### **FIRE INDUSTRY BULLETIN NC-2015-001**

#### **SCOPE**

The North Central Fire Protection District (NCFPD) is responsible for reviewing all entitlement and building plans within the NCFPD.

This bulletin is applicable to anyone submitting entitlement or building plans to Fresno County Development Department for properties within the NCFPD boundaries. Plans submitted to the City of Kerman do not fall under this policy.

#### **PURPOSE**

The purpose of this bulletin is to clarify the procedures that will take place when submitting plans to the NCFPD for review for projects within the NCFPD boundaries and outside the Kerman city limits.

#### **REQUIREMENTS**

When submitting plans to Fresno County Development Department you will also be required to submit plans directly to NCFPD at the Fresno Fire Department, 911 H Street, Fresno, CA 93721; office hours are Monday through Friday, 8 a.m. to 5 p.m.

Once plans have been reviewed by staff, the applicant will be notified that the plans are being sent back for corrections or the plans have been approved. The plan review will include the appropriate fees as adopted in the NCFPD Master Fee Schedule.

Once plans have been approved, the applicant will pick them up at the Fresno Fire Department and pay all associated plan review fees. Applicants will then take the approved plans to Fresno County Development Department.

This policy is effective January 1, 2016.
