SUBJECT: SPRING 2019 STUDENT CONTACT ANALYSIS (SCA)

This Student Contact Analysis (SCA) report provides an analysis of documented student contacts at the 14 Fresno Unified School District (FUSD) middle schools, one continuation high school, and one elementary school where Student and Neighborhood Resource Officers (SRNOs) are staffed. The SNRO unit is supported by a three-year federal Community Oriented Policing Services (COPS) grant and a partnership between the Fresno Police Department and the Fresno Unified School District. The unit has officers assigned to DeWolf Continuation High School, Ahwahnee, Baird, Computech, Cooper Academy, Gaston, Hamilton, Kings Canyon, Scandinavian, Sequoia, Tehipite, Tenaya, Terronez, Tioga, and Yosemite Middle Schools. The unit also has one officer assigned to Manchester Gate Elementary School.

SCA reports are published at the conclusion of each school semester. This SCA report covers the reporting period for January through June 2019 (spring semester). The SCA data contained in this analysis is generated by reporting mechanisms required of SNROs and maintained by the sergeant assigned to the SRO unit. Citation and arrest data is also maintained automatically in the Department's Report Writer Systems under each officer's identification. The SCA report may contain a slight variance in statistical data.

The total student population is 11,517 school age youth in all campuses where SNROs are assigned for the spring semester. Demographic information and student populations were provided by each school site and represent a point in time analysis for June, 2019.

The demographic data used for the purposes of this report were obtained from the US Census Bureau website;
