

RESOLUTION NO. _____

A RESOLUTION OF THE COUNCIL OF THE CITY OF FRESNO, CALIFORNIA, AUTHORIZING THE PURCHASING MANAGER TO ENTER INTO A PROCUREMENT AND INSTALLATION CONTRACT WITH FMC TECHNOLOGIES IN THE AMOUNT OF \$890,000 FOR TWO PASSENGER LOADING BRIDGES (PLB) AT FRESNO YOSEMITE INTERNATIONAL AIRPORT (FYI) WITHOUT ADVERTISED COMPETITIVE BIDDING.

WHEREAS, The Airports Department has a specific need for two additional passenger loading bridges (PLB) at Fresno Yosemite International Airport (FYI); and

WHEREAS, The new PLB's must be compatible with the existing PLB system, and;

WHEREAS, PLB's are required for passenger boarding and de-boarding from the elevated terminal concourse. The Airports Department has four FMC Technologies PLB's with an accompanying proprietary PLB management system. The proprietary and integrated PLB management system provides for and tracks secured and controlled use of the PLB's. The PLB management system cannot be guaranteed to effectively perform with other types of PLB's. In addition, non-standard controls and differing sensitivities between different PLB manufacturers increase the risk of operational error, which would adversely affect public safety; and

WHEREAS, after investigation by the Airports Department and review by the Purchasing Manager, it has been determined that the PLB's required for compatibility with the existing system are only available from FMC Technologies, which will ensure system continuity and maintain continued current levels of airport and public safety; and

WHEREAS, the Purchasing Manager represents that the cost of FMC Technologies purchase and installation, including sales tax and freight will not exceed \$890,000; and

WHEREAS, City of Fresno Municipal Code Section 3-105 requires advertised competitive bidding for equipment involving the expenditure of City monies in excess of \$111,000, unless Council determines that the work to be done or the goods to be supplied can only be provided by one source, and the purchase is authorized by resolution of the Council containing a declaration of the facts constituting the sole source.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Fresno as follows:

- a. The Council has received and considered the report and recommendations of City staff.
- b. The purchase and installation of two PLB's by FMC Technologies is necessary to maintain system compatibility, continuity and continued current levels of airport and public safety.
- c. The FMC Technologies PLB management system and compatible PLB's are only available from a single source, FMC Technologies.
- d. Advertised competitive bidding for the two PLB's is suspended under the sole source exception.
- e. The Purchasing Manager is authorized to enter into a contract for the procurement and installation of the two PLB's by FMC Technologies at a

total cost, including sales tax and freight, not to exceed \$890,000, which is the amount of the funds appropriated for this purchase.
