Transient Occupancy Tax Exemption

Fresno Municipal Code (FMC) Section 7-1249 (d) (1) requires Short Term Permit holders to collect and remit Transient Occupancy Tax (TOT) for each night that their establishment is rented as a short term rental. FMC Section 7-606 (e) allows an exemption to that requirement provided an establishment does not regularly engage in renting out their facilities, but does so only occasionally. The City of Fresno has administratively determined that an establishment which is rented for thirty (30) days or less/year will not be required to collect and remit TOT. If you will not be renting out the establishment on this permit for thirty-one (31) days or more/year, please check the box below.

[ ] I affirm that I am not regularly engaged in the business of renting my private home, vacation cabin, or similar facility, and that I will not rent my property or any portion thereof for more than thirty-one (31) days in one calendar year.

I declare under penalty of perjury that the foregoing is true and correct.
