If the Borrower fails to meet either of these conditions, the CIEDB may unencumber any and all undisbursed Loan amounts and the unencumbered amounts shall henceforth not be available to the Borrower. If the Borrower fails to meet the thirty-five (35) month requirement, the CIEDB may elect to hold any or all undisbursed funds and apply such funds to the outstanding principal balance of the Loan amount or, if after the Bond Date, the optional redemption of Bonds in accordance with the Indenture (in which event the principal amount of the Loan amount shall be reduced by the principal amount of Bonds so redeemed).

(d) The total cumulative amount of such disbursements shall not exceed the total amount of the Loan made hereunder. All requests for payment shall be accompanied by information and documentation as may be required by the CIEDB to determine the amount of Loan Funds to be disbursed. In addition, all requests for payment shall be accompanied by a certification by the Borrower that the (i) Loan Funds requested are for eligible Project costs, as defined in the Act, CIEDB guidelines and this Agreement, (ii) incurred in the amounts and for the purposes represented, (iii) that the work or materials for which payment has been requested are satisfactory, and (iv) no Event of Default has occurred and is continuing. The CIEDB will provide the Borrower with a description of the documentation required for payment. Further, not more than ninety percent (90%) of each invoice payable from Loan Funds designated for construction shall be disbursed until the CIEDB receives a recorded notice of completion for the Project or other evidence of completion satisfactory to the CIEDB and the Borrower has met all conditions precedent to final disbursement set out in Exhibit C; provided however, if the Borrower demonstrates to the satisfaction of the CIEDB that the Borrower is obliged by law to make payments to certain construction contractors of one hundred percent (100%) of invoiced amounts or to establish a retention fund for final payment for certain contractors, the CIEDB shall disburse Loan Funds in the amount required by law.

The Borrower shall notify the CIEDB no less than fifteen (15) days prior to the expected Bond Date if it intends to prepay the Loan or reduce the principal amount of the Loan through the unencumbrance of Loan amounts as described in Section 2.04(c), otherwise the terms for payment of the Loan will be as described in Section 2.02.

(d) Reduction in Loan Funds. If (i) prior to the Bond Date, the Borrower requests a reduction in the amount of the Loan, or (ii) the CIEDB unencumbers Loan Funds as provided in Section 2.03(c), such amounts shall be deducted from the Loan, shall no longer constitute Loan Funds and shall no longer be available to the Borrower; provided, that no such request pursuant to subsection (i) of this subsection shall be approved unless the costs of completing the Project have been adequately provided for in the sole discretion of the CIEDB. Following any reduction in Loan Funds, the CIEDB shall provide the Borrower with an updated amortization schedule using the new Loan amount with an amended maturity date. The CIEDB shall amend this Loan Agreement to reflect the lower amount. Any reduction in Loan Funds shall not effect the obligation of the Borrower to complete the Project.

SECTION 2.05. Encumbrance of Loan Funds. The CIEDB hereby encumbers the amount of two million, one hundred eighteen thousand dollars (\$2,118,000) as Loan Funds.

SECTION 2.06. Reserved.

SECTION 2.07. Parity Debt. The Borrower may after the Effective Date issue or incur Parity Debt in such principal amount as shall be determined by the Borrower subject to the requirements for additional obligations as set forth in all Parity Debt Instruments

and the following specific conditions, which are hereby made conditions precedent to the issuance and delivery of such Parity Debt issued under this section, provided that to the extent that a Parity Debt Instrument conflicts with any of the requirements set forth in this Section 2.07, the more restrictive provision shall prevail:

(a) No Event of Default hereunder, under any Parity Debt Instrument, Subordinate Debt Instrument or under any other instrument secured by Tax Revenues shall have occurred and be continuing, and the Borrower shall otherwise be in compliance with all covenants set forth in this Loan Agreement.

(b) Tax Revenues, as calculated in subsection (h) of this Section 2.07, received or estimated to be received by the Borrower in the then current Fiscal Year (i) calculated using a tax rate of one percent (1%), (ii) based upon the most recent taxable valuation of property in the Project Area as evidenced in a written document from an appropriate official of the county in which the Project is located and (iii) exclusive of payments, reimbursements and subventions, if any, specifically attributable to ad valorem taxes lost by reason of tax exemptions and tax rate limitations, shall be at least equal to one hundred ten percent (110%) of Maximum Annual Debt Service, including within such Maximum Annual Debt Service, the amount of maximum annual debt service on Parity Debt then proposed to be issued or incurred.

(c) As of the date of the incurrence of the Parity Debt, based on the then current finalized assessment rolls, the Parity Debt complies with the following conditions, all of which shall be verified in a written report of an Independent Consultant: (i) the five (5) largest taxpayers within the Project Area (i.e., those with the greatest ad valorem property tax payments with respect to property located within the Project Area) do not have aggregate assessed valuations (secured and unsecured) that exceed fifty percent (50%) of the total assessed valuation for the entire Project Area; (ii) no single property owner's assessed valuation (secured and unsecured) within the Project Area exceeds fifteen percent (15%) of the total assessed valuation for the entire Project Area; and (iii) total unsecured personal property valuation within the Project Area must be less than thirty percent (30%) of the total assessed valuation for the entire Project Area.

(d) The aggregate amount of the principal of and interest on any Parity Debt and Subordinate Debt coming due and payable following the issuance of such Parity Debt shall not exceed the maximum amount of Tax Revenues permitted under the Redevelopment Plan to be allocated to the Borrower following the issuance of such Parity Debt.

(e) The Parity Debt Instrument providing for the issuance of such Parity Debt shall provide that interest thereon shall be payable on August 1 and February 1 and principal thereof shall be payable on August 1 in any year in which principal is payable.

(f) The Parity Debt Instrument providing for the issuance of such Parity Debt may provide for the establishment of separate funds and accounts.

(g) Within thirty (30) days of the issuance of such Parity Debt, the Borrower shall deliver to the CIEDB a Certificate of the Borrower certifying the conditions precedent to the

issuance of such Parity Debt set forth in subsections (a), (b), (c) and (d) above have been satisfied.

(h) For the purpose of the calculations pursuant to this subsection (b) and the preparation of the Certificate of the Borrower required by this subsection (f), the following shall apply:

(1) The Tax Revenues referred to above shall be deemed to be increased by any additional assessed valuation of taxable property as to which construction has been completed, as of the date of, and as may be shown by, a Report of an Independent Consultant.

(2) The Tax Revenues shall not include any amounts resulting from a property tax rate in the Project Area in excess of one percent (1%) unless the Borrower files with the CIEDB a Report of an Independent Consultant showing that any such excess tax rate will be in effect throughout the term of this Loan.

(3) The Tax Revenues shall not include any amounts from property tax assessments that are being appealed unless the Borrower provides the CIEDB with a report of an Independent Consultant showing that the appeal is unlikely to prevail.

(4) For purposes of calculating Maximum Annual Debt Service, Parity Debt shall not include any debt with respect to which the following conditions are met:

(A) The proceeds of such Parity Debt shall be held by a corporate trustee in a separate fund (the "temporary redemption fund") and deposited or invested in federal securities as defined in Section 8.05 or in an investment agreement with a financial institution or insurance company, whose unsecured debt obligations are rated in at least the second-highest rating category by at least one nationally recognized securities rating agency, at a rate of interest which, together with amounts made available by the Borrower from Parity Debt proceeds or otherwise, is at least sufficient to pay debt service on the Parity Debt the proceeds of which are to be deposited in the temporary redemption fund.

(B) Moneys may be transferred from the temporary redemption fund only if Tax Revenues for the then current Fiscal Year will be at least equal to one hundred ten percent (110%) of Maximum Annual Debt Service, (excluding from such calculation the principal amount of Parity Debt which is equal to moneys on deposit in said temporary redemption fund after each such transfer).

(C) Parity Debt shall be redeemed from moneys remaining on deposit in the temporary redemption fund at the expiration of a specified escrow period in such manner as may be determined by the Borrower.

(D) If any Parity Debt is capital appreciation bonds, then the accreted value payment shall be deemed a principal payment and interest that is compounded and paid as accreted value shall be deemed due on the scheduled redemption or payment date of such capital appreciation bond.

(E) If any Parity Debt bears interest payable pursuant to a variable interest rate formula, the interest rate on such Parity Debt for periods when the actual interest rate cannot yet be determined shall be assumed to be the maximum interest rate under the Parity Debt.

**SECTION 2.08. Subordinate Debt.** The Borrower may after the Effective Date issue or incur Subordinate Debt in such principal amount as shall be determined by the Borrower subject to the following specific conditions, which are hereby made conditions precedent to the issuance and delivery of such Subordinate Debt issued under this section:

(a) No Event of Default hereunder, under any Parity Debt Instrument, Subordinate Debt Instrument or under any other instrument secured by Tax Revenues shall have occurred and be continuing, and the Borrower shall otherwise be in compliance with all covenants set forth in this Loan Agreement.

(b) Tax Revenues, as calculated in subsection (g) of this Section 2.08, received or estimated to be received by the Borrower in the then current Fiscal Year (i) calculated using a tax rate of one percent (1%), (ii) based upon the most recent taxable valuation of property in the Project Area as evidenced in a written document from an appropriate official of the county in which the Project is located and (iii) exclusive of payments, reimbursements and subventions, if any, specifically attributable to ad valorem taxes lost by reason of tax exemptions and tax rate limitations, shall be at least equal to one hundred percent (100%) of the greatest total debt service payable in any Fiscal Year during which this Loan Agreement is in effect for Parity Debt, existing Subordinate Debt and Subordinate Debt then proposed to be issued or incurred.

(c) The aggregate amount of principal of and interest on any Parity Debt and Subordinate Debt coming due and payable following the issuance of such Subordinate Debt shall not exceed the maximum amount of Tax Revenues permitted under the Redevelopment Plan to be allocated to the Borrower following the issuance of such Subordinate Debt.

(d) The Subordinate Debt Instrument providing for the issuance of such Subordinate Debt shall provide that interest thereon shall be payable on August 1 and February 1 and principal thereof shall be payable on August 1 in any year in which principal is payable.

(e) The Subordinate Debt Instrument providing for the issuance of such Subordinate Debt may provide for the establishment of separate funds and accounts.

(f) Within thirty (30) days of the issuance of such Subordinate Debt, the Borrower shall deliver to the CIEDB a Certificate of the Borrower certifying the conditions precedent to the issuance of such Subordinate Debt set forth in subsections (a), (b), (c) and (d) above have been satisfied.

(g) For the purpose of the calculations pursuant to this subsection (b) and the preparation of the Certificate of the Borrower required by this subsection (f), the following shall apply:

(1) The Tax Revenues referred to above shall be deemed to be increased by any additional assessed valuation of taxable property as to which construction has been completed, as of the date of, and as may be shown by, a Report of an Independent Consultant.

(2) The Tax Revenues shall not include any amounts resulting from a property tax rate in the Project Area in excess of one percent (1%) unless the Borrower files with the CIEDB a Report of an Independent Consultant showing that any such excess tax rate will be in effect throughout the term of this Loan.

(3) The Tax Revenues shall not include any amounts from property tax assessments that are being appealed unless the Borrower provides the CIEDB with a report of an Independent Consultant showing that the appeal is unlikely to prevail.

(4) For purposes of calculating the greatest total debt service payable in any Fiscal Year during which this Loan Agreement is in effect for Parity Debt, existing Subordinate Debt and Subordinate Debt then proposed to be issued or incurred, Subordinate Debt shall not include any debt with respect to which the following conditions are met:

(A) The proceeds of such Subordinate Debt shall be held by a corporate trustee in a separate fund (the "temporary redemption fund") and deposited or invested in federal securities as defined in Section 8.05 or in an investment agreement with a financial institution or insurance company, whose unsecured debt obligations are rated in at least the second-highest rating category by at least one nationally recognized securities rating agency, at a rate of interest which, together with amounts made available by the Borrower from Subordinate Debt proceeds or otherwise, is at least sufficient to pay debt service on the Subordinate Debt the proceeds of which are to be deposited in the temporary redemption fund.

(B) Moneys may be transferred from the temporary redemption fund only if Tax Revenues for the then current Fiscal Year will be at least equal to one hundred percent (100%) of the greatest total debt service payable in any Fiscal Year during which this Loan Agreement is in effect for Parity Debt, existing Subordinate Debt and Subordinate Debt then proposed to be issued or incurred, (excluding from such calculation the principal amount of Subordinate Debt which is equal to moneys on deposit in said temporary redemption fund after each such transfer).

(C) Subordinate Debt shall be redeemed from moneys remaining on deposit in the temporary redemption fund at the expiration of a specified escrow period in such manner as may be determined by the Borrower.

(D) If any Subordinate Debt is capital appreciation bonds, then the accreted value payment shall be deemed a principal payment and interest that is compounded and paid as accreted value shall be deemed due on the scheduled redemption or payment date of such capital appreciation bond.

(E) If any Subordinate Debt bears interest payable pursuant to a variable interest rate formula, the interest rate on such Subordinate Debt for periods when the actual interest rate cannot yet be determined shall be assumed to be the maximum interest rate under the Subordinate Debt.

SECTION 2.09. Borrower's Payment of Project Costs. The Borrower agrees to pay any and all costs connected with the Project, including, without limitation, any and all Project costs (as defined in the Act) exceeding the CIEDB approved amount, and the Borrower shall not be relieved of its obligation even if the CIEDB reduces the Loan Funds pursuant to any provision hereunder.

SECTION 2.10. Validity of Loan Agreement. The validity of this Loan Agreement shall not be dependent upon the completion of the Project or upon the performance by any person of his or her obligation with respect to the Project.

SECTION 2.11. Project Description. The Project shall be known as Roeding Infrastructure Improvements - Phase III. The Project is more particularly described in Exhibit D hereto.

SECTION 2.12. Reasonable Cost of Eligible Project. The reasonable cost of the eligible Project is estimated to be six million, four hundred seventy-nine thousand, one hundred dollars (\$6,479,100), of which a portion valued at two million, one hundred eighteen thousand dollars (\$2,118,000) shall be paid with the Loan, and the remainder shall be paid as set forth in Exhibit D hereto.

SECTION 2.13. Withholding of Loan Funds.

(a) The CIEDB may withhold all or any portion of the Loan Funds prior to the Bond Date in the event that:

(1) The Borrower has substantially violated any of the terms, provisions, conditions or commitments of this Loan Agreement, or if an Event of Default has occurred; or

(2) The Borrower is unable to demonstrate, to the satisfaction of the CIEDB, the ability to complete the Project or to maintain adequate progress toward completion thereof.

(b) In the event that Loan Funds are withheld from the Borrower, the CIEDB shall notify the Borrower of the reasons and advise the Borrower that the Borrower has thirty (30) days in which to remedy the failure or violation.

(c) If Loan Funds are withheld pursuant to this section, the Borrower hereby acknowledges and agrees that the CIEDB shall have the right to disencumber undisbursed funds under this Loan Agreement.

SECTION 2.14. Replacement Tax Allocation Loan Agreement. The Borrower and the CIEDB, at CIEDB's sole discretion, may increase the principal amount of the Loan to

that amount, necessary to fully satisfy all of the rental and other amounts due and payable from the City under the Facility Lease, and such an increase shall constitute a Replacement Tax Allocation Loan Agreement, subject to the following below listed specific conditions which are hereby made conditions precedent to the increase of the Loan pursuant to this Section 2.14:

(a) no event of default under the Facility Lease (or an event that, with notice or the passage of time, would constitute such an event of default) shall have occurred and be continuing, and the City shall otherwise be in compliance with all covenants set forth in the Facility Lease;

(b) the Project is fully constructed and the Project Amount (as that term is used in the Facility Lease) is fully disbursed and/or unencumbered;

(c) the conditions specified in Section 2.07 hereof with respect to the Borrower incurring Parity Debt shall be fully satisfied, treating the Replacement Tax Allocation Loan Agreement as Parity Debt for purposes of determining whether such conditions are satisfied;

(d) at least sixty (60) days prior to the effective date of the Replacement Tax Allocation Loan Agreement, the Borrower shall deliver to the CIEDB a statement describing the proposed amount of the Replacement Tax Allocation Loan Agreement, the report of an Independent Consultant referred to in Section 2.07(c) and Section 2.07(h)(1), and a Certificate of the Borrower certifying that all of the conditions precedent to the issuance of the Replacement Tax Allocation Loan Agreement set forth in this Section 2.14 and in Section 2.07 hereof have been satisfied; and

(e) the Borrower shall deliver to the CIEDB in a form acceptable to the CIEDB: (i) a certified copy of a duly adopted resolution of the Borrower authorizing the Replacement Tax Allocation Loan Agreement and authorizing the execution and delivery of all necessary documentation in connection therewith; (ii) a certified copy of a duly adopted resolution of the City Council of the City approving the Replacement Tax Allocation Loan Agreement; and (iii) an opinion of legal counsel to the Borrower to the effect that the Borrower has the legal authority to enter into the Replacement Tax Allocation Loan Agreement and that this Loan Agreement, including the Replacement Tax Allocation Loan Agreement, is a valid, legal, binding and enforceable agreement of the Borrower;

(f) the Borrower shall also deliver to the CIEDB such additional information and documentation as the CIEDB may reasonably request from the Borrower with respect to the Borrower, the Project Area, the Replacement Tax Allocation Loan Agreement and the Project.

After all of the foregoing conditions have been satisfied and the Replacement Tax Allocation Loan Agreement is made by the CIEDB to the Borrower, the CIEDB shall prepare and deliver to the Borrower a revised Exhibit E-Amortization Schedule to reflect the additional principal amount of the Loan and any other terms and conditions of the Loan that may have changed as a result of the Replacement Tax Allocation Loan Agreement. Such new Exhibit E and all of the other terms and conditions of this Loan Agreement shall be fully effective and binding upon the Borrower and the CIEDB with respect to the Loan as modified.

#### PLEDGE OF TAX REVENUES; APPLICATION OF FUNDS

**SECTION 3.01. Pledge of Tax Revenues and Special Fund.** The Loan and all Parity Debt shall be equally secured by a pledge of and first lien on all of the Tax Revenues and all amounts in the Special Fund, without preference or priority for series, issue, number, dated date, sale date, date of execution or date of delivery. The Tax Revenues and all amounts in the Special Fund are hereby pledged in their entirety to the payments required by Section 3.02. The Tax Revenues and all amounts in the Special Fund shall be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Borrower.

Neither the Loan nor this Loan Agreement is a debt of the CIEDB, the State or any of its political subdivisions (other than the Borrower) and neither the CIEDB, the State nor any of its political subdivisions (other than the Borrower) is liable thereon, nor in any event shall the Loan be payable out of any funds or properties other than Tax Revenues of the Borrower and amounts in the Special Fund as provided herein. Neither the Loan nor this Loan Agreement constitutes an indebtedness within the meaning of any constitutional or statutory limitation or restriction, and neither the members of the Borrower nor any persons executing this Loan Agreement are liable personally on the Loan or this Loan Agreement.

**SECTION 3.02. Special Fund; Deposits.** In order to carry out its obligation to repay the Loan, the Borrower agrees and covenants that it shall establish the Special Fund. In each Fiscal Year, the Borrower shall transfer to the Special Fund an amount of Tax Revenues equal to the sum of (i) Debt Service payable on August 1 and February 1 of such Fiscal Year and (ii) Additional Payments payable during such Fiscal Year. The Tax Revenues in each Fiscal Year shall not be applied to any other purpose until such time as such deposit has been fully made. All money on deposit in the Special Fund shall be used to pay Section 3.03 amounts, Additional Payments, and Parity Debt. After making all the set-asides and payments hereinabove required to be made in each Fiscal Year, the Borrower may expend in such Fiscal Year any remaining money in the Special Fund and any remaining Tax Revenues not deposited into the Special Fund for any lawful purpose of the Borrower. The Borrower agrees and covenants to maintain the Special Fund so long as the Loan remains unpaid.

**SECTION 3.03. Amounts Payable from the Special Fund.** The Borrower shall promptly pay the following amounts at the following times from the Special Fund:

(a) **Interest/Principal Payments.** The Borrower shall pay to the CIEDB the principal due and payable under this Loan Agreement by August 1 of each year, as set forth in the Exhibit E amortization schedule. The interest due and payable under this Loan Agreement is due at the CIEDB by each Interest Payment Date.

(b) **Additional Payments.** The Borrower shall promptly pay to the CIEDB Additional Payments due pursuant to Section 2.03(f).

(c) The Borrower shall promptly pay to the holder of any Parity Debt the amount of Parity Debt Service as that amount becomes due and payable.

SECTION 3.04. Commingling of Accounts. The CIEDB may commingle any amounts in any of the funds and accounts held hereunder with any other amounts held by the CIEDB for purposes of making any deposit or investment, provided that the CIEDB shall maintain separate accounting procedures for the investment of all funds held hereunder. The value of investments credited to such fund shall be calculated at the cost thereof (excluding accrued interest).

SECTION 3.05 Borrower Special Fund Accounts. The Borrower may establish and maintain the Special Account required under Section 3.02 as an account, sub-account or fund, in the Borrower's accounting records. The Borrower will maintain the records of such account, sub-account or fund with due regard for protecting the pledged Tax Revenues, the Bonds, and the holders thereof.

SECTION 4.03. No Conflict in Execution of Agreement. SECTION 4.04. No Litigation. There is no action, suit, proceeding or investigation at law or in equity before or by any court or governmental agency or body pending or threatened against the Borrower to restrain or enjoin the execution or delivery of this Loan Agreement, or in any way contesting or affecting the validity of this Loan Agreement, or contesting the powers of the Borrower to enter into or perform its obligations under this Loan

SECTION 4.06. No Consent, Approval or Permission Necessary. No consent or approval of any trustee or holder of any indebtedness of the Borrower, and no consent, permission, authorization, order or licenses of, or filing or registration with, any governmental authority is necessary in connection with the execution and delivery of this Loan Agreement or the consummation of any transaction contemplated herein, except as have been obtained or made and as are in full force and effect.

SECTION 4.07. Pledged Funds; Limited Obligation. The Borrower expects that in each year the Tax Revenues will equal or exceed the current year's payments due under this Loan Agreement, and such payments will be treated as paid from the current Tax Revenues. The Borrower shall have no obligation to use any funds other than the Tax Revenues and amounts in the Special Fund, directly or indirectly, to pay principal of or interest on the Loan and Additional Payments; nor are any funds other than the Tax Revenues and amounts in the Special Fund so pledged as security for the Loan.

SECTION 4.08. Pledge and First Lien. The pledge of the Tax Revenues and amounts in the Special Fund constitute a valid pledge of and a first lien on all of the Tax Revenues and amounts in the Special Fund.

SECTION 4.09. Information Submitted to the CIEDB. The information relating to the Borrower, the Redevelopment Plan, the Project Area and the Project submitted by the Borrower to the CIEDB, including, but not limited to, all information in the application for financing, was true at the time submitted to the CIEDB and as of the date of this Loan Agreement, remains true and correct in all material respects; and such information did not and does not contain any untrue or misleading statement of a material fact or omit to state any material fact necessary to make the statements therein not misleading in light of the circumstances under which they were made.

SECTION 4.10. Financial Statements of the Borrower. The Borrower's financial statements furnished to the CIEDB have been prepared in conformity with generally accepted accounting principles and fairly present in all material respects the financial condition of the Borrower as of the date thereof and the results of its operations for the period covered thereby. There has been no material adverse change in the business, condition (financial or otherwise) or operations of the Borrower since the date of such financial statements.

SECTION 4.11. Establishment of Project Area. The Project Area has been duly established pursuant to the Redevelopment Plan and the Redevelopment Plan is in full force and effect and the Borrower is in compliance with the Redevelopment Plan and the Law.

SECTION 4.12. Project Completion.

(a) The Project consists and will consist of the facilities described in Exhibit D and the Borrower shall make no changes thereto or to the operation thereof which would affect the qualification of the Project as a "public development facility" within the meaning of the Act or the qualifications of the Project for tax-exempt financing under the Code.

(b) The City, upon completion of the Project, will have good and valid title to the Project sufficient to carry out the purposes of this Loan Agreement.

(c) The Borrower intends to utilize the Project or cause the Project to be utilized as a "public development facility" within the meaning of the Act.

(d) The Project will be located wholly within the County of Fresno.

(e) To the best of the Borrower's knowledge, no officer or official of the CIEDB has any material interest whatsoever in the Project or in the transactions contemplated by this Loan Agreement.

(f) All applicable local governmental agency, State and federal government certificates, approvals, permits and authorizations with respect to the construction of the Project have been obtained or will be obtained as soon as practicable.

SECTION 4.13. Existing Parity Obligations. As of the Effective Date, the CIEDB has a senior lien on Tax Revenues and there are no obligations on parity with this Loan.

ARTICLE V

AFFIRMATIVE COVENANTS OF THE BORROWER

SECTION 5.01. Punctual Payment. The Borrower will punctually pay, or cause to be paid, all payments required hereunder in strict conformity with the terms of this Loan Agreement, and it will faithfully observe and perform all of the conditions, covenants and requirements of this Loan Agreement.

SECTION 5.02. Payment of Claims. The Borrower from time to time will pay and discharge, or cause to be paid and discharged, any and all lawful claims for labor, materials or supplies, which, if unpaid, might become liens or charges upon the Tax Revenues or any part thereof, or upon any funds in the hands of the CIEDB, or which might impair the security of the Loan. Nothing herein contained shall require the Borrower to make any such payment so long as the Borrower in good faith shall contest the validity of said claims.

SECTION 5.03. Books and Accounts; Financial Statements.

(a) The Borrower will keep proper books of record and accounts in which complete and correct entries shall be made of all transactions relating to the tax increment revenues from the Project Area (which may be consolidated with other project areas or activities of the Borrower). Such books of record and accounts shall at all times during business hours be subject to the inspection of the CIEDB or its designee.

To the extent that any continuing disclosure certificate required by a Parity Debt Instrument provides the information required in subsections (b) through (c) of this Section 5.03, the Borrower may submit a copy of the certificate instead of providing separate statements setting forth the required information.

(b) The Borrower will prepare and file with the CIEDB annually as soon as practicable, but in any event not later than two hundred ten (210) days after the close of each Fiscal Year, so long as this Loan Agreement has not been discharged by the CIEDB, an audited financial statement of the Borrower relating to the Project Area for the preceding Fiscal Year, prepared by an Independent Accountant. The Borrower will furnish to the CIEDB such reasonable number of copies of such audited financial statements as may be required by the CIEDB for distribution (at the expense of the Borrower).

(c) Simultaneously with the delivery of the annual audited financial statements required by subsection (b), which may be referenced to meet the requirements of this subsection (c), the Borrower will deliver the following to the CIEDB:

(1) A Certificate of the Borrower stating the following:

(i) The total amount of assessed valuations of properties within the Project Area, for the most recent completed Fiscal Year, showing the total secured value, the total unsecured value and total other value, if applicable;

(ii) The total taxes eligible for allocation to the Borrower with respect to the Project Area pursuant to the Law for the most recent completed Fiscal Year, including gross tax increment revenues and all deductions for payments to Taxing Agencies, deposits into the housing fund and any other deductions required to be made to compute the Tax Revenues available to pay this Loan, Parity Debt and Subordinate Debt;

(iii) To the extent the Borrower has actual knowledge of any pending appeals of the amount of assessed valuation of any property in the Project Area, the total number of such appeals and the aggregate amount by which such assessed value and Tax Revenues would be reduced if all such appeals were granted in the amount requested;

(iv) The percentage by which annual Tax Revenues have provided coverage for this Loan and Parity Debt Service, and the percentage by which Tax Revenues available after the payment of Debt Service and Parity Debt Service provided coverage for Subordinate Debt for the most recent completed Fiscal Year; and

(v) The ten (10) largest assesses of taxable property within the Project Area for the most recent completed Fiscal Year, showing the identity of each such assessee and the total assessed value of the properties owned by each such assessee, together with any assessment appeals filed by any of such taxpayers.

(2) Any amendments to the Redevelopment Plan that materially adversely affect the Tax Revenues. For purposes of this subsection, an estimated decrease in excess of five percent (5%) per annum from the prior Fiscal Year shall be deemed material;

(3) Notification of any Parity Debt or Subordinate Debt incurred since the last reporting date and certification that there had been no default or noncompliance under any Parity Debt Instruments or Subordinate Debt Instruments;

(4) Certification that no Event of Default has occurred and no event has occurred which, with the passing of time or the giving of notice or of both, would constitute an Event of Default;

(5) Certification that the Borrower is in compliance with the Tax Certificate;

(6) Notification of any other event or circumstance that would materially affect completion of the Project and/or repayment of this Loan; and

(7) Such other information as may be reasonably required.

(d) The Borrower shall, upon request, furnish to the CIEDB, in a format specified by the CIEDB, information concerning employment and other public benefits connected to the Project.

SECTION 5.04. Reserved.

SECTION 5.05. Notification to the CIEDB. The Borrower agrees to notify the CIEDB, immediately, by telephone promptly confirmed in writing, if any representation made in this Loan Agreement or in the application for financing to the CIEDB shall at any time so long as the Loan Agreement is outstanding prove untrue or incorrect in any manner at the date the representation was made or reaffirmed, and the representation is material to the Loan.

SECTION 5.06. Protection of Security and Rights. The Borrower shall preserve and protect the security of the Loan and the rights of the CIEDB. From and after the Effective Date, the validity of this Loan Agreement shall be incontestable by the Borrower.

SECTION 5.07. Reserved.

SECTION 5.08. Tax Covenant. The Borrower recognizes that the Loan Funds consist of proceeds of a tax-exempt financing program. In order to maintain the tax-exempt status of the financing, the Borrower will not take any action, or fail to take any action, if such action or failure to take such action would adversely affect the exclusion from gross income

of the interest on the Bonds, and the Borrower specifically agrees to comply with all terms and conditions contained in the Tax Certificate and to provide annual certification of its compliance.

The provisions of this Section 5.08 shall survive the discharge of the CIEDB's obligations hereunder and shall apply to any trustee or other successor or assignee described in Section 8.02.

**SECTION 5.09. Taxation of Leased Property.** Whenever any property in the Project Area is redeveloped by the Borrower and thereafter is leased by the Borrower to any person or persons, or whenever the Borrower leases any real property in the Project Area to any person or persons for redevelopment, the property shall be assessed and taxed in the same manner as privately-owned property (in accordance with the Law), and the lease or contract shall provide (i) that the lessee shall pay taxes upon the assessed value of the entire property and not merely upon the assessed value of the leasehold interest, and (ii) that if for any reason the taxes paid by the lessee on such property in any year during the term of the lease shall be less than the taxes that would have been payable upon the entire property if the property were assessed and taxed in the same manner as privately-owned property, the lessee shall pay such difference to the Borrower within thirty (30) days after the taxes for such year become payable, and in any event prior to the delinquency date of such taxes established by law. Notwithstanding this section, Borrower's leases to tax exempt public entities shall not be taxable pursuant to this Section 5.09; the limitation on such leases as set forth in Section 6.02 shall apply.

**SECTION 5.10. Assumption of Loan Agreement.** The obligations of the Borrower under this Loan Agreement may not be assumed by another entity except in connection with a transfer of the entire Project Area by the Borrower and only upon prior written approval of the CIEDB and receipt by CIEDB of:

(1) an opinion of counsel experienced in matters relating to the tax-exempt status of interest on any obligations secured by this Loan Agreement, and approved by the CIEDB, to the effect that such transfer would not cause interest on the obligations to be included in gross income for federal income tax purposes;

(2) a Report signed by an Independent Consultant concluding that such transfer would not materially adversely affect the security for the Loan or the rights of the CIEDB; and

(3) evidence satisfactory to the CIEDB that the entity assuming the Loan is eligible pursuant to the Act.

**SECTION 5.11. Completion of Project; Construction Contracts.**

(a) The Borrower shall ensure that all activities undertaken with respect to the completion of the Project are undertaken and accomplished with due diligence and in conformity with all requirements of the Act and other applicable law.

(b) All construction contracts shall be let to the lowest responsible bidder at a fixed price subject to increase only for allowable extra work, change orders approved by the Borrower,

and damages or delays authorized by the laws of the State. The Borrower shall not approve any change orders cumulatively resulting in an increase in Project costs of more than five percent (5%) of the original construction contract amount without having funds committed for the increased Project costs.

(c) The Borrower shall notify the CIEDB forthwith upon the filing of a stop notice, litigation or any other legal proceeding which may impact the completion

SECTION 5.12. Payment from Tax-Exempt Debt. The Borrower hereby covenants to notify the CIEDB at least forty-five (45) days before making any repayment or prepayment of this Loan Agreement from the proceeds of any tax-exempt debt incurred by the Borrower that is otherwise permitted by Section 2.07.

SECTION 5.13. Further Assurances. The Borrower will adopt, make, execute and deliver any and all such further resolutions, instruments and assurances as may be reasonably required by the CIEDB as necessary or proper to carry out the intention or to facilitate the performance of this Loan Agreement and for the better assuring and confirming unto the CIEDB of the rights and benefits provided in this Loan Agreement.

SECTION 5.14. Agreement to Complete.

(a) The Borrower agrees that it will acquire, construct or install the Project, and construct, acquire and install other facilities and real and personal property deemed by the Borrower necessary for the operation of the Project. The Borrower may supplement or amend the Project description with written approval from the CIEDB from time to time, provided that no such supplement or amendment shall cause the Project or any portion thereof to fail to constitute a "project" within the meaning of the Act.

(b) At any time, upon request of the CIEDB, the Borrower agrees to make available to the CIEDB for review and copying all then current plans and specifications for the Project. The Borrower may identify any proprietary information in such plans and specifications and, to the extent legally permissible, the CIEDB agrees to keep such information confidential.

(c) As soon as the Project is completed, the Borrower shall evidence such completion by providing a Certificate of the Borrower to the CIEDB stating that (i) construction of the Project has been completed substantially in accordance with the final plans and specifications therefor and all labor, services, materials and supplies used in construction have been paid for, and (ii) all other facilities necessary in connection with the Project have been constructed, acquired and installed in accordance with the final plans and specifications therefor and all costs and expenses incurred in connection therewith have been paid. Notwithstanding the foregoing, such certificate may state that it is given without prejudice to any rights of the Borrower against third parties for the payment of any amount not then due and payable which exist at the date of such certificate or which may subsequently exist.

SECTION 5.15. Borrower's General Responsibility. The Borrower is solely responsible for the design, construction, operation and maintenance of the Project. Any review

or approval of plans, specifications, bid documents or other construction documents by the CIEDB is solely for the purpose of proper administration of Loan Funds by the CIEDB and shall not be deemed to relieve or restrict the Borrower's responsibility or result in any duty, obligation or responsibility on the part of the CIEDB or the officers and agents thereof.

**SECTION 5.16. Borrower's Assurances and Commitments.**

(a) **Compliance with Laws and Regulations.** The Borrower shall at all times comply and require its contractor and subcontractors to comply with all applicable federal and State laws, rules and regulations, and all applicable local ordinances, specifically including, but not limited to, prevailing wage, environmental, procurement and safety laws, rules, regulations, and ordinances. Borrower agrees that its failure to act in accordance with the provisions of this subsection (a) will not result in any duty, obligation or responsibility on the part of the CIEDB or the officers and agents thereof.

(b) **Archeological or Historical Resources.** Should a potential archeological or historical resource be discovered during construction, the Borrower agrees that all work in the area of the find will cease until a qualified archeologist has evaluated the situation and the Borrower has determined appropriate actions regarding preservation of the resource.

(c) **Construction Activities.** The Borrower shall assure that adequate supervision and inspection of Project construction activities are maintained. The CIEDB reserves the right to conduct an audit of Borrower's construction expenditures during construction and up to three years following receipt by CIEDB of a notice of completion or other evidence of completion satisfactory to the CIEDB. The CIEDB, at its discretion, may require the Borrower to conduct an interim and/or final audit at the Borrower's expense, such audit to be conducted by and a report prepared by an Independent Accountant.

(d) **Compliance with the Law.** The Borrower will comply with the Law so as not to adversely affect the security for the payment of the Loan and any Parity Debt. The Borrower will comply with the deposits required by the Law to be made to the Housing Fund.

**SECTION 5.17. Project Access.** The Borrower shall assure that the CIEDB or its designee will have suitable access to the Project site at all reasonable times so long as this Loan is outstanding and shall include provisions assuring such access in all contracts and subcontracts relating to the Project.

**SECTION 5.18. Performance and Payment Bonds.**

(a) The Borrower shall require its contractor to certify under penalty of perjury, and provide the Borrower with a copy of such certificates, which shall be available for the CIEDB's inspection if requested, that it has obtained a bond or bonds by one or more authorized surety companies satisfactory to Borrower; surety companies must be authorized to do business in California and have an agent for service of process in California. The Borrower shall require that the Borrower be named as an additional payee on the performance and payment bonds required herein and shall provide the CIEDB with a copy of the bonds to that effect.

(b) Said bond shall be in the amounts and for the following purposes: (i) an amount not less than one hundred percent (100%) of the total estimated cost of the Project construction contract amount conditioned upon the faithful performance of the terms of this Loan Agreement including the maintenance of the work for a period of one year from the date of final acceptance of work or improvements by the Borrower against any defective work or labor done, or defective materials furnished, and (ii) an additional amount not less than one hundred percent (100%) of the estimated cost of the Project securing payment to the subcontractors and to persons renting equipment or furnishing labor or materials to them for the Project.

SECTION 5.19. Continuing Disclosure. Upon the request of the CIEDB, the Borrower covenants to furnish certain financial and operating data pertaining to the Borrower that may be required to either: (i) enable the CIEDB to secure an Indenture by this Loan Agreement and issue any Bonds; or (ii) enable any underwriter to comply with Rule 15c2-12(b)(5) of the Securities and Exchange Commission in connection with the Bonds.

SECTION 5.20. Notice of Default and Event of Default. The Borrower covenants that it will deliver to the CIEDB, immediately after the Borrower shall have obtained knowledge of the occurrence of an Event of Default or default hereunder, a Certificate of the Borrower setting forth the details of such Event of Default or default and the action which the Borrower proposes to take with respect thereto.

SECTION 5.21. Compliance with State Contract Requirements. The Borrower shall comply with all provisions contained in Exhibit F so long as this Loan is outstanding.

SECTION 5.22. Statements of Indebtedness. The Borrower shall comply with all requirements of the Law to insure the allocation and payment to it of the Tax Revenues, including without limitation the timely filing of any necessary statements of indebtedness with appropriate officials of the County.

SECTION 5.23. Cumulative Tax Revenue Limit. The Borrower covenants that it will not accept Tax Revenues greater than Debt Service, including Subordinate Debt Service, in any year, if such acceptance will cause the amount remaining under any then-applicable tax increment limit in the Redevelopment Plan to fall below remaining cumulative Debt Service and Subordinate Debt Service, except for the purpose of depositing such revenues in escrow for the payment of this Loan and interest on and principal of and redemption premiums, if any, on Parity Debt or Subordinate Debt.

## ARTICLE VI

### NEGATIVE COVENANTS OF THE BORROWER

SECTION 6.01. Limitation on Additional Debt; No Senior Debt. The Borrower hereby covenants that, until the Loan has been paid and discharged pursuant to Section 8.05, the Borrower shall not after the date of this Loan Agreement issue any bonds, notes or other obligations, enter into any agreement or otherwise incur any loans, advances or

indebtedness, which are in any case secured by a lien on all or any part of the Tax Revenues that is superior to or on a parity with the lien established hereunder for the security of the Loan, excepting only Parity Debt meeting the requirements set out in Section 2.07 herein and Subordinate Debt meeting the requirements set out in Section 2.08 herein. Nothing herein is intended nor shall be construed in any way to prohibit or impose any limitations upon the issuance or incurrence by the Borrower of loans, bonds, notes, advances or other indebtedness that is not secured by Tax Revenues.

**SECTION 6.02. Disposition of Property.** The Borrower will not, except as otherwise provided in this Section 6.02, authorize the disposition of any real property in the Project Area to anyone which will result in such property becoming exempt from taxation because of public ownership or use or otherwise (except for public ownership or use contemplated by the Redevelopment Plan in effect on the date of adoption of this Loan Agreement, or property to be used for public streets or public off-street parking facilities or easements or rights of way for public utilities, or other similar uses) if such dispositions, together with all dispositions made on or after the Effective Date, shall result in more than ten percent (10%) of the land area in the Project Area being exempt from taxation. If the Borrower proposes to make any such disposition that when aggregated with dispositions on or after the Effective Date, shall comprise more than ten percent (10%) of the land area in the Project Area it shall cause to be filed with the CIEDB a Report of an Independent Consultant on the effect of such proposed disposition. If the Report concludes that the Tax Revenues will not be materially reduced by such proposed disposition, the Borrower may proceed with such proposed disposition. If the Report concludes that Tax Revenues will be materially reduced by such proposed disposition, the Borrower shall as a condition precedent to proceeding with such proposed disposition, require that such new owner or owners either:

(1) deposit in the Special Fund, so long as this Loan remains unpaid, an amount equal to the amount that would have been received by the Borrower as Tax Revenues if such property were assessed and taxed in the same manner as privately-owned non-exempt property, which payment shall be made within thirty (30) days after taxes for each year would become payable to the Taxing Agencies for non-exempt property and in any event prior to the delinquency date of such taxes established by law; or

(2) deposit to the Special Fund a single sum equal to the amount estimated by an Independent Consultant to be receivable from taxes on such property from the date of such payment to the final maturity of this Loan, less expected earnings on such amount calculated at five percent (5%) per annum.

For purposes of this section, a decrease in Tax Revenues in excess of five percent (5%) per annum from the prior Fiscal Year shall be deemed material.

**SECTION 6.03. Nondiscrimination.**

(a) During the performance of this Loan Agreement, Borrower, any contractor and its subcontractors shall not deny the contracts' benefits to any person on the basis of religion, color, ethnic group identification, sex, age, physical or mental disability, nor shall they discriminate unlawfully against any employee or applicant for employment because of race, religion, color,

national origin, ancestry, physical handicap, mental disability, medical condition, marital status, age or sex. The Borrower, any contractor and its subcontractor shall insure that the evaluation and treatment of employees and applicants for employment are free of such discrimination.

(b) The Borrower, any contractor and its subcontractors shall comply with the provisions of the Fair Employment and Housing Act (Government Code section 12900 et seq.), the regulations promulgated thereunder (Title 2, California Code of Regulations, section 7285.0 et seq.), the provisions of Article 9.5, Chapter 1, Part 1, Division 3, Title 2 of the Government Code (sections 11135-11139.5) and any regulations promulgated thereunder.

(c) The Borrower, any contractor and its subcontractors shall not knowingly give preferential treatment of any kind whatsoever in connection with any business transaction related to the construction or operation of the Project to any of its affiliates or to any business enterprise in which Borrower has any financial interest, but in such business transactions shall deal at all times with such affiliates and enterprises on the same basis as though Borrower were dealing with any other parties.

(d) The Borrower, any contractor and its subcontractors shall, with respect to the Project described herein, give written notice of their obligations under this section to labor organizations representing employees of the Borrower and any contractor or subcontractor performing work on the Project which have a collective bargaining or other contract with the Borrower, contractor or subcontractor.

(e) The Borrower, any contractor and its subcontractors shall include the provisions of this section in all subcontracts to perform work under this Loan Agreement or any contract contemplated hereby.

SECTION 6.04. Amendment of Redevelopment Plan. The Borrower will not amend the Redevelopment Plan except as provided in this section. If the Borrower proposes to amend the Redevelopment Plan, it shall cause to be filed with the CIEDB a Report of an Independent Consultant on the effect of such proposed amendment. If the Report concludes that Tax Revenues will not be materially reduced by such proposed amendment, the Borrower may undertake such amendment. If the Report concludes that Tax Revenues will be materially reduced by such proposed amendment, the Borrower may not undertake such proposed amendment without the prior written consent of the CIEDB. For purposes of this section, a decrease in Tax Revenues in excess of five percent (5%) per annum from the prior Fiscal Year shall be deemed material.

## ARTICLE VII

### EVENTS OF DEFAULT AND REMEDIES

SECTION 7.01. Events of Default and Acceleration of Loan.

(a) The following events shall constitute Events of Default hereunder:

(1) failure by the Borrower to pay the principal of or interest or prepayment premium (if any) on the Loan pursuant to Section 3.03(a) or any Additional Payment pursuant to Section 3.03(b) when and as the same shall become due and payable;

(2) the occurrence of an event of default with respect to any Parity Debt or any Subordinate Debt which causes all principal of such Parity Debt or Subordinate Debt to become due and payable immediately;

(3) failure by the Borrower to observe and perform any of the covenants, agreements or conditions on its part contained in this Loan Agreement, other than as referred to in the preceding subsection (1), for a period of sixty (60) days after written notice specifying such failure and requesting that it be remedied has been given to the Borrower by the CIEDB, or to the Borrower and the CIEDB; provided, however, that if the failure stated in such notice can be corrected, but not within such sixty (60) day period, the CIEDB may consent to an extension of such time if corrective action is instituted by the Borrower within such sixty (60) day period and diligently pursued until such failure is corrected;

(4) the filing by the Borrower of a petition or answer seeking reorganization or arrangement under the federal bankruptcy laws or any other applicable law of the United States of America, or if a court of competent jurisdiction shall approve a petition, filed with or without the consent of the Borrower, seeking reorganization under the federal bankruptcy laws or any other applicable law of the United States of America, or if, under the provisions of any other law for the relief or aid of debtors, any court of competent jurisdiction shall assume custody or control of the Borrower or of the whole or any substantial part of its property;

(5) any representation or other written statement made by the Borrower contained in this Loan Agreement, the Loan application or in any instrument furnished in compliance with or in reference thereto shall prove to have been incorrect in any material respect; or

(6) an unexcused failure by the Borrower to pay amounts due under any bond, note, installment sale agreement, capital lease or other agreement or instrument to which it is a party relating to the borrowing of money, if such unpaid amount shall exceed fifty thousand dollars (\$50,000).

(b) If an Event of Default has occurred and is continuing, the CIEDB may (i) declare the principal of the Loan, together with the accrued interest on all unpaid installments thereof, to be due and payable immediately, and upon any such declaration the same shall become immediately due and payable, anything in this Loan Agreement to the contrary notwithstanding, and (ii) exercise any other remedies available to the CIEDB in law or at equity. Immediately upon becoming aware of the occurrence of an Event of Default, the CIEDB shall give notice of such Event of Default to the Borrower by telephone, telecopier, facsimile or other telecommunication device, promptly confirmed in writing. This provision, however, is subject to the condition that if, at any time after the principal of the Loan shall have been so declared due and payable, and before any judgment or decree for the payment of the moneys due shall have been obtained or entered, the Borrower shall deposit with the CIEDB a sum sufficient to pay all

installments of principal of the Loan due prior to such declaration and all accrued interest thereon, with interest on such overdue installments of principal and interest at the rate of the lesser of twelve percent (12%) per annum or the maximum rate permitted by law, and the reasonable expenses of the CIEDB (including but not limited to attorneys fees and costs), and any and all other defaults known to the CIEDB (other than in the payment of principal of and interest on the Loan due and payable solely by reason of such declaration) shall have been made good or cured to the satisfaction of the CIEDB or provision deemed by the CIEDB to be adequate shall have been made therefor, then, and in every such case, the CIEDB may, by written notice to the Borrower, rescind and annul such declaration and its consequences. However, no such rescission and annulment shall extend to or shall affect any subsequent default, or shall impair or exhaust any right or power consequent thereon.

**SECTION 7.02. Remedies.** Upon the occurrence of an Event of Default the CIEDB shall have the following rights, in addition to its rights under Section 7.01:

(a) by mandamus or other action or proceeding or suit at law or in equity to enforce its rights against the Borrower or any member, officer or employee thereof, and to compel the Borrower or any such member, officer or employee to perform and carry out its or his duties under law and the agreements and covenants required to be performed by it or him contained herein;

(b) by suit in equity to enjoin any acts or things which are unlawful or violate the rights of the CIEDB; or

(c) by suit in equity to require the Borrowers and its members, officers and employees to account as the trustee of an express trust.

**SECTION 7.03. Application of Funds upon Default.** All amounts received by the CIEDB pursuant to any right given or action taken by the CIEDB under provisions of this Loan Agreement, or otherwise held by the CIEDB upon the occurrence of an Event of Default, shall be applied by the CIEDB in the following order:

(a) First, to the payment of the costs and expenses of the CIEDB, including reasonable compensation to their agents and attorneys, including CIEDB employees as set forth in Section 2.03(f)(2); and

(b) Second, to the payment of the whole amount of interest on and principal of the Loan and any Parity Debt then due and unpaid, with interest on overdue installments of principal and interest at the rate of the lesser of twelve percent (12%) per annum or the maximum rate permitted by law; provided, however, that in the event such amounts shall be insufficient to pay in full the amount of such interest and principal, then such amounts shall be applied in the following order of priority:

(1) first, to the payment of all installments of interest on the Loan and any Parity Debt then due and unpaid, on a pro rata basis in the event that the available amounts are insufficient to pay all such interest in full;

(2) second, to the payment of principal of all installments of the Loan and any Parity Debt then due and unpaid, other than principal having come due and payable solely by reason of acceleration pursuant to Section 7.01, on a pro rata basis in the event that the available amounts are insufficient to pay all such principal in full; and

(3) third, to the payment of principal of the Loan and any Parity Debt then due and unpaid and having come due and payable solely by reason of acceleration pursuant to Section 7.01 or otherwise, on a pro rata basis in the event that the available amounts are insufficient to pay all such principal in full.

(c) Third, to the payment of other Additional Payments to the CIEDB as described in Section 7.03(f)(1).

**SECTION 7.04. No Waiver.** Nothing in this Article VII or in any other provision of this Loan Agreement shall affect or impair the obligation of the Borrower, which is absolute and unconditional, to pay from the Tax Revenues and other amounts pledged hereunder, all payments due hereunder, or affect or impair the right of action, which is also absolute and unconditional, of the CIEDB to institute suit to enforce such payment by virtue of the contract embodied in this Loan Agreement.

A waiver of any default by the CIEDB shall not affect any subsequent default or impair any rights or remedies on the subsequent default. No delay or omission of the CIEDB to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or an acquiescence therein, and every power and remedy conferred upon the CIEDB by this Article VII may be enforced and exercised from time to time and as often as shall be deemed expedient by the CIEDB.

If a suit, action or proceeding to enforce any right or exercise any remedy shall be abandoned or determined adversely to the CIEDB, the Borrower and the CIEDB shall be restored to their former positions, rights and remedies as if such suit, action or proceeding had not been brought or taken.

**SECTION 7.05. Remedies Not Exclusive.** No remedy herein conferred upon or reserved to the CIEDB is intended to be exclusive of any other remedy. Every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute or otherwise, and may be exercised without exhausting and without regard to any other remedy conferred by law.

## ARTICLE VIII

### MISCELLANEOUS

**SECTION 8.01. Venue.** The CIEDB and the Borrower hereby agree that any action arising out of this Loan Agreement shall be filed and maintained in the Superior Court in and for the County of Sacramento, California, or in the United States District Court in and for the Eastern District of California.

**SECTION 8.02. Assignment.** This Loan Agreement may, at the CIEDB's discretion after the Bond Date, be assigned by the CIEDB to a trustee or any other party for the purpose of securing the payment of any bonds, notes or other obligations issued by the CIEDB and secured by this Loan Agreement and Loan, and the Borrower hereby consents to such assignment.

**SECTION 8.03. Benefits Limited to Parties.** Nothing in this Loan Agreement, expressed or implied, is intended to give to any person other than the Borrower, the CIEDB and any trustee for the Bonds, any right, remedy or claim under or by reason of this Loan Agreement. All covenants, stipulations, promises or agreements contained in this Loan Agreement by and on behalf of the Borrower shall be for the sole and exclusive benefit of the CIEDB.

**SECTION 8.04. Successor.** Whenever in this Loan Agreement either the Borrower or the CIEDB is named or referred to, such reference shall be deemed to include the successors or assigns thereof, and all the covenants and agreements in this Loan Agreement contained by or on behalf of the Borrower or the CIEDB shall bind and inure to the benefit of the respective successors and assigns thereof whether so expressed or not. Following the Bond Date the trustee for the Bonds will be the CIEDB's assignee.

**SECTION 8.05. Discharge of Loan Agreement.**

(a) If the Borrower shall pay and discharge the entire indebtedness under this Loan by paying or causing to be paid the principal of, interest and prepayment premium (if any) and Additional Payments on the Loan, as and when the same become due and payable, then, at the election of the Borrower, but only if all other amounts then due and payable hereunder shall have been paid or provision for their payment made, the pledge of and lien upon the Tax Revenues and other funds provided for in this Loan Agreement and all other obligations of the CIEDB and the Borrower under this Loan Agreement with respect to the Loan shall cease and terminate, except only (i) the obligation of the Borrower to pay or cause to be paid to the CIEDB, from the amounts so deposited with the CIEDB or such other fiduciary, all sums due with respect to this Loan Agreement including, without limitation, Additional Payments, and (ii) the obligations of the Borrower under Sections 5.08, 8.01, and 8.12. which, together with money, if any, deposited with the CIEDB, shall be sufficient to pay when due the principal and interest installments of such portions thereof on and prior to their payment dates or their dates of prepayment, as the case may be, and the prepayment premiums, if any, applicable thereto, and (ii) an opinion of nationally recognized bond counsel acceptable to the CIEDB is filed with the CIEDB to the effect that the action taken pursuant to this section will not cause the interest on the Bonds to be includable in gross income under the Code for federal income tax purposes. As used in this section, "federal securities" means United States of America Treasury bills, notes, bonds or certificates of indebtedness, or obligations of, or obligations guaranteed directly or indirectly by, the United States of America, or securities evidencing ownership interests in such obligations or in specified portions of the interest on or principal of such obligations.

## ARTICLE II. TAX LIMITATIONS

**2.1 Expenditure of Proceeds.** Proceeds of the Obligation shall be used exclusively for the following purposes: (i) architectural, engineering, surveying, soil testing, and similar costs paid with respect to the Project incurred prior to the commencement of construction and in an aggregate amount not exceeding twenty percent (20%) of the Obligation; (ii) capital expenditures originally paid by the Borrower on or after the date hereof, (iii) interest on the Obligation through the later of three years after the date hereof or one year after the Project is placed in service, and (iv) initial operating expenses directly associated with the Project (in aggregate amount not exceeding five percent (5%) of the amount of the Obligation).

**2.2 Governmental Bond Status.** The Borrower will not loan any of the proceeds of the Obligation to one or more Nongovernmental Persons. The Borrower will not allow more than five percent (5%) of proceeds of the Obligation or more than five percent (5%) of the Project to be used directly or indirectly by any Nongovernmental Person, other than as a member of the general public. In addition, a Nongovernmental Person will be treated as "using" proceeds of the Obligation to the extent the Nonexempt Person:

- (i) borrows proceeds of the Obligation, or
- (ii) uses the Project (e.g., as owner, lessee, service provider, operator or manager).

**2.3 Change in Use.** The Borrower reasonably expects to use all proceeds of the Obligation and all of the Project as set forth in Section 2.1 for the entire stated term to maturity of the Obligation. Absent written agreement by the CIEDB, the Borrower in fact will use all proceeds of the Obligation and all of the Project as set forth in Section 2.1.

**2.4 Federal Guarantee.** The Borrower will not directly or indirectly use or permit the use of any proceeds of the Obligation or take or omit to take any action that would cause the Bonds to be obligations that are "federally guaranteed" within the meaning of section 149(b) of the Code. In furtherance of this covenant, the Borrower will not allow the payment of principal or interest with respect to the Obligation to be guaranteed (directly or indirectly) in whole or in part by the United States or any agency or instrumentality thereof. The Borrower

will not use five percent (5%) or more of the proceeds of the Obligation to make or finance loans the payment of principal or interest with respect to which is guaranteed in whole or in part by the United States or any agency or instrumentality thereof.

2.5 **No Refunding.** Proceeds of the Obligation will not be used directly or indirectly to make principal, interest or premium payments with respect to any obligation other than the Obligation.

2.6 **No Hedge Bonds.** The Borrower reasonably expects that more than eighty-five percent (85%) of proceeds of the Obligation will be expended for the purposes of the Obligation within three years.

2.7 **Loan Payments.** "Payment Account" means the funds or accounts (or any portions of any funds or accounts) that will hold monies that are expected by the Borrower to be used to pay debt service on the Obligation. "Current Revenues" means revenues which are both received by the Borrower and utilized for the payment of debt service on the Obligation within a six month period. The Payment Account will be used primarily to achieve a proper matching of revenues and debt service within each year; a matching of revenues means that revenue and debt service come in and go out at approximately the same level and the Payment Account is cleared out to a very low balance at least one time during the year. Current Revenues in the Payment Account shall be invested without regard to yield. Revenues other than Current Revenues in the Payment Account will not be invested in Investment Property with a yield exceeding the yield on the Obligation.

2.8 **No Other Replacement Proceeds.** The Borrower will not use any proceeds of the Obligation to replace funds of the Borrower which are or will be used to acquire Investment Property reasonably expected to produce a yield that is materially higher than the yield on the Obligation.

2.9 **No Expected Sale.** It is not expected that the Project or any part thereof will be sold or otherwise disposed of so long as the Obligation is outstanding.

2.10 **Tax Covenant.** The Borrower will not take any action, or fail to take any action, if such action or failure to take such action would adversely affect the exclusion from gross income of the interest on the Bonds pursuant to section 103 of the Code and specifically (i) the Borrower will not directly or indirectly use or make any use of the proceeds of the Bonds or any other funds of the Borrower or take or omit to take any action that would cause the Bonds or to be "arbitrage bonds" subject to federal income taxation by reason of section 148 of the Code or obligations subject to federal income taxation because they are "federally guaranteed" as provided in section 149(b) of the Code, as applicable; and (ii) to that end the Borrower, with respect to the proceeds of the Bonds will comply with all requirements of such sections of the Code to the extent that such requirements are, at the time, applicable and in effect; provided, that if the Borrower shall obtain an Opinion of Counsel nationally recognized in the area of the exemption of interest from gross income under of the Code to the effect that any action required under this Section is no longer required, or to the effect that some further action is required, to maintain the exclusion from gross income of the interest evidenced and represented by the Bonds

pursuant to section 103 of the Code, as applicable, the Borrower may rely conclusively on such opinion in complying with the provisions hereof.

**2.11 Private Use.** No more than five percent (5%) of the Project (determined both on the basis of space and cost) shall be used for private use. Private use includes use in the trade or business of any nongovernmental persons, but does not include the portion of the proceeds properly allocable to facilities expected to be used by an organization described in section 501(c)(3) of the Code in a manner that does not constitute an unrelated trade or business of such organization, as defined in section 513(a) of the Code. For purposes of this section, the federal government is considered a nongovernmental person.

(a) For purposes of this section, private use shall include any contract for the management or operation of any portion of the Project unless each of the following conditions is met: (i) the term of such contract (including renewal options) does not exceed five years; (ii) the manager or operator under such contract is not compensated on the basis of a share of net profits; (iii) the compensation of the manager or operator is reasonable; (iv) the Borrower must be able to cancel such contract without penalty or cause at the end of the third year of the contract; and (v) neither the Borrower nor the manager or operator may control more than twenty percent (20%) of the voting power of the other's governing board; and

(b) The service provider's compensation for management or operation services rendered must be pursuant to one of the following four methods: (i) at least fifty percent (50%) of annual compensation is based on a periodic fixed fee; (ii) the compensation is based on a capitation fee or a combination of a capitation fee and a periodic fixed fee; (iii) in the case of certain contracts with a term not longer than three years, the compensation is based on a per-unit fee or a combination of a per-unit fee and periodic fixed fee and the contract is cancelable after two years; and (iv) in the case of certain contracts with a term not longer than two years, the compensation is based on a percentage of fees charged and the contract is cancelable after one year.

(c) The term "renewal option" as used in this Section, means a provision under which the service provider has a legally enforceable right to renew the contract. Thus, for example, a provision under which a contract is automatically renewed for one year periods absent cancellation by either party is not a renewal option (even if it is expected to be renewed).

### **ARTICLE III. OTHER MATTERS**

**3.1 Expectations.** The undersigned is an authorized representative of the Borrower acting for and on behalf of the Borrower in executing this Tax Certificate. To the best of the knowledge and belief of the undersigned, there are no other facts, estimates or circumstances that would materially change the expectations as set forth herein, and said expectations are reasonable.

**3.2 Amendments.** Notwithstanding any other provision of this Tax Certificate, the Borrower may amend this Tax Certificate and thereby alter any actions allowed or required by this Tax Certificate if such amendment is signed by an authorized officer and is supported by formal written agreement by the CIEDB.

**3.3 Survival of Defeasance.** Notwithstanding any provision in this Tax Certificate to the contrary, the obligation to comply with all requirements contained in this Tax Certificate shall survive defeasance or prepayment of the Obligation.

## TAX CERTIFICATE

This Tax Certificate is executed and delivered by the Redevelopment Agency of the City of Fresno (the "Borrower") in connection with the Tax Allocation Loan Agreement between the Borrower and the California Infrastructure and Economic Development Bank (the "CIEDB"), dated as of August 19, 2003 (the "Obligation") in the amount of two million, one hundred eighteen thousand dollars. The Borrower certifies, covenants, warrants and represents as follows:

### ARTICLE I. IN GENERAL

1.1 **The Borrower.** The Borrower is a redevelopment agency duly organized and existing under the laws of the State of California.

1.2 **Purpose of Tax Certificate.** In the future, the CIEDB intends to issue bonds (the "Bonds") to refinance the Obligation. The Borrower is delivering this Tax Certificate to the CIEDB with the understanding that the CIEDB will rely in part upon this Tax Certificate in obtaining an opinion from bond counsel that interest on the Bonds is excluded from gross income for federal income tax purposes under section 103 of the Code (as defined below).

1.3 **Purpose of Financing.** The Obligation is being issued to finance the Roeding Infrastructure Improvements - Phase III (the "Project"), as described in more detail in the application of the Borrower to the CIEDB, dated July 3, 2003, including amendments thereto and in Exhibit D of the Obligation.

1.4 **Definitions.** Unless the context otherwise requires, the following capitalized terms have the following meanings:

"Code" means the Internal Revenue Code of 1986 (including amendments thereto).

"Current Revenues" has the meaning given thereto in Section 2.7 hereof.

"Governmental Unit" means any state, or political subdivision of a state, but excludes the United States and its agencies or instrumentalities.

"Investment Property" means any security or obligation, any annuity contract, or any other investment-type property, but does not include any Tax-Exempt Bond unless such obligation is a "specified private activity bond" within the meaning of section 57(a)(5)(C) of the Code.

"Nongovernmental Person" means any person or entity other than a Governmental Unit.

"Payment Account" has the meaning given thereto in Section 2.7 hereof.

"*Preliminary Expenditures*" means architectural, engineering, surveying, soil testing, and similar costs paid with respect to the Project in an aggregate amount not exceeding twenty percent (20%) of the Obligation. However, Preliminary Expenditures do not include land acquisition, site preparation or similar costs incident to the commencement of construction.

"*Tax-Exempt Bond*" means any obligation the interest on which is excluded from gross income for federal income tax purposes pursuant to section 103 of the Code or section 103 of the Internal Revenue Code of 1954, as amended, and Title XIII of the Tax Reform Act of 1986, as amended, as well as stock in a regulated investment company to the extent at least 95 percent of income to the stockholder is treated as interest that is excludable from gross income under section 103 of the Code.

## ARTICLE II. TAX LIMITATIONS

2.1 **Expenditure of Proceeds.** Proceeds of the Obligation shall be used exclusively for the following purposes: (i) architectural, engineering, surveying, soil testing, and similar costs paid with respect to the Project incurred prior to the commencement of construction and in an aggregate amount not exceeding twenty percent (20%) of the Obligation; (ii) capital expenditures originally paid by the Borrower on or after the date hereof, (iii) interest on the Obligation through the later of three years after the date hereof or one year after the Project is placed in service, and (iv) initial operating expenses directly associated with the Project (in aggregate amount not exceeding five percent (5%) of the amount of the Obligation).

2.2 **Governmental Bond Status.** The Borrower will not loan any of the proceeds of the Obligation to one or more Nongovernmental Persons. The Borrower will not allow more than five percent (5%) of proceeds of the Obligation or more than five (5%) of the Project to be used directly or indirectly by any Nongovernmental Person, other than as a member of the general public. In addition, a Nongovernmental Person will be treated as "using" proceeds of the Obligation to the extent the Nonexempt Person:

- (i) borrows proceeds of the Obligation, or
- (ii) uses the Project (e.g., as owner, lessee, service provider, operator or manager).

2.3 **Change in Use.** The Borrower reasonably expects to use all proceeds of the Obligation and all of the Project as set forth in Section 2.1 for the entire stated term to maturity of the Obligation. Absent written agreement by the CIEDB, the Borrower in fact will use all proceeds of the Obligation and all of the Project as set forth in Section 2.1.

2.4 **Federal Guarantee.** The Borrower will not directly or indirectly use or permit the use of any proceeds of the Obligation or take or omit to take any action

that would cause the Bonds to be obligations that are "federally guaranteed" within the meaning of section 149(b) of the Code. In furtherance of this covenant, the Borrower will not allow the payment of principal or interest with respect to the Obligation to be guaranteed (directly or indirectly) in whole or in part by the United States or any agency or instrumentality thereof. The Borrower will not use five percent (5%) or more of the proceeds of the Obligation to make or finance loans the payment of principal or interest with respect to which is guaranteed in whole or in part by the United States or any agency or instrumentality thereof.

**2.5 No Refunding.** Proceeds of the Obligation will not be used directly or indirectly to make principal, interest or premium payments with respect to any obligation other than the Obligation.

**2.6 No Hedge Bonds.** The Borrower reasonably expects that more than eighty-five percent (85%) of proceeds of the Obligation will be expended for the purposes of the Obligation within three years.

Current Revenues in the Payment Account shall be invested without regard to yield. Revenues other than Current Revenues in the Payment Account will not be invested in Investment Property with a yield exceeding the yield on the Obligation.

**2.8 No Other Replacement Proceeds.** The Borrower will not use any proceeds of the Obligation to replace funds of the Borrower which are or will be used to acquire Investment Property reasonably expected to produce a yield that is materially higher than the yield on the Obligation.

**2.9 No Expected Sale.** It is not expected that the Project or any part thereof will be sold or otherwise disposed of so long as the Obligation is outstanding.

**2.10 Tax Covenant.** The Borrower will not take any action, or fail to take any action, if such action or failure to take such action would adversely affect the exclusion from gross income of the interest on the Bonds pursuant to section 103 of the Code and specifically (i) the Borrower will not directly or indirectly use or make any use of the proceeds of the Bonds or any other funds of the Borrower or take or omit to take any action that would cause the Bonds or to be "arbitrage bonds" subject to federal income taxation by reason of section 148 of the Code or obligations subject to federal income taxation because they are "federally guaranteed" as provided in section 149(b) of the Code, as applicable; and (ii) to that end the Borrower, with respect to the proceeds of

3.3 **Survival of Defeasance.** Notwithstanding any provision in this Tax Certificate to the contrary, the obligation to comply with all requirements contained in this Tax Certificate shall survive defeasance or prepayment of the Obligation.

Ladies and Gentlemen:

Our office has acted as counsel to the Redevelopment Agency of the City of Fresno (the "Public Agency") in connection with the above-described Tax Increment Loan Agreement (the "Agreement"). In connection with the Agreement, we have examined: (a) laws pertaining to the Public Agency, (b) the Redevelopment Plan for the Roeding Business Park Redevelopment Project Area Project Area, (c), the original Agreement signed by the Public Agency, (d) the Facility Lease between the California Infrastructure and Economic Development Bank and the City of Fresno, dated as of August 19, 2003, CIEDB No. 03-047, (e) the Site Lease between the California Infrastructure and Economic Development Bank and the City of Fresno, dated as of August 19, 2003, (f) the Public Agency Resolution No. \_\_\_\_\_, adopted XXX, 2004 (the "Agency Resolution"), (g) the Council of the City of Fresno (and legislative body of the Public Agency) Resolution No. \_\_\_\_\_ adopted XXX, 2004 (the "Council Resolution"), and (h) such other information and documents as we considered necessary to render this opinion.

Based on such examination, on the assumption that all signatures other than the Public Agency and all signatures and documents presented by parties are authorized and genuine, on the assumption that Project contracts entered before the Effective Date of the Agreement meet the requirements of the Agreement, and other assumptions stated herein, at and as of the date of this letter, we are of the opinion that:

(i) The Public Agency is a public body, corporate and politic, duly organized and validly existing under California Community Redevelopment Law.

(ii) The Council of the City of Fresno duly adopted the Council Resolution, and the Agency Board duly adopted the Agency Resolution at a regularly scheduled meeting that was called and held pursuant to law, and at which a quorum was present and acting throughout.

The Agreement has been executed on behalf of the Public Agency. The Agreement constitutes a legal, valid and binding agreement of the Agency enforceable in accordance with its terms, except as the enforcement thereof may be limited by bankruptcy, insolvency, moratorium, or other laws affecting the enforcement of creditors' rights generally, or by the application of equitable principles if sought, or by the limitations on legal remedies imposed on actions against public entities, such as the Agency, in the State of California.

(iv) To the best of our knowledge, after due inquiry, the execution and delivery of the Agreement and compliance with the provisions thereof, under the circumstances contemplated thereby, do not and will not in any material respect conflict with or constitute on the part of the Public Agency a breach of or default under any agreement or other instrument to which the Public Agency is a party or by which it is bound or any existing law, regulation, court order or consent decree to which the Public Agency is subject.

(v) To the best of our knowledge, after due inquiry, there is no action, suit, proceeding, inquiry or investigation before or by any court or public body pending or threatened against or affecting the Public Agency that does any of the following: 1) challenges or questions the transactions contemplated by the Agreement or any other agreement, document or certificate related to such transactions; 2) challenges or questions the creation, organization, existence or powers of the Public Agency; 3) seeks to enjoin or restrain the execution of the Agreement or the building of the Project defined in the Agreement; 4) seeks to enjoin or restrain the collection of any of the Revenues pledged under the Agreement; 5) in any way questions or affects any of the rights, powers, duties or obligations of the Public Agency with respect to the Revenues pledged under the Agreement; 6) in any way questions or affects any authority for the executing the Agreement or validity or enforceability of the Agreement; or 7) in any way questions or affects any other agreement or instrument concerning the Agreement to which the Public Agency is a party.

We do not render any opinion as to any federal or state securities or tax law. We furnish this opinion solely for your benefit in connection with the Agreement. This letter is not to be used, circulated, quoted or otherwise referred to for any other purpose or relied upon by any other person or entity. Our office offers no opinion as to the content of the applications for the Agreement, any Public Agency disclosure in connection with the Agreement. We offer no opinion as to the laws of any jurisdiction other than the State of California and local laws.

Actions taken or events occurring after the date hereof may affect the opinions expressed herein. The undersigned has not undertaken to determine or to inform any person regarding any such subsequent actions or events.
