

## TRAFFIC MAINTENANCE WORKER II

### **DEFINITION**

Under supervision, performs a wide variety of skilled traffic safety maintenance tasks, including installation, maintenance, and removal of traffic control signs and markings on City streets for effective traffic control.

### **SUPERVISION RECEIVED/EXERCISED**

Receives supervision from a Street Maintenance Supervisor. Exercises no supervision.

### **DISTINGUISHING CHARACTERISTICS**

Traffic Maintenance Worker II is the journey level class in the Traffic Maintenance Worker series. Incumbents perform the full range of skilled traffic maintenance tasks which include the installation, maintenance and removal of traffic control devices, such as traffic signs and markings, and operating and maintaining equipment. This class is distinguished from Traffic Maintenance Leadworker in that incumbents of the latter provide advanced working /lead direction to others.
