

OFFICE OF INDEPENDENT REVIEW

**REPORT FOR THE PERIOD OF
JULY 1, 2020 TO SEPTEMBER 30, 2020**

**John A. Gliatta
Independent Reviewer**

**Maira Aguilar
Community Coordinator**

ABOUT THE OFFICE OF INDEPENDENT REVIEW

The Office of Independent Review (OIR) works to strengthen community trust in the Fresno Police Department (FPD) by providing a neutral, third-party review of police policies, procedures, strategies, and Internal Affairs (IA) investigations. The OIR operates independently of the FPD and will provide City leaders and the public with an objective analysis of policing data, actions, and outcomes. The OIR analyzes complaints filed by citizens and those initiated by the department to ensure they have been investigated fairly and thoroughly. Periodically, the OIR will provide an objective analysis of individual units within the FPD to ensure compliance with policy and procedure, best practices, and the law. This includes recommendations and findings to increase thoroughness, quality, and accuracy of each police unit reviewed.

The work of the OIR is guided by the following principles:

- Independence
- Fairness
- Integrity
- Honesty
- Transparency
- Participation of Stakeholders, both internally and externally
- Acceptance, Cooperation, and Access
- Obedience to Legal Constraints

In addition, a Citizens' Public Safety Advisory Board, hereafter referred to as the Board, works to enhance trust, accountability, transparency, and promote higher standards of services in the FPD. This will increase public confidence in the FPD and work to strengthen and ensure the application of equal protection under the law for everyone in the City of Fresno. The Board also advises the Independent Reviewer (IR) in helping to define, assess, and further develop Community Based Policing citywide.

The Board is comprised of nine individuals appointed by Mayor Lee Brand. The Board members represent the diversity of the community. In addition, there are five non-voting members serving the Board in an advisory capacity. The non-voting members represent the FPD, Fresno Police Officers' Association, City Attorney's Office, Fresno County District Attorney's Office, and Mayor Brand's Office.

OIR REPORT FORMAT

The OIR adheres to the following guidelines, format, and definitions in all quarterly reports:

- Definitions for the terms used are consistent with the definition of terms used in California Legislative documents and the FPD.
- Officers are referred to as “O” and where there is more than one officer involved they will be identified as O1, O2, and so on depending on the total number of officers.
- The charts are grouped by incident type and cases appear in order of case number.
- The incident type charts list all cases which were pending, assigned, or closed during the review period, and where applicable a Year to Date (YTD) chart will be listed.
- All cases in which the FPD IA determined the officer(s) was Exonerated, Unfounded, or Not Sustained are reviewed by the OIR. The findings reached by the OIR for these cases will also be listed. If IA and the OIR have not reached the same decision the OIR explanation will appear following the chart. Cases in which IA deemed officer(s) Sustained will not be reviewed by the OIR.
- All closed Informal Complaint cases, which were addressed by supervisors, are also reviewed by the OIR.
- Cases are not reviewed by the OIR until IA has completed their investigation and the case is classified as closed by IA, thus allowing for all information to be reviewed.
- In the event the OIR proposes a recommendation or corrective action, it will appear directly following the chart summarizing the cases within the specific incident type.
- Recommendations or corrective actions which are not directly related to a charted incident type will appear at the end of the report prior to the summary.
- Activities of the Board and Community Coordinator will appear before the summary.
- The report is previewed by Mayor Lee Brand, City Manager Wilma Quan, Assistant City Attorney Francine Kanne, and Chief Andrew Hall, prior to finalization. This allows the respective parties an opportunity to respond to recommendations and/or findings, and those responses may be included in the final report. However, their reviews and responses will not alter the recommendations or corrective actions made by the OIR. Responses will appear following the summary.
- All FPD responses to OIR recommendations, to include if the FPD implemented policy or procedure change(s) in response to recommendation(s) listed in the previous quarterly report will be addressed in the section which appears following the summary section of this report.
- Previously when the officer or employee’s employment status changed the cases were no longer listed as pending or closed which created doubt on their status. The cases are now listed as SUSP (Suspended). The FPD still reviews the information to improve training and/or policies and procedures when applicable. In view of the fact the officers or employees are no longer with FPD the cases will not be reviewed by the OIR.
- Beginning with the fourth quarter 2019 report, Officer Involved Shootings involving an animal are now listed in the charts on page four. Per FPD Policy 300.6.1(a) (c), an officer is within policy to use deadly force to stop a dangerous animal, such as a dog.

REVIEW OF INTERNAL AFFAIRS INVESTIGATIONS

The following charts list the number and types of IA cases assigned and closed during the third quarter of 2020. For classification purposes, Discourteous Treatment also includes cases in which the officer was accused of conduct unbecoming of a police officer. The classification of Administrative Matters includes officers accused of violating policies or procedures which do not involve responding to a call for service or interacting with the public.

Inquiry: An inquiry involves a question about the policy or procedures of the FPD. Inquiries may be documented via an Inquiry Complaint Form (ICF).

Informal Complaint: A matter which can be handled at the supervisor level within a district/division and is not reasonably likely to result in disciplinary measures. Generally, complaints handled via this process include minor allegations or general violations. A finding of Sustained, Not Sustained, Unfounded, or Exonerated is required.

COMPLAINTS ASSIGNED BY POLICING DISTRICT

The following charts reflect the complaints assigned by policing district for the third quarter of 2020 and a quarterly comparison. The purpose of displaying the below is to show the public the level of transparency Mayor Brand and Chief Hall are working to achieve. Each of the districts experienced a reduction in complaints compared to the first three quarters of 2019.

During the third quarter there were 37 Informal Complaint matters closed following an investigation by the FPD. A review of the closed cases by this office determined each case was properly classified as an Informal Complaint and the appropriate finding was reached by the FPD.

MATTERS NOT RELATED TO AN IA CASE INVESTIGATION

During the course of speaking to various groups or organizations regarding the mission of this office we will be asked for information not presently included in our quarterly reports. Several times the questions require research before responding and occasionally are deemed worthy of including the response in a quarterly report to be view by the public. Recently during a presentation we were asked for details on when FPD engages in use of force and the type of call they are responding to when force is used.

Below is the policy when FPD documents the use of reportable force, which is also posted on the department's public website:

300.9 REPORTABLE FORCE DEFINED

Reportable force has occurred when:

- (a) *Members (including canines) use force and a person is injured, has expressed a complaint of pain, or has been rendered unconscious;*
- (b) *Members strike a person with a body part (e.g., fist, foot, elbow, etc.) or any object (e.g., flashlight, clipboard, etc.); or*
- (c) *Members use (not merely display) a Department issued weapon (e.g., baton, chemical agents, Taser™, less-lethal, shotgun, firearm, etc.) against another.*

When any member subjects someone to the use of reportable force, they shall immediately notify a supervisor. Supervisors should also be notified when an individual indicates the intent to pursue litigation, whether or not any force was used.

300.9.1 DOCUMENTATION OF REPORTABLE USE OF FORCE

Members shall document all of the following information when reportable force occurs:

- (a) *Reason for the initial contact;*
- (b) *Subject's behavior that required the use of force;*
- (c) *Type of force used;*
- (d) *If the initial force used was adequate or if repeated applications were required and level of resistance;*

- (e) If equipment functioned properly;
- (f) If the subject attempted to take control or took control of the officers' weapons;
- (g) If the officer/subject was injured;
- (h) Witness statements; and
- (i) If a supervisor was on scene when the reportable force was used.

Following an incident of reportable force, officers shall ensure the subject is photographed after any necessary medical treatment. Photographs should include any visible injuries or lack thereof.

The following table reflects the number of times reportable force was documented for the years of 2009 through 2019, and the number of times officers were assaulted during the performance of their duties. Also included in the table are the times the FPD applied the carotid restraint for the years the application was recorded by the department, 2018, and 2019.

*Minor numeric discrepancies can be attributed to incorrect or the absence of a clearance code

When reviewing the application of force a factor to keep in mind is the increased number of calls for service for the past several years. However, even with the increased number of calls for service the percentage of when force was applied decreased since 2012 and has remained below 0.10% since then.

DISCIPLINARY RESULTS OF IA INVESTIGATIONS

Below are the levels of discipline implemented, or options chosen by the officers/employees, who were determined to be in violation of a FPD policy or procedure.

SUMMARY

A collateral function of this office is to engage in community outreach. Since the creation of the Community Coordinator position in this office we have spoken to over 145 organizations, groups, businesses, and schools. However, due to the ongoing COVID-19 pandemic, group meetings and community events have been postponed. In an event to continue our outreach efforts we have begun offering to provide presentations via any of the virtual meeting platforms available, such as ZOOM, WebEX Meeting, and Microsoft Teams, to name a few. We have also recently created an [OIR Facebook](#) and [Twitter](#) page for the public to contact us or view our quarterly reports as they are released.

We recognize this is a very critical time regarding law enforcement accountability and community trust. There are several ways to contact this office and it is our policy to return all correspondence within a 24 hour period with the exception of communications received over the weekend. Our contact information is listed below.
