### NOTES

- [1] UCR Data determined to be 95% accurate. In December 1999, a new CAD/RMS system was brought in which did not accurately capture DER larceny counts, resulting in a lower than normal larceny count. It was discovered that the new RMS/CAD system resulted in several months of duplicate values. These duplicate values inflated the crime statistics and our [2] A preliminary report was released to the PIO in February 2002. This report reflected 421,568 CFS for 2001. Further analysis revealed this information was derived using a Data911 internal report which included not only unique police events, but also fire events. The correct data as of 3/22/2002 is reflected in the above table.
- [3] The number of homicides reported included one more than actually occurred. The difference was due to an unreported death from 2000 that was reclassified in 2003 to a homicide as a result of improved forensic findings. The November 2003 report also reflected three previously reported homicides that were later deemed justifiable, resulting in a negative three.
- [4] The population was adjusted to reflect the figures published by the City of Fresno Development Department, California State Department of Finance.
- [5] As of Jan 2004, carrying forward a process that began in 2003, arsons are not reported until an arson investigator investigates the report and deems it an actual arson. FPD has adopted a new program, National Fire Incident Reporting Systems (NFIRS), and not all records have been imported at this time.
- [6] The number of homicides reported included one more than actually occurred in 2004. The difference was due to an unreported death from April 2003 that was reclassified in February 2004 to a homicide as a result of improved forensic findings.
- [7] FPD reorganized a reporting process. Arson counts for April 2004 are lower than normal. Preliminary indications reflect that May will be significantly higher due to a cumulative adjustment.
- [8] e-Reports added to correct system compatibility issues (March).
- [9] Arson category represents a cumulative adjustment of 2 months of arson cases given to arson investigators for review.
- [10] May - Aug arson counts not complete until reviewed by the FPD arson investigator.
- [11] Homicide count includes a prior year death ruled as a homicide this year.
- [12] Violent Crime & Property Crime totals include prior year counts.
- [13] FPD reorganization: CVU was established on May 1, 2006 under Lieutenant Mark Salazar. CVU is comprised of 17 UCR Clerks and 6 Crime Analysts, that work collectively to provide accurate and timely deliverance of the Return & Report.
- [14] FPD reorganization: CVU was established on January 15, 2007 under Sergeant Tom Rowe.
- [15] Jan - Jun 2007 e-Reports (larcenies) were all added to July's counts.
- [16] FPD district boundaries were revised & implemented on January 1, 2009.
- [17] Due to software conversion, arson counts were added to the Index Total inflating the numbers for years 2005 - 2008. Adjustments were made to correct sub-totals.
- [18] FPD district boundaries were revised & implemented on January 1, 2011, going from five districts to four.
- [19] Due to transition from paper copy report to automated reports, 2 Justifiable Homicide count were under reported for the year of 2010 and 2011. Adjustments were made in house but FBI counts will remain the same.
- [20] In January 2015, the definition of Sexual Assault changed from gender based (male on female) to any non-gender non-consensual sexual assault. Those specific numbers are available on the 2015 UCR Return-A's submitted to DOJ. In December New Method of Rape counts were added.
- [21] In October 2016, the districts were re-aligned to add Central to the FPD district boundaries.
