**SUBJECT: OFFENSIVE CALLERS DURING PUBLIC COMMENT**

During the June 11, 2020 Council Meeting, there were several callers who made several racial statements. On June 16, 2020, the FBI reached out to the Webmaster requesting IP logs and the video related to that meeting. As such, the Information Services Department's (ISD) Webmaster and Security Team is working with the FBI for identification of the individuals.

Since Zoom is a hosted system, its traffic does not travel through the City's network. The FBI would need a subpoena to obtain the data that they need. ISD will provide the necessary assistance in order to help the investigation.
