RECOMMENDATIONS

Staff recommends that the City Council:

- Affirm the Council's November 3, 2011 upholding of the Historic Preservation Commission's June 27, 2011 approval of the environment findings and determination of the Mitigated Negative Declaration dated June 6, 2011, which was prepared for Environmental Assessment No. C-11-014/T-5994 for Conditional Use Permit No. C-11-014 and Vesting Tentative Map No. 5994.
- Adopt the attached resolution ordering the summary vacation of a portion of San Joaquin Street northeasterly of "L" Street and a portion of "L" Street northwesterly of San Joaquin Street.

EXECUTIVE SUMMARY

Granville Homes is requesting the vacation of a four foot wide strip of public street easement along the northwesterly side of San Joaquin Street northeasterly of "L" Street and a nine foot wide strip along the northeasterly side of "L" Street northwesterly of San Joaquin Street as shown on Exhibit "B" of the attached resolution. The purpose of the proposed vacation is to eliminate these strips of public street easement so that they can be incorporated into the development of the adjacent property in accordance to Conditional Use Permit No. C-11-014. The Traffic and Engineering Services Division, other City departments and utility agencies have reviewed this proposal and have approved the vacation with no conditions after determining that there are no public utility facilities within the area proposed for vacation and that the area proposed for vacation is unnecessary for present or prospective public street purposes.

REPORT TO THE CITY COUNCIL

BACKGROUND

Granville Homes is requesting the vacation of a four foot wide strip of public street easement along the northwesterly side of San Joaquin Street northeasterly of "L" Street and a nine foot wide strip along the northeasterly side of "L" Street northwesterly of San Joaquin Street as shown on Exhibit "B" of the attached resolution. Along the northwesterly side of San Joaquin Street the existing distance between the existing curb and the street right-of-way line is now 14 feet. The existing curb is to remain on San Joaquin Street so the proposed vacation would result in a distance of 10 feet between the existing curb and the proposed street right-of-way line. Along the northeasterly side of "L" street the existing curb, gutter and sidewalk are being removed and replaced such that it would result in a distance of 10 feet between the new curb and the proposed street right-of-way line. Therefore the existing curb to curb width of "L" Street will be reduced by 5 feet. The purpose of the proposed vacation is to eliminate these strips of public street easement so that they can be incorporated into the development of the adjacent property in accordance to Conditional Use Permit No. C-11-014. The development proposed for CUP No. C-11-014 is to construct 28 two-story town home units in 14 multiple dwelling structures located on approximately 1.29 acres.

The Traffic and Engineering Services Division, other City departments and utility agencies have reviewed this proposal and have approved the vacation with no conditions after determining that there are no public utility facilities within the area proposed for vacation and that the area proposed for vacation is unnecessary for present or prospective public street purposes.

The provisions of Chapter 4, commencing with Section 8330 of the California Streets and Highways Code, authorize the Council to summarily vacate a public street easement that is considered excess right-of-way, is not required for street or highway purposes, and has no public utility facilities within the area to be vacated. Under these provisions, only one Council action is necessary and a published notice, posting and public hearing are not required.

The applicant's proposed plans for development would require modification if the vacation is denied.

The vacation, if approved by the Council, will become effective when the vacating resolution is recorded in the office of the Fresno County Recorder.

The City Attorney's Office has reviewed and approved the attached resolution as to form.

ENVIRONMENTAL FINDING

This vacation is included in the project description for a project that was previously environmentally assessed pursuant to CEQA. The Conditional Use Permit Application No. C-11-014 project, including the vacation of portions of adjacent public street rights-of-way, was included in the project description and environmentally assessed through an initial study resulting in a Mitigated Negative Declaration. On June 27, 2011, the Historic Preservation Commission approved the environment findings and determination of the Mitigated Negative Declaration dated June 6, 2011, which was prepared for Environmental Assessment No. C-11-014/T-5994 for Conditional Use Permit No. C-11-014 and Vesting Tentative Map No. 5994. On November 3, 2011 Council upheld the June 27, 2011 Historic Preservation Commission's approval. Since the vacation was included in the project description, it may be determined that: 1) the vacation falls within the scope of Environmental Assessment No. C-11-014/T-5994; 2) no substantial changes are proposed in the project which require significant revisions to the previous environmental finding due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects; 3) no substantial changes will occur with respect to the circumstances under which the project is undertaken; and 4) no new information, which was not known and could not have been

known, at the time the environmental finding for Environmental Assessment No. C-11-023/T-5993 was adopted, has become available. Therefore, Staff has determined that it is appropriate for Council to affirm the Council's November 3, 2011 upholding of the Historic Preservation Commission's June 27, 2011 approval of the environment findings and determination of the Mitigated Negative Declaration dated June 6, 2011, which was prepared for Environmental Assessment No. C-11-014/T-5994 for Conditional Use Permit No. C-11-014 and Vesting Tentative Map No. 5994
