

Ultra Low Flush Residential Toilet Rebate Program

Receive up to a \$75 rebate for upgrading to an Ultra Low Flush Toilet

Residential customers in single and multi-family homes may receive up to a \$75 rebate for each qualifying Ultra Low Flush Toilet (ULFT) or High Efficiency Toilet (HET) purchased, up to three per account.

Replacing just one older model toilet with a new 1.6 gallons per flush ULFT can save a household up to 50 gallons of water each day. An HET, which uses 20% less water per flush than a ULFT, can save even more! Efficiency measures such as replacing old, water-guzzling toilets with the latest in low flush toilet technology will help ensure our future water supplies will be adequate and also help us maintain low water rates.

How the Program Works

1. Obtain an application using one of the following methods:
 - Telephone: (559) 621-5480
 - EMail: Information@water.fresno.gov
 - Web site: www.fresnowater.org
 - FAX: (559) 498-4228
 - Drop by our office: City of Fresno Water Division
1910 East University, Fresno, CA 93703
2. Send completed application to the Water Division (see above contact information).
3. Schedule a brief pre-installation inspection of your existing 3.5 or 5.0+ gallons per flush toilet.
4. Purchase and install new ULF or HET replacement toilet(s) in the dwelling under application.
5. A brief final inspection of the newly installed toilet may be required.
6. Present copy of original dated sales purchase receipt to inspector.

Program Rebate Guidelines and Conditions

Who Qualifies?
