

Residential Clothes Washer Rebate Program

REBATE SUMMARY

A rebate of **up to \$100** is available for the purchase of a new qualifying high-efficiency clothes washer that is certified as an ENERGY STAR appliance with a water factor of 6.0 or less. Rebates are limited to one (1) clothes washer per single family billing account for the lifetime of the account.

The average American family washes about 300 loads of laundry each year, and clothes washers account for more than 20% of water used inside the home. It is estimated that there are 76 million top-loading washers across the country, 25 million of which are at least 10 years old. Washers built before 2003 are significantly less efficient than newer models.

ENERGY STAR certified clothes washers use about 25% less energy and 33% less water than regular washers, and can help families cut their related energy and water costs. A full-sized ENERGY STAR certified clothes washer uses 14 gallons of water per load, compared to the 20 gallons used by a standard machine.

City of Fresno residential water customers may be eligible for a rebate when purchasing a new qualifying high-efficiency clothes washer. All qualifying clothes washers must have an ENERGY STAR label. More information about qualifying clothes washers can be found online at: https://www.energystar.gov/products/appliances/clothes_washers.

RESIDENTIAL CLOTHES WASHER REBATE PROGRAM

GUIDELINES AND CONDITIONS:

Qualifying Applicants

Customers who pay a water utility bill to the City of Fresno and who have property with existing single-family or multi-family dwellings qualify to receive the Residential Clothes Washer Rebate. This rebate is also available to landlords of single-family or multi-family residential properties serviced by the City of Fresno Water Division where the tenant is the water customer. Renters or tenants must provide written approval from the property owner or property manager for clothes washer replacement.

Qualifying Clothes Washers

Not all high-efficiency appliances qualify for this rebate. Only new high-efficiency clothes washers that are certified ENERGY STAR® models with a water factor of 6.0 or less are eligible. More information about the ENERGY STAR label and qualifying high-efficiency clothes washers can be found online at: https://www.energystar.gov/products/appliances/clothes_washers.

Rebate Details

The rebate amount cannot exceed the purchase price of the new high-efficiency clothes washer.

Rebates are limited to one (1) clothes washer per single family billing account for the lifetime of the account. Multi-family residential units, Planned Unit Developments (PUDs), Home Owners Associations (HOAs), mobile homes, and condominiums/townhouses under a shared utility billing account qualify as individual units and may receive one (1) clothes washer rebate for each unit.

Rebate checks will be mailed 6-9 weeks after completing the rebate process.

Rebate Requirements

New clothes washers must be installed and rebate application must be submitted **within 45 days of purchase date**.

A copy of the original itemized, dated sales receipt for the new qualifying high-efficiency clothes washer must be submitted with the rebate application. Installation costs and new construction costs are not included in the rebate. Accessories and taxes are also not included. Applicants will be notified if an inspection is required for final approval.

The qualifying high-efficiency clothes washer must be installed at the approved service address listed on the applicant's City of Fresno water utility billing account. Qualifying high-efficiency clothes washers must be new and must remain installed at the specified location for **at least six (6) months**.

Incomplete, incorrect, or unsigned applications cannot be processed and will be returned to the applicant. Applicants must fulfill all program guidelines to be eligible for a rebate.
