Law Enforcement Code of Ethics

As a Law Enforcement Officer, my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all men to liberty, equality and justice.

I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities, or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the police service. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession...law enforcement.
Civilian Member Code of Ethics

As a civilian member of the Fresno Police Department, my duty is to be courteous and impartial while providing service to the public, the officers, and all other public safety agencies with whom I interact. I will be exemplary in conduct, edifying in my conversation, honest in my dealings, and abide by the laws of the city, state, and country.

I will be aware and accountable for the Department’s rules, regulations, policies and procedures in order to create and maintain a harmonious and professional work environment. I will possess integrity, dependability, personal sensitivity to those I come into contact with and be able to present good judgment while under pressure.

I will perform my duties with accuracy, efficiency, and thoroughness while ensuring my attendance and fitness for work. I will treat my co-workers and supervisors with respect and do only those things that reflect honor on the Department and myself.
VISION AND MISSION STATEMENT

Fresno Police Department Vision Statement

To serve our community with honesty, compassion and respect.

Mission Statement

The mission of the Fresno Police Department is to enhance safety, service, and trust with our community.

- Keep our community safe by preventing citizens from becoming victims of crime or from being injured in traffic collisions. This is our highest priority.
- Provide excellent service to the numerous requests we receive from the community. Our principal duty is to serve.
- Maintain the trust of our community. This trust provides every department member with the foundation required to carry out our duties. Without trust we simply do not have the authority to serve our public.

The phrase "with our community" is included to reflect our desire to work side by side, in partnership with our community as we collectively fulfill our mission.

The criminal justice system relies upon the cooperation of this Department with other law enforcement agencies, prosecutors, courts and correctional officers to ensure the development of a safer community. When possible, members will fully cooperate with outside agencies to allow for the greatest level of service to the community.

To foster this cooperation, the Department will establish a close working relationship with professional organizations directly involved with the planning of responses to crime in the community. Programs such as the Prostitution Abatement Program, Life Skills, Crisis Intervention Training, and CARE Fresno are examples of public and private collaborations that address social issues as they relate to law enforcement responses and needs within the community.

101.4 COMMUNITY ORIENTED POLICING COMMUNICATION
The Fresno Police Department is dedicated to the philosophy of Community Oriented Policing. The Department is comprised of members of our community and is enriched by the diversity of personnel who dedicate themselves to the Department mission.

In order to help integrate the Community Oriented Policing strategy into our operations, open communication is encouraged and should be fostered by all members. In order to assure that concerns raised by members of our community are taken seriously and handled appropriately, every member of the Department is responsible to listen, understand and communicate concerns to their immediate supervisor. Those issues which can be solved by the member should be handled appropriately. Department members are also an integral part of the community policing strategy. When a Department member observes activity or situations that affect quality of life they are encouraged to immediately report the information to the appropriate district or bureau.
Department Role in the Criminal Justice System

Issues that affect quality of life should be reported through the chain of command in written memorandum, police reports or Email. These issues shall be reported to the Chief of Police on a weekly basis in staff meetings. Strategies to solve the problems are to be discussed with staff members and action plans put in place to address the problems. Each week, follow up questions are presented by the Chief to track progress. These remarks shall be recorded into the meeting minutes to provide a written record and to facilitate tracking of the issue.

Four things to be recorded by the bureau secretary are, at a minimum:

(b) A description of potential problems that have a bearing on law enforcement activities within the community;
(c) A statement of recommended actions that address previously identified concerns and problems; and

218.3.2 GOOD CAUSE DETERMINATION
Good Cause is defined as any citizen concerned for the safety of themselves, their family and friends or their employees. An investigation will be conducted into the applicant’s statement of good cause. The determination of good cause should consider the totality of circumstances in each individual case. If the applicant states that good cause for obtaining a concealed weapon permit is related to his/her employment, the applicant MUST provide a letter from the employer authorizing the applicant to carry a concealed weapon during the course of his/her employment.

If the applicant meets the good cause requirement, he/she will be requested to appear at the Concealed Weapon Permits Office to continue the application process. 218.3.5 CRIMINAL HISTORY

Pursuant to Penal Code §26205, the Chief shall give written notice to the applicant indicating that the CCW license is approved or denied within 90 days of the initial application for a new license or renewal, or 30 days after receipt of the applicant's criminal background check from the Department of Justice, whichever is later. 220.1 POLICY
Upon honorable retirement from the Department, any full-time sworn officer, who had been authorized
to, and did carry a concealed firearm during the course and scope of their employment, may be issued
an identification card with a "CCW Approved" endorsement [Penal Code §25455].

220.1.1 PURPOSE AND SCOPE
The purpose of this policy is to outline the process and conditions associated with the issuance,
revocation, and denial of a carry concealed weapons (CCW) endorsement for retired officers of the
Department.

220.2 QUALIFIED RETIREES
For the purpose of this policy, "honorably retired" [as defined in Penal Code §16690] includes all peace
officers who have qualified for, and have accepted, a service or disability retirement. This shall not
include any officer who retires in lieu of termination.

Service retirements qualify for a “CCW Approved” endorsement when the retirement is from regular
employment as a law enforcement officer for an aggregate of 15 years or more. Officers who
voluntarily separate from the Department and are not “honorably retired” as defined above, do not
qualify for the CCW endorsement. Officers who fall into this category must seek a CCW permit through
the civilian processes in the jurisdiction of residence.

Officers who are terminated for a medical disability are eligible for a CCW permit upon receipt of a
retroactive medical disability retirement. Officers who have not received a medical disability retirement
may seek a CCW permit through the civilian process in the jurisdiction of residence.

When a member separates from employment with the Department, they will not be issued a CCW
permit until all issued Department equipment has been returned or accounted for.

No "CCW Approved" endorsement shall be issued to any officer retiring because of a psychological
disability [Penal Code §26305(a)].

Any firearm that is presented to this Department for concealed carry and range qualifications must meet
the minimum requirements as prescribed in Policy/Procedure §312.

220.2.1 OFFICERS RETIRED PRIOR TO JANUARY 1, 1981
Officers who have honorably retired from this Department prior to January 1, 1981, and wish to carry a
concealed weapon, are required to have a CCW endorsement, and must petition this agency every
year to renew the ID card. These retirees must also qualify at the range and sign a liability waiver. If no
CCW endorsement is desired, the officer is only required to renew the ID card once every five years.
This agency may deny or revoke this privilege to carry a concealed firearm for “good cause” as outlined
in [Penal Code §26305(d)]. This denial will be indicated by “No CCW Privilege” stamped on the card.

220.2.2 QUALIFIED RETIRED RESERVES

maintain a CCW endorsement while traveling to or residing in another state, must adhere to the provisions in Procedure Manual §220.

1. The Act permits the nationwide carrying of concealed handguns by qualified current and retired law enforcement officers and amends the Gun Control Act of 1968 (Pub. L. 90-618, 82 Stat. 1213) to exempt qualified current and retired law enforcement officers from state and local laws prohibiting the carrying of concealed firearms.

2. It does not exempt current or retired officers from any state or local firearm owner registration laws.

On request, qualified retired law enforcement officers of the Fresno Police Department who do not reside in this state, and who have successfully passed this state’s standards for training and qualification for active law enforcement officers to carry firearms, will be sent a retirement identification card by mail, that indicates that the retired officer:

(a) Is a nonresident of this state and has met all of the conditions in 220.2 and 220.3 above;

The CCW endorsement for any officer retired from the Department may be denied or revoked only upon a showing of good cause, as outlined in Penal Code §26305. Any denial or revocation under this section shall also be considered disqualification under 18 USC §926C(d). The CCW endorsement may be immediately and temporarily revoked by the Field Commander when the conduct of a retired officer compromises public safety [Penal Code §26305(c)].

220.5 OUT OF STATE AGENCY RETIRED OFFICERS

Chapter 3 - General Operations
300.1 POLICY
It is the policy of the Department that officers shall use only that amount of force that reasonably appears necessary, given the facts and circumstances perceived by the officer at the time of the event, to accomplish a legitimate law enforcement purpose.

PURPOSE AND SCOPE
The purpose of this policy is to provide officers of the Department with guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, each officer is expected to use these guidelines to make such decisions in a professional, impartial and reasonable manner.

The "reasonableness" of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that police officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain and rapidly evolving.

300.1.1 PHILOSOPHY
The Fresno Police Department maintains a high regard for human life and a high respect for the rule of law. In the operations of any public safety agency, there are many occasions in which the attending officer is faced with controlling the behavior of others. Generally, persons contacted by law enforcement officers are law abiding and/or compliant. Occasionally we contact a person that is noncompliant or assaultive. These encounters present serious threats to the safety of the community, the attending and/or arresting officer and even to the subject themselves. Undesirable consequences, such as injury or death, may result from these encounters. The principal philosophy of this Department mandates, without exception, that members exercise due caution in the application of force and respond in an objectively reasonable manner consistent with the authorities and restrictions that govern the use of force by law enforcement officers.

300.2 DUTY TO INTERCEDE
Any officer present and observing another officer using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of unreasonable force. An officer who observes another employee use force that exceeds the degree of force permitted by law should promptly report these observations to a supervisor.

300.3 PROFESSIONAL CONDUCT
This policy recognizes the evolving nature of case law as it relates to police tactics and evolving responsibility when assessing the apparent need for an application of force. This individual responsibility must include a reasonable judgment based on the information then available to the Department member and on the practical application of force option to achieve a legitimate police objective.

300.4 OBJECTIVELY REASONABLE FORCE
Any peace officer who has reasonable cause to believe that the person to be arrested has committed a public offense may use reasonable force to effect an arrest, to prevent escape or to overcome resistance. A peace officer who makes or attempts to make an arrest need not retreat or desist from his/her efforts by reason of resistance or threatened resistance on the part of the person being arrested; nor shall an officer be deemed the aggressor or lose his/her right to self-defense by the use of reasonable force to effect the arrest, prevent escape or to overcome resistance (Penal Code §835a).
The legal standard recognizes that Peace Officers are often required to make split-second judgments and rapidly respond to dynamic situations that are tense, uncertain, evolving, and potentially dangerous. Members shall evaluate each situation in light of the known circumstances and apply an appropriate use of force calculated to accomplish a legitimate law enforcement mission. In all cases, members shall consider the seriousness of the crime, the level of resistance, and the apparent threat to the safety of the community, the arresting officer, and the person or persons to be detained. The degree of force used will be that which is objectively reasonable to bring individual situations under control. The degree of force and the manner of its application shall be consistent with the training the member has received relative to its use and application.

300.4.1 CONSTITUTIONAL GUIDELINES FOR REASONABLE FORCE
Both Federal and State law authorize Peace Officers to use objectively reasonable force to accomplish a legitimate law enforcement mission. There are five recognized objectives that serve as the basis for the reasonableness of any police use of force. The five lawfully recognized objectives are:

(a) Self-defense;
(b) Defense of others;
(c) Effect an arrest or detention;
(d) Prevent an escape; or
(e) Overcome resistance.

Due to the immediacy with which a member must apply force, together with the absence of time and/or physical ability of the member to select alternative methods, it may be objectively reasonable for the member to apply that method of force most readily available that will effect the desired results.

300.4.2 JUSTIFICATION - KNOWN FACTS
The decision to use force, including deadly force, must be made based solely on the facts known to the member at the time force is used. Justification for the use of force shall be based on the situation as it reasonably appeared to the member(s) directly involved in its application. Facts unknown to the member at the time, no matter how compelling, cannot be considered later in determining the reasonableness of the member’s decision to use force.

300.5 NON-DEADLY FORCE APPLICATIONS
Any application of force that is not reasonably anticipated and intended to create a substantial likelihood of death or very serious injury shall be considered non-deadly force. Each officer is provided with equipment, training and skills to assist in the apprehension and control of suspects as well as protection of officers and the public. Non-deadly force applications may include but are not limited to force options in Policy Manual §§308, and 309 respectively.

300.6 DEADLY FORCE APPLICATIONS
As used in all Department documents, the terms "deadly force" and "lethal force" are used interchangeably and have the same meaning.

The intentional discharge of a firearm at an individual, with the exception of those firearms dedicated to less lethal munitions, constitutes deadly force. Deadly force is force that creates a substantial risk of causing death or serious bodily injury. While the discharge of a firearm is expressly considered deadly force, other force might also be considered deadly force if the officer reasonably anticipates and intends that the force applied will create a substantial likelihood of causing death or serious bodily injury.

300.6.1 GUIDELINES
An officer may use deadly force:

(a) To protect himself/herself or others from what he/she reasonably believes would be an immediate threat of death or serious bodily injury.
(b) To effect the arrest or prevent the escape of a suspected felon in the following circumstances:
   1. Where the officer has probable cause to believe the suspect has committed a felony involving the infliction or threatened infliction of serious bodily injury or death; and
2. The officer reasonably believes there is a substantial risk of serious bodily injury or death to others if the suspect is not immediately apprehended; and
   (c) To stop a dangerous animal.
   1. **Exception:** An officer may shoot an animal that so badly appears injured that human compassion requires its removal from further suffering and where other dispositions are impractical.

Officers shall, when practical, identify themselves and state their intention to shoot before using a firearm.

**300.6.2 WARNING SHOTS**
Warning shots are only permitted in situations where warning shots provide the potential ability to diffuse an escalating and potentially life-threatening incident. Department members shall only fire warning shots if the situation presented would otherwise justify a use of deadly force. Members are never required to fire any warning shots prior to the use of deadly force.

**300.6.3 MOVING VEHICLES**
Shooting at or from moving vehicles is rarely effective and can be hazardous to both innocent persons and officers. Firearms shall not be discharged at a moving vehicle or its occupants unless a person in the vehicle is immediately threatening the officer or another person with deadly force by means other than the vehicle itself. Members shall employ all reasonable means available to move to an area of safety if a vehicle becomes a threat, including retreating from the threat if necessary.

Department members shall avoid maneuvering into the path of an occupied vehicle and shall move out of the path of a moving vehicle rather than attempt to fire at the vehicle or its occupants. However, in rare isolated situations, circumstances may justify shooting at or from a moving vehicle.

**300.6.4 VEHICLES AS WEAPON**
The intentional striking of any person on foot or a bicycle with a motorized vehicle, regardless of the speed involved, shall be considered as the use of deadly force.

**300.6.5 ADMINISTRATIVE LEAVE**
Any member who seriously injures or causes the death of any person through any act occurring on-duty shall be placed on administrative leave until the member can meet with a competent mental health professional.
301.1 POLICY
In order to control subject(s) who are violent or who poses an immediate threat, the Fresno Police Department authorizes officers to use Pepper Projectile Systems (PPS) in accordance with the guidelines in this policy and the Use of Force Policy.

PURPOSE AND SCOPE
When properly applied in accordance with this policy and training received, the PPS is considered a less-than-lethal control device that is intended to control a subject who poses an immediate threat, while minimizing the risk of injury to officers and suspects.

301.2 USE OF THE PPS
As with any law enforcement equipment, the PPS has limitations and restrictions requiring consideration before its use. The PPS should only be used when its operator can safely approach the subject within the operational range of the PPS. Although the PPS is generally effective in controlling most individuals, members should be alert to the potential for failure and be prepared with other options.

301.2.1 APPLICATION OF THE PPS
Authorized members may use the PPS when circumstances known to the member at the time indicate that such application is reasonable to control a person in any of the following circumstances:
(a) A violent or physically resisting subject; or
(b) A subject who, by words or action has demonstrated an intention to be violent or who poses an immediate threat to officers, him/herself or others.

301.2.2 DEPLOYMENT CONSIDERATIONS
When using the PPS, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets. Before discharging projectiles, the officer should consider such factors as:
 a) Distance and angle to target;
 b) Type of munitions employed;
 c) Type and thickness of subject’s clothing;
 d) The subject’s proximity to others;
 e) The location of the subject; and
 f) Whether the subject’s actions dictate the need for an immediate response and the use of control devices appears appropriate.

301.2.3 REPORT OF USE
All PPS discharges shall be reported to a supervisor as soon as practical, and documented in the related report.

301.3 MEDICAL TREATMENT
Persons who have been sprayed with or otherwise affected by the use of OC spray or pepper munitions should be promptly provided with clean water to cleanse the affected areas. The subject(s) may be treated on scene or by EMS and then taken to FCJ.
302.1 POLICY
Only remote restraint devices (RRD) and cartridges issued by the Department shall be used by officers and only after the officers have successfully completed a Department approved training course on its proper use and deployment.

PURPOSE AND SCOPE
When properly applied in accordance with this Policy and training received, the RRD is considered a non-lethal control device that is intended to control a subject who poses an immediate threat, while minimizing the risk of injury to officers and suspects.

302.2 USE OF THE RRD
The remote restraint device is used for immobilizing and controlling resistive / non-compliant persons. The purpose of this device is to facilitate a safe and effective resolution in order to minimize injury to suspects, subjects, and officers. The RRD is designed to be utilized early in an encounter to de-escalate the situation.

302.2.1 APPLICATION OF THE RRD
Authorized members may use the RRD when circumstances known to the member at the time indicate that such application is reasonable to control a person in any of the following circumstances:
   (a) A violent or physically resisting subject; or
   (b) A subject who, by words or action has demonstrated an intention to be violent or who poses an immediate threat to officers, him/herself or others.

302.2.2 DEPLOYMENT CONSIDERATIONS
When using the RRD, officers should consider potential impact areas in order to minimize injuries and unintentional targets. Before discharging projectiles, the officer should consider such factors as:
   1. Distance and angle to target.
   2. Clearance area around the subject.
   3. Type and thickness of subject’s clothing.
   4. The subject’s proximity to others.
   5. The location of the subject.
   6. Whether the subject’s actions dictate the need for an immediate response and the use of control devices appears appropriate.

302.2.3 REPORT OF USE
All RRD discharges shall be reported to a supervisor as soon as practical, and documented in the related report.

302.3 MEDICAL TREATMENT
Prior to booking or release, members shall provide/seek appropriate medical assistance for any person(s) who has:
   1. Sustained visible injury;
   2. Expressed a complaint of pain;
   3. Been rendered unconscious; or
   4. Sustained a RRD prong(s) piercing the subjects skin (requires medical clearance from CRMC). Department members shall not remove RRD prongs.
Burglaries, Thefts & Alarms

303.1 POLICY
Unless advised otherwise by a reporting party, members will respond to all burglary, theft and alarm calls for service, as though they were "in progress", exercising caution and making safety a priority.

303.1.1 PURPOSE AND SCOPE
Property crimes although given a sometimes lower priority, should always be respected as being unpredictable and potentially dangerous. There are few extenuating circumstances that would exempt or preclude one from exercising these cautions.
Vehicle Thefts

305.1 POLICY
All reports of vehicle thefts shall be investigated to the fullest potential allowed by available resources as outlined within this policy.

305.1.1 PURPOSE AND SCOPE
Members shall reasonably attempt to contact the party reporting a vehicle theft and the registered owner of the vehicle being investigated. Members shall attempt to determine the disposition of the vehicle and report the appropriate related crime and disposition (e.g., possible stolen, stolen, possible embezzled, impounded, repossessed, recovered, etc.)
306.1 POLICY
The Fresno Police Department authorizes the use of restraint devices in accordance with this policy, Use of Force related policies and Department training. Restraint devices shall not be used to punish, to display authority or as a show of force.

306.1.1 PURPOSE AND SCOPE
This policy provides guidelines for the use of handcuffs and other restraints during detentions, arrests, and transports.

306.2 USE OF RESTRAINTS
Only members who have successfully completed Fresno Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices. Only Department-approved restraint devices and Department-authorized methods shall be utilized to restrain individuals that meet the criteria.

When deciding whether to use any restraint device, officers should carefully balance officer safety concerns with factors that include, but are not limited to:
(a) The circumstances or crime leading to the arrest;
(b) The demeanor and behavior of the arrested person;
(c) The age and health of the person;
(d) Whether the person is known to be pregnant;
(e) Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing in front to allow the person to sign or write notes; and
(f) Whether the person has any other apparent disability.

306.3 APPLICATION OF HANDCUFFS
Handcuffs (including temporary nylon or plastic cuffs, e.g. Flex Cuffs), may be used only to restrain a person's hands to ensure officer safety.

The following applies when a person is initially arrested and during the transportation of an arrestee:
(a) Suspects arrested for felonies shall be handcuffed. Disabled or injured suspects shall be controlled as safely as possible with proper consideration for their condition;
   1) Pregnant females should be restrained in the least restrictive manner that is effective for officer safety. Females in labor should not be restrained absent extraordinary circumstances and supervisor approval;
   2) Juveniles under 14 should not be restrained unless suspected of a dangerous felony, or the officer reasonably suspects the juvenile may resist, attempt to escape, injure him/herself or others, or damage property.
(b) Suspects arrested for misdemeanors may be handcuffed at the discretion of the arresting officer. The arresting officer shall take appropriate measures to prevent escape or harm to other persons;
(c) When applying handcuffs, the subject's hands should be secured behind his/her back with the palms facing outward;
(d) The handcuffs shall be double-locked whenever possible; and
(e) Officers shall periodically inspect all handcuffed subjects to minimize the potential for injury from movement of the handcuffs.

Handcuffs should be removed as soon as it is reasonable or after the subject has been searched and is safely confined within the jail or within a holding cell designed to safely house that individual.
306.4 APPLICATION OF SPIT HOODS OR MASKS
Spit hoods or masks are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, during or after transport.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

306.5 APPLICATION OF AUXILIARY RESTRAINT DEVICES
Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only Department-authorized auxiliary restraint devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

306.6 APPLICATION OF LEG RESTRAINT DEVICES
Leg restraints (i.e. hobble restraint) may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest or transportation. Only 48” strap style hobble leg restraint devices (e.g. RIPP Hobble) shall be used.

In determining whether to use the leg restraint, officers should consider:
(a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a suspect;
(b) Whether it is reasonably necessary to protect the suspect from his/her own actions (e.g., hitting his/her head against the interior of the patrol unit, running away from the arresting officer while handcuffed, kicking at objects or officers); and
(c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol unit).
307.1 POLICY
Members shall prepare a crime report on petty thefts of gasoline, beverages, food, cigarettes, etc. from businesses only when:
   (a) A suspect is in custody; or
   (b) There is any information that may result in identification of the suspect (i.e. a vehicle license plate); or
   (c) There is evidence of another crime present which requires reporting.

PURPOSE AND SCOPE
This policy provides guidelines members will follow to investigate petty thefts / shoplifts effectively utilizing available resources.

307.2 ELECTRONIC REPORTING (eREPORTING) SYSTEM
Any petty theft call from a commercial establishment shall be screened using the criteria listed above in Section 307.1. When the call does not meet the crime report criteria, the reporting party (RP) will be directed to the eReporting website located at http://www.fresno.gov/reportcrime to complete an eReport with the available information.
308.1 POLICY
Department members shall only utilize force options authorized by the Department and in a manner consistent with training, to control violent or threatening suspects.

PURPOSE AND SCOPE
To reduce and minimize injuries to officers and suspects, the Department authorizes the use of selected force options.

308.1.1 WHEN FORCE OPTIONS MAY BE USED
When a decision has been made to restrain or arrest a suspect, approved force options may only be used when their use appears reasonable under the circumstances.

The safety of hostages, innocent persons, and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Members should take into consideration factors which would impair the subject’s ability to comply with orders or place the subject at risk for sustaining significant injuries. These factors include age (children and elderly), pregnancy, physical or mental disabilities, and limited English proficiency.

A verbal warning, when feasible, should precede the application of the chosen force option, unless it would otherwise endanger the safety of members or when it is not practical due to the circumstances. The purpose of the warning is to:

(a) Provide the individual with a reasonable opportunity to voluntarily comply; and
(b) To provide other members and individuals with a warning that the chosen force option may be deployed.

Although force may be used to prevent a subject from swallowing evidence/narcotics, officers are discouraged from doing so except when necessary for the suspect’s safety.

The application of any force option shall be discontinued once the officer determines that compliance has been achieved.

308.2 AUTHORIZED FORCE OPTIONS
Only members who have successfully completed Department approved training and demonstrated proficiency in the use of any force option are authorized to carry and/or use the force option.

Exception: Weapons of Necessity

The Department authorized force options, in addition to the weapons of necessity as defined below, include the following:

(a) Baton – Uniformed officers should take their baton to any call that has the potential for the use of force;
(b) Oleoresin Capsicum (OC) Spray – Uniformed officers should take their issued OC spray to any call that has the potential for the use of force;
(c) Chemical Agents – Use of chemical agents for crowd control/dispersal or against barricaded suspects shall be based on the circumstances;
(d) Pepperball – Use of Pepperball projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent or criminal behavior. Pepperball projectiles and OC spray should not, however, be used against
individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public. Except in life threatening situations, the Chief of Police shall have the overall authority on the use and deployment of Pepperball projectiles;

(e) **Carotid Restraint Hold** – The proper application of the carotid restraint hold by a trained officer may be effective in quickly restraining a violent individual;

(f) **Pain Compliance / Control Hold Techniques** – Pain compliance/control hold techniques may be effective in controlling a physically or actively resisting individual;

(g) **Body Strikes** – Utilizing a body part (i.e. Forearm, elbow, knee, etc.) as a striking device may be appropriate when circumstances necessitate the immediate use of this force option to effectively bring an incident under control;

(h) **Less Lethal Impact Projectiles** – Less lethal impact projectiles are those munitions that are fired, launched or otherwise propelled that may reduce the likelihood of serious injury or death to the suspect. Less lethal impact projectiles include beanbag projectiles, launchable wooden, foam, or rubber batons, and rubber pellets;

(i) **Canine (K-9) Application** – The use of a Department K-9 with a trained handler may assist in providing specialized assistance in handling high risk calls, and locating criminal offenders, illegal narcotics, and dangerous explosives;

(j) **Tasers™** - When properly applied in accordance with Policy §309, the Taser™ device is considered a non-deadly control device which is intended to temporarily incapacitate a violent or potentially violent individual without causing serious injury; and

(k) **Firearms** – The use of firearms is considered deadly force and shall be applied in accordance with Policy §300.

The above list is not meant to be all inclusive, as there may be other appropriate force options available to members during any given situation.

308.2.1 **WEAPONS OF NECESSITY**
Due to the immediacy with which a member must apply force, together with the absence of time and/or physical ability of the member to select alternative methods, it may be objectively reasonable for the member to apply that method of force most readily available to accomplish a legitimate law enforcement purpose.
309.1 POLICY
Only electronic control devices (ECDs) & dart cartridges issued by the Department shall be used by officers and only after the officers have successfully completed a Department approved ECD training course on its proper use and deployment.

PURPOSE AND SCOPE
When properly applied in accordance with this policy, procedure, and training received, the ECD is considered a non-deadly control device that is intended to control a subject who poses an immediate threat, while minimizing the risk of injury to officers and suspects.

309.2 USE OF THE ECD
As with any law enforcement equipment, the ECD has limitations and restrictions requiring consideration before its use. The ECD should only be used when its operator can safely approach the subject within the operational range of the ECD. Although the ECD is generally effective in controlling most individuals, members should be alert to the potential for failure and be prepared with other options. When practical the ECD should be utilized with the dart cartridge in order to get and maintain a positive and continuous contact with the recipient.

309.2.1 APPLICATION OF THE ECD
Authorized personnel may use the ECD when circumstances known to the member at the time indicate that such application is reasonable to control a person in any of the following circumstances:
(a) A violent or physically resisting subject; or
(b) A subject who, by words or action has demonstrated an intention to be violent or who poses an immediate threat to officers, him/herself or others.

309.2.2 MULTIPLE APPLICATIONS OF THE ECD
If the first application of the ECD appears to be ineffective in gaining control of an individual and if circumstances allow, the member should consider the following before additional applications of the ECD:
(a) Whether the probes or darts are making proper contact.
(b) Whether the application of the ECD is interfering with the ability of the individual to comply.
(c) Whether verbal commands, other options or tactics may be more effective.

*Members should generally not intentionally apply more than one ECD at a time against a single subject.*
This, however, shall not preclude any member from deploying more than one reasonable application of the ECD on an individual.

309.2.3 REPORT OF USE
All ECD discharges shall be reported to a supervisor as soon as practical, and documented in the related arrest/crime report.

309.3 MEDICAL TREATMENT
All persons who have been struck by ECD darts or who have been subjected to the electric discharge of the device shall be medically assessed prior to booking.
310.1 POLICY
The Department is committed to investigating officer involved shootings (OIS) to ensure member compliance with state and federal mandates, and with Department policy. An OIS investigation shall be initiated whenever a member intentionally uses deadly force against another person, and will not apply for situations involving warning shots only, dog OIS’s, or unintentional weapon discharges that do not result in the injury or death of any person.

PURPOSE AND SCOPE
To establish policy for the investigation of an incident in which a member intentionally discharges a firearm at a person. The intent of this policy is to ensure that such incidents be investigated in a thorough and impartial manner.

The OIS investigation process will apply to the following situations, unless otherwise directed by the Chief of Police, when an officer, either on or off duty:
- Intentionally discharges a firearm at a person;
- Accidentally discharges a firearm resulting in the injury or death of any person;
- Intentionally utilizes a vehicle to strike or attempt to strike a pedestrian suspect; or
- Is involved in a situation which results in an in-custody death.

Nothing in this policy is intended to increase, modify, or in any way affect the current legal standards regarding deadly force, nor shall any deviation from these guidelines be considered a breach of any legal standard.

310.2 TYPES OF INVESTIGATIONS
An OIS involves several independent investigations utilizing resources within the Department. The investigations include:
(a) A criminal investigation of the OIS;
(b) A civil liability investigation to determine potential liability conducted by the involved officer’s agency; and
(c) An administrative investigation conducted by the involved officer’s agency, to determine if there were any violations of Department policy.

The Chief of Police or his designee may relinquish the criminal investigation to an outside agency.

310.2.1 CRIMINAL INVESTIGATION
The Fresno Police Department Homicide Unit is responsible for the criminal investigation of any OIS involving a Fresno Police Officer that occurs within the City of Fresno. A representative of the District Attorney’s Office will respond to monitor the investigation.

Jurisdiction - Jurisdiction for the criminal investigation will be determined by the location of the shooting and the agency employing the involved officer(s):

Allied Agency Officer within this Jurisdiction - The Fresno Police Department is responsible for conducting the criminal investigation whenever an officer from an allied agency is involved in an OIS within the City of Fresno.
Fresno Police Officer in another Jurisdiction - The agency where the OIS occurred has criminal jurisdiction and is responsible for conducting the criminal investigation of the incident. That agency may relinquish its authority to conduct a criminal investigation to another agency upon mutual agreement.
310.2.2 ADMINISTRATIVE INVESTIGATION
The Department will conduct an internal administrative investigation into any OIS involving a Fresno Police Officer to determine conformance with Department policy. This investigation will be conducted under the supervision of the Internal Affairs Bureau and will be considered a confidential peace officer personnel file.

When an OIS involves an officer from an allied agency, the officer’s employing agency will be responsible for any administrative investigation.

310.2.3 CIVIL LIABILITY INVESTIGATION
A civil liability investigation will be conducted regarding any OIS involving a Fresno Police Officer to determine facts which would establish or refute the civil culpability of the member involved in a shooting. All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation, but shall be given reasonable access to all other investigations.

When an OIS involves an officer from an allied agency, the officer’s employing agency will be responsible for any civil liability investigation.

310.3 OIS INVESTIGATION PROCESS
Upon completion of the criminal and administrative investigations as described above, the reports shall be forwarded simultaneously for review to the involved officer’s chain of command (Division Commander, Captain and Lieutenant), via an electronic distribution process.

After review of both the administrative and criminal investigation reports, the involved officer’s Lieutenant, Captain and Division Commander will meet with the Administrative Division Commander and Chief of Police for the purpose of rendering a final disposition.

The entire investigative review process shall be completed and forwarded to the Internal Affairs Bureau for closure within six (6) months of the OIS.

310.3.1 INVESTIGATION STATUS UPDATE
In the event of a fatal OIS, the Chief of Police or his designee will contact the involved officer and the family of the deceased six (6) months after the OIS to provide an update of the investigation. The update will be limited to the status of the investigation as being on-going or completed. The involved officer and the family will be re-contacted by the Chief of Police or the same designee, when possible, at the conclusion of the investigation.

310.4 OFFICER INVOLVED SHOOTING REVIEW COMMITTEE (OISRC)
The OISRC is separate from the OIS investigation process. The OIS review is not intended to determine violations of policy, procedure, or whether or not an OIS is legally justified. The purpose of the OISRC is to:
• Provide timely feedback to the involved officers;
• Provide timely feedback to staff and Department members;
• Evaluate the need for policy review;
• Evaluate training needs; and
• Evaluate equipment needs.

The OISRC shall consist of the following members:
• The involved officer’s Section/District Commander (committee chairperson), and Bureau Captain (or Captain as designated by the Division Commander);
• SWAT Commander or designated SWAT supervisor;
• Regional Training Center Commander or designated Regional Training Center supervisor;
• Policy and Procedures Unit representative; and
• FPOA representative.
The OISRC chairperson shall brief the Chief of Police on the committee’s findings within 30 days of the OIS. The chairperson will also meet with the involved officer to discuss the OISRC process as it relates to Department policy, training and equipment, as well as an opportunity for the involved officer to provide feedback on the OIS process.

310.5 MEDIA RELATIONS
All media contacts shall be handled by the Incident Commander, PIO, or Office of the Chief. The identities of involved officers shall not be released, absent their consent or as required by law. No involved officer shall be subjected to contact from the media [Government Code §3303(e)] and no involved officer shall make any comments to the media unless authorized by the Chief of Police or designee.

Members receiving inquiries regarding OIS incidents in other agency jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

310.6 INVOLVED OFFICERS
Any officer who discharges their weapon shall be placed on paid administrative leave following an OIS. The officer shall meet with a psychologist prior to returning to full-duty. Within 30 days of the OIS, the officer shall attend mandatory post-OIS training at the FPDRTC.
Bicycles (Lost / Stolen / Found)

311.1 POLICY
Lost, stolen, and found bicycles will be reported consistent with the procedures for Synoptical Reports. When identifiable suspect information is present, a crime report will be completed.

311.1.1 PURPOSE AND SCOPE
This policy provides guidelines members will follow to investigate lost, stolen, or found bicycles effectively utilizing available resources.
312.1 POLICY
The Chief of Police or his/her designee establishes approval for all firearms and ammunition carried on-duty or off-duty by any member of this Department.

PURPOSE AND SCOPE
This policy establishes procedures for the acquisition, handling, and documentation of training in the use of firearms carried by authorized members of the Department. All weapons shall be maintained in a state of operational readiness and are subject to inspection at anytime.

312.2 HANDGUN DEFINITIONS
Issued On-Duty - The handgun issued by the Department to authorized members. Authorized uniformed members while on-duty shall carry the Department issued handgun, in a Department approved holster, with Department provided ammunition.

Optional On-Duty - An authorized handgun, meeting Department specifications, purchased and maintained by a member that is carried in lieu of the issued on-duty handgun. Sworn members working plainclothes assignments while on-duty may carry either the issued on-duty or optional on-duty handgun.

Backup - An authorized handgun, meeting Department specifications, purchased and maintained by a member that is carried in addition to the issued on-duty or optional on-duty handgun.

Authorized Off-Duty - Is a weapon, meeting Department specifications, carried by sworn members while not on-duty.

312.3 SAFE HANDLING AND STORAGE OF FIREARMS
Members will ensure that all firearms and ammunition are secured consistent with the provisions of (Penal Code §25100)

Members will maintain the highest level of safety when handling firearms.

312.4 FIREARMS QUALIFICATIONS
All members are required to train triannually (every four months) with all weapons they are authorized to carry at an approved range. Sworn members may not carry weapons on-duty, or in any official capacity, for which they do not hold a current Department qualification. Under extraordinary circumstances an officer may be required to utilize a different firearm in an official capacity if the weapon they are qualified to use is not readily available during that emergency.

312.5 DUTY WEAPON REMOVAL / SUSPENSION OF PEACE OFFICER POWERS
A member’s duty weapon, badge, and Department identification card may be removed by a supervisor or commander as the result of certain incidents including:
(a) Those involving psychological considerations (including member reported stress);
(b) Internal investigation of a serious nature;
(c) Service of a Letter of Intent to Terminate; or
(d) Other circumstances that necessitate such removal as determined by a supervisor or commander.

Exception: When the officer is the owner of his/her optional “on-duty” weapon it will not be removed unless legal justification is present (e.g., domestic violence firearm seizure, WIC §5150).
312.6 FLYING WHILE ARMED
The Office of Law Enforcement/Federal Air Marshal Service maintains oversight of the Law Enforcement Officers flying armed program under Title 49 Code of Federal Regulation (CFR) §1544.219 Carriage of Accessible Weapons.

To qualify to fly armed, Federal Regulation states that an officer must meet the following basic requirements:
(a) Be a Federal Law Enforcement Officer (LEO) or a full-time municipal, county, or state LEO who is a direct employee of a government agency;
(b) Be sworn and commissioned to enforce criminal statutes or immigration statutes;
(c) Be authorized by the employing agency to have the weapon in connection with assigned duties; and
(d) Have completed the training program, “Law Enforcement Officers Flying Armed.”

In addition to the above requirements, the officer must demonstrate a need to have the weapon accessible from the time he or she would otherwise check the weapon until the time it would be claimed after deplaning. The need to have the weapon accessible must be determined by the employing agency, department, or service and be based on one of the following:
(a) The provision of protective duty, for instance, assigned to a principal or advance team, or on travel required to be prepared to engage in a protective function;
(b) The conduct of a hazardous surveillance operation;
(c) On official travel required to report to another location, armed and prepared for duty;
(d) Employed as a Federal LEO, whether or not on official travel, and armed in accordance with an agency-wide policy governing that type of travel established by the employing agency by directive or policy statement;
(e) Control of a prisoner, in accordance with Title 49 CFR § 1544.221, or an armed LEO on a round trip ticket returning from escorting, or traveling to pick up a prisoner’ or
(f) TSA Federal Air Marshal on duty status.
Counterfeit Currency

313.1 POLICY
Department members will investigate allegations of counterfeit currency in accordance with established procedures, with noted exceptions.

PURPOSE AND SCOPE
Counterfeiting of U.S. Currency and Coin is the primary jurisdiction of the U.S. Secret Service; however members will assist in the investigation when necessary. All other counterfeiting activities are the responsibility of this Department.

313.1.1 PURPOSE AND SCOPE
Counterfeiting of U.S. Currency and Coin is the primary jurisdiction of the U.S. Secret Service; however members will assist in the investigation when necessary. All other counterfeiting activities are the responsibility of this Department.

313.2 OTHER COUNTERFEIT DOCUMENTS
Investigation of counterfeit or false documents enumerated in Penal Code § 476, other than U.S. currency, is the responsibility of the Department. Such cases shall be investigated under the same guidelines as other criminal offenses.
314.1 POLICY
Only sworn members of this Department are authorized to engage in a vehicle pursuit of any violator or suspected violator of any laws. Pursuits should be discontinued when the totality of objective circumstances known, or which reasonably ought to be known to the officer or supervisor during the pursuit, indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect(s)’ escape.

314.1.1 PURPOSE AND SCOPE
Pursuits of suspected or known violators of the law exposes the public, law enforcement officers and fleeing violators to serious injury or death. The primary purpose of this policy is to provide officers guidance in balancing the safety of the public and themselves against law enforcement’s duty to apprehend violators of the law. Another purpose of this policy is to reduce and minimize the potential for pursuit related collisions. Vehicular pursuits require officers to exhibit a high degree of common sense and sound judgment. Officers must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing officers.

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the potential risk to public safety created by vehicular pursuits, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a vehicular pursuit because of the risk involved. This includes circumstances where Department policy would permit the initiation or continuation of the pursuit. It is recognized that vehicular pursuit situations are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Officers must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Officers’ conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable officer would do under the circumstances.

314.1.2 VEHICLE PURSUIT DEFINED
A vehicle pursuit is an event involving one or more law enforcement officers attempting to apprehend a suspect who is attempting to avoid arrest while operating a motor vehicle by using high speed driving or other evasive tactics such as driving off a highway, turning suddenly, or driving in a legal manner but willfully failing to yield to an officer’s signal to stop.

314.2 OFFICER RESPONSIBILITIES
It shall be the policy of this Department that a motor vehicle pursuit shall be conducted only with red light and siren as required by VC §21055 for exemption from compliance with the rules of the road. This policy is established to provide officers with guidelines for driving with due regard and caution for the safety of all persons using the highway as required by VC §21056.

314.2.1 WHEN TO INITIATE A PURSUIT
Officers are authorized to initiate a pursuit when it is reasonable to believe that a suspect is attempting to evade arrest or detention by fleeing in a vehicle.

The following factors individually and collectively shall be considered in deciding whether to initiate a pursuit:
(a) Seriousness of the known or reasonably suspected crime and its relationship to community safety;
(b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others;
(c) Apparent nature of the fleeing suspect(s) (e.g., whether the suspect(s) represent a serious threat to public safety);
(d) The identity of the suspect(s) has been verified and there is comparatively minimal risk in allowing the suspect(s) to be apprehended at a later time;
(e) Safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic and the speed of the pursuit relative to these factors;
(f) Pursuing officer(s) familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the dispatcher/supervisor and the driving capabilities of the pursuing officers under the conditions of the pursuit;
(g) Weather, traffic and road conditions that substantially increase the danger of the pursuit beyond the worth of apprehending the suspect;
(h) Performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit;
(i) Vehicle speeds;
(j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages);
(k) Availability of other resources such as air support; and
(l) The police unit is carrying passengers other than police officers. Pursuits shall not be undertaken with a prisoner(s) in the police vehicle.

314.2.2 WHEN TO TERMINATE A PURSUIT
Pursuits should be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect(s)' escape.

The factors listed in Policy Manual §314.2.1 are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists and themselves when electing to continue a pursuit. In the context of this policy, the term "terminate" shall be construed to mean discontinue or to stop chasing the fleeing vehicle(s). When instructed to terminate, all units shall comply by immediately turning off their lights and siren and driving in compliance with all VC provisions.

In addition to the factors listed in Policy Manual §314.2.1 the following factors should also be considered in deciding whether to terminate a pursuit:

(a) Distance between the pursuing officers and the fleeing vehicle(s) is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance;
(b) Pursued vehicle’s location is no longer definitely known;
(c) Officer’s pursuit vehicle sustains any type of damage that renders it unsafe to drive;
(d) Extended pursuits violators for traffic violations or misdemeanors not involving violence or risk of serious harm (independent of the pursuit) or known / suspected grand theft are discouraged;
(e) Hazards to uninvolved bystanders or motorists;
(f) If the identity of the offender is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit, officers should strongly consider discontinuing the pursuit and apprehending the offender at a later time; and
(g) Directed by a supervisor.

314.2.3 SPEED LIMITS
The speed of a pursuit is a factor that should be evaluated on a continuing basis by the officer and supervisor. Evaluation of vehicle speeds shall take into consideration public safety, officer safety and the safety of the occupants of the fleeing vehicle.
Should high vehicle speeds be reached during a pursuit, officers and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit:
(a) Pursuit speeds have become unreasonably unsafe for the surrounding conditions;
(b) Pursuit speeds have exceeded the driving ability of the officer; and
(c) Pursuit speeds are beyond the capabilities of the pursuit vehicle thus making its operation unsafe.

314.3 PURSUIT UNITS
Pursuit units should be limited to three vehicles (two units and a supervisor); however, the number of units involved will vary with the circumstances. An officer or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the suspect(s). All other officers should stay out of the pursuit, but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.

314.3.1 MOTORCYCLE/TRANSPORT WAGON OFFICERS
A distinctively marked patrol vehicle equipped with emergency overhead lighting should replace a police motorcycle or transport wagon as primary and/or secondary pursuit unit as soon as practical.

314.3.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT
Vehicles not equipped with red light and sirens are generally prohibited from initiating or joining in any pursuit. Officer(s) in such vehicles, however, may become involved in emergency activities involving serious crimes or life threatening situations. Those officers should terminate their involvement in any pursuit immediately upon arrival of a sufficient number of emergency police vehicles or any police helicopter. The exemptions provided by VC §21055 do not apply to officers using vehicles without emergency equipment.

314.3.3 PRIMARY UNIT RESPONSIBILITIES
The initial pursuing unit will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close enough to the violator’s vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspect(s) without unreasonable danger to themselves or other persons.

Notify the Communications Center (ComCen) that a vehicle pursuit has been initiated and as soon as practical provide information including, but not limited to:
(a) Reason for the pursuit;
(b) Location and direction of travel;
(c) Speed of the fleeing vehicle;
(d) Description of the fleeing vehicle and license number, if known;
(e) Number of known occupants;
(f) The identity or description of the known occupants; and
(g) Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards.

Unless relieved by a supervisor or secondary unit, the officer in the primary unit shall be responsible for the broadcasting of the progress of the pursuit. Unless practical circumstances indicate otherwise, and in order to concentrate on pursuit driving, the primary officer should relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or aircraft joining the pursuit.

314.3.4 SECONDARY UNIT(S) RESPONSIBILITIES
The second officer in the pursuit is responsible for the following:
(a) The officer in the secondary unit should immediately notify the dispatcher of entry into the pursuit;
(b) Remain a safe distance behind the primary unit unless directed to assume the role of primary officer, or if the primary unit is unable to continue the pursuit; and
(c) The secondary officer should be responsible for broadcasting the progress of the pursuit unless the situation indicates otherwise.

314.3.5 PURSUIT DRIVING TACTICS
The decision to use or not use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:

(a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle;

(b) As a general rule, officers should not pursue a vehicle driving left of center (wrong way) on a freeway. In the event the pursued vehicle does so, the following tactics should be considered:
   1. Requesting assistance from an air unit;
   2. Maintaining visual contact with the pursued vehicle by paralleling it on the correct side of the roadway; and
   3. Requesting other units to observe exits available to the suspect(s).

(c) Notifying the California Highway Patrol and/or other jurisdictional agency if it appears that the pursuit may enter their jurisdiction; and

(d) Officers involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or requested to do so by the primary unit.

314.3.6 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT
There should be no Code 3 paralleling of the pursuit route. Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Officers should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.

Non-pursuing personnel needed at the termination of the pursuit should respond in a non-emergency manner, observing the rules of the road.

The primary and secondary units should be the only units operating under emergency conditions (red light and siren) unless other units are assigned to the pursuit.

314.3.7 PURSUIT TRAILING
In the event the initiating unit from this agency either relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of supervisor, trail the pursuit to the termination point in order to provide necessary information and assistance for the arrest of the suspect(s).

The term trail means to follow the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing unit will maintain sufficient distance from the pursuit units so as to clearly indicate an absence of participation in the pursuit.

314.3.8 AIRCRAFT ASSISTANCE
When available, air support should be requested. Once the air unit has established visual contact with the pursued vehicle, it should assume control over the pursuit. The primary and secondary ground units should consider the participation of air support when determining whether to continue the pursuit.

The air unit should coordinate the activities of resources on the ground, report progress of the pursuit and provide officers and supervisors with details of upcoming traffic congestion, road hazards, or other pertinent information to evaluate whether or not to continue the pursuit. If ground units are not within visual contact and the air unit determines that it is unsafe to continue the pursuit, the air unit has the authority to terminate the pursuit, but should not be relied upon to do so.
When a pursuit is terminated, air support can be utilized in a surveillance mode consistent with the following:

- All ground units are to turn off all emergency equipment and take reasonable steps to remain out of sight of the suspect vehicle;
- Air support will broadcast the suspect's route. Officers monitoring the suspect vehicle’s progress will strategically place themselves in a position to apprehend the suspect once they stop; and
- When the observer assumes primary responsibility for monitoring the actions of the pursued vehicle, the incident is no longer classified as a pursuit beyond the point of termination by ground units.

Ground units shall respond to the termination point in a manner consistent with policy and state law.

314.4 SUPERVISORY CONTROL AND RESPONSIBILITY

It is the policy of this Department that available supervisory and management control will be exercised over all motor vehicle pursuits involving officers from this Department.

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for the following:

(a) Upon becoming aware of a pursuit, immediately ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit in order to ensure that the pursuit is conducted within established Department guidelines;
(b) Engaging in the pursuit, when appropriate, to provide on-scene supervision;
(c) Exercising management and control of the pursuit even if not engaged in it;
(d) Ensuring that no more than the number of required police units needed are involved in the pursuit under the guidelines set forth in this policy;
(e) Directing that the pursuit be terminated if, in his/her judgment, it is unjustified to continue the pursuit under the guidelines of this policy;
(f) Ensuring that aircraft are requested if available;
(g) Ensuring that the proper radio channel is being used;
(h) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this agency;
(i) Control and manage FPD units when a pursuit enters another jurisdiction;
(j) Respond to the termination point of all pursuits; and
(k) Preparing post-pursuit critique and analysis of the pursuit to be forwarded via BlueTeam to the Pursuit Review Officer.

314.4.1 FIELD COMMANDER RESPONSIBILITY

Upon becoming aware that a pursuit has been initiated, the Field Commander should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Field Commander has the final responsibility for the coordination, control and termination of a motor vehicle pursuit and shall be in overall command.

314.5 COMMUNICATIONS

If the pursuit is confined within the City limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher. If the pursuit leaves the jurisdiction of this Department or such is imminent, involved units should, whenever available, will switch radio communications to an emergency channel most accessible by participating agencies and units.

314.5.1 COMMUNICATION CENTER RESPONSIBILITIES

Upon notification that a pursuit has been initiated, the Communications Center will:

(a) Coordinate pursuit communications of the involved units and personnel;
(b) Notify and coordinate with other involved or affected agencies and provide continual updates to the Fresno County Sheriff’s Department as practical;
(c) Ensure that a field supervisor is notified of the pursuit;
(d) Assign an incident number and log all pursuit activities;
(e) Broadcast pursuit updates as well as other pertinent information as necessary;
(f) Determine availability of air support and notify the supervisor/pursuing units of the availability;
(g) If the initiating agency’s communications center does not possess the ability to make the appropriate safety broadcasts to all affected allied agencies, then that agency should consider aborting the pursuit;
(h) In the event pursuing units are actively engaged in a multi-agency pursuit and are unable to effectively communicate with the agency with primary pursuit responsibilities, then the allied agency should consider discontinuing its involvement in the pursuit. The primary pursuing agency should be notified of the assisting agency’s discontinuance in the pursuit; and
(i) Notify the Field Commander as soon as practical.

314.5.2 LOSS OF PURSUED VEHICLE
When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating suspects. The primary unit will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

314.6 INTER-JURISDICTIONAL CONSIDERATIONS
When a pursuit enters another agency’s jurisdiction, the primary officer or supervisor, taking into consideration distance traveled, unfamiliarity with the area, and other pertinent facts, should determine whether or not to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether or not such jurisdiction is expected to assist.

Because vehicle pursuits frequently have the potential to rapidly cross jurisdictional boundaries of multiple law enforcement agencies, it is both the intent and desire of the Fresno County Police Chiefs and Sheriffs Association to adopt an interagency pursuit guideline. These guidelines will facilitate coordination and communication among affected agencies within the parameters of existing resources. The following procedures were developed and endorsed by the Fresno County Police Chiefs and Sheriffs Association. Members shall adhere to this agreement when a pursuit extends outside of the City, or when another agency’s pursuit enters the City.

Notifications
Recognizing that vehicle pursuits are often spontaneous and rapidly changing events which present involved personnel with multiple issues and demands, each initiating agency will make every reasonable effort to promptly notify the next agency into whose jurisdiction the pursuit may foreseeably proceed should it leave the jurisdiction of the initiating agency.

Once the next foreseeable agency has been notified of the pursuit, the initiating agency will then make every reasonable effort to promptly notify the Fresno County Sheriff’s Department (FCSD) of the existence of the pursuit.

Once FCSD has been notified of the pursuit, the initiating agency will then make every reasonable effort to promptly notify the California Highway Patrol (CHP) of the existence of the pursuit.

Radio Communications
Radio communications will be conducted on the initiating agency’s primary radio channel unless instructed otherwise by a supervisor or communications dispatcher.

All pursuit radio traffic should be transferred to the FCSD communications center for dispatching purposes when all of the following conditions are present:
(a) The pursuing police department has communication capabilities with the FCSD. Agencies capable of communicating with FCSD include, but are not limited to, the following police departments: Coalinga, Firebaugh, Fowler, Huron, Kerman, Kingsburg, Mendota, Parlier, Reedley, Sanger, and Selma; and
(b) The pursuit leaves the pursuing agency’s city limits and enters into an unincorporated area of Fresno County.

**Exception:** Some agencies have a 24-hour dispatch center with sufficient staffing and resources to safely meet all radio communications responsibilities during vehicle pursuit, (i.e., Clovis PD, Fresno PD, and the CHP). These agencies may elect to handle their own radio traffic during pursuits that enter into unincorporated areas of Fresno County. However, the pursuing agency’s communications center should continually provide updates of pertinent information to the FCSD communications center.

**Communications Center (ComCen) Responsibilities**

Each initiating agency’s ComCen should be responsible for the following:

(a) Informing the on-duty field supervisor;
(b) Notifying allied agencies if a potential involvement can be expected, and specifying whether assistance is requested or if the notification is for information only;
(c) Relaying pertinent information to or from allied agencies, and providing continual updates to the FCSD communications center;
(d) Determining the availability of law enforcement aircraft and notifying the supervisor and/or the primary unit of the availability;
(e) If the initiating agency’s communications center does not possess the ability to make the appropriate safety broadcasts to all affected allied agencies, then that agency should consider aborting the pursuit; and
(f) In the event pursuing units are actively engaged in a multi-agency pursuit and are unable to effectively communicate with the agency with primary pursuit responsibilities, then the allied agency should consider discontinuing its involvement in the pursuit. The primary pursuing agency should be notified of the assisting agency’s discontinuance in the pursuit.

**Control of the Pursuit**

If the initiating agency has the ability and elects to have its involved unit(s) conduct all radio communications on the FCSD frequency, the initiating agency shall maintain control of the pursuit and its units.

FCSD shall have no control or responsibility over the involved unit(s) from the initiating agency unless and until the initiating agency expressly relinquishes control of the pursuit to the FCSD.

Should any agency expressly request that FCSD take over or assume the pursuit and FCSD agrees, it is thereafter understood that FCSD shall immediately have complete control and responsibility over the pursuit once FCSD units are on scene and established as the primary pursuing unit. All other agencies should discontinue their involvement in the pursuit unless the FCSD request continued assistance.

Should any agency expressly request that the California Highway Patrol (CHP), Fresno Police Department (FPD) or the Clovis Police Department (CPD) take over or assume the pursuit and the agency agrees, it is understood that CHP, FPD, or CPD unit(s) shall thereafter have immediate and complete control and responsibility of the pursuit. All other agencies should discontinue their involvement in the pursuit unless the controlling agency requests additional assistance.

**314.6.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY**

In the event that units from multiple agencies continue to participate in a pursuit which has not been expressly turned over or relinquished to FCSD, control and responsibility for each involved unit shall remain with the unit’s own agency or the agency that assumed the pursuit.
Upon discontinuing the pursuit, the primary unit may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation. When the distance involved makes this impractical, the officer should meet the arresting officers at the FCJ or other place of confinement.

The role and responsibilities of officers at the termination of a pursuit initiated by this Department shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit. The agency initiating the pursuit should assume responsibility for handling the prosecution of the violation for which the pursuit was initiated. When non-traffic violations have occurred subsequent to the pursuit being relinquished to another agency, the agency that has assumed the pursuit and witnessed these violations will be responsible for their prosecution.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local agencies, FCSD, and CHP units, a request for CHP assistance will mean that they will assume responsibilities for the pursuit. For the same reasons, when a pursuit leaves the freeway and a request for assistance is made to this Department, the CHP should relinquish control.

314.6.2 PURSUITS EXTENDING INTO THIS JURISDICTION
The agency that initiates a pursuit shall be responsible for conducting the pursuit. Units from this Department should not join a pursuit unless specifically requested to do so by the agency whose officers are in pursuit. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a unit from this Department may join the pursuit until sufficient units from the initiating agency join the pursuit.

When a request is made for this Department to assist or take over a pursuit from another agency that has entered this jurisdiction, the supervisor should consider these additional following factors:

(a) Ability to maintain the pursuit;
(b) Circumstances serious enough to continue the pursuit;
(c) Adequate staffing to continue the pursuit;
(d) The public’s safety within this jurisdiction; and
(e) Safety of the pursuing officers.

As soon as practical, a supervisor or Field Commander should review a request for assistance from another agency. The Field Commander or supervisor, after consideration of the above factors, may decline to assist in, or assume the other agency’s pursuit.

Assistance to a pursuing allied agency by officers of this Department will terminate at the City limits provided that the pursuing officers have sufficient assistance from other sources. Ongoing participation from this Department may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, officers shall provide appropriate assistance to officers from the allied agency including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

314.7 PURSUIT INTERVENTION
Pursuit intervention is an attempt to terminate the ability of a suspect to continue to flee in a motor vehicle through tactical application of technology, road spikes, blocking, boxing, PIT (Pursuit Intervention Technique), ramming or roadblock procedures. In this context, ramming shall be construed to mean maneuvering the police unit into contact with the pursued vehicle to mechanically disable or forcibly position it such that further flight is not possible or practical.

314.7.1 WHEN USE AUTHORIZED
Use of pursuit intervention tactics should be employed only after approval of a supervisor. Officers shall not request authorization to use “legal intervention,” but should specifically request authorization for the type of action they wish to take, i.e., Pursuit Intervention Technique (PIT), ramming, etc. In deciding whether to use intervention tactics, officers/supervisors should balance the risks of allowing
the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With these risks in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances confronting the officer at the time of the decision.

It is imperative that officers act within the bounds of legality, good judgment and accepted practices.

314.7.2 DEFINITIONS

Blocking or Vehicle Intercept - A slow speed coordinated maneuver where two or more patrol vehicles simultaneously intercept and block the movement of a suspect vehicle, the driver of which may be unaware of the impending enforcement stop, with the goal of containment and preventing a pursuit. Blocking is not a moving or stationary road block.

Boxing-in - A tactic designed to stop a violator’s vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

Pursuit Intervention Technique (PIT) - A low speed maneuver designed to cause the suspect vehicle to spin out and terminate the pursuit.

Ramming - The deliberate act of impacting a violator’s vehicle with another vehicle to functionally damage or otherwise force the violator’s vehicle to stop.

Roadblocks - A tactic designed to stop a violator’s vehicle by intentionally placing an emergency vehicle or other immovable object in the path of the violator’s vehicle.

Spikes or Tack Strips - A device that extends across the roadway designed to puncture the tires of the pursued vehicle.

314.7.3 USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Officers should not utilize firearms during an ongoing pursuit unless the conditions and circumstances dictate that such use reasonably appears necessary to protect life. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

314.7.4 INTERVENTION STANDARDS

Any pursuit intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public, or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of deadly force and subject to the requirements for such use. Officers who have not received certified Departmental training in the application and use of any intervention tactic or equipment shall consider these facts and requirements prior to deciding how, when, where, and if an intervention tactic should be employed.

(a) Blocking or vehicle intercept should only be considered in cases involving felony suspects or impaired drivers who pose a threat to public safety when officers reasonably believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. Because of the potential risks involved this technique should only be employed by officers who have received training in such tactics after giving consideration to the following:
   1. The need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public;
   2. All other reasonable intervention techniques have failed or reasonably appear ineffective;
   3. Employing the blocking maneuver does not unreasonably increase the risk to officer safety;
   4. The target vehicle is stopped or traveling at a low speed; and
   5. At no time should civilian vehicles be used to deploy this technique.

(b) Only those officers trained in the use of the Pursuit Intervention Technique (PIT) will be authorized to use this procedure and only then with approval of a supervisor upon consideration
of the circumstances and conditions presented at the time, including the potential for risk of injury to officers, the public and occupants of the pursued vehicle.

(c) Ramming a fleeing vehicle should be done only after other reasonable tactical means at the officer’s disposal have been exhausted. This tactic should be reserved for situations where there does not appear to be another reasonable and alternative method. This policy is an administrative guide to direct officers in their decision-making process before the fact of ramming another vehicle. It is not a standard for civil or criminal litigation to judge the propriety of the act; that is a matter for the courts to determine by established law. When ramming is to be employed as a means with which to stop a fleeing vehicle, one or more of the following factors should be present:

1. The suspect is an actual or suspected felon who reasonably appears to represent a serious threat to society if not apprehended;
2. The suspect is driving in willful or wanton disregard for the safety of persons; or, driving in a reckless and life-endangering manner; and
3. If there does not reasonably appear to be a present or immediately foreseeable serious threat to the public, the use of ramming is not authorized.

(d) As with all intervention techniques, pursuing officers should obtain supervisor approval before attempting to box a suspect vehicle during a pursuit. The use of such a technique must be carefully coordinated with all involved units, taking into consideration the circumstances and conditions presented at the time as well as the potential risk of injury to officers, the public and occupants of the pursued vehicle.

(e) The use of spike strips should be approved in advance by a supervisor and deployed only when it is reasonably certain that only the pursued vehicle will be affected by their use. Officers should carefully consider the limitations of such devices as well as the potential risks to officers, the public and occupants of the pursued vehicle.

(f) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in the direct path of a pursued vehicle is generally discouraged and should not be deployed without prior approval of a supervisor and only then under extraordinary conditions when all other reasonable intervention techniques have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risks of injury or death to occupants of the pursued vehicle, officers or other members of the public. Tactically parking a police vehicle in front of or behind an already stopped suspect vehicle for the purpose of preventing a suspect’s vehicle escape is not considered a “roadblock.”

(g) Canine handlers involved in a pursuit are discouraged from using any intervention technique that creates a likelihood of injury or damage to specialized canine equipment (dog/vehicle). When possible, an effort shall be made to designate another officer as the officer initiating an intervention technique.

(h) Transport wagons are discouraged from engaging in vehicle pursuits and from using pursuit intervention techniques, due to their size and limited capabilities.

314.7.5 CAPTURE OF SUSPECTS
Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force, which reasonably appears necessary under the circumstances, to properly perform their lawful duties.

314.8 REPORTING REQUIREMENTS
Whenever a pursuit occurs, prior to completion of their shift, supervisors shall:

- Create a pursuit review package using the BlueTeam web interface to include answering related questions and selecting appropriate entries via drop down boxes;
- Click “save” (can be accessed by the IA secretary);

The supervisor shall ensure a written report and critique is prepared in an approved format (pursuit review form), to determine whether or not the pursuit was within Department guidelines. Once it has been completed, the critique will be submitted via BlueTeam along with the police report (and all
associated reports, i.e. collision report), audio recording of the pursuit and AVL data (if necessary) to the Pursuit Review Officer for review and a determination of the findings.

The following reports should be completed to comply with appropriate local and state regulations:

(a) The primary officer shall complete appropriate crime/arrest reports;
(b) Pursuant to VC §14602.1(b), the Pursuit Review Officer shall complete form CHP 187A, Allied Agency Vehicle Pursuit Report, to be filed with the CHP either electronically or on paper not later than 30 days after the pursuit. This pursuit report shall minimally contain the following information:
1. Whether any person involved in the pursuit or subsequent arrest was injured, specifying the nature of that injury and differentiating between the suspect driver, a suspect passenger and the officers involved;
2. The violation(s) that caused the pursuit to be initiated;
3. The identity of the officers involved in the pursuit;
4. The means or methods used to stop the suspect being pursued;
5. The charges filed with the court by the district attorney;
6. The conditions of the pursuit, including, but not limited to, all of the following:
   (a) Duration;
   (b) Mileage;
   (c) Number of officers involved
   (d) Maximum number of units involved;
   (e) Time of day;
   (f) Weather conditions; and
   (g) Maximum speeds.
7. Whether the pursuit resulted in a collision and a resulting injury or fatality to an uninvolved third party, and the corresponding number of persons involved;
8. Whether the pursuit involved multiple agencies; and
9. How the pursuit was terminated.

(c) After first obtaining available information, a field supervisor shall promptly complete a pursuit critique forwarding the critique to the Pursuit Review Officer via BlueTeam. This memo should minimally contain the following information:
1. Date and time of pursuit;
2. Length of pursuit;
3. Involved units and officers;
4. Initial reason for pursuit;
5. Starting and termination points;
6. Disposition: arrest, citation, etc. Arrestee information should be provided if applicable;
7. Injuries and/or property damage;
8. Medical treatment;
9. Name of supervisor at scene;
10. A preliminary determination, simply stating whether or not the pursuit appears to be in compliance with this policy; and
11. Determine the need for any additional review and/or follow up.

The Pursuit Review Officer shall forward the critique and their findings to the Bureau Commander through the involved officer’s chain of command via BlueTeam. The Pursuit Review Officer, or any staff officer in the chain of command, may return the critique to the supervisor and direct an internal investigation be conducted. The Pursuit Review Officer will conduct a documented annual analysis of pursuit reports.

Automated Vehicle Locator (AVL) data, including an analysis of the data, shall be included in pursuits resulting in administrative investigations or pursuits involving a collision resulting in serious injury or death. AVL data should be reviewed by members of the Field Automation System Unit for an accurate interpretation.
314.8.1 REGULAR AND PERIODIC PURSUIT TRAINING
In addition to initial and supplementary POST training on pursuits required by PC §13519.8, all sworn members of this Department will participate no less than annually in regular and periodic Department training addressing this policy and the importance of vehicle safety and protecting the public at all times, including a recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others. [VC §17004.7(d)].

314.8.2 POLICY REVIEW
Each sworn member of this Department shall certify in writing that they have received, read and understand this policy initially and upon any amendments. The Audit & Inspections Unit (AIU) will conduct a documented annual review of pursuit policies and reporting procedures.

314.9 APPLICATION OF MOTOR VEHICLE PURSUIT POLICY
This policy is expressly written and adopted pursuant to the provisions of VC §17004.7, with additional input from the POST Vehicle Pursuit Guidelines.

Officer Response to Calls

315.1 POLICY
When members are dispatched to a Call For Service (CFS), they should place themselves en route and respond without delay.

315.1.1 PURPOSE AND SCOPE
The Department recognizes the importance of timely response of police services to its citizens. The purpose of this policy is to provide a guideline to accomplish this task.

315.1.2 RESPONDING TO CALLS FOR SERVICE
Members handling calls for service (CFS) should direct their attention toward the long term solution of the problem.

315.2 CONFLICTING REQUESTS FOR SERVICE
When a member is dispatched to a call and encounters another situation requiring police service while en route, he/she should advise the Emergency Services Dispatcher (ESD) of the situation and proceed according to the instructions of the ESD. When the member is instructed to continue on the original call, he/she should advise the person(s) involved in the second incident that another member will respond as soon as possible. Members encountering such a situation should not instruct the contacting citizen to call the Department. Instead, sufficient information shall be provided to the ESD to prepare an event for later dispatching.

Members responding to a high priority call (priority "0" and "1") should not stop or delay their response for any activity other than another emergency. The ESD shall be immediately notified of a new incident to permit a decision to be made as to whether the unit will be preempted for the new emergency or required to respond to the original call.

315.3 PRELIMINARY CRIMINAL INVESTIGATIONS
Members assigned to reports of crimes are responsible for the satisfactory disposition of the call including investigation, enforcement, and necessary reports.
316.1 POLICY
Officers responding "Code-3" (with lights and siren) shall continuously operate emergency lighting equipment, including at minimum a steady forward facing red light, and shall sound the siren as reasonably necessary pursuant to Vehicle Code §21055.

Officers responding Code-3 are not relieved of the duty to continue to drive with due regard for the safety of all persons.

316.1.1 PURPOSE AND SCOPE
This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

316.2 VEHICLES AUTHORIZED FOR CODE-3 OPERATION
No vehicle transporting prisoners shall operate Code-3 at any time for any reason. Patrol wagons or plain cars with interior-mounted or spotlight type red lights and sirens shall not be operated Code-3 except in cases of an emergency, and then only when a patrol vehicle is unavailable to respond.

316.3 AUTHORIZED CODE-3 RESPONSES
Operation of a vehicle Code-3 is authorized and should be utilized under these conditions:
(a) While in immediate pursuit (mandatory);
(b) When directed by, or approval is received from, a supervisor or staff officer;
(c) In response to an officer/firefighter/paramedic call for help (emergency situations only);
(d) In response to ALL priority "0" calls for service (CFS);
(e) In response to a life-threatening incident (non-crime related) where serious injury or death is potentially imminent or has been reported; or
(f) In response to priority "1" CFS which are in-progress AND the suspect(s) are in the immediate vicinity and apprehension is likely.

Officers should not utilize Code-3 driving outside of the circumstances listed above.

316.4 NOTIFICATION OF CODE-3 RESPONSE
Except in response to a call of an officer needs help, any officers responding Code-3 shall state over the radio that they are responding Code-3 and give their location.

316.5 SUPERVISORY RESPONSIBILITY
It is the responsibility of all supervisors to review Code-3 responses by their subordinates to ensure compliance with this order. Supervisors shall monitor their subordinates' emergency driving to ensure that they drive with due regard for the safety of all persons using the highway. Improper driving behavior which is identified shall be corrected through counseling, training, or disciplinary measures.

316.6 CODE-3 VEHICLE OPERATION
The use of any other warning equipment without a red light and siren does not provide an exemption from the Vehicle Code. Members utilizing Code-3 shall drive with due regard for the safety of all persons using the highway. The vehicle's emergency warning lights shall be activated and the siren shall be sounded as may be reasonably necessary to warn other drivers and pedestrians.
U.S. Mail Offenses

317.1 POLICY
Members who are assigned to any U.S. mail offense are responsible for conducting the initial investigation and reporting the incident in the absence of a Postal Inspector. Members shall request special routing to the Postal Inspector of pertinent reports they have written.

317.1.1 PURPOSE AND SCOPE
Title 18, § 1708 USC, makes it a felony to possess stolen mail. Officers who come into contact with persons suspected of possessing stolen mail shall consider enforcement action as with any other criminal offense. Officers may, upon probable cause, seize and book the suspected stolen mail. A copy of reports of the incident shall be forwarded to the Postal Inspector by Records Bureau personnel.

317.2 NOTIFICATION OF POSTAL INSPECTOR
The Postal Inspection Service has authority to conduct primary and follow-up investigations of offenses having to do with the mails including:

(a) Post Office burglary, robbery, etc;
(b) Theft of mail;
(c) Possession of stolen mail;
(d) Assaulting mail custodian;
(e) Forgery of postal money orders;
(f) Fraudulent use of the mails;
(g) Obscene matter in the mails;
(h) Explosives, poisons, etc., in the mails; and
(i) Damage to mailboxes or mail.
318.1 POLICY
It is the policy of the Fresno Police Department that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

318.11 PURPOSE AND SCOPE
The Fresno Police Department maintains a high regard for human life and a high respect for the rule of law. This policy establishes guidelines for the use of canines to augment police services to the community including, but not limited to locating individuals and contraband and apprehending criminal offenders.

318.2 TRAINING
Before assignment in the field, each canine team shall be trained and certified to meet current California P.O.S.T. standards or the Department’s chosen certifying agency. Cross trained dog teams or those dog teams trained exclusively for the detection of narcotics and/or explosives shall be trained and certified to meet the standards established for such detection dogs by the California Narcotic Canine Association or the Department’s chosen certifying agency.
Robberies & Alarms

319.1 POLICY
Unless advised otherwise by a reporting party, officers will respond to all person and business robberies, robbery alarms, and silent hold-up alarm calls for service, as though they were "in progress", exercising caution and making safety a priority.
Domestic Violence

320.1 POLICY
The official Department response to cases of domestic violence shall be: to stress the enforcement of the laws, to protect the victim, and to communicate the attitude that violent conduct in the home is criminal behavior and will not be tolerated.

320.1.1 PURPOSE AND SCOPE
Domestic violence is alleged criminal conduct and it is the policy of the Fresno Police Department to stress enforcement of criminal laws related to domestic violence, the protection of the victim, and the availability of civil remedies and community resources. This includes the arrest of domestic violence offenders if there is probable cause to believe an offense has occurred.

In responding to domestic violence incidents, officers shall make reasonable efforts to identify the dominant aggressor in any incident. The dominant aggressor is the person determined to be the most significant, rather than the first, aggressor. In identifying the dominant aggressor, an officer shall consider:

(a) The intent of the law to protect victims of domestic violence from continuing abuse;
(b) The threats creating fear of physical injury;
(c) The history of domestic violence between the persons involved; and
(d) Whether either person acted in self-defense.

320.2 ENFORCEMENT OF DOMESTIC VIOLENCE
It is the intent of the Legislature that the official response to domestic violence stresses the enforcement of the laws to protect the victim and shall communicate the attitude that violent behavior is criminal behavior and will not be tolerated. The following factors should not be used to avoid making an arrest:

(a) Marital status of suspect and victim;
(b) Whether or not the suspect lives on the premises with the victim;
(c) Existence or lack of temporary restraining order;
(d) Potential financial consequences of arrest;
(e) Complainant’s history or prior complaints;
(f) Verbal assurances that violence will cease;
(g) Complainant’s emotional state;
(h) Non-visible injuries;
(i) Location of the incident (public/private);
(j) Victim does not want to prosecute or make private person’s arrest;
(k) Speculation that complainant may not follow through with the prosecution; and
(l) The case may not result in a conviction.
Domestic Violence

320.2.1 Felony Arrests
In accordance with state law, an arrest should be made when there is probable cause to believe a felony has occurred.

320.2.2 Misdemeanor Arrests
In accordance with state law, an arrest should generally be made when there is probable cause to believe a misdemeanor, including violations of court orders, has occurred.

(a) Police officers may make an arrest without a warrant for a misdemeanor assault or battery not committed in their presence when it is committed upon:

1. A current or former spouse;
2. A current or former cohabitant (Family Code § 6209 definition);
3. A fiancé or fiancée;
4. A person with whom the suspect currently is having or has previously had an engagement or dating relationship;
5. A person with whom the suspect has parented a child;
6. A child of the suspect or a child of one of the above listed categories; or
7. Any person who is 65 years of age or older and who is related to the suspect by blood or legal guardianship.

(b) Both of the following conditions must be present in order to make an arrest in this situation pursuant to Penal Code § 836(d):

1. The peace officer has probable cause to believe that the person to be arrested has committed the assault or battery, whether or not it has in fact been committed; and
2. The peace officer makes the arrest as soon as probable cause arises to believe that the person to be arrested has committed the assault or battery, whether or not it has in fact been committed.

320.2.3 Field Release (Cite & Release)
A field release may not be used and a physical arrest should be made when there is a reasonable likelihood that the offense may continue or resume, or that the safety of persons or property would be imminently endangered by releasing the arrested person in the field (Penal Code § 853.6).

Citizens should refer to the provisions of Policy § 420 for further information regarding the Department’s cite & release policy.

320.2.4 Private Person’s Arrest
The Department will assist with all private person arrests that are made lawfully pursuant to Penal Code § 837. Any officer presented with a private person wishing to make an arrest must determine whether or not there is reasonable cause to believe that such an arrest would be lawful (Penal Code § 847).

Citizens should refer to the provisions of Policy § 364 for further options regarding the disposition of private person’s arrests.
Domestic Violence

320.3 COURT PROTECTIVE ORDERS

Various types of restraining orders may be issued by various courts in domestic violence cases. All valid out-of-state and tribal court restraining and protective orders should be enforced. Penal Code § 13710 requires all law enforcement agencies to maintain complete and systematic records of all protection orders relating to domestic violence incidents, restraining orders, and proofs of service which are in effect. This section also requires that these records be used to inform law enforcement officers responding to domestic violence calls of the existence, terms, and effective dates of protection orders on file. It shall be the responsibility of the Records Bureau to maintain these records.

320.3.1 VERIFICATION OF RESTRAINING ORDERS

When a complainant advises of the existence of a restraining order, this policy requires officers to immediately attempt to determine the following (Code of Civil Procedure § 527.8(i)(3)).

(a) Whether a restraining order is on file with the Department or whether the complainant has a copy of the restraining order in his/her possession;
(b) Whether there is valid restraining order on file with the Department of Justice Domestic Violence Restraining Order System (Family Code § 6383(d));
(c) Whether the proof of service or prior notice exists or that the suspect was in court when the order was made; and
(d) The terms of the restraining order.

In the event the suspect is no longer at the scene, officers shall document the incident for follow up investigation.

320.3.2 ENFORCEMENT PROCEDURES

Violation of a restraining order is a misdemeanor under Penal Code §§ 273.6 or 166(4). An arrest should be made when probable cause exists to believe the subject of a restraining order has violated the order whether or not in the presence of an officer and evidence of proof of service of the order exists.

320.3.3 EMERGENCY PROTECTIVE ORDERS

Members should request an EPO if any of the following conditions exist:

(a) The victim requests an EPO;
(b) The investigating officer has grounds to believe that there is an immediate danger of continuing violence against the victim;
(c) The investigating officer or victim believes the potential for further violence or threats exists;
(d) When a child is in immediate danger of abuse by a family or household member; or
(e) When a child is in immediate danger of being abducted and taken from the jurisdiction by a parent or relative.

Note: The above list is not all inclusive and there may other non-domestic violence related incidents in which officers could request an EPO.

320.3.4 COURT ORDERS

Stay-away orders are issued in criminal cases when the probability of victim intimidation exists. Violation of a stay-away order is a misdemeanor under Penal Code § 166(c)(1).
Domestic Violence

Witness intimidation is also a violation of Penal Code § 136.1 and potentially a violation of Penal Code § 422. Examples of witness intimidation include attempting to prevent or dissuade a victim from attending or giving testimony at any proceeding, or using force or expressing or implying a threat of force or violence related to the court proceeding.

Officers will use the same guidelines for verification and enforcement of stay-away orders as listed in Policy §§ 330.3.1 and 330.3.2.

320.4 VICTIM ASSISTANCE

During the course of investigating and reporting domestic violence cases, an officer may assist a victim in many ways. Some suggested methods of assistance are:

(a) Assist in obtaining appropriate medical attention if a victim claims injury, whether visible or not;
(b) Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for safety, or the officer determines a need exists;
(c) Stand by for a reasonable amount of time when a victim requests police assistance while removing essential items of personal property;
(d) Explain legal options available to the victim including the private person’s arrest process, temporary restraining and stay-away orders, and in cases of arrest, the follow-up procedures and ensuing criminal proceedings; and
(e) Advise the victim of available community resources and the State Victim Assistance Program.

320.4.1 DOMESTIC VIOLENCE INFORMATION FORM

In all cases of domestic violence, whether an arrest is made or not, investigating officers shall furnish the victim with a copy of the Domestic Violence Victim Information Form. This form shall include the report number of the investigation as a reference for the victim to contact Domestic Violence Unit detectives at a later time.

320.5 REPORTING POLICY

A police report shall be written to cover all incidents of domestic violence.

320.5.1 RECORD-KEEPING RESPONSIBILITIES

Penal Code § 13730 also requires that all law enforcement agencies maintain records on the number of domestic violence related calls reported to their agency and to include whether or not weapons were used in the incident. This information is to be reported to the Attorney General monthly. It shall be the responsibility of the Records Manager to maintain and report this information as required.

320.6 PUBLIC ACCESS TO POLICY

A copy of this domestic violence policy will be provided to members of the public upon request. (Penal Code § 13701(c)).
321.1 POLICY
The Department will treat the members of the community in strict obedience to the rights against unreasonable search and seizure as guaranteed under the Constitution of the United States of America and of the laws of the State of California.

321.1.1 PURPOSE AND SCOPE
Case law regarding search and seizure is ever changing and frequently subject to interpretation under the varying facts of each situation. This policy is intended to provide a few of the basic guidelines that may assist an officer in field contact situations.

321.2 DEFINITIONS
Arrest – Taking a person into custody, in a case and in the manner authorized by law.

Detention - Occurs when an officer intentionally, through words, actions or physical force causes an individual to reasonably believe he/she is being required to restrict his/her movement. Detentions also occur when an officer actually restrains a person's freedom of movement.

Consensual Contact - Occurs when an officer contacts an individual but does not create a detention through words, actions or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Consent Search – A search conducted with the voluntary consent of the person to be searched.

Field Contact - A contact with any member of the public, which may be classified as a consensual contact, detention, or an arrest.

Probable Cause – A set of facts based on the totality of the circumstances that would lead a person of ordinary care and prudence to entertain an honest and strong suspicion that the person to be arrested is guilty of a crime.

Reasonable Suspicion - Occurs when, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Voluntary Consent – Consent given as a product of the individual’s free will and uncontaminated by any duress, coercion, intimidating conduct, or other “pressure tactic,” whether direct or indirect.
322.1 POLICY
It is the policy of the Fresno Police Department to respect the fundamental privacy rights of individuals. Members of this Department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this Department will comply with relevant federal and state law governing the seizure of persons and property.

Consistent with CA POST requirements, the Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

322.1.1 PURPOSE AND SCOPE
Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for the Fresno Police Department personnel to consider when dealing with search and seizure issues.

322.2 DEFINITIONS
Consent Search: This is a search of a person, a person’s belongings, residence, vehicle, etc., and it is used by officers in the field after obtaining valid consent. For a consent search to be valid, the consent must be voluntary (i.e., not "coerced" by force, threats, tricks, promises, or the exertion of authority); and obtained from a person with authority, or “apparent” authority, to give that consent.

Pat Down Search: This is the normal type of search used by officers in the field to check an individual for weapons. It involves a thorough patting down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the subject, or other subjects.

Custody Search (Searches incident to a lawful arrest): This search involves a thorough patting down of an individual’s clothing, shoes, property and possessions of an arrestee. All pockets, cuffs, etc., on the clothing are checked to locate all personal property, contraband, or weapons. The prisoner’s personal property is taken and inventoried.

Strip Search: This is a search that requires a person to remove or rearrange some or all of his/her clothing to permit a visual inspection of the underclothing, breasts, buttocks or genitalia of such person [Penal Code §4030(c)].

Physical Body Cavity Search: This is a search that includes physical intrusion into a body cavity. Body cavity means the stomach or rectal cavity of a person, and the vagina of a female person [Penal Code §4030(d)(1)].

322.3 SEARCHES
The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:
- Valid consent;
- Probation/Parole authorization;
• Incident to a lawful arrest;
• Legitimate community caretaking interests;
• Vehicle searches under certain circumstances; and
• Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this Department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

322.4 SEARCH PROTOCOL
Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

(a). Officers will strive to conduct searches with dignity and courtesy;
(b). Officers should explain to the person being searched the reason for the search and how the search will be conducted;
(c). Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition;
(d). In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated; and
(e). When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:

1. Another officer or a supervisor should witness the search;
2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon; and
3. Officers will use the back side of their hands and fingers to search sensitive areas of the opposite sex to include the breast, crotch and buttocks areas.

(f). Metal detecting wands and walk through metal detectors should be utilized whenever available and appropriate (e.g., wand may not be appropriate for an initial pat down search).
Search Warrants / Pre-Planned Tactical Operations

323.1 POLICY
Officers shall take the necessary steps to plan all warrant services carefully to prevent injury to suspects and members. Search warrants are only to be executed by sworn personnel.

323.1.1 PURPOSE AND SCOPE
A pre-planned tactical operation is any operation where officers plan on taking some sort of enforcement action. Examples of pre-planned tactical operations are search warrants, knock and talks, probation/parole searches, arrest warrants, etc.
324.1 POLICY
The Fresno Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at Department facilities. Juveniles should be held in temporary custody only for as long as reasonably necessary for investigative purposes, processing, transfer or release. When a juvenile is placed in temporary custody of the Fresno Police Department, officers shall identify the purpose for taking temporary custody of the juvenile and determine the appropriate manner in which the juvenile is to be detained.

324.1.1 PURPOSE AND SCOPE
This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Fresno Police Department (42 USC §5633).

324.2 DEFINITIONS
Juvenile non-offender - An abused, neglected, dependent or alien juvenile who may be legally held for his/her own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian or other responsible person. Juveniles 11 years of age or younger are considered juvenile non-offenders even if they have committed an offense that would subject an adult to arrest.

Juvenile offender - A juvenile 12 to 17 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) (W&I §602). It also includes an offense under PC §29610 for underage possession of a handgun or concealable firearm (28 CFR §31.303).

Non-secure detention - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell or behind any locked doors. Juveniles in non-secure detention may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation (WIC §207.1(d); 15 CCR §1150).

Safety checks - Direct, visual observation personally by member of this department performed at random intervals within time frames prescribed in this policy to provide for the health and welfare of inmates.

Secure detention - When a juvenile offender is held in a locked room, a set of rooms or a cell. Secure detention also includes being physically secured to a stationary object (15 CCR §1146). Examples of secure detention include:

(a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area; i.e. prisoner processing center within CSIB.
(b) A juvenile handcuffed to a rail.
(c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
(d) A juvenile being processed in a secure booking area when an unsecure booking area is available.
(e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
(f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
(g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.
Sight and sound separation - Located or arranged to prevent physical, visual or auditory contact with adult prisoners.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation or truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender. This includes the habitually disobedient or truant juvenile under WIC §601 and any juvenile suspected of an offense that would not subject an adult to arrest (e.g., fine-only offense).

324.3 AUTHORITY TO DETAIN
Legal authority for taking custody of juvenile offenders is found in WIC §625.

324.3.1 ADVISEMENT
In any case where a juvenile is taken into temporary custody, the juvenile should be promptly advised of his/her Miranda rights to ensure the admissibility of any spontaneous statements, whether or not questioning is intended (WIC §625).

324.4 TYPE OF CUSTODY
324.4.1 JUVENILE NON-OFFENDERS
Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Fresno Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders shall not be held in secure detention (42 USC §5633; WIC §206).

Juveniles 11 years of age or younger who have committed an offense that would subject an adult to arrest may be held in non-secure custody for the offenses listed in W&I §602(b) (murder and the sexual assault offenses) and should be referred to a probation officer for a placement determination.

324.4.2 STATUS OFFENDERS
Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Status offenders shall not be held in secure detention (42 USC §5633).

324.4.3 JUVENILE OFFENDERS
Juvenile offenders should be held in non-secure detention while at the Fresno Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

A juvenile offender may be taken into custody when authorized by a court order or when there is probable cause to believe the juvenile has committed an offense that would subject an adult to arrest (WIC §625).

324.5. JUVENILE DETENTION LOGS
Any time a juvenile is held in custody at a Department facility, the detention shall be promptly and properly documented in the juvenile detention log.

324.6 JUVENILE CONTACTS AT SCHOOL FACILITIES
Officers should make every reasonable effort to notify school officials prior to contacting a student on campus while school is in session.
324.7 RELEASE OF INFORMATION CONCERNING JUVENILES
Court decisions and legislation have combined to carefully specify situations in which information may be given out or exchanged when a case involves a juvenile. Officers of this department shall not divulge any information regarding juveniles in situations where they are uncertain of the legal authority to do so.

324.7.1 RELEASE OF INFORMATION BY SUPERIOR COURT ORDER
A copy of the current policy of the Juvenile Court concerning authorized release of information and appropriate acknowledgment forms shall be kept with copies of this procedure in the Policy Manual. Such releases are authorized by WIC §827.

324.8 ADDITIONAL CONSIDERATIONS PERTAINING TO JUVENILES
324.8.1 EMERGENCY MEDICAL CARE OF JUVENILES IN CUSTODY
When emergency medical attention is required for a juvenile who is in custody, EMS will be called. The supervisor shall be notified of the need for medical attention for the juvenile. Department members should administer first aid as applicable (15 CCR §1142).

324.8.2 SUICIDE PREVENTION OF JUVENILES IN CUSTODY
Department members should be alert to potential symptoms based upon exhibited behavior that may indicate the juvenile is a suicide risk. These symptoms may include depression, refusal to communicate, verbally threatening to kill him/herself or any unusual behavior which may indicate the juvenile may harm him/herself while in either secure or non-secure detention (15 CCR §1142).

324.8.3 USE OF ALTERNATIVE RESTRAINT DEVICES
Juveniles in temporary custody shall not be subjected to alternative restraints. Handcuffs are not alternative restraints. WIC §5150: Restraints shall only be used so long as it reasonably appears necessary for the juvenile’s protection or the protection of others.

Restraints shall not be used as a punishment, or as a substitute for treatment.

324.8.4 DISCIPLINE OF JUVENILES
Police personnel are prohibited from administering discipline to any juvenile.

324.8.5 DEATH OF A JUVENILE WHILE DETAINED
In the event of a juvenile’s death while being detained at this department, the District Attorney’s Office and the Sheriff-Coroner’s Office will conduct the investigation of the circumstances surrounding the death. The Investigative Services Division Commander or his/her designee will conduct an administrative review of the incident.

324.9 INTOXICATED AND SUBSTANCE ABUSING MINORS
Juveniles who are arrested while intoxicated may be at risk for serious medical consequences, including death. Examples include acute alcohol poisoning, seizures and cardiac complications of cocaine, markedly disordered behavior related to amphetamines or hallucinogenic drugs, and others.
325.1 POLICY
When exigent circumstances indicate an immediate threat to the life of a person other than a wanted or suicidal subject, officers are expected to take necessary action to preserve life, including forced entry. When no immediate threat to life exists, officers should request supervisor response and establish containment and control over the scene.

325.1.1 PURPOSE AND SCOPE
Due to increased risk, options other than forced entry should be explored whenever practical. Unless there is a need for immediate action to preserve life, officers should attempt to slow the pace of the call, request additional resources, and ensure scene containment. This policy provides general guidelines for Fresno Police Department personnel to consider when deciding whether or not into force entry to a location.

325.2 CONSIDERATIONS
Factors to consider when determining whether or not to force entry include, but are not limited to:
(a) Seriousness of the suspected offense;
(b) Need or exigency to force entry immediately versus waiting for additional resources;
(c) Warning signs present (History at location, firearms present, etc.);
(d) Control of on-scene involved parties;
(e) Available force options;
(f) Availability of other resources such as Crisis Negotiators, mental health advocates, etc.;
(g) Whether to breach and hold vs. breach and enter immediately;
(h) Contingency plans if forced entry doesn't go as planned;
(i) Attempts to communicate with subject(s) inside location; and/or
(j) Any information indicating the subject is armed and barricaded.
326.1 POLICY
The Fresno Police Department will investigate all reported incidents of alleged elder and dependent adult abuse and ensure proper reporting and notification as required by law.

326.11 PURPOSE AND SCOPE
The purpose of this policy is to provide members with guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification as required by law.

When an employee is to be terminated, demoted, or suspended, receives a fine, or a letter of reprimand, the employee should be notified at least seven calendar days prior to service of the order of discipline. (b) School Resource Officer – School Resource Officers (SRO) are assigned to school campuses in the city and they work toward improving the quality of life. SRO’s provide guidance on ethical issues; individual counseling and/or mentoring to students; and prevent criminal activity through high visibility patrol.

(c) Youth Liaison Officer – The Youth Liaison Officer (YLO) creates a healthy exchange of dialogue between the youth and law enforcement that will deepen trust, develop improved understanding, and foster a positive relationship. The YLO also assists with referring at-risk youth between the ages of 14 to 18 to an appropriate service provider depending on their need.

(d) School Resource Chaplains - School Resource Chaplains (SRC’s) are on campus to help identify and reduce crimes against children, provide a support element to families and staff, along with integrating socially acceptable life choices and behavior through an integration of “Resistance and Resilience Curriculum.” SRC’s spend their volunteer time in the classrooms teaching an evidence based curriculum which focuses on seven essential characteristics that are known to help deal with: stress and adversity; overcoming childhood disadvantage; a sense of hopelessness leading to stress disorders; alcohol and drug abuse; and gang association.

At least annually, the above programs shall be reviewed by the responsible bureau, section, or unit commander, to justify their continuance.
Outside Agency Assistance

352.1 POLICY
It is the policy of this Department to provide assistance whenever possible, consistent with the applicable laws of arrest and detention policies of this Department, when another law enforcement agency requests assistance with an arrest or detention of any person. This Department may also request an outside agency to provide assistance.

Where possible members shall fully cooperate with outside criminal justice entities to allow for the greatest level of safety for the community and to strive towards successful prosecution of persons involved in criminal activity.

To facilitate this cooperation, the Department will establish a close working relationship with professional organizations directly involved with the planning of the judicial system’s response to crime in the community. Programs such as the Prostitution Abatement Program, LifeSkills program, Crisis intervention Training, and involvement in CARE Fresno are examples of public and private collaborations with the Department that address social issues as they relate to law enforcement responses and needs within the community.

2. He/She is not a danger to self or others;

360.1.1 PURPOSE AND SCOPE
The investigation of cases involving death includes those ranging from natural cause to homicide. Some causes of death may not be readily apparent and some cases differ substantially from what they appeared to be initially. The thoroughness of death investigations cannot be emphasized enough. One of an officer’s primary responsibilities is to ensure the health and welfare of community members that need public safety services. Members shall also ensure adequate resources such as EMS and Fire respond as needed.

360.2 SICK AND INJURED PERSONS

360.2.1 FIRST AID REQUESTING ADDITIONAL RESOURCES
When members encounter sick or injured persons, they shall render appropriate first aid, consistent with their training, to whatever extent is necessary.

The Act also provides certain immunity from civil or criminal liability for physicians, medical providers, and for persons present when the patient self-administers the drug, or if a person assists the patient by preparing the aid-in-dying drug, so long as the person did not assist with the ingestion of the drug. The intent of the law is to allow people to help a terminally ill person as long as the terminally ill patient takes an affirmative, conscious, and physical act to ingest the medication into their body. The Act does not authorize ending a patient’s life by lethal injection, mercy killing, or active euthanasia. Action taken in accordance with the Act does not constitute suicide or homicide.

Members dispatched to an in-progress or just occurred ingestion of aid-in-dying medication call shall notify their supervisor and complete a casualty report containing pertinent information.
361.1 POLICY
It is the policy of the Fresno Police Department for designated sworn and non-sworn members to be trained in the safe use and administration of opioid overdose medication in order to safely and effectively treat and reduce injuries and fatalities due to opioid-induced overdose.

361.1.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines and procedures governing the use of naloxone hydrochloride, or Narcan.

361.2 DEFINITIONS
Emergency Opioid Antagonist: A drug that nullifies in whole or in part the administration of an opioid. The opioid antagonist for the purpose of this policy is limited to naloxone hydrochloride.

Naloxone Hydrochloride: A prescription medication used as an emergency opioid antagonist/antidote that blocks the effects of opioids administered from outside the body and is approved by the U.S. Food and Drug Administration.

Naloxone Nasal Spray: The device issued to trained personnel to administer the prefilled dose of naloxone hydrochloride opioid antagonist via the intranasal mucosal atomization device (nasal spray) in accordance with medical and training protocols.

Opioid: Containing or derived from opium. Opioids are medications that relieve pain. They reduce the intensity of pain signals reaching the brain and affect those brain areas controlling emotion. Medications that fall within this class include hydrocodone (e.g. vicodin), oxycodone (e.g. OxyContin, Percocet) morphine, codeine, heroine, and related drugs.

Opioid Overdose: An acute condition due to excessive opioids in the body, manifested by respiratory and/or central nervous system depression.

- When trained and tested to demonstrate competence following initial instruction; and
- When authorized by the medical director of the LEMSA.

361.4 TRAINING
Members shall receive naloxone hydrochloride training prior to the issuance or administration of naloxone. Training should be coordinated with the local health department and comply with the requirements in 22 CCR 100019 and Civil Code § 1714.22.
Identity Theft

362.1 POLICY
All incidents of identity theft will be investigated and thoroughly documented when reported to this Department, regardless of the jurisdiction where the crime is being committed. Members will cooperate with other law enforcement agencies in the investigation of identity theft crimes.

362.1.1 PURPOSE AND SCOPE
Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.
Private Persons Arrests

364.1 POLICY
The Department will assist with all private person arrests that are made lawfully pursuant to Penal Code § 837. Any officer presented with a private person wishing to make an arrest must determine whether or not there is reasonable cause to believe that such an arrest would be lawful (Penal Code § 847).

364.1.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance for the handling of private person arrests made pursuant to Penal Code § 837; however the provisions of Penal Code § 837 do not apply to juveniles pursuant to Welfare and Institutions Code § 625. (Refer to Policy Manual § 324).

364.2 ARRESTS BY PRIVATE PERSONS
Penal Code § 837 provides that a private person may arrest another:

(a) For a public offense committed or attempted in his or her presence;
(b) When the person arrested has committed a felony, although not in his or her presence; and/or
(c) When a felony has been in fact committed, and he or she has reasonable cause for believing the person arrested has committed it.

Unlike peace officers, private persons may not make an arrest on suspicion that a felony has been committed - the felony must in fact have taken place.

364.3 REPORTING REQUIREMENTS
In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign a Department Private Person's Arrest form under penalty of perjury.

In addition to the Private Person's Arrest Form (and any other related documents such as citations, booking forms, etc.), officers shall complete a narrative report regarding the circumstances and disposition of the incident.
368.1 POLICY
The Department will take all reasonable steps to ensure timely and equal access to all individuals, regardless of national origin or primary language (Title VI of the Civil Rights Act of 1964, Section 601, 42 U.S.C. 2000d). Department members will inform members of the public that language assistance services are available free of charge to limited English proficiency (LEP) persons whom they encounter.

368.1.1 PURPOSE AND SCOPE
Language barriers can sometimes inhibit or even prohibit individuals with limited English proficiency from gaining meaningful access to, or an understanding of important rights, obligations and services. The purpose of this Policy is to establish effective guidelines consistent with Title VI of the Civil Rights Act of 1964 and the Omnibus Crime Control and Safe Streets Act of 1968, for Department personnel to follow when providing services to, or interacting with, LEP individuals.

368.1.2 DEFINITIONS
Bilingual - The ability to use two languages proficiently.

Interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language) while retaining the same meaning.

Limited English Proficient (LEP) - Those individuals whose primary language is not English. If these individuals have a limited ability to read, write, speak, or understand English, they are limited English proficient. LEP individuals may be competent in certain types of communication (e.g. speaking or understanding), but still be LEP for other purposes (e.g. reading or writing). Similarly, LEP designations are context-specific. An individual may possess sufficient English skills to function in one setting, but these skills may be insufficient in other situations.

Primary Language - An individual's native tongue or the language in which an individual most effectively communicates.

Translation - The replacement of written text from one language (source language) into an equivalent written text in another language (target language).

368.1.3 LEP PROGRAM RESPONSIBILITIES
The Department’s LEP Program will be coordinated through the Commander of the Audit & Inspections Unit. The Commander will be responsible for the following:

(a) Receiving and reviewing LEP services complaints; and
(b) Conducting audits relative to Department LEP Programs, including an annual review of demographic data, Language Line usage data, and Department reports documenting encounters with LEP individuals to ensure that the Department is providing meaningful access to LEP persons in all Department-conducted programs or activities.

368.2 FOUR FACTOR ANALYSIS
Since there are potentially hundreds of languages officers could encounter, this Department will analyze four factors in determining those measures which will provide reasonable and meaningful access to various rights, obligations, services and programs to everyone. It is recognized that law enforcement contacts and circumstances will vary considerably therefore this analysis must remain flexible and requires an ongoing balance of the following four factors:

(a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by officers or who may benefit from programs or services within the Department’s jurisdiction or a particular geographic area;
(b) The frequency with which LEP individuals are likely to come in contact with officers, programs or services;
(c) The nature and importance of the contact, program, information or service provided; and
(d) The cost of providing LEP assistance and the resources available.

As indicated above, the intent of this analysis is to provide a balance that reasonably ensures meaningful access by LEP individuals to critical services while not imposing undue burdens on the Department or officers.

368.2.1 QUALIFYING INDIVIDUALS
While the Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right, the above analysis will be utilized to determine the availability and level of assistance provided to any LEP individual or group.

368.3 TYPES OF LEP ASSISTANCE AVAILABLE
LEP individuals may elect to accept interpreter services offered by the Department at no cost or choose to provide their own interpreter services at their own expense. If a LEP individual chooses to provide his/her own interpreter, and precise, complete, and accurate interpretations are critical for law enforcement or legal reasons, or when the competency of the LEP individual’s interpreter is not established, the Department may decide to provide its own, independent interpreter as well.

Officers should document in any related report whether the LEP individual elected to use interpreter services provided by the Department or some other source.

When the Department provides the LEP services, members shall first utilize certified interpreters and translators from the City of Fresno bilingual certification program.

When a certified interpreter is not available and the LEP service does not involve a felony violation of law, Department provided interpreter services may include, but are not limited to:

368.3.1 OTHER BILINGUAL STAFF
Members that are bilingual but are not certified as interpreters should be able to accurately listen to communication in one language and orally convert it to another language. When bilingual members of this Department are not available, employees from other departments within the area may be requested by a supervisor depending on the circumstances.

368.3.2 WRITTEN FORMS AND GUIDELINES
The Department will endeavor to provide frequently used and critical forms and guidelines in languages most commonly represented within the community or a particular area. When appropriate, these forms will be conspicuously posted at the public counters and otherwise available upon request. For example, the Department’s Personnel Complaint form and information about various Department programs and services should be made readily available to LEP individuals.

368.3.3 AUDIO RECORDINGS
From time to time, the Department may develop audio recordings of important information needed by LEP individuals. For example, officers may be provided with a canine warning or crowd dispersal order for broadcast in a language most likely to be understood by involved LEP individuals.

368.3.4 TELEPHONE INTERPRETER SERVICES
Through Voiance, the Department provides 24-hour telephone access to interpreters who speak more than 140 languages.

368.3.5 COMMUNITY VOLUNTEERS
Depending on the circumstances, location and availability, responsible members of the community may be available to provide qualified interpreter services. Sources for these individuals may include local businesses, banks, churches, neighborhood leaders and school officials. In addition to such sources
developed by individual officers, the Volunteer Unit will attempt to maintain and update a list of qualified community volunteers.

368.3.6 FAMILY AND FRIENDS OF LEP INDIVIDUAL
While family and friends of an LEP individual may frequently offer to assist with Interpretation, officers should carefully consider the circumstances before relying on such individuals. Unless it is an emergency or critical situation, officers and other Department members should only use family, friends, or bystanders for interpreting in very informal, non-confrontational contexts, and only to obtain basic information. Children should never be relied upon except in emergency or critical situations. Further, the nature of the contact and relationship between the LEP individual and the individual offering services must be carefully considered (e.g., victim/suspect). Using family, friends and bystanders to provide interpretation could raise issues relating to confidentiality, privacy, and conflict of interest.

368.4 LEP CONTACT SITUATIONS AND REPORTING
While all law enforcement contacts, services and individual rights are important, this Department will utilize the four-factor analysis to prioritize language services so that they may be targeted where most needed because of the nature and importance of the particular law enforcement activity involved.

When a criminal investigation involves a felony violation of law, every effort shall be made to utilize a certified interpreter or translator. Where a certified interpreter or translator is not available, LEP services may include, but are not limited to: Violence, or non-certified Department members who can interpret. In the event of an unforeseen or life threatening emergency, family members, friends or bystanders may be used to interpret while waiting for a qualified interpreter to arrive.

When a member is required to complete a report or other documentation and interpretation and/or translation services are provided to any involved LEP individual(s), such services should be noted in the related report. When LEP services are provided and no police report is written, the LEP contact shall be documented by adding supplemental notes to the event or the public counter LEP log. Notes shall be made on the language spoken by the LEP person and the type of language assistance service provided.

368.4.1 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE
In order to provide LEP individuals with meaningful access to police services when they are victims of, or witnesses to, alleged criminal activity or other emergencies, this Department has designated its 911 lines as its top priority for language services. Department members will make every reasonable effort to promptly accommodate such LEP individuals utilizing 911 lines through any or all of the above resources.

While 911 calls shall receive top priority, it is also important that reasonable efforts be made to accommodate LEP individuals seeking more routine access to services and information from this Department.

368.4.2 CUSTODIAL INTERROGATIONS AND BOOKINGS
In an effort to ensure the rights of LEP individuals are protected during arrest and custodial interrogation, this Department places a high priority on providing competent language assistance services during such situations. It is further recognized that miscommunication during custodial interrogations may have a substantial impact on the evidence presented in any related criminal prosecution. As such, Department members providing language assistance services or forms in these situations will make every reasonable effort to accurately interpret all communications with LEP individuals.

Members providing language assistance services shall be aware of the inherent communication impediments to gathering information from the LEP individual throughout the booking process or any other situation in which an LEP individual is within the control of Department members. Medical screening questions are commonly used to elicit information on an individual’s medical needs, suicidal inclinations, presence of contagious diseases, potential illness, resulting symptoms upon withdrawal
from certain medications, or the need to segregate the arrestee from other prisoners, therefore it is important for members to make every reasonable effort to provide effective language services in these situations.

368.4.3 FIELD ENFORCEMENT AND INVESTIGATIONS
Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts. The scope and nature of these activities and contacts will inevitably vary. Each officer and/or supervisor must, assess each such situation to determine the need and availability for interpretation and/or translation services to any and all involved LEP individuals.

Although not every situation can be addressed within this policy, it is important that an officer is able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action taken with an LEP individual. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

368.4.4 COMMUNITY OUTREACH
Community outreach programs and other such services offered by this Department have become increasingly recognized as important to the ultimate success of more traditional law enforcement duties. The Department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services to LEP individuals and groups.

368.5 TRAINING
In an effort to ensure that all members in public contact positions (or having contact with those in custody) are properly trained, the Department will provide training in the following areas during new member orientation:

(a) Member awareness of LEP policies, procedures, forms and available resources;
(b) Members having contact with the public (or those in our custody) are trained to work effectively with in-person and telephone interpreters; and
(c) Training for management staff, even if they may not interact regularly with LEP individuals, in order that they remain fully aware of, and understand this policy, so they can reinforce its importance and ensure its implementation by staff.

Any updates to this policy, related procedure, or the LEP program will be distributed to all members in the appropriate format.
370 POLICY
It is the policy of this Department to ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities. The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

370.1 PURPOSE AND SCOPE
This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

370.1.2 DEFINITIONS
Definitions related to this policy include:

Auxiliary aids - These are used to communicate with people who are deaf, hard of hearing or have impaired speech. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; use of a notepad and pen or pencil to exchange written notes; use of a computer or typewriter; use of an assistive listening system or device to amplify sound; use of a teletypewriter (TTY), videophones (video relay service or VRS); or use of a qualified interpreter.

Deaf or hard of hearing - An individual who has or is regarded as having substantially limited hearing with or without assistance.

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, translators, sign language interpreters and intermediary interpreters.

370.2 FACTORS TO CONSIDER
Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this Department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. These factors may include, but are not limited to:

(a) Members should not assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.

(b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision);

(c) The nature of the law enforcement contact (e.g., emergency vs. nonemergency, custodial vs. consensual contact, etc.); and

(d) Availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

When considering these and other available information member(s) should carefully balance all factors to reasonably ensure meaningful access by individuals with disabilities to critical services while not imposing undue burdens on the Department or its members.
370.2.1 INITIAL AND IMMEDIATE CONSIDERATIONS
Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems and exercise special care in the use of all gestures, and verbal and written communication in an effort to minimize initial confusion and misunderstanding when dealing with any individual(s) with known or suspected.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service. The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

(a) The methods of communication usually used by the individual;

(b) The nature, length and complexity of the communication involved; and

(c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter. Even if the person who is deaf or hard of hearing would prefer the use of a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

Safety permitting, when an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of this Department, consideration should be given to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

370.3 TYPES OF ASSISTANCE AVAILABLE
Depending on the balance of the factors available for consideration at the time, this Department will make every reasonable effort to provide meaningful and timely assistance to disabled individuals through a variety of services, where available. The Department will not charge anyone for the expense of an accommodation. Disabled individuals may elect to accept department-provided auxiliary aids or services, choose to provide their own communication services at their own expense or any combination thereof. In any situation, the individual's expressed choice of communication method shall be given primary consideration and honored unless the member can adequately demonstrate that another effective method of communication exists under the circumstances.

Members should document the type of communication utilized in any related report and whether a individual with a disability elected to use services provided by the Department or some other identified source. Department provided services may include, but are not limited to the following:

370.3.1 FIELD RESOURCES
Members are encouraged to utilize resources immediately available to them in any contact with a known or suspected person with a disability. Examples of this would include such simple methods as:

(a) Hand gestures or written communications exchanged between the member and a deaf or hard of hearing individual;

(b) Facing an individual utilizing lip reading and speaking slowly and clearly;
(c) Slowly and clearly speaking or reading simple terms to any visually or mentally disabled individual; and

(d) Utilization of certified interpreters and translators from the City of Fresno bilingual certification program.

370.3.2 AUDIO RECORDINGS AND ENLARGED PRINT
From time to time, the Department may develop audio recordings of important information needed by blind or visually impaired individuals. In the absence of such audio recordings, members may elect to read aloud a Department form or document such as a citizen complaint form to a visually impaired individual or utilize a photocopier to enlarge printed forms for a visually impaired individual.

370.33 QUALIFIED INTERPRETER SERVICES
A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speech reading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or investigation involving the disabled individual. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

(a) Available within a reasonable amount of time generally not to exceed one hour;
(b) Experienced in providing interpretation services related to law enforcement matters;
(c) Familiar with the use of VRS and/or video remote interpreting service;
(d) Certified in either American Sign Language (ASL) or Signed English (SE);
(e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser; and
(f) Knowledgeable of the ethical issues involved when providing interpreter services.

Comcen will maintain a list of qualified interpreter services to be contacted at Department expense to assist deaf or hard of hearing individuals upon approval of a supervisor. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

370.3.4 TTY AND RELAY SERVICES
Individuals who are deaf or hearing impaired must be given the opportunity to use available text telephones (TTY or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications. The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

370.3.5 COMMUNITY VOLUNTEERS
Depending on the circumstances, location and availability, responsible members of the community may be available to provide qualified interpreter services, such as those who are proficient in American Sign Language (ASL) or Signed English (SE). In addition to such sources developed by individual officers, the Department will attempt to maintain and update a list of qualified community volunteers who may be available to respond within a reasonable time.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, Department members
must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

370.3.6 FAMILY AND FRIENDS
While family and friends of an individual with a disability may frequently offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in emergency or critical situations. Further, the nature of the contact and relationship between the individual with a disability and the individual offering services must be carefully considered (e.g., victim/suspect).

Adults may be relied upon when (28 CFR 35.160):

(a) There is an emergency or critical situation and there is no qualified interpreter reasonably available; and

(b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

370.4 CONTACT SITUATIONS AND REPORTING
While all contacts, services, and individual rights are important, this Department will carefully consider reasonably available information in an effort to prioritize services to individuals with disabilities so that such services and resources may be targeted where most needed because of the nature and importance of the particular law enforcement activity involved.

When any member of this Department is otherwise required to complete a report or other documentation, and communication assistance is provided to any involved individual(s) with disabilities, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual’s express preference is not honored, the member shall document why another method was used.

370.4.1 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE
In order to provide individuals with disabilities with meaningful access to law enforcement services when they are victims of, or witnesses to, alleged criminal activity or other emergencies, this Department has designated its 911 lines as its top priority for assistance with such services. Members will make every reasonable effort to promptly accommodate such individuals with disabilities utilizing 911 lines through any or all of the above resources.

While 911 calls shall receive top priority, it is also important that reasonable efforts be made to accommodate individuals with disabilities seeking more routine access to services and information from this Department.

370.4.2 FIELD ENFORCEMENT AND INVESTIGATIONS
Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts which may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary, therefore the Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every officer in the field. Each officer and/or supervisor must, however, assess each such situation to determine the need and availability for communication assistance to any and all involved individuals with disabilities.

Although not every situation can be addressed within this policy, it is important that employees are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action taken with an individual with a disability. For example, it
would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with a deaf individual.

370.4.3 CUSTODIAL INTERROGATIONS
In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this Department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. Miranda warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written Miranda warning card.

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible.

370.4.4 ARREST AND BOOKINGS
In an effort to ensure the rights of all individuals with disabilities are protected during arrest and bookings, this Department places a high priority on providing reasonable communication assistance during such situations.

Members providing such assistance shall also be aware of the inherent communication impediments to gathering information from individuals with disabilities throughout the booking process or any other situation in which an individual with a disability is within the control of Department personnel. Medical screening questions are commonly used to elicit information on individual’s medical needs, suicidal inclinations, presence of contagious diseases, potential illness, resulting symptoms upon withdrawal from certain medications, or the need to segregate the arrestee from other prisoners, therefore it is important for this Department to make every reasonable effort to provide effective communication assistance in these situations.

(a) Individuals who require communication aids (e.g., hearing aids) should be permitted to retain such devices while in custody.

(b) While it may present officer safety or other logistical problems to allow a physically disabled individual to retain devices such as a wheel chair or crutches during a custodial situation, the removal of such items will require that other reasonable accommodations be made to assist such individuals with access to all necessary services.

370.4.5 COMMUNITY OUTREACH
Community outreach programs and other such services offered by this Department have become increasingly recognized as important to the ultimate success of more traditional law enforcement duties. As such, this Department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services to individuals with disabilities and groups.

370.5 TRAINING
In an effort to ensure that all members in public contact positions (or having contact with those in custody) are properly trained, this Department will provide training in the following areas during new member orientation:

(a) Member awareness of related policies, procedures, forms and available resources;

(b) How to work effectively with in-person and telephone interpreters and related equipment.

Management staff will receive training even if they may not interact regularly with individuals with disabilities. This is to ensure they remain fully aware of, and understand this policy, so they can reinforce its importance and ensure its implementation by staff.
Any updates to this policy or related procedure will be distributed to all members in the appropriate format. In addition, members will receive training related to the basics of ADA and appropriate ways of serving people with disabilities during the mandatory triennial anti-harassment/anti-discrimination training.

307.6 CALL-TAKER TRAINING
Emergency call-takers shall be trained in the use of TTY equipment protocols for communicating with individuals who are deaf, hard of hearing or who have speech impairments. Such training and information should include:

(a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers;

(b) ASL syntax and accepted abbreviations;

(c) Practical instruction on identifying and processing TTY or TDD calls, including the importance of recognizing silent TTY or TDD calls, using proper syntax, abbreviations and protocol when responding to TTY or TDD calls; and

(d) Hands-on experience in TTY and TDD communications, including identification of TTY or TDD tones.

Training should be mandatory for all Dispatch members who may have contact with individuals from the public who are deaf, hard of hearing or have impaired speech. Refresher training should occur every six months.
372.1 POLICY
When any Department member makes an arrest, in accordance with Policy Manual §372.2, of any school or community care facility employee he/she shall notify his/her immediate supervisor to facilitate forwarding the information to the Chief of Police or his/her designee.

372.1.1 PURPOSE AND SCOPE
The purpose of this policy is to describe the requirements and procedures to follow when school (teacher and non-teacher) or community care facility employee has been arrested under certain circumstances.

372.2.2 ARREST OF PUBLIC SCHOOL NON-TEACHER EMPLOYEE
In the event a public school non-teacher is arrested for any controlled substance offense enumerated in HS §11590 or HS §11364, in so far as that section relates to HS §11054(d)(12), or for any of the offenses enumerated in PC §290, PC §261(a), or Education Code §44010, the Chief of Police or his/her designee is mandated to immediately notify by telephone the superintendent of the school district employing the non-teacher and to immediately give written notice of the arrest to the governing board of the school district employing the person (HS §11591; PC §291).

372.2.3 ARREST OF PRIVATE SCHOOL TEACHER
In the event a private school teacher is arrested for any controlled substance offense enumerated in HS §11590 or HS §11364, in so far as that section relates to HS §11054(d)(12), or for any of the offenses enumerated in PC §290, PC §261(a), or Education Code §44010, the Chief of Police or his/her designee is mandated to immediately notify by telephone the private school authority employing the teacher and to immediately give written notice of the arrest to the private school authority employing the teacher (HS §11591; PC §291.1).

372.2.5 ARREST OF PERSONS EMPLOYED IN COMMUNITY CARE FACILITIES
In the event an employee of a community treatment facility, a day treatment facility, a group home, a short-term residential therapeutic program or a foster family agency is arrested for child abuse (as defined in PC §11165.6) and the employee is free to return to work where children are present, the investigating member shall notify the licensee of the charge of abuse (HS §1522.2).
373.1 POLICY
Blood and urine will only be collected as evidence in accordance with established procedures. Blood evidence will only be collected by licensed health care professionals.

373.1.1 PURPOSE AND SCOPE
To ensure that blood and urine evidence collection will be accomplished in the safest possible manner and to ensure the integrity of the evidence. Blood and urine may be collected in DUI, drug influence, or other criminal investigations.

373.2 BLOOD EVIDENCE

373.2.1 LEGAL REQUIREMENTS
Blood samples obtained from persons charged with DUI shall be collected, handled and preserved as required by 1219 and 1219.1 of Title 17 of the California Code of Regulations.

To ensure compliance with CVC §23158(g), Chemical Test Procedure, Central Valley Toxicology Inc. (CVT), will be responsible for the ‘general supervision’ of all blood draws performed by the Department’s phlebotomists.

373.3 URINE EVIDENCE
The urine test should be taken at a Crime Scene Investigation Bureau holding cell. Officers shall accompany the suspect at all times, affording the arrestee a reasonable measure of privacy while maintaining adequate prisoner security and evidence integrity.

All urine tests shall be conducted by an officer of the same sex as the suspect.

373.3.1 URINE TEST
A urine test may be used under the following circumstances:

• If both the blood and breath tests are unavailable;
• If the driver submits to a breath test and later requests an additional test to be taken for later analysis, per Trombetta, and a blood test is not available;
• Unable to take a blood test due to medical reasons (e.g., hemophiliac, medication, etc.);
• For drug influence investigation; or
• Other non-specified investigations.

373.4 INJURED OR UNCONSCIOUS SUBJECTS
Any subject who is unconscious or deceased is considered incapable of withdrawing their consent for a blood draw for evidence purposes. An officer may direct medical staff to obtain the blood draw.
374.1 POLICY
This policy is to provide guidelines for the collection of DNA evidence from those individuals required to provide such samples under the DNA Fingerprint, Unsolved Crime and Innocence Protection Act, and the State of California DNA Data Bank Program (Penal Code §295, et seq.).

PURPOSE AND SCOPE
Only those qualifying individuals whose DNA sample is not currently on file with the Department of Justice may be required to provide samples. Verification of DNA samples on file may be determined by a DNA collection "flag" on the individual’s criminal history record or, during regular business hours, by calling the Department of Justice at (510)620-3300 and pressing "11" in the automated system [Penal Code §298(b)(5)].

374.2 PERSONS SUBJECT TO DNA COLLECTION
While the courts may order DNA samples taken in a variety of circumstances under the Act, members of this Department are only authorized to obtain DNA samples from the following individuals absent other lawful means (e.g., consent or a search warrant).

Only those qualifying individuals whose DNA sample is not currently on file with the Department of Justice may be required to provide samples. Verification of DNA samples on file may be determined by a DNA collection "flag" on the individual’s criminal history record or, during regular business hours, by calling the Department of Justice at (510) 620-3300 and pressing "11" in the automated system [Penal Code §298(b)(5)].

It is a misdemeanor for any qualified individual to refuse to give any or all required DNA samples following written notice of the requirement to do so [Penal Code §298.1(a)].

374.2.1 ARRESTEES
Immediately following arrest, or during the booking process, or as soon as administratively practicable after arrest (but in any case prior to release on bail or other physical release from custody), any adult arrested or charged with a felony offense is required to provide DNA samples [Penal Code §296(a)(2)(C)].

The January 1, 2009, provisions governing DNA sample collection from all adults arrested for any felony offense are not retroactive and so do not permit sample collection for arrests that took place prior to 2009.

374.2.2 SEX AND ARSON REGISTRANTS
Any adult or juvenile who is required to register as a sex offender under Penal Code §290 or arsonist under Penal Code §457.1, including those whose registration resulted from a qualifying misdemeanor crime is required to submit a DNA sample. [Penal Code §296(a)(3)].

At the time that any such registrant registers, updates registration, or is notified by the Department of Justice or other law enforcement officer, an appointment shall be made designating the time and place for the collection of DNA samples if no such sample has already been provided [Penal Code §296.2(c)].
374.3 OBTAINING DNA SAMPLES
Upon a determination that any individual is qualified and required to provide DNA samples under the Act, the arresting officer or other employee designated by a supervisor shall transport the arrestee to the Fresno County Jail to complete the booking process where DNA samples will be obtained in accordance with this policy.

374.3.1 USE OF FORCE TO OBTAIN SAMPLES
If, after a written or oral request, a qualified individual refuses to provide any or all of the required DNA samples, a sworn member of this Department may use reasonable force to obtain such sample(s) under the following conditions:

(a) Prior to the use of reasonable force, the officer(s) shall take and document reasonable steps to secure voluntary compliance [Penal Code §298.1(c)(1)(C)].
(b) Prior to the use of reasonable force, the officer(s) shall obtain written authorization from a supervisor which shall minimally include that the individual was asked to provide the sample(s) and refused [Penal Code §298.1(c)(1)(B)].
(c) If the authorized use of reasonable force includes a cell extraction, such extraction shall be videotaped [Penal Code §298.1(c)(1)(D)].

For the purpose of this section, the "use of reasonable force" shall be defined as the force that an objective, trained and competent officer faced with similar facts and circumstances would consider necessary and reasonable to gain compliance. [Penal Code §298.1(c)(1)(A)].

374.4 RELATED STATUTES
It is a felony for any qualifying individual to knowingly facilitate the collection of a wrongfully attributed DNA sample or identification information, or to knowingly tamper with any DNA sample or collection container with the intent to deceive the government as to his or her identity (Penal Code §298.2).

It is unlawful for any person to knowingly misuse or disclose to an unauthorized entity a DNA sample collected or profile obtained for DNA database purposes [Penal Code §299.5(i)(1)(A)].

374.5 LITIGATION
The Chief of Police or authorized designee shall immediately notify the Department of Justice DNA Legal Unit at (415) 703-5892 in the event this Department is named in a lawsuit involving the DNA Data Bank sample collection, sample use, or any aspect of the state’s DNA Data Bank Program.
375.1 POLICY
It is the policy of the Fresno Police Department to petition and serve gun violence restraining orders in compliance with state law and to properly account for firearms and ammunition obtained by the Department pursuant to such orders.

375.1.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for petitioning and serving gun violence restraining orders and accounting for the firearms obtained pursuant to those orders.

375.2 DEFINITIONS
Definitions related to this policy include:

**Gun violence restraining order (GVRO)** - Civil restraining order prohibiting a named person from controlling, owning, purchasing, possessing, receiving or otherwise having custody of any firearms or ammunition (Penal Code § 18100).

**Immediate family member** - Any spouse, whether by marriage or not; domestic partner; parent; child; any person related by consanguinity or affinity within second degree; or any other person who regularly resides in the household, or who, within the prior six months, regularly resided in the household (Penal Code § 422.4)

375.3 GUN VIOLENCE RESTRAINING ORDERS
An officer who reasonably believes a person is a present danger to him/herself or another person by controlling, owning, purchasing, possessing, receiving or otherwise having custody of a firearm may request permission from his/her supervisor to petition the court for a gun violence restraining order.

The GVRO laws establish three means of acquiring a restraining order:
1. Emergency GVRO;
2. Temporary GVRO; and
3. GVRO, issued after notice and a hearing.

The court may also issue a warrant to search and remove all firearms and ammunition from a prohibited person based on the sworn affidavit of a police officer that the prohibited person has failed to comply with the GVRO.

A person in possession of a firearm in violation of GVRO is guilty of a misdemeanor (Penal Code §18205).

Any person who files a petition for a GVRO that contains statements the person knows are false, or with intent to harass the subject of the petition for a GVRO is guilty of a misdemeanor (Penal Code §18200).
Chapter 4 - Patrol Operations
Patrol Function

400.1 PURPOSE AND SCOPE
The purpose of this policy is to define the functions of patrol to ensure intra-department cooperation and information sharing.

400.1.1 FUNCTION
Officers will generally patrol in clearly marked vehicles, patrol assigned jurisdictional areas of Fresno, respond to calls for assistance, act as a deterrent to crime, enforce state and local laws and respond to emergencies 24 hours per day seven days per week.

Patrol will generally provide the following services within the limits of available resources:

(a) Patrol that is directed at the prevention of criminal acts, traffic violations and collisions, the maintenance of public order, and the discovery of hazardous situations or conditions;

(b) Crime prevention activities such as residential inspections, business inspections, community presentations, etc.;

(c) Calls for service, both routine and emergency in nature;

(d) Investigation of both criminal and non-criminal acts;

(e) The apprehension of criminal offenders;

(f) Community Oriented Policing and Problem Solving activities such as citizen assists and individual citizen contacts of a positive nature;

(g) The sharing of information between the Patrol and other divisions within the Department, as well as other outside governmental agencies; and

(h) The application of resources to specific problems or situations within the community, which may be improved or resolved by Community Oriented Policing and problem solving strategies.

(i) Traffic direction and control

400.2 PATROL INFORMATION SHARING PROCEDURES
The following guidelines are intended to develop and maintain intra-department cooperation and information flow between the various divisions of the Fresno Police Department.

400.2.1 CRIME VIEW BUREAU
The Crime View Bureau is the central bureau for information exchange. Criminal information and intelligence reports can be submitted to the Records Bureau for distribution to all divisions within the Department through daily and special bulletins.

400.2.2 CRIME REPORTS
A crime report may be completed by any patrol member who receives criminal information. The report will be processed and forwarded to the appropriate bureau for retention or follow-up investigation.
Patrol Function

400.2.3  PATROL BRIEFINGS
Patrol supervisors, detective sergeants, and special unit sergeants are encouraged to share information as much as possible. All supervisors and/or officers will be provided an opportunity to share information at the daily patrol briefings as time permits.

400.2.4  INFORMATION CLIPBOARDS
Several information clipboards will be maintained in the briefing room and will be available for review by officers from all divisions within the Department. These will include, but not be limited to, the patrol check clipboard, the wanted persons clipboard, and the written directive clipboard.

400.2.5  BULLETIN BOARDS
A bulletin board will be kept in the briefing room and the Investigation Bureau for display of suspect information, intelligence reports and photographs. New Provisional Orders will be made available for patrol supervisors and will be discussed at briefings and shift meetings. A copy of the Provisional Order will be placed on the briefing room clipboard.

400.3  STATISTICS
The Daily Activity Report (DAR, AKA: Stat Sheet) will be used by officers, CSO’s, and Cadets assigned to patrol to record the number of certain key enforcement activities, including field interview cards submitted, calls for service handled, reports written, number of days worked, and sick leave used during the month.
402.1 POLICY
The Fresno Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly and without discrimination toward any individual or group.

Race, ethnicity or nationality, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability or affiliation with any other similar identifiable group shall not be used as the basis for providing differing levels of law enforcement service or the enforcement of the law.

402.1.1 PURPOSE AND SCOPE
This policy provides guidance to department members and establishes appropriate controls to ensure that members of the Fresno Police Department do not engage in racial or bias-based profiling or violate any related laws while serving the community.

402.2 DEFINITION
Racial- or bias-based profiling - An inappropriate reliance on factors such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability or affiliation with any other similar identifiable group as a factor in deciding whether to take law enforcement action or to provide service. (Penal Code § 13519.4)

402.3 RACIAL- OR BIAS-BASED PROFILING PROHIBITED
Racial- or bias-based profiling is strictly prohibited. However, nothing in this policy is intended to prohibit an officer from considering factors such as race or ethnicity in combination with other legitimate factors to establish reasonable suspicion or probable cause (e.g., suspect description is limited to a specific race or group).
Re-Introduction To Patrol

403.1 POLICY
The re-introduction training process will be completed at the discretion of the district commander for any absence less than twelve months in duration.

403.1.1 PURPOSE AND SCOPE
Members leave patrol for different assignments and other reasons. Policies and procedures change frequently, as do legal requirements and laws. In order to re-acclimate the member to patrol, a re-introduction training process will be completed when the member has been away from patrol in excess of twelve months.

403.2 DISTRICT COMMANDER ROLE
When a member returns to patrol, the district commander of the assigned district shall notify the PTO Coordinator of the need to re-acclimate the returning member to patrol.

When a sergeant returns to patrol, the District Commander shall assign the returning sergeant to shadow an existing patrol sergeant for up to one week, generally.

403.3 POLICE TRAINING OFFICER (PTO) ROLE
The PTO will review a re-introduction package of materials that are developed by the PTO Coordinator, with the member and ensure that the member understands the material.

403.4 SERGEANT RE-ENTRY PROGRAM
The same purpose for re-entry training for officers/CSOs applies to sergeants.
Briefing

404.1 POLICY
The supervisor conducting "briefing" is responsible for preparation of the materials necessary for a constructive briefing. Supervisors may delegate this responsibility to a subordinate employee in their absence or for training purposes.

404.1.1 PURPOSE AND SCOPE
Briefing is generally conducted at the beginning of the member’s assigned shift. Briefing provides an opportunity for important information exchange between members and supervisors. A supervisor generally will conduct briefing; however, subordinate members may with supervisor approval.
406.1 POLICY
The protection and integrity of a scene is of the utmost importance for the successful apprehension and prosecution of criminals. The integrity of a disaster scene is equally as critical for the protection of life and property and investigation by proper authorities.

406.1.1 PURPOSE AND SCOPE
This policy provides an overview of the first responding officer’s responsibilities at a crime scene or a major incident.

406.2 CRIME SCENE RESPONSIBILITY
The first responding officer at the scene of a crime is responsible for:
• Preservation of the crime scene;
• Officer and public safety; and
• Rendering medical aid for any injured party.

406.2.1 MAJOR INCIDENT RESPONSIBILITIES
The first responding officer at the scene of a major incident is responsible for observation of all conditions, events and additional information relevant to the incident.

406.3 TEMPORARY FLIGHT RESTRICTIONS
Crime and disaster scenes can sometimes attract news helicopters and other sightseeing aircraft. Whenever such aircraft pose a threat to public safety due to congestion or when the noise levels caused by loitering aircraft hamper incident operations, the field supervisor should consider requesting Temporary Flight Restrictions (TFR) through the Federal Aviation Administration (Federal Aviation Regulations § 91.137). All requests for TFR should be routed through the Field Commander.

406.4 SEARCHES AT CRIME OR DISASTER SCENES
Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims and determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further detailed search until proper authority for the search is obtained.

406.5 PUBLIC ENTRY INTO CRIME SCENES OR MAJOR INCIDENTS
No member of the public shall be allowed entry to a crime scene without good reason and legal right. All such entries shall be approved by the primary investigating member and any affected private property owner before they are allowed.

Any person(s) may be excluded from a crime scene when their presence may cause destruction or disruption of evidence.

The access to crime scenes by the media is explained in Policy Manual § 346.

406.6 EXECUTION OF HEALTH ORDERS
Any sworn member of this Department is authorized to enforce all orders of the local health officer that have been issued for the purpose of preventing the spread of any contagious, infectious or communicable disease (HS §120155).
407.1 POLICY
The Fresno Police Department has developed the following policy in order to address pre-planned events/incidents where mass arrests may occur.

407.1.1 PURPOSE AND SCOPE
This policy provides guidance for the coordination, deployment, and handling of a mass arrest incident as defined within this policy.

407.2 DEFINITION
Mass Arrest – Is defined as the arrest of persons during an event in which the number exceeds our Department’s ability to:
(a) Transport by normal means (e.g. patrol vehicles, wagons/vans); and
(b) Is beyond the processing and temporary holding capabilities of Crime Scene Investigation Bureau.

407.3 EVENT / INCIDENT RESPONSIBILITIES
407.3.1 PRE-PLANNED EVENT
The Chief of Police and/or a division commander will designate a staff officer or supervisor as the Incident Commander.

407.3.2 SPONTANEOUS INCIDENTS
Incidents may arise in the field which require mass arrests to be made. When this occurs, the on-scene Incident Commander for purposes of this order, will be the highest ranking member present until he/she is properly relieved.

407.4 INTERAGENCY AGREEMENTS
Interagency agreements are pre-planned and in place prior to the large scale event if assistance from specific outside agencies is anticipated. In cases where a request is made for mutual aid it shall be handled consistent with the National Emergency Management System (NEMS) plan.

407.5 DEFENSE COUNSEL VISITS
Visits from counsel generally are not allowed during the booking process.

407.6 MEDIA RELATIONS
Media relations will be handled consistent with Policy Manual §346.

407.7 FOOD, WATER, AND SANITATION
Appropriate steps will be taken to ensure that the basic necessities of food, water, and sanitation facilities are provided when it is anticipated that prisoners will be detained in the field for prolonged periods of time.

407.8 MEDICAL TREATMENT
If available, arrangements should be made to have emergency medical services personnel on scene throughout the event. As part of the booking process at FCJ/FCJH, the on-duty medical personnel will conduct a medical screening.

Prisoners requiring medical attention will be transported to the appropriate medical facility as soon as practical. Prisoners requiring immediate emergency medical treatment will be transported by EMS.
408.1 POLICY
The Department has established the Special Weapons and Tactics (SWAT) Team to provide specialized support in handling critical field operations where intense negotiations and special tactical deployment methods are required.

408.1.1 PURPOSE AND SCOPE
The SWAT Team is a support element of the Department and should be utilized when the situation requires the use of their specialized capabilities. The SWAT Team has as a supporting element, the Crisis Negotiation Team (CNT).

408.1.2 OPERATIONAL AND ADMINISTRATIVE POLICY
Since situations that necessitate the need for such a police response vary greatly from incident to incident and such events often demand on-the-scene evaluation, the operational policy outlined in this manual section serves as a guideline to Department members allowing for appropriate on-the-scene decision-making as required. The administrative procedures, however, are more restrictive and few exceptions should be taken.

408.2 MANAGEMENT/SUPERVISION OF SWAT
The Commander of the SWAT Team shall be selected by the Chief of Police or his/her designee upon recommendation of staff.

408.2.1 PRIMARY UNIT COMMANDER
Under the direction of the Chief of Police or his/her designee, the CNT and SWAT Team shall each be managed by a lieutenant.

408.2.2 TEAM SUPERVISORS
The CNT and each SWAT Team will be supervised by a sergeant.

The team supervisors shall be selected by the Chief of Police or his/her designee, upon specific recommendation by staff and the SWAT Commander.

The following represent the supervisor responsibilities for each team:
(a). The CNT supervisor’s primary responsibility is to supervise the operations of the Crisis Negotiation Team which will include deployment, training, first line participation, and other duties as directed by the CNT Commander; and
(b). The SWAT Team supervisor’s primary responsibility is to supervise the operations of the SWAT Team, which will include deployment, training, first line participation, and other duties as directed by the SWAT Commander.

408.3 CRISIS NEGOTIATION TEAM
The CNT has been established to provide skilled verbal communicators to de-escalate and effect surrender in critical situations where suspects have taken hostages, barricaded themselves, or have suicidal tendencies.

408.4 SWAT TEAM
The SWAT Team was established to provide a skilled and trained team to be deployed during events requiring specialized tactics; for example, in such situations as cases where suspects have taken hostages and/or barricaded themselves. Additionally included are situations in which persons armed or
suspected of being armed pose a danger to public safety. The Fresno Police Department SWAT Team is available and prepared to respond to a SWAT activation 24 hours a day and 7 days a week.

408.4.1 TEAM EVALUATION
Continual evaluation of a team member’s performance and efficiency as it relates to the positive operation of the unit shall be conducted by the SWAT Commander. The performance and efficiency level, as established by the team supervisor, will be met and maintained by all SWAT Team members. Any member of the SWAT Team who performs or functions at a level less than satisfactory shall be dismissed from the team.
409.1 POLICY
The primary duty of the Fresno Police Department during special events/operations, demonstrations, and labor disputes is to preserve the peace. Officers should make arrests only in serious matters and should leave open several avenues of escape so that the crowd may disperse easily.

409.1.1 PURPOSE AND SCOPE
The purpose of this policy is to provide members with a uniformed guide for preparation of, response to, and the handling of incidents or events of a non-routine nature.

409.2 DEMONSTRATIONS AND LABOR DISPUTES
In dealing with demonstrations and/or labor disputes officers should familiarize themselves with Penal Code §§148, 302, 402, 403 through 410, 415 through 418, 647c, 726 and 727.

409.2.1 AUTHORITY ON STATE / FEDERAL PROPERTY
Members have the authority to take action and make arrests for State offenses committed on local, State (e.g., college campuses) and Federal Government property. Accordingly, procedures for dealing with demonstrations on those premises will be similar or identical to those used for similar problems occurring elsewhere within the Department’s jurisdiction.

409.2.2 COORDINATION OF EVENTS
Anticipated events on premises which are state or federally owned/operated shall be communicated to the appropriate district or field commander as soon as possible. The commander is responsible for the coordination of efforts to develop a plan for the Department’s participation in the event. During a spontaneous incident, the on-scene Incident Commander should coordinate with the authority responsible for the property.

409.3 LABOR DISPUTES
Prior to receipt of a court order, the Department will remain neutral and serve only to preserve the peace and investigate or arrest for crimes committed.

409.4 CROWD CONTROL / DISPERsal
The incident commander should initiate a layered response to mass demonstrations that prioritize de-escalation and a guardian mindset.

When a demonstration becomes riotous and the police are unable to restrain or disperse it, the ranking officer present shall declare the assembly unlawful and command the rioters to disperse immediately (Penal Code §726).

409.5 USE OF CHEMICAL AGENTS
Department members may use issued Oleoresin Capsicum (OC) in crowd control situations to overcome resistance, defend themselves or others from injury, or under direction of the incident commander.

409.5.1 SPECIALIZED CHEMICAL AGENTS
The use of specialized chemical agents (e.g. Pepperball projectiles or tear gas) may become necessary to control, disperse or maneuver a crowd. Except in life threatening situations, the Chief of Police shall have the overall authority on the use and deployment of specialized chemical agents.
409.6 SPECIAL EVENT / OPERATION

It is staffed by the Special Events Section Commander and the Special Events Unit Sergeant. Primary resources for the special events will come from the Traffic and Special Services Bureau.

409.6.3 EVENT COORDINATION

Events that are not coordinated by the Special Events Section will be staffed at the District level. The Chief of Police and/or a division commander will designate a staff officer or supervisor, depending upon the anticipated size of the event, as the Event Coordinator. The Event Coordinator shall have responsibility and authority for decisions related to the assignment and coordination of resources at the event.

409.6.4 AFTER ACTION REPORT

The Event Coordinator shall prepare an After Action Report for submission through his/her chain of command. The report shall identify an overview of the operation, summarize any unusual incidents which occurred during the event, and provide any information that would assist in future operations of a similar nature.

413.1 POLICY
The Department will develop and implement standardized levels of readiness in conjunction with public school administrators to enable quick and effective communication between our Department and public schools during critical situations by using terms common to both agencies.

413.1.1 PURPOSE AND SCOPE
The purpose of this order is to define three levels of readiness of public schools in Fresno, and to prevent and react to violent situations on any campus. These terms and readiness levels have been developed in conjunction with public school administrators.

The definitions and criteria for activation as contained in this order are to enable quick and effective communication between our Department and public schools during critical situations by using terms common to both agencies.

413.2 SAFE SCHOOL ENVIRONMENT
This is the basic, everyday level of operation of the school with features designed to improve the climate of safety. It includes: quickly addressing misconduct, enforcing the dress code, controlling campus access, issuing visitor I.D. cards, providing many student activities, adequate student counseling, conflict resolution programs, and encouraging school pride and parent involvement. Student Resource Officers (SRO) and School Neighborhood Resource Officers (SNRO) assist in the development and monitoring of these safety features.

413.3 SCHOOL ALERT
This is a heightened state of readiness that is activated when violence threatens to reach a school campus, or a dangerous situation nearby warrants increased safety precautions at a school.

413.4 SCHOOL LOCK DOWN
This is the highest state of readiness that is activated when gun violence is occurring or is imminent on campus, or any other situation deemed by police or school staff to warrant a total lockdown of the campus.

413.5 STUDENT RESOURCE OFFICERS
The Department will assign Student Resource Officers (SRO’s) to provide police services at the schools assigned to them. The SRO will work towards improving the quality of life at their assigned schools by utilizing the principles of community policing.

The SRO will primarily focus their efforts on the high schools in their district and in maintaining the Police/Probation Team relationships with the Juvenile Probation Department.

413.5 STUDENT NEIGHBORHOOD RESOURCE OFFICERS
The Department will assign Student Neighborhood Resource Officers (SNRO’s) to provide police services at the schools and surrounding neighborhoods assigned to them. The SNRO will work towards improving the quality of life at their assigned schools by utilizing the principles of community policing.

The SNRO will primarily focus their efforts on the middle schools and the surrounding neighborhoods in their district and in maintaining the Police/Probation Team relationships with the Juvenile Probation Department.
Hostages & Barricaded Suspects

414.1 POLICY
Officers encountering barricaded subject situations should not initiate tactical actions other than those necessary to protect the lives and safety of themselves or others consistent with the Department’s use of force policy.

414.1.1 PURPOSE AND SCOPE
Hostage situations and barricaded suspects present unique problems for our agency. The protection of the public and law enforcement personnel is of the utmost importance.

Proper planning and training will tend to reduce the risks involved with these incidents. The best course of action when reasonable is to control and contain the situation until the arrival of the SWAT Team and Crisis Negotiation Team.

414.1.2 DEFINITION OF BARRICADED SUBJECT
Barricaded Subject- Is any person who is reasonably believed to be a threat to commit serious bodily injury or death to hostages, officers, or others and who is in a stronghold position.

414.2 NOTIFICATIONS
A supervisor and/or commander must be notified and will evaluate the situation for consideration of a SWAT call-out.
Response to Bomb Calls

416.1 POLICY

416.1.1 PURPOSE AND SCOPE
Members responding to incidents involving explosives, explosive devices, or explosion/bombing incidents, shall under no circumstances, compromise the safety of first responders or the public.

416.3 INSPECTION OF LEGAL EXPLOSIVES
Inspection of legal explosives is the responsibility of the FFD. Members shall refer all requests for explosives inspection accordingly.

The inspection of legal explosive bunkers is the responsibility of the ATF. Members shall refer all requests for such inspections to the ATF.

The ATF may conduct inspections at their discretion.
417.1 POLICY
The Fresno Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members’ interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

417.1.1 PURPOSE AND SCOPE
This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. These incidents often require an officer to make difficult judgments about a person’s mental state and intent in order to effectively and legally interact with the individual.

417.2 DEFINITIONS
Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person’s internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; use of alcohol or street drugs; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

417.3 COORDINATION WITH MENTAL HEALTH PROFESSIONALS
The Chief of Police shall designate an appropriate Commander from the Patrol Division to collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources, to guide department interactions with those who may be suffering from mental illness or who appear to be in a mental health crisis.

417.4 OFFICER CONSIDERATIONS AND RESPONSIBILITIES
Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. Often a person in mental health crisis has also been using drugs/alcohol. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer’s authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

417.5 TRAINING
The Fresno Police Department will provide officers training on interaction with persons with mental health disabilities, welfare checks, de-escalation, tactical communication and crisis intervention (Penal Code §11106.4; Penal Code §13515.25; Penal Code §13515.27; Penal Code §13515.30).
418.1 POLICY
It is the policy of the Fresno Police Department to protect the public and individuals through legal and appropriate use of the 72-hour treatment and evaluation commitment (Welfare and Institutions Code §5150) process.

418.11 PURPOSE AND SCOPE
This policy provides guidelines for when officers may take a person into custody for psychiatric evaluation and treatment (Welfare and Institutions Code §5150).

418.2 AUTHORITY
An officer having probable cause may take a person into custody and place the person in an approved mental health facility for 72-hour treatment and evaluation when the officer believes that, as a result of a mental disorder, the person is a danger to him/herself or others or the person is gravely disabled (Welfare and Institutions Code §5150; Welfare and Institutions Code §5585.50).

When determining whether to take a person into custody, officers are not limited to determining the person is an imminent danger and shall consider reasonably available information about the historical course of the person’s mental disorder, which may include evidence presented from any of the following (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05):

(a) An individual who is providing or has provided mental health treatment or related support services to the person;

(b) A family member; or

(c) The person subject to the determination or anyone designated by the person.

If the probable cause is based on the statement of a person other than the officer, or other individual authorized by statute, such person shall be informed that they may be liable in a civil action for intentionally giving a statement which he or she knows to be false.

418.3 TRAINING
The Fresno Police Department will provide officers training on interaction with persons with mental health disabilities, welfare checks, 5150 commitments, de-escalation, tactical communication and crisis intervention (Penal Code §11106.4; Penal Code §13515.25; Penal Code §13515.27; Penal Code §13515.30).

418.4 TARASOFF NOTIFICATIONS
Mental health professionals have a duty to warn in circumstances where the patient has communicated to the psychotherapist a serious threat of physical violence against a reasonably identifiable victim or victims. In these situations, the psychotherapist's duty is to make a reasonable effort to communicate the threat to the victim or victims and to a law enforcement agency where the victim(s) reside [Tarasoff v. Regents of the University of California,17 Cal. 3d 425, 551 P.2d 334, 131 Cal. Rptr. 14 (Cal. 1976)].

Upon receipt of a Tarasoff notification, Department members will document the threats and make reasonable efforts to notify the intended victim(s).
Cite & Release Policy

420.1 POLICY
The Department will comply with the State Legislature’s intent to release all persons on misdemeanor citations, if qualified for such release.

420.1.1 PURPOSE AND SCOPE
Penal Code § 853.6 requires law enforcement agencies to use citation release procedures in lieu of arrest for misdemeanor offenses with certain exceptions.

420.2 STATUTORY REQUIREMENTS
Citation releases are authorized by Penal Code § 853.6.

Release by citation for misdemeanor offenses can be accomplished in two separate ways:

(a) A field release is when the violator is released in the field without being transported to a jail facility; or

(b) A Crime Scene Bureau release is when a violator is released after being transported to the Prisoner Processing Section and processed.
421.1 POLICY
The Department investigates and enforces violations of various local and state statutes.

421.1.1 PURPOSE AND SCOPE
The purpose of this policy is to provide general guidelines for the investigation and enforcement of these violations in an effort to improve the overall quality of life to the community.

421.2 SMOKING IN ENCLOSED PLACES OF EMPLOYMENT
Labor Code Section 6404.5 became effective January 1, 1998, prohibiting smoking in bars, bar areas, and gaming clubs. Consistent with existing law, the prohibition against smoking applies to areas defined as an "enclosed place of employment," but does not apply in areas such as outside patios.

Any employer who knowingly and intentionally permit(s) smoking in an enclosed space at a place of employment is in violation of LC §6404.5. Likewise, any person who smokes in an enclosed space at a place of employment is in violation of LC §6404.5. LC §6404.5 is an infraction.

Officers will not be dispatched to violations of this section unless another crime is involved. Complaints regarding violations of this section can be directed to the Fresno County Department of Health Tobacco Prevention Program at 559-600-6449.
Arrest or Detention of Foreign Nationals

422.1 PURPOSE AND SCOPE
Article 30 of the Vienna Convention on Consular Relations, operative as to the United States on December 24, 1969, sets forth certain rights of foreign nationals from member countries when arrested, detained or imprisoned by law enforcement officials in this country. This section provides direction to officers when considering a physical arrest or detention of a foreign national. All foreign service personnel shall be treated with respect and courtesy, regardless of the level of established immunity. As noted herein, the United States is a party to several bilateral agreements that obligate our authorities to notify the consulate upon the person's detention, regardless of whether the detained person(s) request that his or her consulate be notified. The list of specific countries that the United States is obligated to notify is listed in Table 1 (appendix) or the U.S. Department of State website.

422.1.1 DEFINITIONS
Foreign National - Anyone who is not a citizen of the United States (U.S.). A person with dual-citizenship, U.S. and foreign, is not a foreign national.

Immunity - Refers to various protections and privileges extended to the employees of foreign governments who are present in the U.S. as official representatives of their home governments. These privileges are embodied in international law and are intended to ensure the efficient and effective performance of their official "missions" (i.e., embassies, consulates, etc.) in foreign countries. Proper respect for the immunity to which an individual is entitled is necessary to ensure that U.S. diplomatic relations are not jeopardized and to maintain reciprocal treatment of U.S. personnel abroad. Although immunity may preclude U.S. courts from exercising jurisdiction, it is not intended to excuse unlawful activity. It is the policy of the U.S. Department of State's Office of Foreign Missions (OFM) that illegal acts by Foreign Service personnel should always be pursued through proper channels. Additionally, the host country's right to protect its citizens supersedes immunity privileges. Peace officers may intervene to the extent necessary to prevent the endangerment of public safety or the commission of a serious crime, regardless of immunity claims.

422.2 ARREST OR DETENTION OF FOREIGN NATIONALS
Officers should take appropriate enforcement action for all violations observed, regardless of claims of diplomatic or consular immunity received from violators. A person shall not, however, be subjected to in-custody arrest when diplomatic or consular immunity is claimed by the individual or suspected by the officer, and the officer has verified or reasonably suspects that the claim of immunity is valid.

422.3 LEVELS OF IMMUNITY
The specific degree of immunity afforded to foreign service personnel within the U.S. is directly related to their function and position in this country.

422.3.1 DIPLOMATIC AGENTS
Diplomatic agents (e.g., ambassadors and United Nations representatives) are afforded the highest levels of immunity. They are exempt from arrest or detention and are immune from all criminal (and most civil) prosecution by the host state. The family members of diplomatic agents enjoy these same immunities. Currently there are no diplomatic agents permanently assigned to California; but they do occasionally visit the state.
422.3.2 CONSULAR OFFICERS

Consular officers are the ranking members of consular posts who perform various formal functions on behalf of their own governments. Typical titles include consul general, consul, and vice consul. These officials are immune from arrest or detention, except pursuant to a felony warrant. They are only immune from criminal and civil prosecution arising from official acts. This official acts immunity must be raised as an affirmative defense in the court jurisdiction, and its validity is determined by the court. Under this defense, the prohibited act itself must have been performed as an official function. It is not sufficient that the consular agent was on-duty or in an official capacity at the time of the violation. The family members of consular officers generally enjoy no immunity, however, any family member who enjoys a higher level of immunity is issued an identification card by Department of State (DOS) enumerating any privileges or immunities on the back of the card. Examples are consular officers and family members from Russia or China.

There are approximately 600 consular officers in California, with most located in Los Angeles, San Francisco and San Diego.

422.3.3 HONORARY CONSULS

Honorary consuls are part-time employees of the country they represent and are either permanent residents of the U.S. or U.S. nationals (unlike career consular officers, who are foreign nationals on temporary assignment to the U.S.). Honorary consuls may be arrested and detained; limited immunity for official acts may be available as a subsequent defense. Family members have no immunity. There are less than 100 honorary consuls in California.

422.4 IDENTIFICATION

All diplomatic and consular personnel who are entitled to immunity are registered with the Department of State and are issued distinctive identification cards by the Department of State Protocol Office. These cards are the best means of identifying Foreign Service personnel. They include a photograph, identifying information, and, on the reverse side, a brief description of the bearer’s immunity status. Unfortunately, these identification cards are not always promptly issued by the Department of State. In addition to the Department of State identification card, Foreign Service personnel should also have a driver license issued by the Department of State Diplomatic Motor Vehicle Office (DMVO), which in most circumstances replaces the operator's license issued by the state. Additionally they may have California credentials issued by the Governor’s Office of Emergency Services (OES), Law Enforcement Division.

422.4.1 VEHICLE REGISTRATION

Vehicles that are owned by foreign missions or Foreign Service personnel and their dependents are registered with the Department of State OFM and display distinctive red, white, and blue license plates. Vehicles assigned to diplomatic or consular officers will generally have license plates labels with the words "diplomat" or "consul." Vehicles owned by honorary consuls are not issued OFM license plates; but may have California license plates with an "honorary consul" label. Driver's identity or immunity status should not be presumed from the type of license plates displayed on the vehicle. The status of an OFM license plate should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state, if the officer has reason to question the legitimate possession of the license plate.
423.1 POLICY
Any Department member receiving local Homeland Security or terrorism-related information, through any method of communication, shall report it immediately to the Department’s Criminal Intelligence Unit supervisor, electronically, by voicemail, or in writing. The Criminal Intelligence Unit supervisor shall review this information so that it may be relayed to the Joint Terrorism Task Force (JTTF), Sacramento Regional Terrorist Threat Assessment Center (SacRTTAC) or agency, when appropriate. The Criminal Intelligence Unit supervisor will be the Department’s Terrorism Liaison Officer Coordinator (TLOC). Trained Terrorism Liaison Officers (TLO) will coordinate information and related activities through the Criminal Intelligence Unit supervisor.

423.1.1 PURPOSE AND SCOPE
The purpose of this policy is to provide a city-wide reporting mechanism for known or suspected Homeland Security or terrorism-related activity so the information may be investigated and acted upon in a timely manner.

423.2 TERRORISM LIAISON OFFICER (TLO)
The TLO will act as the central contact point between this Department and the Office of Homeland Security and the Department of Homeland Security. Information exchanged by the TLO should facilitate information sharing and multi-jurisdictional preemption of terrorist acts or events.

423.3 HOMELAND SECURITY TLO MESSAGE LINE
This Department maintains a public message line for information related to Homeland Security and/or local terrorist-related activity. Messages can be left by phoning (559) 621-2TLO or 621-2856. Messages may also be sent by e-mail to TLO@fresno.gov.
Reporting Police Activity Outside of Jurisdiction

426.1 POLICY
Any on-duty or off-duty officer, who engages in law enforcement activities of any type outside the immediate jurisdiction of the City of Fresno, shall notify his or her on-duty supervisor or the Field Commander at the earliest possible opportunity.

426.1.1 PURPOSE AND SCOPE
This policy provides a general guideline for reporting police activity while on or off-duty and occurring outside the jurisdiction of the City of Fresno.
428.1 POLICY
It is the policy of the Fresno Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their immigration status. It is the policy of the Department that officers shall not enforce violations of immigration law/status.

428.1.1 PURPOSE AND SCOPE
Immigration status alone is not a matter for police action. Awareness of this will increase the effectiveness of the Department in protecting and serving the entire community.

428.2 VICTIMS AND WITNESSES
To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and without regard to race, color or national origin in any way that would violate the United States or California Constitutions.

428.3 JURISDICTION AND ENFORCEMENT
The U.S. Immigration and Customs Enforcement (ICE) has primary jurisdiction for enforcement of the provisions of Title 8, United States Code dealing with illegal entry, etc. When assisting ICE at their specific request, this Department may assist in the enforcement of any suspected criminal violations discovered as a result of inquiries or investigations initiated by ICE.

428.4 SWEEPS
The Fresno Police Department does not independently conduct sweeps or other concentrated efforts to detain suspected undocumented aliens.

When enforcement efforts are increased in a particular area, equal consideration should be given to all suspected violations and not just those affecting a particular race, ethnicity, age, gender, socioeconomic status, or other group.

The disposition of each contact (e.g., warning, citation, arrest, etc.), while discretionary in each case, should not be affected by such factors as race, ethnicity, sexual orientation, etc.

428.4.1 BASIS FOR CONTACT
The fact that an individual is suspected of being an undocumented alien shall not be the basis for contact, detention, or arrest.

428.5 ICE REQUEST FOR ASSISTANCE
If a specific request is made by ICE or any other federal agency, this Department will provide available support services, such as traffic control or keep-the-peace efforts, or in response to officer safety concerns, during the federal operation. Requests for assistance beyond that described above should be directed to a supervisor. The supervisor is responsible for determining whether the requested assistance would be permitted under the California Values Act, Government Code §7284.2 et seq. Any detention by a member of this Department should be based upon the reasonable belief that an individual is involved in criminal activity.
428.6 INFORMATION SHARING

No member of this Department will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 United States Code § 1373; Government Code § 7284.6):

(a) Sending information to, or requesting or receiving such information from federal immigration officials;
(b) Maintaining such information in department records; and
(c) Exchanging such information with any other federal, state or local government entity.

Nothing in this Procedure restricts sharing information that is permissible under the California Values Act.

428.6 VALID IDENTIFICATION CARDS/”MATRICULA CONSULAR”

The identification card known as the “Matricula Consular” is issued by the Mexican Consulate to Mexican citizens who have established residency in the United States. This valid form of identification includes the person’s photograph, name, address, date of birth, and a serial number. Department members shall familiarize themselves with the card’s security features to determine its authenticity. Department members shall recognize this card as a valid form of identification when attempting to establish a person’s identity during an investigation and/or while issuing a misdemeanor citation. This identification card is not to be considered as a valid driver’s license.

428.7 CONSIDERATIONS PRIOR TO REPORTING TO ICE

The Fresno Police Department is concerned for the safety of local citizens and thus detection of criminal behavior is of primary interest in dealing with any subject. Race, gender, religion, sex, sexual orientation, gender expression or identity, age, occupation or other arbitrary aspects are of no bearing on the decision to arrest.

428.8 U VISA AND T VISA NONIMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits, known as a U Visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)). A law enforcement certification for a U Visa may be completed by an officer in order for a U Visa to be issued.

Similar immigration protection, known as a T Visa, is available for certain qualifying victims of human trafficking (8 USC §1101(a)(15)(T)). A law enforcement declaration for a T Visa may be completed by an officer in order for a T Visa to be issued.

428.9 TIME FRAMES FOR COMPLETION

Members and their supervisors who are assigned to investigate a case of human trafficking as defined by Penal Code § 236.1 shall complete the above process and the documents needed for a T Visa application within 15 business days of the first encounter with the victim, regardless of whether it is requested by the victim (Penal Code § 236.5).

Members and their supervisors shall complete the above process and the documents needed for a U Visa or T Visa application pursuant to Penal Code § 679.10 and Penal Code § 679.11 within 90 days of a request from the victim or victim’s family related to one of their assigned cases. If the victim is in removal proceedings, the certification shall be processed within 14 days of the request.

432.1 POLICY
Only patrol rifles and ammunition that meet agency authorized specifications, approved by the Chief of Police, and issued by the Department may be used by officers in their law enforcement responsibilities.

432.1.1 PURPOSE AND SCOPE

432.2 DEFINITION

No personally owned rifles may be carried for patrol duty unless preapproved in writing by the Chief of Police and the Department Armorer.

432.3 DEPLOYMENT OF THE PATROL RIFLE
The patrol rifle should primarily be used in incidents where there is a need to engage a suspect at a greater distance than would generally be effective with issued Department handguns or shotguns. Members authorized to carry and use the patrol rifle should not use it as a primary entry weapon.

432.4 DISCHARGE OF THE PATROL RIFLE
The discharge of the patrol rifle shall be governed by the Department’s Use of Force Policy, Policy §300.

Any use of a small unmanned aerial system (sUAS) will be in strict accordance with Constitutional and privacy rights and Federal Aviation Administration (FAA) regulations. Department members may request a sUAS for assistance in order to maximize officer safety and facilitate the goals of the Department.

439.2 PURPOSE AND SCOPE

439.2.1 DEFINITIONS
Definitions related to this policy include:

Small Unmanned Aerial System (sUAS) - An unmanned aircraft of any type that is capable of sustaining directed flight, whether preprogrammed or remotely controlled (commonly referred to as an unmanned aerial vehicle (UAV)), and all of the supporting or attached systems designed for gathering information through imaging, recording or any other means.

Operators and observers shall take reasonable precautions to avoid inadvertently recording or transmitting images of areas where there is a reasonable expectation of privacy. Reasonable precautions can include, for example, deactivating or turning imaging devices away from such areas or persons during sUAS operations.

439.4 PROGRAM COORDINATOR
The Chief of Police will appoint a program coordinator who will be responsible for the management of the sUAS program. The program coordinator will ensure that policies and procedures conform to current laws, regulations and best practices and will have the following additional responsibilities:

• Coordinating the FAA Certificate of Waiver or Authorization (COA) application process and ensuring that the COA is current;
• Ensuring that all authorized operators and required observers have completed all required FAA and Department-approved training in the operation, applicable laws, policies and procedures regarding use of the sUAS;
• Developing uniform protocol for submission and evaluation of requests to deploy a sUAS, including urgent requests made during ongoing or emerging incidents;
• Developing protocol for conducting criminal investigations involving a sUAS, including documentation of time spent monitoring a subject;
• Implementing a system for public notification of sUAS deployment;

• Developing a sUAS inspection, maintenance and record-keeping protocol to ensure continuing airworthiness of a sUAS, up to and including its overhaul or life limits;
• Developing protocols to ensure that all data intended to be used as evidence are accessed, maintained, stored and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, authenticity certificates and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody;
• Developing protocols that ensure retention and purge periods are maintained in accordance with established records retention schedules;
• Facilitating law enforcement access to images and data captured by the sUAS;
• Recommending program enhancements, particularly regarding safety and information security; and

The purpose of this policy is to establish guidelines for the taking and retention of photographs of persons detained in the field but not arrested.

440.2 FIELD PHOTOGRAPHS
Field photographs are defined as a photograph taken of a person during a contact, detention, or arrest in the field. Undercover surveillance photographs of an individual are not considered field photographs. Before photographing any field detainee, the officer shall carefully consider, among other things, the factors listed below.

440.2.1 PHOTOS TAKEN WITH CONSENT
Field photographs may be taken when the subject of the photograph knowingly and voluntarily gives consent. Prior to taking any photograph of detained subject, officers shall attempt to gain consent.

440.2.2 PHOTOS TAKEN WITHOUT CONSENT
Field photographs may be taken without consent if the photograph is taken during a lawful detention based upon reasonable suspicion of criminal activity, and:

(a) The photograph should serve some legitimate law enforcement purpose related to the detention. Knowledge or suspicion of gang membership or affiliation, without more, is not a sufficient justification for a photograph taken without consent. If the detention or contact was to investigate a person’s gang membership or affiliation, the contact and photograph should take only as much time as required to document an FI card and photograph; and

(b) The detention shall not be prolonged for the sole purpose of taking a photograph.

440.2.3 SUPERVISOR RESPONSIBILITY
While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph.

440.3 DISPOSITION OF PHOTOGRAPHS
Individual members shall not maintain personal intelligence files containing photographs. If authorized by law, the unit or bureau, will maintain the files/photos according to their operations manual.

Any access to field photographs should go through the appropriate unit or bureau and is strictly limited to law enforcement purposes.

442.2 DEFINITIONS

Criminal Street Gang Shall mean any ongoing organization, association, or group of three or more persons, whether formal or informal, having as one of its primary activities the commission of one or more of the criminal acts enumerated in paragraphs (1) to (25), inclusive, or (31) to (33), inclusive, of subdivision (e) of PC §186.22, having a common name or common identifying sign or symbol, and whose members individually or collectively engage in or have engaged in a pattern of criminal gang activity.

Radio & Mobile Data System (MDS) Use

448.5.1 FAILURE TO ACKNOWLEDGE
A member’s supervisor shall investigate the non-response and any reasons for it and shall take appropriate corrective action.
450.1 POLICY
Officers who have been issued the AXON body worn video camera system shall wear it at all times the officer may become involved in an enforcement situation.

450.1.1 PURPOSE AND SCOPE
The Fresno Police Department recognizes that video recording of contacts between Department personnel and the public provides an objective record of these events and that the use of a recording system complements field personnel in the performance of their duties by providing a video record of enforcement and investigative field contacts which can enhance criminal prosecutions and limit civil liability. A video recording of an event or contact also enables the delivery of timely, relevant and appropriate training to maximize safety for FPD personnel and improve the delivery of police services to the community. While recordings obtained from video recorders provide an objective record of events, it is understood that video recordings do not necessarily reflect the experience or state of mind of the individual member(s) in a given incident. Moreover, the recordings, especially video, have limitations and may depict events differently than the events recalled by the involved member. Specifically, it is understood that the recording device will capture information that may not have been heard and/or observed by the involved member and that the involved member may see and hear information that may not be captured on video.

This policy establishes guidelines for Department members using body worn cameras and the preservation of related digital evidence.

450.2 TERMINOLOGY
- AXON Flex Controller - Enables control of the AXON camera through simple commands to place the camera in the various operational modes;
- AXON Mobile Application – A mobile application installed on Department issued tablets that allow officers to view, but not alter, video recordings captured by the AXON camera. The application also allows officers to attach meta-data such as a video title, incident case number and a video retention category to the video file;
- Evidence Transfer Manager (ETM) - A docking station which simultaneously recharges the AXON Controller and uploads all data captured on the AXON Camera to Evidence.com;
- Normal (Buffering) Mode - The mode of operation in which the AXON camera continuously loops video without an audio component for 30 seconds;
- Event Mode - The mode of operation in which the AXON camera captures the buffered video and is actively recording both audio and video. When the AXON is switched to event mode, it will automatically record the previous 30 seconds of video (without audio);
- AXON System Administrator (IA Commander) – Oversees and manages administrative issues related to AXON camera systems;
- AXON System Coordinator (appointed by Chief of Police) – Responsible for video camera equipment, video storage, and training related to Evidence.com accounts and AXON cameras.

450.3 VIDEO RECORDING
The Fresno Police Department recognizes that video and audio recording of contacts between Department personnel and the public provides an objective record of these events and that the use of a recording system complements field personnel in the performance of their duties by providing a video record of enforcement and investigative field contacts which can enhance criminal prosecutions and limit civil liability. An audio/video recording of any event or contact also enables the delivery of timely, relevant and appropriate training to maximize safety for FPD personnel and improve the delivery of police services to the community.

Supersedes Order(s): Policy 450
Previously Issued: 04/10/2018
While recordings obtained from video recorders provide an objective record of events, it is understood that video recordings do not necessarily reflect the experience or state of mind of the individual member(s) in a given incident. Moreover, the recordings, especially video, have limitations and may depict events differently than the events recalled by the involved member. Specifically, it is understood that the recording device will capture information that may not have been heard and/or observed by the involved member and that the involved member may see and hear information that may not be captured on video.

All video recordings made while working as an employee of the Fresno Police Department in any capacity are property of the Department and subject to review by the Department and its agents. Personally owned video recording devices are prohibited.

450.4 GUIDELINES FOR CAMERA ACTIVATION – Officers shall record interactions including, but not limited to, the following:
(a) Arrests and detentions, or situations where an officer reasonably believes they will effect an arrest or detention (to include traffic stops and consensual encounters made with the intent to develop reasonable suspicion to detain);
(b) Officers assisting in an arrest or detention situation;
(c) Confrontational interactions with citizens;
(d) Vehicle and foot pursuits;
(e) Forced entries, search warrants and warrantless searches (including vehicles);
   1. When entry is made with or without a warrant, all officers should activate their cameras prior to making entry and continue recording until the scene has been secured. Once the location is secure, and no other circumstances warrant recording, officers may deactivate their cameras.
(f) Suspect interrogations (including Miranda advisement) and generally, interviews of victims and witnesses.

Officers shall activate their camera system as soon as practical upon encountering the above types of events. When an officer is dispatched to a zero or one priority call, they should activate their camera upon arrival before exiting their vehicle. When an officer is unable to activate their camera at the beginning of the event or contact and a case number is drawn, they shall document the reason in their police report. The documentation should also explain the reason the camera was activated at the time it was.

At no time should an officer jeopardize his/her safety, or the safety of any other officer, in order to activate a recording device. Officers may use discretion when deciding whether or not to advise a citizen he or she is being recorded. Generally, officers should not cease recording solely based on the request or demand of a citizen (refer to section 450.14 below).

450.5 INFORMAL COMMUNITY INTERACTIONS (Public Encounters) – Informal community interactions differ from “consensual encounters” officers may make in an effort to develop reasonable suspicion to detain or probable cause for arrest. To strengthen relationships between police and citizens, officers may use discretion regarding the recording of informal, non-enforcement related interactions with members of the community. In the event a public encounter becomes adversarial, officers should activate their recorders without compromising their safety or the safety of others.

450.6 VICTIMS AND WITNESSES – Officers should generally record interviews of crime victims and witnesses. Officers have no obligation to advise a victim or witness that he or she is being recorded, but may do so at their discretion.

When a victim or witness requests they not be recorded, officers may consider their request (See section 450.18 for provisions of Penal Code §632). In cases where a victim or witness requests they not be recorded, and the officer agrees not to record, officers should record their request prior to turning the camera off. When an officer is already recording, he/she shall record their explanation for turning the camera off prior to doing so.
- **Witnesses** - In the event a crime witness or a member of the community wishes to report or discuss criminal activity anonymously, officers have the discretion to not record.
- **Victims** - Officers should record interviews of crime victims, unless otherwise requested by the victim. Upon request by the victim, officers have the discretion to not record the interview. Officers may offer to avert their camera to capture only audio during the interview, when doing so would facilitate obtaining the victim’s recorded statement.
  - **Domestic Violence Victims** – Officers should record interviews of domestic violence victims to facilitate future prosecution efforts and discourage later recanting of statements. Officers should also record interviews with children who witness domestic violence.
  - **Child Abuse and Sexual Assault Victims** – Officers should make every effort to record interviews of all victims regardless of age.

Video recording of individuals who are picketing, engaged in peaceful protest or First Amendment protected speech will be avoided unless the officer believes a violation of criminal law is occurring, may occur, or if the officer interacts with a participant or third party to the event.

### 450.7 PROHIBITED RECORDINGS

AXON Cameras shall not be used to record non-work related personal activity. AXON recorders will not be activated in places where a reasonable expectation of privacy exists, such as workplace locker rooms, dressing rooms, or restrooms. No type of recording device may be intentionally activated to record the conversations of fellow employees or superiors without their knowledge. In addition:

- Officers should not record undercover officers or confidential informants, absent supervisor approval under limited circumstances.
- When possible, officers should avoid recording exposed private areas of the body.
- Officers shall not record patients during any medical or psychological evaluation or treatment by a health professional.
- While inside a medical or psychological facility, officers should not record persons other than the intended subject.

Recordings shall not be used for the purpose of ridiculing or embarrassing any employee.

Employees shall not obtain or convert any recordings obtained during the course and scope of their duties for personal use. The following are specifically prohibited:

- Personal copies of official recordings;
- Re-recording of videos with other devices;
- Posting of official video and/or audio to any non-Department sponsored social networking or other web sites;
- Posting of AXON recordings on any Department sponsored site without express permission from the Chief of Police or his designee (any video posted on a Department sponsored social media or other web site will thereafter be considered public information).

Video files shall not be transmitted, shared or transferred via e-mail (or by any other electronic process) except for official purposes and by personnel who have been authorized by the system administrator.

### 450.8 OPERATING PROCEDURES

When issuing cameras, priority will be given to uniform patrol officers and patrol related units such as SRO’s, and Tactical Units. Officers who have been issued the AXON camera shall wear it at all times the officer may become involved in an enforcement situation. Officers shall position the camera to facilitate optimum recording field of view. Cameras may only be worn on the shoulder, head or collar with Department authorized mounting systems. Camera mounts have a ratcheting function and can move out of place. Officers should check the position of the camera mount as needed during each shift to ensure the camera position is maintained to facilitate optimum recording.

Only officers who have completed approved training will be allowed to operate AXON cameras. Officers will inspect the AXON system for any physical damage and to ensure the device is in working order at
the beginning of their shift. Any malfunctions, missing equipment or damage shall be immediately reported to their supervisor and via email to the body camera unit before the end of shift.

Officers shall log into their Evidence.com accounts on a weekly basis and run a search of their own videos to check for any needed ID’s and Categories. It is the responsibility of the officer to ensure their videos are properly identified so they can be located for submission to the District Attorney’s Office or other authorized search.

If the AXON camera is in use during an enforcement situation and it becomes necessary to discuss issues or concerns with another officer or supervisor in private, the AXON may be turned off. The intention to stop the recording will be noted by the officer verbally before switching the device off. When the private conversation has ended, the AXON camera recording may resume.

In general, once the AXON recorder is activated, officers should continue recording until the incident has concluded, recording is no longer relevant, or there is no apparent value in continuing to record.

Should an arrestee indicate they want to complain about an officers actions, claim injury or become confrontational during transport, during processing or booking, officers shall reactivate their camera, if they are able to do so without compromising their safety or the safety of others. When an officer resumes recording under these circumstances, the recorder should remain on until the officer no longer has contact with the subject.

450.9 DOCUMENTATION OF RECORDINGS
Recordings uploaded the system will be individually identified by an ID (mandatory), Category (mandatory), and Title (optional). This identifying information may be entered utilizing a Department issued tablet or desktop computer.

ID Description Box
In the following order, a case number, citation number or event number, when issued, shall be used to identify the recording by placing this information in the ID description box. When the previous three do not apply, the officer may utilize a custom ID.

Note: Within the system, ID refers to the incident related number, not the officers badge number.

Category
In addition to attaching an event or case number to recordings, officers must assign a video Category to facilitate proper retention of the video. Categories are selected based on the statutory retention requirements for the incident, and range from one year to an indefinite period of time.

Title Description Box
Officers may provide a Title to facilitate simplified searching of files [i.e. – by location (First and Tulare) or by subject (arrest of suspect John Doe), etc.].

Note: When no title is entered, the system automatically generates the title as the date and time of the recording.

Documentation
Officers shall check the appropriate box on the RPW “case factor” page to indicate a recording related to the incident was uploaded to the system. Officers should also document in the disposition section of their written reports what that a recording was made. AXON recordings will not be used in lieu of Crime Scene Investigation Bureau photographic or video-graphic documentation.

450.10 REVIEW AND USE OF RECORDINGS
Officers should review recordings to assist with their investigation, prior to the completion of their report. Recorded statements shall be summarized and documented within the narrative of the applicable report. Only official Department devices should be used to review AXON recordings.
Once uploaded to the system, sworn personnel may view their own recordings by logging onto Evidence.com and documenting the reason for access in the “NOTES” section (e.g. noting specific time markers, reviewing for court, reviewing for report, etc.).

450.11 CRITICAL INCIDENTS
The Fresno Police Department acknowledges that recordings taken during critical incidents obtained from video recorders do not necessarily reflect the full extent of the nature of the event or the experience, analysis, training, threat assessment or state of mind of the individual officer(s) in a given incident. Moreover, the recordings, especially video, have limitations and may depict events differently than the events recalled by the involved officer. Specifically, it is understood that the recording device will capture information that may not have been heard and/or observed by the involved officer and that officers may see and hear events that are not captured by the camera.

Officers involved in critical incidents shall notify the responding supervisor of any related recordings. In the event a critical incident is recorded and immediate retrieval of a recording is required, a supervisor shall secure the recording device as soon as possible and maintain chain of custody. The detectives investigating the case shall coordinate the download or electronic transfer, minimizing those involved with the chain of custody.

Officers, either as a subject or witness, who are involved in any significant use of force incident or collision causing injuries will be permitted to review their recordings prior to providing a statement or written report.

450.12 CIRCUMSTANCES FOR ADMINISTRATIVE REVIEW
AXON recordings will be administratively reviewed and may be used during investigations related to use of force, officer involved shootings, complaints and pursuits.

When recordings are administratively reviewed, use of profanity by officers will be considered within the overall context of the incident, as well as accepted training and practices. However, officers remain prohibited from engaging in discourteous, disrespectful or discriminatory treatment of the public per Policy 341- Performance Standards.

Use in Training
Any video used for official training purposes requires approval by the Chief or designee. In no event will video recordings be used for training, or be otherwise used or shown, if it would result in ridicule or embarrassment of an officer(s), except when required as part of a formal investigation or legal proceeding. In the event that videos are intended to be used for training purposes, the involved officer(s) will first be consulted. If he/she objects to the use of the video, such objection shall be submitted to the Training Section Commander. The Training Section Commander shall weigh the value of the video for training against the officer(s) objections and basis for the objection. When the Training Section Commander refuses to grant the request of the involved officer(s), the matter shall be heard by the Chief of Police or designee, prior to utilizing the video.

Field Debriefings
Supervisors intending to use a recording as part of an informal debriefing or critique session shall first consult with the recorded officer(s). When the officer(s) objects to use of the recording under these circumstances, it will not be used or shown.

450.13 REQUEST FOR DELETION OF ACCIDENTAL AXON RECORDING
In the event of an accidental or sensitive personal recording using the AXON system, where the resulting recording is of no investigative or evidentiary value, the recording employee may request that the file be deleted by submitting an email request to the Department’s body camera unit coordinator. The system coordinator will send authorized deletion requests to the system administrator. The administrator will review the file and recommend approval or denial of the request. In cases where the administrator denies the request to delete, an appeal may be submitted to the Chief of Police, or designee, for deletion authorization. In all cases of deletion requests, a determination should be made
within 7 calendar days. If approved, the request is then forwarded to the equipment manufacturer to be completed, as the department does not have the capability to delete videos.

**450.14 UPLOADING TO EVIDENCE.COM**

At the end of their shift, officers shall place the AXON Flex Camera and AXON Flex Controller into the designated docking station for charging and uploading of recordings. Officers shall not remove the camera and related equipment from the docking station until the video files are completely uploaded and battery fully charged.

Exception: K9 units and Traffic Bureau units who ride a motorcycle to a log off location other than a substation are not required to place their camera and controller into a docking station for charging and uploading prior to the end of their shift. When possible, members should upload their evidence when report writing and during briefing. Videos recorded that are infractions or misdemeanors may be retained on the camera and uploaded during the next shift. This exception does not apply to felony arrests or members going on vacation or extended days off. Video(s) related to any felony arrests must be uploaded at or before the end of the same work shift.

**450.15 SYSTEM ADMINISTRATOR AND COORDINATOR**

The system administrator will be the Internal Affairs Commander. A sergeant will be assigned to report to the system administrator as the system coordinator. The system administrator and coordinator have oversight responsibilities including, but not limited to, the following:

- Ensure the system is operational and functioning properly;
- Ensure files are maintained in accordance with the Department’s retention schedule;
- Operation and user administration of the AXON system and Evidence.com;
- Ongoing System evaluation;
- Ongoing review of related Department policies and procedures;
- Assessment and recommendations for modification of policies, procedures and practices associated with video recording;
- Training; and
- Coordination with IT regarding system related issues.

On an annual basis, or as needed, the system administrator and coordinator will meet with FPOA leadership, and the Chief of Police or designee, to evaluate the effectiveness of Department recording procedures and equipment.

**450.16 RELEASE OF OFFICIAL VIDEO TO THIRD PARTIES**

Video captured by the AXON camera is evidence. The release of video captured by the AXON camera to any third party will be processed in a manner consistent with Penal Code 450.15, Penal Code 841.5, Government Code 6275-6276.48, applicable law, current discovery request practices and the provisions of Policy §810. In general, video captured by the AXON camera shall not be released to third parties unless expressly authorized by the Chief of Police, or designee. In rare circumstances, the Chief of Police may elect to release video when the public interest served by the disclosure of the video outweighs the public interest served by the non-disclosure of the video.

When considering whether disclosure is warranted, the Chief of Police should also consider the privacy rights and impacts of the disclosure on the involved individual member(s). Should the Chief of Police determine that disclosure is necessary, he/she should provide as much advance notice as practical to those involved member(s).

When criminal charges are being sought in a case, all related recordings will be provided to the District Attorney’s (DA’s) office.
450.17 AUDIT RESPONSIBILITIES
The system coordinator will conduct periodic, random audits to ensure the AXON camera system is operating properly and the camera is being utilized in accordance with this policy. An FPOA representative may be appointed to monitor such random audits.

Minor infractions regarding the use of AXON cameras and related equipment should be viewed as training opportunities rather than a means to take disciplinary action.

450.18 KNOWLEDGE OF RECORDING
PC §632 prohibits any individual from surreptitiously recording any conversation in which any party to the conversation has a reasonable belief that the conversation was private or confidential, however PC §633 expressly exempts law enforcement from this prohibition during the course of a criminal investigation.

Any sworn member may surreptitiously record conversations during the normal course of duty for a criminal investigation in which the sworn member reasonably believes that such a recording will be beneficial to the investigation.

(a) Any sworn member contacting an individual suspected of violating any law or during the course of any official law enforcement related activity shall be presumed to be engaged in a criminal investigation. This presumption shall not apply to contacts with other sworn members conducted solely for administrative purposes.

(b) Any individual contacted by a sworn Department member wearing a conspicuously mounted recording device will be deemed to have knowledge that such a contact is being recorded.

450.19 DETECTIVE RESPONSIBILITIES
Detectives will be provided an Evidence.com account so that they may access recordings related to their specific investigations. Detective responsibilities include, but are not limited to the following:

- When criminal charges are being filed in a case and related AXON recording(s) exist, the follow-up detective should review the recording(s) prior to providing them to the DA’s office.
  - All recordings related to a case must be submitted to the DA’s office for filing, regardless of apparent relevance.
- When a detective determines the recording is likely to have evidentiary value to either the prosecution or defense in a specific case, he/she shall ensure the recording is properly classified for retention in compliance with procedure.
- The detective will ensure the recording(s) are submitted to the DA’s office.
- When the recording is of no evidentiary value, it shall be retained pursuant to the Department’s video retention schedule.
- When the status of a case changes, detectives will review and extend retention categories as needed to match retention required by the court.
- When reviewing videos, make an entry in the NOTES section documenting the reason for his/her review.
- When an officer is directly involved in a critical incident, a detective or assigned officer will secure the officer’s camera from the supervisor on scene, take it to a docking location, and upload the video from the camera. They will write a supplemental report documenting their actions. Once a camera has been uploaded, it retains no information and is then returned to the officer.

450.20 SWAT Operations
The purpose of the body worn camera (BWC) on a SWAT call is to record and document the contact and general enforcement action(s) with the suspect(s). Tactical operations involving SWAT are unique and present circumstances that can endure over extended periods of time that preclude continuous recording. Therefore, SWAT personnel shall record interactions including, but not limited to, the following when responding to a tactical SWAT incident:

(a) Arrests and detentions, or situations where an officer reasonably believes they will effect an arrest or detention;
(b) Officers assisting in an arrest or detention situation;
(c) Confrontational interactions with citizens;
(d) Vehicle and foot pursuits;
(e) Open area searches;
(f) Forced entries, search warrants and warrantless searches (including vehicles);
   1. When entry is made with or without a warrant, all officers should activate their cameras prior to making entry and continue recording until the scene has been secured. Once the location is secure, and no other circumstances warrant recording, officers may deactivate their cameras.
(g) Suspect interrogations (including Miranda advisement) and generally, interviews of victims and witnesses.

SWAT Team members who are participating in an active tactical event should be mindful of recording potentially sensitive situations. Members should consider not using BWC’s to record the below limited situations:

- The deployment of specialized tools or tactics that do not pertain to members coming into contact with the suspect(s) and taking enforcement action should not be recorded on BWC; or
- Discussion by team members during an incident regarding planning, specific tactics, placement of resources, use of specialized tools and equipment and strategies to be used generally should not be recorded.

The SWAT commander in charge of the operation may direct recordings to occur in any instance where they deem it necessary for the benefit of the Department and for documentation purposes.
451.1 POLICY
Allowed use of any audio/video recording device by members of this Department will be limited to an official law enforcement purpose only and not to surreptitiously record any conversation between members.

451.1.1 PURPOSE AND SCOPE
The Fresno Police Department has allowed its members to carry audio recording devices while on-duty. These devices include but are not limited to audio recorders (e.g. micro cassettes, standard cassettes, digital recorders, etc.) Their allowed use is intended to assist members in the performance of their duties. Members may only utilize Department approved video equipment to record interviews/interrogations.

451.2 RECORDING
Officers are prohibited from utilizing Department issued audio recorders for personal use. Personally owned video recording devices are also prohibited. Members will notify their supervisors of the existence of an audio recorder and shall make the recordings and/or recording device available upon supervisor request.

All audio recordings made while working as an employee of the Fresno Police Department in any capacity are property of the Department and subject to review by the Department and its agents. Recordings shall not be used for the purpose of ridiculing or embarrassing any employee.

Employees shall not obtain or convert any recordings obtained during the course and scope of their duties for personal use. The following are specifically prohibited:

- Personal copies of official recordings;
- Re-recording of official audio and/or video files with personal devices;
- Posting of official audio and/or video to any non-Department sponsored social networking or other web site; and
- Posting of audio/video file recordings on any Department sponsored site without express permission from the Chief of Police or his designee. (Note: Any audio/video file posted on a Department sponsored social media or other web site will thereafter be considered public information.)

451.3 ACTIVATION OF THE AUDIO RECORDER
Officers are encouraged to activate their recorders at any time that the officer reasonably believes that a recording of an on-duty contact with a member of the public may be of future benefit. However, at no time should an officer jeopardize his/her safety, or the safety of any other officer, to activate a recorder or change the recording media.

451.4 KNOWLEDGE OF RECORDING
PC §632 prohibits any individual from surreptitiously recording any conversation in which any party to the conversation has a reasonable belief that the conversation was private or confidential, however PC §633 expressly exempts law enforcement from this prohibition during the course of a criminal investigation.

Any sworn member of the Department may surreptitiously record any conversation during the course of a criminal investigation in which the officer reasonably believes that such a recording will be beneficial to the investigation.
(a) Any sworn member contacting an individual suspected of violating any law or during the course of any official law enforcement related activity shall be presumed to be engaged in a criminal investigation. This presumption shall not apply to contacts with other sworn members conducted solely for administrative purposes.

(b) Any individual contacted by a sworn Department member wearing a conspicuously mounted audio recording device will be deemed to have knowledge that such a contact is being recorded.

(c) No member of the Department may surreptitiously record a conversation of any other member of the Department without the expressed knowledge and consent of all parties. Nothing in this section is intended to interfere with an officer’s right to openly record any interrogation pursuant to Government Code §3303(g).

451.5 REVIEW AND RELEASE OF RECORDINGS

Recorded files may be reviewed in any of the following situations:

(a) By a supervisor investigating a specific act of officer conduct;

(b) Upon approval by a supervisor, any member of the Department who is participating in an official investigation such as a personnel complaint, administrative investigation or criminal investigation;

(c) By the member who originally recorded the incident; and

(d) Pursuant to lawful process or by court personnel otherwise authorized to review evidence in a related case.

The release of audio/video files captured by a member during the course of their duties to any third party will be processed in a manner consistent with applicable law, current discovery request practices and the provisions of Policy §810. When criminal charges are being sought in a case, all recordings related to the criminal investigation will be provided to the District Attorney’s office.

451.6 ISSUANCE OF DIGITAL RECORDERs

Digital recorders shall be issued to K-9 officers and field supervisors whose assigned members have frequent public contact. Digital recorders may be issued to detectives upon their request for use during investigations. Digital recorders shall be personally assigned to K-9 officers, supervisors, and detectives through the Equipment and Supply Unit (ESU).
Medical Marijuana

452.1 POLICY
Officers will use discretion and the guidelines provided by the Department to distinguish between claims of medical and criminal use of marijuana, as provided for in California’s Compassionate Use Act (Health & Safety Code § 11362.5).

452.1.1 PURPOSE AND SCOPE
To provide guidelines for handling incidents where the claim of medical marijuana is present.

452.2 ENFORCEMENT
Although federal law does not currently permit possession of marijuana for medical use, California has created a limited defense for certain qualified individuals possessing small quantities of marijuana for medical use under strict conditions.

(a) California does not provide any exception for individuals driving under the influence of marijuana and all such cases should be handled with appropriate enforcement action (e.g., Vehicle Code § 23152, et seq.).

(b) Possession, cultivation and sales of marijuana in quantities beyond that which might reasonably be construed for personal use should be handled as criminal cases with appropriate enforcement action pursuant to Health & Safety Code § 11357, 11358 and 11359.
   1. Unless a doctor has expressly prescribed a greater amount, no qualified patient or primary caregiver may possess more than eight ounces of dried marijuana per individual Health & Safety Code § 11362.77(a).
   2. A qualified patient or primary caregiver may also maintain no more than six mature or 12 immature marijuana plants per individual.

452.3 MEDICINAL USE CLAIMS
In order to qualify for a medicinal marijuana defense, the individual(s) making such a claim must affirmatively establish the following information. If the individual(s) cannot or will not provide all of the required information, the officer should note such in any related report and proceed with appropriate enforcement action.

452.3.1 PATIENTS
(a) An individual may establish his/her status as a qualified patient by presenting a current and valid identification card issued by the Department of Health (Health & Safety Code § 11362.735). Such identification cards shall contain the following information:
   1. A unique serial number;
   2. An expiration date;
   3. The name and telephone number of the county health department approving the application;
   4. A 24-hour toll-free number for law enforcement to verify the validity of the card; and
   5. A photograph of the cardholder;
Medical Marijuana

No officer shall refuse to accept a properly issued identification card unless the officer has reasonable cause to believe that the information contained in the card is false or that the card is being used fraudulently (Health & Safety Code § 11362.78).

(b) If the individual does not possess a valid identification card, the individual claiming status as a "qualified patient" must minimally provide the following information:

1. Satisfactory identification establishing current residency in California;
2. A current and valid recommendation for marijuana from a California licensed physician; and
3. In the absence of a valid identification card, the handling officer should also obtain a written waiver from the involved individual(s) authorizing the release of all related medical records.

452.3.2 PRIMARY CAREGIVERS
A primary caregiver is not authorized to use, sell, or possess marijuana for sale.

(a) Must provide sufficient proof that he/she is responsible for the patient’s housing, health and/or safety.

(b) Must provide sufficient proof of personal knowledge of the patient’s medical needs and the details of the attending physician’s recommendation.

452.3.3 RETURN OF MARIJUANA
Regardless of the prosecution status or disposition of any related criminal case, this Department will not be responsible for the return of any marijuana seized as evidence unless presented with a valid court order requiring same. (Health & Safety Code § 11362.785(d))
453.1 POLICY
The policy of the Fresno Police Department is to utilize ALPR technology to capture and store digital license plate data and images while recognizing the established privacy rights of the public.

All data and images gathered by the ALPR are for the official use of this department. Because such data may contain confidential information, it is not open to public review.

453.1.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance for the capture, storage and use of digital data obtained through the use of Automated License Plate Reader (ALPR) technology.

453.2 ADMINISTRATION
The ALPR technology, also known as License Plate Recognition (LPR), allows for the automated detection of license plates. It is used by the Fresno Police Department to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates and missing persons. It may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction and stolen property recovery.

453.3 DATA COLLECTION AND RETENTION
All ALPR data captured using department-owned ALPR cameras should be stored for a minimum of one year (Government Code §34090.6), in accordance with the established records retention schedule. Thereafter, department-owned ALPR data should be purged unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action or is subject to a discovery request or other lawful action to produce records. Retention periods for ALPR data collected by commercial providers and/or other law enforcement agencies and made available to this department are set by those providers.

453.4 ACCOUNTABILITY
All data will be closely safeguarded and protected by both procedural and technological means. The Fresno Police Department will observe the following safeguards regarding access to and use of stored data (Civil Code §1798.90.51; Civil Code §1798.90.53):

(a) All ALPR data downloaded to the mobile workstation and in storage shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time (Civil Code §1798.90.52);

(b) Members approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relate to a specific criminal investigation or department-related civil or administrative action; and

(c) ALPR system audits should be conducted on a regular basis.

453.5 RELEASING ALPR DATA
The ALPR data may be shared only with other law enforcement or prosecutorial agencies for official law enforcement purposes or as otherwise permitted by law.

453.6 TRAINING
The Crime Center Commander should ensure that members receive department-approved training for those authorized to use or access the ALPR system (Civil Code §1798.90.51; Civil Code §1798.90.53).
455.1 POLICY
It is the policy of the Fresno Police Department to treat all individuals with dignity, respect, and professionalism. Members shall at all times abide by the Fresno Police Department’s policy on respectful treatment, as well as the City of Fresno’s policies and/or guidelines that prevent gender identity discrimination when interacting with transgender individuals.

455.1.1 PURPOSE AND SCOPE
This policy establishes a procedure for handling interactions with transgender people.

455.2 DEFINITIONS
Adopted Name: Non-birth name that a transgender individual uses in self-reference (this may or may not be the individual’s legal name).

Gender Expression: A person’s gender-related appearance or behavior (e.g. clothing, makeup, voice, etc.), whether or not stereotypically associated with the person’s sex at birth.

Gender Identity: A person’s innermost concept of self as male or female or both or neither – how individuals perceive themselves and what they call themselves. One’s gender identity can be the same or different than the sex assigned at birth.

Transgender: A person whose gender identity differs from the person’s sex assigned at birth. A transgender person may or may not have a gender expression different from social expectations of the sex assigned at birth and may or may not identify as transsexual.

Transgender Man: A person who has transitioned or is in the process of transitioning from female to male, meaning a person who was assigned female at birth, but identifies and lives as male or as a man. A female-to-male individual should be addressed using masculine pronouns (i.e. he, him, his), regardless of surgical status.

Transgender Woman: A person who has transitioned or is in the process of transitioning from male to female, meaning a person who was assigned male at birth, but identifies and lives as female or as a woman. A male-to-female individual should be addressed using feminine pronouns (i.e. she, her, hers), regardless of surgical status.

455.3 INTERACTIONS WITH TRANSGENDER PEOPLE
Members are to interact with transgender people and the transgender community in a manner that is professional, respectful, and courteous.

Members shall:
• Respectfully treat individuals in a manner appropriate to the individual’s gender, or gender identity/expression;
• Use pronouns as requested by the individual (e.g. “she, her, hers” for an individual who self-identifies as a female; “he, him, his” for an individual who self-identifies as a male); and

NOTE: If members are uncertain by which gender the individual wishes to be addressed, they will respectfully ask the individual for clarification [e.g. “Do you prefer to be referred to as ‘she’ or ‘he’?” Or simply ask, “What are your pronouns?”]
When requested, address the individual by the name based on their gender identity rather than that which is on their government-issued identification.

455.4 PROTECTION OF PRIVACY
An officer shall not disclose an individual’s gender identity or sexual orientation to other arrestees, members of the public, or other governmental personnel, absent a proper law enforcement purpose. Members shall not disclose this information to the media without supervisor approval. If an officer does disclose such information as described, that officer shall provide a compelling, professional, and articulable reason for having done so.
Chapter 5 - Traffic Operations
500.1 POLICY
This Department will focus enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs and public safety.

500.1.1 PURPOSE AND SCOPE
The ultimate goal of traffic enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as reactive assignment of personnel and equipment and the establishment of proactive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, traffic conditions and officer observations.

(a) All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence.
(b) All officers will take directed enforcement action on request, and random enforcement action when appropriate.
(c) All officers shall maintain high visibility while working routine enforcement, especially at high accident locations.
(d) Other factors to be considered for deployment are citizen requests, construction zones, special events, etc.

500.2 ENFORCEMENT
Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This Department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating officer overall performance (Vehicle Code §41603). The visibility and quality of an officer's work effort will be commensurate with the philosophy of this policy. Traffic and vehicle stops should be performed in a uniformed manner as established in the Police Training Program and outlined within the Procedure Manual.

Several methods are effective in the reduction of collisions:

500.2.1 WARNINGS
Warnings are non-punitive enforcement actions that may be considered and substituted for arrests or citations when circumstances warrant.

500.2.2 CITATIONS
Citations may be issued when an officer believes they are appropriate.

Officers should provide the following information to violators at a minimum:
(a) Explanation of the violation or charge;
(b) Court appearance procedure including the optional or mandatory appearance by the motorist; and
(c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court.

When no citation is issued to the violator, a Department business card shall be provided.

Exception: When an officer contacts a traffic violator driving on a suspended or revoked license, the officer shall issue a traffic citation pursuant to Vehicle Code §14601.

500.2.3 PHYSICAL ARREST

500.3.1 REFLECTORIZED VEST
Anytime a member is on a roadway (day or night) directing traffic, investigating an accident, or at the scene of a disaster, they shall wear a Department authorized reflective vest.

An operable flashlight is required for directing traffic during inclement weather and during hours of darkness.
Traffic Collision Reporting

502.1 POLICY
Members involved in the handling of traffic related collisions will follow the guidelines of this policy and utilize the California Highway Patrol Collision Investigation Manual (CIM) as the primary guide for documentation of their investigations.

502.1.1 PURPOSE AND SCOPE
Members will prepare traffic collision reports in compliance with the California Highway Patrol Collision Investigation Manual (CIM) and as a public service make traffic collision reports available to the community (with some exceptions).

502.2 RESPONSIBILITY
The Traffic Bureau Commander will be responsible for distribution of the CIM. The Traffic Bureau Commander will receive all changes in the CIM.

502.3 PROTECTION OF THE SCENE
Members shall see to the protection of involved vehicles, personal property, and other traffic at the collision scene. As soon as practical, members shall remove damaged vehicles and debris from the roadway and restore the flow of traffic.

Exceptions: Members shall take every precaution to preserve any and all evidence at the scene of a major injury or fatal collision until it is determined that it is no longer necessary to do so.

502.4 HAZARDOUS MATERIALS SPILLS
See Policy Manual § 412.

502.5 PROPERTY DAMAGE COLLISIONS
Members responding to the scene of a collision resulting in property damage only (including vehicle damage) shall ensure that involved parties comply with the notification requirements of Vehicle Code § 20002. No report is required for collisions producing property damage only unless it is a City owned vehicle or other violations are present requiring documentation. (e.g., DUI, VC § 14601, etc.)

502.6 PRIVATE PROPERTY COLLISIONS
In compliance with the CIM, traffic collision reports shall not be taken for traffic collisions occurring on private property, unless there is a death or injury to any person involved, a hit and run violation, or Vehicle Code violation. An Incident Report may be taken at the discretion of any supervisor.

502.7 FATALITIES
When there is any question as to death, medical aid shall be requested and appropriate first aid rendered. Deceased persons shall be covered from public view whenever possible.
Traffic Collision Reporting

502.8  COLLISION RECONSTRUCTION UNIT (CRU) RESPONSE
A CRU member will be available on a call-out basis to provide collision analysis expertise as needed during major collision investigations.

502.9  RESPONSE TO DISTURBANCES AT TRAFFIC COLLISIONS
When members are dispatched to traffic collisions and receive information of a disturbance or fight occurring at the collision scene, members shall follow the Departmental guidelines regarding authorized code three responses.

Exception: CSO’s are not authorized to respond code three. When a CSO is dispatched to a traffic collision involving a disturbance or fight, they shall request that a sworn member respond until the scene is stabilized.
510.1 POLICY
Members will tow and store vehicles only within established procedures of this Department, consistent with state laws. The sole goal of impounding a vehicle is to improve public safety and shall not be done for any other reason. A vehicle shall never be impounded solely for the purpose of generating revenue, or as a means of retribution against the violator.

510.1.1 PURPOSE AND SCOPE
This purpose of this policy is to assure the safety of the public and the protection of private property in accordance with the Community Care Doctrine.

510.2 DEFINITIONS
Owner’s Preference Tow – A specific tow company requested by the driver/owner of a vehicle needing to be towed. If not available, an "Owner’s no-preference" tow will be substituted. Owner’s preference and owner’s no-preference tows shall not be used for impounds and do not require a CHP 180 Form.

 Owners No-Preference Tow – An owner’s request to use one of the Department’s contracted tow companies in non-enforcement impound situations. Owner’s no-preference tow requests do not require a CHP 180 Form.

 Storage – A non-enforcement tow, generally considered a courtesy to the public. Storage does not require a CHP 180 Form, the registered owner or legal owner to pay any City Administrative Fees, but will require the payment of tow charges.

 Impound – A member has a legal authority to cause the removal of a vehicle by one of the Department’s contracted tow companies. Impounds are considered an enforcement action and will require the completion of a CHP 180 Form, the registered owner or legal owner to pay City Administrative Fees, and pay all tow charges.

510.3 TOWING SERVICES
The City of Fresno contracts with established tow companies to tow vehicles for the Department. The Chief of Police or his/her designee retains sole discretion in determining the selection of and total number of companies authorized to tow vehicles for the Department. The following circumstances may result in the non-renewal of a Tow Services Agreement (TSA) between the Department and Tow Operators:

(a) Repeated citizen complaints;
(b) Violations of the TSA;
(c) Violations of the FMC or any other governing statutes; or
(d) For any other reason not specified herein.

The contracted tow companies will be used in, but not limited to, the following situations:

(a) When the driver is unlicensed, suspended, or revoked, or arrested/cited;
(b) When vehicles are disabled due to mechanical failure or as a result of a collision and are blocking any portion of the roadway;
(c) When a vehicle is being held as evidence in connection with an investigation;
(d) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action;
(e) When a vehicle has expired registration over six months being operated on a highway; or
(f) When it is otherwise necessary to store/impound a vehicle. This would include situations involving the recovery of stolen or abandoned vehicles, and the removal from the streets of vehicles obstructing traffic in violation of state or local regulation.

510.4 VEHICLE SEARCHES
Vehicles may be searched when one or more of the following conditions are met:
(a) When probable cause to search the vehicle exists.
(b) With consent of the operator.
(c) Incident to an arrest of the occupants of the vehicle.
(d) To search for weapons.
(e) When necessary to examine the vehicle identification number or to determine the ownership of the vehicle.
(f) Under emergency circumstances not otherwise enumerated above.
(g) Pursuant to a valid search warrant.

510.5 SECURITY OF VEHICLES AND PROPERTY
Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, officers should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g. cash, jewelry, cell phone, prescriptions) which are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, search personnel shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.
512.1 POLICY
The Department will provide the vehicle's registered and legal owners of record, or their agents, with the opportunity for a post-storage hearing to determine if a stored or impounded vehicle meets the criteria for an early release pursuant to Vehicle Code §22852. All requests for a full or partial refund of vehicle impound and tow fees shall be processed by the City of Fresno Risk Management Division.

Under certain circumstances, the City Manager has granted the Fresno Police Department the authority to provide an immediate refund to the registered or legal owner of an improperly towed vehicle. These situations are limited to vehicles that have been clearly towed in error. This request for refund will be forwarded by the Traffic Bureau Commander to the Division Commander in memo form. Upon approval, the Fresno Police Department's Fiscal Affairs Bureau will be instructed to process a refund. When contacted by the Tow Coordinator, the registered or legal owner shall respond to the Traffic Bureau to receive the refund and complete a release of liability form. The Tow Coordinator will maintain a file of all refund requests along with the release of liability form.

512.1.1 PURPOSE AND SCOPE
The vehicle storage hearing is an informal process to evaluate if a stored or impounded vehicle meets the criteria for an early release.

512.2 STORED OR IMPOUND HEARING
When a vehicle is stored or impounded by any member of the Fresno Police Department, the registered owner or legal owner may request a hearing.

The "Tow Coordinator" will contact the requesting party within 48 hours, (excluding weekends and holidays), to arrange for an appointment for a hearing.

512.3 HEARING PROCEDURES
The Tow Coordinator will usually serve as the "Hearing Officer".

Any relevant evidence may be submitted for review by the Hearing Officer to determine if the vehicle in question meets the criteria for an early release.

The member who caused the storage or removal of the vehicle does not need to be present for this hearing. All requests for a hearing on a stored or impounded vehicle must be submitted in person, writing, or by telephone within ten days of the date appearing on the notice.

The person requesting the hearing may record the hearing at his/her own expense.

The Hearing Officer will consider all information provided, Vehicle Code §§14602.6(a) and 23109.2, and then render a decision as to the number of days of storage.

512.4 HEARING RESULTS
512.4.1 WITHIN POLICY AND LAW
If a decision is made that the vehicle was stored or impounded within the law and Department policy, the Hearing Officer will:

(a) Advise the requesting party of the hearing results; and
(b) Advise he/she may file a claim with the City’s Risk Management Division if he/she desires.
512.4.2 VEHICLES MEETING EARLY RELEASE CRITERIA
When the vehicle in question qualifies for early release, as set forth in the Vehicle Code, the Hearing Officer will require that the vehicle in storage be released immediately once applicable fees are paid.

512.5 ADMINISTRATIVE AND IMPOUND FEES
Administrative impound fees and tow fees are to be paid prior to the release of a stored or impounded vehicle.
514.1 POLICY
The Fresno Police Department is committed to traffic safety through strict enforcement of all laws related to driving under the influence (DUI). Investigations of all DUI incidents will be investigated in accordance with established procedures.

514.1.1 PURPOSE AND SCOPE
This policy explains the procedures to be followed while collecting evidence to establish the blood alcohol level of drivers arrested for driving while intoxicated, unconscious drivers, and unconscious pedestrians involved in traffic collisions because of their intoxicated state.

514.2 ARREST AND INVESTIGATION
514.2.1 INVESTIGATIONS
All officers are expected to enforce DUI laws with due diligence.

514.2.2 WARRANTLESS ARREST
In addition to the arrest authority granted to officers pursuant to Penal Code §836, an officer may make a warrantless arrest of a person when the officer has reasonable cause to believe the person has been driving under the influence of an alcoholic beverage, any drug, or the combined influence of the same when (Vehicle Code §40300.5):
   (a) The person is involved in a traffic accident;
   (b) The person is observed in or about a vehicle that is obstructing the roadway;
   (c) The person will not be apprehended unless immediately arrested;

   (e) The person may destroy or conceal evidence of a crime unless immediately arrested.

   • When an officer observes someone he believes is under the influence of an alcoholic beverage or drugs, and the elements of Vehicle Code §40300.5 are present.

514.4 COLLISION RELATED
An arrest shall be made for DUI when a traffic collision has occurred on a highway or on private property and the arresting officer has reasonable cause to believe that the suspect had been driving under the influence.

The arrest location shall include the scene of the collision or a location within a reasonable time and distance from the scene, to include locations to which the driver has been transported for medical treatment.

514.5 SOBRIETY REPORT
The use of the Sobriety Report form by itself for DUI cases is authorized when the suspect(s) arrested are charged with DUI and related traffic offenses.
514.6 CHEMICAL TESTS

(d) The person was operating a vehicle while under the influence and proximately caused bodily injury to another person (Vehicle Code §23153).

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

514.6.1 CHOICE OF TEST
A person arrested for DUI has the choice of whether the test is of his/her blood or breath and the officer shall advise the person that he/she has that choice. If the person arrested is incapable or states they are incapable of completing the chosen test, the person shall submit to the remaining test.

If the person chooses to submit to a breath test and there is reasonable cause to believe that the person is under the influence of a drug or the combined influence of alcohol and any drug, the officer may also request that the person submit to a blood test. If the person is incapable of completing a blood test, the person shall submit to and complete a urine test [Vehicle Code §23612(a)(2)(C)].

514.7 VEHICLE IMPOUND AUTHORITY AND PROCEDURES
The vehicle of a suspected DUI driver who is arrested shall be impounded under Vehicle Tow Authority Vehicle Code §22651(h)(1).

514.8 REFUSAL TO TAKE CHEMICAL TEST
When a driver arrested for Vehicle Code §23152 refuses to take a chemical test after being admonished of the requirement, he/she shall be cited or booked as appropriate.

Chapter 6 - Investigation Operations
600.1 POLICY

*It is the policy of the Fresno Police Department to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.*

600.1.1 PURPOSE AND SCOPE

*The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations.*

600.2 SUPERVISOR RESPONSIBILITY

Supervisors assigned to the *Investigations* Division, patrol investigations, or their designee, shall review cases for assignment on a daily basis. Cases which warrant further follow-up shall be assigned. The supervisor can consider other factors affecting whether a case is assigned or not assigned for further follow-up such as mandated requirements or the seriousness of the crime. Cases meeting the assignment criteria shall be assigned to a member for follow-up investigation based upon the Case Screening criteria outlined in the operations manual for each *Investigations* Division or District Investigations unit. Cases which do not meet the assignment criteria may be immediately closed by the supervisor or forwarded to the appropriate member as an unassigned case for officer review.

600.3 INVESTIGATIVE CASE MANAGEMENT SYSTEM

The Department utilizes the Multi-Agency Record System (MARS) as the agencies case status control system. The system contains the following information for investigative case management:

(a) Case number;
(b) Date case assigned;
(c) Assigned member’s badge number;
(d) Crime;
(e) Case status: Active, Closed, Deleted, Reopened, Suspended, & Unsuspended; and
(f) Status Comments - such as, ‘Case suspended pending additional developments/evidence’.

600.3.1 ADMINISTRATIVE DESIGNATORS FOR CASES

Member’s assigned cases for follow-up shall indicate the current status of cases maintained within the Case Workflow System of MARS. A case shall remain active while the investigation is continuing. Cases are maintained using one of the following designators:

(a) Active;
(b) Closed;
(c) Deleted;
(d) Re-opened;
(e) Suspended; or
(f) Unsuspended.

600.3.2 TYPES OF RECORDS MAINTAINED

A uniform filing system shall be used by all members to allow ready access by supervisors and other members to all active cases. Each unit or member shall maintain files which shall be separated into active, inactive (suspended), and closed categories. The case files shall be filed in case number order.

Inactive (suspended) cases shall be kept in the file for a period of at least six months, and then purged on a revolving monthly basis as needed for file space. Exceptions can be made by the unit supervisor. For example, homicide cases should be reviewed every six months but may need to remain open for a variety of investigative reasons. Also, some files should not be purged until the statute of limitations has been exhausted. Cases of this type may be kept open at the discretion of the supervisor.
Cleared cases shall be kept in the file for a period of at least one year and may be purged with the final disposition of the case in court.

600.3.3 ACCESSABILITY TO THE FILES
The assigned member shall maintain the case files in such a manner as to allow ready access by supervisors and other members within the investigative unit. All hard-copy files maintained by detectives are secured in each member’s office or similar safe storage area. The supervisor and the commander from each unit can coordinate access to cases through the individual member. Electronic case files are secured through the MARS database, preventing unauthorized electronic file access.

600.3.4 PROCEDURES FOR PURGING THE FILES
An annual review of the files maintained by the individual member will be conducted in coordination with the supervisor of the investigative unit. The annual review of files should begin on January 1st of each year and shall be completed to coincide with the matrix rotation. Files will be reviewed and considered for purging using the following format:
- (a) Date case assigned;
- (b) Charge;
- (c) Case management data - solvability, status; or
- (d) Reason why file shall be purged or remain open (e.g. statute of limitations.)

600.3.5 MEMBERS LEAVING THE UNIT
When a member leaves the investigative unit, they will provide a signed and dated log of all open cases to the unit supervisor. The supervisor will ensure this process is completed prior to the last working date of the member leaving the unit. The supervisor will reassign the cases as needed.

600.4 MODIFICATION OF CHARGES FILED
Members are not authorized to recommend to the District Attorney, City Attorney, or to any other official of the court that charges on a pending case be altered or the case dismissed. In all cases resulting in court prosecution, any request to modify the charges filed or to recommend dismissal of charges in a pending case shall be made to the District Attorney’s Office or City Attorney’s Office only as authorized by a division commander or the Chief of Police.

600.5 INVESTIGATIVE RECORDS
Investigative units within the Department are authorized to maintain investigative records unique to their mission. These records may include confidential informant files, active case files, collision investigation related documents, and gang intelligence files. It is not the intent of this policy to require dual record-keeping so long as the data is readily available to Department members during the course of a criminal investigation.

Records Section is the designated agency terminal coordinator for the CLETS system and the Department custodian of police records. Unless otherwise noted, all Department crime related documents shall be maintained by the Records Section.

Any investigative records maintained within a bureau, section, or unit, are subject to the file review and purge guidelines as set forth in the respective operations manual.

The Chief of Police should notify the Legal Advisor and may instruct the Internal Affairs Bureau to conduct a concurrent investigation.

601.3 ACCESS TO FILES
Anyone outside of the Department who is investigating the Department or any member, and who requests access to any Departmental file, shall be referred to the Legal Advisor unless the member has signed a written release authorizing access to his/her records. This does not apply to authorized law enforcement personnel requesting access to police reports which shall be referred to a Records supervisor.

601.4 CIVIL RIGHTS VIOLATIONS
Supervisors shall cooperate with FBI investigations and provide the investigating agents the opportunity to interview any member and review any records deemed necessary.

601.5 INVESTIGATIONS INVOLVING POTENTIAL CONFLICTS OF INTEREST
Situations which could involve a conflict of interest if investigated by Department members will be referred to investigators at the Attorney General’s Office, DA’s Office, or FSD. When the Attorney General’s Office declines to investigate the charges, the Chief of Police or his designee (unless he is the one being investigated) shall determine which agency the matter will be referred to after conferring with the City Manager and/or the City Attorney. These investigations include criminal allegations involving elected City officials, council officers, City executive management, the Chief of Police, and other executive staff members of the Department.
602.1 POLICY
Department members will treat reports involving sexual assaults with confidentiality to protect a victim’s rights.

602.1.1 PURPOSE AND SCOPE
Consistent with Penal Code §293 and the Sexual Assault Victims’ DNA Bill of Rights (Penal Code §680), this policy will establish a means by which sexual assault victims may inquire about and be provided with information regarding the status of any DNA evidence in their case, their right to confidentiality and other rights afforded by law.

602.2 INVESTIGATION CONSIDERATIONS
602.2.1 VICTIM CONFIDENTIALITY
Except as authorized by law, members of this Department shall not publicly disclose the name or address of any victim of a sex crime who has exercised his/her right to confidentiality [Penal Code §293 (c) and (d)].

602.3 VICTIM NOTIFICATION OF DNA STATUS
(a) Upon receipt of a written request from a sexual assault victim or the victim’s authorized designee, the assigned officer may inform the victim of the status of the DNA testing of any evidence from the victim’s case.
(b) Subject to the commitment of sufficient resources to respond to requests for information, sexual assault victims shall further have the following rights:
   1. To be informed whether or not a DNA profile of the assailant was obtained from the testing of the rape kit or other crime scene evidence from their case;
   2. To be informed whether or not there is a match between the DNA profile of the assailant developed from the evidence and a DNA profile contained in the Department of Justice Convicted Offender DNA Database, providing that disclosure would not impede or compromise an ongoing investigation; and
   3. To be informed whether or not the DNA profile of the assailant developed from the evidence has been entered into the Department of Justice Data Bank of case evidence.
(c) Provided that the sexual assault victim or victim’s designee has kept the assigned officer informed with regard to current address, telephone number and email address (if available), any victim or victim’s designee shall, upon request, be advised of any known significant changes regarding the victim’s case.

602.4 DESTRUCTION OF DNA EVIDENCE
All sexual assault kits will be sent to DOJ for DNA processing in accordance with Penal Code §680.

If, with the approval of a supervisor, it is determined that rape kit evidence or other crime scene evidence from an unsolved sexual assault is going to be destroyed or disposed of prior to the expiration of the statute of limitations set forth in Penal Code §803, the assigned officer shall provide the victim of the sexual assault with written notice of the intent to do so no less than sixty (60) days prior to the destruction or disposal of such evidence.
603.1 POLICY
The polygraph examination may be utilized to: verify, corroborate or refute statements; obtain additional investigative leads; narrow or focus criminal investigations; serve to screen candidates for positions with this or other criminal justice agencies; and assist in conducting internal police investigations.

603.1.1 PURPOSE AND SCOPE
The polygraph examination is a valuable investigative aid used in conjunction with, but not as a substitute for, a thorough investigation.

603.2 DEFINITIONS
Polygraph: The polygraph is an instrument that records certain physiological changes in a person undergoing questioning in an effort to detect deceptive responses. A polygraph simultaneously records at minimum, respiratory activity, galvanic skin resistance or conductivity, and cardiovascular activity.

Polygrapher: Refers to the individual conducting the polygraph examination. Only polygraphers who have successfully completed a Certified School of Polygraphy by the American Polygraph Association are authorized to administer examinations.

603.3 INVESTIGATIVE/CRIMINAL POLYGRAPH EXAMINATIONS
Members of this agency may request a polygraph examination from one of the Department’s polygraphers, from a polygrapher from another agency, or a private polygrapher, with supervisor approval.

Polygraph examinations may be authorized consistent with state law and agency policy. Situations in which authorization may be requested and approved include, but are not limited to:

(a) Requests from the District Attorney’s office as part of an agreement with the defense attorney or for other investigative purposes;
(b) Requests from other authorized criminal justice agencies;
(c) Attempts to verify or reconcile statements of individuals when alternative investigative means have been exhausted; or

The polygraph should not be used to verify a victim’s or complaining witness’ allegation without sufficient grounds for suspecting that they are giving false or misleading statements. Exception: Refer to Penal Code §637.4(a).

Requests for examinations from another law enforcement agency pursuant to an internal investigation must be in writing and must be approved by the Chief of Police or his/her designee.

Submission to a polygraph examination must be voluntary on the part of all examinees including members of this agency. Members of this agency wishing to voluntarily transfer to a sensitive assignment (e.g. Vice, Intelligence, Narcotics, etc.) may be required to successfully pass a polygraph examination administered at no cost to the examinee before reassignment may occur. If the member refuses to voluntarily participate in a polygraph examination the request for transfer will be denied.

No polygraph examination will be administered without the examinee’s written approval.
603.4 PRE-EMPLOYMENT POLYGRAPH INVESTIGATIONS
All applicants seeking employment with the Fresno Police Department who may be exposed to sensitive information shall be administered a pre-employment polygraph examination. This includes sworn positions and non-sworn positions.

Polygraph examinations shall not be used as the sole determinant of suitability for employment.

603.5 PROFESSIONAL CERTIFICATION
Prior to providing contracted polygraph services for the Department, polygraphers will be screened to ensure they are a graduate of an accredited school of polygraph.

Whenever threats are directly made to Department personnel they are to take the appropriate enforcement action (i.e., pc422, pc69…..). When Department members become aware of an anonymous or third party threat directed at them, another member, or a public official, they are to document the incident in an appropriate police report and notify their immediate supervisor of the threats. The supervisor, through their chain of command, shall notify the Department’s Criminal Intelligence Unit Supervisor for assessment and investigation.
Asset Forfeiture Policy

606.1 POLICY
Department members will follow the guidelines established, regarding the authority and procedure for the seizure and liquidation of assets associated with specified controlled substances.

PURPOSE AND SCOPE

606.1.1 PURPOSE AND SCOPE
This policy applies to forfeited or seized assets in the form of currency, real estate, automobiles, boats, aircraft, or any other items of value.

606.2 ASSET SEIZURE AUTHORITY
Health & Safety Code § 11470 provides for the forfeiture of any currency, and real and/or personal property, which represents proceeds or was used to facilitate narcotic activity in violation of the Health & Safety Code. The offense(s) must involve the manufacturing, distribution, transportation for sale, sales, possession for sale, offer for sale, offer to manufacture, or the conspiracy to commit certain Health & Safety Code violations.

Health & Safety Code § 11488a specifies that any peace officer having probable cause, may seize all moneys, negotiable instruments, securities, vehicles, boats, airplanes or other things of value which are forfeitable pursuant to Health & Safety Code § 11470 (e) or (f).

606.3 ASSET FORFEITURE RESPONSIBILITY
The primary responsibility for investigation of asset seizures rests with the Special Investigations Bureau.

Before seizing any currency, vehicle, or personal property pursuant to Health & Safety Code § 11470, a member will contact an "asset forfeiture" detective or a Narcotics supervisor.
607.1 POLICY
When conducting a physical lineup, photographic lineup, or in-field show-up, members shall avoid any conduct prior to, during, or after the identification which might be suggestive in any way to the person making the identification.

607.1.1 PURPOSE AND SCOPE
The purpose of this policy is to maximize the reliability of eyewitness identifications, minimize unjust accusations of innocent persons, and to establish evidence that is reliable and conforms with established legal procedures. Eyewitness identifications should be used as a tool and should not replace a thorough investigation.

607.2 DEFINITIONS
A "line-up" is a physical or photographic group of people from whom a witness may pick the perpetrator of the crime.

A "show-up" is a one-on-one confrontation between a witness and a suspect, usually in the field, within a short time frame following the commission of a crime.

607.3 LINEUPS – PHYSICAL/PHOTOGRAPHIC
607.3.1 PHYSICAL LINEUPS
Physical lineups are normally conducted whenever a suspect is placed in a live group of individuals and the entire group is presented individually to witnesses and/or victims for viewing. Persons arrested on the basis of probable cause may be placed in a physical line-up for identification purposes. The suspect is entitled to have an attorney present.

607.3.2 PHOTOGRAPHIC LINEUPS
Photographic lineups are normally conducted when a suspect is not in custody and occur when an officer arranges for a victim and/or witness to view an array of photographs.

607.4 IN-FIELD SHOW-UP
Show-ups should be limited to situations where the eyewitness views a suspect in close proximity in time and place to the scene of the crime and where physical lineups or photographic identifications are impractical.
608.1 POLICY
The Department will take appropriate precautions, by developing sound guidelines, to protect the integrity of the Department and officers when using informants.

608.1.1 PURPOSE AND SCOPE
In many instances, a successful investigation cannot be conducted without the use of informants. To ensure the integrity of those investigations that utilize an informant; confidential, paid or otherwise, members of the Department shall adhere to these standards and utilize only credible and reliable informants during an investigation.

608.2 CLASSIFICATIONS

Anonymous Tip

Citizen Informant
An identifiable citizen, who in good faith provides information on criminal activity to an officer without any expectation of compensation, reward or favor. Except as provided for in the enforcement of the Tobacco Enforcement Act, Business & Professions Code §§22950, et seq., the use of any juvenile informant between the ages of 13 and 18-years is only authorized by court order obtained pursuant to Penal Code §701.5.

For purposes of this policy, a “juvenile informant” means any juvenile who participates, on behalf of this Department, in a prearranged transaction or series of prearranged transactions with direct face-to-face contact with any party, when the juvenile’s participation in the transaction is for the purpose of obtaining or attempting to obtain evidence of illegal activity by a third party and where the juvenile is participating in the transaction for the purpose of reducing or dismissing a pending juvenile petition against the juvenile.
609.1 POLICY
Investigative Funds, per the Department of Justice Equitable Sharing Program guidelines, are established for designated amounts from which payments and/or reimbursements for expenditures may be made. At all times, the cash on hand plus the dollar amount of expenses supported by expenditure vouchers should equal the designated amount of the particular Investigative Fund.

(f) Cash expenditures for miscellaneous items or services needed during any approved investigation. If necessary, these types of purchases shall be made with appropriated funds using the appropriate procedure and documented authorizations.

609.3 CUSTODIANS
The Commander of each district, bureau, section, or unit that is assigned Investigative Funds will designate one Lieutenant with one additional Sergeant (as back up) as the custodian of the Investigative Funds. The designated Investigative Fund custodian will be communicated to the Finance Department. When the custodianship of the Investigative Fund changes, a witnessed, physical count of the cash and receipts on hand must be performed and documented at the time of change. The completed documentation will be forwarded to the City Controller by the Fiscal Affairs Bureau representative upon completion of the change of custodianship.

609.3.1 CUSTODIAN RESPONSIBILITIES
The Investigative Fund custodian shall be responsible for the following matters related to the operation of the fund:
(a) Safe and secure storage;
(b) Keeping each Investigative Fund separate from all other funds;
(c) Ensuring that each transaction is for the established purpose of the Investigative Fund;
(d) Providing proper documentation to support each expenditure, ensuring the completeness and accuracy of the Investigative Funds Expenditure Voucher;
(e) Replenishing the Investigative Fund in a timely manner;

609.4 AUDITS
The City Controller or designee is responsible for ensuring that each Investigative Fund is audited periodically. Custodians will not be notified in advance. The purpose of the audit is to ensure that the Department funds are properly safeguarded. This would, in turn, enable an effective verification of cash held by the custodian with the official records.

Policy Review/Approval
This policy and any future revisions require the review and approval by the Finance Department prior to implementation.
610.1 POLICY
Members executing a preplanned operation, including search warrants, or conducting a high risk criminal investigation shall contact a deconfliction center to attempt to prevent to avoid dangerous confrontations and/or unintentional consequences for law enforcement personnel and our citizens.

610.1.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure appropriate use of an event deconfliction pointer system. Event deconfliction, along with the sharing of event and investigative information with other law enforcement agencies, and proper case activation procedures enhance officer safety and the efficiency of criminal investigations. As such, the following policy will be adhered to when executing a planned operation or conducting a high risk criminal investigation.

610.2 Definition

**Event Deconfliction** - the process of determining when law enforcement personnel are conducting events in close proximity to one another at the same time.

**RISSafe System** *(Regional Information Sharing System)* - a national network comprised of six multistate centers designed to operate on a regional basis, including WSIN. RISSafe stores and maintains data on planned law enforcement events—such as raids, controlled buys, and surveillances—and identifies and alerts affected agencies and officers of potential conflicts that may impact law enforcement efforts.

**WSIN** *(Western States Information Network)* - the West Coast regional deconfliction center. Its mission is to increase “officer safety” and “investigative effectiveness” by identifying conflicting investigations and providing accurate and reliable information on a real-time basis to all law enforcement agencies.
Chapter 7 - Equipment
700.1 POLICY
Members shall be responsible for the operational readiness, safekeeping, condition, care, use and replacement of Department property assigned or entrusted to them, as well as any personal property they may possess.

All Department equipment shall be maintained in a good operating condition and be ready for use as needed. To ensure that equipment is maintained in this condition, regular documented inspections of equipment, uniforms, vehicles, and facilities shall be conducted.

A business card shall be provided when any person requests a member’s name and/or badge number in person.

Department issued business cards shall be used for official business only.
702.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the use of Departmental-issued mobile phones and personal communication devices, and the on-duty use of such devices owned by members.

Because of technical advances and varying manufacturer nomenclature, this policy will generically refer to all personal communication devices as such, but is intended to include all mobile phones, PDAs, and other electronic communication devices.

702.2 DEPARTMENT ISSUED DEVICES
Depending on a member’s assignment and needs of the position, the Department may, at its discretion, issue him/her a personal communication device. Such devices shall remain the sole property of the Department and are subject to inspection or monitoring (including related records) at any time.

702.2.1 MEMBER OWNED PERSONAL COMMUNICATION DEVICE
Members may carry individually owned personal communication devices while on duty, subject to the following conditions:
(a) Carrying an individually owned personal communication device is optional;
(b) The device shall be purchased, used and maintained at the member’s expense; and
(c) When a member chooses to use a personal device during the course and scope of employment, it is subject to subpoena by a court and the member may have to disclose personal records of communication during that time period.

702.2.2 USE OF PERSONAL COMMUNICATION DEVICES
Personal communication devices should be used by members to effectively communicate with other personnel in those situations where the use of the radio is either impractical or not feasible. Personal communication devices should not be used to replace regular radio communications.

Personal communication devices should not be used to conduct personal business while on duty, except when brief personal calls may be warranted by the circumstances (e.g., inform family of extended hours). While members may use individually owned personal communication devices for personal business during authorized breaks, such usage should be limited as much as practical to areas where the call will not be seen or heard by the public.

Extended or frequent use of personal communication devices while on duty for personal use may result in discipline, and members are responsible for reimbursing the Department for any charges incurred as a result of personal use of a Department issued device.

702.2.3 USE WHILE DRIVING
California law prohibits the use of personal communication devices while operating a motor vehicle on a public roadway. Police personnel operating an on-duty emergency vehicle may use a personal communication device for official business. The use of a personal communication device while driving can cause unnecessary distractions and presents a negative image to the public. Members are encouraged to use “hands free” devices when available. Officers should restrict the use of these devices while driving to matters of an urgent nature and should, where practical, stop the vehicle at an appropriate location to complete their call. Members are prohibited from text messaging while operating a vehicle.
703.1 POLICY
All Department vehicles will be operated attentively, with due caution and care, consistent with current laws, driving conditions, experience and training received.

703.2 DRIVER’S LICENSE REQUIREMENT
Department vehicles may only be operated by members that possess a valid California Driver’s License (CDL). Members required to operate a motor vehicle as part of their employment shall notify their immediate supervisor any time their CDL status is no longer valid or is compromised in any manner. This includes sworn members, reserve officers, CSO’s, and cadets. A supervisor may randomly verify the member’s CDL status at any time.
Vehicle Maintenance

704.1 POLICY
Members are responsible for assisting in maintaining Department vehicles so that they are properly equipped, properly maintained, properly refueled and present a clean appearance.
705.1 POLICY
The National Defense Authorization Act authorizes the Secretary of Defense to transfer excess Department of Defense (DoD) personal property to federal, state and local law enforcement agencies (LEA) with special emphasis given to counter drug and counter terrorism. The 1033 Program allows LEAs to receive DoD excess property.

705.1.1 PURPOSE AND SCOPE
This policy establishes a procedure for the acquisition and tracking of military surplus property/equipment.

705.2 MILITARY SURPLUS PROGRAM
The Department may acquire excess property/equipment from the Department of Defense to support law enforcement activities, including counter-drug and counter-terrorism activities. The 1033 Program shall be coordinated by the Support Division Commander or his/her designees, with final approval by the Chief of Police.
Chapter 8 - Support Services
Crime Analysis

800.1 POLICY
The Crime View Bureau will provide crime analysis and statistical data to Department personnel to assist them in developing strategies to reduce crime.

800.1.1 PURPOSE AND SCOPE
The Crime View Bureau relies on timely and accurate data to effectively analyze a crime spike and/or trend. Once the information is analyzed, it is forwarded to affected command staff and other members for their use. Crime analysis plays a critical role in how the Department addresses crime by examining crime trends and clusters.

800.2 DATA SOURCES
Crime View data is extracted from many sources including, but not limited to:

- MARS - Multi Agency Record System - which includes original and supplemental reports, citations, arrest reports and field interview cards;
- Parole Leads program;
- Computer Aided Dispatch data;
- CAD/RMS/RPW CrimeView program download;
- ARC 9 mapping system;
- Cal Gangs information;
- Bi-weekly meetings with investigative and patrol personnel;
- Parole/Probation meetings;
- Law Enforcement Analyst network; and

800.3 CRIME ANALYSIS FACTORS
The following minimum criteria should be used in collecting data for Crime View:

- Crime incident;
- Location factors;
- Victim and target descriptors;
- Suspect descriptors;
- Suspect vehicle descriptors;
- Modus operandi factors; and
- Physical evidence information.

800.4 CRIME ANALYSIS FOCUS AND DISSEMINATION
An analysis will be given to the affected members to find factors that may or may not play a role in the statistical increase with results forwarded to Command staff, investigative units, and patrol officers.

Analysis will be conducted on clusters even if no statistical spike is present.
Property & Evidence

804.1 POLICY
Property and evidence are a critical responsibility of the criminal justice system. Property and evidence will be handled, stored, and processed with due regard to the chain of evidence and those persons authorized to remove and/or destroy property.

804.1.1 PURPOSE AND SCOPE
This policy provides the basic definitions of types of property that may be encountered by members of the Department and the proper handling of the property.

804.2 DEFINITIONS
Property - Includes all items of evidence, items taken for safekeeping and found property.

Evidence - Includes items taken or recovered in the course of an investigation that may be used in the prosecution of a case. This includes photographs and latent fingerprints.

Safekeeping - Includes the following types of property:

• Property obtained by the Department for safekeeping such as a firearm;
• Personal property of an arrestee not taken as evidence; and
• Property taken for safekeeping under authority of a law (e.g., Welfare and Institutions Code § 5150 (mentally ill persons)).

Found Property - Includes property found by a member or citizen that has no apparent evidentiary value and where the owner cannot be readily identified or contacted.
805.1 POLICY
The Department will collect and store photographic evidence in the best manner possible within the limitations of equipment available, conditions of collection, and the time frames of the investigation.

805.1.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the collection and archiving of photographic evidence. In order to be qualified in the future as competent evidence, the protocols in this policy are intended to create a photographic evidence collection system that meets the highest standards possible.

805.2 INTENDED PURPOSE OF DIGITAL IMAGES
Digital photography and the use of digital imaging technologies shall be the primary collection method used by Fresno Police Department personnel for the following purposes:

- The documentation of crime scenes in order to create a visual record of evidence found, and the overall conditions at the scene of crimes; and
- The capture and storage of latent fingerprints, trace evidence and other objects of an evidentiary nature, for comparison or analysis purposes.

All digital images captured as evidence shall be handled, stored, and processed with due regard to the chain of evidence. Any such evidence shall be subject to the guidelines set forth in Policy §810 – Release of Records and Information and the Code of Civil Procedure §129. Official Department photographs, as well as photographs taken by members in the course and scope of their duties, shall not be used, shared, or displayed in any manner other than for official Department business.

Traditional 35mm film photographic evidence may be utilized by CSIB personnel only, when digital imaging equipment becomes inoperative or is otherwise unavailable.

805.2.1 CRIME SCENE DOCUMENTATION
The purpose of digital photography at a crime scene is to visually document evidence and the crime scene itself. Images captured with a digital camera are original images equivalent to a negative in film based photography. Under no circumstances may digital images be deleted in the field.

The use of digital photography by field and investigations personnel is intended to document evidence in non-technical cases where the expertise of CSIB personnel is not required.

805.2.2 LATENT FINGERPRINTS AND OTHER TRACE EVIDENCE
Photographs of fingerprints and trace evidence for analysis shall be taken by CSIB personnel only. Fingerprints and other trace evidence should be photographed in an uncompressed file format of either TIFF or RAW. Photographs of the crime scene, showing where a fingerprint or other trace evidence was found are only supplemental to images taken for analytical purposes and do not call for more stringent capture requirements for analysis.

805.3 STORAGE/TRANSFER/PROCESSING OF DIGITAL EVIDENCE
When possible or practical, all digital evidence will be kept in its original native file format as to not lose any digital information during a conversion process. Forensically processed or clarified evidence may be saved in a different file format, but in all cases, the original source file shall be kept as original evidence.
806.1 POLICY
The Records Section will provide timely, accurate criminal history information, crime reports and professional service to Department members, all law enforcement agencies, residents of Fresno, and other legitimate consumers.

806.1.1 PURPOSE AND SCOPE
The purpose of the Records Section is to act as a central repository for certain Department records which may be accessed by members of the public, law enforcement, government agencies, and other legitimate consumers as appropriate.

806.2 REQUISITION OF DEPARTMENT FORMS
The Records Section maintains a supply of the various forms used by members.

Members needing Departmental forms shall contact a Records Supervisor, who will arrange for the forms to be made available. The requesting party or designee may pick up the forms, when ready, at the Records Section.

Only Records Section personnel shall issue forms from the supply room as directed by the Records Section Commander and/or Records Supervisor.

806.3 RECORDS SECTION ACCESS
Access to the Records Section is restricted to Records personnel only.

Exception: When approved, non-assigned personnel may enter the Records Section with an escort by the Records Manager/Supervisor or a Records Clerk.
810.1 POLICY
Any information possessed by the Department or any member that comes into possession because of
the official status as a member of the Department, shall be treated as confidential and shall not be
released except as provided herein. These provisions specifically include information available to
members from Department files, computer inquiries, and police investigations.

810.1.1 PURPOSE AND SCOPE
The purpose of this section is to establish a comprehensive reference and procedure for the
maintenance and release of Department information, reports, and records in accordance with
applicable law.

810.2 MEMBER ACCESS
Member’s access to Department files, reports, documents, procedures, evidence, details of
investigations, computer databases, or other confidential information is limited to situations where the
information sought assists in the performance of the member’s assigned duties. Requests for other
uses of this information shall be routed through the member’s chain of command. Information may,
however, be provided to a member’s legal council within the confines of the attorney client relationship,
but shall not be further disclosed without a court order.

Except as otherwise provided by law or in the Policy Manual, access to or use of the above categories
of information for the personal interest or benefit of the member or any other person is prohibited.

901.4 PRISONER COMMUNICATIONS
Prisoners may, at the Department member’s discretion, be allowed to talk briefly with family or significant others at the scene of their arrest to make necessary arrangements for the control of property, vehicles, etc.

The Department does not show partiality or grant any special status to any applicant, employee or group of employees unless otherwise required by law.

The Department will recruit and hire only those individuals who demonstrate a commitment to service and who possess the traits and characteristics that reflect personal integrity and high ethical standards. The rules governing employment practices are maintained by the Fresno Police Department.

1000.2 RECRUITMENT
The Department will conduct active recruitment and selection strategy to reach all appropriate sources to obtain qualified employees, including minorities, females, disabled veterans, and older workers, on a nondiscriminatory basis. Efforts toward equal opportunity shall be designed to meet the City of Fresno’s staffing needs at all levels.

The strategy should include:
- Identification of racially and culturally diverse target markets;
- Use of marketing strategies to target diverse applicant pools;
- Expanded use of technology and maintenance of a strong Internet presence. This may include an interactive department website and the use of department-managed social networking sites, if resources permit;
- Expanded outreach through partnerships with media, community groups, citizen academies, local colleges, universities and the military;
- Employee referral and recruitment incentive programs; and
- Consideration of shared or collaborative regional testing processes.

The Department shall avoid advertising, recruiting and screening practices that tend to stereotype, focus on homogeneous applicant pools or screen applicants in a discriminatory manner.

The Department should strive to facilitate and expedite the screening and testing process, and should periodically inform each candidate of his/her status in the recruiting process.

1000.3 SELECTION PROCESS
The Department shall actively strive to identify a diverse group of candidates that have in some manner distinguished themselves as being outstanding prospects. Minimally, the Department should employ a comprehensive screening, background investigation and selection process that assesses cognitive and physical abilities and includes review and verification of the following:
- A comprehensive application for employment (including previous employment, references, current and prior addresses, education, military record);
- Driving record;
- Reference checks;
• Employment eligibility verification, including U.S. Citizenship and Immigration Services (USCIS) Employment Eligibility Verification Form I-9 and acceptable identity and employment authorization documents consistent with Labor Code § 1019.1;

A background investigation update may, at the discretion of the Chief of Police, be conducted in lieu of a complete new background investigation on a peace officer candidate who is reappointed within 180 days of voluntary separation from the Fresno Police Department, or who is an interim police chief meeting the requirements contained in 11 CCR 1953(f).

The narrative report and any other relevant background information shall be shared with the psychological evaluator. Information shall also be shared with others involved in the hiring process if it is relevant to their respective evaluations (11 CCR 1953).

• Severity of behavior;
• Probable consequences if past behavior is repeated or made public;
• Likelihood of recurrence;
• Relevance of past behavior to public safety employment;

Employment standards shall be established for each job classification and shall include minimally, the special training, abilities, knowledge and skills required to perform the duties of the job in a satisfactory manner. The Fresno Police Department and City of Fresno, maintain standards for all positions.

The dilemma facing the Department is one of developing a job valid and nondiscriminatory set of policies, which will allow it to lawfully exclude persons who do not meet the Fresno Police Department, City of Fresno, the State of California, and Federal (ADA) hiring standards. 1002.1.1 PURPOSE AND SCOPE
The purpose of the evaluation system is to record work performance for both the Department and the employee giving recognition for good work and providing a guide for improvement where needed. The employee performance evaluation report is a gauge in measuring performance and is used for making personnel decisions relating to merit increase, promotion, reassignment, discipline, demotion and termination. The report also provides a guide for mutual work planning and review and an opportunity to convert general impressions into a more objective history of work performance based on job standards.

1002.2 ANNUAL EVALUATION DUE DATES
Performance evaluations are required annually or quarterly for all Department members.

1002.2.1 RESERVE OFFICER EVALUATIONS

Members in uniform are prohibited from using any tobacco products while in public view.
1020.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the Department.

1020.1.1 PERSONNEL COMPLAINTS DEFINED
Personnel complaints consist of any allegation of misconduct or improper job performance against any Department member that, if true, would constitute a violation of Department policy, federal, state or local law. A major allegation is any serious act of misconduct including, but not limited to, lack of integrity, excessive force, insubordination, abuse of authority, discrimination, harassment, or criminal conduct. Major allegations should be handled formally and documented as a Receipt of Complaint.

An inquiry involves a question about the policy or procedures of the Department. This type of communication usually stems from a lack of or faulty understanding of the circumstances of a member’s conduct or of the policies, rules, and procedures of the Department. An inquiry may be resolved by the member in question or by his/her immediate supervisor, whereas a complaint may require a more extensive internal administrative investigation. A resolved inquiry may be documented on an Inquiry Complaint Form (ICF).

Inquiries about member conduct which, even if true, would not qualify as a personnel complaint may be handled informally by a Department supervisor and shall not be considered complaints.

An unresolved inquiry arises when the actions in question are within Department policy and procedure, or are disputed and cannot be determined, and the inquirer is not satisfied with the supervisor’s explanation. An unresolved inquiry shall be documented in an ICF and forwarded through the chain of command to Internal Affairs. Resolved inquiries may also be documented in an ICF and forwarded to Internal Affairs.

1020.2 CLASSIFICATION OF COMPLAINTS
Personnel Complaints shall be classified in one of the following categories depending on how they will be handled:

Informal – A matter which can be handled at a supervisor level within a district/division and is not reasonably likely to result in disciplinary measures. Generally, complaints handled via this process include minor allegations or general violations. A finding of sustained, not sustained, unfounded or exonerated is required.

Formal – A complaint involving either a serious or general violation, which may lead to disciplinary measures, if sustained. Formal complaints should be documented in a ROC memo. Such complaints may be investigated by a Department supervisor or referred to Internal Affairs, depending upon the seriousness and complexity of the investigation.

Personnel Complaints shall be classified in one of the following categories, depending on origin:

- **Internal** - A complaint by any member, agent, officer, or employee of a federal, state, or local agency (Including the City of Fresno) acting within the scope of his or her membership, agency, office, or employment.

- **External** - A complaint against a member generated by a “member of the public”.

Personnel Complaints shall be classified in one of the following categories, depending on type of violation:
- **Non-Criminal** - An allegation of a violation of Department or City policy which, if true, would not constitute a misdemeanor or felony crime.
- **Misdemeanor** - As defined by California law.
- **Felony** - As defined by California law.

In determining whether to classify an allegation of criminal conduct to be a misdemeanor or felony, if the alleged criminal offense is a "wobbler" and can be charged as a misdemeanor or felony, it shall be classified as a felony.

1020.2.1 PERSONNEL COMPLAINTS INVOLVING RACIAL OR IDENTITY PROFILING
Any complaints involving racial or identity profiling, must document the specific type(s) of profiling alleged: based on race or ethnicity (including color), nationality, age, religion, gender, gender expression, sexual orientation, mental disability, or physical disability. Any such complaint must indicate one or more of the applicable categories:

a) Race or Ethnicity bias: Defined as a preformed negative opinion or attitude toward a group of persons, such as Asians, blacks, or whites, based on physical characteristics or toward a group of persons of the same race who share common or similar traits in language, custom, and tradition.

c) Gender bias: Defined as a preformed negative opinion or attitude toward a group of persons based on their gender.

d) Age bias: Defined as a preformed negative opinion or attitude toward a group of persons based on their age.

e) Religion bias: Defined as a preformed negative opinion or attitude toward a group of persons based on religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being. Examples are Catholics, Jews, Protestants, or Atheists.

f) Gender identity or Expression bias: Defined as a preformed negative opinion or attitude toward a group of persons based on how that group chooses to identify or express their gender preference.

g) Sexual orientation bias: Defined as a preformed negative opinion or attitude toward a group of persons based on sexual preferences and/or attractions toward and responsiveness to members of their own or opposite sexes.

h) Mental disability bias: Defined as a preformed negative opinion or attitude toward a group of persons based on mental impediments/challenges, whether such disabilities are congenital or acquired by heredity, accident, injury, advanced age, or illness.

i) Physical disability bias: Defined as a preformed negative opinion or attitude toward a group of persons based on physical impediments/challenges, whether such disabilities are congenital or acquired by heredity, accident, injury, advanced age, or illness.

1020.2 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS
1020.2.1 AVAILABILITY OF COMPLAINT FORMS
Personnel complaint forms will be maintained in a clearly visible location in the public lobby. Forms may also be available at other police, government, community facilities, and via the City of Fresno website at www.fresno.gov/police/services-special-units/internal-affairs/internal-affairs-online-complaint-form/

1020.2.2 SOURCE OF COMPLAINTS
(a) A Department member *made* aware of alleged misconduct shall immediately notify a supervisor.

(b) A supervisor receiving a complaint from any source alleging misconduct of a member which, if true, could result in disciplinary action.

(c) Anonymous complaints and third party complaints should be accepted and investigated to the extent that sufficient information is provided.
Supervisors assigned to handle an inquiry/complaint shall ensure that the inquirer/complainant is re-contacted within two working days of the supervisor receiving the inquiry/complaint. The supervisor is responsible for updating the inquirer/complainant of the outcome of his/her investigation and documenting their notification in the ICF. When an internal affairs investigation is completed, or a final disposition is reached on an informal complaint, Internal Affairs will notify the complainant of the disposition in writing.

1020.2.3 ACCEPTANCE OF COMPLAINTS
A complaint may be filed in person, in writing, by telephoning the Department, or at the City of Fresno website at www.fresno.gov/police/services-special-units/internal-affairs/internal-affairs-online-complaint-form/. Although not required, every effort should be made to have the complainant appear in person.

1020.2.4 COMPLAINT DOCUMENTATION
When a Personnel Complaint form is completed in person, the complainant should legibly write a detailed narrative of his/her complaint. If circumstances indicate that this is not feasible, the complaint may be dictated to the receiving supervisor. In an effort to insure accuracy in any complaint, a recorded statement should be obtained from the reporting party; however, a refusal by a party to be recorded shall not alone be grounds to refuse to accept a complaint. Whether handwritten or dictated, the complainant’s signature should be obtained at the conclusion of the statement. Upon request, the complainant will be provided with a copy of his/her own original complaint per Penal Code §832.7.

1020.3 DISPOSITION OF PERSONNEL COMPLAINTS
Each allegation shall be classified with one of the following dispositions:

- **Unfounded** – When the investigation clearly established that the allegation is not true. Complaints which are determined to be frivolous will fall within the classification of unfounded [Penal Code §832.5(c)].
- **Exonerated** – When the investigation clearly established that the actions of the personnel that formed the basis of the complaint are not a violation of law or agency policy.
- **Not Sustained** – When the investigation failed to disclose sufficient evidence to clearly prove or disprove the allegation in the complaint.
- **Sustained** – When the investigation disclosed sufficient evidence to prove the truth of the allegation in the complaint by the preponderance of evidence.
1022.1 POLICY
All members shall wear available safety restraints whenever operating a Department vehicle as outlined in this policy.

1022.1.1 PURPOSE AND SCOPE
Vehicle Code §27315.5 requires law enforcement agencies to adopt a policy concerning the use of seat belts. Additionally, the use of seat belts and other safety restraints significantly reduces the chance of death or injury in case of a traffic collision.

1022.2 WEARING OF SAFETY RESTRAINTS
Under unusual circumstances or if a potentially dangerous situation is either perceived or anticipated, safety restraints may be removed to allow for a more rapid response to the situation.

All nonmembers occupying the front seat of a police vehicle shall be required to wear available safety restraints.

All persons occupying the rear seat of a police unit, to include prisoners, shall wear available safety restraints unless physical conditions would prevent such from being applied.

This section shall not apply to prisoner transportation wagons or vans pursuant to Vehicle Code §27315(g).

1022.3 CHILD PASSENGER RESTRAINT SYSTEM
Members transporting children under 8 years of age or less than 4’9” tall should make every effort to utilize an appropriate child passenger restraint system meeting current federal motor vehicle safety standards, and should attempt to obtain these restraints through all available means (e.g., on-duty volunteers, family members of the child, or CPS). Where an appropriate child passenger restraint system is unavailable or impractical based on patrol vehicle design, and the circumstances warrant the immediate transportation of a child under 8 years or less than 4’9” tall, the member may, with supervisor approval, transport the child without the use of that system, but the child shall be secured by available means and transported in an authorized emergency vehicle only.
Body Armor

1024.1 POLICY

1024.1.1 PURPOSE AND SCOPE

this section is intended to preclude review of personnel files by the City Attorney other attorneys or representatives of the City in connection with official business.

1026.5  SECURITY

1026.61  DEFINITIONS
Brady Material - In the Brady v. Maryland decision (373 U.S. 83 (1963)) the United States Supreme Court held that the prosecution has an affirmative duty to disclose to the defendant evidence which is both favorable and material to the guilt and/or punishment of the defendant.

The Prosecution - Refers to the District Attorney and all investigative agencies involved in the criminal prosecution of a defendant, including this Department.

Penal Code § 1054.1 - California law also establishes a criminal defendant’s right to access potentially exculpatory evidence.

Pursuant to Penal Code §832.7(a), the only time the District Attorney (Attorney General or Grand Jury) is entitled to access confidential peace officer personnel files without filing a Pitchess motion (Evidence Code §1043 et seq.) is when they are investigating the conduct of an officer or this Department. Absent a specific investigation of identified officer(s) or a specific investigation of this Department (or the consent of an involved officer), no confidential information from any officer’s personnel file shall be released to the District Attorney or Grand Jury without full compliance with the Pitchess process. The prosecution of a criminal defendant is not considered an investigation of any involved officer.

Should an officer’s credibility or other issues related to an officer’s personnel file arise in the context of an officer acting as a witness for the prosecution, access to that officer’s personnel file by either the District Attorney or the criminal defendant shall be limited to that which is authorized by the process set forth in Evidence Code §1043, et seq.

1032.1.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure that all members of this Department remain fit for duty and able to perform their job functions (Government Code §1031).

1032.1.2 FITNESS FOR DUTY
A member may be scheduled for consultation with a medical service provider upon recommendation of the member's Division Commander and the concurrence of the Administrative Division Commander, when a member's behavior, actions, or performance is such that a reasonable person would have concerns regarding fitness for duty, the member's personal safety, or the safety of others. When a member is referred for a psychological or physical assessment to determine fitness for duty, the medical service provider will submit a report directly to the Chief of Police or a designated representative, and will report only diagnosis and prognosis pertaining to the member's fitness for duty.

1032.2 EMPLOYEE RESPONSIBILITIES
(a) It shall be the responsibility of each member of this Department to maintain good physical condition sufficient to safely and properly perform the duties of their job function;
(b) Each member of this Department shall perform his/her respective duties without physical, emotional, and/or mental constraints;
(c) During working hours, all members are required to be alert, attentive, and capable of performing their assigned responsibilities;
(d) Any member who feels unable to perform his/her duties shall promptly notify a supervisor. In the event that a member believes that another member is unable to perform his/her duties, such observations and/or belief shall be promptly reported to a supervisor.

1032.3 SUPERVISOR RESPONSIBILITIES
(a) A supervisor observing a member or receiving a report of a member who is perceived to be unable to perform their duties shall take prompt and appropriate action in an effort to resolve the situation;
(b) When feasible, the supervisor should attempt to ascertain the reason or source of the problem and in all cases a preliminary evaluation should be made in an effort to determine the level of inability of the member to perform his/her duties;
(c) In the event the member appears to be in need of immediate medical or psychiatric treatment, a District Commander shall be notified all reasonable efforts should be made to provide such care;
(d) The District and Bureau Commanders will make a joint determination as to whether or not the member should be temporarily relieved from his/her duties;
(e) The Chief of Police shall be promptly notified in the event that any member is relieved from duty.

1032.4 NON-WORK RELATED CONDITIONS
Any employee suffering from a non-work related condition which warrants a temporary relief from duty may be required to use sick leave or other paid time off (PTO) in order to obtain medical treatment or other reasonable rest period.
1032.5 WORK RELATED CONDITIONS
Any employee suffering from a work related condition which warrants a temporary relief from duty shall be required to comply with personnel rules and guidelines for processing such claims.

1032.6 LIMITATION ON HOURS WORKED
Absent emergency operations, members are limited to an accrued total of 70 work hours, including mandatory court appearances, within a work week. Of the 70 total work hours, members are not to exceed 16 hours of outside employment. Additionally, members shall have at least one non-work day during each work week.

Except in very limited circumstances, members should have a minimum of 8 hours off between shifts. Supervisors should give consideration to reasonable rest periods and are authorized to deny overtime or temporarily relieve from duty any member who has exceeded the above guidelines.

Limitations on the number of hours worked apply to shift changes, shift trades, rotation, hold-over, training, general overtime and any other work assignments.

1032.7 EMPLOYEE INTERVENTION PROGRAMS
Employee Intervention Programs (EIP’s) are designed to provide support in a confidential and trustworthy environment, equipping and enabling our members to effectively address professional and personal challenges, thereby allowing them to better serve the community. By providing a variety of programs and levels of participation, the Department encourages personnel to access the services that best meet their individual needs. All EIP’s are staffed by personnel trained in law enforcement critical incidents, stress management, and peer support.

1032.7.1 COMPANION OFFICER PROGRAM
The Companion Officer Program is designed to provide peer support to members, when they have been subjected to a traumatic incident, or when otherwise requested. Companion Officers also provide informal peer support to members dealing with the day-to-day challenges and cumulative stress of the law enforcement profession.

1032.7.2 CHAPLAIN PROGRAM
The Fresno Peace Officers Chaplaincy (FPOC) provides spiritual crisis support to law enforcement personnel and the community. FPOC may also be used for the same purpose and within the same guidelines as the Companion Officer Program.

The FPOC also provides support, counseling, and referral services from their office. Their services are provided to all Department members.

1032.8 STRUCTURED ASSISTANCE FOR VALUED EMPLOYEES (SAVE)
SAVE is a mandatory intervention program for members who are demonstrating observable difficulties dealing with traumatic events, professional challenges, or personal problems, utilizing approved mental health professionals and peer groups. The program relies on supervisors to identify potential problems before they become discipline issues. SAVE will provide alternatives and solutions for individuals through a process which ensures confidentiality.

SAVE is designed to address patterns of behavior and stress incidents before they manifest themselves into discipline. Conduct which may result in discipline shall be investigated consistent with existing policy guidelines. SAVE does not modify, alter, or change these guidelines. SAVE is not a substitute for the disciplinary process. The purpose of SAVE is to:
   (a) Provide training for first line personnel, supervisors, and staff, to identify stressful events and behavioral indicators before discipline is warranted; and
   (b) Provide resource options to assist members in dealing with challenges in both their personal life and at work.
1032.8.1 SUPERVISOR RESPONSIBILITIES
Prior to accessing SAVE, the supervisor must have attended SAVE training.

1032.8.2 SAVE REVIEW COMMITTEE
The SAVE Review Committee will consist of the following:
(a) The Employee Services Coordinator; and
(b) A licensed mental health clinician experienced with law enforcement issues.

1032.8.3 SAVE REVIEW COMMITTEE RESPONSIBILITIES
The SAVE Review Committee will determine whether all the information provided meets the threshold set for intervention. The committee may find that:
(a) No intervention is warranted (supervisor notified); or
(b) Intervention is warranted and recommend a course of action.

Licensed Mental Health Clinician Defined
For the purpose of this order, a licensed mental health clinician will be defined as a psychologist, licensed clinical social worker or a licensed marriage & family therapist. In addition to licensure, a qualified mental health clinician shall have had specific training and/or experience working with law enforcement.

1032.8.4 MANDATORY SAVE MEETING WITH A LICENSED MENTAL HEALTH CLINICIAN
After review of the information, the SAVE Review Committee may recommend the member attend stress management training and/or meet with a licensed mental health clinician for additional assessment. This meeting is mandatory.

1032.9 CRITICAL INCIDENT REVIEW

1032.9.1 MANDATORY REVIEWS
Members involved in an Officer Involved Shooting (OIS) or other intentional use of deadly force (e.g. vehicle) are required to meet with a licensed mental health clinician before returning to full duty. These reviews will be scheduled by the Employee Services Coordinator (refer to Procedure §310).

1032.9.2 OPTIONAL REVIEWS
Members involved in other critical or traumatic incidents may be required to meet with a licensed mental health clinician before returning to full duty. Situations that may reasonably warrant a meeting with a licensed mental health clinician include, but are not limited, to the following:
- On-duty motor vehicle collisions resulting in serious injury or death to any person;
- Discharge of a firearm at an officer when injury results;
- Incident where a member causes serious injury to another person by means other than a firearm (e.g., baton, take down hold); or
- The member is involved in a physical confrontation in which he/she is seriously injured; or
- A member is involved in an incident which could be considered disturbing such as child abuse, fatal traffic collisions, life threatening disturbances, in custody deaths, or any other significant traumatic event.

When a staff member determines that an optional review is appropriate, concurrence of the involved member’s Bureau and Division Commanders is required.

Critical Incident Stress Debriefings (CISD) may also be considered for the above described circumstances, subject to approval by the Administrative Division Commander. The Employee Services Coordinator (ESC) will be responsible for coordinating CISD’s approved by the Administrative Division Commander.

1032.10 EARLY ALERT SYSTEM
The Department recognizes that careful monitoring of employee behavior is a necessary element of effective personnel management. In order to maximize the Department’s ability to detect and correct
deficiencies before they become significant performance issues, an Early Alert System (EAS) has been developed.

EAS is intended to provide a means of positive, confidential, non-disciplinary intervention, primarily in the form of training and counseling to assist members with performance problems. The fact that an EAS report is generated regarding a member does not necessarily indicate a problem with that member's behavior.

1032.10.1 ADMINISTRATIVE REVIEW
When a member meets the criteria, a confidential EAS report will be prepared by the IA commander containing a synopsis of the incidents for the rolling six month period. The EAS report will be forwarded to the Administrative Division Commander. The Administrative Division Commander will review the totality of the circumstances (member’s assignment, nature of the incidents, mitigating factors, etc.) contained in the EAS report.

If the Administrative Division Commander determines the member’s behavior warrants further review, he/she shall assign a tracking number to the file and remove the member’s name and other references which may cause identification of the member to occur. The Administrative Division Commander shall notify the EAS Committee to convene at the earliest opportunity to review the (redacted) file.

If the Administrative Division Commander determines the member’s behavior does not warrant further review, he/she shall notify the IA commander. The EAS report shall be given to the member for his/her retention or destruction. Should the member wish to discuss the EAS report he/she may contact the Administrative Division Commander, without going through his/her chain of command.

1032.10.2 EAS COMMITTEE
The EAS Committee shall be composed of a Fresno Police Officer Association (FPOA) representative, a Department staff representative and a third party mutually agreed upon by the Chief of Police and the FPOA. Committee members serve a one year term, but can be reappointed for additional terms. The committee shall meet to discuss the report’s contents and the need for intervention. A majority vote is required for intervention to occur. All meetings shall be held on a confidential basis.

1032.10.3 INTERVENTION MEETING
Upon a majority vote of the committee authorizing intervention, the report shall be returned to the Administrative Division Commander. The commander shall arrange for a personal meeting with the member to discuss their behavior and identify positive ways to address that behavior. The member shall be provided a copy of the EAS report prior to the meeting with the commander. Remedial training, referral to the Department’s Employee Intervention Programs (EIP), peer counseling, and other methods which may be helpful in addressing the member’s behavior will be explored. An agreed upon action plan may be prepared by the Administrative Division Commander and the member (see attached example). If a plan is developed, the plan will only be provided to the member. The Department will not maintain the plan or any written document regarding the EAS review in any file(s). The Administrative Division Commander will not track the member’s progress nor will punitive action result from the member’s failure to follow the plan.

Once the meeting with the member occurs, the report shall be destroyed. No mention of the EAS review shall be made in a member’s performance evaluation.
1034.1 POLICY
Members should conform to the policies governing all Department employees that have been established by the City of Fresno and appropriate MOUs, regarding meals and breaks.

1034.1.1 PURPOSE AND SCOPE
Due to the nature of the Department’s mission to provide continual law enforcement and related services to the community, the provisions to provide meal periods and breaks to all employees consistent with the laws and MOUs in place, can oftentimes be difficult or impossible. However, when possible, all accommodations will be made to make certain everyone is afforded a reasonable opportunity to exercise the right to a meal period and/or breaks.

1034.2 ON DUTY MEALS
The parameters governing hours of work are outlined in each applicable MOU, including any designated meal breaks. All sworn officers, either in uniform or in plain clothes, may take a meal break under the following conditions:

(a). Officers must be in service and/or available by radio to respond to any call;
(b). Generally no more than 30 minutes shall be allowed;
(c). No more than two uniformed officers at any one time are allowed at the same restaurant; and
(d). Members leaving their patrol units shall place themselves out "portable" via their MDS or by radio with their location.

The aforementioned provisions do not apply to personnel who are authorized in the MOU to have an uninterrupted meal breaks.

1034.3 BREAKS
Breaks apply to civilian members only and are subject to the following:

(a). Two 15-minute breaks are allowed during a shift (eight-hour or ten-hour);
(b). One 15-minute break for each four or more hours of overtime worked;
(c). Breaks shall be scheduled by supervisors, consistent with workload, so as to minimize the disruption of service to the public;
(d). Breaks shall not be taken in conjunction with meal breaks or accumulated for use at a later time;
(e). Generally, breaks should be taken on the worksite;
(f). When there is a need to exceed the designated 15-minute time limitation, supervisory approval shall be obtained; and
(g). Department vehicles shall not be utilized during breaks without prior supervisory approval.
1035 POLICY
The Department will provide, in compliance with the Fair Labor Standards Act, reasonable break time and appropriate facilities to accommodate any employee desiring to express breast milk for her nursing infant child, for up to one year from the date of the child's birth (29 USC §207 and Labor Code §1030).

1035.1 PURPOSE AND SCOPE
The purpose of this policy is to provide reasonable accommodations to employees desiring to express breast milk for the employee's infant child (29 USC §207 and Labor Code §§1030-1032).

1035.2 LACTATION BREAK TIME
A rest period should be permitted each time the employee has the need to express breast milk (29 USC §207). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time. Such breaks, when feasible, should be taken at the same time as the employee's regularly scheduled rest or meal periods.

While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid (Labor Code §1030).

Employees desiring to take a lactation break shall notify Dispatch or a supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt Department operations (Labor Code §1032). Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1035.2.1 REQUIRED DOCUMENTATION
Any employee desiring to take a lactation break must provide the Personnel Bureau with a note from her physician stating the employee is nursing, and in need of this accommodation. This accommodation will be valid for six months from the date of the child’s birth, at which time the employee must obtain an additional note, valid for six months if she desires to continue to express breast milk during work hours. This accommodation shall not exceed 12 months from the date of the child’s birth.

1035.3 PRIVATE LOCATION
The Department will make reasonable efforts to accommodate employees with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the employee’s work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from co-workers and the public (29 USC §207 and Labor Code §1031).

Employees occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other employees should avoid interrupting an employee during an authorized break, except to announce an emergency or other urgent circumstance.

Authorized lactation breaks for employees assigned to the field may be taken at the nearest appropriate private area within their assigned district.

1035.4 STORAGE OF EXPRESSED MILK
Any employee storing expressed milk in any authorized refrigerated area within the Department shall clearly label it as such and shall remove it when the employee ends her shift.
1036.1 POLICY
Department members will utilize the Over-Time/Time-Off (OTTO) System to account for absences, additional time, or overtime earned, according to applicable MOU’s. Members will utilize the Days-off System to account for regularly scheduled days off.

1036.1.1 PURPOSE AND SCOPE
The purpose of the OTTO and Days-off Systems is to accurately document time earned or time used by Department members and to provide timely processing of this information.

1036.1.2 RESPONSIBILITY FOR COMPLETION OF OTTO ENTRIES
OTTO entries are submitted to the Fiscal Affairs Bureau for registering the absence, additional time, overtime earned, and any leave of absence for all members.

Days-off System entries are submitted to the Fiscal Affairs Bureau on a biweekly basis for the payment of wages.

Employees are responsible for the accurate and timely submission of OTTO and Days-off entries, when these systems are unavailable.

1036.1.3 TIME REQUIREMENTS
All employees are paid on a bi-weekly basis usually on Friday with certain exceptions such as holidays. Days-off System entries shall be completed and submitted to the Fiscal Affairs Bureau no later than 8:00 a.m. on the Wednesday morning after the first day of the pay period, unless otherwise specified.

In addition, absence, overtime, and pay down requests shall be completed via the OTTO System and submitted to the Fiscal Affairs Bureau no later than 8:00 a.m. on the Wednesday morning before the end of the pay period, unless otherwise specified.

As a courtesy to members, the Fiscal Affairs Bureau will send out a Department-wide voice mail each pay period indicating the due dates for such period. A written schedule shall be prepared and emailed Department wide once per year with the due dates for the full calendar period.

1036.2 SUPERVISOR RESPONSIBILITY
Supervisors are responsible for ensuring that OTTO entries are completed by employees assigned to them no later than the first day following a return from any leave of absence.

Non-patrol supervisors or their designee shall advise their commander of the work status of all assigned employees including any days off, sick leave, and leaves of absence.

1036.3 DUTY OFFICE RESPONSIBILITIES
The duty office shall record all Patrol absences on the daily detail sheet. A hard copy of this detail shall be sent to the district supervisors daily.

1036.4 AUDITING
Commanders and managers shall periodically audit the attendance records for their personnel and submit a report to their Division Commander.
1038.1 POLICY
The Department will compensate non-exempt employees who work authorized overtime either by payment of wages or by accrual of compensatory time off at the rate of time and one-half, or as otherwise specified in an applicable MOU.

In order to qualify for either, the employee must complete and submit an overtime request via the Overtime/Time-Off (OTTO) System as soon as practical after overtime is worked. When the electronic system is not functioning, Scantron forms shall be completed.

1038.1.1 PURPOSE AND SCOPE
Because of the nature of police work, and the specific needs of the Department, a degree of flexibility must be maintained. The purpose of this policy is to assure timely and accurate overtime compensation is achieved for employees and to provide for adequate Department staffing needs.

1038.1.2 GUIDELINES
Members are not authorized to volunteer work time to the Department. Therefore time in excess of the normal work schedule will be compensated according to this policy.

All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, then approval shall be sought as soon as practical during the overtime shift and in no case later than the end of shift in which the overtime is worked.

The individual employee may request compensatory time in lieu of receiving overtime payment with the exception of those specifically pre-designated as cash only assignments.

The maximum number of hours for compensatory time is governed by current MOU’s for each classification.

1038.2 EMPLOYEES RESPONSIBILITY
Employees shall complete an OTTO request after working the overtime and turn it in to a supervisor for approval.

Note: Failure to submit an OTTO request in a timely manner may result in a delay of compensation.

1038.3 ACCOUNTING FOR OVERTIME WORKED
Employees are to record the actual time worked in an overtime status. In some cases, the applicable MOU provides that a minimum number of hours will be paid, (e.g., two hours for court on regular duty days, three hours for automatic go and court appearances on regular days off, etc.). The supervisor shall confirm the actual time worked.

(Refer to Procedure §1036 Use of Scantrons/OTTO/Days-Off System)
1040.1 POLICY
Departmental employees engaging in outside employment, who hold full time permanent positions, shall obtain an approved City of Fresno work permit through the Personnel Bureau prior to engaging in any outside employment. These provisions do not apply to policing Special Events or Contract Law Enforcement Services (CLES).

1040.1.1 PURPOSE AND SCOPE
In order to avoid actual or perceived conflicts of interest, approval of outside employment shall be at the discretion of the Chief of Police or their designee in accordance with the provisions of Fresno Municipal Code §3-102(b) and this policy.

1040.1.2 DEFINITIONS
Outside Employment - Wages, compensation or other consideration of value from another employer, organization, or individual not affiliated directly with this Department for services, product(s) or benefits rendered.

For purposes of this section, the definition of outside employment includes those employees who are self-employed and not affiliated directly with this Department for services, product(s) or benefits rendered.

1040.1.3 WORK HOUR LIMITS
The work hour limits prescribed in the below sections shall not apply during an emergency situation as declared by the Chief of Police, or their designee. Members shall track their work hours to ensure that they do not exceed limits established herein.

Daily Limit – Members are limited to 15 continuous work hours of all types or 15 accrued hours within a 24-hour period. When 15 continuous work hours have been accumulated, and members are off duty, work for compensation shall not resume for at least eight hours. Exception: Calls for service and mandatory court appearances shall be completed even though the 15-hour limit may be exceeded.

Weekly Limit – Members are limited to an accrued total of 70 work hours, including mandatory court appearances, within a workweek. Of the 70 total work hours, members are not to exceed 16 hours of outside employment (pursuant to Fresno City Municipal Code 3-102). Additionally, members shall have at least one non-work day during each workweek.

Exception: Members may work more than the weekly 16 hour limit of outside employment under all of the following circumstances:

- The outside employment benefits the Department;
- The member has commander approval to exceed the limit; and
- The member takes an equal amount of time off (for those hours exceeding the 16 hour limit) from their Department duties using their accrued leave hours, excluding their accrued sick leave.

Discredit & Fatigue – Members are prohibited from accepting employment or engaging in any occupation or business which reflects discredit on the member or the Department, or which employment, occupation, or business causes criticism of the member or the Department, or where the activity affects the physical condition of the member in the performance of their regular duties by reason of fatigue or other detrimental condition. The number of hours worked per week shall not exceed the hours approved on the work permit.
Working While on Leave – Members are prohibited from engaging in any off duty work [including Order Back, AWS, Contract Law Enforcement Services (CLES), etc.] or activity for which they are compensated or derive personal gain when they are:

- On sick leave (including Special Sick);
- On Family Sick/Family Care Leave pursuant to FMLA or CFRA;
- On injury leave or receiving temporary disability payments; or
- On leave without pay for illness or injury.

Note: Members on Family Sick/Family Care Leave pursuant to FMLA, may not work extra duty assignments (i.e. Order Back, AWS, CLES, etc.). Exceptions to this rule require prior approval by the member's division commander.

Members on leave without pay may be permitted to engage in outside employment with the approval of the City Manager. Outside employment may not conflict with restrictions placed on the member, which prevent participation in regular duties.

1040.2 OBTAINING APPROVAL

No employee of this Department may engage in any outside employment without first obtaining prior written approval of the Chief of Police or their designee. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy may lead to disciplinary action.

Probationary members and recruits shall generally not be issued work permits, nor shall they engage in any off duty work during their probationary period. On a case by case basis, the Chief of Police or designee may approve work permits for probationary members and recruits if they do not interfere with the members duties or create a conflict of interest between the City of Fresno and the outside employer. This does not prohibit officers and recruits from performing their normal duties by working extra for the Department on an overtime basis.

Applications for work permits are available from the Personnel Bureau. Probationary members and recruits shall submit their work permit application and a memorandum through their chain of command to the Chief of Police or designee. The memorandum shall outline the reason(s) for the work permit.

Members must submit their work permit applications annually between June 1 and June 15 to the Personnel Bureau. Failure to submit the annual application during this period may result in an extended review and approval. First time applications can be turned in anytime but must be submitted before the member begins any outside employment, and also submitted again during the renewal period above.

Completed applications shall be returned to the Personnel Bureau for approval and forwarding to the City Personnel Services Division. Work permits are not valid until all required signatures have been obtained.

Any employee seeking approval of outside employment, whose request has been denied, shall be provided with a written reason for the denial of the application at the time of the denial [Penal Code §70(e)(3)].

1040.2.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT

If an employee’s Work Permit application is denied or withdrawn by the Department, the employee may file a written notice of appeal to the Chief of Police within ten days of the date of denial.

If the employee’s appeal is denied, the employee may file a grievance pursuant to the procedure set forth in their current Memorandum of Understanding (MOU).

1040.2.2 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS

Any work permit may be revoked or suspended under the following circumstances:
(a) When an employee’s performance at this Department declines to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of competency, the Chief of Police or their designee may, at his or her discretion, revoke any previously approved work permit(s). That revocation will stand until the employee’s performance has been reestablished at a satisfactory level and their supervisor recommends reinstatement of the work permit;
(b) Suspension or revocation of a previously approved work permit may be included as a term or condition of sustained discipline;
(c) If, at any time during the term of a valid work permit, an employee’s conduct or outside employment conflicts with the provisions of Department policy, the permit may be suspended or revoked; or
(d) When an employee is unable to perform at a full duty capacity due to an injury or other condition, any previously approved work permit may be rescinded until the employee has returned to a full duty status.

1040.3 PROHIBITED OUTSIDE EMPLOYMENT
Consistent with the provisions of Government Code §1126, the Department expressly reserves the right to deny any Work Permit application submitted by an employee seeking to engage in any activity which:  
(a) Involves the employee’s use of Departmental time, facilities, equipment or supplies, the use of the Department badge, uniform, prestige or influence for private gain or advantage;
(b) Involves the employee’s receipt or acceptance of any money or other consideration from anyone other than this Department for the performance of an act which the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee’s duties as a member of this Department;
(c) Involves the performance of an act in other than the employee’s capacity as a member of this Department that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other employee of this Department; or
(d) Involves time demands that would render performance of the employee’s duties for this Department less efficient

1040.3.1 OUTSIDE SECURITY EMPLOYMENT
Consistent with the provisions of Penal Code §70, and because it would further create a potential conflict of interest, no member of this Department may engage in any outside employment as a private security guard, private investigator or other similar private security position.

1040.4 CITY RESOURCES
Employees are prohibited from using any City equipment or resources in the course of or for the benefit of any outside employment.

1040.5 TERMINATION OF OUTSIDE EMPLOYMENT
If an employee terminates their outside employment during the period of a valid permit, the employee shall promptly submit written notification of such termination to the Chief of Police or their designee through their chain of command. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

1040.6 CONTRACT LAW ENFORCEMENT SERVICES
Pursuant to Fresno Municipal Code §§3-122(b) and (c), citizens may request uniformed police services for law enforcement, traffic safety, or crowd control purposes.

Staff Officers and sergeants shall not work in place of an officer for purposes of delivering contract law enforcement services.

Ride-a-longs are prohibited.

1040.6.1 OFFICER RESPONSIBILITIES
Officers performing supplemental law enforcement services during contracted assignments are responsible for enforcement of laws and not enforcement of rules established solely by the employer.
unless specifically authorized by the Chief of Police or their designee (e.g., The Big Fresno Fair, etc.). Prohibited activities may include:

(a) Permitting unauthorized entrance to any person(s);
(b) Taking tickets; and
(c) Ejecting patrons only on the employer’s request (absent a criminal violation).

Absent the aforementioned authorization, members shall not perform any duties outside of enforcing the law or providing those services that are normally performed by on-duty officers. The same regulations and procedures that apply to officers working patrol assignments shall apply to contractual work arrangements.
1042.1 POLICY
All work related injuries must be reported to the member’s supervisor and a claim form shall be provided to the injured member within 24 hours from the time the injury was discovered.

1042.1.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure proper medical attention/reporting is received for on-duty injuries or deaths, along with documentation describing circumstances of the incident.

Documentation shall be completed to ensure compliance with Workers’ Compensation Fund and Risk Management requirements.

1042.2 FAILURE TO COMPLY
Labor Code §5400 makes failure to comply with the 24 hour reporting procedure a misdemeanor. Additionally, disciplinary action may be taken for a member’s failure to comply with this policy.

1042.3 DEFINITIONS
Accident - Is defined as any occurrence from which bodily injury or property damage may result, regardless of whether any injury or damage actually does occur (e.g., exposure where no immediate injury is apparent).

Long Term Absence - Refers to any member who is incapacitated and unable to perform his/her regular duties for more than one week (e.g., 40 hours of work), due to an on-duty or off-duty injury or illness.

1042.4 LONG TERM ABSENCE MEMBER (LTA MEMBER)
When an employee is on long term absence (LTA), the LTA Coordinator is responsible for tracking the member’s recovery progress to ensure appointments and necessary documents are completed in a timely manner. The LTA Coordinator will retain such responsibilities until the employee returns to full duty or it is determined by a medical professional that the employee is permanently unable to return to full duty.

1042.4.1 TEMPORARY MODIFIED DUTY ASSIGNMENTS
The Department may offer temporary modified duty assignments to members who are unable to perform their usual and customary duties. All temporary modified duty assignments will be made by the Personnel Bureau, or as otherwise directed by the Chief of Police.
1044.1 POLICY
Members of this Department shall maintain their personal hygiene and appearance to project a professional image appropriate for this Department and for their assignment.

PURPOSE AND SCOPE
Unless otherwise stated, the following appearance standards shall apply to all members, except those whose current assignment would deem them not appropriate, and where the Chief of Police has granted exception.

1044.2 GROOMING STANDARDS
Members shall present a neat, professional and businesslike appearance whether in uniform or plainclothes.

Civilian members shall conform to the same standards as sworn members except that provisions regarding easy handholds for hair length do not apply.

Members assigned to a special unit or detail, while in an undercover capacity may, with their commander’s permission, be exempted from this policy section on a case-by-case basis for the duration of the undercover assignment.

1044.2.1 HAIR
Hairstyles of all members shall be neat in appearance.

Hair shall be well trimmed so as not to present a ragged or unkempt appearance. Hair shall not be so long as to interfere with the wearing of the helmet or cap, or provide an easy handhold. Hair may be worn in keeping with contemporary styles, but not in an extreme or unsightly fashion.

1044.2.2 MUSTACHES
