| <b>7:05 – 7:20 PM</b> | <ul style="list-style-type: none"> <li>• <b>Herndon Avenue Widening Project</b></li> </ul> <p>The city has a street widening project along Herndon Avenue between Marks and Valentine Avenues. To meet the requirements of the Measure C Extension Expenditure Plan, the city intends to build a trail on the south side of Herndon Avenue in this area. One member of the BPAC has strongly objected to this trail for a variety of reasons. This disagreement was briefly raised at the August meeting. I feel the committee should more fully discuss this matter and take a position either in support of the member opposing this trail or in support of the city's intent to build this short trail.</p> |

I previously requested members to respond to me with a preference for a meeting date early in December. I specifically mentioned 3 or 10 December. Of the responses I received, 10 December was acceptable to most members. We will finalize the December date this month so that people can put it on their calendars.</p> |
