AND
_____
FOR ROLL-OFF COLLECTION SERVICES

This non-exclusive franchise agreement (Agreement) is made and entered into this _____ day of _____, 20_____, by and between the City of Fresno, a municipal corporation, (City) and _____ (Contractor.)

RECITALS

This Agreement is entered into with reference to the following facts and circumstances:

WHEREAS, the Legislature of the State of California, by enactment of the California Integrated Waste Management Act of 1989, codified at California Public Resources Code Section 40000 et seq. ("Act")), has declared that it is in the public interest to authorize and require local agencies to make adequate provisions for Solid Waste Collection within their jurisdiction; and

WHEREAS, the State of California ("State") has found and declared that the amount of Solid Waste generated in California, coupled with diminishing landfill space and potential adverse environmental impacts from landfilling and the need to conserve natural resources, have created an urgent need for State and local agencies to enact and implement an aggressive integrated waste management program. The State has, through enactment of the Act, directed the responsible State agency and all local agencies, to promote Disposal Site Diversion and to maximize the use of feasible Solid Waste reduction, re-use, Recycling, and Composting options in order to reduce the amount of Solid Waste that must be Disposed of in Disposal Sites; and,

WHEREAS, the Act requires local agencies to divert 50% of discarded materials from landfills; and,

WHEREAS, the City Council established goals of achieving 75% diversion by 2012 and zero waste status by 2025 on June 26, 2007, and approved a Zero Waste Strategic Action Plan on February 11, 2009; and

WHEREAS, the City finds that reusing, Recycling, and Composting Recyclable Materials, Organic Materials, and Construction and Demolition Debris (C&D) and beneficial use or composting of Organic Materials is essential to further the City's efforts to reduce Solid Waste Disposal and comply with the Act and the City's zero waste goals; and

WHEREAS, pursuant to the powers granted the City as a charter city by Article XI, Section 5(a) of the California Constitution and Article XIII of the Fresno City Charter, the City has determined that the public health, safety, and well-being require that a franchise agreement defining non-exclusive rights be awarded to qualified companies to provide for the roll-off container collection of Permitted Materials

except for collection of materials excluded in the City's Municipal Code, and other services related to meeting requirements of the Act; and

WHEREAS, the City requires all haulers providing Roll-Off Collection services for Permitted Materials in the City to obtain a non-exclusive franchise in order to regulate this business, ensure its orderly operation, achieve its diversion goals, and to minimize the potential for adverse effects it may have on the local environment; and

WHEREAS, the City Council has determined through an application process that the Contractor, by demonstrated experience, reputation, and capacity, is qualified to provide for the Roll-Off Container Collection of Permitted Materials within the corporate limits of the City and the Transportation of such material to appropriate places of Recycling, Processing, and/or Disposal, and can provide insurance consistent with the City's requirements. The City Council desires that Contractor be engaged to perform such services on the basis set forth in this Agreement; and

WHEREAS, Contractor intends to use the City's streets, alleys, other public rights-of way, and infrastructure to provide Roll-Off Collection services to the City's residents and businesses; and

WHEREAS, the City intends to receive just and reasonable fees from the Contractor for City's administration of the Agreement and for Contractor's use of the City streets, alleys, other public rights-of-way, and infrastructure which the City may lawfully impose and the companies are obligated to pay; and,

NOW, THEREFORE, in consideration of the mutual promises, covenants, and conditions contained in this Agreement and for other good and valuable consideration, the Parties agree as follows:

7.1 GENERAL

7.1.1 Maintenance of Records

Contractor agrees to conduct data collection, information and record keeping, and reporting activities needed to comply with and to meet the reporting and Permitted Materials program management needs of City, the Act and other Applicable Laws, and the requirements of this Agreement.

This Article is intended to highlight the general nature of records and reports to be maintained by Contractor, and their minimum content. This Article is not meant to comprehensively define what the records and reports are to be and their content. With the written direction by or approval of City, the records and reports to be maintained and provided by Contractor in accordance with this and other Articles of the Agreement shall be adjusted in number, format, or frequency. Records and reporting may be revised to reflect current record keeping and reporting requirements.

To the extent such requirements are set out in this and other Articles of this Agreement, they shall not be considered limiting or necessarily complete.

7.1.2 Retention of Records

Unless otherwise required in this Article, Contractor shall retain all records and data required to be maintained by this Agreement for the Term of this Agreement plus five (5) years after its expiration or earlier termination. Records and data shall be in chronological order and readily and easily interpreted.

7.1.3 Inspection of Records

The City, its auditors and other agents, shall have the right, during regular business hours, to inspect specific documents or records required by this Agreement or any other similar records or reports of the Contractor that the City shall deem, at its sole discretion, necessary to evaluate the Contractor's performance provided for in this Agreement. The City may make copies of any documents it deems relevant to this Agreement. The City shall provide Contractor written notice at least three (3) Business Days prior to any inspection of these records, and Contractor shall retrieve and make available to the City the requested documents and records at that time.

The City reserves the right to inspect records for the purposes of auditing the Contractor's reports, reported Diversion level, and fee payments to the City. If an audit conducted by the City, or its representatives, finds: (i) that the Contractor has made any intentional misrepresentation with respect to the fees dues to the City (e.g., Franchise Fees or other fees due to the City) in an amount greater than $1,000 or 10% of the fees due to the City during the period covered by the audit, whichever is greater, or (ii) that the Diversion level is 5% different than the Diversion level reported by the Contractor, then in addition to any other remedies available to the City, Contractor shall reimburse the City for the City's costs incurred in the performance of the audit. Such reimbursement shall be paid by Contractor, along with any underpaid fees and Liquidated Damages required by Section 11.4 and Exhibit A, within thirty (30) calendar days of the date the City notifies the Contractor of the amount due.

7.1.4 Record Security

Contractor shall maintain adequate record security to preserve records from events that can be reasonably anticipated such as fire, theft, and earthquake. Electronically maintained data and records shall be protected and backed-up.

7.2 RECORDS

7.2.1 Financial and Operational Records

Contractor shall maintain accurate and complete accounting records containing the underlying financial and operating data relating to and showing the basis for computation of all revenues associated with providing Permitted Materials Collection, Transportation, Processing, Recycling, Composting, and Disposal services. The accounting records shall be prepared in accordance with Generally Accepted Accounting Principles (GAAP) consistently applied.

At a minimum, the following operational records shall be maintained by Contractor for City relating to:

A. Customer account information and billing records;

B. Tonnage of material Collected by type (e.g., Solid Waste, Recyclable Material, Organic Material, or C&D) listed by Processing Site or Disposal Site where such materials were delivered. Where possible, information is to be separated by Residential and Commercial Customers.

C. Tonnage of Recyclable Materials, Organic Material, and C&D Diverted from Disposal by Contractor and supporting documentation.

D. Diversion level, which shall equal Tonnage Diverted by Contractor divided by the Tonnage Collected by Contractor multiplied by 100, listed separately by month for the previous quarter. Tonnage Diverted shall reflect Permitted Materials Processed less residue Disposed.

E. Residue levels of Processed or Composted materials.

F. Weight tickets from (i) Designated Disposal Site documenting the Tonnage of Solid Waste Collected within the City and delivered to the Designated Disposal Site; (ii) Processing Sites documenting the Tonnage of Permitted Materials Collected within the City and delivered to the Approved Processing Sites; and, (iii) Approved Disposal Sites documenting the Tonnage of residue delivered to Approved Disposal Sites by vehicle, date, and time.

G. End use and markets for recovered materials.

Contractor shall make records available to the City upon request.

7.2.2 Customer Records

Contractor shall maintain accurate and complete records containing the number and types of accounts served by the Contractor. The records shall contain, at a minimum, the Customers name, type of business, phone number, address of Roll-Off Container delivery and Collection location, date of delivery and Collection, itemized listing of services performed, type of Permitted Material Collected, Tonnage

Collected, and the amount charged to provide services. The information shall be provided to the City upon request.

7.2.3 CERCLA Defense Records

City views its ability to defend itself against Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), and related litigation as a matter of great importance. For this reason, the City regards its ability to prove where Permitted Materials Collected by the Contractor are taken for Processing, Recycling, Composting, Transfer, or Disposal, as well as where they are not taken, to be matters of concern. Contractor shall maintain, retain and preserve records which can establish where Permitted Materials Collected were Processed, Composted, and Disposed (and therefore establish where they were not). This provision shall survive the expiration or earlier termination of this Agreement. Contractor shall maintain these records for a minimum of ten (10) years beyond expiration or earlier termination of the Agreement. Contractor shall provide these records to City (upon request or at the end of the record retention period) in an organized and indexed manner rather than destroying or disposing of them.

7.3 GENERAL REPORTING REQUIREMENTS

The format of each report shall be approved by City. Contractor may propose report formats that are responsive to the objectives. Contractor agrees to mail a copy of all reports and submit all reports on computer discs, by e-mail, or by modem in a format compatible with City's software and computers at no additional charge. Contractor will provide a certification statement, under penalty or perjury, by the responsible Contractor official, that the report being submitted is true and correct to the best knowledge of such official after their reasonable inquiry.

Each monthly remittance to City shall be accompanied by a statement itemizing each fee paid; detailing calculation of all fees; stating actual gross revenues (e.g. cash receipts) for the monthly period collected from all operations conducted or permitted by this Agreement, and stating the number and size of Containers serviced by Contractor for the monthly period. If Contractor believes it has paid Franchise Fees or other fees as described in this Article, in excess of the fees due to the City, Contractor may submit a request for refund to the Director. If proof of overpayment is satisfactory to the Director, the Director shall authorize the City to refund the overpayment to the Contractor. Contractor shall not apply any overpayment as a credit against any Franchise Fee or other amounts payable to the City, unless specifically authorized to do so by the Director in writing.

8.7 NON-CITY FEES; AB 939 COUNTY SURCHARGE

ARTICLE 9

9.1 CONTRACTOR'S COMPENSATION

If Contractor's costs are more than Contractor's compensation, Contractor shall not be compensated for the difference in costs and revenues. If Contractor's costs are less than Contractor's compensation, Contractor shall retain the difference.

9.2 CITY'S RIGHT TO SET MAXIMUM RATES

The City reserves the right to establish maximum Rates for Permitted Materials Collection services provided under this Agreement in the event that: (a) there are three or fewer companies holding non-exclusive franchise agreements for Collection of Permitted Materials, or (b) the Rates charged by the companies holding non-exclusive franchise agreements for Collection of Permitted Materials are no longer comparable to those of other jurisdictions, as reasonably determined by City. If the City chooses to exercise its right to set maximum Rates, City shall notify Contractor at least 180 calendar days prior to the date that maximum Rates become effective. In such case, City will set maximum Rates with

consideration of reasonable and necessary costs for Collection, Processing, Composting, and Disposal and with the intention of setting maximum Rates that will enable parties, including the Contractor, that have executed Non-Exclusive Franchise Agreements with the City for Roll-Off Container Collection Services the ability to recover reasonable and necessary costs and a reasonable profit.

9.3 CONTRACTOR'S RATES

Contractor shall set the Rates it charges its Customers for Roll-Off Collection services. The Contractor's Rates shall not exceed City-established maximum Rates, if the City exercises its rights under Section 9.2.

ARTICLE 10

10.1 INDEMNIFICATION

Contractor shall indemnify, defend with counsel acceptable to the City, protect and hold harmless the City and each of its officers, officials, employees, volunteers, and agents (collectively, indemnitees) from and against all claims, damages (including but not limited to special, consequential, natural resources and punitive damages), injuries, costs, (including without limit any and all response, remediation and removal costs), losses, demands, debts, liens, liabilities, causes of action, suits, legal or administrative proceedings, interest, fines, charges, penalties, and expenses (including without limit attorneys' expert witness fees and costs incurred in connection with defending against any of the foregoing or in enforcing this indemnity), (collectively, "Damages") of any kind whatsoever paid, incurred or suffered by, or asserted against, indemnitees arising from or attributable to the acts or omissions of Contractor whether or not negligent or otherwise culpable, in connection with or related to the performance of this Agreement, except such loss or damage which was caused by the sole negligence or willful misconduct of the City.

Contractor shall be required to indemnify the City for the costs for any claims arising from the Processing, Composting, or Disposal of Permitted Materials, including, but not limited to, claims arising under the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA). The foregoing is intended to operate as an agreement to defend and indemnify and hold harmless indemnities to the full extent permitted for liability pursuant to Section 107(e) of CERCLA, 42 U.S.C. Section 9607(e) and California Health and Safety Code Section 25364.

In addition, Contractor's duty to defend and indemnify herein includes all fines and/or penalties imposed by the California Department of Resources Recycling and Recovery, subject to the restrictions set forth in Public Resources Code Section 40059.1, if the requirements of the Act are not met by the Contractor with respect to the Permitted Materials Collected under this Agreement, and such failure is due to Contractor delays in providing information that prevents Contractor or City from submitting reports required by the Act in a timely manner.

This provision will survive the expiration or earlier termination of this Agreement and shall not be construed as a waiver of rights by City to contribution or indemnity from third parties.

A. General Liability and Automobile Liability Coverages

Issuance of documentation indicates the Contractor's insurance complies with these provisions. The certificates and endorsements for each insurance policy are to be signed by a Person authorized by that insurer to bind coverage on its behalf. 4. "Inclusion of the City of Fresno as an insured shall not affect the City's rights as respects any claim, demand, suit or judgment brought or recovered against the Contractor. This policy shall protect Contractor and the City in the same manner as though a separate policy had been issued to each, but this shall not operate to increase the Contractor's liability as set forth in the policy beyond the amount shown or to which the Contractor would have been liable if only one party had been named as an insured."

10.2.8 Delivery of Proof of Coverage

Simultaneously with the execution of this Agreement, Contractor shall furnish the City certificates of each policy of insurance required hereunder, in form and substance satisfactory to City. Such certificates shall show the type and amount of coverage, effective dates and dates of expiration of policies and shall have all required endorsements. If the City requests, copies of each policy, together with all endorsements, shall also be promptly delivered to City.

Renewal certificates will be furnished annually to City to demonstrate maintenance of the required coverages throughout the Term.

10.2.9 Other Insurance Requirements

A. If any services are delegated to a Subcontractor, the Contractor shall require such Subcontractor to provide statutory Workers' Compensation insurance and employer's liability insurance for all of the Subcontractor's employees engaged in the work in accordance with Sections 10.2.2.C and 10.2.2.D and 10.2.4.B. B. If at any time during the life of the Agreement or any extension, Contractor or any of its subcontractors fail to maintain any required insurance in full force and effect, Contractor shall be in breach of the Agreement until notice is received by City that the required insurance has been restored to full force and effect and that the premiums therefore have been paid for a period satisfactory to City. Any failure to maintain the required insurance shall be sufficient cause for City to terminate this Agreement. No action taken by City pursuant to this Section shall in any way relieve Contractor of its responsibilities under this Agreement.

C. The Contractor shall comply with all requirements of the insurers issuing policies. The carrying of insurance shall not relieve Contractor from any obligation under this Agreement. If any claim exceeding the amount of any deductibles or self-insured reserves is made by any third person against the Contractor or any Subcontractor because of any occurrence related to this Agreement, the Contractor shall promptly report the facts in writing to the insurance carrier and to the City.

D. The Commercial General Liability, Automobile Liability, and Pollution Legal Liability insurance policies shall be written on an "occurrence," rather than a "claims made" basis. If Contractor is unable to purchase Pollution Legal Liability insurance on an occurrence form and must purchase such insurance on a claims-made form:

1. The “Retro Date” must be shown, and must be before the effective date of the Agreement or the commencement of work by Contractor.

2. The policy shall be endorsed to provide not less than a 5-year discovery period. This requirement shall survive expiration or termination of the Agreement.

3. 4. A copy of the claims reporting requirements must be submitted to City for review.

5. These requirements shall survive expiration or termination of this Agreement.

ARTICLE 11
DEFAULT AND REMEDIES

11.1 EVENTS OF DEFAULT

Each of the following shall constitute an event of default ("Event of Default") hereunder:

A. Contractor fails to perform its obligations under this Agreement, or future amendment to this Agreement, including, but not limited to, Contractor's failure to pay Franchise Fees and other City fees in accordance with Article 8 of this Agreement, and the breach continues for more than 10 Business Days after written notice from the City for the correction thereof;

B. Contractor's failure to Divert 50% of the C&D, 70% of the Recyclable Materials, and 90% of Organic Materials Collected in the City as required by Section 5.3 of this Agreement after Contractor is given an opportunity to remedy the nonperformance as described in Section 11.5;

C. Any representation, warranty, or disclosure made to City by Contractor in connection with or as an inducement to entering into this Agreement or any future amendment to this Agreement, which proves to be false or misleading in any material respect as of the time such representation or disclosure is made, whether or not any such representation, warranty, or disclosure appears as part of this Agreement;

D. There is a seizure or attachment (other than a pre-judgment attachment) of, or levy affecting possession on, the operating equipment of Contractor, including without limit its vehicles, maintenance or office facilities, or any part thereof of such proportion as to substantially impair Contractor's ability to perform under this Agreement and which cannot be released, bonded, or otherwise lifted within 48 hours excluding weekends and Holidays;

E. Contractor files a voluntary petition for debt relief under any applicable bankruptcy, insolvency, debtor relief, or other similar law now or hereafter in effect, or shall consent to the appointment of or taking of possession by a receiver, liquidator, assignee (other than as a part of a transfer of equipment no longer useful to Contractor or necessary for this Agreement), trustee (other than as security for an obligation under a deed of trust), custodian, sequestrator (or similar official) of the Contractor for any part of Contractor's operating assets or any substantial part of Contractor's property, or shall make any general assignment for the benefit of Contractor's creditors, or shall fail generally to pay Contractor's debts as they become due or shall take any action in furtherance of any of the foregoing;

F. A court having jurisdiction shall enter a decree or order for relief in respect of the Contractor, in any involuntary case brought under any bankruptcy, insolvency, debtor relief, or similar law now or hereafter in effect, or Contractor shall consent to or shall fail to oppose any such proceeding, or any such court shall enter a decree or order appointing a receiver, liquidator, assignee, custodian, trustee, sequestrator (or similar official) of the Contractor or for any part of the Contractor's operating equipment or assets, or orders the winding up or liquidation of the affairs of Contractor;

11.2 RIGHT TO TERMINATE UPON DEFAULT

Upon a default by Contractor, the City may terminate this Agreement within 10 calendar days of the default but no later than 180 calendar days after the default. Such termination shall be effective 10 calendar days following the City's written notice to Contractor, and such termination shall be effective without the need for any hearing, suit, or legal action.

11.3 CITY'S REMEDIES CUMULATIVE; SPECIFIC PERFORMANCE

The City's right to terminate the Agreement under Section 11.2 is not exclusive, and the City's termination of the Agreement and/or the imposition of Liquidated Damages shall not constitute an election of remedies. Instead, these rights shall be in addition to any and all other legal and equitable rights and remedies which the City may have.

By virtue of the nature of this Agreement, the urgency of timely, continuous and high quality service, the lead time required to effect alternative service, and the rights granted by City to the Contractor, the remedy of damages for a breach hereof by Contractor is inadequate and City shall be entitled to injunctive relief.

11.4 LIQUIDATED DAMAGES

A. **General.** The Parties find that as of the time of the execution of this Agreement, it is impractical, if not impossible, to reasonably ascertain the extent of damages which shall be incurred by City as a result of a breach by Contractor of its obligations under this Agreement. The factors relating to the impracticability of ascertaining damages include, but are not limited to, the fact that: (i) substantial damage results to members of the public who are denied services or denied quality or reliable service; (ii) such breaches cause inconvenience, anxiety, frustration, and deprivation of the benefits of the Agreement to individual members of the general public for whose benefit this Agreement exists, in subjective ways and in varying degrees of intensity which are incapable of measurement in precise monetary terms; (iii) that services might be available at substantially lower costs than alternative services and the monetary loss resulting from denial of services or denial of quality or reliable services is impossible to calculate in precise monetary terms; and (iv) the termination of this Agreement for such breaches, and other remedies are, at best, a means of future correction and not remedies which make the public whole for past breaches.

B. **Service Performance Standards; Liquidated Damages for Failure to Meet Standards.** The Parties further acknowledge that consistent, reliable Roll-Off Collection, Processing, and Disposal service is of utmost importance to City and that City has considered and relied on Contractor's representations as to its quality of service commitment in executing this Agreement. The Parties recognize that some quantified standards of performance are necessary and appropriate to ensure consistent and reliable service and performance. The Parties further recognize that if Contractor fails to achieve the performance standards, or fails to submit required documents in a timely manner, City and its residents and businesses will suffer damages, and that it is, and will be, impractical and extremely difficult to ascertain and determine the exact amount of damages that City will suffer. Therefore, without prejudice to City's right to treat such non-performance as an event of default under this Article, the Parties

agree that the Liquidated Damages amounts established in Exhibit A of this Agreement and the following Liquidated Damage amounts represent a reasonable estimate of the amount of such damages considering all of the circumstances existing on the Effective Date of this Agreement, including the relationship of the sums to the range of harm to City that reasonably could be anticipated and the anticipation that proof of actual damages would be costly or impractical.

Contractor agrees to pay (as Liquidated Damages and not as a penalty) the amounts set forth in the Schedule of Liquidated Damages, Exhibit A.

City may determine the occurrence of events giving rise to Liquidated Damages through the observation of its own employees or representative or investigation of complaints by Customers, occupants, and Generators.

Liquidated Damages will only be assessed after Contractor has been given the opportunity but failed to rectify the damages as described in this Agreement. Before assessing Liquidated Damages, City shall give Contractor notice of its intention to do so. The notice will include a brief description of the incident(s) and/or non-performance. The City may review (and make copies at its own expense) all information in the possession of Contractor relating to incident(s) and non-performance. City may, within 10 calendar days after issuing the notice, request a meeting with Contractor. City may present evidence of non-performance in writing and through testimony of its employees and others relevant to the incident(s) and non-performance. City will provide Contractor with a written explanation of its determination on each incident(s) and non-performance prior to authorizing the assessment of Liquidated Damages under this Section 11.4. The decision of City shall be final and City shall not be subject to, or required to exhaust, any further administrative remedies.

C. **Amount.** City may assess Liquidated Damages for each calendar day or event, as appropriate, that Contractor is determined to be liable in accordance with this Agreement in the amounts specified in Exhibit A subject to annual adjustment described below.

The amount of Liquidated Damages specified in Exhibit A shall be adjusted annually on the anniversary of the Effective Date. The adjustment shall be rounded to the nearest cent. Liquidated Damage amounts shall be adjusted to reflect changes in the Consumer Price Index – All Urban Consumers (CPI-U) compiled and published by the U.S. Department of Labor, Bureau of Labor Statistics or its successor agency, using the following Bureau of Labor Statistics' parameters.

- Not Seasonally Adjusted
- Area – Los Angeles-Riverside-Orange County, CA
- Item – All Items
- Base Period – 1982-84=100

The formula for annual adjustment is as follows:

Adjusted Liquidated Damage Amount	=	Then-current Liquidated Damage Amount x most current CPI-U/previous 12-month CPI-U

For example:

Current Liquidated Damage Amount = **$150.00**
Most recently published index (January 2010) = **224.610**
Index published 12 months prior to most recently published index
(January 2009) = **220.719**
Adjusted Liquidated Damage Amount = $150.00 x (224.610/220.719) = **$152.64**

If the CPI-U is discontinued or revised during the Term by the United States Department of Labor, such other government index or computation with which it is replaced shall be used in order to obtain substantially the same result as would be obtained if the CPI had not been discontinued or revised.

D. **Timing of Payment.** Contractor shall pay any Liquidated Damages assessed by City within 10 calendar days of the date the Liquidated Damages are assessed. If they are not paid within the 10-day period, City may order the termination of the rights or "franchise" granted by this Agreement.

11.5 DIVERSION NON-PERFORMANCE

If the Contractor's Diversion level is less than 50% for C&D, less than 70% for Recyclable Materials, and/or less than 90% for Organic Materials Collected in the City for a monthly reporting period, the following steps shall be followed by the City and Contractor.

A. **Warning.** The City shall issue a written warning to the Contractor within 30 calendar days of receipt of the Contractor's monthly report documenting the Diversion level for the monthly reporting period. The warning notice shall specify the amount of time (i.e. "correction period") the City grants the Contractor to improve its performance and meet the Diversion requirements defined in Section 5.3.

B. **Opportunity to Improve Performance.** The Contractor shall modify its Collection, Processing, Diversion, and public education and outreach programs (subject to the City's approval) to improve the Diversion level. At the end of the correction period, Contractor shall submit a written report to the City identifying the Diversion level and providing the supporting documentation. If the City determines that the Diversion level equals or exceeds Diversion requirements defined in Section 5.3, the Contractor shall continue to perform services in such a manner as to maintain or improve the Diversion level and the City shall waive its rights to proceed with steps outlined in subsections C and D of this Section 11.5 during the remainder of then-current reporting period.

C. **Liquidated Damages.** If the Contractor fails to improve the Diversion level so that it is equal to or greater than Diversion requirements defined in Section 5.3 by the end of the correction period granted in subsection A of this Section, the City may levy, and Contractor shall pay, Liquidated Damages described in Section 11.4.

D. **Termination of the Agreement.** If Contractor's fails to achieve a Diversion level that equals or exceeds Diversion requirements defined in Section 5.3 within six months of the date the City levied Liquidated Damages, the failure to meet the Diversion requirements defined in Section

5.3 shall be considered an event of default and the City may terminate the Agreement in accordance with Section 11.2.

11.6 CONDITIONS UPON TERMINATION

In the event this Agreement is terminated under the provisions of this Article, the following conditions shall be effective:

A. **Prohibit Roll-Off Collection Services.** Contractor shall have no right or authority to engage in Roll-Off Collection services in the City for a period of five years from the date of termination. After five years, should the Contractor provide proof that the event causing the Contractor to default under this Agreement has been corrected, the Contractor may reapply for a non-exclusive Roll-Off Collection service franchise, and the City, at the sole and complete discretion of the City, may reinstate the Contractor based on review of its reapplication.

B. **Continuing Liabilities.** Contractor shall remain liable to the City for:

1. Fees due in accordance with Article 8 that would otherwise be payable by the Contractor.

2. Liquidated Damages assessed pursuant to Section 11.4.

3. Reports required by Article 7 for Roll-Off Collection activities performed by Contractor up to and including the date of termination.

4. Indemnity obligations under Section 10.1.

5. Record keeping and retention obligations under Sections 7.1 and 7.2.

C. **Release Customers and Generators from Obligations.** Contractor shall allow Permitted Materials Generators served by Contractor to arrange for Permitted Materials Collection services with a hauler authorized to perform such services, without penalty or liability for breach of any contract between Contractor and its Customers or Generators.

D. **Remove Roll-Off Containers.** Contractor shall remove all of Contractor's Roll-Off Containers from all of Contractor's Collection locations and shall properly Recycle, Process, Compost, or Dispose of Permitted Materials in such Roll-Off Containers.
