Rate and Method of Apportionment of Special Tax

A special tax applicable to each assessor’s parcel in Community Facilities District No. 11 (CFD No. 11) shall be levied and collected according to the tax liability determined by the City Council of the City of Fresno, through the application of the appropriate amount or rate for Taxable Property, as described below. All of the property in CFD No. 11, unless exempted by law or by the provisions of Section E below, shall be taxed for the purposes, to the extent, and in the manner herein provided, including property subsequently annexed to CFD No. 11 unless a separate Rate and Method of Apportionment of Special Tax is adopted for the annexation area.

A. DEFINITIONS

The terms hereinafter set forth have the following meanings:

“Assessor’s Parcel” or “Parcel” means a lot or parcel shown on an assessor’s parcel map with an assigned assessor’s parcel number.

“Assessor’s Parcel Map” means an official map of the County Assessor of the County of Fresno designating parcels by assessor’s parcel number.

“Excluded Parcels” means those assessor’s parcels identified as ineligible for inclusion in the CFD No. 11 as shown in Attachment 1 of this Rate and Method of Apportionment of Special Tax.

“Final Map” means a final map, or portion thereof, approved by the Council of the City of Fresno pursuant to the Subdivision Map Act (California Government Code Section 66410 et seq.) that creates individual developable lots for which building permits may be issued. The term “Final Map” shall not include any assessor’s parcel map or subdivision map or portion thereof, that does not create individual developable lots for which a building permit may be issued, including assessor’s parcels that are designated as remainder parcels.

“Fiscal Year” means the period starting April 1 and ending on the following March 31.
“Maximum Special Tax” means the maximum special tax, determined in accordance with Section C, that can be levied in any fiscal year.

“Residential Unit” means a residential dwelling unit and shall include single family homes, condominiums, town homes, duplex, triplex and fourplex units, and individual apartment units in a multi-family building. For purposes of the levy of special taxes pursuant to Section C below, “Residential Units” shall include dwelling units already built on taxable property in the CFD No. 11, as well as dwelling units planned, but not yet built, when the Special Tax is levied each fiscal year.

“Shared Services” means the costs of services are paid equally by the property owners of two or more subdivisions.

“Special Tax” means any special tax to be levied each fiscal year on assessor’s parcels of taxable property to fund the Special Tax Requirement as defined below.

“Special Tax Requirement” means the amount necessary in any fiscal year to (i) pay authorized maintenance and improvement expenses, (ii) pay administrative expenses of CFD No. 11, and (iii) cure any delinquencies in the payment of special taxes levied in prior fiscal years or (based on delinquencies in the payment of special taxes which have already taken place) are expected to occur in the fiscal year in which the tax will be collected.

“Subdivision” means generally improved or unimproved land that is divided for the purpose of sale, lease, or financing in a final map, or portion thereof, approved by the Council pursuant to the Subdivision Map Act (California Government Code Section 66410 et seq.) that creates individual developable lots for which building permits may be issued.

“Taxable Property” means all of the assessor’s parcels within the boundaries of CFD No. 11 which are not exempt from the Special Tax pursuant to law or Section E below.

“Tract” means an area of land within a subdivision identified by a particular tract number on a final map approved for the subdivision.

B. CALCULATION OF RESIDENTIAL UNITS

On April 1 of each fiscal year, the City or its designee shall determine how many residential units are built, or allowed to be built, on assessor’s parcels within CFD No. 11. For parcels of undeveloped property zoned for development of single family attached or multi-family units, the number of residential units shall be determined by referencing the condominium plan, apartment plan, site plan or other development plan, or by assigning the maximum allowable units permitted based on the underlying zoning for the parcel. Once a single family attached or multi-family building or buildings have been built on an assessor’s parcel, the City or its designee shall determine the actual number of residential units contained within the building or buildings, and the Special Tax levied against the parcel in the next fiscal
EXHIBIT C

year shall be calculated by multiplying the actual number of residential units by the Maximum Special Tax per residential unit identified for the subdivision in Section C, Table 1 below.

C. MAXIMUM SPECIAL TAX

The Maximum Special Tax applicable to each assessor's parcel in CFD No. 11 shall be specific to each tract within CFD No. 11. When additional property is annexed into CFD No. 11, the rate and method adopted for the annexed property shall reflect the Maximum Special Tax for the tract or tracts then annexed. The Maximum Special Tax for Fiscal Year 2011-2012 for a residential unit within Final Tract Map No. 6000 is identified in Table 1 below:

<table>

<tr>
<th>Final Tract Map Number**</th>
<th>Maximum Special Tax</th>
</tr>
</thead>
<tbody>
<tr>
<td>6000</td>
<td>$514.36 per Residential Unit</td>
</tr>
</tbody>
</table>

Beginning in January 2013 the Maximum Special Tax shall be adjusted upward annually by 3 percent plus any increase in the construction cost index for the San Francisco Region for the prior 12-month period as published in the Engineering News Record, or published in a comparable index if the Engineering News Record is discontinued or otherwise not available. Each annual adjustment of the Maximum Special Tax shall become effective on the subsequent July 1.

** A Special Tax shall be levied on all parcels within an identified tract except excluded parcels as identified in Attachment 1.

D. METHOD OF LEVY AND COLLECTION OF THE SPECIAL TAX

Commencing with Fiscal Year 2012-2013, the Special Tax shall be levied on all parcels of taxable property as follows:

Step 1: Determine the Special Tax Requirement (as defined in Section A above) for the fiscal year in which the Special Tax will be collected;

Step 2: Calculate the total Special Tax revenues that could be collected from taxable property within CFD No. 11 based on applying the Maximum Special Tax rates determined pursuant to Section C above to the number of residential units on each parcel of taxable property in the CFD No. 11;

If the amount determined in Step 1 is greater than or equal to the amount calculated in Step 2, levy the Maximum Special Tax set forth in Table 1 above on all parcels of taxable property in the CFD No. 11.

If the amount determined in Step 1 is less than the amount calculated in Step 2, levy the Special Tax proportionately against all parcels of taxable property up to 100% of the Maximum Special Tax for each tract as identified in Table 1, until the amount of the Special Tax levy equals the Special Tax Requirement for that fiscal year.
EXHIBIT C

The Special Tax for CFD No. 11 shall be collected in the same manner and at the same time as ordinary ad valorem property taxes, provided, however, that CFD No. 11 may (under the authority of the City Law), in any particular case, bill the taxes directly to the property owner off the County tax roll, and the Special Taxes will be equally subject to penalties and foreclosure if delinquent.

E. EXEMPTIONS

Notwithstanding any other provision of this Rate and Method of Apportionment of Special Tax, no Special Tax shall be levied on parcels that have been conveyed to a Public Agency, except as otherwise provided in City Law. In addition, no Special Tax shall be levied on Excluded Parcels or Parcels that are determined not to be Developable Lots.
