DEVELOPMENT DEPARTMENT

DATE: April 20, 1995

TO: DEVELOPMENT DEPARTMENT TEAM MEMBERS

FROM: ALVIN P. SOLIS, Director
Development Department 

SUBJECT: SIDEWALK SALES AND DISPLAYS POLICY

Sidewalk sales and displays, not to exceed more than 25 percent of any calendar year, will be permitted. All pedestrian access ramps and handicapped access ramps will be kept clear at all times. There will be a 4-foot wide area of the storefront sidewalk kept clear for pedestrian use. All fire exit and entry doors will be kept clear at all times.

Participating businesses will be required to submit to the Development Department a time schedule for sidewalk displays and sales that will reflect the 25 percent calendar year requirement. This information will be available to the Code Enforcement Section for compliance and monitoring purposes.

This policy does not include any display or sales activity within required parking areas such as tents, christmas tree sales, pumpkin sales, garden merchandise sales, or any other sales activity within parking areas.
