A MESSAGE FROM THE DIRECTOR

The FAX Handy Ride Guide was developed to help customers, families, caregivers, medical professionals, social workers, and others in using Handy Ride paratransit services. This guide was originally written in a collaborative effort between FAX staff and the City of Fresno's Disability Advisory Commission and is updated as needed.

FAX has provided Handy Ride paratransit service to Fresno residents since 1975 and updated the service to meet transportation requirements under the Americans with Disabilities Act (ADA) of 1990. The Handy Ride system is designed to provide paratransit service comparable to the FAX bus service to persons with disabilities. The goal is to provide equal opportunity and independence to all residents within the service area with a commitment to supply safe, convenient, and timely rides.

Joe Vargas
Director
Department of Transportation/FAX

GENERAL INFORMATION

What is FAX Handy Ride Service?

FAX Handy Ride is a service designed to meet the transportation needs of eligible persons with disabilities who cannot functionally use the FAX fixed-route FAX bus system.

The Americans with Disabilities Act (ADA) of 1990 requires public transportation agencies to provide paratransit service to eligible persons with disabilities that are comparable to the FAX bus service.

Handy Ride is a shared ride origin-destination service provided within the defined service area for any trip purpose. Handy Ride service has the same operating days and hours as the FAX fixed-route bus system.

Who operates the service?

The City of Fresno, through FAX, offers ADA paratransit service as part of its overall transportation program in the community. National Express Transit (NEXT), a professional transportation company, runs the Handy Ride service under contract with FAX.

What are the websites for the City of Fresno, FAX, and Handy Ride?

- City of Fresno: www.fresno.gov
- FAX: www.fresno.gov/fax
- Handy Ride: www.fresno.gov/transportation/fax/handy-ride

HANDY RIDE ELIGIBILITY

Who is eligible for service?

Handy Ride is a shared-ride transit service for ADA paratransit-certified individuals. Anyone meeting the eligibility criteria for ADA paratransit services is eligible for Handy Ride service. Once eligibility is approved, the individual will be certified and may travel with a personal care attendant, one companion (or more if space is available), and up to a maximum of four children under 6 years of age. Children 12 years old and under ride for free but, if under 6 years old, may only ride with a fare-paying adult.

Certified Visitors: Visitors from outside of the FAX/Handy Ride service area may receive Handy Ride service for up to 21 days in a 365-day period. Visitors will be asked to show documentation of their paratransit eligibility/certification from the city in which they live or, if that is not available, documentation of their place of residence outside of the Handy Ride service area and of their disability (if it is not clear). Visitors are certified within one business day of contacting FAX for service.

How does someone become certified for Handy Ride?

An application for Handy Ride service is needed to begin the 21-day evaluation process for service eligibility. Individuals may obtain a Handy Ride application several ways on the FAX website (<https://www.fresno.gov/transportation/fax/handy-ride/>), through the mail by contacting FAX at (559) 621-RIDE, or at either of the following locations:

- **Handy Ride**
4488 N Blackstone Ave., Fresno, CA 93726
- **Manchester Transit Center**
3590 North Blackstone Ave., Fresno, CA 93726

Based on the information provided on the application, trained personnel will conduct a functional-ability assessment. Using the standards outlined in the ADA, a determination of eligibility is made within 21 days following the submission of a completed application.

If FAX has not determined eligibility 21 days after the submission of an individual's completed application, the applicant will be treated as eligible and supplied service unless and until FAX decides about eligibility.

Applicants will receive an eligibility determination letter from FAX that will say whether they were considered eligible or not and whether it is a permanent or temporary certification. Applicants with a qualifying permanent disability will receive a three-year certification. Applicants with a qualifying temporary disability will receive certification for the length of time needed, up to three years.

To begin using Handy Ride, certified individuals will be directed to the Handy Ride office to have a free Handy Ride photo identification (ID) card made. Handy Ride will offer free transportation to obtain the Handy Ride ID card if needed. *(Note: During the COVID-19 pandemic, ID cards are being issued by mail and without photos. Photos will be added when pandemic restrictions end.)*

What if eligibility has been denied or is granted conditionally?

As described in FTA Circular 4710.1, "if the applicant is not prevented by a disability from using the regular fixed route transit service," they may be denied ADA paratransit eligibility. Individuals who are denied eligibility or are considered to have conditional eligibility may appeal the determination. An appeal must be filed with the FAX Paratransit Specialist in writing or by telephone by calling: (559) 621-5785 within 60 days of the date of the determination letter.

If the Paratransit Specialist accepts the appeal and overturns the eligibility determination, written notification of Handy Ride eligibility will be sent to the customer.

If the eligibility determination is upheld, the Paratransit Specialist will send a written notification that the individual is not eligible or is conditionally eligible to use Handy Ride services and the reason.

An applicant has the right to appeal the upheld determination by calling the City of Fresno's ADA Coordinator directly at (559) 621-8716. The ADA coordinator will review the decision and the appeal and make a final decision. Written notification of the decision and the corresponding reasons will be made within 30 calendar days of receipt of the appeal. If the second appeal decision takes longer than 30 days, paratransit service will be available unless and until a written decision to deny the appeal is issued.

What is the Recertification Process?

Recertification of Handy Ride eligibility requires sending or bringing a completed application to the FAX Handy Ride office. This should happen at least 21 days before the end date shown on the Handy Ride ID card. A notification letter and a recertification application are sent to Handy Ride customers approximately 45 days before the end of their Handy Ride eligibility. To ensure this notification is received, it is important to inform the Handy Ride office of any mailing address changes.

Recertification applications differ depending on whether the current eligibility is considered permanent or temporary. A short form to verify current contact information is sent to those with permanent disabilities; no healthcare professional input is needed. If eligibility is considered temporary, the long-form application is sent and includes pages that must be completed by a healthcare professional.

Can Handy Ride eligibility be suspended or revoked?

Yes. FAX understands the importance that paratransit service can play in a person's life but must also ensure a safe and professional environment for everyone involved, including customers and staff. Therefore, as described in Federal Transit Administration Circular 4710.1, Section 2.2.7, behavior that is violent, seriously disruptive, illegal, or is a direct threat to the health or safety of others can result in service denial. Depending on the seriousness of an incident(s), eligibility will be suspended for a period of 3 to 30 days or may be revoked. If incidents continue to occur after a suspension is over, service may be permanently denied.

SERVICE INFORMATION

What is the Service Area?

Per ADA requirements, FAX delivers Handy Ride paratransit service within a geographic boundary reflecting a minimum of three-quarters of a mile on either side of all routes making up the FAX fixed-route transit system.

Handy Ride Daytime Boundary Area Description

The Handy Ride Day Service map is bounded on the North between SR 99 East along the San Joaquin River until Copper, heading East along Copper until Maple, North to Knotting Hill Dr./Glasglow, and East to Willow.

On the East, the Handy Ride service area runs on Willow Avenue between Copper and Ashlan before turning East along Ashlan to Temperance. At Temperance, the Eastern boundary runs between Ashlan and Central.

On the South, the Handy Ride service area runs along Central between Temperance and Polk.

On the West, the Handy Ride service runs along Polk between Central and Ashlan, turning westward at Ashlan to Grantland. At Grantland, the Westward boundary runs between Ashlan to SR 99, turning Westward and running along SR 99 to the San Joaquin River.

Handy Ride Nighttime Boundary Area Description

On the North, the Handy Ride Night Service Map runs along Bullard from Golden State Blvd to Palm, heading North on Palm, east on Herndon, and north on Ingram to Audubon. The North boundary is Audubon is between Ingram and Friant, extending to Friant between Audubon and Shepherd, heading east along Shepherd to Millbrook. At Millbrook, the boundary heads south to Bullard and then heads east along Bullard until Willow.

The Eastward boundary for Handy Ride Night Service extends along Willow between Bullard and Ashlan. At Ashlan, Willow turns into Chestnut and continues south to Belmont. The Eastward boundary heads east on Belmont to Clovis, south on Clovis to Tulare, and east on Tulare to Fowler. The boundary extends south on Fowler, west on Butler, and south on Chestnut to Central.

The Southward boundary runs along Central between Chestnut and Thorne before heading North at Thorne.

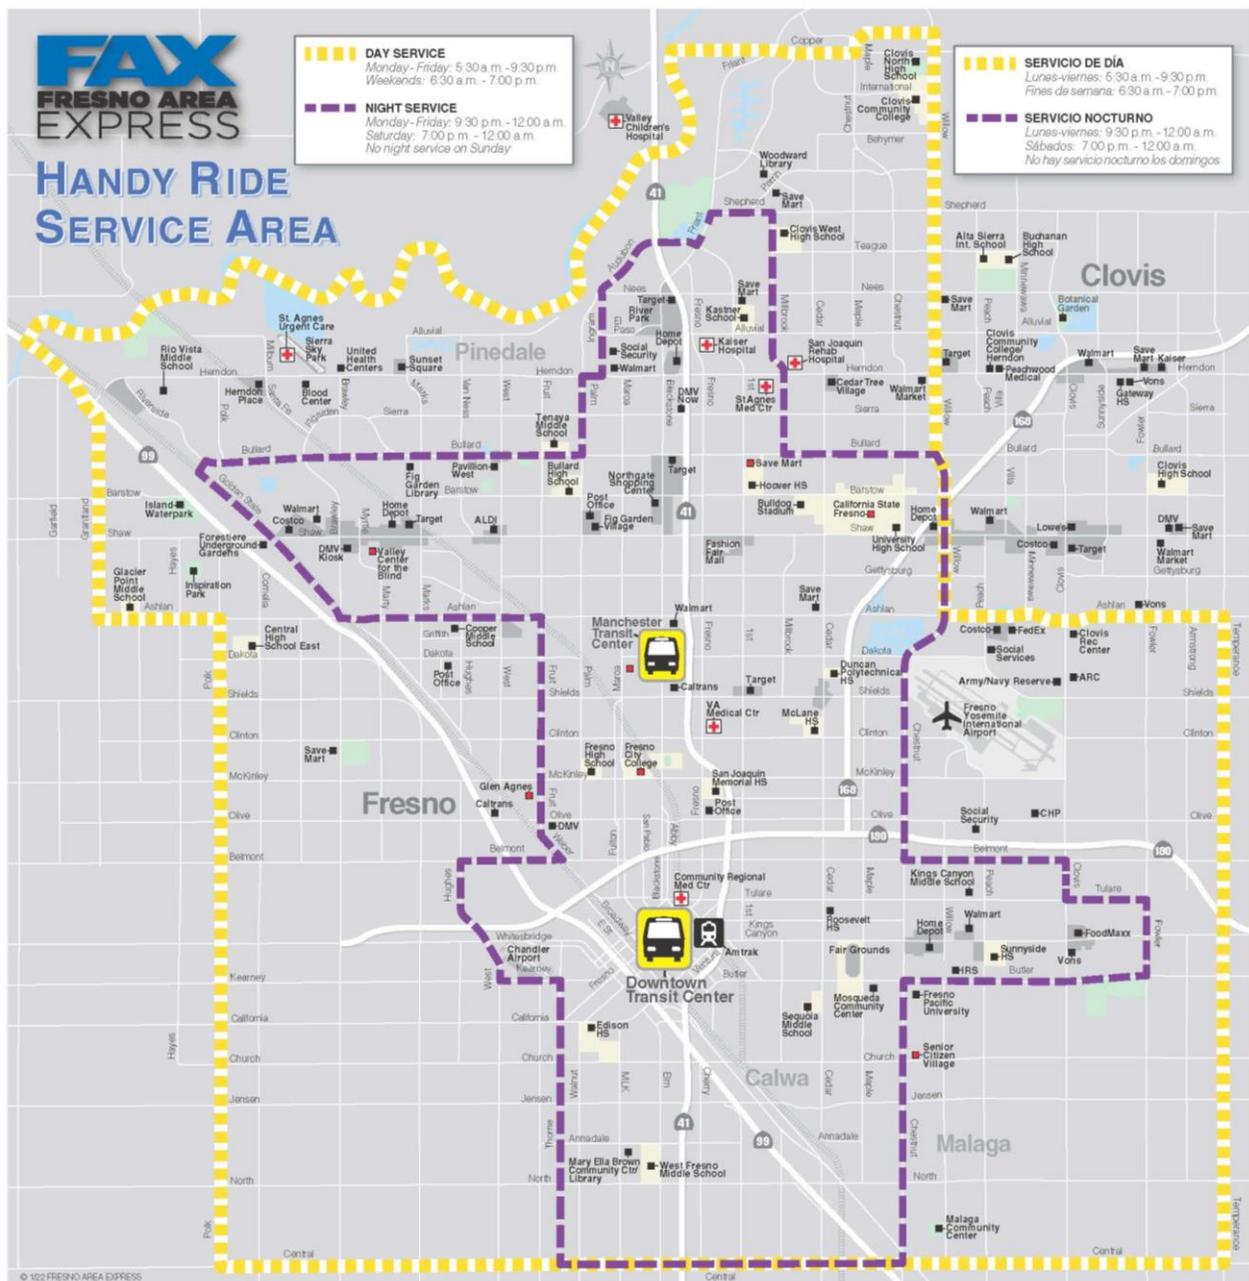

These boundaries satisfy ADA requirements to meet the three-quarters of a mile minimum service area on either side of all routes making up the FAX fixed-route transit system.

The Handy Ride Day and Night Service boundaries are integrated into a single map, shown below.

Day and Night Service Area Boundary Map

Handy Ride Day Service is provided within the yellow boundaries on the map below on Monday through Friday from 5:30 a.m. to 9:30 p.m. and on Saturdays and Sundays from 6:30 a.m. to 7:00 p.m.

Handy Ride Night Service is provided within the blue boundaries outlined on the map below from 9:30 p.m. to midnight Monday through Friday, and from 7 p.m. to midnight on Saturdays. Night service is not offered on Sundays.

What Holidays are observed?

- Handy Ride will not run on Thanksgiving Day and Christmas Day.
- Handy Ride will offer Sunday-level service on the following holidays:
 - New Year's Day
 - Martin Luther King Jr.
 - Presidents' Day
 - Memorial Day
 - Independence Day
 - Labor Day
 - Veterans Day
 - Day after Thanksgiving
 - Christmas Eve

The automated cancellations line is available on holidays.

How much does Handy Ride cost?

Fares (exact fare required):

Certified Individual per Ride Fare	\$1.25
Certified Individual Monthly Pass Rate (60 one-way trips)	\$36.00
Certified Individual's Personal Care Attendant.....	Free
Certified Individual's Companion(s) per Ride Fare.....	\$1.25
Certified Individual's Children (under age 6, max of 4 children).....	Free
Certified Children 12 years old and younger	Free
Certified Veterans and Active Military members.....	Free

How can I request a ride?

Reservations

Reservations may be made one to two days in advance of a requested trip by speaking to a reservationist.

Handy Ride reservation hours are 8:00 a.m. - 5:00 p.m. Monday through Sunday. The telephone number is (559) 621-5770.

Subscription Service

A subscription service is when a certified person arranges a standing appointment for a ride, such as an 8:00 a.m. Monday through Friday departure for work and 5:00 p.m. return trip; or a weekly trip, like going to church. Once a customer is on a subscription service, more reservations for the subscription trips are not needed. There is a limit to the number of subscriptions available and a waiting list is used if the maximum number has been reached. As with any reserved trip, subscription trips must be cancelled no less than 1 hour before the scheduled trip to avoid a No-Show. This includes holidays. If your subscription trip lands on a holiday for which you then do not need the ride, contact Handy Ride to cancel and avoid a No-Show.

Exceptions to Subscription Service

Subscriptions that land on Thanksgiving Day or Christmas Day, when Handy Ride is closed, will automatically be cancelled. Subscriptions that land on other observed holidays will NOT automatically be cancelled. You must contact Handy Ride to either cancel these trips or revise the scheduled time if affected by the holiday.

Handy Ride customers who cancel 50% or more of their subscription bookings in a month will have that subscription booking suspended. They will not be able to rebook that subscription request for 30 service days and may be placed on a waiting list if all subscription slots are full.

A subscription booking will be in effect for a maximum of one year from the date of scheduling. Before each one-year anniversary, the Handy Ride staff will notify the customer of the need to renew their subscription booking. Renewal is not guaranteed and is subject to restrictions.

What information is needed to make a reservation?

Certified person's name – Required

Telephone Number/Cell Phone Number – Optional

Pick-up and Drop-off Address

Include any apartment numbers, suite numbers, building numbers, locations within a building complex, telephone numbers (if known), and the name of the locations where pick-up and drop-off are needed.

Requested Pick-up or Drop-off Time

A pick-up time or drop-off time can be requested when making a reservation.

If arriving at a particular time is most important (e.g., for a medical appointment) request a drop-off time that allows sufficient time to travel from the drop-off location to the destination point. For trips with requested drop-off times, the trip will be scheduled so that the arrival will be at or before the requested time. It is helpful to tell the reservation agent of the appointment time as well. The 30-minute pick-up window and possible 90-minute ride time will be taken into consideration during scheduling.

Based on the requested pick-up or drop-off time and the schedule of the vehicle, the reservation agent may negotiate a time with the individual that could be up to an hour before or after the desired pick-up or drop-off time.

For example, for a pick-up, if a trip is requested with a 9:00 a.m. pick-up time, the regulations allow the agency to offer a pick-up time between 8 a.m. and 10 a.m. Or, in a case when a 4 p.m. pick-up is requested due to the end of a workday, the reservationist can offer a pick-up time between 4 p.m. and 5 p.m.

For a drop-off, if arrival at a location needs to be at a set time of 4 p.m., the reservationist will offer a drop-off time between 3 p.m. and 4 p.m.

It is recommended that the reservation booking ID number be written down for reference.

Tell the reservationist if a mobility device will be used, or a Personal Care Attendant (PCA) will be traveling with the certified person.

Tell the reservationist if door-to-door service or other help is needed as a policy exception may be needed for that trip.

Return Pick-up Time

For a return pick-up time, please supply the scheduled time of the return trip. If a return pick-up time is not known, please supply an estimated time.

Service Animal or Mobility Device

Tell the reservationist if a service animal and/or mobility device is needed for the trip.

Number of Travel Companions and/or Children

Include the number of companions, PCAs, and children.

When will the bus arrive for a pick-up and how long will it wait?

Scheduled Pick-up

To sustain on-time performance, Handy Ride makes every effort to arrive for a scheduled pick-up within a 30-minute period. For example, a vehicle that is on time for a 10:00 a.m. pick-up would arrive between 10:00 a.m. and 10:30 a.m.

The 5-minute Wait Rule

Once the Handy Ride vehicle arrives at the pick-up location, the driver must wait for 5 minutes for the certified person to board the vehicle. If that hasn't happened after five minutes, the driver must leave for the next scheduled pick-up and the scheduled ride will be considered a No-Show.

What is a No-Show?

A No-Show occurs when a Handy Ride customer does not cancel a scheduled or subscription pick-up more than one hour before the scheduled pick-up time. This includes when a Handy Ride vehicle arrives for a certified person who does not take the ride. The driver will contact the Handy Ride dispatch office to try to reach the customer by telephone and verify that the driver is at the correct location, but the driver will not wait longer than 5 minutes.

No-Shows make it difficult to sustain efficient service and cause delays and inconveniences for other riders. Handy Ride will investigate and find the cause of a No-Show. Handy Ride services may be suspended, or subscriptions canceled for individuals who have a practice of missing scheduled or subscription trips.

Will Call service, what is it?

Will Call service is a “call when ready service.” Will Call service is restricted to medical trip purposes. The number of Will Calls available each day will be calculated by Handy Ride supervisors and dispatchers based on the number that Handy Ride can accommodate without negatively affecting previously scheduled trips. Will Call limits will be approved by FAX. Will Calls will be accommodated within 90 minutes of the call informing Handy Ride that the customer is ready.

How long does a trip take?

The length of the Handy Ride trip can be up to 90 minutes, affected by several factors including the distance from the origin to the destination address, traffic conditions, and the service provided to other customers who share the ride. Individuals may expect that a trip taken on Handy Ride would compare in length to the same trip taken on the FAX fixed-route system.

What happens if Handy Ride arrives outside the pick-up window?

When a ride is scheduled, a pick-up window will be provided. The pick-up window for Handy Ride is within 30 minutes. For example, if the scheduled pick-up time is 10:00 a.m., the pick-up window is between 10:00 a.m. and 10:30 a.m. If the vehicle arrives outside the pick-up window, the ride is free. Monthly pass holders will receive one free trip over the 60-ride limit for each trip that occurs outside the pick-up window.

How can a reservation be changed or cancelled?

Should a change in plans or illness create the need to change or cancel a reservation, call the Handy Ride office at (559) 621-5770 as soon as possible.

To avoid receiving a No-Show, the call to cancel a trip must be placed at least one hour before the scheduled pick-up time. Multiple No-Shows can result in suspension or termination of eligibility for Handy Ride service.

Who can answer questions about pick-ups?

The Handy Ride reservationist or dispatcher can answer questions about pick-ups. When possible, the certified individual should make follow-up calls personally to avoid confusion. Contact Handy Ride Reservations/Dispatch at (559) 621-5770 for pick-up information.

Who may travel with certified individuals?

Personal Care Attendant (PCA)

A personal care attendant is someone chosen or employed specifically to help the certified individual meet their personal needs. An individual designated or employed in this role is always accommodated on the vehicle. A PCA may ride at no added cost. The need for a personal care attendant must have been shown on the application for Handy Ride service or a revision to the original application via a PCA form. The form can be provided by contacting the Handy Ride office.

Companion

A companion is an individual selected by the certified person to go with them on a trip. One companion rider will be allowed. More companions will be served on a space-available basis. Each companion must pay \$1.25 per ride. Individuals who travel with a certified person must have the same origin and destination points.

Children

Up to four children under the age of six may go with the certified individual at no cost. Additional children must ride as companions on a space-available basis. Children under the age of six may only travel when accompanied by a fare-paying adult. Children aged 12 or younger ride free, and older than 12 pay the standard fare.

Service Animal

Service animals, as described in U.S. Department of Transportation ADA regulations (49 CFR Section 37.3), are allowed to ride with the certified person at no added cost.

OTHER IMPORTANT INFORMATION

Is there a limit on the size of a mobility device?

Yes. Most of the accessible vehicles in the Handy Ride fleet are designed to accommodate a mobility device no larger than 33 inches wide by 50 inches long/and or weighing up to 800 pounds, including the customer. While Handy Ride makes all reasonable efforts to accommodate customers, if a mobility device is larger than this, it may not be possible to transport it either because it would damage the vehicle or would impose an unreasonable safety hazard.

It is strongly recommended that while on the lift of the bus or in the bus, the person using an electric wheelchair or scooter turn off the power. This is not, however, a requirement.

What are important things to know?

- NO Same-Day reservations are allowed.
- Handy Ride ID card must be shown to the driver when boarding the vehicle.
- When using cash, an exact fare is required. Drivers do not carry change.
- Drivers must secure mobility devices to the vehicle.
- Do not talk to the driver when they are driving.
- Customers must use lap belts and are given the choice to use shoulder belts. The driver will help with the belts unless the customer asks to secure themselves.
- Children under eight years of age or weighing less than 60 pounds must ride in a child safety seat provided by the customer.
- Handy Ride is a shared-ride service, meaning other customers can be transported at the same time.
- The FAX Carts and Cargo Policy can be found on the FAX [website](#) on the Plans, Reports, & Notices page.
- Handy Ride is an origin-destination service, meaning customers are picked up and dropped off at the nearest location along the street/curb in front of the departure and destination points. Drivers will help with boarding and exiting the vehicle and to and from the sidewalk/street.
NOTE: If a customer needs help to and from the door, it can be provided. It is important to notify Handy Ride when scheduling trips if help is needed to or from the door as a trip exception will be needed. If a location is new or conditions change, the driver will help, as necessary.
- For safety reasons, drivers are to always keep the vehicle in sight. They may not travel further than 100 feet from the vehicle when helping a customer. Case-by-case situations may require modifications to ensure that the origin-to-destination requirement is met.
- Not Permitted on Handy Ride vehicles: eating, drinking, smoking, portable radios/music devices, noisemakers, musical instruments, gambling, spitting, littering, weapons, and explosives, including fireworks.

Drivers must stay within sight of the vehicle and may travel no further than 100 feet to help a customer.

CITY OF FRESNO DISABILITY ADVISORY COMMISSION (DAC)

The photograph above shows members of the Disability Advisory Commission (DAC) meeting via Zoom.

The City of Fresno Mayor, Jerry Dyer, affirms the importance of the DAC's charge to inform the Mayor, City Council, and staff on issues affecting persons with disabilities and seek avenues for improving services for people with disabilities in the larger community.

The DAC is a seven-member body made up of community leaders appointed by the Mayor and approved by the City Council; five of the seven members must be persons with disabilities. The current DAC embodies many years of professional experience with a range of disabilities.

DAC meetings are typically held on the second Tuesday of most months, from 10:00 to 11:30 a.m. at City Hall (via Zoom during the COVID-19 pandemic). Meeting dates and times are subject to change. There are no regularly scheduled meetings in July or December. Additionally, the DAC Transportation Subcommittee meetings are held every two months on the 4th Wednesday from 2:00 to 3:30 p.m. All are welcome to attend.

For more information, contact the City of Fresno ADA Coordinator at (559) 621-8716 or visit www.fresno.gov/ada.

CUSTOMER SUPPORT

Is training available to learn how to use Handy Ride?

Agencies in our community offer training to people with disabilities who would like to learn how to use the Handy Ride system. Contact the Handy Ride office at (559) 621-7433 for more information.

Who should be contacted about Lost and Found items?

For items lost or found on a Handy Ride vehicle, contact the Handy Ride office at (559) 621-5770.

What is the process to convey a compliment?

A compliment may be given verbally or in written form. The Compliment Form is available on the FAX website and at the Handy Ride office and Manchester Transit Center. If help is needed to express a compliment, please contact the FAX at (559) 621-7433.

What is the Inquiry/Complaint Process?

The inquiry/complaint process gives FAX feedback to improve Handy Ride services. Inquiries may be about issues such as Handy Ride service, a driver, or office staff.

- An Inquiry is an unsigned complaint or question. Once received at Handy Ride it will be reviewed and handled appropriately. If it involves a bus driver it will be provided to the driver's supervisor who will then decide the next step. Investigations are only conducted for unsafe driving or Formal Complaints (see below).
- A Formal Complaint is a formally written and signed statement given by a member of the public alleging misconduct on the part of a FAX or Handy Ride employee or about a non-employee issue. Supervisors will conduct investigations upon receiving formal complaints.

An individual who wishes to file an inquiry or a complaint may send a letter to FAX, deliver a FAX Inquiry/Complaint form in person, call 621-RIDE, or remit the online contact form on the FAX website. The Inquiry/Complaint

Form is available on Handy Ride vehicles, on the FAX website, at the Handy Ride office and MTC, or one can be mailed upon request. FAX staff can be reached at (559) 621-7433 for help.

A completed or signed form can be mailed to the following:
