1. Conceptual alignment of existing and proposed path and trail. All planned Parkway access and projects, their features, uses, and locations, are subject to the acquisition of lands and/ or easements from willing sellers, and project-specific, site-specific environmental review.

2. Required unless there is an existing railroad. Should existing railroad lines be vacated, they shall be converted to a greenbelt.

3. Conceptual alignment, subject to City/County cooperative planning adoption, and implementation. City preferred location depicted.

Note: Paths and Trails adjacent to neighboring jurisdictions may be developed jointly with that jurisdiction.

Note: Complete detail of the proposed bike network can be found in the Active Transportation Plan.

Note: Trails shall be developed on side of road represented in the Active Transportation Plan, to do otherwise would require Active Transportation Plan Amendment and minimum length of 2 miles.
