

## HIGH EFFICIENCY SPRINKLER NOZZLE REBATE (Low Precipitation)

City of Fresno will pay up to \$4 for each qualified sprinkler nozzle purchased and properly installed

### Reduce Water Use Outdoors Over 20% by Upgrading Irrigation Sprinklers!

To save water, solve run-off problems, and simply do a better job watering your landscape, install new High Efficiency Sprinkler Nozzles. They are ideal for new systems (without current automatic irrigation), with ultimate design flexibility, and better system efficiency. They can also revitalize older systems as most existing pop-up spray heads can easily be converted to HE sprinkler nozzles.

#### Advantage of Using High Efficiency Sprinkler Nozzles

- Demonstrates over 20% savings over conventional pop-up spray nozzles
- Applies water slowly, reducing runoff
- Works great on slopes and clay soils
- Does not mist or fog like conventional pop-ups
- Distributes a larger droplet of water, resulting in less drift from the wind
- Easy-to-install retrofits for existing sprinkler bodies
- Allows for uniform soil absorption, which may eliminate brown spots

## High-Efficiency Sprinkler Nozzles Rebate Guidelines and Conditions

### Requirements

- All sprinklers controlled by a single sprinkler valve (station or zone) must be installed with the same model of HE sprinkler nozzle.
- The station's equipment must be in a good state of repair.
- Customers applying for a rebate must agree to allow access to the property in order to verify proper installation of devices eligible for rebate.
- Program applies to qualified sprinkler nozzles purchased after 12/1/14.

### Who Qualifies:

- Limit one rebate per qualified account as defined below.
- Rebate available to City of Fresno water customers or landlords of property serviced by City of Fresno Water Division where a tenant is the water customer. Customers on a shared billing account qualify as individual units. Multi-family, commercial, institutional and industrial customers whose meter supplies water to an irrigation system qualify.
- Renters or tenants must provide written approval from property owner or property manager.
- New construction does not qualify.

### Rebates:

- Rebate amount is up to \$4 per qualifying nozzle.
- The rebate amount may not exceed the cost of the devices purchased. Rebate amounts do not apply to sales tax, accessories and installation costs.
- Minimum rebate \$20, maximum rebate \$100.
- Rebate checks will be mailed 4-8 weeks after completing the rebate process.

### Application and Rebate Approval or Denial:

- Submit completed application with legible copy of the original itemized dated sales receipt after installation of nozzles to the Water Conservation Program.
- Application must be submitted within 90 days of purchase of nozzles.
- Incomplete, incorrect or unsigned applications cannot be processed and will be denied and returned.
- Upon receipt of application customer will be contacted by Water Conservation Program staff for a site inspection appointment.
- Rebates will only be awarded after verification of proper installation and compliance with the Guidelines and Conditions.
- Customers must fulfill all program guidelines to be eligible for rebates.
- Accounts must be current and non-delinquent.

### Other Considerations:

- The Rebate Program is not responsible for materials lost by mail.
- Submission or possession of a rebate application does not guarantee receiving a rebate.
- Rebates are processed on a first come, first served basis and funding is limited to available resources. Rebate subject to available funds or discontinuation at any time.
- This program shall at all times be subject to change or termination without prior notice.
- Incentives will be awarded on a one time basis to any physical address regardless of changes in property ownership.
- The City is not responsible for product performance or water savings. No warranty or guarantee is provided.
