ACOUSTICAL PROGRAM COORDINATOR

DEFINITION

Under direction, plans, coordinates, and supervises implementation of the Airports FAR Part 150 Noise Compatibility Program (NCP) in the Airport Projects Section.

SUPERVISION RECEIVED/EXERCISED

Receives supervision from the Airports Projects Manager or designee. Exercises direct supervision by planning, assigning, and directing the work of professional and clerical staff. Selects, trains, prepares performance evaluations, and recommends disciplinary actions for subordinate staff.

DISTINGUISHING CHARACTERISTICS

The Acoustical Program Coordinator is a single class position in the Airports Department. The incumbent works independently, exercises considerable latitude and judgment in marketing and public relations, processes applications, directs the inspection staff, and coordinates field operations in the planning, implementing/enforcing and monitoring of the airport noise compatibility program. Duties also include oversight of airport projects as assigned.

EXAMPLES OF IMPORTANT AND ESSENTIAL DUTIES

May include, but are not limited to, the following:

Develops, plans, implements, analyzes, and monitors the NCP.

Coordinates selection of consultants for projects, develops consultant agreements, negotiates level of effort and fees, and documents selection process all in compliance with City Administrative Order Manual and FAA advisory circular requirements.

Plans, coordinates, supervises, and evaluates the activities of consultants, inspection staff and clerical staff.

Processes and oversees processing of homeowner aviation easements.

Works with construction management, environmental, acoustical, and architectural consultants in performing property surveys, developing specifications and plans, and reviewing project designs.
Works with the Public Works, General Services, and Development Departments to review plans, develop specifications, bid and award construction contracts, inspect work for contract compliance, process contract documentation, and oversee contract payment procedures.

Acts on behalf of the department in dispute resolution with property owners, consultants and contractors.

Represents the department at homeowner meetings to provide information about the sound mitigation program.

 Prepares daily, weekly, and monthly reports as related to assignments.

Develops and/or reviews consultant and construction estimates, checks field changes as-built drawings, and verifies consultant and contractor payment request documentation.

Performs related duties as required.

**JOB RELATED AND ESSENTIAL QUALIFICATIONS**

**Knowledge of:**

And familiarity with the rules and regulations of FAR Part 150 Noise Compatibility Program and Federal Aviation Administration regarding the implementation of noise program compliance.
