Check out more seasonal tips:

1

There's no need to turn your Halloween decorations into single-use waste. Save them for next year's festivities.

2

Properly dispose of your pumpkins by putting them in the green cart! Be sure to remove any candles, tea lights, or added decor before tossing them.

3

Give old costumes a spooky new life by donating them!

4

Remember to place candy wrappers in the trash, not recycling.

5

Turn off lights, stereos, fog machines, inflatables and other electronics when not in use.

6

Before disposing of any decorations, please remove batteries. Batteries must be taken to a household hazardous waste collection center. Find the nearest one [here](#).
