$100K-$10M	2-Year Cycle: Cycle 13 schedule not yet released. Monitor HSIP for future NOFOs.

Program	Agency	What it Supports	Description	Typical Award Amount	Application Cycle and Next Deadline
California Sustainable Transportation Equity Project (STEP)	California Air Resources Board	Funds clean transportation and supporting projects, including public transit and shared mobility services, pedestrian and bicycle infrastructure, urban greening, land use planning and housing policy, workforce development, and clean transportation planning and education.	Funds community-led transportation projects that address local transportation needs, increase access to key destinations, and reduce vehicle miles traveled in disadvantaged or low-income communities.	$3M-$14M	Annual: No current funding available; application window is currently closed. Monitor CARB for future RFA announcements
Sustainable Transportation Planning (STP) Grants	California Department of Transportation (Caltrans)	Planning, community engagement, and studies to improve bicycle and pedestrian connections	Funds for communities to do planning, studies, and design work to identify and evaluate projects, including conducting outreach or implementing pilot projects.	$100K-$500K	Annual: FY2026-27 applications closed November 2025. Next cycle NOFO anticipated Fall 2026.
Local Streets and Roads Program (LSRP)	California Department of Transportation (Caltrans)	Infrastructure projects that improve or add pedestrian crosswalks, accessible sidewalks, road repair, lane reconfiguration, and bike facilities	Provides approximately $1.5 billion per year to cities and counties for basic road maintenance, rehabilitation, and critical safety projects on the local streets and roads system.	Varies	Annual: Typically opens in spring – monitor Caltrans Local Assistance updates in early 2026.
LOCAL					
Measure C PRIORITY FUNDING MECHANISM FOR FRESNO	Fresno County Transportation Authority	Funds transportation projects across the region including local streets and roads, highway improvements, transit services, bike lanes, pedestrian pathways, and environmental transportation programs.	Funds projects that improve the overall quality of Fresno County's transportation system.	Varies	Current Measure C extension set to expire 2027; a citizen-led Measure C will be on the 2026 ballot.
San Joaquin Valley Air Pollution Control District's Bikeway Incentive Program (Bike Path Program)	California Air Pollution Control Board	Bicycle facility projects including: Class I: Bicycle paths/trails Class II: Bicycle lane striping Class III: Bicycle route signage and shared-lane markings (e.g., sharrows)	Funds the development or expansion of a comprehensive bicycle-transportation network which will provide a viable transportation option for travel to school, work, and commercial sites.	Class I: Up to $150,000 per project Class II: Up to $100,000 per project Class III: Up to $100,000 per project	Typical annual call-for-projects; exact 2026 cycle dates not posted

Programmatic Funding Opportunities

Several state grant resources can be leveraged by school districts and other lead/partner agencies to support implementation of programmatic opportunities to advance Vision Zero priorities.

TABLE 12 Programmatic Competitive Grant Opportunities

Program	Agency	What it Supports	Description
Active Transportation Program (ATP)	California Transportation Commission	Safe Routes Programs (including infrastructure and non-infrastructure)	Funds a wide range of capital and non-capital projects. A strong preference is given to projects in disadvantaged communities that closes gaps in pedestrian and bicycle infrastructure between communities of need. Applicants include jurisdictional agencies as well as schools/school districts.
California Office of Traffic Safety (OTS) Grants	California Office of Traffic Safety	Certain activities under the SRTS, safety/ education and enforcement programs	Funds traffic-safety education, awareness and enforcement programs aimed at drivers, pedestrians, and cyclists. Fresno County and the Fresno Unified School District are currently using OTS funding to fund Safe Routes to Schools projects across the city and the county.
California Highway Safety Improvement Program (HSIP)	California Department of Transportation (Caltrans)	Certain activities under the SRTS, safety/ education and enforcement programs	Funds projects and programs that reduce traffic fatalities and serious injuries by correcting or improving a specific problem. Highly competitive at the state level.
Local Control and Accountability Plan (LCAP)	California Department of Education	Non-infrastructure safe routes to school activities	The LCAP is a three-year plan that describes the goals, actions, services, and expenditures to support positive student outcomes that address eight key state and local priorities related to school standards, student achievement, parent involvement, and school climate.

Performance Measures

Tracking progress is essential to achieving Vision Zero. Performance measures help the City understand whether safety strategies are working, identify emerging trends, and adjust approaches as needed. Transparent performance tracking also supports accountability by clearly communicating progress to City leadership, partner agencies, and the public.

While reductions in traffic fatalities and serious injuries remain the ultimate measure of success, the City will also use leading indicators, such as changes in vehicle speeds, implementation of safety treatments, and progress on Vision Zero actions, to assess whether Fresno is moving in the right direction over time. Together, these measures reinforce Vision Zero as an ongoing, data-informed effort rather than a one-time plan.

Vision Zero Data Dashboard

The City of Fresno has developed a public-facing Vision Zero Data Dashboard to track and communicate progress over time. The dashboard provides up-to-date information on crash trends, locations, severity, and contributing factors, and serves as the primary tool for annual reporting on Vision Zero performance.

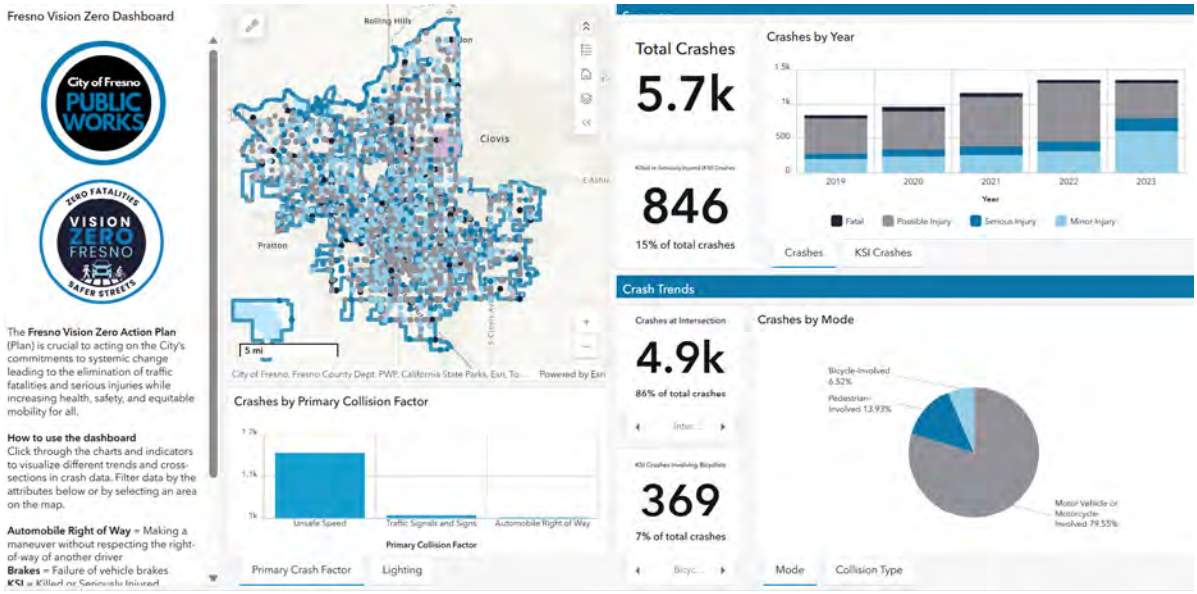

FIGURE 11 Fresno Vision Zero Data Dashboard

The dashboard is publicly accessible and allows community members, decision-makers, and partner agencies to view trends across the city and filter data based on:

- Crash trends
- Crashes by mode
- Crashes by severity
- Crashes by year
- Primary collision factors
- Crashes by lighting conditions

By making safety data accessible and easy to understand, the dashboard supports transparency, builds public trust, and helps keep Vision Zero outcomes visible over time. The dashboard is designed to evolve as new data sources become available, including improved coordination between local and statewide crash databases and partnerships with hospitals and public health agencies. Over time, it may expand to include additional performance measures beyond crash outcomes to support evaluation of safety strategies and investment priorities.

While crash and injury data remain critical for measuring long-term safety outcomes, the City recognizes that these data often lag by several years. To demonstrate near-term progress and maintain accountability, updates over the next 5-years to the Vision Zero Data Dashboard will incorporate a limited set of short-term, process-based performance measures that reflect implementation activity and momentum.

These measures may include:

- Number of street redesign or safety improvement projects completed annually
- Implementation of proactive speed management measures, such as speed limit updates or traffic calming installations
- Adoption or updates of Vision Zero–related policies and standards
- Community outreach and engagement activities conducted each year
- Progress on priority Vision Zero action items

Together, these near-term indicators will complement crash data by showing how the City is advancing Vision Zero strategies in real time, particularly within the first five years of implementation.

Plan Updates and Next Steps

Vision Zero is a long-term commitment that requires continuous learning and adaptation. As safety improvements are implemented and conditions change, the City should regularly revisit and update this Action Plan to reflect new data, community input, and lessons learned. No city has completely solved roadway safety, and best practices are evolving. This plan will be updated to reflect those evolutions and ensure that strategies remain relevant and that resources continue to be directed where they are most needed.

Next steps following adoption of this Plan include advancing recommended priority projects, implementing systemic safety treatments using the Major Streets Traffic Calming Toolkit, and continuing to refine policies and programs identified through the Vision Zero Taskforce. The top five priority intersections and street segments highlighted in earlier chapters are intended to serve as early implementation opportunities and as examples for applying similar strategies across the City. They can also be used to apply for future grant opportunities.

By pairing strong leadership, coordinated action, sustainable funding, and transparent performance tracking, Fresno can make steady progress toward its Vision Zero goal—**to eliminate all traffic fatalities and severe injuries while promoting safe, healthy, and equitable mobility for all road users.**

INTRODUCTION

The City of Fresno is working to improve street safety amid rising crash-related fatalities and injuries. This is particularly true on major streets (arterials, major collectors) where higher speeds, wider streets, and greater traffic volumes increase the prevalence of severe collisions. This *Major Streets Traffic Calming Toolbox* can also be interpreted as an *Arterial and Collector Speed Management Toolbox*. It identifies context-appropriate countermeasures for improving street safety and reducing the likelihood of crashes, specifically along arterials and collectors. This toolbox provides a range of countermeasures that address common safety challenges on the city's major streets. This toolkit responds to Fresno's existing conditions and crash history by focusing on proven safety measures that respond to common crash types on major streets in Fresno.

The City of Fresno's General Plan[1] defines arterials and collectors as follows:

Facility Type	Typical Configuration	Primary Purpose	Access Characteristics
Super-Arterial	Four- to six-lane divided roadway with median separation	Moves high volumes of multi-modal traffic between major generators and across subregions	Very limited access. Select right-in/right-out access points between major intersections; limited partial median openings (max one per half-mile). No left turns allowed out of local streets or properties.
Arterial	Four- to six-lane divided roadway with median separation	Moves traffic within and between neighborhoods and provides connections to freeways and expressways	Somewhat limited access to adjacent properties. Major intersections allow full movements; selected local street intersections may allow left turns where appropriately designed and spaced.
Collector	Two- to four-lane undivided roadway (typically without median; often includes center two-way left-turn lane)	Connects local streets to arterials and serves neighborhood traffic generators while providing property access	Local street intersections and driveway access permitted consistent with City standards. Typically allows two-way left-turn access via center turn lane.

[1] See City of Fresno General Plan section 4.3 Roadways and Automobiles for more information on street classification.
Fresno General Plan

HOW TO USE THE TOOLKIT

City staff are encouraged to use this document as guidance when evaluating safety interventions, acknowledging that each location is unique and that solutions should be supported by engineering judgment. This guide can be used as a complement to the City's current traffic calming practices on neighborhood streets through the Neighborhood Traffic Calming Program.

The countermeasures are organized into four categories; however, countermeasures may correspond to more than one category:

1. Travel Lanes
   Includes countermeasures that focus on design and operational improvements to lane configurations to enhance safety and mobility.
2. Intersections and Crossings
   Includes countermeasures that address design and operational improvements at intersections, which are critical due to the number of street users, movements, interactions, and decisions at these locations.
3. Speed Management
   Includes countermeasures that focus on reducing motorists' speeds, as excessive speeds significantly increase the likelihood and severity of crashes.
4. Signs and Signals
   Includes countermeasures that relate to regulatory, warning, and traffic control devices that guide the behavior of streets users.

In the Toolbox, each countermeasure is organized as follows:

Countermeasure

Description

Provides a brief depiction of the measure or measures.

Safety Benefits

Lists all the potential safety benefits that, when implemented, the countermeasure could provide.

Target Crash Types

Identifies crash types the countermeasure targets, including:

- **Head-on** is a crash that happens when two motorists travelling in opposite directions collide front to front.
- **Intersection-related** is a crash that happens at an intersection, usually related to turning maneuvers, motorists failing to yield, or motorists running through red lights.
- **Lighting conditions-related** is a crash that happens when lighting conditions related to time of day or the weather affect the visibility of the street, leading to a collision.
- **Pedestrian involved and/or bicyclist involved** is a crash where a pedestrian or a bicyclist is involved in the collision.
- **Rear end** is when a motorist crashes into the back of another vehicle.
- **Roadway or lane departure** is a crash that happens when a motorist swerves out of the travel lane and collides with another vehicle or with an object.
- **Side impact** is when a motorist crashes into the side of another vehicle.
- **Speeding-related** is a crash that happens as a result of a motorist travelling above the posted speed limit.

Crash Reduction

Refers to Crash Modification Factors (CMF) used by the Federal Highway Administration (FHWA) to provide a quantitative measure of the expected change in the number of crashes resulting from the implementation of the countermeasure. When referring specifically to the estimated percentage decrease of crashes, the FHWA calls it 'Crash Reduction Factors (CRF). The FHWA determines the factors by historical data and analysis of past interventions, but not all countermeasures have been researched, analyzed, and assigned a CMF.

In the state of California, Caltrans has prioritized a small number of CRFs and has linked them to applications for grants with the aim of establishing an accurate comparison between projects. The Toolbox identifies these CRFs through the reference "(CT)" at the end of the factor.

Considerations and Applicability

Outlines where the countermeasure is most effective and what factors should be considered during implementation. The section describes suitable locations based on traffic patterns and context while addressing design constraints and maintenance needs, and identifies potential impacts, tradeoffs, and conflicts that may arise as a result of implementation

Feasibility

Provides a threshold of the countermeasure's implementation cost represented as a graphic scale from low to high. Shaded circles indicate where the countermeasure falls within the scale. If more than one circle is shaded it indicates the cost falls within a range.

This section also provides infromation on funding opportunities for planning and implementing the countermeasures, including federal, state, and local grant programs.

Resources

Includes federal manuals, design guidelines, and research that refer to the countermeasure.

Coordinating Speed Management with Emergency Management Vehicles

Performance and System Level Considerations

Emergency response time is a critical performance measure for transportation networks. Delays in emergency vehicle travel can negatively affect outcomes for fire suppression, emergency medical services (EMS), and law enforcement response. Research and publicly available resources suggest strategies to balance the tradeoffs of traffic calming measures, emergency response times, vehicle sizes, and reliability.

Key considerations for emergency services travel and reliability include:

- **Network effects:** Countermeasures that introduce additional delay or deflection should be evaluated in the context of emergency response routes.
- **Temporal patterns:** Peak travel demands can compound emergency response delay; designs should account for variability in travel times.
- **Performance measures:** Emergency response time reliability can be incorporated into project evaluation criteria alongside safety and mobility metrics.

Design Impacts on Emergency Vehicles

Physical speed management features and roadway geometries implemented to reduce vehicle speeds and improve safety outcomes can affect larger vehicles, including fire apparatus and ambulances, by creating additional delay, vehicle handling challenges, or potential for equipment wear. Federal guidance specifically highlights the need to balance the safety benefits of geometric treatments with potential impacts on emergency mobility:

- The Federal Highway Administration's *Traffic Calming ePrimer* documents that geometric measures that create deflection are effective at lowering vehicle speeds but *must be designed to maintain emergency vehicle access*.[2] Design variants such as speed cushions, mountable curbing, or provision of bypass lanes are common design strategies to maintain access while preserving safety benefits.
- Professional safety organizations, including the Insurance Institute for Highway Safety (IIHS), emphasize that physical traffic calming treatments are effective at reducing speeds and crashes, but that coordination with emergency service providers is a recommended best practice to ensure operational compatibility.[3]

---

[2] FHWA Speed Management / Traffic Calming ePrimer — addresses traffic calming effects on speeds and the need for design consideration for emergency vehicles. https://highways.dot.gov/safety/speed-management/traffic-calming-eprimer

[3] Insurance Institute for Highway Safety (IIHS), *Traffic Calming* Topic Page — describes safety benefits of traffic calming and best practices. https://www.iihs.org/topics/traffic-calming

Emergency vehicle compatibility should not be assumed; instead, treatment design should explicitly account for vehicle dimensions, turning radii, and operational characteristics of local fire and EMS fleets. Early engagement with emergency service providers can help identify preferred design treatments and mitigation options that reduce delay without compromising safety.

Operational Countermeasures and Mitigations

In addition to geometric design features, operational countermeasures can mitigate potential negative impacts on emergency response. For example, *traffic signal priority and preemption* systems allow emergency vehicles to influence signal timing, reducing delay at signalized intersections and improving travel time reliability for responders. These systems are referenced in national signal control guidance and have been documented in public signal design manuals.[4]

Other operational strategies that should be considered in conjunction with physical countermeasures include:

- Coordination of signal timing along key emergency routes.
- Use of real-time traveler information and routing for emergency vehicles.
- Detection and priority systems for emergency responders.

Implications for Countermeasure Applicability

Incorporating emergency response considerations into countermeasure evaluation and selection supports a more balanced and context-sensitive application of traffic safety treatments. Countermeasure selection and implementation should include:

- Identifying locations where emergency vehicle responsiveness is a critical performance factor.
- Evaluating geometric and speed management measures and their potential impact on emergency travel times.
- Engaging fire, EMS, and law enforcement agencies early in the planning and design phases to identify concerns and mitigation strategies.
- Considering operational enhancements such as traffic signal priority as part of the countermeasure suite.

These considerations help ensure that countermeasure recommendations not only improve safety and traffic operations for the public but also support essential emergency services.

[4] Traffic Signal Preemption (public overview) — explains priority signal control for emergency vehicles. https://en.wikipedia.org/wiki/Traffic_signal_preemption

Medians and Pedestrian Islands

Travel Lanes

Description

Medians are raised or street level areas that separate opposing traffic.

Pedestrian islands are designated refuge spaces in the middle of the crosswalk where people can wait and safely cross the street in two stages.

Considerations and Applicability

- Ensure that the street section is wide enough to include a median and still have the lanes' widths within regulations.
- Ensure access and flow management by aligning the median gaps with intersections, driveways, and turning lanes.
- Coordinate with the Fire Department and School Districts to ensure that emergency vehicle, school bus, and public transit access can be maintained.
- Make the pedestrian islands between 4 feet and 8 feet wide to ensure pedestrian safety and comfort.

Recommended:

- Implement medians on multilane streets and streets with traffic volumes over 9,000 vehicles per day.
- Implement pedestrian islands at mid-block crossings.
- Implement pedestrian islands in zones with a high number of pedestrians or vulnerable street users, including near schools, hospitals, and senior living centers.

Safety Benefits	Feasibility
Medians help organize opposing traffic flows and calm speeds, enhancing visibility and predictability of motorists' movements. Pedestrian islands enhance safety by reducing pedestrian exposure to traffic and providing a refuge when crossing. **Targets:** • Head-on crashes • Intersection-related crashes • Lane departure crashes • Pedestrian-involved crashes • Side impact crashes	**Cost Range**  **Grants | Funding** Active Transportation Program (ATP) Rebuilding American Infrastructure with Sustainability and Equity (RAISE) Safe Streets and Roads for All (SS4A) California Office of Traffic Safety Grants (OTS) Local Streets and Roads Program (LSRP) Solutions for Congested Corridors Program Surface Transportation Block Grant Program (STBG) Highway Safety Improvement Program (HSIP)

25% Reduction in all crash types when installing a raised median on approaches. (CT) **45%** Reduction in pedestrian crashes when installing a raised median and pedestrian island at unsignalized intersections. (CT)	FHWA Proven Safety Countermeasures Pedsafe Guide GDCI Global Street Design Guide California Local Roadway Safety Manual

Narrow Travel Lanes

Description

Travel lanes typically range in width from 9 feet to 12 feet based on the street's function and context; narrow lanes are considered those between 9 feet and 10 feet. Nine-foot travel lanes are only feasible where striping, mountable features, or operational treatments are provided to accommodate larger vehicles such as emergency responders and transit vehicles. Narrow lanes help manage speeds and can free up space to accommodate infrastructure needs or other street users.

Considerations and Applicability

- Ensure that lane widths align with local regulations.
- Coordinate with the Fire Department and School Districts to ensure that emergency vehicle, school bus, and public transit access can be maintained.

Recommended:

- Implement narrow travel lanes on streets with lower posted speed limits or with low traffic volumes.
- Implement in dense urban and/or residential areas.
- Implement in areas with a high volume of people walking and/or biking.

Not recommended:

- Implementation is not recommended on streets with regular transit service or freight traffic.

Safety Benefits	Feasibility
Narrow travel lanes enhance road safety by encouraging slower motorists' speeds which reduces the likelihood and severity of crashes. **Targets:** • Pedestrian or bicyclist involved crashes • Speed-related crashes	**Cost Range**  **Grants | Funding** California Office of Traffic Safety Grants (OTS) Local Streets and Roads Program (LSRP) Solutions for Congested Corridors Program Caltrans Sustainable Transportation Planning Grant Congestion Mitigation and Air Quality Improvement Program Surface Transportation Block Grant Program (STBG) Highway Safety Improvement Program (HSIP)
Crash Reduction	**Resources**
24% Reduction in all crash types when converting 12 foot lanes to 11 foot lanes. **42%** Reduction in all crash types when converting 12 foot lanes to 10 foot lanes.	FHWA Safety Countermeasures NACTO Urban Street Design Guide GDCI Global Street Design Guide

Road Diet

Travel Lanes

Description

A road diet is a street reconfiguration that usually involves reducing travel lane widths or eliminating travel lanes, resulting in fewer travel lanes and often the space to accommodate other modes. The redesign encourages slower speeds and allows for the safe integration of different street users.

Considerations and Applicability

- Ensure widths align with local regulations.
- Coordinate with the Fire Department and School Districts to ensure that emergency vehicle, school bus, and public transit access can be maintained.
- Include bike lanes where needed and feasible.

Recommended:

- Implement on streets with excess roadway capacity.
- Implement on multi-lane streets.
- Implement in areas with high pedestrian/or bicyclist volumes.
- Implement where there is a need for dedicated left-turn lanes.

Not recommended:

- Implementation is not recommended on streets with an ADT of 10,000 or above.

Safety Benefits

Road diets enhance road safety by encouraging slower motorists' speeds, defining motorists' maneuvers, shortening pedestrian crossings, and minimizing conflicts between street users.

Targets:

- Intersection-related crashes
- Pedestrian and bicyclist involved crashes

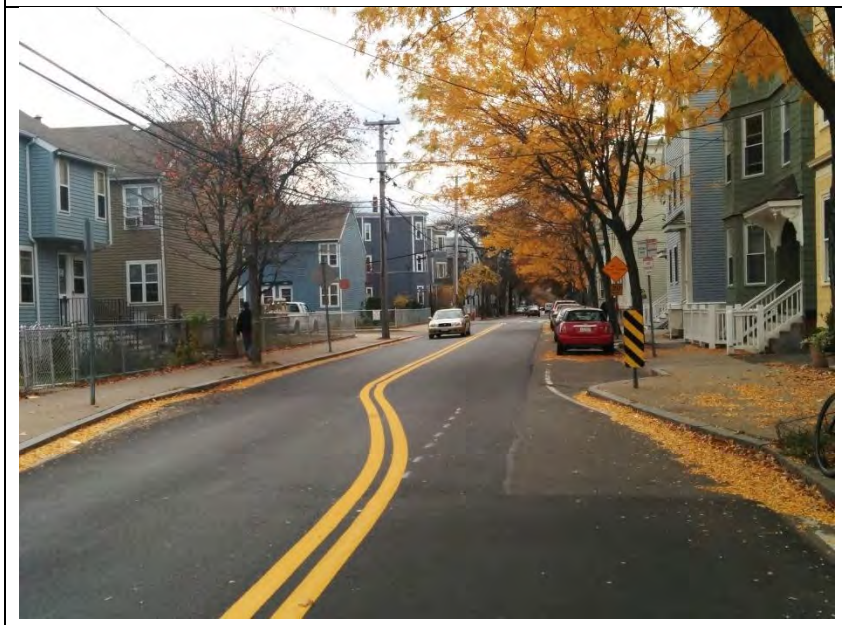
Chicanes

Travel Lanes

Description



Chicanes are horizontal deflections which use a series of alternating curb extensions placed mid-block that guide motorists into multiple lane shifts and increase motorists' awareness and reduce speeds.

Considerations and Applicability

- Consider drainage needs when implementing chicanes.
- Make sure the street width allows for chicanes.
- Consider the impact of the reduction in parking spaces.
- Utilize the gained space to incorporate landscaping elements.
- Identify emergency vehicle needs.
- Ensure chicanes are visible to motorists.

Recommended:

- Implement on residential streets.
- Implement on downtown streets
- Implement in school zones and near parks.

Not recommended:

- Implementation is not recommended on truck routes and transit corridors.
- Implementation is not recommended on streets with more than one travel lane in each direction.

Safety Benefits	Feasibility
Chicanes encourage safer driving behavior by reducing straight-line acceleration and increasing motorist awareness enhancing motorist and pedestrian safety. **Targets:** • Pedestrian and bicyclist involved crashes • Speed-related crashes	**Cost Range**  **Grants | Funding** Active Transportation Program (ATP) Rebuilding American Infrastructure with Sustainability and Equity (RAISE) Safe Streets and Roads for All (SS4A) California Office of Traffic Safety Grants (OTS) Local Streets and Roads Program (LSRP) Solutions for Congested Corridors Program Surface Transportation Block Grant Program (STBG) Clean California Local Grant
Crash Reduction	**Resources**
While the FHWA CMF Clearinghouse does not list a treatment-specific CMF labeled *chicane*, the Clearinghouse does include CMFs for *traffic calming* treatments incorporating horizontal deflection. For example, an approximate 33% reduction in crashes is documented for traffic calming treatments on urban minor collectors (FHWA CMF Clearinghouse, CMF ID 131), demonstrating measurable crash reduction associated with physical speed management measures.	NACTO Urban Street Design Guide Pedsafe Guide GDCI Global Street Design Guide California Local Roadway Safety Manual FHWA Speed Management Crash Modification Factors Clearinghouse

Roundabout

Intersections and Crossings

Description

A roundabout is a circular intersection that eliminates stop signs and signals and relies on the motorists who are entering the intersection to yield to the traffic already inside. Motorists travel counterclockwise around a center island at slower speeds, improving traffic flow and road safety.

Speed calming features like channelized approaches and curvature design must be incorporated to ensure low travel speeds of 30 mph.

Considerations and Applicability

- Ensure that there is enough space for the central island and the entry and exit lanes.
- Incorporate adequate designs for pedestrians and bicyclists, such as setback pedestrian crosswalks.
- Add destination signage at the entry and exit points.
- Incorporate splitter islands or road markings to organize flows.
- Include speed signage and design features to slow down motorists approaching the intersection.
- Consider that this type of intersection may be challenging for people with visual disabilities.
- Coordinate with the Fire Department and School Districts to ensure that emergency vehicle, school bus, and public transit access can be accommodated.

Recommended:

- Implement at intersections with moderate to high traffic volumes.
- Implement at intersections with a history of left-turn crashes.
- Implement in urban, suburban, and rural areas.

Not recommended:

- Implementation is not recommended on streets with high-speed limits.
- Implementation is not recommended at intersections with unbalanced traffic volumes.
- Implementation is not recommended at locations with high pedestrian volumes.

Safety Benefits	Feasibility
Roundabouts reduce conflict points and encourage slower speeds, decreasing the likelihood of severe crashes. They can also improve pedestrian safety by providing shorter crossing distances and pedestrian islands when designed and implemented properly. **Targets:** • Intersection-related crashes • Pedestrian-involved crashes • Side impact crashes	**Cost Range**  **Grants | Funding** Surface Transportation Block Grant (STBG) Highway Safety Improvement Program (HSIP) Safe Streets and Roads for All (SS4A) Local Streets and Roads Program (LSRP)
Crash Reduction	**Resources**
82% Reduction in all crash types when converting a stop-controlled intersection into a single-lane roundabout. **35% - 67%** Reduction in all crash types when converting a signalized intersection into a roundabout. (CT) **12%-78%** Reduction in left-turn crashes when converting an intersection into a roundabout. (CT)	FHWA Roundabouts with Pedestrians and Bicycles FHWA Roundabouts: An Informational Guide Pedsafe Guide FHWA Proven Safety Countermeasures California Local Roadway Safety Manual

Protected Intersection

Intersections and Crossings

Description

A protected intersection incorporates infrastructure like corner islands and signal elements that prioritize the safety and traffic of pedestrians and bicyclists.

Considerations and Applicability

- Ensure that adequate space is available for the redesign of the intersection.
- Consider that traffic flow may be affected.
- Coordinate with the Fire Department and School Districts to ensure that emergency vehicle, school bus, and public transit access can be maintained.

Recommended:

- Implement in urban and suburban areas
- Implement at locations with a high number of pedestrians and bicyclists.
- Implement on transit corridors

Not recommended:

- Implementation is not recommended in rural or low-density urban areas.
- Implementation is not recommended in intersections with limited space.

Safety Benefits

Protected intersections reduce collision risks by enhancing visibility and reducing conflicts between street users through clear separation of flows and crossing areas.

Targets:

- Intersection-related crashes
- Pedestrian and bicyclist involved crashes

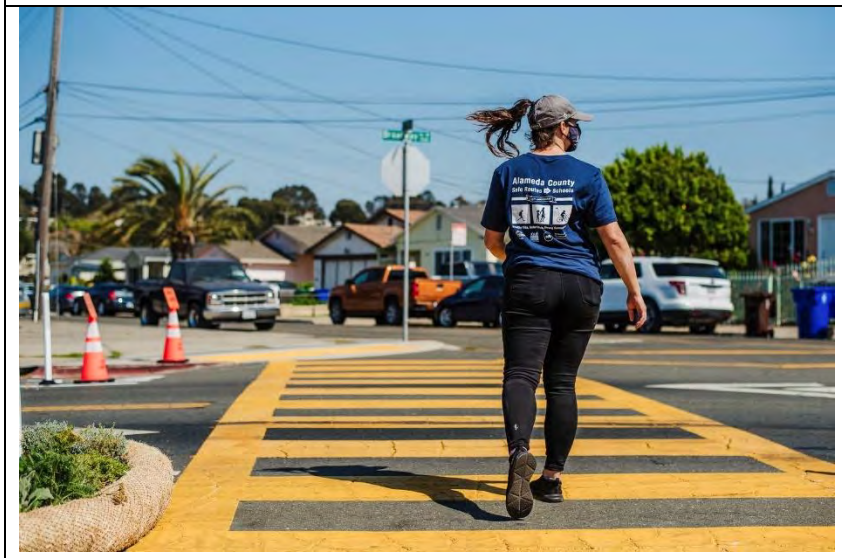
Crosswalk Visibility Enhancements

Intersections and Crossings

Description



Crosswalk visibility enhancements are design and marking improvements that make pedestrian crossings more noticeable to all street users. This approach includes:

High visibility markings using reflective and durable paint.
Advanced warning signs alerting motorists to upcoming crosswalks.
Overhead lighting enhancing visibility at intersections.
Rectangular Rapid Flashing Beacons (RRFB) providing active warning crosswalk beacons to motorists.

Considerations and Applicability

- Take into consideration speed limits when choosing intervention type.
- Assess pedestrian volumes at crosswalks.
- Ensure regular maintenance at crosswalks.
- If possible, follow a systematic approach to enhance predictability.

Recommended:

- Implement at mid-block crossings and unsignalized crossings.
- Implement at intersections with a high volume of pedestrians, like school zones or near transit stops.
- Implement in areas with poor visibility.

Not recommended:

- Implementation is not recommended in areas with low pedestrian activity or volumes.
- Implementation is not recommended on high-speed streets without additional safety measures.

Safety Benefits	Feasibility
Improve pedestrian safety by increasing motorists' awareness and predictability of crosswalk locations. **Targets:** • Pedestrian-involved crashes • Intersection-related crashes • Lighting-related crashes	**Cost Range**  **Grants | Funding** Active Transportation Program (ATP) Safe Streets and Roads for All (SS4A) Highway Safety Improvement Programs (HSIP) California Office of Traffic Safety Grants (OTS) Local Streets and Roads Program (LSRP)

(CT)	FHWA Proven Safety Countermeasures Pedsafe Guide Manual on Uniform Traffic Control Devices (MUTCD) NCHRP 926 Guidance to Improve Pedestrian and Bicyclist Safety at Intersections California Local Roadway Safety Manual

Corner Redesign

Intersections and Crossings

Description

Corner redesign measures modify intersections by reducing curb radii and/or adding curb extensions. A curb extension is a sidewalk extension that narrows the roadway at intersections or mid-block crossings.

These measures shorten the crossing distance for pedestrians, reduce motorists' turning speeds, and improve visibility between motorists and pedestrians.

Considerations and Applicability

- Coordinate with the Fire Department, School Districts, and public to ensure curb radii are design to accommodate large-vehicle turning movements.
- Allow for adequate water drainage when implementing curb extensions.
- Consider bicyclist circulation when implementing curb extensions.
- A width of 6 feet is suggested for curb extensions.

Recommended:

- Implement at urban and suburban intersections with high pedestrian activity and volumes.
- Implement at locations with frequent turning conflicts.
- Implement in school zones

Not recommended:

- Curb extension implementation is not recommended on streets without an on-street parking lane.

Safety Benefits	Feasibility
Corner redesign improves safety by reducing motorists' speeds, improving visibility and reducing pedestrians' exposure to vehicles. This measure helps reduce conflicts between motorists and pedestrians and bicyclists. Targets: • Intersection-related crashes • Pedestrian and bicyclist involved crashes	**Cost Range**  **Grants | Funding** Active Transportation Program (ATP) Safe Streets and Roads for All (SS4A) Highway Safety Improvement Programs (HSIP) California Office of Traffic Safety Grants (OTS) Local Streets and Roads Program (LSRP) Community Development Block Grant (CDBG)

Adjustments to Existing Slip Lanes

Intersections and Crossings

Description

Slip lanes are channelized dedicated right-turn lanes that allow motorists to turn without stopping.

Adjustments to existing slip lanes can include traffic calming measures and pedestrian-centered interventions to make the intersection safer. Slip lanes may also be eliminated to create a tighter and more controlled intersection.

Considerations and Applicability

- Assess the impact on vehicle capacity and flow when removing the slip lane.
- Reclaim gained space from the lane closure with green infrastructure or amenities.
- When implementing pedestrian-focused measures, add advance sign warnings to increase motorists' awareness.

Recommended:

- Implement at intersections where right turns pose a risk to pedestrians.
- Implement at urban and suburban intersections with a high volume of pedestrians, including school zones, transit hubs, and commercial areas.

Not recommended:

- Implementation is not recommended on major freight or emergency routes.
- Lane closures are not recommended at locations where there is a high number of turning vehicles.

Safety Benefits	Feasibility
Adjustments to existing slip lanes and slip lane closures enhance safety by reducing turning speeds, improving sightlines, and eliminating conflicts between motorists and pedestrians and bicyclists. **Targets:** • Intersection-related crashes • Pedestrian-involved crashes	**Cost Range**  **Grants | Funding** Safe Streets and Roads for All (SS4A) Highway Safety Improvement Programs (HSIP) California Office of Traffic Safety Grants (OTS) Clean California Local Grant Program

Context-Sensitive Speed Limits

Speed Management

Description

Context-sensitive speed limits adjust speed regulations based on the surrounding environment, street classification and function, and street user needs. Catered speed limits differ from statutory speed limits on a case-by-case basis.

Applicability and Considerations

- Accompany the new speed limits with traffic calming measures or adequate enforcement.

Recommended:

- Implement in urban and residential areas.
- Implement in school zones and near parks.

Not recommended:

- Implementation is not recommended on freeways.
- Implementation is not recommended on rural streets with low pedestrian and bicyclist activity.

Safety Benefits	Feasibility
Context-sensitive speed limits enhance safety by reducing motorists' speeds and crash risk and severity. **Targets:** • Speed-related crashes	**Cost Range**  **Grants | Funding** Active Transportation Program (ATP) Safe Streets and Roads for All (SS4A) Highway Safety Improvement Programs (HSIP) California Office of Traffic Safety Grants (OTS) Local Streets and Roads Program (LSRP) Measure C Regional Transportation Program
Crash Reduction	**Resources**
40% Reduction in fatal and serious injury crashes on rural streets when setting the speed limit 5 mph below the engineering study recommendation. **34%** Reduction in all crash types when installing variable speed limits on principal arterials. **65%** Reduction in rear-end crashes when installing variable speed limits on principal arterials.	FHWA Proven Safety Countermeasures FHWA Safe System Approach for Speed Management

Speed Limit Signs and Markings

Speed Management

Description

Signs and markings provide clear, visible guidance on posted speed limits helping regulate motorists' speeds. Signs are installed at regular intervals and sign size depends on the function of the street and its speed.

Pavement markings can reinforce speed regulations by painting the posted speed limit on the street surface. Markings are usually considered in critical areas or where there is a high volume of pedestrians.

Signs and pavement markings are complementary and serve as reminders to motorists to travel at the posted speed limit.

Considerations and Applicability

- Ensure sign and marking placement is visible.
- Use reflective materials and proper sizing.
- Align signs and markings with local regulations.
- Install signs and markings at regular intervals.
- Provide regular maintenance.

Recommended:

- Implement at street entry points.
- Implement at transition zones where the speed limit changes.
- Implement at curves.
- Implement in areas with high pedestrian and/or bicyclist volumes.
- Implement on multimodal corridors.

Safety Benefits	Feasibility
Speed limit signs and markings reinforce safe driving behavior and improve compliance with speed limits, reducing motorists' speeds and reducing crashes and/or their severity. **Targets:** • Speed-related crashes	**Cost Range**  **Grants | Funding** Highway Safety Improvement Program (HSIP) Measure C Funding Active Transportation Program (ATP)
Crash Reduction	**Resources**
A crash reduction factor has not yet been associated with in-roadway speed pavement markings or static speed limit signs.	FHWA Speed Management Toolkit FHWA Proven Safety Countermeasures NCHRP Posted Speed Limit Setting Procedure and Tool California Local Roadway Safety Manual

Speed Feedback Signs

Speed Management

Description

Speed feedback signs are permanent or portable electronic displays that show motorists their speed in real-time.

Considerations and Applicability

- Install the signs where motorists have enough time to react and adjust their speeds before reaching critical areas.
- Ensure sign visibility in all lighting and weather conditions.
- Accompany with speed limit signs, pavement markings, calming measures, and/or enforcement.

Recommended:

- Implement in transition zones and school zones.
- Implement in work zones.
- Implement on downhill segments.

Not recommended:

- Implementation is not recommended in areas with poor visibility.

Safety Benefits

Speed feedback signs increase motorists' awareness and helps maintain speed limits, reducing the risk of crashes.

Targets:

- Speed-related crashes

Feasibility

Crash Reduction	Resources
34% Reduction in all crash types when installing variable speed limit system where posted speed limits change in real time according to traffic and/or weather conditions. **51%** Reduction in fatal and serious injury crashes when installing variable speed limit system where posted speed limits change in real time according to traffic and/or weather conditions. **65%** Reduction in rear-end crashes when installing variable speed limit system where posted speed limits change in real time according to traffic and/or weather conditions. **7%** Reduction in all crash types when implementing feedback indicator signs at high crash rate curve sites with identified speeding problems.	FHWA Proven Safety Countermeasures NHTSA Countermeasures That Work Pedsafe Guide California Local Roadway Safety Manual

Advanced Stop Lines

Signs and Signals

Description

Advanced stop lines are pavement markings placed ahead of the standard distance from the crosswalks, usually 4 feet before the crosswalk.

This measure may be accompanied by a bike-box, which is a dedicated space at intersections for bicyclists to wait during the stop phase, making them more visible to motorists.

Considerations and Applicability

- Do not place more than 4 feet away from the crosswalk as motorists might not comply.
- Effectiveness of advance stop lines depends on motorist compliance.
- Advance stop lines work best as part of a systemic approach for high-visibility crosswalks.
- Accompany with a bike-box at signalized intersections.

Recommended:

- Implement in areas with a high number of pedestrians and bicyclists.
- Implement at intersections with frequent turning movements.

Not recommended:

- Implementation is not recommended on street sections without traffic control.

Safety Benefits	Feasibility
Advanced stop lines improve visibility of pedestrians and reduce conflicts between motorists and vulnerable street users. **Targets:** • Pedestrian-involved crashes	**Cost Range**  **Grants | Funding** Highway Safety Improvement Program (HSIP) Measure C Funding Active Transportation Program (ATP)
Crash Reduction	**Resources**
15% Reduction in pedestrian and/or bicyclist involved crashes when installing an advance stop bar before a crosswalk. (CT)	Pedsafe Guide Caltrans Pedestrian Safety Countermeasures Toolkit FHWA Step Studio California Local Roadway Safety Manual

Protected Left Turns

Signs and Signals

Description

A protected left turn is an exclusive signal phase that allows left-turning motorists to proceed with a green arrow, while all other traffic and pedestrians are stopped.

Considerations and Applicability

- Implementing a protected left turn could increase the signal cycle length.
- The wait time for pedestrians and bicyclists could increase.
- Additional signal heads and detection systems may be required.

Recommended:

- Implement in locations with high left-turn volumes.
- Implement at intersection with a history of left-turn crashes and/or conflicts.
- Implement on streets with multiple oncoming traffic lanes.
- Implement at intersections with limited visibility.

Not recommended:

- Implementation is not recommended at intersections with low vehicle volumes.
- Implementation is not recommended on corridors with coordinated signal timing needs.

Safety Benefits	Feasibility
Protected left turns eliminate conflicts between turning motorists and other street users, reducing crash risks at intersections. **Targets:** • Intersection-related crashes • Side impact crashes	**Cost Range**  **Grants | Funding** Highway Safety Improvement Program (HSIP) Measure C Funding Caltrans Statewide Traffic Safety Program (STSP) Active Transportation Program (ATP) Safe Streets and Roads for All (SS4A) Community Development Block Grant (CDBG)
Crash Reduction	**Resources**
28% Reduction in all crash types when providing a left-turn lane on one major-street approach. **48%** Reduction in all crash types when providing a left-turn lane on both major-street approaches. **42%** Reduction in left-turn related crashes when changing left-turn signals from permitted to protected only during certain times of day. **55%** Reduction in all crash types when installing a left-turn lane and phase where there was none before. (CT) **30%** Reduction in all crash types when providing a left-turn phase in an existing left-turn lane. (CT)	California Local Roadway Safety Manual

High Visibility Pavement Markings

Signs and Signals

Description

High visibility pavement markings are roadway markings used to delineate space and improve visibility for all street users, especially in the dark and in adverse weather conditions. These can be:

Reflective pavement markings which use paint that is brighter and more durable than standard paint.
Raised pavement markers (RMPs) which are small reflective devices that mark lane boundaries or other specific areas.

Considerations and Applicability

- Provide regular maintenance.
- Ensure alignment with MUTCD standards.

Recommended:

- Implement at crosswalks in areas with high-pedestrian volumes.
- Implement at intersections with frequent conflicts.
- Implement in contexts with weather conditions that affect visibility.
- Implement in rural areas with poor lighting.

Not recommended:

- Implementation is not recommended on streets subject to frequent resurfacing.
- Implementation is not recommended on streets with low traffic volumes.

Safety Benefits	Feasibility
High visibility pavement markings reduce the risk of crashes related to poor visibility by enhancing lane definition and guiding street users through specific areas. **Targets:** • Pedestrian-involved crashes • Lane departure crashes • Nighttime crashes • Intersection-related crashes	**Cost Range**  **Grants | Funding** Highway Safety Improvement Program (HSIP) Measure C Funding Active Transportation Program (ATP) Safe Streets and Roads for All (SS4A)
Crash Reduction	**Resources**
24% Reduction in nighttime crashes in rural areas when implementing reflective pavement markings. **10%** Reduction in fatal and injury related crashes when applying thermoplastic markings in rural areas. **15%** Reduction in all crash types when installing delineators, reflectors and/or object markers when approaching a curve or fixed object. (CT)	FHWA Guidelines for the Use of Raised Pavement Markers FHWA Proven Countermeasures

RESOLUTION NO. _____

A RESOLUTION OF THE COUNCIL OF THE CITY OF FRESNO, CALIFORNIA, TO ADOPT THE CITY OF FRESNO VISION ZERO ACTION PLAN

WHEREAS, on September 18, 2022, by Resolution No. 2022-183, the City Council authorized the submission of a grant application to the United States Department of Transportation Safe Streets for All program for the development and adoption of a Vision Zero Action Plan; and

WHEREAS, on April 18, 2024, the City Council approved a professional consultant agreement with TDG Engineering, Inc., and affiliate of Toole Design Group, LLC., for the development of a Vision Zero Action Plan; and

WHEREAS, on April 23, 2026, city staff presented the developed draft Vision Zero Action Plan to City Council.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Fresno as follows:

1. The City Council finds the adoption of the City of Fresno Vision Zero Action Plan is in the best interest of the City of Fresno.

2. The City Council hereby adopts the City of Fresno Vision Zero Action Plan.

3. This resolution shall be effective upon final approval.

SUBJECT

Active Transportation Advisory Committee (ATAC) Biannual Report (October 2025 through March 2026) (Citywide)

RECOMMENDATION

Staff recommends that Council review and accept the ATAC's biannual report, which provides an overview of activities for the period between October 2025 and March 2026.

EXECUTIVE SUMMARY

On October 8, 2002, the City Council voted 7-0 to establish the Active Transportation Advisory Committee (ATAC), formerly known as the Bicycle and Pedestrian Advisory Committee (BPAC), along with its charter and by-laws. The ATAC was created to advise the Council on bicycle and pedestrian matters citywide, with the goal of ensuring that Public Works projects are designed and implemented with careful consideration for bicyclists and pedestrians.

This biannual report provides an overview of the ATAC's activities and accomplishments from October 2025 through March 2026. The ATAC's intent is to continue providing these reports to the Council on a biannual basis.

BACKGROUND

On October 8, 2002, the City Council voted 7-0 to establish the Bicycle and Pedestrian Advisory Committee (BPAC), along with the charter and by-laws guiding its role in advising the Council on bicycle and pedestrian matters throughout the City. On May 25, 2023, the Council approved a resolution renaming the BPAC to the Active Transportation Advisory Committee (ATAC). This change was in name only, as the committee continued to advance its longstanding goals of promoting safety

and ensuring thoughtful consideration of bicycle and pedestrian needs in the design and implementation of all Public Works projects affecting these users. The ATAC meets monthly and is composed of a representative for each Council District as well as two (2) Mayoral appointees.

Between October 2025 and March 2026, four (4) task force committees were formed to support strategic planning for citywide events. These included the World Day of Remembrance Task Force, Bicycle Parking Task Force, Biannual Report Task Force, and Bike Month Task Force. During this period, ATAC coordinated the World Day of Remembrance event held on November 16, 2025, honoring bicyclists and pedestrians who were victims of vehicle collisions in Fresno.

Through the objectives of the ATAC Charter, members participated in a variety of interactive and exciting events to promote active transportation facilities, education, and community in the City of Fresno. ATAC provided letters of support for grant applications for projects with bicycle and pedestrian components. In addition, members were active in various capacities throughout the community, leading bike rides and repair clinics, being involved in various plan updates, and conducting advocacy. ATAC has been active in the City's planning efforts for the Active Transportation Plan Update and the Vision Zero Action Plan. Members continue to serve as a voice to help build a connected network and to make every street as safe as possible for the City's most vulnerable users with a goal of zero traffic related deaths. Committee members continue to be passionate in their effort to ensure that safety and consideration of bicyclists and pedestrians are included in the planning and design of capital improvement projects.

Goals for the next six months include filling in vacancies on the committee, continuing ATAC's involvement in the Active Transportation Plan update and Vision Zero Action Plan, and providing ongoing support to grant applications for active transportation projects.

Of particular interest to the ATAC are the number of pedestrian and bicycle fatalities occurring within the city limits. Based on monthly activity reports, the following are the number of pedestrian and bicycle fatalities by year:

- 2025 - Pedestrian 28, Bicyclist 3
- 2026 - Pedestrian 1, Bicyclist 0 (January 1, 2026 - February 28, 2026)

Per the charter, the ATAC is tasked with reviewing matters related to walking and bicycling, including the following:

- Provide input into the development and review of the comprehensive bicycle/pedestrian goals, objectives, and policies (i.e. General Plan, Specific Plans, ATP)
- Work with the City to promote bicycle and pedestrian safety
- Review and comment on the functional classification and physical condition of existing bicycle and pedestrian facilities
- Identify road hazards, obstruction, site access restrictions, and circulation impediments as they affect cyclists and pedestrians
- Identify the current provisions of bicycle parking facilities within the City and recommend appropriate bicycle technology and locations which would increase use of bicycles
- Review all projects that fall within the City's jurisdiction insofar as they relate to bicycling and walking
- Evaluate and make recommendations regarding safety issues for all types of bicycle and

pedestrian facilities
- Make recommendations on capital improvements to increase the use and safety of bicycle and pedestrian facilities
- Participate in the review, prioritizing and recommendations of bicycle and pedestrian projects for funding under either Capital Improvement Programs, designated Transportation Development Act Article 3 funds or other district, county, state or federal bicycle and pedestrian grant programs
- Provide input to the City, County, and Police Department regarding enforcement provisions of the vehicle code pertaining to the rights and responsibilities of bicyclists and pedestrians, bicycle parking security and theft prevention, legislation regarding bicycle and pedestrian travel in the City of Fresno
- Participate in the City's effort to promote operator awareness and competence through education programs, coordinating with County projects where available
- Participate in the City's effort to promote bicycling and walking as viable forms of urban transportation and recreation
- Participate in other local, regional or statewide bicycle and walking promotion activities and take a leadership role in planning and implementing Bike to Work Day/Week in May

ENVIRONMENTAL FINDINGS

By the definition in the California Environmental Quality Act (CEQA) Guidelines Section 15378, the biannual report does not qualify as a "project" as defined by CEQA.

LOCAL PREFERENCE

Local preference was not implemented because the biannual report does not include a bid or award a construction or services contract.

FISCAL IMPACT

The biannual report was completed within the operating budget of the Public Works Department. There will be no additional impact on the General Fund.

Attachment:
ATAC Biannual Report October 2025 - March 2026

Active Transportation Advisory Committee

Biannual Report (October 2025 - March 2026)

Overview

During the reporting period, the Active Transportation Advisory Committee conducted five meetings, hosted the World Day of Remembrance, and had a number of active subcommittees including the Bicycle Parking Task Force, the World Day of Remembrance Task Force, the Bike Month Task Force, and the Biannual Report Task Force. Members also served on additional committees spearheaded by the City of Fresno Public Works Department including the Vision Zero Action Plan Task Force and the Active Transportation Steering Committee.

The Committee reviewed numerous active transportation projects during the reporting period, and have recurring concerns about electric bicycle safety and regulations, limited greening and shade included in active transportation projects, connectivity of walking/biking routes, high level of pedestrian and bike collisions and fatalities in the City of Fresno, and the ability to provide usable input when projects are presented for review by the Committee only in late stages of project completion.

2018	3,208	213 (25 deaths)	117 (5 deaths)	30

**Total Collisions include all documented collisions reported to the Police Department, citywide.*

Monthly Meeting Summaries

October 22, 2025
The Committee received a presentation from Public Works about the Bill of Ordinances related to Bicycle Facilities and Bicyclists. The Committee suggested revisions and shared concerns regarding availability of bike racks and regulation of bike parking. Public Works led discussion and presentations regarding three portions of the Blackstone Smart Mobility Plan. The 2026 Meeting Schedule and Calendar and the Biannual Report were approved. Reports from all active task forces and Committee members were shared. Staff reports were received including the October Traffic Collision Report from the Police Department, and updates from Public Works on the Eaton Trailhead at Fort Washington, the Blackstone AC Overlay from Minarets to Nees, and September's Capital Projects Summary.

December 3, 2025
The Committee nominated Members Yovino and Zweifler as Chair and Vice Chair for the 2026 calendar year, voted to create the Bike Month Task Force, and appointed Chair Gromis, Vice Chair Zweifler, Member Yovino and Member Bailey to the task force. The Committee discussed the recent approval of a major change to the Downtown bike loop in the Active Transportation Plan Update, and expressed concerns related to connectivity, cost, and lack of input on a major change to active transportation infrastructure. The Biannual Report Task Force and the World Day of Remembrance Task Force were dissolved by unanimous vote following approval of the Biannual Report by Council and the successful completion of the World Day of Remembrance event on November 16, 2025. Members shared that the event included 50 attendees, and included testimonies from families of victims, medical community, the Deputy Chief of Police, Public Works, and Councilmember Perea. Attendees particularly enjoyed the commemorative flower lapels provided at the event. Reports were received from Committee members and all active task forces. Staff reports included updates on the ATP and Vision Zero Action Plan, the Police Department's November Collision Report, and presentations regarding the following projects from Public Works: Herndon/BNSK Bridge Widening from Polk to Millburn; Behymer and Granville Traffic Calming Phase II; Cedar Ave Complete Streets from Jensen to Church; Yosemite Safe Routes Street Improvements, Planned Pedestrian Improvements on Bullard between Van Ness and Forkner; and November's Capital Projects Summary. The traffic calming at Behymer and Granville was highlighted by the Committee as an exemplary project, with hopes that similar traffic calming strategies would be incorporated in future projects.

January 28, 2026
The Committee elected Member Yovino as Chair and re-elected Vice Chair Zweifler. A presentation on the Brown Act and Advisory Boards was received, and discussion took place regarding ATAC Priorities and Vision, during which the Committee expressed interest in meeting with the Public Works' Grants Team. Reports were heard from sitting members, and task force teams. Bike Month Task Force reviewed work on Bike Month events including Mayor's Bike Ride, Park to Park and a Bike Rodeo. Staff presented an update on the ATP and Vision Zero Action Plan, and the Police Department's January Collision Report. Public Works presented on the following projects: Fresno Street Overlay from C Street to F Street; Church Avenue Complete Streets Project from MLK Jr. Blvd. to Elm Street; Cesar Chavez Grade Separation; January's Capital Projects Summary; Draft Options for MLK Jr. Blvd/ Pottle Avenue & Cesar Chavez Blvd Intersection Project, of which the committee preferred option 1.

February 25, 2026
Public Works presented on the Active Transportation Plan and timelines, and was presented with a variety of comments, clarifying questions, and recommendations from both the committee and attendees. The Bike Month Task Force presented updates on the Mayor's Bike Ride, and the Park to Park Ride and Bike Rodeo. Members presented reports on their districts. Public Works gave updates on the Bike Ordinances which were approved by Council, as well as the ATP and Vision Zero Plan. The February Traffic Collision Report from Fresno Police Department, and the February Capital Projects Summary were both shared.

March 25, 2026
Public Works' Grants Team presented information regarding grant writing processes and priorities, and project request processes. The Committee asked clarifying questions and suggested environmental justice goals be added to priorities as well as opportunities for the Committee to provide feedback. Public Works presented capital projects updates including: Herndon Frontage Road Traffic Study; River West Project; Bullard Avenue from Van Ness to Forkner Sidewalk Improvement; and March's Capital Projects Summary. The Committee voted to establish the Biannual Report Task Force with Chair Yovino and Member Bailey as the appointees. Reports from each active task force were presented, and the Committee voted to approve the Bike Month Task Force's flyers for the Mayor's Bike Ride and the Park to Park event. Active members presented reports on their districts. Staff presented updated timelines for the ATP Plan, Vision Zero Action Plan, and the Mobility Design Guide, as well as the Police Department's March Traffic Collision Report.

REPORT TO THE CITY COUNCIL

FROM: FRANCISCO PARTIDA, C.M.,C.A.E., USAP, Interim Director of Aviation
Airports Department

SCOTT L. MOZIER, PE, Director
Public Works Department

BY: ANN D. KLOOSE, Sustainability Manager
Public Works Department

SUBJECT

Actions pertaining to the Parking Lot Solar and Energy Storage at Fresno Yosemite International Airport (FAT): (Council District 4)

1. Approve the First Amendment to the Energy Services Agreement-Solar with ForeFront Power (FFP) BTM Solar, LLC, for the design, financing, construction, installation, operation, maintenance of a 2,970 kW (DC) (estimated) solar photovoltaic system;
2. Approve the First Amendment to the Energy Services Agreement-Energy Storage with FFP BTM Solar, LLC, for the design, financing, construction, installation, operation, maintenance of a 2,000 kW/3,828 kWh (estimated) energy storage system;
3. Authorize the Director of Airports or designee to execute the Amended Energy Service Agreements on behalf of the City of Fresno.

RECOMMENDATION

Staff recommends that the City Council approve the Amendments to the Energy Services Agreements (ESA) with ForeFront Power (FFP), Inc. to adjust the construction schedule and energy pricing, and authorize the Airports Director, or designee, to execute the First Amendment(s) on behalf of the City of Fresno.

EXECUTIVE SUMMARY

The City of Fresno Airports Department executed ESAs with FFP in July of 2021 for solar and battery storage projects to support the new Airport Parking Garage and the Airport Terminal Expansion projects. While the new parking garage solar project is completed and operational, the terminal expansion solar and battery storage project (Project) has experienced delays. Despite delays and rising construction costs, the anticipated savings on electricity bills are still expected to exceed $10.5 million over the next two decades, surpassing the initial projection of $6.85 million when Council approved the original Agreement. This enhanced savings is achievable due to a variety of factors to

include FFP safe harboring federal investment tax credits (ITC) and the Project retaining its Net Energy Metering (NEM) 2.0 status, provided it is completed before the deadline of September 3, 2027. Time is of the essence for approval of the Amendment, procurement of materials and completion of the construction phase.

Since initial approval in July 2021, rising costs have impacted the Project, including construction inflation, tariff hikes, upgrades required by PG&E, phased construction and the possible loss of property tax exempt status. While most cost increases are outside the City's control, the property tax exempt status is currently under review in the CA Legislature with AB 2389. The City is actively supporting this Bill, and if passed, AB 2389 would safeguard and preserve over $1.66 million in PG&E bill savings for this airport. The Amendment assures the City will reap financial advantages, and the resulting savings, if AB 2389 is enacted. In the original Agreement, the Council authorized modifications to the PPA rates and the energy storage system size, within the limits set by the Agreement. The Amendment acknowledges that certain development and construction milestones and energy pricing may be modified due to factors beyond the Provider's reasonable control.

BACKGROUND

The City of Fresno Airports Department executed ESAs with FFP in July of 2021 for solar and battery storage projects to support the new Airport Parking Garage and the Airport Terminal Expansion projects. These new systems are in addition to the previously installed solar systems at the Airport in 2008. While the new parking garage solar project is completed and operational, the terminal expansion solar and battery storage project has experienced delays. It was known at the time of award that both projects would need to coordinate at a future date to accommodate the ongoing construction of the parking garage and the new terminal expansion. The objective of the City's team was to lock in NEM 2.0 favorable pricing which has proven successful.

The 401 kW parking garage project is complete and provides an additional 120 shaded parking spaces at the top garage level. The more expansive airport terminal surface lot project is 3.55 MW in combined solar and battery storage and upon completion will provide an additional 600 shaded spaces. The attached site-map provides an overview of where the solar canopies will be installed. The final location has been based on the closest proximity to PG&E infrastructure for interconnection and will not interfere with future potential airport parking structure plans.

The final airport parking lot project has encountered multiple delays which have been out of the City and FFP's control with much of the additional time needed by PG&E. However, PG&E has worked with the team who have remained diligent and secured a NEM 2.0 project extension deadline of September 3, 2027. It is important to highlight that the allowance for the NEM 2.0 extension granted to the City is a result of prompt actions taken by both the City and FFP at the California Public Utilities Commission (CPUC), advocating for extensions to the current April 15, 2026, deadline should there be any delays caused by the utility.

Despite these delays and rising construction costs, the anticipated savings on electricity bills are still conservatively expected to exceed $10.5 million over the next two decades, surpassing the initial projection of $6 million made when the Council approved the original agreement. This enhanced savings is achievable due to a variety of factors to include FFP safe harboring federal investment tax credits (ITC) and the Project retaining its NEM 2.0 status, provided the Project is finished before the

September 3, 2027, deadline.

Since gaining initial approval in July 2021, rising costs have impacted the final Project. These cost factors include construction inflation, tariff hikes, the installation of a fire hydrant at the battery site, essential upgrades required by PG&E for interconnection, construction phases aimed at reducing parking disruptions, and the possible loss of property tax exempt status. While most of these cost increases are outside the City's control, the matter of property tax exempt status is currently under review in the CA Legislature with AB 2389. If this bill is passed and signed by the Governor, AB 2389 would safeguard and preserve over $1.66 million in PG&E bill savings for this Project over the next twenty (20) years. The City Manager has sent a letter of support to the legislature, and follow-up meetings with the Legislatures' and Governor's office have taken place to emphasize the significance of backing this legislation. It should be noted that the Amendment outlines in Exhibit A that if AB 2389 is enacted in its original form, the City will reap financial advantages, and the resulting savings will be allocated accordingly.

In the original agreement, the Council granted the Director of Airports the authority to approve modifications to the Power Purchase Agreement rates and the energy storage system size, within the limits set by the Agreement. This includes the ability to execute related documents necessary for the financing of the solar and energy storage systems. Since the Agreement's execution, the Project has faced delays due to interconnection issues and utility coordination, which necessitate system upgrades and adjustments. The Amendment acknowledges that certain development and construction milestones and energy pricing may be modified due to factors beyond the Provider's reasonable control.

The updated rate of $0.2107/kWh is fixed for 20 years and is significantly lower than PG&E rates which will certainly rise during this time. The projected 20-year Project savings are now over $10 million.

The City Attorney's Office has reviewed and approved the Amendments as to form.

ENVIRONMENTAL FINDINGS

On July 29, 2021, when City Council awarded these contracts, Council also adopted a finding of Categorical Exemption pursuant to Section 15303, Class 3 *New Construction or Conversion of Small Structures* and Section 15311, Class 11 *Accessory Structures,* pursuant to CEQA Guidelines for these contracts and their subsequent Agreements.

LOCAL PREFERENCE

Local Preference was not implemented in this procurement because it is a cooperative purchase contract. However, the construction portion of the Project is being competitively bid by ForeFront with a continued commitment to hiring local labor to include IBEW Local 100.

FISCAL IMPACT

The Project is located in Council District 4 and the approval of this Amendment will have no impact to the General Fund. The projected utility bill savings will have a positive impact on FAT's ongoing O&M

costs, which supports Airports initiative to grow net revenue through prudent fiscal management.

AMENDMENT NO. 1 FOR ENERGY SERVICES AGREEMENT – SOLAR FRESNO YOSEMITE INTERNATIONAL AIRPORT

Date: May ____, 2026

Reference: Reference is hereby made to the following agreement (Agreement):

Energy Services Agreement – Solar (Fresno Yosemite International Airport), dated August 1, 2021, between FFP BTM Solar, LLC (Provider) and City of Fresno (Purchaser).

Premises: 5175 E. Clinton Way, Fresno, CA 93727; APN: 494-071-78T

Purchaser: City of Fresno, a California Municipal Corporation

Provider: FFP BTM Solar, LLC, a Delaware limited liability company

Definitions: Capitalized terms not otherwise defined herein shall have the meaning ascribed to such term in the Solar Agreement.

Background: On August 1, 2021, the Parties entered into an Energy Services Agreement - Solar, Fresno Yosemite International Airport, for the installation and operation of a solar photovoltaic system at the Premises for the purpose of providing Energy Services (Agreement).

Council authorized the Director of Aviation, or designee, to approve any changes to the Power Purchase Agreement rates and energy storage system size, up to the maximum amount authorized in the Agreement, as well as to execute any subsequent documents, instruments, estoppel and acknowledgement certificates, etc. related to Provider's financing of the solar and energy storage systems.

Since execution of the Agreement, the Project schedule has been impacted by interconnection and related utility coordination activities, including required

system upgrades and associated timing considerations. As contemplated under the Agreement, certain development and construction milestones are subject to adjustment due to factors outside of Provider's reasonable control.

Solar System Size/ Estimated Annual Production/Early Termination Fee:

Pursuant to Schedule 1 and Schedule 4 of the Agreement, the Solar System Size set forth in Schedule 1 is an estimate of approximately how many kW DC are expected to be generated by such System, and the Estimated Annual Production set forth in Schedule 2 of the Agreement is an estimate of approximately how many kWh are expected to be generated annually by such System.

The Solar System Size and Estimated Annual Production were calculated on the Effective Date. Under the Agreement, the Solar System Size and Estimated Annual Production are subject to change prior to or about the Commercial Operation Date based on the actual System size and design. Further, Schedule 3 sets forth the Early Termination Fee which is based on the System Size as of the Effective Date and is subject to change upon System Size change.

As provided in the Agreement, Provider has calculated updated system sizes, production estimates, and early termination fees for the System based on the final designs of the System and desires to amend the Agreement to reflect the final system size, production estimates, and early termination fees.

Therefore, the Solar System Size referenced in Schedule 1 shall be replaced in part, Schedule 2 replaced in part, and the Early Termination Fee set forth in Schedule 3 and the Estimated Annual Production Table set forth in Schedule 4 shall be replaced in their entirety with the tables set forth in **Exhibit A** attached herein, to reflect the Final System Size, Energy Services Payment, Early Termination Fee, and updated Estimated Annual Production.

Milestone Dates:

The Parties desire to update the milestone dates to reflect the current Project schedule and anticipated

progression of remaining work. Section 5.1 and 5.2 shall be replaced in their entirety with the milestones set forth in **Exhibit A**.

Exhibit A

Amended Schedules for the Updated Solar System Size and Estimated Annual Production

For the System located at: 5175 E. Clinton Way, Fresno, CA 93727; APN: 494-071-78T

5. Milestone Dates.

5.1 The Guaranteed Construction Start Date shall mean the date that is the later of (i) sixty (60) days following issuance of all required Permits, or (ii) January 10, 2027.

5.2 The Guaranteed Commercial Operation Date shall be the later of (i) Permission to Operate from the Local Electric Utility plus +90 days, or (ii) January 10, 2028.

Schedule 1:

Solar System Size (kW DC)	2550.60 kW DC

Schedule 2—Energy Services Payment:

PPA Rate Table

Term Year	**kWh Rate ($/kWh)**	**Term Year**	**kWh Rate ($/kWh)**
1	$0.2107	11	$0.2107
2	$0.2107	12	$0.2107
3	$0.2107	13	$0.2107
4	$0.2107	14	$0.2107
5	$0.2107	15	$0.2107
6	$0.2107	16	$0.2107
7	$0.2107	17	$0.2107
8	$0.2107	18	$0.2107
9	$0.2107	19	$0.2107
10	$0.2107	20	$0.2107

For the avoidance of doubt, the change in kWh Rate referenced in this Amendment shall not be included in the maximum total increase to the kWh Rate set forth in Schedule 2 of the Special Conditions.

Notwithstanding the foregoing, to the extent that Provider receives written confirmation from the local taxing authority prior the date that the System is mechanically complete, and such confirmation states that the System will be exempt from property tax for the duration of the Initial Term, Provider will lower the Energy Services Payment commensurate with such exemption.

Schedule 3 – Early Termination Fee:

Early Termination Occurs in Year	Column 1a Early Termination Fee where Purchaser does not take Title to the System ($/Wdc including costs of removal)	Column 1b Expected Termination Fee based on System Size**/***
1*	$6.62	$16,876,408

AMENDMENT NO. 1 FOR ENERGY SERVICES AGREEMENT – ENERGY STORAGE FRESNO YOSEMITE INTERNATIONAL AIRPORT

Date:	May ____, 2026
Reference:	Reference is hereby made to the following agreement (Energy Storage Agreement): Energy Services Agreement – Energy Storage (Fresno Yosemite International Airport), dated August 1, 2021, between FFP BTM Solar, LLC (Provider) and City of Fresno (Purchaser).
Premises:	5175 E. Clinton Way, Fresno, CA 93727; APN: 494-071-78T
Purchaser:	City of Fresno, a California Municipal Corporation
Provider:	FFP BTM Solar, LLC, a Delaware limited liability company
Definitions:	Capitalized terms not otherwise defined herein shall have the meaning ascribed to such term in the Energy Storage Agreement.
Background:	On August 1, 2021, the Parties entered into an Energy Services Agreement – Energy Storage, Fresno Yosemite International Airport, for the installation and operation of an Energy Storage System at the Premises for the purpose of providing Energy Services (Energy Storage Agreement). Council authorized the Director of Aviation, or designee, to approve any changes to the Power Purchase Agreement rates and energy storage system size, up to the maximum amount authorized in the Energy Storage Agreement, as well as to execute any subsequent documents, instruments, estoppel and acknowledgement certificates, etc. related to Provider's financing of the solar and energy storage systems. Since execution of the Energy Storage Agreement, the Project schedule has been impacted by interconnection and related utility coordination

activities, including required system upgrades and associated timing considerations. As contemplated under the Energy Storage Agreement, certain development and construction milestones are subject to adjustment due to factors outside of Provider's reasonable control.

Energy Services Payment / Energy Storage System Size / Delivery of Energy Services / Early Termination Fee:

Pursuant to Section 6, the Energy Services Payment is set forth. Pursuant to Schedule 1 and Schedule 4 of the Energy Storage Agreement, the Energy Storage System Size set forth in Schedule 1 is an estimate of the System's power in kW and the System's capacity in kWh, and the Delivery of Energy Services set forth in Schedule 4 of the Energy Storage Agreement describes the Minimum Guaranteed Demand Reduction and the Minimum Guaranteed Energy Arbitrage of the System.

The Energy Services Payment, the Energy Storage System Size, and the Energy Services were calculated on the Effective Date. Under the Energy Storage Agreement, the Energy Storage System Size and Energy Services are subject to change prior to or about the Commercial Operation Date based on the actual System Size and design. Further, Schedule 3 sets forth the Early Termination Fee which is based on the System Size as of the Effective Date and is subject to change upon System Size change.

As provided in the Energy Storage Agreement, Provider has calculated updated Energy Services Payment, system sizes, Energy Services, and early termination fees for the System based on the final designs of the System and desires to amend the Energy Storage Agreement to reflect the final system size, Energy Services, and early termination fees.

Therefore, the Energy Storage System Size referenced in Schedule 1 shall be replaced in part, and the Energy Services Payment referred in Section 6, Early Termination Fee set forth in Schedule 3, and the Delivery of Energy Services set forth in Schedule 4 shall be replaced in their entirety with the information set forth in

Exhibit A attached herein, to reflect the final Energy Services Payment, Final System Size, Early Termination Fee, and updated Schedule 4 – Delivery of Energy Services.

Milestone Dates: The Parties desire to update the milestone dates to reflect the current Project schedule and anticipated progression of remaining work. Section 5.1 and 5.2 shall be replaced in their entirety with the milestones set forth in **Exhibit A.**

Amended Schedules for the Updated Energy Storage System Size and Energy Services

For the System located at: 5189 E. McKinley Ave. Fresno, CA 93727; APN: 496-220-04T

5. Milestone Dates.

5.1 The Guaranteed Construction Start Date shall mean the date that is the later of (i) sixty (60) days following issuance of all required Permits, or (ii) January 10, 2027.

5.2 The Guaranteed Commercial Operation Date shall be the later of (i) Permission to Operate from the Local Electric Utility plus +90 days, or (ii) January 10, 2028.

6. Energy Services Payment. Purchaser shall pay to Provider a monthly payment (the "Energy Services Payment") for the Energy Services provided by the System during each calendar month of the Term, equal to the following annual payment multiplied by the Energy Storage System Size in kilowatts AC divided by twelve:

Energy Storage System Size (kW AC)	Energy Services Payment ($/year/kW AC for each Term Year)
1,000	$141.01

Schedule 1:

Energy Storage System Size	1,000 kW / 2,087.8 kWh

Schedule 3 – Early Termination Fee:

Early Termination Occurs in Year	Column 1a Early Termination Fee where Purchaser does not take Title to the System ($/Wac including costs of removal)	Column 1b Expected Termination Fee based on System Size**/***
1*	$4.46	$4,459,015
2	$3.51	$3,510,546

9th Anniversary	$1.26	$883,050
Thereafter	**Fair Market Value**	**Fair Market Value**

Schedule 4 – Delivery of Energy Services:

4.1 Energy Services. Provider shall operate the System to, when feasible, reduce Purchaser's electricity charges from the Local Electric Utility, including but not limited to changes in demand charges, energy charges, utility usage taxes, and revenues earned from other grid services programs ("Energy Services").

(a) Savings Performance Guarantee. Provider shall perform the Energy Services such that the Purchaser receives savings at a minimum as follows for each True-Up Period (such amount, the "Minimum Guaranteed Savings Amount"):

True-Up Period	**Term Years**	**Minimum Guaranteed Savings Amount**
1	1-2	$282,020
2	3-4	$282,020

3	5-6	$282,020
4	7-8	$282,020
5	9-10	$282,020

(b) Lost Savings. For each True-Up Period, if Provider does not provide at least the Minimum Guaranteed Savings Amount, Provider shall credit Purchaser an amount equal to Purchaser's Lost Savings on an invoice or invoices within ninety (90) days after the end of such True-Up Period, up to the Lost Savings Cap. Upon Provider's payment of any Lost Savings, Provider shall be deemed to have met the Minimum Guaranteed Savings Amount for such True-Up Period.

(c) The Parties acknowledge and agree that Purchaser's purchase under this Energy Storage Agreement does not include any right or title to seek any capacity payments that may be attributable to the System, and that all such rights are reserved and retained by Provider, subject to Applicable Law.

(d) The Parties acknowledge that the actual Base Year Load data is not available at the time of the execution of this Energy Storage Agreement. Purchaser has provided a projection of the Base Year Load data for the Premises ("Projected Base Year Load"). The Projected Base Year Load will be used for the purposes of setting the Minimum Guaranteed Savings Amount for the first Term Year. After completing the initial Term Year, actual electrical load of the Premises during the first 12 months of operation ("Actual First Term Year Load") will be used to either continue or change the Minimum Guaranteed Savings Amount for the remainder of the Initial Term. Upon completing the Actual First Term Year Load analysis, Provider will determine if any adjustments need to be made to the terms listed in Section 4.1. Provider has sole discretion to update Section 4.1 and will notify Purchaser of changes in writing. All adjustments will be retroactive to the commencement of the first Term Year, and any cure will be calculated on the adjusted amounts as determined by the Actual First Term Year Load.

4.2 The Minimum Guaranteed Savings Amount shall, for each Term Year, be reduced to the extent Provider's ability or cost to provide the Energy Services are adversely affected by any of the following:

(a) Any act or omission by Purchaser affects the System in any way that impairs its ability to safely store and discharge energy or Provider's ability to monitor or control the System.

(b) Theft, destruction or damage affects the System in any way that impairs its ability to safely store and discharge energy or Provider's ability to monitor or control the System, except to the extent caused by the manufacturer of the System or Provider.

(c) A Disruption Period occurs.

(d) A Purchaser Default, including Provider suspending the Energy Services as a result of a Purchaser Default.

(e) Purchaser fails to provide access to the Premises or the System as required by Section 7.2(d) of the General Terms and Conditions.

(f) A Force Majeure Event.
(g) Purchaser elects to have the Local Electric Utility apply a different tariff to the Premises that has no adverse impact on Provider's ability to reduce Purchaser's peak demand from the Local Electric Utility.
(h) Any material deviation in the Purchaser's load profile at the Premises from the Base Year Load not resulting from the Energy Services or Provider's acts or omissions.

On each invoice submitted by Provider to Purchaser, Provider shall, if applicable, include a statement of the amount by which the Minimum Guaranteed Savings Amount will be reduced pursuant to this Section 4.2. If Purchaser does not dispute the amount of such reduction within thirty (30) days after its receipt of such invoice, Purchaser will be deemed to have accepted such reduction.

4.3 The Local Electric Utility Tariff means the retail tariff pursuant to which the Local Electric Utility provides electric distribution and interconnection services to Purchaser at the Premises. As of the date below, the Local Electric Utility Tariff applicable to the Premises is as follows:

Date	**Local Electric Utility Tariff**
Effective Date	B-20P
Commercial Operation Date	B-20P Option S

If at any time after the date above, Provider determines that an alternative Local Electric Utility Tariff is more advantageous for Purchaser, Provider may, with Purchaser's consent, change the Local Electric Utility Tariff set forth above to such alternative Local Electric Utility Tariff for the Premises.

If there is a change in the Local Electric Utility Tariff applicable to the Premises that has a material impact on Provider' s ability to provide the Energy Services or evaluate compliance with the performance guarantee in this Schedule 4, then upon written notice from Provider to Purchaser, the Parties shall negotiate in good faith to make the minimum changes to this Energy Storage Agreement necessary to preserve to the maximum extent possible the benefits, burdens and obligations set forth in this Energy Storage Agreement as of the Effective Date; provided, any change in the rates or other costs applicable to the Premises under the Local Electric Utility Tariff will not constitute a change that will cause this Section 4.3 to be applicable. Notwithstanding the foregoing, Provider shall continue to provide the Energy Management Services, and Purchaser shall continue to make the Energy Services Payments, while the Parties negotiate the changes to this Energy Storage Agreement contemplated in this Section 4.3.

4.4 Additional Defined Terms.

"Actual System Savings" means the gross aggregate savings that accrues to Purchaser's Local Electric Utility bill resulting from the operation of the System, calculated based on Purchaser's load and the Energy Services metered data, and shall include, but is not limited to, changes in demand charges, energy charges, utility usage taxes, and revenues earned from other grid services programs, calculated based on Purchaser's actual Local Electric Utility bill compared with the bill that would have been payable had the System not been installed.

"Base Year Load" means the electrical load of the Premises during the first 12 months of availability under operating conditions as recorded by the Local Electric Utility meter(s).

"Billing Period(s)" means each of the consecutive time periods applicable to Purchaser during which the Local Electric Utility assesses and bills demand charges for the Premises.

"Local Electric Utility Tariff" has meaning set forth in Section 4.3 of this Schedule 4.

"Lost Savings" means the dollar amount Provider will credit to Purchaser in accordance with the terms of this Energy Storage Agreement for any True-Up Period for which Minimum Guaranteed Savings Amount exceeds Actual System Savings, calculated as the positive difference between the Minimum Guaranteed Savings Amount and Actual System Savings.

"Lost Savings Cap" means, for each True-Up Period, an amount equal to $282,020.

"Off-Peak Hours" means 9:01 pm - 4:00 pm, Pacific time.

"Peak Hours" means 4:01 pm - 9:00 pm, Pacific time.

4.5 System Size. To the extent there is a change in System size, Provider shall be required to obtain Purchaser consent to such change. If Purchaser consents to such change in System size, then the Parties agree to amend the Energy Storage Agreement accordingly. The Guaranteed Commercial Operation Date and the Guaranteed Construction Start Date shall be extended on a day for day basis for delays in obtaining any such consent and/ or amendment.

4.6 Temporary Power During Outage. Purchaser shall be responsible for furnishing, installing, and maintaining any temporary or backup power generation equipment required to support facility operations during any planned or unplanned outages associated with the installation, commissioning, or maintenance of the System. Provider shall coordinate outage timing and duration with Purchaser in advance, but shall have no obligation to supply or bear the cost of generators, fuel, or related equipment necessary to maintain Purchaser's operations during such periods.

Notwithstanding the foregoing, to the extent that Provider receives written confirmation from the local taxing authority prior the date that the Energy Storage System is mechanically complete, and such confirmation states that the Energy Storage System will be exempt from property tax for the duration of the Initial Term, Provider will lower the Energy Services Payment commensurate with such exemption.

Project Title: Fresno Yosemite Intl Airport New Terminal Electrical Service Photovoltaic System

Project Applicant: Fresno Yosemite Intl Airport & Forefront Power

Project Location - Specific:
517 E Clinton Way, Fresno CA 93727

Project Location - City: Fresno Project Location - County: Fresno

Description of Nature, Purpose and Beneficiaries of Project:
The proposed project would install multiple solar photovoltaic (PV) canopies, and associated electrical components over the existing eastern parking lot, paved and landscaped areas at Fresno Yosemite Intl Airport to supplement the airport's energy needs, and to generate savings in energy costs.

Name of Public Agency Approving Project: City of Fresno

Name of Person or Agency Carrying Out Project: City of Fresno

Exempt Status: **(check one):**

- ☐ Ministerial (Sec. 21080(b)(1); 15268);
- ☐ Declared Emergency (Sec. 21080(b)(3); 15269(a));
- ☐ Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
- ☒ Categorical Exemption. State type and section number: Classes 3, 4, and 11
- ☐ Statutory Exemptions. State code number:

Reasons why project is exempt:
The construction and installation of a canopy PV solar system on a portion of an existing parking lot is to provide electricity to the airport. The canopies, solar arrays, inverters, AC combiner, utility line and trenching, and security fencing, are minor structures appurtenant to the existing uses (parking lots and buildings). There are no sensitive resources in the project area and the battery storage facility will serve the existing facilities. Therefore, they are classified as exempt from the provisions of CEQA under Section 1503 - Class 3, New Construction of Small Structures; Section 15304 - Class 4, minor alterations to land; Section 15311 - Class 11, Accessory Structures; None of the exceptions to these Categorical Exemptions apply.

Lead Agency Contact Person: Jean Thomas-Runnels Area Code/Telephone/Extension: 5596214521

If filed by applicant:

1. Attach certified document of exemption finding.
2. Has a Notice of Exemption been filed by the public agency approving the project? ☐ Yes ☐ No

Signature: Kevin Meikle Date: 09/-7/2021 Title: Director of Aviation

☒ Signed by Lead Agency ☐ Signed by Applicant

Authority cited: Sections 21083 and 21110, Public Resources Code.

Resolution

RESOLUTION NO. _____

A RESOLUTION OF THE COUNCIL OF THE CITY OF FRESNO, CALIFORNIA, DIRECTING THE ADMINISTRATION TO IDENTIFY A FUNDING SOURCE FOR AN ALLOCATION OF $200,000 TO THE CITY ATTORNEY'S OFFICE TO FUND THE EVICTION PROTECTION PROGRAM

WHEREAS, the City established the Eviction Protection Program on May 13, 2021, via Resolution No. 2021-132, to ensure residents remain in safe and habitable housing through access to legal representation in unlawful evictions; and

WHEREAS, the majority of landlords retain legal counsel for eviction proceedings, while most tenants cannot afford legal assistance; and

WHEREAS, access to legal counsel for tenants is an important tool to maintain safe and affordable housing; and

WHEREAS, the City of Fresno (City) established the Local Housing Trust Fund (LHTF) on July 29, 2021, via Resolution No. 2021-201 to support affordable housing initiatives within the community; and

WHEREAS, LHTF has been the Fiscal Year (FY) 2026 funding source for the City's EPP with an allocation of $1,500,000; and

WHEREAS, this allocation has been nearly exhausted, and approximately $200,000 in funds are necessary to continue to provide EPP services for the balance of FY 2026; and

WHEREAS, it is the desire of the Council to maintain EPP services for the balance of FY 2026; and

Date Adopted:
Date Approved:
Effective Date:
City Attorney Approval: CR

677598v1

WHEREAS, it is necessary to identify a funding source for the additional necessary $200,000.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Fresno as follows:

1. The Administration is directed to identify a funding source for $200,000 to be allocated to the City Attorney's Office to maintain EPP services through the balance of FY 2026.

2. Upon identification of a funding source, the Administration is directed to bring forward an amendment to the Annual Appropriation Resolution allocating this money to the City Attorney's Office to fund EPP services for the balance of FY 2026.

3. This Resolution shall become effective immediately upon final Council approval.

WORKSHOP - Transparency Portal Presentation

Attachment: Presentation

Transparency Portal

A single search across every public record the City has already published.

Bryon Horn - Chief Information Officer

Pedro Braz - Senior Programmer Analyst

Information Services Department

Arturo Pineda - Programmer Analyst IV/Webmaster

Transparency Portal

Where things stand

Public records exist — but they aren't easy to find

Documents are spread across Fresno.gov pages, Laserfiche archives, and standalone compensation spreadsheets. Residents who can't find what they need file a Public Records Act request — which costs staff time

Transparency Portal

What we built

One search bar for every published City record

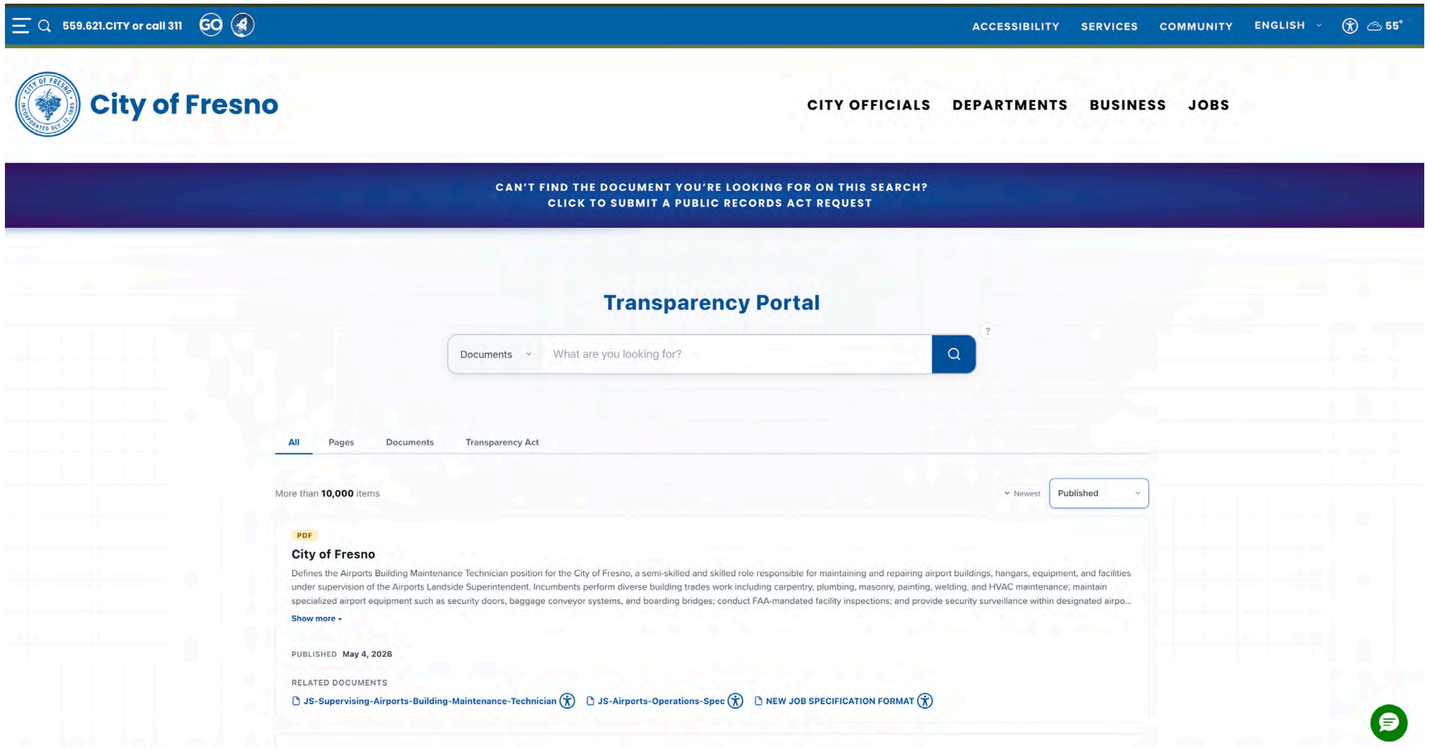
Fresno.gov pages, Laserfiche documents, and Transparency Act data — indexed together, searchable from a single page.

36,781

Documents indexed at launch
Growing every day as new records are published.

Goal

Fewer PRSA requests
If a resident can find it themselves, they don't need to file a request.



Transparency Portal

A Real Search

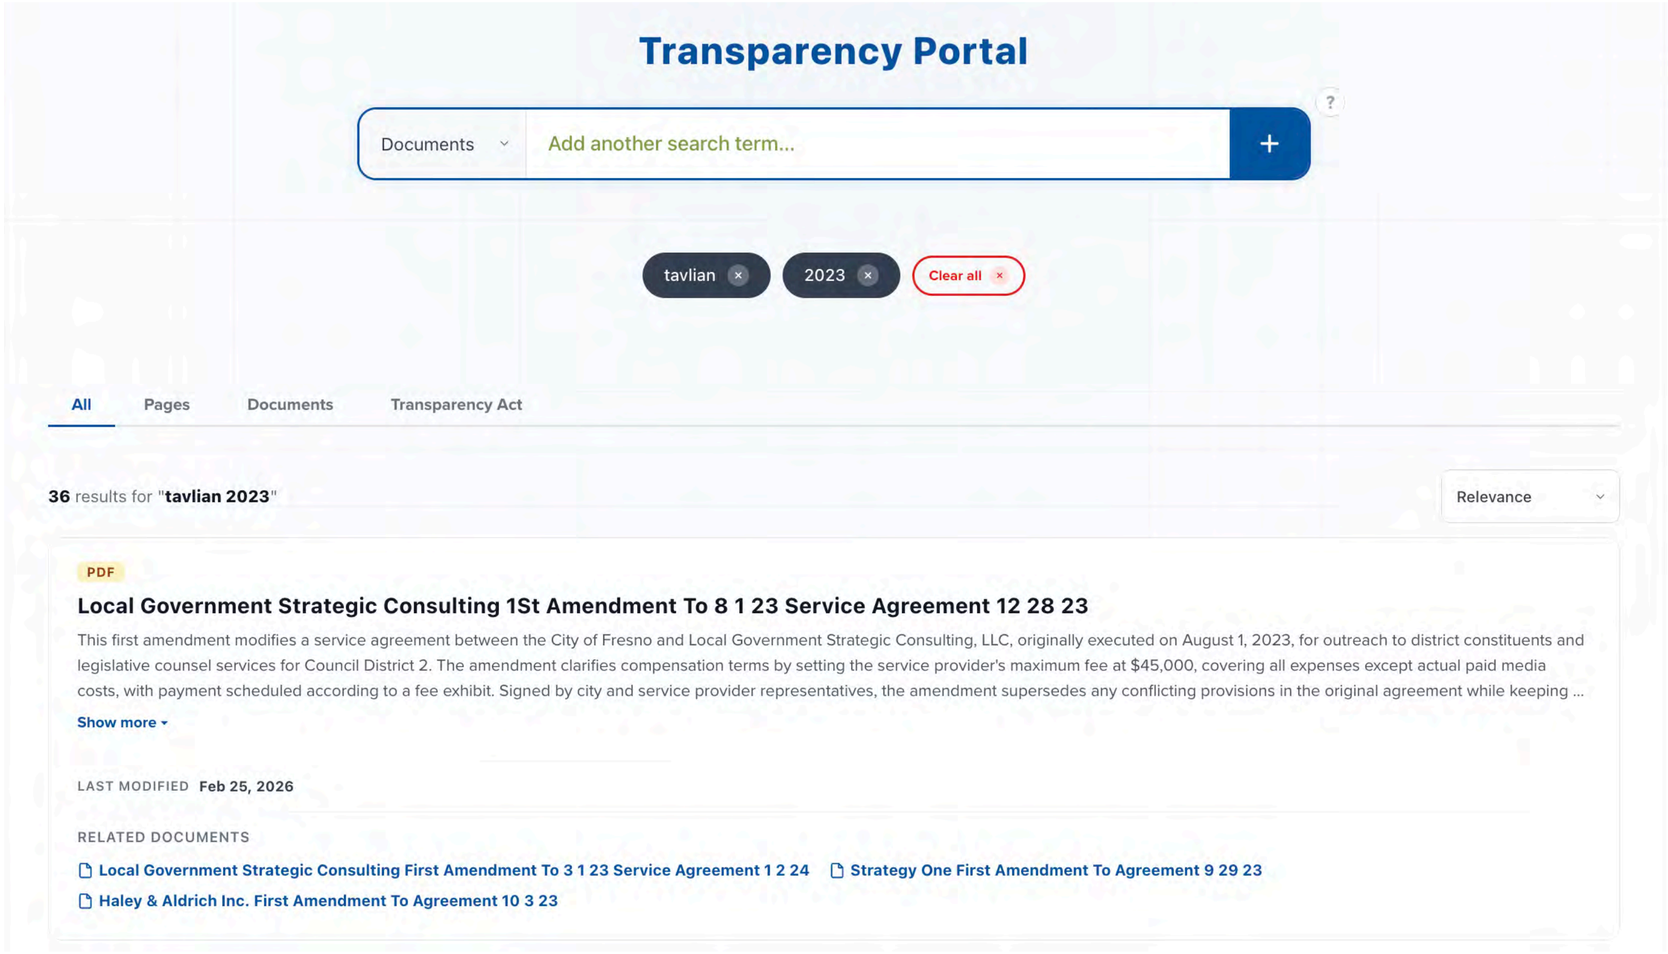
Two search terms. Thirty-six matching documents.

- **Multi-term, faceted search**
  A resident types a name and a year. The portal returns 36 matching documents.

- **Auto-generated summaries**
  Every document has a plain-language summary so residents don't have to download a 40-page PDF to know what it is.

- **Related documents**
  Pull up an amendment and the original agreement and prior amendments are right there.

- **Filter, sort, and request**
  Filter by document type, sort by relevance or date — and if the record isn't there, a one-click PRSA request.

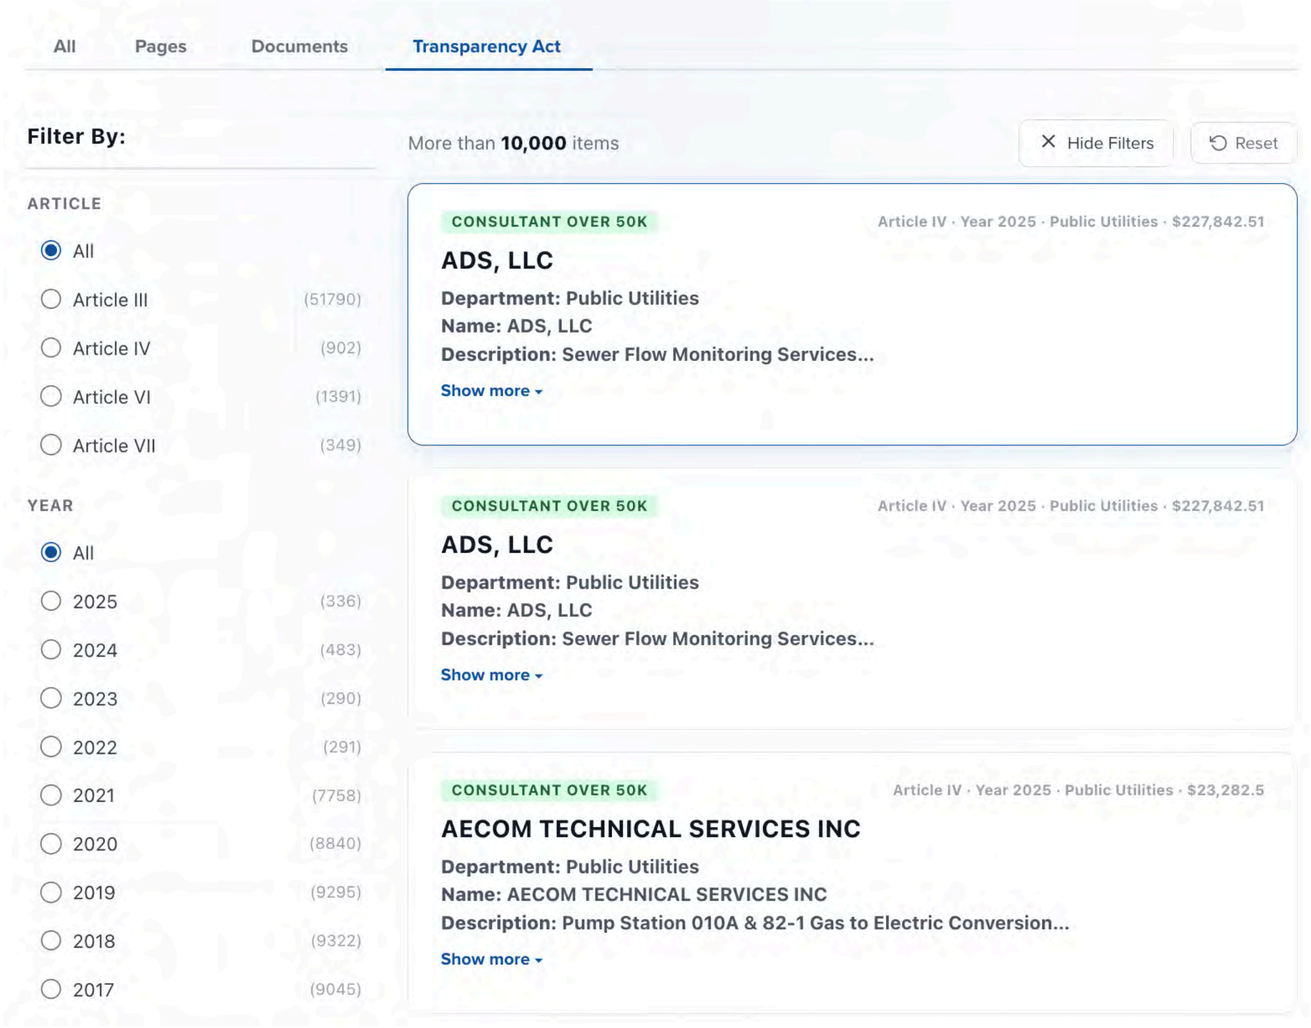


Transparency Portal

Compliance Made Easy

Every Transparency Act record — now a searchable dataset.

Employee earnings. Consultant disclosures. Executive and elected official compensation benchmarks. Indexed and filterable by Article and year.



Transparency Portal

Questions / Nexts Steps

Thank you.

SUBJECT
Presentation - Reimagining City-Owned Land for Economic Activation, Transparency & Community Growth

Attachment: Presentation

Reimagining City-Owned Land for Economic Activation, Transparency & Community Growth.

Focus: North Grove Industrial / Airport Business Park

Understanding layered leasing on public land

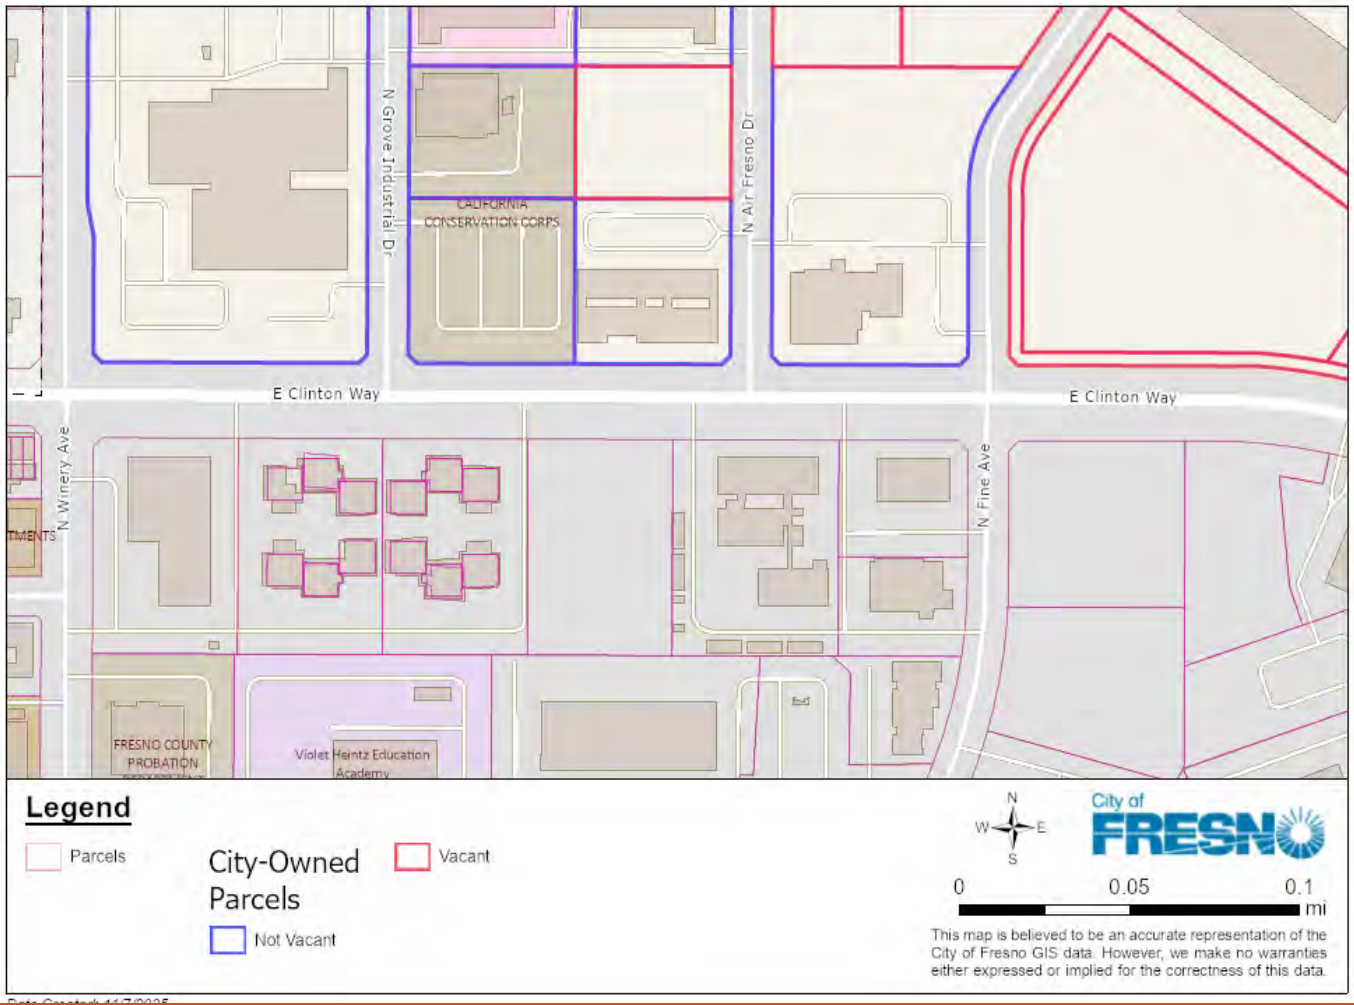
WHAT'S HAPPENING NOW:

- Community interested in opportunities
- Public land leased through long-term master leases
- Private entities control access and subleasing
- Limited transparency or measurable benchmarks

Lease Structure Overview

- City of Fresno (Owner)
- ↓ Ground Lease (~$0.19/SF/yr/land
- Master Lessee
- ↓ Sublease
- Private Tenants

- Procurement Process?



Total: 174,000 SF (~4 acres)

City-owned Airport Exempt Land

13 parcels under long-term lease

KEY QUESTION:

System for community use or access of these spaces?

These properties are classified as exempt surplus—likely due to airport-related restrictions—which allows the City to lease them without going through the standard surplus land process."

"However, exemption from process does not mean exemption from accountability."

Lease Highlights

Ground Lease tied to Private Management Company

Lease agreement 2007-2044 (Originally 1977 until recently modified in 2024 for early termination of parcel lease and new lease signed by private mgmt. agency)

174,000 sq ft. x .19 sq.

13-APN Lots Entire block of buildings & lots

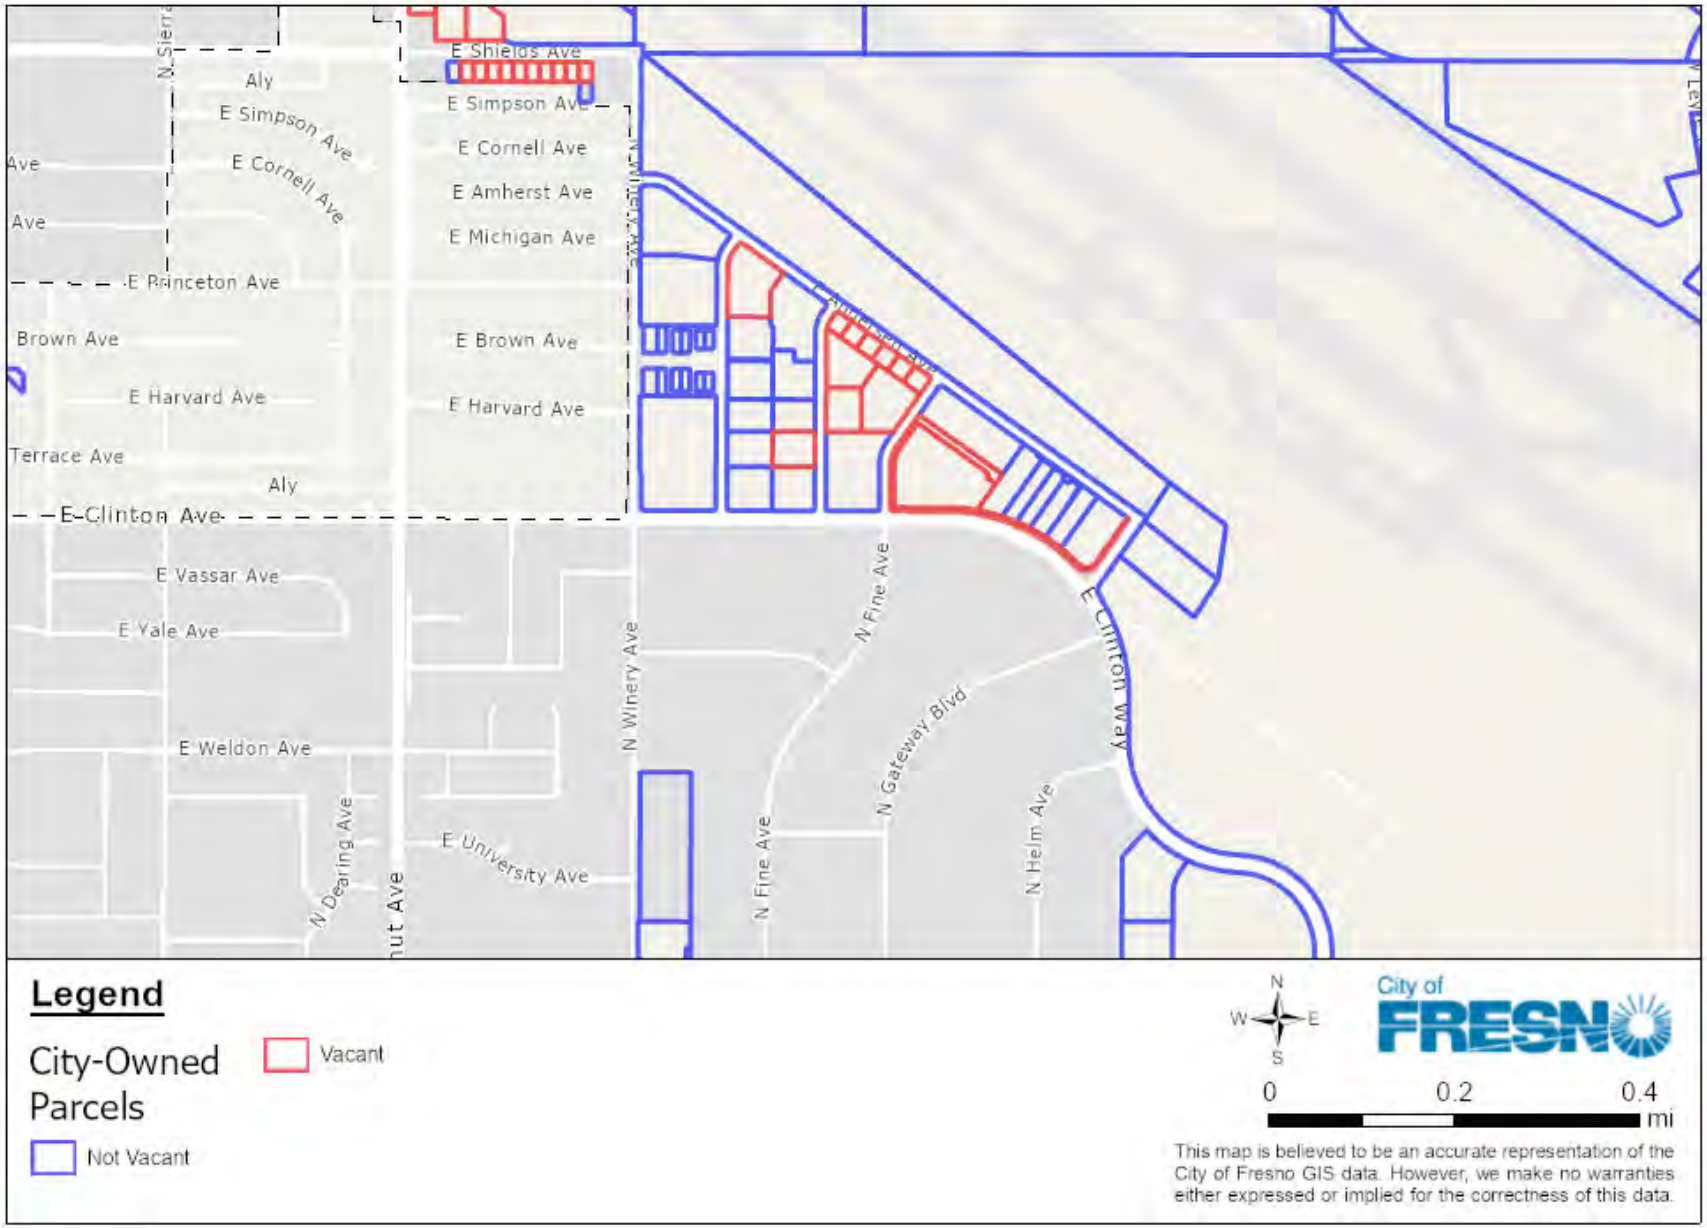
Sublease Complexity

City → Master Lease → Sublease → Assignment

Multiple layers reduce transparency and access

The further you get from the City, the less transparency and access there is.

ArcGIS Web Map



Opportunities:
Public Land, Community Activation

OPPORTUNITIES:

- Community-based master leases (nonprofits/co-ops)
- Incubator lease models for small businesses
- Temporary activation (farmers markets, pop-ups)
- Shared wealth / revenue models

(DRIVE Initiative, CIT, Land Trust)

- Transparent public access system

BOTTOM LINE:

Public land is leveraged, ideal if the community can participate in the value it creates

Community Opportunity

Policy Reform Opportunities

This is fixable through lease amendments:

Accountability + reporting measures

Use-It-or-Lose-It Enforcement

Community Benefit Clauses

Access Pathways for Local Businesses

Activation timelines

Transparency & Oversight of Land Use

Measurable outcomes:

1. Jobs
2. Small business growth
3. Workforce development
4. Access to services
