

# **Office of Independent Review**

## **Quarterly Report Second Quarter 2014**

**Richard Rasmussen  
Police Auditor**

## **Purpose of the Office of Independent Review**

The Office of Independent Review (OIR) is responsible for ensuring that complaints about the conduct of the Fresno Police Department (FPD) are thoroughly investigated to enhance community trust. The OIR monitors ongoing investigations conducted by the FPD Internal Affairs (IA) unit and, when completed performs a comprehensive audit of the process. Each audit report will focus on evaluating the adequacy, thoroughness, quality and accuracy of the investigative report. The OIR assists in strengthening the relationship between the community and the police department by promoting greater transparency and collaboration.

The OIR is independent from the FPD allowing it to work as a conduit in the community. The OIR also meets regularly with members from local groups to listen to the public's interest and perspective.

The OIR is scheduled to release four quarterly reports per year to increase transparency, public awareness and understanding.

## **Purpose of the Report**

The objective of the OIR, in preparing this report is that the constituents of the City of Fresno see transparency by all parties involved in the review of complaints.

The following report is intended to show a detailed summary of all complaints submitted to the FPD during the second quarter of 2014. The OIR does not conduct its own investigation but is given full access, monitors and contributes to the existing IA investigation. Once IA has completed its investigation the file is submitted to the OIR for audit.

The second quarter report reflects all complaints made to the IA Unit of the FPD, along with the recommendations made by the OIR between the dates of 04/01/14 – 06/26/14. The report is reflective of complaints that are handled within the ICF system, as well as those more serious allegations which are immediately assigned within the IA Pro system. Some complaints begin as ICFs and once that investigation is concluded, mutate to become full IA investigations. As the charts within this report reflect, some cases are still pending with the IA Unit and will be audited upon completion of IA's own examination of those cases. Also, within this report are separate charts that list reports that have been listed as pending in previous OIR quarterly reports. These charts will detail if the cases have since been audited or continue in a pending status.

Additionally, recommendations are always communicated to the FPD within the audit, regarding the case specific incident that generated the recommendation. Other, broader recommendations and/or "trends" are also communicated to the FPD as they are identified weeks prior to the OIR Quarterly Report being published this is an effort to ensure that the FPD is aware of issues and is able to react, address or consider each item, and is done so in the most time effective manner possible. The FPD has been extremely responsive to these notifications and has offered clarifying information or language, prior to the reports being published.

Medical Attention  
Audit Finding: (S, S1, S2) Exonerated, Not Sustained, (S2) Sustained  
FPD Finding: (S, S1, S2) Exonerated, Unfounded, (S2) Sustained

## **Definitions**

Unfounded: The reported incident did not occur.

Exonerated: The employee's actions were reasonable under the circumstances.

Not Sustained: There is insufficient evidence to support a conclusion as to whether or not the employee violated policy.

Sustained: The employee's action(s) are in violation of the policy or procedure of the Police department.

## **Trends/Issues Identified and Relayed to the Police Department**

FPD should review and update procedures on Search/Seizures (reference 14-0024). OIR recommends that all officers involved in the serving of a search warrant read, at the minimum, the affidavit in support of the warrant as well as the full list of "items to be seized" and in most cases, be provided with that list to ensure they do not overstep the limits of the warrant. It is a best practice to document that all officers have read the affidavit and items to be seized to ensure the officers do not exceed the scope of the warrant.

OIR notes that when valuables are left behind, it is a best practice to photograph those items where they were left and to notify an occupant about their location and then document that conversation. It seems extreme to take such measures but if that occurs, no claims would be filed against the City and no administrative reviews would occur.
