

Commercial & Multi-Family Toilet Rebate Program

REBATE SUMMARY

A rebate of **up to \$100** is available for the purchase of a qualifying new *WaterSense* High Efficiency Toilet that uses 1.28 gallons per flush *or less* when replacing an old toilet that was manufactured before 1992 and exceeds 1.6 gallons per flush. Up to 10 rebates are allowed per qualifying account.

Toilets are by far the main source of water use in the home, accounting for nearly 30 percent of an average home's indoor water consumption. Older, inefficient toilets that use as much as 6 gallons per flush are a major source of wasted water in many homes.

Efficiency measures such as replacing water-guzzling toilets with the latest in low-flush toilet technology helps to conserve and protect the City of Fresno's water supply. Recent advancements have allowed toilets to use 1.28 gallons per flush or less while still providing equal or superior performance. This is 20 percent less water than the current federal standard of 1.6 gallons per flush.

City of Fresno commercial and multi-family water customers may be eligible for a rebate when replacing old high water use toilets with qualifying High Efficiency Toilets that display a *WaterSense* label. *WaterSense* labeled High Efficiency Toilets are independently certified to meet rigorous criteria for both performance and efficiency, and are available at a wide variety of price points and in a broad range of styles. More information about the *WaterSense* label and qualifying toilets can be found online at: www.epa.gov/watersense/products/toilets.html.

COMMERCIAL & MULTI-FAMILY TOILET REBATE PROCESS

1. Obtain and complete an application.
2. Submit a completed application **AND** a copy of the itemized, dated sales receipt for the new toilet **within 45 days of purchase date** to:

City of Fresno Water Division
Water Conservation Program
1910 E. University Avenue
Fresno, CA 93703
or waterconservation@fresno.gov
3. The Water Conservation Program will verify installation and the flush capacity of the old toilet(s). This may be done in one of several ways:
 - a. A Water Conservation Program representative will arrange a brief appointment to verify the installation and the old toilet(s) flush capacity. **Do not dispose of old toilet prior to appointment**, unless:
 - b. Written verification by a certified plumber or contractor may be submitted with the rebate application. Written verification must include the plumber/contractor's license number.
 - c. If a Water Conservation Representative verifies the flush capacity of the old toilet during a service call, verification may be preapproved.
4. Once the Water Conservation Program verifies eligibility of the toilet(s) and final approval is granted, the rebate will be processed and a check will be mailed within 6-9 weeks.

COMMERCIAL & MULTI-FAMILY TOILET REBATE PROGRAM

GUIDELINES AND CONDITIONS:

Qualifying Applicants

Commercial, industrial, institutional, or multi-family customers who pay a water utility bill to the City of Fresno qualify to receive the Commercial & Multi-Family Toilet Rebate. This rebate is also available to landlords of properties serviced by the City of Fresno Water Division where the tenant is the water customer. Renters or tenants must provide written approval from the property owner or property manager for toilet replacement.

Qualifying Toilets

New toilets must be rated at 1.28 gallons per flush *or less* and must bear the *WaterSense* label. New dual-flush toilets may qualify but must bear the *WaterSense* label. New toilets must be installed at the location on the application. Old toilets being replaced must exceed 1.6 gallons per flush and must be manufactured before 1992.

Rebate Details

The rebate amount cannot exceed the purchase price of the new toilet.

Rebates are limited to 10 toilets per qualified commercial, industrial, institutional, or multi-family billing account. Rebate checks will be mailed 6-9 weeks after completing the rebate process.

Rebate Requirements

New toilets must be installed and rebate application must be submitted **within 45 days of purchase date**.

On-site compliance verification is required. Old toilets must either be inspected by a Water Conservation Program representative to verify eligibility **OR** written verification by a certified plumber or contractor may be submitted with the rebate application. Written verification must include the plumber/contractor's license number.

A copy of the original itemized, dated sales receipt for the new toilet(s) must be submitted with the rebate application. Toilet installation costs and new construction costs are not included in the rebate. Accessories and taxes are also not included.

Old toilets that are removed from the property before verification of eligibility will **NOT** qualify for a rebate. If a plumber/contractor provides written verification of its eligibility, the old toilet may be removed.

Incomplete, incorrect, or unsigned applications cannot be processed and will be returned to the applicant. Applicants must fulfill all program guidelines to be eligible for a rebate.
