

Introducing the City of Fresno's Solar Energy System Rebate and Loan Program

This new, innovative program provides assistance to qualifying residents of Fresno to encourage and establish solar energy usage. Program eligible residents may take advantage of either the rebate or loan program for new solar systems installed in their homes on or after October 30, 2007.

Solar Energy System Loan Program

Qualifying residents may receive a zero-percent interest loan for up to 75% of the total purchase price and installation of a new solar system on their home! The maximum loan allowable shall be \$15,000.00 per each qualified solar system installed.

No. of Household Members	120 % of Median Income
1	\$45,200
2	\$51,700
3	\$58,100
4	\$64,600
5	\$69,800
6	\$74,900
7	\$80,100
8 and over	\$85,300

Solar Energy System Rebate Program

Residents who qualify may receive a rebate of up to 10 % of the total purchase price and installation of a new solar system on their home! The maximum allowable rebate shall be \$2,000.00 per each qualified solar system installed on an eligible residential property.

These programs are available on a first come-first serve basis. Qualifying solar systems may be either whole house photovoltaic or solar hot water heaters. If you are interested in taking advantage of these programs or would like more information please contact the Housing & Community Development Division of the City of Fresno at 621-8300.
