

DATE: June 30, 2018

TO: JERRY P. DYER, CHIEF OF POLICE
Office of the Chief

FROM: LENNIE LUJAN, SERGEANT
Student Resource Officer Unit Supervisor

SUBJECT: STUDENT RESOURCE OFFICERS SPRING 2018 STUDENT CONTACT ANALYSIS

This Student Contact Analysis (SCA) report provides an analysis of documented student contacts at the 18 campuses where the Fresno Police Department staffs Student Resource Officers (SROs). These campuses include high schools and continuation schools in the Fresno Unified School District (FUSD), Central Unified School District (CUSD), and Fresno County Office of Education District (FCOE) and middle schools in FUSD and CUSD. SROs are currently assigned to Bullard, Central East, Duncan Polytechnical, Edison, Fresno, Hoover, McLane, Roosevelt, and Sunnyside High Schools; Cambridge and Pershing Continuation High Schools; Phoenix Secondary Academy; El Capitan, Fort Miller, Glacier Point, and Rio Vista Middle Schools; Violet Heintz Education Center; and Pathway Community Day School.

SCA reports are published quarterly. This SCA report covers the reporting period for April through June 2018. The SCA data contained in this analysis is generated by reporting mechanisms required of SROs and maintained by the sergeant assigned to the SRO unit. Citation and arrest data is also maintained automatically in the Department's Report Writer Systems under each officer's identification.

The total student population is 23,403 school age youth in all campuses where SROs are assigned for this quarter. Demographic information and student populations were provided by each school site and represent a point in time analysis for June 2018.

The demographic breakdown of the City of Fresno used for Demographic Data Analysis, as reported in the US Census Bureau's most recent published information, is as follows:

- Hispanic 46.9%,
- White 30.0%,
- Asian 12.6%,
- Black / African American 8.3%,
- American Indian / Alaskan Native 1.7%, and
- Hawaiian / Pacific Islander 0.2%.

The demographic breakdown of the schools where SROs are assigned is as follows:

- Hispanic 64.91%,
- Asian 12.99%,
- White 10.49%,
- Black 9.37%,
- Multiracial 1.27%,
- American Indian / Alaskan Native 0.55%,
- Hawaiian / Pacific Islander 0.41%, and
- Unknown 0.01%.

A review of the SCA for this reporting period showed there were a total of 221 reported crimes. Of the reported crimes, 15 were felonies, 182 were misdemeanors, and 24 were infractions reported for 23,403 students on the 18 campuses where SROs are assigned. This represents that 0.94% of the student population (221 of 23,403 students) were involved in reported criminal activity during this period of analysis.

Of the 221 reported crimes, 30 juveniles were booked into the Fresno County Juvenile Justice Campus. Additionally, 68 students who were contacted by SROs for being involved in low-level, non-violent criminal behavior were either reprimanded and released or were involved in restorative practices or peer mediation practices involving school staff. This equates to 30.8% of all crime-related contacts made by SROs during this reporting period being diverted from the Juvenile Justice System through alternative resolutions and effective use of restorative practice techniques.

The demographic data of the 221 youth committing reported crimes during this analysis period is as follows:

- Hispanic 66.97%,
- Black 21.72%,
- White 7.24%,
- Asian 2.71%,
- Multiracial 0.90%, and
- American Indian / Alaskan Native 0.45%.

The demographic data of the 68 youth who were reprimanded and released or involved in restorative practices, including peer mediation and Youth Court, is as follows:

- Hispanic 73.53%,
- Black 19.12%,
- White 2.94%,
- Asian 2.94%, and
- Multiracial 1.47%.

Of the 221 reported crimes that occurred for this analysis period on school campuses where SROs are assigned, the following crimes were most often reported:

- 65 violations of Penal Code 415, disturbing the peace (29.41% of all reported crimes),
- 45 violations of Penal Code 242/243, assault & battery (20.36% of all reported crimes), and
- 29 violations of Health & Safety Code 11357, possession of marijuana (13.12% of all reported crimes).

The data reflected in the current SCA report will be reviewed and then compared to the next SCA report to determine what modifications, if any, should be made to the Student Resource Officer unit to enhance its effectiveness.

LL/RF
