CONTROLLER'S TRANSMITTAL LETTER

Jerry Dyer
Mayor

Georganne A. White
City Manager

2600 Fresno Street, Suite 2156 - Fresno, California 93721-3622

March 17, 2023

The Honorable Mayor Jerry Dyer and Members of the City Council
Distinguished Citizens of the City of Fresno

We are pleased to present the Annual Comprehensive Financial Report (ACFR) of the City of Fresno, California (City) for the fiscal year ended June 30, 2022 (fiscal year 2021-2022), with the Independent Auditor's Report, submitted in compliance with City Charter Section 804(c) and Section 1216. The ACFR has been prepared by the Finance Department in conformance with the principles and standards for financial reporting set forth by the Governmental Accounting Standards Board (GASB).

Responsibility for both the accuracy of the data, as well as the completeness and fairness of the presentation, including all disclosures, rests with the City. The existing comprehensive structure of internal accounting controls in the City provides reasonable assurance that the financial statements are free of any material misstatements. Since the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

The City recognizes that even sound internal controls have inherent limitations. We believe that the City's internal controls adequately safeguard assets, that the reported data is accurate in all material respects, and that its presentation fairly depicts the City's financial position and changes in its financial position as measured by the financial activity of its various funds. We are confident that the included disclosures provide the reader with an understanding of the City's financial affairs.

Accounting principles generally accepted in the United States (GAAP) require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The MD&A can be found immediately following the report of the independent auditors, beginning on page 5.

General Background

The City of Fresno is located near the geographical center of California, approximately 200 miles north of Los Angeles and 170 miles south of the State capital, Sacramento. The City has land area of 115.2 square miles. With over half a million residents (543,660 as of January 1, 2022), Fresno is the 5th largest city in California by population, and 35th largest in the nation. The City is part of the Fresno-Clovis metropolitan area, which is the second largest metropolitan area in the Central Valley after Sacramento.

With its close proximity to Yosemite National Park (60 miles), Fresno also serves as gateway to Sequoia National Park (75 miles), Sierra National Forest (40 miles) and Kings Canyon National Park (75 miles).

Named for the abundant ash trees lining the San Joaquin River, Fresno was founded in 1872 as a railway station of the Central Pacific Railroad before it was incorporated in 1885.

Population Growth (in thousands)

Government and Budget

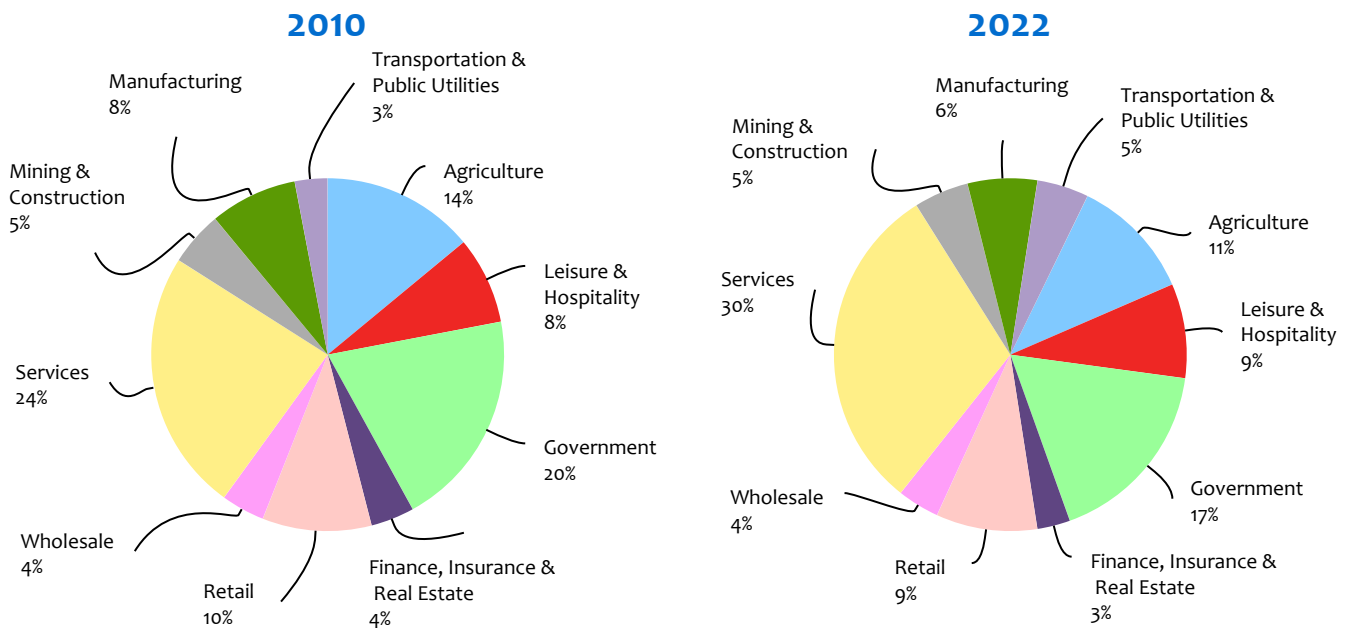

The City operates under the strong-Mayor form of government. Under this form of government, the Mayor serves as the City’s Chief Executive Officer, appointing and overseeing the City Manager, recommending legislation, and presenting the annual budget to the City Council (Council).

The budget of the City of Fresno, within the meaning and context of Section 1205 of the City’s Charter, must be adopted by Council resolution no later than June 30th of a given year. As provided by Section 1206 of the Charter, any adjustments in the amounts appropriated for the purposes indicated at the department/fund level shall be made only upon a motion to amend the resolution adopted by the affirmative votes of at least five Council members. Administrative changes within the department/fund level may be made without approval of Council within written guidelines established by the City Manager.

Industry and Economy

Fresno is the economic hub of Fresno County and the San Joaquin Valley, with much of the surrounding areas in the Metropolitan region predominantly tied to large-scale agricultural production. While agriculture still makes up a large component of the region's employment base (11% of jobs), the Fresno economy continues to diversify, as evidenced by the fact that services (30% of jobs) and government (17% of jobs) employ more people than agriculture.

2010 vs. 2022 Estimated Number of Workers by Industry

Source: CA Employment Development Department

Distribution is playing a growing role in the City's economy, as evidenced by the Old Navy Pacific Distribution Center, the Ulta Beauty Fulfillment Center, and the Amazon Fulfillment Center. Public sector and healthcare employment are also major contributors to the City's economy.

Principal Employers (Public & Private Sector)

Employer	Employees
Fresno Unified School District	13,669
Community Medical Centers	9,000
County of Fresno	8,870
Amazon	6,500
Clovis Unified School District	6,400
City of Fresno	4,605
Internal Revenue Service	4,230
Foster Farms	3,063
Valley Children's	3,000
Saint Agnes Medical Center	2,900

Economic Overview

Agriculture remains one of the backbones of the Fresno area's economy and continues to be robust. Fresno County's agricultural strength rests in its diversity with more than 400 commercial crops providing gross production of \$8.08 billion in 2021, an increase of 1.47% from 2020.

Almonds continue to be the lead on Fresno County's Top Ten crop ranking with \$1.4 billion gross value in 2021, followed by grapes at \$1.35 billion.

California produces most of the grapes grown in the United States with 99.5% of raisins coming from Fresno County. Additionally, the region is a significant exporter to many countries throughout the world. In 2021, Fresno County exported 89 unique agricultural commodities to 96 countries around the world.

2022 Diversified Agricultural Base

Fiscal Year 2022 Economic Conditions & Financial Impact

The Fresno economy continued to steadily progress during fiscal year 2022 while continuing to recover from the effects of the COVID-19 pandemic, as is shown in the table below:

Economic Indicator	2021	2022	Change (%)
Assessed Value	\$40,869,953,930	\$42,380,247,793	3.7%
Taxable Sales	\$17,279,862,069	\$26,603,310,345	54.0%
Unemployment Rate	12.13%	5.60%	-53.84%
Building Permits	10,432	12,359	18.5%

Local economic improvements were similarly on display when considering key City of Fresno finance indicators as summarized below:

- Total Assets increased \$868.0 million (21.7%) from the fiscal year 2021 year-end Total Assets balance of \$4,001.0 million.
- Revenues increased \$222.2 million (23.9%) from Revenues for fiscal year 2021, which totaled \$930.5 million.
- Expenses declined \$16.1 million ((1.7%)) to \$927.5 million.
- Total Net Position increased \$218.0 million (8.4%) from fiscal year 2021's total of \$2,604.7 million.

Summarized below are key metrics reflecting changes within the City's General Fund:

- Total Assets increased \$8.7 million (5.3%) over the fiscal year 2021 Total Assets year-end balance of \$163.0 million. Growth in Unrestricted Cash of \$6.9 million was the primary driver behind the overall growth in Total Assets.
- Total Liabilities increased \$5.8 million (15.3%) from the fiscal year 2021 year-end Total Liabilities of \$38.0 million. A \$15.0 million increase in Deposits from Others was the primary reason.
- Revenues increased \$30.6 million (8.1%) from fiscal year 2021's Revenues of \$377.0 million. Significant growth was seen in the economy-driven revenues, such as Sales Tax.
- Expenditures decreased \$-13.7 million (3.5%) from fiscal year 2021's \$388.1 million Expenditure level. Increases in Public Protection and Capital Outlay expenditures were the primary factors of the overall increase in General Fund Expenditures.

These results and others are discussed in greater detail in the Management's Discussion & Analysis, which begins on page 5.

How Fresno Compares to the 25 Largest California Cities

Though improved, the City of Fresno's financial position still lags behind other large cities in California when it comes to assets available for use to support the City's population. As the table on page VII demonstrates, the difference between population ranking and assets per capita is one of the largest among the 25 largest California cities by population. It is important to note that the City's assets are augmented by the Net Pension Asset, which no other city in the survey possesses. The lack of assets puts the City of Fresno at a disadvantage when it comes to providing services to its citizens, because there is an inadequate asset base to efficiently address the needs. Thus, it is imperative that fiscal prudence is maintained and the plan to build all assets, especially cash and capital assets, is continued.

Subsequent Events

Summarized below are events that materially affected the City's finances, which occurred after June 30, 2022:

- Moody's upgraded the City's Lease Revenue Bond from A3 to A2, its Pension Obligation Bond rating from Baa1 to A1, and its General Obligation rating from A2 to A1 on December 19, 2022. All three ratings maintained a Stable outlook.
- Standard and Poor's upgraded the City's General Obligation rating from A+ to AA-, its Pension Obligation Bond rating from A+ to AA-, and its Lease Revenue Bond from A to A+ on November 14, 2022. All three ratings maintained a Stable Outlook.
- The Fresno Yosemite International Airport expects to receive \$70 million from the issuance of proposed Bonds to support design and construction of expansion projects.

All of these subsequent events are discussed in detail in Note 17, which begins on page 167.

Certificate of Achievement

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its ACFR for the fiscal year ended June 30, 2021. This was the 29th consecutive year that the City has achieved this prestigious national award. The Certificate of Achievement is the highest form of recognition in the area of governmental accounting and financial reporting. In order to be awarded a Certificate of Achievement, the City must publish an easily readable and efficiently organized ACFR whose contents conform to program standards. The ACFR must satisfy both Generally Accepted Accounting Principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of only one year. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements, and are submitting it to the GFOA to determine its eligibility for another certificate.

Total Government-Wide Assets per Capita Top 25 California Cities Comparison

City	Total Assets	ACFR Year	Population California Department of Finance As of January 1, 2020	Assets per Capita	Population Ranking	Per Capita Asset Rank	Net Pension Asset/(Liability)

Ontario	\$ 2,881,638	2022	179,516	\$ 16	25	4	\$ 150,461

* These cities have Governmental Activities only.

** This figure represents the prefunded Net Pension Asset/overfunding applicable to future years. For peer cities, it represents the underfunding of pension liabilities.

Note: Only figures for each Primary Government were used as of June 30, 2022 ACFRs (2021 when 2022 not available). In cases where Component Units were reflected in separate Columns, Component Unit numbers were excluded.

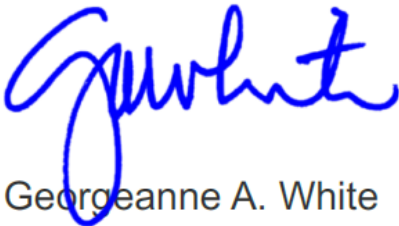

Acknowledgments

The preparation and completion of the City of Fresno ACFR requires tremendous commitment and would not be possible without the dedication and professionalism of the City's Finance Department staff. This year presented extraordinary challenges for the team, yet they remained steadfast in their resolve to prepare and complete the report.

Additionally, staff throughout each department in the City provide significant supporting working with the Finance team to complete the report. Their invaluable contributions made the preparation of this report possible. Sincere appreciation goes out to the staff in all City departments for their cooperative efforts in responding to the many questions and requests for detailed information that accompanies each annual audit.

Lastly, thank you to the team at The Pun Group for their professional support in the preparation of the ACFR. And thank you to the Mayor, the City Council members, and the members of the City Manager's Office for their continued leadership and support in planning and conducting the City's financial operations.

Respectfully submitted,

Georgeanne A. White
City Manager

Santino Danisi
Finance Director/City Controller

CITY OPERATING FUND STRUCTURE

ENTERPRISE FUND

Proprietary Fund Types operate as if they were private businesses. One type is Enterprise Funds.

These funds provide services to other governmental and non-governmental entities, including individuals and businesses.

- Transportation (FAX)
- Convention Center
- Airports
- Economic Development
- Public Utilities
- Park (Golf Course)

GENERAL FUND

The General Fund is used to account for unrestricted revenues. Revenues received by the City that have no legal or contractual restriction are placed in the various funds within the General Fund.

Appropriations may be made from the General Fund for any legal City activity. Revenues such as sales tax, property tax, and business tax are a few examples of General Fund revenues.

- Mayor
- City Manager
- City Council
- City Clerk
- City Attorney
- Finance
- Fire
- Planning & Development
- General City Purpose
- PARCS
- Police
- Personnel Services

INTERNAL SERVICE FUND

The Proprietary Fund types operate as if they were private businesses. One type of Proprietary Fund is the Internal Service Funds that provide services to departments within the City.

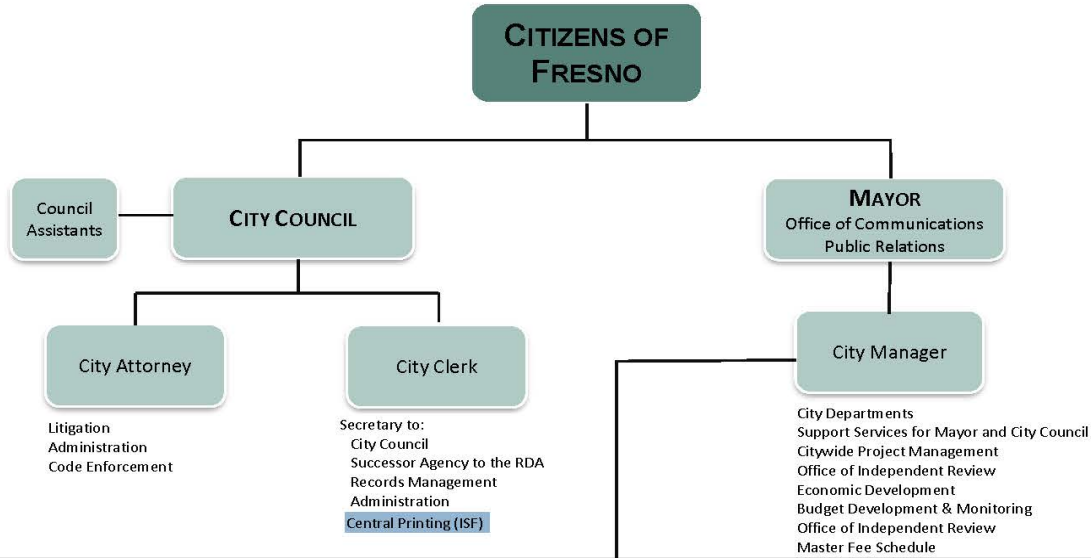

- Retirement
- Personnel Services (Risk Management)
- Transportation (Fleet Management)
- Information Services
- City Clerk (Central Printing)
- Finance (Utility Billing & Collection)
- Public Works (Facilities Management)

SPECIAL REVENUE FUND

This fund type accounts for a significant amount of revenue that the City receives which is restricted as to its use. Examples of this type of revenue would be assessment districts, Community Development Block Grant, and various gas taxes.

- Public Works

FINANCIAL SECTION

INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and Members
of the City Council of the City of Fresno
Fresno, California

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Fresno, California (the "City"), as of and for the year ended June 30, 2022, and the related notes to the basic financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Successor Agency to the Fresno Redevelopment Agency Private-Purpose Trust Fund (Successor Agency), the financial statements of the Low and Moderate Income Housing Asset Special Revenue Fund (Low and Moderate Income Housing), the financial statements of the Fire and Police Retirement System Pension Trust Fund (Fire and Police Pension Trust), or the financial statements of the Employees Retirement System Pension Trust Fund (Employee Pension Trust) which collectively represent the following percentages of assets/deferred inflows of resources, net position/fund balance, and expenditures/expenses of the following opinion unit as of June 30, 2022:

Opinion Unit	Assets/ Deferred Outflows of Resources	Net Position/ Fund Balance	Expenditures/ Expenses
Aggregate Remaining Fund Information	87.89%	96.12%	30.81%

Those statements were audited by other auditors whose report has been furnished to us, and our opinions, insofar as it relates to the amounts included for the Successor Agency, Low and Moderate Income Housing, Fire and Police Pension Trust, and Employee Pension Trust, are based solely on the report of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

To the Honorable Mayor and Members
of the City Council of the City of Fresno
Fresno, California
Page 2

Emphasis of Matter

Implementation of New GASB Pronouncements

As discussed in Note 1 to the basic financial statements, the City implemented Governmental Accounting Standards Board (“GASB”) Statement No. 87, *Leases* during the year. Our opinion is not modified with respect to this matter.

Correction of Error

As discussed in Note 15, the City has restated its beginning net position/fund balance of the government-wide governmental activities, the governmental funds and the custodial funds, in order to correct the previously reported financial statements to comply with the GASB Statement No. 84, *Fiduciary Activities*, that was required to be implemented as of the year ended June 30, 2021. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City’s ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors’ Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City’s internal control. Accordingly, no such opinion is expressed.

To the Honorable Mayor and Members
of the City Council of the City of Fresno
Fresno, California
Page 3

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Budgetary Comparison Schedules, Schedule of Investment Returns, Schedules of Changes in Net Pension Liability and Related Ratios, Schedules of Contributions – Pension, Schedules of Changes in Net OPEB Liability and Related Ratios, and Schedule of Contributions – OPEB, as listed in the accompanying table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The Combining and Individual Non-major Fund Financial Statements and Schedules, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Combining and Individual Non-Major Fund Financial Statements and Schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the Introductory and Statistical Sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

To the Honorable Mayor and Members
of the City Council of the City of Fresno
Fresno, California
Page 4

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 15, 2023, on our consideration of City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION & ANALYSIS

MANAGEMENT'S DISCUSSION AND ANALYSIS

(Unaudited)

For the Fiscal Year Ended June 30, 2022

CITY OF FRESNO, CALIFORNIA

This section of the City of Fresno's (City) Annual Comprehensive Financial Report (ACFR) presents a narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2022. The reader is encouraged to consider the information presented here in conjunction with the City's financial statements, which follow this section, and the additional information that is furnished in the letter of transmittal at the front of this report. This discussion and analysis provides comparisons primarily for the previous two years; but, may include more extensive comparisons in some instances.

FINANCIAL HIGHLIGHTS

- The assets of the City stayed over \$4 billion, reaching a total of \$4,869.0 million.
- The City had record revenue of \$1,152.8 million, primarily due to increases in the following areas: Sales Tax Revenue by \$67.6 million (54%), Public Protection by \$72.2 million (302.1%), and Community Development by \$31.0 million (152.4%).
- The City continues to record a Net Pension Asset. For fiscal year 2022, the Net Pension Asset was \$805.7 million. The City of Fresno remains one of very few government entities in the country with a Net Pension Asset.

OVERVIEW OF FISCAL YEAR 2022 FINANCIAL STATEMENTS

The Management's Discussion and Analysis is intended to serve as an introduction to the City's basic financial statements, which consist of three components: (1) **Government-Wide Financial Statements**, (2) **Fund Financial Statements** and (3) **Notes to the Financial Statements**. This report also contains other **Supplementary Information** in addition to the basic financial statements.

Government-Wide Financial Statements are designed to provide both long-term and short-term information about the City's overall financial status in a manner similar to a private-sector business.

- The **Statement of Net Position** presents information on all assets/deferred outflows of resources and liabilities/deferred inflows of resources. The difference between them is reported as net position. Over time, increases or decreases in *net position* may serve as a useful indicator of whether the City's financial position is improving or deteriorating.
- The **Statement of Activities** shows how the net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future periods. Examples include revenues pertaining to uncollected taxes and fees and expenses pertaining to earned but unused vacation and sick leave.

Both of the Government-Wide Financial Statements distinguish functions of the City that are principally supported by taxes and inter-governmental revenues (Governmental Activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (Business-Type Activities). The Governmental Activities of the City include general government, public protection, public ways and facilities, culture and recreation, and community development. The Business-Type Activities of the City include two airports, public transportation system, water, sewer, solid waste, community sanitation, convention center, stadium, and theatre.

The Government-Wide Financial Statements include not only the City (known as the primary government), but also legally separate component units including the Fresno Joint Powers Financing Authority, City of Fresno Fire and Police Retirement System, City of Fresno Employees Retirement System, City of Fresno Employees Healthcare Plan, Fresno Revitalization Corporation, and FRC Canyon Crest, LLC. The component units have been “blended” into the City’s financial statements because the governing board (although legally separate from the City) is substantially the same as the City’s, or they provide services entirely or almost exclusively for the benefit of the City even though they do not provide services directly to the City.

As of February 1, 2012, a Successor Agency was created to replace the Redevelopment Agency of the City of Fresno (RDA). Dissolution law provided that the Successor Agency would pay all “enforceable obligations” of the former RDA. The Successor Agency is considered a separate legal entity under Assembly Bill (AB) 1484 for financial presentation purposes. Effective June 30, 2012, the Successor Agency was reported as a Private-Purpose Trust Fund. This means that the Successor Agency’s assets are considered to be held in a trustee or agency capacity for others and therefore cannot be used to support the City’s own programs.

The Government-Wide Financial Statements can be found on pages 29-30 of this report.

Fund Financial Statements focus on individual parts of the City government, reporting the City’s operations in more detail than the Government-Wide Financial Statements. They are used to maintain control over resources that have been segregated for specific activities or objectives and to ensure compliance with finance-related legal requirements. They can be divided into three categories:

- **Governmental Funds** are used to account for essentially the same functions reported as Governmental Activities in the Government-Wide Financial Statements (i.e., most of the City’s basic services are reported in Governmental Funds). These statements, however, focus on (1) how cash and other financial assets can be readily converted to available resources, and (2) the balances left at year-end that are available for spending. Such information may be useful in determining what financial resources are available in the near future to finance the City’s programs.

Because the focus of Governmental Funds Financial Statements is narrower than that of the Government-Wide Financial Statements, it is helpful to compare the information presented for Governmental Funds with similar information presented for governmental activities in the Government-Wide Financial Statements. By doing so, readers may better understand the long-term impact of the government’s near-term financing decisions. Both the Governmental Funds

Balance Sheet and Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between Governmental Funds and Governmental Activities. These reconciliations may be found on pages 34 and 36.

The City maintains several individual Governmental Funds organized according to their type: general fund, special revenue, debt service, and capital projects. Information is presented separately in the Governmental Funds Balance Sheet and in the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances for the General Fund and Grants Special Revenue Fund (which are considered to be major funds). Data from the remaining Governmental Funds are combined into a single, aggregated presentation. Individual fund data for each of the Non major Governmental Funds is provided in the form of combining statements elsewhere in this report.

The City adopts an annual appropriated budget. The City's budget reflects its priorities and tells the taxpayers/ratepayers what is being done with their money. Budgetary comparison schedules for the General Fund and the Grants Special Revenue Fund demonstrate compliance with the budget, and also reflect where actual results deviated from expected budgetary estimates.

- **Proprietary Funds** are generally used to account for services for which the City charges customers (either outside customers, or internal units or departments of the City). Proprietary Funds provide the same type of information as shown in the Government-Wide Financial Statements: albeit in more detail. Proprietary Funds (Enterprise and Internal Service) utilize the same method used by the private sector businesses: the accrual basis of accounting. The City maintains the following two types of Proprietary Funds:

† **Enterprise Funds** are used to report the same functions as Business-Type Activities in the Government-Wide Financial Statements. The City uses Enterprise Funds to account for the operations of the Public Utilities [**Water System, Sewer System, Solid Waste Management**], Fresno Area Express [**Transit**], Fresno International Airport (FYI) and the Fresno Chandler Downtown Airport (FCH) [**Airports**], **Fresno Convention Center**, and Chukchansi Park Stadium [**Stadium**], all of which are considered to be major funds of the City. **Community Sanitation** and **Parks and Recreation** are considered to be Non major Enterprise Funds of the City. In July 2022, **Parks and Recreation** finalized the acquisition of the Tower Theatre.

† **Internal Service Funds** are used to report activities that provide supplies and services for certain City programs and activities. The City uses Internal Service Funds to account for its fleet of vehicles, management information systems, property maintenance, and electronics/communication support (**General Services**); self-insurance (**Risk Management**); billing, collecting, and servicing activities for the Water, Sewer, Solid Waste and Community Sanitation Funds (**Billing and Collection**); and healthcare plans (**Employees Healthcare Plan, Retirees Healthcare Plan, Blue Collar Employees Healthcare Plan**). Because Risk Management, General Services and the healthcare plans predominantly benefit Governmental rather than Business-Type functions, they have been included within Governmental Activities in the Government-Wide Financial Statements, whereas Billing and Collection is included in the

Business-Type Activities in the Government-Wide Financial Statements. The Internal Service Funds are combined into a single, aggregated presentation in the Proprietary Fund Financial Statements. Individual Fund data for the Internal Service Funds is provided in the form of combining statements.

- **Fiduciary Funds** are used to account for resources held for the benefit of parties outside the City. Since the resources of Fiduciary Funds are not available to support the City's own programs, they are not reflected in the Government-Wide Financial Statements. The accounting used for Fiduciary Funds is much like that used for Proprietary Funds. The City maintains three types of Fiduciary Funds:

† **Pension Trust Funds** consist of funds for Fire and Police and other Employees.

† **Private-Purpose Trust Fund** is used to account for the assets and liabilities held in trust for the Successor Agency to the former RDA.

† **Custodial Funds** consist of funds used to account for City-related trust activity, such as payroll withholding and bid deposits. Custodial Funds also include *Special Assessment Funds* that account for debt service transactions involving special assessment districts within the City.

The basic financial statements can be found on pages 29-168 of this report.

Notes to the Financial Statements

The Notes to the Financial Statements provide additional information that is essential to the full understanding of the data provided in all of the financial statements. The Notes to the Financial Statements can be found on pages 50-168 of this report.

Required Supplementary Information (RSI)

In addition to the basic financial statements and accompanying notes, this report presents certain required supplementary information including budgetary comparison statements for major governmental funds as well as schedules of investment returns, changes in Net Pension Liability (Asset), employer contribution, and schedule of changes in Net Other Post-Employment Benefits (OPEB) Liability and related ratios. RSI and accompanying notes can be found on pages 171-184 of this report.

Combining and Individual Fund Statements and Schedules

The combining statements referred to earlier in connection with non major governmental funds, non major enterprise funds, internal service funds, fiduciary funds and the Discretely Presented Component Unit are presented immediately following the appropriately labeled tabs. Combining and individual fund statements and schedules can be found on pages 187-213 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The City presents its financial statements under the reporting model required by the Governmental Accounting Standards Board Statement No. 34 (GASB 34), *Basic Financial Statements - and Management's Discussion and Analysis (MD&A) - for State and Local Governments*.

Net Position - Government-Wide / Primary Government

Analysis of Changes in Government-Wide Net Position

The City's overall Net Position increased slightly to \$2,831.2 million: a \$218.0 million (8.4%) increase from fiscal year 2021's Net Position of \$2,604.7 million. Most notably, the Unrestricted Net Position increased; going from \$384.2 million in fiscal year 2021 to \$583.8 million in fiscal year 2022.

Several factors contributed to the overall increase in Net Position:

- City Revenues grew \$222.2 million (23.9%), going from \$930.5 million in fiscal year 2021 to \$1,152.8 million in fiscal year 2022. The overall growth in revenues was caused by a \$148.9 (43.6%) increase in Charges for Services, a \$48.8 million (50.4%) increase in Operating Grants, and \$43.1 (13.2%) million of growth in General Revenues.
- City Expenses decreased from \$943.6 million incurred in fiscal year 2021 to \$927.5 million in fiscal year 2022. That overall decrease can be bifurcated as follows: Governmental Activities Expenses decreased \$41.0 million (-6.8%), while Business-Type Activities Expenses increased \$24.9 million (7.3%). The primary causes behind the decrease in Governmental Activities Expenses were a \$34.7 million decrease in Public Protection expenses and a \$21.8 million reduction in Public Ways and Facilities expenses. On the Business-Type Activities side, a \$12.1 million increase in the Water's expenses, \$4.9 million rise in Transit's expenses, \$4.1 million increase in the Convention Center expenses, and \$4.2 million increase in expenditures in the Sewer Fund.
- Total Assets went from \$4,001.0 million in fiscal year 2021 to \$4,869.0 million in fiscal year 2022: a \$868.0 million (21.7%) increase. The increase in Total Assets was due primarily to a \$712.5 million increase in the Net Pension Asset (from \$93.2 million in fiscal year 2021 to \$805.7 million in fiscal year 2022: a 764.5% increase), which was partially offset by a decrease in two areas:
 - a \$143.3 million decrease in Capital Assets not being depreciated (from \$815.3 million in fiscal year 2021 to \$672.1 million in fiscal year 2022: a -17.6% decrease); and,
 - a \$4.3 million decrease in Net Receivables related to Loans, Notes, Leases, and Other (from \$95.0 million in fiscal year 2021 to \$90.7 million in fiscal year 2022: a -4.6% decrease)
- Total Deferred Outflows of Resources decreased by \$146.1 million (-56.0%) from fiscal year 2021's figure of \$260.7 million, mainly due to a \$140.3 million decrease of Deferred Outflows - Pensions and a \$5.4 million decline in Deferred Outflows - OPEB.
- Total Liabilities shrank \$27.1 million (-1.7%) from \$1,615.4 million in fiscal year 2021 to \$1,588.3 million in fiscal year 2022. The overall decrease in Total Liabilities was mainly attributable to a decrease of \$3.2 million in Accrued Liabilities (primarily caused by decreases in accounts payable and subsequent disbursements at the end of fiscal year 2022) and a decrease of \$30.2 million in Long Term Liabilities (primarily due to a \$16 million decrease in Net OPEB liability in addition to a \$9.4 million decrease in long-term bonds payable due to normal debt service payments).

- A \$522.5 million (1,256.4%) increase in the Deferred Inflows of Resources, specifically, the Pension Revenue Applicable to Future Years.

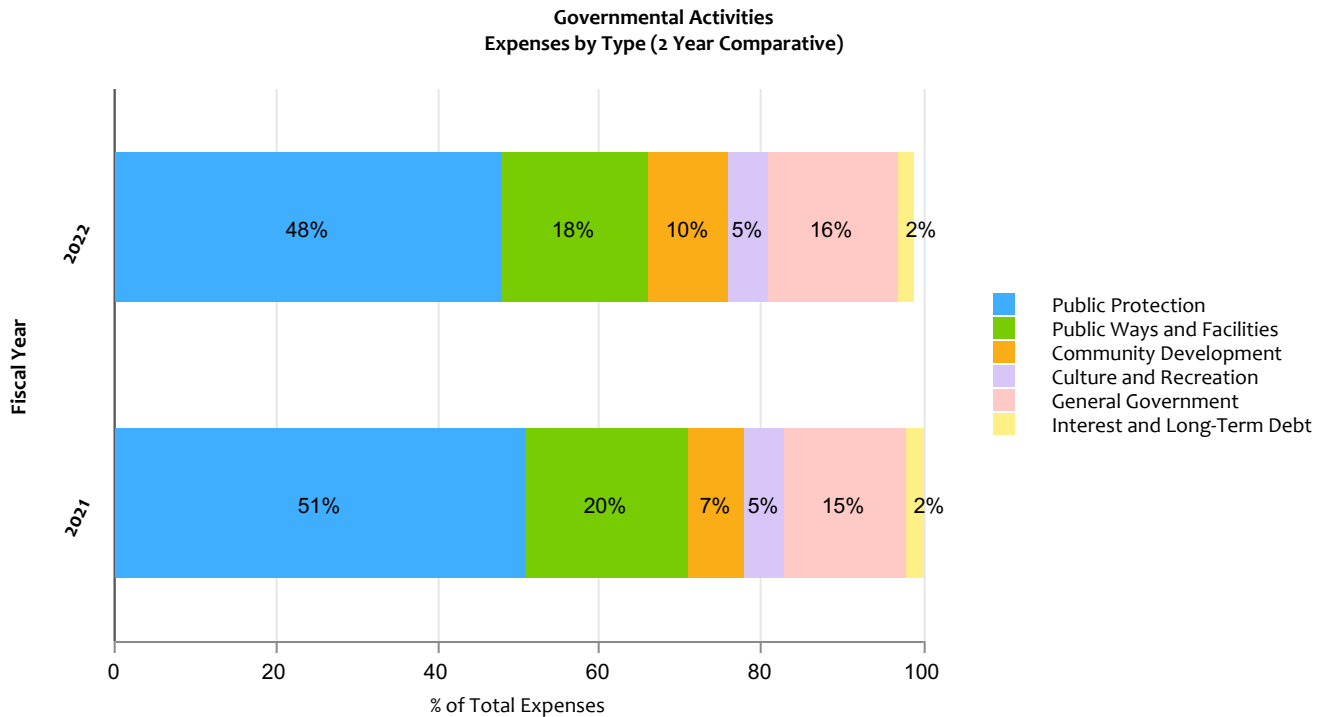

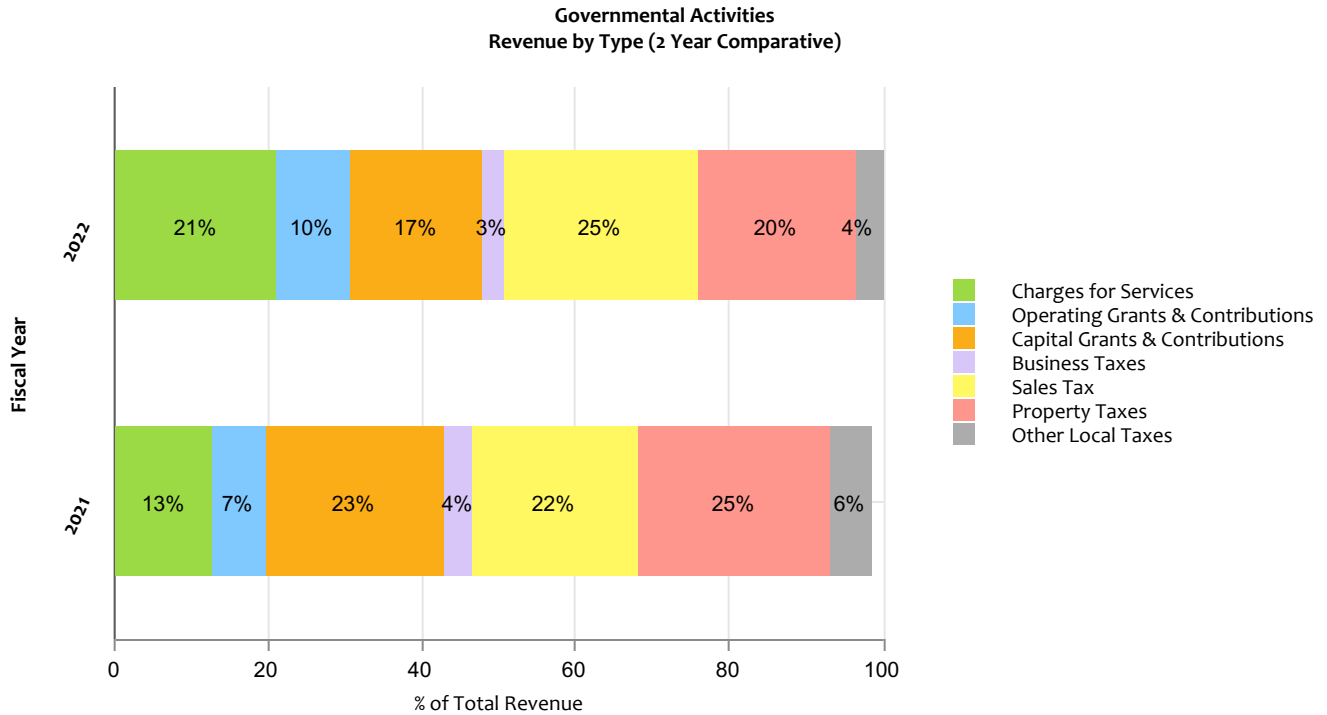

Governmental Activities

In fiscal year 2022, Governmental Activities increased their Net Position by \$179.0 million (17.5%) to \$1,201.8 million. The increase in Net Position occurred primarily within the Net Investment in Capital Assets, which grew by \$41.7 million to fiscal year 2022's Net Investment in Capital Assets of \$836.4 million, and the Unrestricted Net Position, which increased by \$133.8 million to fiscal year 2022's Unrestricted Net Position Deficit of -\$57.0 million. Key factors affecting the Unrestricted Net Position Deficit were:

- Revenues grew strongly, going from \$578.4 million in fiscal year 2021 to \$757.3 million in fiscal year 2022: a \$179.0 million (30.9%) increase. The overall increase was primarily the product of growth in two revenue categories. First, Charges for Services rose \$85.8 million (117.1%) to \$159.2 million. Second, General Revenues increased by \$65.8 million (20.0%): from \$329.6 million in fiscal year 2021 to \$395.4 million in fiscal year 2022. Almost all of the growth in this category can be attributed to a \$67.6 million increase in Sales Tax.
- Expenses decreased from \$602.9 million in fiscal year 2021 to \$561.9 million in fiscal year 2022, led by a -17.7% decrease in Public Ways and Facilities expenses (from \$123.1 million in fiscal year 2021 to \$101.3 million in fiscal year 2022), a -11.4% decrease in Public Protection expenses (from \$305.2 million in fiscal year 2021 to \$270.5 million in fiscal year 2022), and a -1.8% decrease in Culture and Recreation costs (from \$30.9 million in fiscal year 2021 to \$30.3 million in fiscal year 2022). Most of the decrease in the Public Protection and Public Ways and Facilities expenses can be attributed to decreased personnel Pension expenses. Decreases in Culture & Recreation expenses can be attributed to a reduction in council motion and Fleet Acquisition expenses.
- Total Assets increased by \$685.9 million (41.4%) from fiscal year 2021's Total Assets balance of \$1,656.7 million. The overall increase in Total Assets was primarily caused by an increase of \$566.1 million (722.8%) in the Net Pension Asset to \$644.4 million. This increase was partially offset by a decrease in Restricted Cash of \$30.0 million (-18.4%) to \$133.2 million. The main driver of the decrease in restricted cash was the result of the distribution of American Rescue Plan Act funding to the residents of the City.
- Total Liabilities decreased by -0.9%, or \$7.5 million, from fiscal year 2021's Total Liabilities of \$806.0 million. A \$7.1 million decrease in Unearned Revenue (from \$113.8 million in fiscal year 2021 to \$106.6 million in fiscal year 2022) generated by unspent grant funds and decrease in total Long-Term Liabilities (Due Within a Year and Due in More than One Year, combined) of \$5.7 million (-0.9%) caused by normal debt service payments made during the year.

Governmental Activities - Charts and Graphs

The following charts and graphs illustrate the City’s governmental revenues by source and its expenses and revenues by function. As can be seen, Public Protection is by far the largest function reflecting the City’s greatest overall expenses.

**Program Revenues and Expenses - Governmental Activities
(2 Year Comparative)**

The following is an analysis of some of the funds within the Governmental Activities category:

General Fund

Fund Balance in the General Fund increased from \$102.9 million in fiscal year 2021 to \$104.7 million in fiscal year 2022. It is significant to note that the Unassigned Fund Balance decreased from \$43.0 million in fiscal year 2021 to \$37.1 million in fiscal year 2022: a \$5.9 million (-13.8%) decrease.

Fiscal year 2022's revenues showed marked growth when compared to fiscal year 2021's revenues; increasing by \$30.6 million (8.1%) from fiscal year 2021's total of \$377.0 million. The increase was primarily in Taxes, which increased \$35.2 million (10.8%). The main driver in the overall increase in Tax Revenue came from \$67.6 million of growth in Sales Tax revenue. Additional growth in the Tax Revenue category was provided by Property Taxes, which grew \$4.3 million due to increased property assessed valuations.

General Fund expenditures decreased by \$13.7 million, or -3.5%, to a total of \$374.4 million. The change in expenditures can be explained by the following factors:

- A decrease in General Government expenditures, which decreased from \$58.6 million in fiscal year 2021 to \$27.1 million in fiscal year 2022: a \$31.5 million, or -53.7% decrease.
- A decrease in Culture and Recreation expenditures, which decreased from \$23.7 million in fiscal year 2021 to \$16.7 million in fiscal year 2022: a \$7.0 million, or -29.6% decrease.
- The decreases in expenditures were offset by Public Protection expenditures, which increased from \$250.5 million in fiscal year 2021 to \$263.2 million in fiscal year 2022: a \$12.7 million, or 5.1%, increase. The Public Protection increase was primarily due to additional personnel costs, which increased \$15.2 million over fiscal year 2021's personnel costs. A rise of \$6.3 million in Capital Outlay expenditures, which grew from \$13.4 million to \$19.6 million, or 47.0%. \$7 million of the overall increase was primarily caused by the purchase of the Tower Theater. The Tower Theater purchase was funded with the City's allocation of Measure P dollars.

A large portion of the difference between actual expenditures and actual revenues was funded by transfers from other funds. Overall, Transfers In decreased \$66.4 million (-88.5%) to \$8.6 million.

The additional revenues produced a large increase in Total Assets, which grew \$8.7 million (5.3%) to \$171.6 million. The increase was driven by two accounts:

- Restricted Cash, which rose \$7.5 million (18.5%) to \$48.2 million
- Due from Other Funds, which increased \$8.39 million (135.1%) to \$14.6 million

While Total Assets grew significantly, the percentage growth in Total Liabilities exceeded that of Total Assets. Total Liabilities rose \$5.8 million (15.3%) to \$43.8 million. The overall increase in Total Liabilities can be attributed to an increase of \$0.8 million in Unearned Revenue and an increase of \$5.5 million (58.0%) in Deposits From Others. Deposits From Others increased due to an increase in the balance of deposits held from outside individuals and organizations tied to various City Fees.

Significant committed fund balance amounts of the General Fund include:

- \$39.9 million for the General Fund Emergency Reserve,
- \$4.5 million for the General Fund - Housing Reserve, and
- \$2.57 for the 27th Pay Period Reserve.

General Fund Budget to Actual Comparison

The fiscal year 2022 Adopted Budget was made up of \$492.6 million of budgeted revenues and \$449.6 million of appropriations. After various amendments were made throughout the fiscal year, the General Fund ended the fiscal year with \$630.8 million of budgeted revenues and \$587.4 million of appropriations. Actual results on a budgetary (cash) basis of accounting were \$560.3 million of revenues and \$460.8 million of expenditures. Thus, the actual revenues were \$70.5 million (-11.2%) under the fiscal year-end budgeted revenues, while the actual expenditures were \$126.6 million (-21.6%) under fiscal year-end appropriations.

The major differences between the budget and the actual results are noted below:

Comparison of Revenues and Expenditures - Budget to Actual / General Fund (in thousands)					
	Budgeted Original	Budgeted Final	Actual Budgetary Basis	Over (Under) Final Budget	Explanation
Revenues:					
Property Taxes	\$160,000	\$160,000	\$154,703	(\$5,297)	Slow down in housing market occurred after County's Assessed Tax Roll was published July 2021, which showed strong assessed valuations at the time.
Sales Tax	\$116,096	\$128,436	\$148,766	\$20,330	Higher than anticipated sales tax was received due to proceeds from increased local consumer spending.
Licenses and Permits	\$14,215	\$14,243	\$9,047	(\$5,196)	Anticipated permit fees for cannabis dispensaries were not received during the fiscal year.
Transfers from Other Funds	\$7,480	\$114,217	\$31,296	(\$82,921)	Lower than budgeted transfers of CARES and ARPA funds into the General Fund.
Expenditures:					
Other General Government	\$37,664	\$52,158	\$32,070	(\$20,088)	COVID-19 mitigation expenditures, and costs for animal control services and shelter operations were less than budget.
Public Ways & Facilities	\$26,308	\$64,463	\$19,173	(\$45,290)	Spending on street repair and replacement, median island maintenance, street sweeping, and ARPA funded neighborhood infrastructure projects was less than budget..
Community Development	\$43,159	\$62,034	\$36,187	(\$25,847)	Expenditures for ARPA funded special projects and specialized services were less than budget.
Capital Outlay	\$5,335	\$44,100	\$21,324	(\$22,776)	Expenditures for ARPA funded capital projects were lower than budget.

A more detailed look at the budget versus actual comparison for the General Fund can be found on page 171 in the Required Supplementary Information section.

Grants Special Revenue Fund

Fund Balance in the Grants Special Revenue Fund dropped from \$52.6 million in fiscal year 2021 to \$32.3 million in fiscal year 2022. Total Liabilities decreased from \$124.0 million in fiscal year 2021 to \$117.1 million in fiscal year 2022: a \$6.9 million (-5.6%) Decrease. This is mainly due to Unearned Revenue decreasing from \$109.9 million in fiscal year 2021 to \$97.7 million in fiscal year 2022: a -11.1% decrease.

Fiscal year 2022 revenues in the Grants Special Revenue Fund were up \$2.3 million (2.2%) to \$105.0 million. Contributing to the increase in revenue was \$4.6 million of Community Development Block Grant funds which was offset by corresponding expenditure growth. Expenditures grew \$71.5 million (144.0%) from fiscal year 2021's level of \$49.7 million to fiscal year 2022's total of \$121.2 million. Large increases were seen in the General Government category (up \$25.3 million, or 235.6%), Public Protection category (up \$17.9 million, or 474.4%), Capital Outlay category (up \$12.6 million, or 117.8%), and Community Development category (up \$12.5 million, or 178.6%). The increase in the General Government category was due to \$19.4 million of ERAP payments made to recipients and community based organizations. The increase in the Public Protection category was primarily due to \$14.9 million increase for personnel costs.

Other Governmental Funds

Fund Balance for the Other Governmental Funds rose \$60.8 million between fiscal year 2021 and fiscal year 2022 (\$158.8 million versus \$219.6 million, respectively). The growth in the Fund Balance was primarily due to a \$31.2 million increase in Fund Balance for the Measure P fund, a \$9.2 million increase in the UGM fund, and a \$14.9 million increase in the Measure C fund. The Measure P fund is a source of revenue new to the City in 2022 which helps ensure Fresno's neighborhoods receive funding to improve and maintain parks and facilities, create new parks and trails, and fund recreation, community, and arts programs.

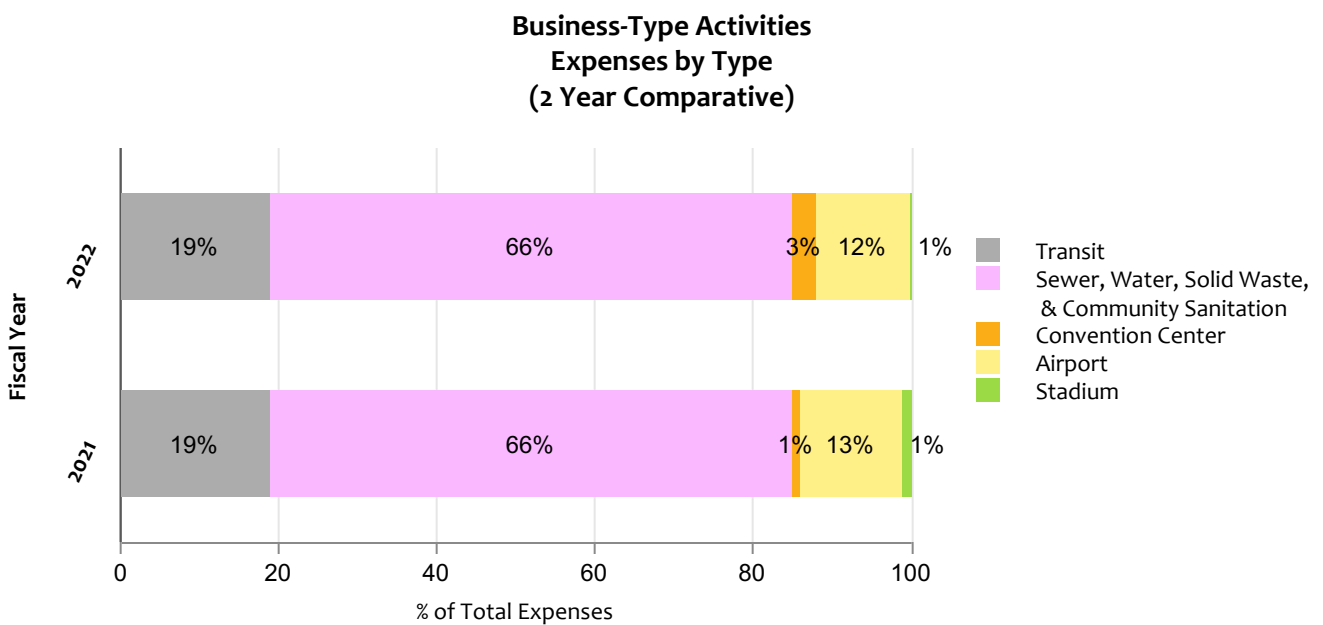

Business-Type Activities

Business-Type Activities for fiscal year 2022 increased the Net Position by \$39.1 million (2.5%) over fiscal year 2021's Business-Type Activities Net Position of \$1,581.9 million. Key factors affecting the Net Position were:

- Total Assets increased by \$182.2 million (7.8%) from fiscal year 2021's Total Asset balance of \$2,344.3 million. This rise was primarily due to an increase of \$146.3 million (983.8%) in the Net Pension Asset to the fiscal year 2022 figure of \$161.2 million and an increase of \$129.6 million (10.1%) in the Net of Accumulated Depreciation to the fiscal year 2022 figure of \$1,409.0 million. This was offset by a \$165.4 million (-34.4%) decrease in assets Not Being Depreciated to the fiscal year 2022 figure of \$315.8 million
- Total Liabilities fell by -2.4%, or \$19.6 million, from fiscal year 2021's Total Liabilities of \$809.3 million. The decline was primarily due to a \$28.3 million (-4.1%) drop in Long-Term Liabilities.
- Revenues went from \$352.2 million in fiscal year 2021 to \$395.6 million in fiscal year 2022: a \$43.4 million (12.3%) increase. This growth can be attributed to a \$15.0 million (57.3%) increase in Transit Operating Grants. The City also saw a \$63.0 million increase in Charges for Services. The increase in Charges for Services were primarily driven by Airports (\$14.9 million, 57.3%) and Transit (\$13.6 million, 582.9%). The increase Operating and Charges for Services revenue was offset by a \$22.5 million decrease in General Revenues compared to the prior year.
- Expenses went from \$340.7 million in fiscal year 2021 to \$365.5 million in fiscal year 2022: a \$24.9 million (7.3%) increase. The primary driver behind this increase was \$12 million (12.1%) of growth in the Water Fund's expenses, partially due to an increase in the cost of purchasing water for the City's residents. Additionally, growth of \$4.9 million (7.4%) in the Transit Fund's expenses and \$4.2 million (5.7%) in the Sewer Fund's expenses. Increases in both Transit and Sewer are due mainly to increased cost of providing service, including repairs and maintenance and fuel cost) added to the overall increase in Business-Type Activities expenses.

Business-Type Activities - Charts and Graphs

The following charts and graphs illustrate the City’s Business-Type revenues and expenses by both source and function. Sewer, Water, and Solid Waste are the largest Business-Type Activities reflecting the City’s greatest overall expenses.

Business-Type Activities Program Revenues and Expenses (2 Year Comparative)

The following is an analysis of some of the funds within the Business-Type Activities category:

Water

The Water Fund's (Water) Net Position showed an increase over fiscal year 2021's levels. Net Position grew from \$517.1 million in fiscal year 2021 to \$534.8 million in fiscal year 2022: a \$17.8 million (3.4%) increase. The change in net position was driven by the following factors:

- Water revenues increased from \$127.7 million in fiscal year 2021 to \$138.5 million in fiscal year 2022: a \$10.8 million (8.5%) increase. The increase was driven by a \$6.6 million rise in Pension revenue, and \$1.8 million of growth in Water Infrastructure Development Charges.

- Water's Operating Expenses increased by \$12.6 million (14.5%) to \$99.4 million in fiscal year 2022. The increase in expenses was primarily the result of a \$9.1 million (85.7%) increase in Administration costs (primarily in loans within the City) and a \$3.7 million (8.0%) increase in Cost of Services (primarily in water purchases).
- Total Assets increased from \$959.2 million in fiscal year 2021 to \$996.4 million in fiscal year 2022, a \$37.1 million (3.9%) increase. A \$8.2 million increase in Unrestricted Cash was the primary cause of the overall decrease in Water's assets.
- Total Liabilities fell by \$8.5 million (-1.9%) from \$450.8 million in fiscal year 2021 to \$442.4 million in fiscal year 2022. The overall decline in Total Liabilities was caused by a \$9.5 million (-2.9%) decrease in the Long-Term Notes Payable in addition to a \$2.5 million (-33.9%) decrease in Net OPEB Obligation.

Sewer

The Sewer Fund's Net Position increased by \$6.4 million (0.9%), from \$716.4 million in fiscal year 2021 to \$722.7 million in fiscal year 2022. The driver behind the Net Position increase was an increase of \$21.3 million (18.8%) in Current Assets, an increase of \$11.0 million (21.0%) in Total Restricted Assets, and an increase of \$19.6 million (83.0%). This was offset by a \$20.1 million (1,664.7%) increase in Total Deferred Inflows, a \$16.2 million (-2.5%) decrease in Capital Assets, and a \$4.3 million (3.3%) increase in Total Liabilities from fiscal year 2021's figure of \$131.8 million.

The growth in Current Assets and Total Other Assets powered an increase of \$35.7 million (4.3%) in Total Assets to \$876.4 million. The overall increase in Current Assets was primarily caused by a \$10.1 million increase in Unrestricted Cash. The overall increase in Total Other Assets was due to a \$24.15 million increase in Net Pension Asset. These increases were partially offset by a decrease in Capital Assets of \$16.2 million (-2.5%). The decrease in Capital Assets was mainly caused by a \$25.0 million (7.5%) increase in Accumulated Depreciation and a \$82.4 million (-66.8%) decrease related to Construction in Progress.

The growth in Total Liabilities was primarily caused by a \$7.8 million (9.0%) increase in Long-Term Notes Payable: specifically, those for the Southwest Recycled Water project. The growth in Long-Term Notes Payable was offset by a decrease in Other Liabilities caused by a decrease in the balance of Capacity Rights totaling \$2.7 million (-65.8%) and a decrease in Net OPEB Obligation totaling \$2.3 million (-34%).

The Unrestricted Cash was also bolstered by Operating Income of \$11.7 million, which was an increase from fiscal year 2021's Operating Income of \$8.4 million. Revenues were up slightly (\$9.9 million, or 12.6%) due to increases in Charges for Services; specifically an increase in Customer User Charges of \$4.2 million and an increase in Pension Revenue of \$5.9 million. Operating Expenses grew by \$6.6 million (9.5%). The Operating Expense growth consisted primarily of \$5.8 million in Costs of Services such as an increase of \$2.1 million in Utilities charges and a \$3.1 million increase in repairs & maintenance adjustments.

Solid Waste Management

The Solid Waste Management Fund's (Solid Waste) Net Position declined from fiscal year 2021's figure of \$32.7 million to fiscal year 2022's figure of \$29.4 million: a \$3.4 million (-10.2%) decrease. The Net Position decrease was primarily due to a \$12.8 million (1,532.7%) increase in Total Deferred Inflows of Resources, which included a \$11.2 million (20,443.6%) increase in Unamortized Pension Expense to the fiscal year 2022 total of \$11.3 million. In addition, Total Restricted Assets decreased by \$6.2 million (-37.7%) to \$10.2 million and this was offset by a \$17.9 million increase in Net Pension Asset to the fiscal year 2022 total of \$20.2 million.

Solid Waste's operational results were reflected on the fund's Statement of Net Position by a decrease of \$4.5 million in Cash and Investments and Total and a \$6.2 million decrease in Total Restricted Assets, offset by a \$17.9 million increase in Net Pension Asset and a \$11.2 million increase in Unamortized Pension Expense.

Transit

The Transit Fund saw a bounce back from the prior years' impact caused by the COVID-19 pandemic, which had a major impact on the Transit Fund (Transit) during 2020 and 2021. Ridership increased in 2022. Transit transported 7.0 million passengers in fiscal year 2022, a 25% increase from fiscal year 2021's ridership 5.6 million passengers. The 5.6 million passengers was the lowest passenger count that Transit has experienced in over twenty years.

Transit's revenues increased \$13.6 million (582.9%) to \$11.2 million. The main driver of the increase in revenue was a \$11.3 million increase in Pension Revenue. Operating Expenses grew \$4.6 million (7.1%). Increases in contract transportation (up \$1.0 million), and special projects expenses (up \$0.8 million) were the main causes in Transit's overall Operating Expense increase.

Transit's operating results would have resulted in a significant reduction in Net Position were it not for a large influx of grant funding from federal and state agencies. That influx can be seen in a \$15.0 million (31.3%) increase in Operating Grant Revenue to \$62.9 million. These awards also drove growth in Total Restricted Cash, which went from \$25.0 million in fiscal year 2021 to \$53.80 million in fiscal year 2022: a \$28.8 million (114.8%) increase. The increase in Total Restricted Cash was offset by a decrease in Grants Receivable of \$26.3 million (-82.3%). The impact of additional grant funding caused the Transit Fund's Net Position to grow by \$10.1 million (7.0%) from \$144.6 million in fiscal year 2021 to \$154.6 million in fiscal year 2022.

Airports

Airports' Fund saw a return to pre-pandemic passenger levels with fiscal year 2022's origin and destination passengers numbering 2,210,005, 70.0% higher than the prior fiscal year's passenger count of 1,294,591. The increase in passenger levels brings the ridership above levels seen prior to the pandemic.

The increase in passenger traffic had an impact on Operating Revenues, which increased \$12.6 million (57.9%) to \$34.4 million. The overall increase in Operating Revenues was powered by increases in passenger driven and airline activity revenues, particularly Parking Revenues, which rose to \$4.9 million (26.4%). Yet, while revenues increased by 57.9%, Operating Expenses only increased by \$1.8 million (5.4%) to a total of \$34.6 million. The increase in Operating Expenses was primarily driven by an increase in professional consulting services.

The increase in revenues and small change in expenses had a predictable effect on Total Assets, which increased \$32.8 million (11.8%) to \$310.6 million. The overall increase in Total Assets was due to several factors:

- A \$15.1 million (491.0%) increase in Net Receivables
- A \$9.3 million (25.9) increase in Construction in Progress
- A \$7.5 million (10.6%) increase in Infrastructure
- A \$6.3 million (28.0%) increase in Current Unrestricted Cash.

In addition to the increase in Total Assets, Airports experienced a decrease in Total Liabilities, which shrank \$6.1 million (-6.6%) to \$86.4 million. Current Liabilities also decreased by \$1.7 million (-15.8%) to \$9.0 million; led by a \$2.6 million decrease in Accounts Payable.

The increase in Total Assets and the decrease in Total Liabilities resulted in Total Net Position increasing by \$9.6 million (5.0%) from fiscal year 2021's Net Position of \$189.9 million to \$199.5 million.

Convention Center

While the Convention Center Fund (Convention Center) was the City operation most impacted by COVID-19 restrictions during fiscal year 2021 when no events took place, fiscal year 2022 saw the return of events at the Convention Center. Consequently, Convention Center recorded \$5.7 million of revenue in fiscal year 2022: a \$5.7 million (287,300.0%) increase.

Along with an increase in revenues due to increased event activity, Convention Center's expenses also increased. The total increase of \$4.4 million (107.2%) from fiscal year 2021's expenses of \$4.1 million to a total of \$8.4 million were led by a \$2.3 million increase in Salaries/Benefits expenses and a \$1.1 million increase in Repairs and Maintenance expenses.

Due to a greater increase in revenues than in expenses, the Convention Center's Net Position managed to go from -\$1.2 million in fiscal year 2021 to \$2.6 million in fiscal year 2022: a \$3.8 million (318.9%) improvement. A drop of \$7.1 million (-27.1%) in Total Liabilities, mainly caused by a \$4.0 million decline in Bonds Payable as a result of scheduled debt service payments, contributed significantly to the improvement in Net Position. This decline in Bonds Payable was partially offset by an overall decline in Total Assets of \$3.2 million (-12.9%) from fiscal year 2021's Total Assets figure of \$24.9 million. An increase of \$2.0 million (2.8%) in Accumulated Depreciation was the major contributor to the decline in Total Assets.

Stadium

Even though baseball was played at the stadium, financial results from those games were impacted both by COVID-19 restrictions and a new operating agreement with Major League Baseball. In December 2020, Major League Baseball completed its overhaul of the minor league system. As a result of that overhaul, Fresno's baseball team moved from a AAA affiliation to an A affiliation. This move to a lower affiliation resulted in modification to the operating lease between the City and the team. Among the changes to the terms of the lease were:

- Annual rent was reduced from \$500,000/year to \$100,000/year.
- City agreed to pay up to \$300,000/year in utility costs.
- Annual capital contribution made by the team and the City decreased from \$300,000/year to \$50,000/year from each party.
- City will receive 15% of any naming rights revenues above \$650,000/year (escalating 2% per year).
- Team will pay \$1/ticket for any turnstile attendance over 150,000/year.

In spite of the reduced financial contribution from the team, the Stadium Fund continued to build on the improvement in Net Position it displayed in fiscal year 2021. Net Position grew from \$5.1 million in fiscal year 2021 to \$6.2 million in fiscal year 2022. Two factors drove the overall increase in Net Position:

- A \$1.7 million (-6.7%) decrease in Total Liabilities, primarily Bonds Payable as a result of scheduled debt service payments.
- A \$1.0 million (3.4%) increase in Total Assets, primarily \$1.3 million of increased Accumulated Depreciation offset by \$1.8 million of increased Construction in Progress and \$1.2 million of increased Machinery and Equipment.

Internal Service Funds

The Net Position deficit in the Internal Service Funds grew by \$15.3 million (37.1%) to -\$56.6 million in fiscal year 2022. The increase in the Net Position deficit was primarily due to an increase of \$25.0 million (17.2%) in the Short-Term and Long-Term (combined) Liability for Self-Insurance and \$26.1 million (369.6%) increase in Due to Other Funds. Partially offsetting these liability increases were increases of \$29.3 million (28.7%) in Unrestricted Cash and \$11.9 million (14.4%) in Total Net Capital Assets.

The Internal Service Funds' Statement of Revenues, Expenses, and Changes in Net Position mirrored the results of the Statement of Net Position. Contributors to the increase in expenses are a \$2.5 million increase of the Fleet Management Fund's fuel cost and a \$3.4 million increase in Repairs and Maintenance expense from both the Information Services Internal Service Fund and the Fleet Management Fund.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The City's capital assets for its Governmental and Business-Type Activities, before Component Units, as of June 30, 2022, amount to \$2,722.7 million (net of accumulated depreciation). Capital assets include land, buildings and improvements, machinery and equipment, park facilities, roads, streets, traffic signals, streetlights, bridges, and construction in progress. The City's capital assets net increase for the current fiscal year was approximately 1.1% (a 6.8% increase for Governmental Activities, a -2.0% decrease for Business-Type Activities) as shown in the table below. Capital assets for the fiscal year ended June 30, 2021 amounted to \$2,702,619 million (net of accumulated depreciation). The net increase for 2021 was approximately 0.2% (a 0.3% decrease for Governmental Activities, a 0.4% increase for Business-Type Activities)

Changes in Capital Assets, Net of Depreciation

(in thousands)

Asset Category	Governmental Activities		Business-Type Activities		Total Government-Wide

Major capital asset events during fiscal year 2022, some of which were in progress during the previous fiscal year, included the following:

† **South Van Ness Industrial Roadway and Utilities Infrastructure Improvement Project**

The City's Public Works Department completed the South Van Ness Industrial Project, in coordination with and to benefit many of the South Van Ness industrial area businesses, under a grant from the U.S. Economic Development Administration (EDA). The project consisted of replacing or installing concrete curb and gutter, street widening or pavement replacement as needed and resurfacing, storm drain infrastructure, traffic access & circulation improvements, and safety enhancements for the South Van Ness Industrial Area in the City of Fresno.

† **Housing for Homeless Assistance**

In FY22, the City purchased multiple motels to provide emergency shelter for homeless residents. In total, the Valley Inn, Ambassador Inn, Villa Motel, and Parkway Inn provided shelter for more than 270 residents. The Travel Inn, purchased in FY21 finished being rehabilitated in FY 22 and provides shelter for more than 150 residents.

† **Animal Control Facility**

The Animal Control Facility is located on the 5.1-acre property with an address of 5277 E. Airways Blvd, Fresno, CA 93727. The facility will contain five buildings, ranging in sizes from approximately 6,650 to 14,897 sq. feet and a total building area of 51,928 sq. feet. The five buildings in the complex will consist of a main building for the administrative, operational, and customer service uses; a second building that will house the veterinarian services and isolation rooms for injured and recovering animals; and the remaining three buildings will provide animal housing. The facility allows for the annual intake of approximately 10,000-15,000 animals, with about 8,000-12,000 of those being dogs and 1,000-3,000 being cats. Staff worked with experts in the field to ensure the new facility will be meet the needs of the City of Fresno residents and allow for the humane care and treatment of all animals while they are in the City's animal shelter. The facility provides an adequate number of kennels and play yards for the animals, while also providing adequate space for personnel to intake animals and process adoptions. Additionally, the facility includes a medical suite for veterinarian services, including but not limited to, emergency care for injured animals, spay and neuter surgeries, and the delivery of vaccinations.

At June 30, 2022, the City had commitments related to various construction projects associated with Governmental Activities totaling \$18.9 million. Commitments connected with Business-Type Activities at fiscal year-end amounted to \$60.4 million. The most significant of the Governmental Activities projects were the installation of various traffic signals throughout Fresno (\$13.8 million). The most significant of the Business-Type Activities projects were the Collection System Rehabilitation & Extensions (\$11.0 million) and PTMISEA (\$8.2 million). A complete list of projects appear in Note 13(H) - Commitments and Contingencies, page 160 under Construction and Other Significant Commitments.

Debt Administration

At the end of fiscal year 2022, the City had total long-term bond obligations, notes, and leases payable outstanding of \$880.7 million. Of this amount, \$88.6 million are obligation bonds, backed by the full faith and credit of the City, while \$629.0 million are revenue bonds and notes of the City's business enterprises and \$1.6 million are tax allocation debt issued by the Successor Agency of the Redevelopment Agency. The remaining \$161.5 million includes lease revenue bonds, notes and capital leases for general governmental projects. For detailed information on the City's debt, see Note 7- Long Term Liabilities, pages 101-120.

During fiscal year 2022, the City's total bonded debt decreased by \$16.7 million. This decrease was due to both normal debt service payments made during the year, netted by an increase in loans to the Water Division by the State Water Resources Control Board.

The City also took the following actions in fiscal year 2022:

- Drew down from the California State Water Resources Control Board an additional \$13.3 million in already-approved loans for water transport projects and sewer projects.
- Borrowed an additional \$4.6 million through the Master Equipment Lease Purchase Agreement with Banc of America Public Capital Corp for public safety vehicles.
- Borrowed \$19.9 million for energy efficiency projects that will offset savings in expenses paid to PG&E.

The ratio of net general obligation bonded debt to taxable valuation and the amount of bonded debt per capita are useful indicators of the City's debt position to management, citizens and investors. A comparison of these indicators (as stated in thousands) follows:

	Fiscal Year		
	2022	2021	2020
General Bonded Debt (Par Amount)	\$ 88,640	\$ 98,395	\$ 107,555
General Bonded Debt Per Capita	\$ 163.00	\$ 180.00	\$ 197.00
Debt Service Tax Rate Per \$100 Taxable Valuation	\$ 0.21	\$ 0.24	\$ 0.28

Although the City's Charter imposes a limit on the amount of general obligation bonds that the City can have outstanding at any given time of 20% of the assessed value of property in the City, the City realizes that it cannot currently support debt of that magnitude with its current tax base and is very cautious about issuing general obligation debt. Currently, there are no general obligation bonds outstanding other than Pension Obligation Bonds issued in 2002.

FINANCIAL OUTLOOK

The City continued to experience a strong rebound in financial performance from the impacts of the pandemic. Sales tax revenue experienced another record year of growth resulting in \$192.9 million for fiscal year 2022. Meanwhile property taxes continued with steady growth due to assessed valuation increases resulting from sales. The City's local economy boasts the second strongest recovery in the United States, evidence of its resiliency. Additionally, the City's allocation of the American Rescue Plan Act (ARPA) continue to support recovery efforts.

Nationally, risks to economic growth are increasingly present. Confronted with concerns of rising inflation, the Federal Reserve has raised interest rates multiple times in an effort to cool economic activity while avoiding a recession, a task the Legislative Analyst's Office labels as "narrow". Already, the effects of Federal Reserve actions can be seen statewide with decreases in home sales, car sales and stock prices. Unemployment rates remain at historic lows creating strain for employers to meet demand. These realities underscore the importance of prudent financial management with a sound reserve management policy. The City concluded the 2022 fiscal year with a \$39.7 million General Fund Emergency Reserve.

The City will continue to monitor sources with particular expertise of influencing factors that may effect the fiscal condition and outlook of economic activity. Publications provided by the Legislative Analyst's Office, the UCLA Anderson Forecast and others provide invaluable insights that help shape planning.

CONCLUSION

Fiscal year 2022 continued to demonstrate financial stability along the path to broader economic recovery from the effects of the pandemic. Certainly these efforts have been significantly buoyed by State and Federal resources provided to mitigate the impacts of COVID. While encouraging, risks remain going forward. In addition to the aforementioned conditions facing the national economic landscape, significant geopolitical pressures exist threatening economic growth. These conditions cannot be understated and will surely shape planning going forward as the City seeks to provide stability in services for the citizens of Fresno.

REQUESTS FOR INFORMATION

This financial report is designed to provide citizens, taxpayers, customers, investors and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. Below is the contact information for questions about this report or requests for additional financial information.

Documents can be made accessible in alternative ADA compliant formats upon request. To request documents in alternative ADA Compliant formats, contact the Finance Department at Finance@fresno.gov or (559) 621-7001.

CITY OF FRESNO, CALIFORNIA

Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position

June 30, 2022

(in thousands)

<hr/>	
Total Governmental Fund Balances	\$ 356,557
 Amounts reported for Governmental Activities in the Statement of Net Position are different because:	
The Net Pension Asset is not a current financial resource, and therefore, is not reported in the funds.	644,438
Capital assets used in Governmental Activities are not current financial resources, and therefore, are not reported in the funds.	1,006,503
Prepays in Governmental Activities are not current financial resources, and therefore, are not reported in the funds.	562
Deferred outflows of resources reported in the Statement of Net Position	90,998
Accrued interest on long-term debt is not accrued in the funds, but rather, it is recognized as an expenditure when due.	(1,955)
Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds.	(625,434)
Difference between deferred inflows of resources reported in the Statement of Net Position and unavailable revenue reported in the Balance Sheet - Governmental Funds	(380,299)
Prepaid bond insurance and original issue premium and discount represent costs associated with the issuance of long-term debt, which are deferred and amortized over the period the debt is outstanding. These costs are reported as expenditures of the current period in the funds.	(7,599)
Internal service funds are used by management to charge the costs of various activities, such as fleet and insurance to individual funds. Assets and liabilities of certain internal service funds are included in Governmental Activities in the Statement of Net Position.	<u>126,522</u>
Net Position of Governmental Activities	<u>\$ 1,210,293</u>

CITY OF FRESNO, CALIFORNIA

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities

Fiscal Year Ended June 30, 2022

(in thousands)

Net change in fund balances - total governmental funds	\$	42,197
Amounts reported for Governmental Activities in the Statement of Activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which cost of capital assets of \$89,808 exceeded depreciation of \$45,645 in the current period.		44,163
Some expenses, retention payable, and Net OPEB Liability reported in the Statement of Activities do not require the use of current financial resources, and therefore, are not reported as expenditures in governmental funds.		(1,897)
In the Statement of Net Position, acquiring debt increases Long-Term Liabilities and does not affect the Statement of Activities. Additionally, repayment of principal is an expenditure in the governmental funds but reduces liability in the Statement of Net Position.		20,721
Under the modified accrual basis of accounting used in the governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the Statement of Activities, however, which is presented on the accrual basis of accounting, expenses and liabilities are reported regardless of when financial resources are available. In addition, interest on long-term debt is not recognized under the modified accrual basis of accounting until due, rather than as it accrues.		(12,594)
Changes to the net pension asset and pension related deferred outflows and inflows of resources do not provide current financial resources, and therefore, are not reported in the governmental funds.		94,670
Revenues recognized in the Statement of Activities in previous years and recognized in the governmental fund statements in the current year were less than revenues recognized in the Statement of Activities in the current year but not reported in the governmental funds as they do not provide current financial resources.		6,627
Internal Service Funds are used by management to charge the costs of certain activities, such as insurance and fleet, to individual funds. The net revenues of certain activities of internal service funds are reported with Governmental Activities in the Statement of Activities.		<u>(6,385)</u>
Change in net position of Governmental Activities	\$	<u>187,502</u>

The notes to the financial statements are an integral part of this statement.

NOTES TO THE FINANCIAL STATEMENTS

Note 1. Summary of Significant Accounting Policies

The financial statements of the City of Fresno (City) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP), as applied to governmental agencies. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The more significant accounting policies of the City are described below.

A. Reporting Entity

The City is a political subdivision chartered by the State of California and, as such, can exercise the powers specified by the Constitution and laws of the State of California. The City operates under its own Charter and is governed by a directly elected strong Mayor and a seven-member City Council (Council). The City Manager serves as the head of the administrative branch of the City and is appointed by the Mayor.

As required by GAAP, these basic financial statements present the financial status of the City (the primary government) and its component units (entities for which the City is considered to be financially accountable). The blended component units, although legally separate entities, are substantially part of the City's operations. Thus, data from these units are combined with data of the primary government.

As a government agency, the City is exempt from both federal income taxes and state franchise taxes.

B. Government-Wide and Fund Financial Statements

The Government-Wide Financial Statements (the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the primary government and its blended component units. For the most part, the effect of interfund activity has been removed from these statements. Interfund services provided and used are not eliminated in the consolidation process. Governmental Activities, which normally are supported by taxes and inter-governmental revenues, are reported separately from Business-Type Activities, which rely to a significant extent on fees and charges for support.

The Statement of Activities demonstrates the degree to which the clearly identifiable direct expenses of a given function or segment is offset by program revenues. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not included among program revenues are reported instead as general revenues. The accounts of the City are organized on the basis of funds. A fund is a separate accounting entity with a self-balancing set of accounts. Each fund was established for the purpose of accounting for specific activities in accordance with applicable regulations, restrictions, or limitations. Separate financial

statements are provided for governmental funds, proprietary funds, and fiduciary funds (though the latter are excluded from the Government-Wide Financial Statements). Major individual governmental funds and major individual enterprise funds are reported by separate columns in the Fund Financial Statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The Government-Wide, Proprietary Fund, and Trust Fund Financial Statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met. Proprietary Funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with the fund's principal, ongoing operations. The principal operating revenues of the City's enterprise and internal service funds are charges to customers for sales and for services. Operating expenses for enterprise funds and internal service funds include the cost of services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Custodial Fund Financial Statements use the accrual basis of accounting and a measurement focus on the periodic determination of additions, deductions, and net position restricted for benefits.

Governmental Fund Financial Statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The City considers property tax revenues, local taxes, licenses, interest, and other intergovernmental revenues to be available if they are collected within 60 days of the end of the current fiscal period. All other revenue items are considered to be measurable and available only when the City receives cash. Expenditures generally are recorded when a liability is incurred. However, debt service, vacation, sick leave, claims and judgments expenditures are recorded only when payment is due.

The City reports on the following major governmental funds, proprietary (enterprise) funds, and fiduciary funds:

1. Major Governmental Funds

General Fund is the City's primary operating fund. It accounts for all financial resources of the City except those required to be accounted for in another fund.

Grants Special Revenue Fund accounts for grants received from federal, state, and other agencies, which are to be used for various purposes identified within the confines of the individual grant.

2. Major Proprietary (Enterprise) Funds

Water System Fund accounts for the construction, operation, and maintenance of the City's water distribution system. Revenues are derived from water service fees and various installation charges.

Sewer System Fund accounts for the construction, operation, and maintenance of the City's sewer system. Revenues are derived from sewer service fees and various installation charges.

Solid Waste Management Fund accounts for the operations of the City's residential solid waste disposal service. Revenues are primarily derived from solid waste service fees.

Transit Fund accounts for the operation and maintenance of the City's mass transportation service. Primary revenue sources are rider fares, federal grants, and state operating grants.

Airports Fund accounts for the City's two airport operations. Revenues are primarily derived from fees and rents.

Fresno Convention Center Fund accounts for the operation and maintenance of the City's convention center. Revenues are primarily derived from fees charged for using the facilities, supplemented by General Fund support.

Stadium Fund accounts for the construction, operation and maintenance of the City's baseball stadium. Revenues are derived from the leasing of the facilities, supplemented by General Fund support.

3. Nonmajor Governmental Funds

Nonmajor Special Revenue Funds are used to account for the proceeds of revenue sources that are restricted or committed to expenditure for specified purposes other than debt service and capital projects. Funds listed under Special Revenue Funds include High Speed Rail Fund, Fresno Revitalization Corporation Fund, Special Gas Tax Fund, Measure C Fund, Community Services Fund, Urban Growth Management (UGM) Impact Fees Fund, Low and Moderate Income Housing Fund, and Special Assessments Fund.

Debt Service Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditures for principal and interest. Numbers for City debt and Financing Authorities/Corporations debt are presented in separate columns on the financial statements.

Capital Projects Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays.

4. Nonmajor Proprietary Funds

Nonmajor Enterprise Funds account for operations that are financed and operated in a manner similar to private business enterprises. Costs are financed or recovered primarily through user charges. Funds listed under Nonmajor Enterprise Funds include Community Sanitation Fund and Parks and Recreation Fund.

Internal Service Funds account for the financing of goods or services provided by one City department to another City department on a cost reimbursement basis. The General Services Fund accounts for the activities of the equipment maintenance services, centralized telecommunications, information services, and central printing. The Risk Management Fund accounts for the City's self-insurance, including provision for losses on property, liability, workers' compensation, and unemployment compensation. The Billing and Collection Fund accounts for the billing, collecting, and servicing activities for the Water System, Sewer System, Solid Waste Management, and Community Sanitation Funds.

The Employees' Healthcare Plan Fund and the Retirees' Healthcare Plan Fund account for the assets held on behalf of the City of Fresno Employees' Healthcare Plan for claim payments on behalf of qualified employees and retirees. While there is only one plan, there is separate accounting for active employees and retirees. There are no standalone financial reports issued for either Healthcare Plan Fund.

5. Fiduciary Funds

Fiduciary Funds are used to account for resources held for the benefit of parties outside the government. Fiduciary Funds are not reflected in the Government-Wide Financial Statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for other Proprietary Funds.

The City Departmental and Special Purpose Fund account for City-related trust activity, such as fees collected for other entities. The Special Assessments District Fund accounts for the receipts and disbursements for the debt service activity of bonded assessment districts within the City. Custodial Funds use the economic resources measurement focus.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Pension Trust Funds account for the assets held on behalf of the City of Fresno Fire and Police Retirement System and the City of Fresno Employees Retirement System for pension benefit payments to qualified employees and retirees. Pension Trust Funds are accounted for in essentially the same manner as other Proprietary Funds.

- **City of Fresno Fire and Police Retirement System (Fire and Police):** Fire and Police was established on July 1, 1955, to provide benefits to the public safety employees and retirees of the City. Fire and Police is maintained and governed by Articles 3 and 4 of Chapter 3 of the Fresno Municipal Code. Fire and Police responsibilities include: administration of the trust fund; delivery of retirement, death and disability benefits to eligible members; administration of programs; and general assistance in retirement and related benefits. The governing board is made up of two members appointed by the Mayor, an elected police member, an elected fire member and a board-appointed member.

The activity for Fire and Police is reflected within Fiduciary Funds. Separate financial statements are prepared for the Fire and Police Retirement System and may be obtained from the Retirement Office at 2828 Fresno Street, Fresno, CA 93721-3604 or at <https://www.cfrs-ca.org/fire-and-police-retirement-system/financial/>.

- **City of Fresno Employees Retirement System (Employees):** Employees was established on June 1, 1939, to provide benefits to the general employees and retirees of the City. Employees is governed by Article 5 of Chapter 3 of the Fresno Municipal Code. Employees responsibilities include: administration of the trust fund; delivery of retirement, disability, and death benefits to eligible members; administration of programs; and general assistance in retirement and related benefits. The governing board is made up of two Mayor-appointed members, two elected members and one board-appointed member. The activity for Employees is reflected within Fiduciary Funds. Separate financial statements are prepared for the Employees Retirement System and may be obtained from the Retirement Office at 2828 Fresno Street, Fresno, CA 93721-3604, or at <https://www.cfrs-ca.org/employee-retirement-system/ers-financial/>.

Private-Purpose Trust Funds account for the custodial responsibilities that are assigned to the Successor Agency to the Redevelopment Agency with the passage of the Redevelopment Dissolution Act.

Custodial Funds account for assets held by the City in a custodial capacity on behalf of individuals or other governmental units.

6. Component Units

In addition to the primary governmental unit, the City also has several component units whose functions are described below:

a. Blended Component Units

Although the following component units are legally separate from the City, the component units have been "blended" into the City's basic financial statements for financial reporting purposes because the governing board is substantially the same as the City Council, there is a financial benefit/burden relationship between the component unit and the City, or City management has the operational responsibility for the component unit. In addition, the component unit provides services exclusively to the primary government or the component unit's total debt outstanding is expected to be repaid with resources of the primary government.

All potential component units were evaluated, resulting in the inclusion of the following entities in the basic financial statements.

Fresno Joint Powers Financing Authority (Authority): The Authority, an independent public entity created in 1988, acquires telecommunications equipment, office furniture, and streetlights; constructs facilities; and installs street improvements through the issuance of limited obligation bonds, certificates of participation and revenue bonds. The Authority currently is leasing these assets to the City. The Authority's three member governing board, consisting of the Mayor and two Council Members, is responsible for the Authority's fiscal and administrative decisions. The financial activity for the Authority is included in the Financing Authorities and Corporations Debt Service Fund. All lease obligations between the Authority and the City have been eliminated in the financial statements. The Authority does not issue separate financial statements.

City of Fresno Employees Healthcare Plan: This component unit provides healthcare to City employees not represented by the Stationary Engineers Local and retired employees who elect to be covered or are covered by the Fresno City Employees Health and Welfare Trusts (Trusts). The Trusts are self-insured trusts administered by an outside third party administrator. The activity for the Trusts is reflected within Internal Service Funds.

Fresno Revitalization Corporation: The Fresno Revitalization Corporation (FRC) is a non-profit public benefit corporation created in 1995 for the purpose of developing a revitalization policy and assisting with the downtown Fresno area development, redevelopment and renewal. The organization received a substantial portion of its support from the former Redevelopment Agency (RDA) and the general public. The seven Council Members of the City and the Mayor became members of the FRC's Governing Board on January 26, 2012.

FRC Canyon Crest, LLC: FRC Canyon Crest, LLC is a special purpose limited liability company owned by the FRC. The purpose of FRC Canyon Crest, LLC was to acquire, operate, maintain, and rehabilitate a 118-unit low income multi-family complex. The complex was owned by a lender in Chicago as a result of a foreclosure of the previous owner. On March 4, 2010, the City Council approved the award of \$2.7 million in Neighborhood Stabilization Program (NSP) set aside funds to the FRC to acquire the property. FRC Canyon Crest, LLC acquired the property, while the RDA guaranteed the loan from the seller. The RDA also provided administrative, financial, and technical support to FRC Canyon Crest, LLC in the acquisition and operation of the property through a contractual services agreement. The Agency Loan Guarantee and Operating Agreement also contained a Declaration of Restrictions creating the affordability covenants and long-term maintenance and operating restrictions, which were recorded against and run with the property.

The RDA and FRC Canyon Crest, LLC marketed the property for sale upon rehabilitation and stabilization to a qualified affordable housing developer for ongoing management and property improvements. In September 2011, the FRC and FRC Canyon Crest, LLC entered into an Assignment/Assumption Agreement with a developer as required by the U.S. Department of Housing and Urban Development (HUD). Final purchase of the property by the developer occurred on April 2012. However, the FRC and FRC Canyon Crest, LLC still hold a \$500,000 residual receipts note on the property.

As the City is the sole member of FRC Canyon Crest, LLC, the seven City Council members and the Mayor are Board members of FRC Canyon Crest, LLC, the activities of FRC Canyon Crest, LLC are blended into the FRC (and, by extension, the City) because: (1) its governing board is substantially the same as the City Council; (2) it provides services exclusively or almost exclusively for the benefit of the City even though it does not provide services directly to the City; and (3) the City is financially accountable for FRC Canyon Crest, LLC.

Fresno Enhanced Infrastructure Financing District (Fresno EIFD): On September 17, 2020, the Fresno City Council approved the creation of the Fresno EIFD. The Fresno EIFD is intended to serve as a catalyst for private sector investment and critical infrastructure in the City's Downtown Planning Area and the southern portion of the Blackstone Avenue Bus Rapid Transit (BRT) Corridor as characterized in the City General Plan. The Fresno EIFD encompasses approximately 4,237 acres of land, representing approximately 5.8% of the City's total (approximately) 73,400 acres. The Fresno EIFD obtains its funding through property tax increment that is generated above the base fiscal year (2021) amount of property tax. The Fresno EIFD intends to utilize the tax increment revenue stream to issue bonds that will fund approximately \$100 million (present value dollars) in multi-modal transportation, mobility, and related improvements, including but not limited to the following:

- Safety and accessibility improvements for car, bicycle, and pedestrian travel modes.
- Roadway and bus infrastructure investments.
- Streetscape, urban greening, and lighting enhancements.
- Improved gateway and wayfinding signage.

The Fresno EIFD is governed by a five member board, which is made up of three City councilmembers and two appointed members of the public that live within the Fresno EIFD.

While there are no financial results from the Fresno EIFD in the Fiscal Year 2022 Annual Comprehensive Financial Report (ACFR), there will be results in future fiscal years as the district receives tax increment, issues bonds, and completes projects. The Fresno EIFD will be reported as a Debt Service Fund.

b. Fiduciary Component Unit

Successor Agency to the Redevelopment Agency of the City of Fresno (Successor Agency): The Successor Agency was created to serve as custodian for the assets and to wind down the affairs of the former RDA. The Governing Board of the Successor Agency consists of the City Council. Over the Successor Agency's Governing Board is the Countywide Oversight Board, which replaced the fifteen oversight boards previously created by successor agencies in Fresno County. Fresno County Oversight Board is comprised of six-member representatives: a representative from the County Board of Supervisors, a representative from the cities within Fresno County, a representative from the independent special district within Fresno County, a representative from the County Office of Education, a representative of the California Community College districts in Fresno County, and a resident of Fresno County.

In general, the Successor Agency's assets can only be used to pay enforceable obligations in existence at the date of dissolution (including the completion of any unfinished projects that were subject to legally enforceable contractual commitments). In future fiscal years, the Successor Agency will only be allocated revenue in the amount that is necessary to pay the estimated annual installment payments on enforceable obligations of the former RDA until all of those enforceable obligations have been paid in full and all assets have been liquidated.

The City became the Housing Successor Agency and has the sole legal authority to administer the former RDA's housing assets. The City may move forward with completing projects under contract at the time of the dissolution and liquidate surplus real estate for the purpose of distributing proceeds to taxing entities, pursuant to approval of repayment of the RDA's obligations to the City.

The Successor Agency is a separate legal entity under Assembly Bill (AB) 1484. The Successor Agency is reported as a Private-Purpose Trust Fund in the City's financial statements. This means that the Successor Agency's assets are considered to be held in a trustee or agency capacity for others and cannot be used to support the City's government's own programs. The housing activity of the former RDA is presented within the Low and Moderate Income Housing Fund, a special revenue fund.

Separate financial statements are prepared for the Successor Agency and can be obtained from the Successor Agency Office at 2344 Tulare Street, Suite 200, Fresno, CA 93721. There is no separate financial report prepared for the Housing Successor Agency.

D. Budgetary Data

The budget of the City is a detailed operating plan which identifies estimated costs and results in relation to estimated revenues. The budget includes (1) programs, projects, services, and activities to be provided during the fiscal year, (2) the estimated resources (inflow) and amounts available for appropriation, and (3) the estimated charges to appropriations. The budget represents a process through which policy decisions are made, implemented, and controlled. The City Charter prohibits expending funds for which there is no legal appropriation.

1. Fund Structure

The budget document is organized to reflect the fund structure of the City's finances. Fund revenues and expenditures are rolled up to the various object levels by division and department for presentation of information to the public. Budget adoption and subsequent administration is carried out on a fund basis.

2. Basis of Accounting

The City adopts annual budgets for most governmental and business-type funds (except Financing Authorities/Corporations and City Debt Service) on the cash basis of accounting plus

encumbrances. Major General Fund revenues, such as sales tax and property tax, are budgeted on the modified accrual basis of accounting. Supplemental appropriations during the year must be approved by the City Council. Budgeted amounts are reported as amended.

Encumbrances are commitments related to executed contracts for goods or services. Encumbrance accounting is utilized for budgetary control and accountability and to facilitate cash planning and control. Encumbrances outstanding at year-end are reported as part of restricted, committed, or assigned fund balance. As of June 30, 2022, encumbrances totaled \$19.2 million in the General Fund, \$53.1 million in the Grants Special Revenue Fund, and \$51.8 million in the Non major Governmental Funds.

3. Revenue Estimation

The methodology for calculating revenue estimates varies depending on the source of revenue. Considerable weight generally has been given to historical trends. This emphasis on historical trends is used because of the composition of the Fresno economy, which differs from California in general.

The General Fund is the City's most versatile funding source, since it has the fewest restrictions. Its revenue comes from property and sales taxes, business tax fees, room tax (Transient Occupancy Tax), charges for services, development fees, and revenues from other governmental agencies. Property tax is the largest revenue source in the General Fund. The main source for projecting this revenue is assessed value information received from the County of Fresno.

Revenue estimates for Enterprise and Internal Service Funds are also rooted in historical trends. As those funds are generally self-supporting (meaning, they do not generally receive tax dollars to cover operational costs), revenue estimates also take into account any adjustments to fees assessed by the Enterprise or the Internal Service Funds. Additionally, any anticipated changes in service levels are also reflected in the revenue estimates.

4. Budget Administration

The budget establishes appropriation and expenditure levels. Expenditures may be below budgeted amounts at year-end due to unanticipated or mandated savings. The existence of a particular appropriation in the budget does not automatically mean funds are expended. Because of the time span between preparing the budget and the subsequent adoption by the governing body, actual expenditures are likely to be different than the budgeted amounts.

Each expenditure is reviewed prior to any disbursement. These expenditure review procedures assure compliance with the City's requirements and provide some degree of flexibility for modifying programs to meet changing needs and priorities.

E. New Accounting Pronouncements - Implemented

1. GASB Statement No. 87 - Leases

The objective of GASB Statement No. 87 is to better meet the informational needs of financial statement users by improving accounting and financial reporting for leases by governments. This statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It also establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Implementation of this Statement had a significant effect on the City's financial statements for the year ended June 30, 2022.

2. GASB Statement No. 89 - Accounting for Interest Cost Incurred Before the End of a Construction Period

Under this GASB Statement, the City will no longer book capitalized interest with respect to construction cost and said interest will no longer be capitalized as part of the assets implementation costs. This statement is effective for reporting periods beginning after December 15, 2020 (was originally December 15, 2019), which for the City is June 30, 2022. The City early implemented GASB Statement No. 89 in fiscal year 2019.

3. GASB Statement No. 92 - Omnibus 2020

The primary objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. Application of this statement did not have a material effect on the City's financial statements for the fiscal year ending June 30, 2022.

4. GASB Statement No. 93 - Replacement of Interbank Offered Rates

Some governments have entered into agreements in which variable payments made or received depend on an interbank offered rate (IBOR)—most notably, the London Interbank Offered Rate (LIBOR). As a result of global reference rate reform, LIBOR is expected to cease to exist in its current form at the end of 2021, prompting governments to amend or replace financial instruments for the purpose of replacing LIBOR with other reference rates, by either changing the reference rate or adding or changing fallback provisions related to the reference rate. The objective of this Statement is to address those and other accounting and financial reporting implications that result from the replacement of an IBOR. Application of this statement did not have a material effect on the City's financial statements for the fiscal year ending June 30, 2022.

5. GASB Statement No. 97 - Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans – An Amendment of GASB Statements No. 14 and No. 84, and a Supersession of GASB Statement No. 32

The primary objectives of this Statement are to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. Application of this statement did not have a material effect on the City's financial statements for the fiscal year ending June 30, 2022.

F. New Accounting Pronouncements - Issued But Not Yet Adopted

The City is assessing what effect, if any, the implementation of the following standards will have on the City's financial statements.

1. GASB Statement No. 91 - Conduit Debt Obligations

The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. Application of this statement is effective for the City's fiscal year ending June 30, 2023.

2. GASB Statement No. 94 - Public-Private and Public-Public Partnerships and Availability Payment Arrangements

The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). As used in this Statement, a PPP is an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction. Application of this statement is effective for the City's fiscal year ending June 30, 2023.

3. **GASB Statement No. 96 - Subscription-Based Information Technology Arrangements**

This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. Application of this statement is effective for the City’s fiscal year ending June 30, 2023.

4. **GASB Statement No. 99 - Omnibus 2022**

The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. Application of this statement is effective for the Authority’s fiscal year ending June 30, 2023.

5. **GASB Statement No. 100 - Accounting Changes and Error Corrections – an Amendment of GASB Statement No. 62**

The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. Application of this statement is effective for the Authority’s fiscal year ending June 30, 2024.

6. **GASB Statement No. 101 - Compensated Absences**

The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. Application of this statement is effective for the Authority’s fiscal year ending June 30, 2025.

G. **Deposits and Investments**

1. **Investment in the Treasurer’s Pool** - The City Controller/Treasurer invests on behalf of most funds of the City in accordance with the City’s investment policy and the California Government Code Section 53601. The City Treasurer, who reports investments and earnings on a monthly basis to the City Council, manages the Treasurer’s Investment Pool. The Treasurer’s Investment Pool consists of two components: 1) pooled deposits and investments and 2) dedicated investment funds. The dedicated investment funds represent restricted funds related to bond issuances of Enterprise Funds. In addition to the Treasurer’s Investment Pool, the City has other funds that are held by trustees. These funds are related to the issuance of Non-Enterprise Fund bonds and certain loan programs of the City.

2. **Investment Valuation** - The City categorizes its investments at fair value measurement within the fair value hierarchy established by generally accepted accounting principles as codified in GASB Statement No. 72, *Fair Value Measurement and Application*.

All City investments are authorized by statute. The City is invested in the following authorized investment instrumentalities: obligations of the U.S. Treasury, agencies, state and local agencies, and supranationals, negotiable and non-negotiable certificates of deposit, medium term corporate notes, money market mutual funds, and the State Treasurer's investment pool. All are stated at fair value except for the non-negotiable certificates of deposit and money market mutual fund which are stated at amortized cost.

3. **Investment Income** - Cash balances of each of the City's funds, except for certain Trust and Custodial Funds and other restricted accounts, are pooled and invested by the City. Interest income from pooled investments is allocated to the individual funds based on the fund participant's average daily cash balance at month end in relation to total pooled investments. The City's policy is to charge interest to those funds that have a negative average daily cash balance at month end. Fiscal year-end deficit cash balances are reclassified as Due to Other Funds and funded by operating funds with positive cash balances.

H. Loans Receivable

For the purposes of the Fund Financial Statements, Special Revenue and Capital Projects Funds expenditures relating to long-term loans arising from loan subsidy programs are recorded as loans receivable net of an estimated allowance for potentially uncollectible loans. In some instances, amounts due from external participants are recorded with an offset to an allowance account. The balance of long-term loans receivable includes loans that may be forgiven if certain terms and conditions of the loans are met.

I. Inventories

Inventories recorded in the Proprietary Funds primarily consist of construction materials and maintenance supplies. Generally, Proprietary Funds value inventory at cost or average cost. Inventory is expensed as it is consumed (the consumption method of inventory accounting). The City uses the purchases method of accounting for inventories in governmental fund types, whereby inventory items are considered expenditures when purchased and are not reported in the balance sheet.

J. Former Redevelopment Agency Property Held for Resale

Property of the former RDA, some of which was allocated to Low and Moderate Income Housing (LMIH) (\$3.6 million) and some to the Successor Agency (\$0.3 million), is being held for resale per the law dissolving the RDA. The property is recorded at the current determination of the lower of estimated cost or market as documented in its approved Long-Range Property Management Plan (LRPMP). The LRPMP addresses the anticipated disposition and use of the real properties of the former RDA. At June 30, 2022, the adjusted value of the property was \$3.9 million.

Property held for sale may, during the period it is held by the City, generate rental income. This rental income is recognized as it becomes due and is considered collectible. The property held by the LMIH appears on the Nonmajor Governmental Fund Financial Statements and Government-Wide Financial Statements as Property Held for Resale. Property held for resale by the Successor Agency is included in the fiduciary funds.

K. Restricted Assets

Restricted cash is classified as restricted assets on the financial statements because it is maintained in separate bank accounts or tracked separately in the City Treasury group of accounts. Use of the proceeds is limited by applicable bond covenants and resolutions. Restricted assets account for the principal and interest amounts accumulated to pay debt service, unspent bond proceeds and amounts restricted for future capital projects. Restricted grants and interest receivable represent cash and receivables contributed for capital projects and the associated interest.

L. Capital Assets

Capital assets, which include land, buildings and improvements, machinery and equipment, infrastructure, and intangible assets, are reported in the applicable Governmental Activities or Business-Type Activities columns in the Government-Wide Financial Statements and in the Private-Purpose Trust Fund (former RDA). All land not included in property held for resale is defined as Capital Assets, regardless of the acquisition cost of the land. All other acquisitions or constructions (excluding Infrastructure) with an initial cost of \$15,000 or more (excluding bundled purchases) and having an estimated useful life in excess of two years are defined as Capital Assets. Computer purchases acquired through a capital lease are capitalized in bulk and not on an individual basis.

Infrastructure with an initial cost of more than \$50,000 is capitalized. Improvements that extend an asset's life or efficiency by over 25% are also capitalized. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed unless they fall below the initial cost threshold.

Asset Category	Capitalization Threshold
Land	All Land
Buildings, Improvements, and Machinery & Equipment	More than \$15,000
Infrastructure	More than \$50,000

Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are recorded at acquisition value at the date of donation. Capital outlay is recorded as expenditures of the General, Special Revenue, and Capital Projects Funds and as assets in the Government-Wide Financial Statements to the extent the City's capitalization threshold is met. In prior years, interest cost incurred during the construction phase of capital assets of Business-Type Activities was included as part of the capitalized value of the assets constructed. Amortization of assets acquired under capital lease is included in depreciation and amortization.

Buildings and improvements, infrastructure, and machinery and equipment of the primary government, as well as the component units, are depreciated using the straight-line method over the following estimated used lives:

Asset Category	Useful Life (Years)
Buildings and Improvements	20 to 40
Infrastructure	15 to 55
Machinery and Equipment	3 to 12

Works of art and historical treasures held for public exhibition, education, or research in furtherance of public service, rather than financial gain, are not capitalized. These items are protected, kept unencumbered, cared for and preserved by the City.

Airports Department capitalizes noise mitigation costs consistent with GASB Statement No. 51 - *Intangible Assets*. Water Rights, in the Water Fund, are also capitalized as Intangible Assets with indefinite useful lives and no amortization. The Airports' Noise Mitigation program consists of improvements made to properties falling within Federal Aviation Administration (FAA) designated high noise impact areas. Although the properties do not belong to Airports, noise insulation measures are installed to reduce the impact of sound decibels inside properties located within the flight path of the airport. In exchange, property owners grant aviation easements to the Airports Department with the easement having an indefinite life. Funding for the program is provided through federal grants.

As of fiscal year end 2022, \$18.9 million has been capitalized as an intangible asset. Included in this amount are noise mitigation assets of \$2.7 million and Water Rights in the amount of \$16.2 million.

Capital Financing Activities

Property, plant and equipment include the following property held under capital financing obligation at June 30, 2022 (in thousands):

	Governmental Activities
Machinery and Equipment	\$ 42,215
Less: Accumulated Depreciation	(27,013)
Net Machinery and Equipment	<u>\$ 15,202</u>

M. Bond Prepaid Insurance, Bond Premiums and Discounts and Accreted Interest Payable

In the Government-Wide Financial Statements, as well as in the Proprietary Fund type and the Fiduciary Fund type in the Fund Financial Statements, long-term debt and other long-term obligations are reported as liabilities in the applicable Governmental Activities, Business-Type Activities, or

Proprietary Fund and Fiduciary Fund Statement of Net Position. Bond prepaid insurance is reported as other assets and amortized over the term of the related debt. Bond issuance premiums and discounts are amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond issuance premium or discount. Interest accrued on capital appreciation bonds is reported as accreted interest payable in the Proprietary Fund and as Long-Term Liabilities, Due In More Than One Year in the Government-Wide Statements.

N. Deferred Outflows of Resources

1. Refunding of Debt

The City records deferred outflows of resources in its Proprietary, Fiduciary, and Government-Wide Financial Statements which represent a consumption of net assets that applies to future periods. These financial statement elements are distinct from assets.

Unamortized losses occurring from advance refunding of debt are reported as deferred outflows of resources. As of June 30, 2022, the ending balance of refunding charges yet to be amortized into expense consists of the following (in thousands):

	Bonds	Charge on Refunding
Governmental Activities:		
Lease Revenue Bonds 2017 A&B, NNLB	\$	14
Lease Revenue Bonds 2017, Parks Impact		716
Lease Revenue Bonds 2017, Various Capital Projects		15
Lease Revenue Bonds 2017, City Hall Chiller		35
Lease Revenue Bonds 2017, Public Safety		2,389
Total Governmental Activities		3,169
Business-Type Activities:		
Airport Revenue Refunding Bonds 2013		10
Lease Revenue Bonds 2017, Convention Center		(4)
Convention Center Improvements 2008 E&F		6
Lease Revenue Bonds 2017, Stadium		20
Lease Revenue Bonds 2017, Exhibit Hall		56
Lease Revenue Bonds 2017, Golf Course		50
Total Business-Type Activities		138
Fiduciary Funds:		
Successor Agency to the Fresno Redevelopment Agency:		
Tax Allocation Bonds Series 2003, Mariposa Project Area		2
Total Charge on Refunding	\$	3,309

2. Pension and OPEB

In the Government-Wide Financial Statements and the Proprietary Fund type in the Fund Financial Statements, deferred outflows of resources are recorded for the current year employer pension contributions to the retirement systems, which represent contributions

made after the measurement period in accordance with GASB Statement No. 71. For the OPEB plan, the the employer contribution made after the measurement period is the implicit subsidy for the current fiscal year. Refer to Note 1 (V) and 1 (W) for additional information.

O. Unearned Revenues

Unearned revenues arise when resources are received by the City before it has a legal claim to them (i.e., upfront grants or when the City bills certain fixed rate services in advance). Amounts billed, but not yet earned, are amortized over the service period.

P. Deferred Inflows of Resources

The City records deferred inflows of resources in its Governmental, Proprietary, and Government-Wide Financial Statements which represent an acquisition of net assets that applies to future periods. In the Government-Wide Financial Statements and the Proprietary Fund type in the Fund Financial Statements, deferred inflows of resources are recorded for unamortized pension revenue and unamortized OPEB expense.

In the governmental fund statements, deferred inflows of resources consist of revenues not collected within the availability period after fiscal year-end. The deferred inflows of resources balance as of June 30, 2022 consists of the following unavailable resources (in thousands):

	Deferred Inflows of Resources			
	General Fund	Grants Special Revenue Fund	Other Governmental Funds	Total Governmental Funds
Property Taxes	\$ 4,276	\$ —	\$ —	\$ 4,276
Franchise Taxes	3,123	—	—	3,123
Business Tax	5,210	—	—	5,210
Measure C and Other Tax	—	—	1,321	1,321
Code Enforcement Revenue	8,641	—	—	8,641
Fire Revenue	857	—	—	857
Grant Revenue	180	18,334	953	19,467
Parking Citations, Fines and Other Revenue	682	—	—	682
Leases	205	—	653	858
Total	<u>\$ 23,174</u>	<u>\$ 18,334</u>	<u>\$ 2,927</u>	<u>\$ 44,435</u>

Q. Interfund Transfers

Interfund transfers are generally recorded as transfers in (out). The following types of transactions would not be considered Interfund Transfers, and therefore would not be recorded as an interfund item in the external financial statements. These exceptions include the following:

1. Charges for services are recorded as both revenues of the performing fund and expenditures of the requesting fund. Unbilled costs are recognized as an asset of the performing fund at the end of the fiscal year.

2. Reimbursements for expenditures initially made by one fund which are properly applicable to another fund are recorded both as expenditures in the reimbursing fund and as a reduction of expenditures in the fund that is reimbursed.

R. Fund Balance (Deficit)

In the fund financial statements, fund balances of the governmental funds are reported in a hierarchy of classifications which are based on the extent to which the City is bound to honor constraints on the specific purposes for which the amounts in the funds can be spent. Governmental fund balance classifications consist of the following:

1. **Nonspendable** - Includes amounts that are either not in spendable form or are legally/contractually required to be maintained intact. These items include those not expected to be converted to cash, such as inventories, prepaid items, and certain long-term receivables.
2. **Restricted** - Includes amounts which have constraints placed on the use of the resources. The constraints are either externally imposed by creditors, grantors, contributors, the legally enforceable laws or regulations of other governments, or by the legally enforceable laws or enabling legislation of the government itself.
3. **Committed** - Includes amounts that can only be used for specific purposes. Various reserves, including the City's Emergency Reserve, are included as a committed reserve.

Resolution No. 2011-64 established the Reserve Management Act which set forth policy with stringent limitations on the reserve funds. This Act increased the minimum reserve balance to 10% of the adopted budget for the next year's General Fund appropriations.

A November 16, 2012 ballot measure amended Section 1212 of the City Charter to require that the Council establish a policy for managing the City Reserves. The measure also defined several "qualifying events" under which the City's Emergency Reserve could be used. Qualifying events were deemed to be 1) Natural catastrophe; 2) An immediate threat to health and public safety; or 3) A significant decline in General Fund Revenues, which in the opinion of the City Manager, impairs his/her ability to administer the Council adopted budget. All qualifying events must be declared by the Mayor and ratified by a super majority Council vote.

The Reserve Management Act (the Act) was further amended through Resolution 2015-77, which was adopted on May 15, 2015. The amendment to the Act permitted the use of the Emergency Reserve for year-end cash balancing purposes, with the approval of the Council.

On June 30, 2022, the Reserve balance identified as Committed Fund Balance was at \$48.4 million, including \$39.9 million for the General Fund Emergency Reserve.

On December 7, 2017, with the adoption of Resolution No. 2017-334, the Act was again amended. The Resolution stated that any real or personal asset sale of City property with

proceeds greater than \$15,000, which would otherwise be deposited into the General Fund, shall instead be deposited into an Asset Sale/Special Windfall Reserve Fund. Proceeds deposited into this new fund are amortized over a five-to-ten year period and used to provide a revenue stream for General Fund items deemed necessary to deliver core City services for the protection and benefit of the citizens of Fresno. Monies from the Asset Sale/Special Windfall Reserve Fund are currently being used to fund salaries of additional police dispatchers. The Committed Fund Balance as of June 30, 2022 includes \$1.3 million within this fund.

In addition to the City's Emergency Reserve, the Committed Fund Balance as of June 30, 2022 also consists of \$2.6 million designated exclusively for use in a year when a 27th pay period occurs. Monies are set aside each year to fund the extra pay period that is a product of paying employees bi-weekly. The next fiscal year containing a 27th pay period is fiscal year 2028.

The Committed Fund Balance as of June 30, 2022 also includes \$4.5 million for the Housing Reserve. Funds in this reserve are to be used exclusively for construction of low-income housing, or subsidizing private sector development of low-income housing.

4. **Assigned** - Includes amounts that are not classified as nonspendable, restricted, or committed, but which are intended by the City to be used for specific purposes. Intent is expressed by legislation or action of the City Council, the Mayor, or the City Manager which legislation has delegated the authority to assign amounts for specific purposes.
5. **Unassigned** - The residual classification for fund balance, which includes all amounts not reported as nonspendable, restricted, committed, or assigned. The General Fund may report either a positive or negative unassigned fund balance. Unassigned amounts are available for any purpose. Other governmental funds may report only negative unassigned fund balances if expenditures incurred for specific purposes exceeded amounts restricted, committed or assigned for those purposes.

When multiple classifications of resources are available for use, it is the City's policy to use resources in the order of restricted, committed, assigned, and unassigned.

Fund Balances of the governmental funds at June 30, 2022 consisted of the following (in thousands):

	General Fund	Grants Special Revenue Fund	Other Governmental Funds	Total Governmental Funds
Fund Balances:				
Restricted:				
Debt Service	\$ —	\$ —	\$ 5,020	\$ 5,020

Total Fund Balance (Deficit)	\$ 104,691	\$ 32,299	\$ 219,567	\$ 356,557

S. Net Position/(Deficit)

Net position/(deficit) represents the difference between assets/deferred outflows of resources and liabilities/deferred inflows of resources in the Government-Wide and Proprietary Fund Statements of Net Position. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. The restricted component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets.

Generally, a liability relates to restricted assets if the asset results from a resource flow that also results in the recognition of a liability or if the liability will be liquidated with the reported restricted assets. Unrestricted net position represents net position elements which are not restricted.

T. Cash Flows

The Statements of Cash Flows are presented for Proprietary Fund types. Cash and cash equivalents include all unrestricted and restricted highly liquid investments with original purchase maturities of three months or less. Pooled cash and investments in the City's Treasury represent monies in a cash management pool and such accounts are similar in nature to demand deposits.

U. Regulatory Assets and Liabilities

At June 30, 2022, the Statement of Net Position Business-Type Activities reflected approximately \$0.8 million in regulatory assets related to the Central Valley Project (CVP) Water Settlement. These assets will continue to have an impact on water rates which are to be charged to customers over approximately the next 20 years. The settlement for past deficiencies was negotiated between the City and the United States Bureau of Reclamation (USBR). Under GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance*, regulatory assets represent future revenue associated with certain costs (CVP Litigation Settlement) that will be recovered from customers through the ratemaking process.

V. Pensions

For purposes of measuring the net pension asset, deferred outflows/inflows of resources related to pensions and pension revenue/expense, information about the fiduciary net position of the City's two pension plans, City of Fresno Employees Retirement System and the City of Fresno Fire and Police Retirement System (Plans), and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by the Plans, which is the accrual basis of accounting. Employer and employee contributions are recognized as revenue when due. Contributions are recorded in the period the related salaries are earned and become measurable. Investment income is recognized when it is earned. The net appreciation in fair value of investments held by the Plans is recorded as an increase to investment income based on the valuation of investments at fiscal year-end, which includes both realized and unrealized gains and losses on investments. Retirement benefits and refunds are recognized when due and payable under the terms of the Plans.

W. Other Post-Employment Benefits (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows/inflows of resources related to OPEB, and OPEB revenue/expense, information about the fiduciary net position of the City's OPEB Plan, and additions to/deductions from the OPEB Plan's fiduciary net position have been determined on the same basis, which is the accrual basis of accounting. For this purpose, the OPEB Plan recognizes benefit payments when due and payable in accordance with the benefit terms. While participant retirees pay 100% of their premium costs, they are allowed to purchase insurance at blended premium rates. Thus, the City's contribution is deemed to be equal to the implicit subsidy, which is that portion of retiree claims costs over premiums contributed by retirees.

X. Estimates

The preparation of financial statements, in conformity with GAAP, requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 2. Cash and Investments

A. City Cash and Investments

1. Sponsored Investment Pool

As part of the City's total cash and investment portfolio, the Treasury Officer and staff, under the supervision of the Controller, manage an investment pool that includes only internal investors and is available for use by all funds. The pool is not registered with the Securities and Exchange Commission as an investment company. Investment activity is reported monthly to the City Council by posting reports to the City's web page and annually through an investment policy submitted to the Council for review and approval. The investments are reported at fair value, which is determined monthly. Participants' shares are determined by the daily cash balance deposited in the pool (the value of its pool shares). Investment income earned by the pooled investments is allocated to the various funds on a monthly basis, based on each fund's daily cash balance. Interest payments are paid to the various funds also on a monthly basis. The value of the pool shares is based upon amortized cost in day-to-day operations, but is adjusted to the fair value at year-end. The value of the shares is supported by the value of the underlying investments. Each fund type's portion of this pool is displayed on the financial statements as "Cash and Investments." In addition, certain funds related to debt issues have investments with trustees.

The following is a summary of cash, deposits, and investments at June 30, 2022 (in thousands):

(in thousands)	Primary Government			Total
	Governmental Activities	Business-Type Activities	Fiduciary Funds	
Cash and Investments	\$ 346,173	\$ 307,108	\$ 8,450	\$ 661,731
Restricted Cash and Investments	133,207	241,030	997	375,234
Pension Trust Investments at Fair Value	—	—	3,468,850	3,468,850
Collateral Held for Securities Lent	—	—	131,286	131,286
Total	\$ 479,380	\$ 548,138	\$ 3,609,583	\$ 4,637,101

2. Cash and Deposits

At year-end, the City's bank balance was \$63.1 million inclusive of Successor Agency to the Fresno Redevelopment Agency Private-Purpose Trust Fund and pension trust funds. The recorded balance reflected in the June 30, 2022 financial statements was \$65.2 million. The difference is due to deposits in transit and outstanding checks.

3. Fair Value Hierarchy

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. These principles recognize a three-tiered fair value hierarchy, as follows:

- Level 1: Investments reflect prices quoted (unadjusted) for identical assets or liabilities in active markets.
- Level 2: Inputs other than quoted prices included in Level 1 that are observable for an asset or liability, either directly or indirectly. Inputs to the valuation include prices that are based on a similar observable asset either directly or indirectly, which may include inputs in markets that are not considered to be active.
- Level 3: Inputs are unobservable inputs for an asset or liability where there are little market activities. The inputs into the determination of fair value are based upon unobservable sources and may require estimation.

The City uses the market approach as a valuation technique in the application of GASB Statement No. 72. This method uses prices and other relevant information generated by market transactions involving identical or comparable assets or group of assets. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Securities listed on the fair value hierarchy are valued by the custodial bank using Data Feed purchased from Interactive Data Corporation (IDC). The Level 2 Data Feed provides end of day independent valuations utilizing rules based on logic and standard valuation techniques. It maximizes the use of relevant observable inputs including quoted prices for similar assets, benchmark yield curves, and market corroborated inputs.

The following is a summary of the fair value of the City's investments using the hierarchy previously discussed (in thousands):

Pooled Investments by Fair Value Level	June 30, 2022	Level 1	Level 2
Federal Farm Credit Bank Bonds	\$ 105,015	\$ —	\$ 105,015
Federal Home Loan Bank Bonds	170,113	—	170,113
Federal Home Loan Mortgage Corporation Bonds	33,193	—	33,193
Federal National Mortgage Association Bonds	23,149	—	23,149
Federal Ag Mortgage Corporation	23,326	—	23,326
U.S. Treasury Securities	82,243	82,243	—
U.S. Sovereign Bonds	4,981	—	4,981
Medium Term Corporate Notes	255,296	—	255,296
Negotiable Certificates of Deposit	54,041	—	54,041
Total Pooled Investments by Fair Value	751,357	82,243	669,114
Pooled Investments Not Subject to the Fair Value Hierarchy			
State Local Agency Investment Fund (LAIF)	42,296		
Time Deposits	2,800		
Municipal Bonds	113,360		
Supranationals	27,928		
Money Market Funds	6,000		
Total Pooled Investments Not Subject to the Fair Value Hierarchy	192,384		
Total Pooled Investments	943,741		
Investments Held Outside the Treasurer's Pool by Fair Value Level			
U.S. Treasury Securities	443	443	
Investments Held Outside the Treasurer's Pool Not Subject to the Fair Value Hierarchy			
Money Market Mutual Funds	27,371		
Total Investments Held Outside the Treasurer's Pool Not Subject to the Fair Value Hierarchy	27,371		
Total Investments Held Outside the Treasurer's Pool	27,814		
Grand Total of Investments	\$ 971,555	\$ 82,686	\$ 669,114

Note: There are no level 3 investments.

According to GASB Statement No. 72, money market investments and participating interest-earning investment contracts that have a remaining maturity at the time of purchase of one year or less should be measured at amortized cost, and as such, are not shown in the fair value hierarchy. In addition, the City's investment in LAIF is also not subject to the fair value hierarchy, as the amount available for withdrawal is based on the amortized cost.

4. Cash, Deposits, and Investments

Cash includes amounts in demand and time deposits. Investments are reported in the accompanying financial statements at fair value, except for certain certificates of deposit and investment contracts that are reported at cost because they are not transferable and they have terms that are not affected by changes in market interest rates.

Changes in fair value that occur during a fiscal year are recognized as income from property and investments. Income from property and investments includes interest earnings; changes in fair value; any gains or losses realized upon the liquidation, unrealized gains and losses, maturity, or sales of investments; property rentals and the sale of City owned property.

5. Investments Authorized by the California Government Code and the City's Investment Policy

The City maintains a formal investment policy, which is adopted annually by the City Council. All investments held in the Treasurer's Pool are consistent with the City's investment policy objectives of preservation of principal, adequacy of liquidity, and achievement of an average market rate of return.

The policy addresses the soundness of financial institutions in which the City will deposit funds, types of investment instruments as permitted by the California Government Code, and the percentage of the portfolio that may be invested in certain instruments with longer terms to maturity. A copy of the City's current investment policy can be found at www.fresno.gov/finance/investmentpolicy.pdf.

The following graphs depict the allocation of the Treasury Pool’s assets among the various authorized investments, as well as maturity periods, as of June 30, 2021 and June 30, 2022:

City of Fresno

Treasurer's Pool Maturity Schedule

B. Investments Authorized by Debt Agreements

Investment of debt proceeds held by bond trustees is governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the City’s investment policy. Investments held outside the Treasurer's Pool consist mainly of required reserve funds for various bond issues. They are held by trustees, and are not available for the City's general expenditures.

Investment agreements are used for the investment of bond proceeds in accordance with the permitted investment provisions of the specific bond indentures, which are prepared in accordance with numerous safeguards to reduce the risk associated with a provider’s ability to meet its contractual obligations.

The City has invested bond trust monies into securities with maturity periods of one to three years under a “ladder” approach to investing. Such a structure allows for reinvestment in the short-term until interest rates begin to rise. Staff believes that investing in the long-term at this time would commit the City into low earnings, instead of taking advantage of opportunities in case rates begin to rise. During fiscal year 2022, total interest of \$0.02 million was earned from the following instruments:

- Money Market Funds - \$0.02 million

C. Types of Risk Associated with the Treasury Pool's Investments

1. Investment Risk

The City invests in no derivatives other than structured (step-up) notes, which guarantee coupon payments. These are minimal risk instruments. All investments are held by a third-party custodian in the City's name.

2. Deposit and Investment Risk

The risk disclosures below apply to the City's internal investment pool and deposits as well as investments held by trustees for debt service funds or bond proceeds. Portfolio investments are exposed to four main types of risk: concentration, interest rate, default, and custodial risk. Deposits are exposed primarily to custodial credit risk.

3. Concentration of Credit Risk

The investment policy of the City contains limitations on the amount that can be invested in any one issuer, which are more restrictive than those stipulated by the California Government Code. While the State has no limit on the percentage of the portfolio that can be invested in a single U.S. Government Agency Security, the City's Investment Policy limits investment in any one issuer to 50% of the portfolio. Also, while the State limits investments to 30% of the Portfolio for any single issuer of Medium Term Notes, the City's Investment Policy limits investments to 20% of the portfolio invested in any single issuer. Investments in any one issuer (other than U.S. Treasury securities, money market funds, and external investment pools) that represent 5% or more of the total Treasurer's Pool investments or investments with trustees are as follows (in thousands):

Treasurer's Pool Investments			
Issuer	Investment Type	Amount	% of Total
Treasurer's Pool Investments:			
Federal Farm Credit Bank	U.S. Government Agency	\$ 105,015	10.43 %
Federal Home Loan Bank	U.S. Government Agency	170,113	16.90 %
Federal Home Loan Mortgage Corp. (FHLMC)	U.S. Government Agency	33,193	3.30 %
Federal National Mortgage Association (FNMA)	U.S. Government Agency	23,149	2.30 %
Federal Ag Mortgage Corporation	U.S. Government Agency	23,326	2.32 %
		<u>\$ 354,796</u>	<u>35.25 %</u>

4. Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally the longer the maturity of an investment, the greater will be the sensitivity of its fair value to changes in market interest rates. One of the ways that the City manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments. Another way the City mitigates this risk is by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time to provide the cash flow and liquidity needed for operations. The City monitors the interest rate risk inherent in its portfolio by measuring the weighted average maturity of its portfolio. The Investment Policy limits the portfolio's weighted average maturity to three years, except for debt agreements held by trustees which are governed by the indentures and may be longer.

Interest rate risk for the Treasurer's Pool and for investments with trustees is disclosed in the following table. As of June 30, 2022, the City had the following cash and investments in its portfolio (in thousands):

Treasurer's Pool	Fair Value	Investment Maturities			
		Less than 1 Year	1 to 5 Years	5 to 10 Years	More than 10 Years
Cash Accounts	\$ 63,120

Total Cash and Investments	\$ 4,637,101				

5. Default Credit Risk

Generally, default credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This risk is measured by the assignment of a rating by a nationally recognized statistical rating organization.

The following table represents the minimum rating required by (where applicable) the California Government Code, the City's investment policy, or debt agreements, and the actual rating as of year-end for each investment type:

Issuer	Amount (in thousands)	Minimum Legal Rating	Rating at Year-End	% of Treasurer's Pool
Treasurer's Pool Investments:				
U.S. Government Agency Securities:				
Federal Farm Credit Bank	\$ 105,015	A	AA+	10.43%

U.S. Government & Treasury Securities	443	NA	AAA	1.59%
Total Investments with Trustees	\$ 27,814			100.00%

¹Standard & Poor's rating of SP-1 indicates a strong capacity to pay principal and interest. An issue determined to possess a very strong capacity to pay debt service is given a plus (+) designation.

The City of Fresno's Investment Policy requires that the City only invest in high quality obligations, which means only those with a rating category of "A" or better by a nationally recognized rating service.

6. Custodial Credit Risk

Custodial credit risk for *deposits* is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The City maintains cash accounts at Bank of America. The City maintains separate accounts for payment of general accounts payable checks, payroll checks, and utility refund checks. Amounts in excess of \$250,000 are securitized in accordance with California Government Code Section 53652. The California Government Code and the City's investment policy contain legal or policy requirements that limit the exposure to custodial credit risk for deposits. The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits. The collateral pledged to cover the public fund deposits in California is held in the name of the California Collateral Pool Administrator and is held in their name by the Federal Reserve Bank as custodian. The City had no uncollateralized cash at June 30, 2022. As of June 30, 2022, the City's deposits with institutions in excess of federal depository insurance limits were \$59.9 million held in accounts collateralized in accordance with California law as described above.

The custodial credit risk for *investments* is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to the transaction, a government will not be able to recover the value of its investment of securities that are in the possession of the counterparty. As of June 30, 2022, in accordance with the City's investment policy, none of the City's investments were held with a counterparty. All of the City's investments were held with an independent third party custodian bank. The City uses Bank of New York Trust Company (BNY) as a third-party custody and safekeeping service for its investment securities. Custodial credit risk is the risk that the City will not be able to recover the value of its investments in the event of a BNY failure. All City investments held in custody and safe-keeping by BNY are held in the name of the City and are segregated from securities owned by the bank. This is the lowest level of custodial credit risk exposure.

D. Investment in State Investment Pool

The City is a voluntary participant in the Local Agency Investment Fund (LAIF), which is regulated by the California Government Code under the oversight of the Treasurer of the State of California. The fair value of the City's investment in this pool is reported in the accompanying financial statements at amounts based upon the City's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is

based on the accounting records maintained by LAIF, which are recorded on a fair value cost basis. The total amount invested by all public agencies in LAIF as of June 30, 2022, was \$35.8 billion. LAIF is part of the California Pooled Money Investment Account (PMIA), which at June 30, 2022, had a balance of \$234.5 billion. Of that amount, 1.88% was invested in medium-term and short-term structured notes and asset-backed securities. The average maturity of PMIA investments was 311 days as of June 30, 2022.

LAIF has the following restrictions on withdrawals:

- For same day transactions, the requesting agency must contact LAIF by 10 a.m. PST.
- Transaction calls received after 10 a.m. are processed the following business day.
- A requesting agency can only conduct a maximum of 15 transactions (combination of deposits and withdrawals) per month.
- 24-hour notice is needed for withdrawals of \$10 million or more.
- The minimum transaction amount is \$5,000, with amounts above the minimum transacted in increments of \$1,000.
- Prior to the funds transfer, an authorized person from the requesting agency must call LAIF to do a verbal transaction.

E. Pension Trust (Retirement Systems) Deposits and Investments

The investment guidelines for the City of Fresno's Retirement Systems (Systems) reflect the duties imposed by an investment standard known as the "prudent expert rule." The prudent expert rule includes anyone who has discretionary authority with respect to the Systems' investments.

The Fire and Police Retirement System's Investment Policy can be found at https://www.cfrs-ca.org/fire-and-police-retirement-system_investments, while the Employees Retirement System's Investment Policy can be found at <https://www.cfrs-ca.org/employee-retirement-system/investments>. Both investment policies can also be obtained by contacting the Retirement Office at 2828 Fresno Street, Suite 201, Fresno, CA 93721.

Northern Trust serves as custodian of the Systems' investments. The Systems' asset classes include U.S. Equity, International Equity, U.S. Fixed Income, International Fixed Income, Direct Lending, and Real Estate. Any class may be held in direct form, pooled form, or both. The Systems have 15 external investment managers, managing 19 individual portfolios.

Investments at June 30, 2022 consist of the following (in thousands):

Investments at Fair Value	
Domestic Equity	\$ 1,055,209
International Developed Market	443,289
Real Estate	532,153
Government Bonds	205,016
Corporate Bonds	371,511
Short-Term Investments	13,112
Alternatives	848,560
Total Investments at Fair Value	<u>\$ 3,468,850</u>

Both Retirement Boards have established policies for investing, specifying the following target allocations with a minimum and maximum range for each of these asset classes:

Asset Class	Minimum	Target	Maximum
Domestic Large Cap Equities	15.0%	25.0%	36.0%
International Developed Market Equities	10.0%	23.0%	25.0%
Core Fixed Income	5.0%	13.0%	20.0%
High Yield Bonds	0.0%	3.0%	5.0%
Core Real Estate	5.0%	10.0%	15.0%
Value Add Real Estate/REITs	2.0%	4.0%	8.0%
Infrastructure	2.0%	5.0%	10.0%
MLPs	0.0%	4.0%	7.0%
Private Equity	0.0%	3.0%	10.0%
Direct Lending/Private Debt	5.0%	10.0%	20.0%
		<u>100.0%</u>	

The Retirement Systems have investments in Tiers 1, 2, and 3 as defined under GASB Statement No. 72. For further information regarding the Retirement Systems' classification of investment, please see the Retirement Systems' Annual Comprehensive Financial Reports (Systems' ACFRs).

Investments of the Systems are exposed to custodial credit risk, credit and interest rate risk, concentration risk, and foreign currency risk. In addition to those risks, the Systems are also exposed to credit risk and market risk associated with their derivatives investments. For a detailed description of all of the risks associated with the Systems' investments, please see the Systems' ACFRs which can be found at <https://www.cfrs-ca.org/fire-and-police-retirement-system/financial/> and <https://www.cfrs-ca.org/employee-retirement-system/ers-financial/> or by contacting the Retirement Office at 2828 Fresno Street, Suite 201 Fresno, CA 93721.

F. Stewardship, Compliance and Accountability

There have been no material violations of finance-related legal or contractual provisions.

G. Restricted Assets

Restricted cash includes funds held by trustees relating to bonds payable and those amounts held by each fund for which a specific, non-operating use has been determined. Restricted interest receivable is interest earned with the trustee.

Restricted assets are reported in the following funds at June 30, 2022 (in thousands):

	Cash and Investments Current and Noncurrent	Interest Receivable	Total
Governmental Activities:			
General Fund	\$ 48,180	\$ —	\$ 48,180
Grants Special Revenue Fund	82,852	—	82,852
Nonmajor Governmental Funds	1,286	—	1,286
Internal Service Funds	889	—	889
Subtotal	133,207	—	133,207
Business-Type Activities			
Water System	67,638	245	67,883
Sewer System	63,405	220	63,625
Solid Waste Management	10,207	—	10,207
Transit	53,804	—	53,804
Airports	38,313	—	38,313
Convention Center	1,350	—	1,350
Stadium	907	—	907
Nonmajor Enterprise Funds	969	—	969
Internal Service Funds	4,437	—	4,437
Subtotal	241,030	465	241,495
Fiduciary:			
Private-Purpose Trust Fund	443	—	443
Custodial Funds	554	—	554
Subtotal	997	—	997
Total	\$ 375,234	\$ 465	\$ 375,699

Note 3. Property Taxes

Article XIII of the California Constitution (Proposition 13) limits ad valorem taxes on real property to 1% of value plus taxes necessary to pay indebtedness approved by voters prior to July 1, 1978. The Article also established the 1975/1976 assessed valuation as the base and limits annual increases to the cost-of-living adjustment, not to exceed 2% for each year thereafter. Property may also be reassessed to full market value after a sale, transfer of ownership, or completion of new construction. The State is prohibited under the Article from imposing new ad valorem, sales, or transaction taxes on real property. Local government may impose special taxes (except on real property) with the approval of two-thirds of the qualified electors.

All property taxes are collected and allocated by the County of Fresno to the various taxing entities. Property taxes are determined annually as of January 1 and attached as enforceable liens on real property. Taxes are due November 1 and February 1 and are delinquent if not paid by December 10 and April 10, respectively. Secured property taxes become a lien on the property on January 1. Property taxes on the unsecured roll are due on the January 1 (lien date) and become delinquent if unpaid on August 31. Property tax revenues are recognized in the governmental funds in the fiscal period for which they are levied and collected, adjusted for any amounts deemed uncollectible and amounts expected to be collected more than 60 days after the fiscal year.

Note 4. Receivables

Receivables are presented in the financial statements net of the allowance for uncollectible accounts. The uncollectible accounts related to accounts receivable at June 30, 2022 were \$3.4 million for the General Fund, \$3.5 million for Water System, \$3.7 million for Sewer System, \$2.8 million for Solid Waste Management, \$0.4 million for Airports, and \$2.5 million for Other Enterprise Funds. The uncollectible accounts related to notes receivable at June 30, 2022 were \$8.4 million for Grants Special Revenue Fund and \$1.8 million for Other Governmental Funds. Accounts not scheduled for collection during the subsequent year are \$75.1 million for Governmental notes and loans and \$17.4 million for Business-Type notes and loans.

The allowance for doubtful accounts is a Statement of Net Position and/or Balance Sheet account that reduces the reported amount of a receivable. Providing an allowance for doubtful accounts presents a more realistic picture of how much of the receivable is likely to be turned into cash, particularly in the near term. The amount of the allowance for each fund is a determination made by management at the end of the fiscal year through a review of past collections received on each account. This analysis includes reviewing the aging of the receivable balance, past account write-offs and other known variables.

Receivables, net of amounts uncollectible, (in thousands) as of June 30, 2022 were as follows:

	Interest	Accounts Receivable	Grants Receivable	Intergovernmental Receivable		Notes, Loans & Other Receivable	Operating Lease Receivable	Total

Airports Capital Projects	45,166
Transit Capital Projects	12,951
Miscellaneous Projects	2,073
Total Business-Type Activities	<u>\$ 243,040</u>
Total Construction in Progress	<u><u>\$ 328,376</u></u>

Note 6. Leases

A. Leases

The City has adopted the following policies to account for agreements in accordance with the requirements of GASB 87. The primary objective of this statement is to enhance the relevance and consistency of information about governments' leasing activities. This statement establishes a single model for lease accounting based on the principle that leases are financings of the right-to-use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources.

B. Basis of Lease Classification

In accordance with GASB No. 87, the City does not recognize a lease receivable and a deferred inflow of resources for short-term leases. Short-term leases are certain leases that, at the commencement of the lease term, has a maximum possible term under the lease contract of 12 months or less, including any options to extend, regardless of their probability of being exercised. The City, being a lessee and lessor, recognizes short-term lease payments as outflows of resources (expenditures) or inflows of resources (revenue), respectively, based on the payment provisions of the lease contract.

C. Term

At the time of lease commencement or conversion, the term of the lease will include possible extension periods that are deemed to be reasonably certain given all available information, regarding the likelihood of renewal.

D. Discount Rate

Unless explicitly stated in the lease agreement, known by the City, or the City is able to determine the rate implicit within the lease, the discount rate used to calculate lease right-to-use assets and liabilities and related lease receivable is the City's incremental borrowing rate at the end of each fiscal year. As of June 30, 2022, the City's incremental borrowing rate was 2.21%. This was the discount rate utilized for applicable leases reported in fiscal year 2022.

E. Variable Payments

Variable payments based on the future performance of the lessee or lessor or usage of the underlying asset are not included in the measurement of lease assets or liabilities.

F. The City of Fresno as Lessee

The City, as lessee, has entered into various agreements for land and buildings with lease terms expiring between 2022 and 2053, with some leases containing options to renew. The terms and conditions for these leases vary by the type of underlying asset. All these agreements have fixed, periodic payments over the lease term, and do not contain variable payments or guaranteed residual

values in the lease agreements. For those agreements that are cancellable by the lessors or the City with an advance notice, they are considered as non-cancellable in accordance with GASB Statement No. 87. In accordance with GASB No. 87, as lessee, the City recognized \$1.4 million of amortization expense in the year ended June 30, 2022. More information on the value of leased assets and their associated amortization can be found in Note 5, beginning on page 93.

Future payments, under these non-regulated leases for each of the next five years and in five-year increments thereafter are as follows (amounts in thousands):

	Beginning Balance	Payments	Interest	Ending Balance
2023	\$ 8,688	\$ 1,518	\$ 178	7,348
2024	7,348	1,448	148	6,048

2048-2052	167	172	5	—

G. The City of Fresno as Lessor

The City, as a lessor, recognizes a lease receivable and a deferred inflow of resources at the commencement of the lease term, with certain exceptions for regulated leases and short-term leases. As lessor, the asset underlying the lease is not derecognized. The lease receivable is measured at the present value of the lease payments expected to be received during the lease term. The leases typically include provisions for rent changes based on the consumer price index or other market indexes, resulting in additional variable lease revenues that are not included in the measurement of the lease receivables. These variable payments based on index are considered to be 'fixed in substance' and are included in the calculation of the lease receivable. The deferred inflow of resources is measured at the value of the lease receivable in addition to any payments received at or before the commencement of the lease term that relate to future periods.

Future receipts, under these non-regulated leases for each of the next five years and in five-year increments thereafter are as follows (amounts in thousands):

	Beginning Balance	Lease Receipt	Interest Income	Ending Balance
2023	\$ 26,427	\$ 5,181	\$ 518	21,765
2024	21,765	5,192	415	16,987
2025	16,987	2,410	337	14,915
2026	14,915	1,720	304	13,499
2027	13,499	1,679	274	12,095
28-32	12,095	5,455	1,022	7,662
33-37	7,662	4,170	642	4,134

48-52	508	471	30	67
53-57	67	68	1	—

H. Regulated Leases

In accordance with GASB Statement No. 87, The City does not recognize a lease receivable and a deferred inflow of resources for regulated leases. Regulated leases are certain leases that are subject to external laws, regulations, or legal rulings, e.g. the U.S. Department of Transportation and the Federal Aviation Administration, regulated aviation leases between airports and air carriers and other aeronautical users.

During the year ended June 30, 2022, the City recognized the following related to its regulated lease agreements:

Regulated – Hangar Rentals (Fixed)

Lease revenue	\$2,161,472
Revenue from variable payments excluded from the schedule of expected future minimum payments	\$36,277

Future expected minimum payments related to the City's regulated leases at June 30, 2022 are as follows:

Regulated – Hanger Rentals (Fixed)

	Principal	Interest	Total
2023	\$ 1,828	\$ —	\$ 1,828
2024	1,613	—	1,613
2025	1,599	—	1,599
2026	1,590	—	1,590
2027	3,989	—	3,989
2028	701	—	701
2029	85	—	85
Report Total	\$ 13,424	\$ —	\$ 13,424

Note 7. Long-Term Liabilities

A. Summary of Long-Term Liabilities

The following is a summary of the City's Long-Term Liabilities as of June 30, 2022 (in thousands):

	Primary Government			Total Primary Government
	Governmental Activities	Business-Type Activities	Fiduciary Funds	
Long-Term Debt				
Revenue and Other Bonds	\$ 196,090	\$ 170,220	\$ —	\$ 366,310
Bonds From Direct Placements	—	33,464	—	33,464
Tax Allocation Bonds	—	—	418	418
Notes Payable From Direct Borrowings	1,440	425,341	1,137	427,918
Subtotal Net Principal Due	197,530	629,025	1,555	828,110
Accreted Interest	—	3,078	—	3,078
Issuance Premiums (Discounts)	8,712	1,259	(1)	9,970
Subtotal Accreted Interest, Issuance Prem/(Disc)	8,712	4,337	(1)	13,048
Capital Financing Activities	52,568	—	—	52,568
Total Long-Term Debt	258,810	633,362	1,554	893,726
Other Long-Term Liabilities				
Retention Payable	3,460	—	—	3,460
Compensated Absences and Health Retirement Arrangement (HRA)	84,121	13,883	56	98,060
Net OPEB Liability	71,680	28,080	—	99,760
Liabilities for Self-Insurance	207,927	—	—	207,927
CVP Litigation Settlement	—	127	—	127
Accrued Closure Cost	—	11,174	—	11,174
Pollution Remediation	—	407	—	407
Operating Leases	8,149	539	—	8,688
Total Other Long-Term Liabilities	375,337	54,210	56	429,603
Total Long-Term Liabilities Government-Wide Statement of Net Position	\$ 634,147	\$ 687,572	\$ 1,610	\$ 1,323,329
Due Within One Year	\$ 82,890	\$ 24,902	\$ 512	\$ 108,304
Due Within More Than One Year	551,257	662,670	1,098	1,215,025
Total Long-Term Liabilities Government-Wide Statement of Net Position	\$ 634,147	\$ 687,572	\$ 1,610	\$ 1,323,329

Internal service funds (ISFs), except for Utility Billing and Collection, primarily serve the governmental funds. Accordingly, Long-Term Liabilities for ISFs are included as part of the above totals for governmental activities, while the long-term liabilities for Utility Billing and Collection are included as part of the totals for Business-Type Activities. Governmental Activities also reflect compensated absences which are generally liquidated by the General Fund, claims/judgments which are liquidated by Risk Management and the Employees Healthcare Plan, and net OPEB liability which is liquidated by the Employees Healthcare Plan.

C. Debt Compliance

There are a number of limitations and restrictions contained in the various loan, note and bond indentures. The City believes it is in compliance with all significant limitations, restrictions and covenants.

D. Debt Management Policy

The City maintains a Debt Management Policy (Policy) which sets forth certain debt management objectives, establishes overall parameters, and provides general direction in the planning, issuing, and administering of the City's debt. The purpose of the Policy is to assist in the City's ability to incur debt and other long-term obligations at favorable interest rates for capital improvements, facilities and equipment which are beneficial to the City and necessary for providing essential services.

The Policy integrates the best practices of other debt management plans utilized by similar California cities and is consistent with the provisions of the City Charter, and any enabling legislation.

As part of the Lease Revenue Bond refinancing that took place in 2017, the City's Debt Management Policy was reviewed to ensure compliance with Senate Bill 1029 (SB 1029). That update was approved by Council on April 6, 2017.

E. Legal Debt Limit and Legal Debt Margin

Article XVI, Section 18 of the California Constitution, (the "debt limit") prohibits cities (including chartered cities), counties, and school districts from entering into indebtedness or liability that in any year exceeds the income and revenue provided for such year unless the local agency first obtains two-thirds voter approval for the obligation. This general limitation has several important exceptions as described below. It is important to remember that this limitation applies not only to traditional bonds, but could apply to many forms of indebtedness or liability, such as installment payment obligations, long-term service or construction contracts, letter-of-credit reimbursement agreements, and other types of arrangements commonly seen in public finance transactions. In determining whether the arrangement under consideration might pose a problem under the debt limit it is useful to ask the following questions:

- Does the arrangement provide for payment in future fiscal years that comes out of revenue generated in those years?
- Does the arrangement call for payments by a city, county, or school district (as opposed to other types of governmental agencies)?

If the answer to these two questions is "yes", then the analysis should proceed to determine if one of the exceptions to the debt limit applies. There are three major exceptions to the debt limit that have been recognized by California courts: the Offner-Dean lease exception, the special fund doctrine, and the "obligations imposed by law" exception.

As of June 30, 2022, the City's debt limit (20% of valuation subject to taxation) was \$8.48 billion. This number was calculated by taking the Total Assessed Values (Gross) from the County of Fresno Tax Rate Book, page 14 multiplied by 20%. This is in comparison with debt limits of \$8.17 billion in 2021. The City's legal debt margin is equal to the City's debt limit because it has no debt subject to the limitation.

F. Arbitrage

Under U.S. Treasury Department regulations, all governmental tax-exempt debt issued after August 31, 1986 is subject to arbitrage rebate requirements. The requirements stipulate, in general, the earnings from the investment of tax-exempt bond proceeds that exceed related interest expenditures on the bonds must be remitted to the federal government on every fifth anniversary of each bond issue. The City has evaluated each general obligation bond and lease revenue bond issue subject to the arbitrage rebate requirements and has deferred credits and other liabilities in the governmental funds. Each Enterprise Fund has performed a similar analysis of the debt the respective enterprise has issued which is subject to arbitrage rebate requirements. Any material arbitrage liability related to the debt of the Enterprise Funds has been recorded as a liability in the respective fund. In addition, the Successor Agency to the former Redevelopment Agency records any arbitrage liability in deferred credits and other liabilities. As of June 30, 2022, the City had an arbitrage liability of \$68,919 related to the 1993A Sewer Revenue Bonds.

G. State Loan Program (Projects Currently In Progress)

On July 15, 2015, the City entered into a 30-year agreement to borrow \$195,489,000 from the California State Water Resources Control Board for construction of a new surface water treatment facility in southeast Fresno. The interest rate is fixed at 1.663% for the term of the loan. Principal and interest is due in semiannual installments for 30 years. As of June 30, 2022, the City has received \$177,894,081 in proceeds. This amount is net of \$3,000,000 in loan forgiveness by the State Water Resources Control Board. The loan forgiveness was part of the loan agreement with the State. Debt service payments will be funded from revenues of the Water Enterprise. Construction is now complete and annual debt service is \$7,262,903.

On August 19, 2015, the City entered into a 30-year agreement to borrow \$70,600,000 from the California State Water Resources Control Board's Clean Water State Revolving Fund for construction of a recycled water distribution system in the southwest quadrant of the City. The interest rate is fixed at 1.0% for the term of the loan. Principal and interest is due in semiannual installments on the amount received by the City through the interest payment date. As of June 30, 2022, the City has received \$68,322,664 in proceeds. Debt service payments will be funded from revenues of the Sewer Enterprise. Once construction is completed, annual debt is estimated to be \$2,028,979.

On April 5, 2016, the City entered into a 30-year agreement to borrow \$26,520,000 from the California State Water Resources Control Board for construction of a raw water pipeline to replace the Enterprise Canal as a primary conveyance system for the Northeast Surface Water Treatment Facility. The interest rate is fixed at 1.6% for the term of the loan. Principal and interest is due in semiannual installments for 30 years. As of June 30, 2022, the City has received \$21,379,590 in proceeds. Debt service payments will be funded from revenues of the Water Enterprise. Construction is now completed, the annual debt is \$1,116,533.

On April 5, 2016, the City entered into a 30-year agreement to borrow \$65,875,669 from the California State Water Resources Control Board for construction of a pipeline from Kings River to the Southeast Water Treatment Facility. The interest rate is fixed at 1.6% for the term of the loan. Principal and

interest is due in semiannual installments for 30 years. As of June 30, 2022, the City has received \$57,615,335 in proceeds. Debt service payments will be funded from revenues of the Water Enterprise. The project is now complete and the annual debt is \$2,773,546.

On August 23, 2016, the City entered into a 30-year agreement to borrow \$75,900,000 from the California State Water Resources Control Board for construction of regional transmission mains to transport water from facilities throughout the City. The interest rate is fixed at 1.6% for the term of the loan. Principal and interest is due in semiannual installments for 30 years. As of June 30, 2022, the City has received \$67,436,972 in proceeds. Debt service payments will be funded from revenues of the Water Enterprise. The project is now complete and the annual debt is \$3,195,506.

On November 26, 2016, the City entered into a 30-year agreement to borrow \$14,000,000 from the California State Water Resources Control Board for construction of a new surface water treatment facility in the northeast portion of the City. The interest rate is fixed at 1.6% for the term of the loan. Principal and interest due in semiannual installments will begin once the project is completed and continue for 30 years. Until completion, interest is due semiannually on the amount received by the City through the interest payment date. As of June 30, 2022, the City has received \$4,520,433 in proceeds. Debt service payments will be funded from revenues of the Water Enterprise. Even though the project was not fully completed, the City was required to make a payment of \$79,570 plus interest of \$20,303. Once construction is completed, the annual debt is estimated to be \$606,000.

H. Capital Financing Activities

The City has entered into several Master Lease Agreements that allowed for a set amount of financing over the term of the Master Lease. Several financings took place under these Master Leases whose maturities exceeded the term of the agreement. These agreements qualify as capital financing activities for accounting purposes. Prior capital financing agreements with outstanding balances are with Community Leasing Partners and Key Government Finance, Inc.

On December 13, 2013, the City entered into a Master Lease Agreement with Dell Financial Services to finance the purchase of computers. Each schedule represents a separate capital financing purchase with annual upfront payment terms provided by the lender at the time the computers are purchased. To date, there have been forty-five schedules executed totaling \$1,166,318 with interest rates ranging from 3.96% to 10.15% and terms between three and five years. As of June 30, 2022, four of these financed purchases remain outstanding.

On January 13, 2017, the City entered into a Master Equipment Lease-Purchase Agreement with Banc of America Public Capital Corp. (BAPCC). Each schedule represents a separate capital financing with annual upfront payment terms provided by the lender at the time the equipment is purchased. There were nineteen schedules executed totaling \$25,184,972 with interest rates ranging from 1.92% to 3.16% and terms between five and ten years. Early in fiscal year 2019, the City reached the maximum amount available to borrow under this master agreement which was \$25 million.

On December 6, 2018, the City entered into a new Master Equipment Lease-Purchase Agreement with BAPCC. This agreement expired at an aggregate on December 31, 2021. There were twenty schedules executed totaling \$17,832,047 with interest rates ranging between 0.91% and 2.83%.

On October 14, 2019, the City entered into a new \$134,076 lease purchase agreement with AT&T Capital Services, Inc. at a rate of 3.87%. The funds were used to update communication equipment on fire vehicles.

On February 21, 2020, the City entered into a new \$5.6 million lease purchase agreement with Alliance Funding Solution, Inc., at a rate of 2.95%. The funds were used to install solar equipment and other energy efficient equipment at both City Hall and the City's Municipal Service Center.

On January 13, 2022, the City entered into a new Master Equipment Lease-Purchase Agreement with BAPCC. Each schedule represents a separate capital financing with annual upfront payment terms provided by the lender at the time of financing. The purpose of these finance purchases is to finance new and replacement equipment throughout the City. To date, there have been three schedules executed totaling \$4.4 million with interest rates ranging from 1.66% to 2.76% and terms of five years. This new master agreement will expire at an aggregate of \$35 million financed or December 31, 2024, whichever comes first.

On February 10, 2022, the city entered into a 15-year agreement to borrow \$19.9 million from Alliance Building Solutions, Inc for a design-build contract to build turn-key PARCS and Public Safety facilities which will include upgrades to lighting to convert to LED efficient lighting, HVAC upgrades and replacements, system controls and monitoring, lighting controls, and transformer upgrades for implementation of a robust list of energy related and sustainability services. The interest rate is fixed at 2.62% for the term of the lease. Principal and interest due in semiannual installments that begin on August 16, 2022. Expected energy bill savings are expected to exceed \$23 million over the life of the agreement by creating 3.5 million kilowatt hours per year, which is equivalent to taking 539 gas-powered vehicles off the road every year or powering nearly 300 homes annually. This aligns with the City's GHG Reduction Plan (Climate Action Plan) Municipal Strategies section 5.1.7 which targets GHG emissions generated at City facilities and operations.

The following table lists the City's capital financing activities by lender as of June 30, 2022 (in thousands):

Lender	Date of Loan	Term (Years)	Purchased	Interest Rate	Annual (P&I Payment)
Community First National Bank	7/13/2015	10	2015 Smeal Engines on Spartan Metrostar Chassis (4)	2.92%	\$ 105

Neighborhood Streets & Parks Loan	Al Radka Park, 5897 E. Belmont Ave	August 1, 2022
	Jaswant Singh Khalra Park, 3861 W. Clinton Ave	August 1, 2022
	Todd Beamer Park, 1890 E. Plymouth Way	August 1, 2022
	Romain Playground, 745 N. First Ave	August 1, 2022

L. Significant Events of Default, Termination and Subjective Acceleration Clauses

The City's debt agreements contain the following terms regarding significant Events of Default, Termination and Subjective Acceleration Clauses:

Bonds

For all City bonds, an Event of Default is generally classified as one or more of the following (1) nonpayment or late payment of principal and/or interest due on the bonds, (2) failure to be in compliance with debt covenants and agreements, and (3) the City filing for bankruptcy. If an Event of Default occurs, the majority owners of the bonds (not less than 51%) may declare the principal amount of all bonds outstanding and the interest accrued on them to be due and payable immediately. This applies to all City bonds except for the Series 2003 Tax Allocation Bonds. Only 25% of bond owners are required to declare the bonds due and payable immediately.

The City's bond agreements do not contain Subjective Acceleration Clauses.

Notes & Loans

For City loans associated with the construction of Water Supply Disinfection Buildings, improvements to the Enterprise and Jefferson Canals, and the City's Water Meter Project, an Event of Default is generally classified as one or more of the following: (1) nonpayment of any installment when due, (2) failure to make any remittances required by the agreement, (3) substantial breach to the agreement, (4) making any false warranty, representation, or statement with respect to the agreement, and (5) loss, theft or damages to any collateral given as security under the agreement. In an Event of Default, the State of California may do any or all of the following: (1) declare the City's obligations due and payable immediately, (2) terminate any obligation to make further cash disbursements to the City, and (3) exercise all rights and remedies available to a secured creditor after default.

For City loans associated with the Southeast Surface Water Treatment Facility, the Regional Transmission Mains, the Enterprise Canal Raw Water Pipeline, the Kings River Pipeline, the Southwest Quadrant Recycled Water Distribution System, and the Tertiary Treatment Facility, the agreements can be terminated by the State Water Resources Control Board (SWRCB) if the City violates any material provision of the agreement. Some examples of violations would be if the City fails to notify the SWRCB of (1) principal and interest payment delinquencies, (2) unscheduled draws on debt service reserves, (3) bankruptcy or insolvency of the City. If a termination event occurs, the City can be demanded by the SWRCB to immediately repay an amount equal to the funds disbursed to them plus accrued interest and penalties.

For City loans associated with HUD Section 108, an Event of Default under these agreements is generally classified as one or more of the following: (1) failure to pay an installment of principal or interest due, (2) failure to properly comply with any covenant or condition of the agreement, and (3) failure to comply substantially with Title I of The Housing and Community Development Act of 1974. In an Event of Default, the Department of Housing and Urban Development Secretary (Secretary) may do any or all of the following: (1) use funds or security pledged under the agreement to (a) continue to make payments due on the note, (b) make an acceleration payment of the principal amount subject to Optional Redemption, (c) pay any interest due for late payment, or (d) pay any other expense incurred by the Secretary as a result of the City's default; (2) withhold the grants not yet disbursed; (3) direct the City's financial institution to refuse to honor any draws on the Guaranteed Loan Funds Account or the Loan Repayment Account by the City; (4) accelerate the note amount subject to Optional Redemption, and (5) exercise any other remedies available by law including recovery of Guaranteed Loan Funds or reimburse any expense incurred as a result of City's default.

For the City loan associated with Roeding Business Park, an Event of Default under this agreement is classified as one or more of the following: (1) failure to pay principal and interest on the loan, (2) the occurrence of an event of default with any parity debt or subordinate debt which causes all principal of parity or subordinate debt to become due and payable immediately, (3) failure to comply with any of the covenants or conditions of the agreement, (4) filing for bankruptcy, (5) any false representation by the City, and (6) failure to pay amounts due under any other City debt if unpaid amount shall exceed \$50,000. In an Event of Default, the California Infrastructure Bank may (1) declare the principal of the loan and the accrued interest on all unpaid balances to be due and payable immediately and (2) exercise any other remedies available by law.

The City's note and loan agreements do not contain Subjective Acceleration Clauses.

Capital Financing Activities

For all City's financed purchases associated with Banc of America Public Capital Corp (BAPCC), an Event of Default is classified as one or more of the following: (1) failure to pay in full the rental payment due, (2) failure to comply with any covenant or agreement of the lease, (3) filing for bankruptcy, (4) any warranty, representation or statement made by the City to be found materially incorrect, (5) any default occurring under any other debt agreement the City has, and (6) the City selling, leasing, or encumbering any of the equipment under the lease. In an Event of Default, BAPCC may do any or all of the following: (1) immediately terminate the lease and repossess the equipment and (2) exercise any other remedies available by law.

For the City's financed purchases associated with Key Government Finance, Inc., an Event of Default is classified as one or more of the following: (1) failure to pay any rental payment, (2) failure to observe and perform any covenant or condition under the agreement, (3) any warranty, representation or statement made by the City to be found materially incorrect, and (4) filing for bankruptcy by the City. In an Event of Default, Key Government Finance, Inc. may do any or all of the following: (1) declare all rental payments and other amounts payable to the end of the then current budget year to be due, (2) retake possession of the property under the lease, (3) instruct the escrow agent to release all proceeds and any earnings thereon to Key Government Finance, Inc. and (4) take any action that is permitted by law to protect its rights under the agreement.

For the City's financed purchases associated with Alliance Funding Solutions, Inc., an Event of Default is classified as one or more of the following: (1) failure to make rental payments when due, (2) failure to maintain insurance on leased property, (3) failure to perform or observe any obligations, covenants or conditions under the lease, (4) filing for bankruptcy by the City, and (5) any warranty, representation or statement made by the City to be found materially incorrect. In an Event of Default, lessor may do any or all of the following: (1) require the City to pay all amounts currently due and all payments remaining due during the fiscal year in which default occurs, (2) exercise any other remedies available under the law, (3) take possession of the equipment and sell or lease it to pay for past due lease payments owed by the City, (4) terminate the lease, and (5) terminate the escrow fund and apply any remaining amount to the balance owed by the City.

The City's capital lease agreements do not contain Subjective Acceleration Clauses.

Note 8. Interfund Activity

A. Due to/from Other Funds

Due to/from Other Funds represents short-term borrowings resulting from a fund's temporary need for additional cash. Primarily, these amounts have been recorded when timing differences between when the services are provided and when they are paid for/reimbursed causes the funds to temporarily overdraw their share of pooled cash. These balances are generally expected to be repaid within the next few months and not longer than a 12-month fiscal operating cycle.

The composition of interfund balances as of June 30, 2022, is as follows (in thousands):

Receivable Fund	Payable Fund	Amount
General Fund	Grants Special Revenue Fund	\$ 3,734
	Nonmajor Governmental Funds	2,310
	Nonmajor Enterprise Funds	512
	Internal Service Funds	8,035
		<u>14,591</u>
Grants Special Revenue Fund	Internal Service Funds	<u>1,749</u>
Nonmajor Governmental Funds	Grants Special Revenue Fund	161
	Internal Service Funds	2,518
	Fiduciary Funds	103
		<u>2,782</u>
Water System	Grants Special Revenue Fund	78
	Internal Service Funds	9,738
		<u>9,816</u>
Sewer System	Grants Special Revenue Fund	88
	Solid Waste Management	1
	Internal Service Funds	6,624
		<u>6,713</u>
Solid Waste	Grants Special Revenue Fund	41
	Internal Service Funds	2,983
		<u>3,024</u>
Transit	Grants Special Revenue Fund	107
	Internal Service Funds	54
		<u>161</u>

Receivable Fund	Payable Fund	Amount
Airports	Grants Special Revenue Fund	43
	Internal Service Funds	400
		443
Nonmajor Enterprise Funds	Grants Special Revenue Fund	8
	Internal Service Funds	901
		909
Internal Service Funds	General Fund	1,100
	Grants Special Revenue Fund	133
	Nonmajor Government Funds	345
	Water System	115
	Sewer System	136
	Solid Waste Management	563
	Transit	139
	Airports	35
	Nonmajor Enterprise Funds	133
	Internal Service Funds	145
		2,844
Total Due to/from Other Funds		\$ 43,032

B. Advances

Advances represent long-term borrowing between funds.

Fire Headquarters

In fiscal year 2018, the General Fund borrowed \$3.1 million from the Wastewater Operation Fund and the Sewer Stabilization Fund in order to provide sufficient funding for the purchase of the Fire Department's Headquarters Building. The governing resolution formalizing this advance was adopted by Council on May 10, 2018. The term of the advance is five years and the rate of interest is equal to the rate of interest paid on the City's pooled deposits and investments. As of the effective date of the agreement (June 25, 2018) the interest rate was 1.35%. As of June 30, 2022, \$2.5 million has been repaid and \$0.6 million remains outstanding.

Fire Station No. 18

On November 14, 2019, a loan was executed between the City's UGM Area Wide Oversized Sewer fund, the City's UGM Wellhead Treatment Area 101S Fund, and the City of Fresno's Fire Station 18 Construction Fund, whereby funds were loaned to the Fire Station 18 Construction Fund to cover building costs of Fire Station 18. An amount not to exceed \$2.4 million was borrowed from the UGM Area Wide Oversized Sewer Fund and \$1.46 million was borrowed from the UGM Wellhead Treatment Area 101S Fund. The term of the loan will be not more than five (5) years and shall be repaid in full by July 31, 2024. Interest will accrue at a rate equal to the City's Pooled Investment Rate, which was 2.325% as of the effective date of the Loan Agreement. Each year, Fire Station 18 Construction Fund shall pay at least 1/5th of the principal balance of the loan plus interest accrued to the payment date. To the UGM Area Wide Oversized Sewer Fund, the annual principal payment is \$480,000, while the annual payment to the UGM Wellhead Treatment Area 101S Fund is \$291,450. As of June 30, 2022, \$3.9 million of proceeds from this loan had been transferred to the Fire Station 18 Construction Fund and \$1.4 million had been repaid.

Animal Shelter

On June 1, 2020, a loan was budgeted between the City's Water Enterprise Fund and the City of Fresno Animal Shelter Construction Fund, whereby funds were loaned to the Animal Shelter Construction Fund to cover building costs of a new Animal Shelter. An amount not to exceed \$18.5 million was budgeted to be borrowed from the Water Enterprise Fund. The term of the loan will be not more than five (5) years. Interest will accrue at a rate equal to the City's Pooled Investment Rate, which was 2.042% as of March 2020. Each year, the Animal Shelter Construction Fund shall pay at least 1/5th of the principal balance of the loan plus interest accrued to the payment date. During fiscal year 2021, bond proceeds from the 2020-A Animal Services Facility Lease Revenue Bonds became available to fund construction. As of June 30, 2021, no proceeds from the Water Fund had been or are expected to be transferred to the Animal Shelter Construction Fund.

DPU Facility

On April 1, 2021, a loan was executed between the City's Water Division and the Solid Waste Division, whereby \$3.7 million was loaned to the Solid Waste Division for the joint purchase of a facility to bring all Utilities services that can be merged into one facility. The term of the loan will be 5 years from the effective date of the loan, or April 1, 2026, and will accrue interest at a rate equal to the City's pooled rate, which was 1.78% as of the effective date of the loan agreement. The Solid Waste Division shall make principal payments in the amount of 1/10th of the loan amount and interest payments twice per year on October 1 and April 1 of each fiscal year. As of June 30, 2022, all \$3.7 million of proceeds from this loan had been transferred to the Solid Waste Fund and \$0.7 million had been repaid.

Valley Inn

On June 29, 2021, a loan was executed between the City's Sewer Operations Fund and the General Fund, whereby \$10 million was loaned to the General Fund for the purchase of a local motel for the purpose of housing the City's homeless population, as well as providing rehabilitation and property management services. The term of the loan was originally set to expire on June 30, 2022 but was amended in FY '22 and now will expire on December 31, 2022. The loan will accrue interest at a rate equal to the City's pooled rate, which was 1.78% as of the effective date of the loan agreement. As of June 30, 2022, all \$10 million of proceeds from this loan had been transferred to the General Fund and \$0 had been repaid.

Redevelopment Agency

Advances over the years between the City and the former Redevelopment Agency (RDA) were made to provide funds for the purpose of eliminating blight and developing, constructing, rehabilitating, and revitalizing Fresno's inner city neighborhoods, downtown, and industrial areas. The advances had all been secured by and payable from the incremental property tax revenues of the redeveloped properties. Interest rates varied between 5% and 9%, with payments on the advances and related interest based upon budgetary priority as approved by the former RDA.

In June 2011, all California RDAs were required to dissolve effective February 1, 2012. The law dissolving the RDAs called for the creation of a Successor Agency (SA) to wind down RDA business.

The initial dissolution law provided that the SA would pay "enforceable obligations" of the former RDA. However, the law initially excluded debt a former agency owed to the city that created it from the definition of enforceable obligations, unless the debt was created in the first two years following the agency's creation or was debt that represented third party obligations. Subsequent legislation allowed limited, conditional repayment of loans by the SA to the community that created it.

When the RDA dissolution process began, City staff considered it to be premature to consider the debt owed by the former RDA to the City as being current. Thus, an allowance for doubtful accounts was created by the City, which at June 30, 2011, totaled \$80.1 million. This amount, which was equal to the calculated amount of the debt, was reflective primarily of principal and interest accrued over the years on the advances. As payments on the debt have been received and legal decisions have

been rendered, which further defined an "enforceable obligation", staff revisited that initial allowance for doubtful accounts amount and refined it. At the end of fiscal year 2022, the allowance for doubtful accounts stood at \$6.5 million.

As the funds are received, 20% of any loan repayment received by the City must be deducted from the loan repayment amount and be transferred to the Low and Moderate Income Housing Fund. In fiscal year 2022, this amount totaled \$0.4 million. The repayment is reflected on the ACFR on the Combining Statement of Revenues, Expenditures and Changes in Fund Balances - Nonmajor Governmental Funds, under the Special Revenue Low and Moderate Income Housing Fund.

On June 23, 2016, the City Council approved a resolution requiring any amount of the annual repayments of RDA debt that are received and not related to Enterprise Funds related loans would go toward the rebuilding of the City's Emergency Reserve Fund. Through June 30, 2022, the City had received \$32.4 million in loan repayments from the SA. With the adoption of the fiscal year 2019 budget and the corresponding achievement of a 10% reserve, these repayments became a General Fund revenue source.

City of Fresno Advances to Former Redevelopment Agency (In Thousands)

Receivable Fund	Principal Cumulative				Interest Cumulative				Total		
	Beginning Balance	Advances/ Adjustments	Payments/ Write-offs	Ending Balance	Beginning Balance	Accruals/ Adjustments	Payments/ Write-offs	Ending Balance	Total Receivable	Allowance for Doubtful	Receivable (Net of Allowance)

Subsequent to fiscal year-end, the City received a reimbursement on loans made to the former RDA. The amount received was \$2.3 million, of which \$1.9 million was paid to the City and \$0.5 million was paid to the Housing Successor.

Redevelopment Agency - Housing Assets

The City became the "Housing Successor" of the former RDA's Housing Assets. These assets were transferred to the City, who has sole legal authority to administer housing assets pursuant to the Redevelopment Dissolution Laws. This allows the City to complete projects under contract, liquidate surplus real estate and distribute proceeds to taxing entities, pursue repayment of RDA obligations to the City, and administer housing assets.

Other Advances

The Sewer System sold land to the General Fund for the purpose of constructing a regional public safety training facility. Interest for the advance is equal to two percent (2%) above the City's monthly Pooled Investment Rate. The first interest only payment was due July 31, 2008. Principal, at not less than 1/29th of the original principal, and interest payments are due annually thereafter. The remaining advances are interest free and payable on demand. The amounts are not expected to be repaid within the next twelve-month fiscal operating cycle.

The composition of interfund balances (advances from/to other funds) as of June 30, 2022, is as follows (in thousands):

Receivable Fund	Payable Fund	Amount
Grants Special Revenue Fund	Fiduciary Funds	\$ 6,848
Nonmajor Governmental Funds	Nonmajor Governmental Funds	62
Water System	Nonmajor Governmental Funds	1,050
	Solid Waste	2,969
		<u>4,019</u>
Sewer System	General Fund	10,862
	NonMajor Governmental Funds	1,440
		<u>12,302</u>
Total Advances		<u><u>\$ 23,231</u></u>

C. Transfers

Transfers represent subsidies by one fund to another in accordance with the budget and provide for various City programs and provide resources for the payment of debt service.

The following is a summary of interfund transfers for the fiscal year ended June 30, 2022 (in thousands):

Receiving Fund	Paying Fund	Amount
General Fund	Grants Special Revenue Fund	\$ 4,291
	Nonmajor Governmental Funds	2,643
	Solid Waste Management	708
	Transit	597
	Internal Service Funds	348
		<u>8,587</u>
Grants Special Revenue Fund	General Fund	334
	Nonmajor Governmental Funds	1,748
	Internal Service Funds	18
	<u>2,100</u>	
Nonmajor Governmental Funds	General Fund	26,120
	Grants Special Revenue Fund	695
	Nonmajor Governmental Funds	24,040
	Water System	378
	Sewer System	346
	Solid Waste Management	325
	Transit	856
	Airports	268
	Nonmajor Enterprise Funds	97
	Internal Service Funds	888
	<u>54,013</u>	
Water System	General Fund	<u>1</u>
Sewer System	General Fund	<u>1</u>
Solid Waste Management	General Fund	666
	Nonmajor Enterprise Funds	928
	<u>1,594</u>	
Airports	General Fund	<u>—</u>
Fresno Convention Center	General Fund	<u>6,122</u>
Stadium	General Fund	<u>3,694</u>
Nonmajor Enterprise Funds	General Fund	<u>1,300</u>
Internal Service Funds	General Fund	1,783
	Grants Special Revenue Fund	1,252
	Water System	1,095
	<u>4,130</u>	
Total Transfers		<u><u>\$ 81,542</u></u>

The General Fund transferred \$26.1 million to Nonmajor Governmental Funds to provide support for debt service payments and capital projects; \$6.1 million to the Convention Center for debt service as well as general operating support; \$1.8 million to Internal Service Funds for provided services; \$0.7 million to Solid Waste for transverse charges and \$3.7 million to the Stadium Fund for debt service payments.

The Grants Special Revenue Fund transferred \$68.3 million to the General Fund, \$0.1 million to Nonmajor Governmental Funds, and \$7.4 million to Proprietary Funds for Coronavirus Aid Relief, and Economic Security (CARES) Act eligible expenses.

Nonmajor Governmental Funds transferred \$28.4 million for debt service and miscellaneous purposes. Internal Service Funds transferred \$0.9 million to Nonmajor Governmental Funds for debt service payments. Enterprise Funds transferred \$2.3 million to Nonmajor Governmental Funds for debt service payments.

D. Recap of Interfund Activity

The following schedule recaps Interfund Activity at June 30, 2022 (in thousands):

	Due from Other Funds	Due to Other Funds	Advances Receivable from Other Funds	Advances Payable to Other Funds	Transfers In	Transfers Out
Governmental Funds:						
General Fund	\$ 14,591	\$ 1,100	\$ —	\$ 10,862	\$ 8,587	\$ 40,021
Grants Special Revenue Fund	1,749	4,393	6,848	—	2,100	6,238
Nonmajor Governmental Funds	2,782	2,655	62	2,552	54,013	28,431

Note 9. Defeasances

Current Year Defeasances

The City had no defeasance or refunding of debt for the fiscal year ending June 30, 2022.

Note 10. Risk Management Fund

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; business interruption; errors and omissions; automobile liability and accident claims; natural disasters; employee health benefit claim payments; and injuries to employees (workers' compensation). With certain exceptions, it is the policy of the City to use a combination of self-insurance and purchased commercial insurance against property, liability, or workers' compensation risks. The City believes it is more economical to manage its risks internally and set aside funds as needed for estimated current claim settlements and unfavorable judgments through annual appropriations and supplemental appropriations. The City maintains limited coverage for certain risks that cannot be eliminated. The Risk Management Division investigates and manages all liability claims and property losses, evaluates risk exposure and insurance needs, protects against contractual loss by reviewing/preparing insurance and indemnification portions of contractual documents, emphasizes ongoing operational loss control, and purchases all insurance coverage for the City.

The City maintains General Liability insurance, with limits of liability of \$25 million per occurrence and \$35 million aggregate in Excess Liability coverage. There is a \$5 million self-insured retention (SIR). Coverage is provided by the Safety National Insurance Company (\$2 million/\$4 million) or Safety Specialty (\$2 million), depending on the line of coverage, and thereafter Safety Specialty Insurance Company (\$3 million/\$6 million), Allied Insurance Company (\$10 million/\$10 million), Hallmark Insurance (\$5 million / \$5 million) and Gemini Insurance (\$5 million/\$5 million). The City has procured Automobile Physical Damage coverage through Hanover Insurance Company with a \$10 million limit. For this policy, the deductible is \$50,000 for vehicles valued at less than \$150,000, while the deductible is \$100,000 for vehicles valued at \$150,000 or more. The City carries Government Crime coverages with a \$5 million limit secured through Zurich Insurance Company with a \$50,000 deductible. The City has Cyber liability coverage under AXA XL with a \$500,000 SIR and a \$5 million limit and excess Cyber liability coverage under Illinois Union Insurance Company (\$5 million /\$5 million). The City also maintains Airport Owners and Operators General Liability insurance and Aviation (Aircraft Liability), with limits of liability of \$100 million. There is no deductible or SIR. Coverage is provided by Old Republic Insurance Company through Phoenix Aviation Managers (Texas), Inc.

Furthermore, the City maintains Property insurance and Boiler and Machinery insurance with Travelers Insurance, with total insured values of \$2,189,263,752 and limits of liability of \$500,000,000. There is a \$100,000 deductible for most losses. Flood losses have a \$250,000 deductible. Property insurance does not cover losses due to seismic events. Finally, the City maintains Aviation (Aircraft Hull) insurance for two helicopters, with limits of liability of \$50 million. There is a 1.0% of insured value each claim, subject to a maximum of \$15,000, rotors in-motion deductible and \$0 rotors not in-motion deductible of each helicopter. Coverage is provided by Old Republic Insurance Company through Phoenix Aviation Managers (Texas), Inc.

The City's Workers' Compensation Program consists of \$2 million SIR, with purchased excess insurance layers up to the statutory limits. Settled claims have not exceeded the SIR in any of the last five fiscal years. The claims liabilities and workers' compensation liabilities reported on the Statement of Net Position have been actuarially determined and include an estimate of incurred but not reported losses.

The estimated liabilities of the Risk Management ISF as of June 30, 2022 are determined by the City based on recommendations from an independent actuarial evaluation. The liabilities are based on estimates of the ultimate cost of claims (including future claim adjustments expenses) that have been reported but not settled, and claims that have been incurred but not reported (IBNR). The claims liability of \$200.5 million reported in the Risk Management Internal Service Fund at June 30, 2022 is based on the requirement that claims be reported if information prior to the issuance of the financial statements indicates it is probable that a liability has been incurred at the date of the financial statements and the amount of loss can be reasonably estimated.

The recorded liabilities for each program at June 30, 2022 are as follows (in thousands):

Workers' Compensation *	\$	145,151
Liability and Property Damage *		<u>55,376</u>
Total	\$	<u>200,527</u>

* The liabilities for workers' compensation and general liability are presented at present value, using a discount rate of 3%.

Changes in the funds claims liability amount for the last two fiscal years are as follows (in thousands):

Fiscal Year Ended June 30	Beginning of Fiscal Year Liability	Current Year Claims and Changes in Estimates	Claims Payments	End of Fiscal Year Liability
2021	\$ 150,308	\$ 59,722	\$ 24,297	\$ 185,733
2022	\$ 185,733	45,009	30,215	200,527

See Note 10 Section G for changes in funds claims liability related to Employees Healthcare Plan.

Note 11. Employee Benefit Programs

A. Retirement Plans

The City sponsors two single-employer, contributory, defined benefit pension plans. The City of Fresno Employees Retirement System and the City of Fresno Fire and Police Retirement System (Systems) were established under Charter Section 910 and are governed by Article 5 Chapter 3 (Employees) and Articles 3 and 4 Chapter 3 (Fire and Police) of the City of Fresno Municipal Code, respectively. The Systems provide lifetime retirement, disability, and death benefits to its members.

The Systems are administered by their respective Retirement Boards (Boards) which operate in compliance with the City of Fresno Municipal Code, and also in accordance with the California Pension Protection Act of 1992. The Boards do not operate under the control of the City Council. Rather, the Boards have the sole and exclusive responsibility to administer the respective Systems in a manner that will assure prompt delivery of benefits and related services to the members and their beneficiaries.

Membership and Benefit Eligibility

All permanent full-time employees of the City, except sworn Fire and Police personnel, are eligible to participate in the Employees' plan. The Fire and Police is one System with two tiers. Effective August 28, 2008, the City of Fresno added the Fire and Police Tier 2 for all full-time sworn Fire, Police and Airport safety personnel hired on or after that date (and closed the Fire and Police Tier 1 to new entrants). Employees become eligible for membership on their first day of full-time regular employment, and become fully vested after earning 5 years of service credit. Employees working in limited, interim, provisional, temporary, seasonal or part-time positions are not eligible to participate in the Systems. Participation is mandatory if an employee is eligible, except in the case of the City Manager, City Attorney, City Clerk, Department Heads and Council Assistants who may negotiate other retirement benefits if such an agreement is established by resolution of the Council as provided for in the Fresno Municipal Code (FMC) Section 5-318.

Total participants in each System were comprised of the following, as of June 30, 2022:

	Employees	Fire & Police	Total
Active Members			
Vested	1,384	856	2,240
Non-Vested	1,051	280	1,331
Total Active Members	2,435	1,136	3,571
Retirees and Beneficiaries of Deceased Retirees			
Retirees, Currently Receiving Benefits	2,167	1,154	3,321
Inactive Vested Members	202	58	260
Total Retirees and Inactive Members	2,369	1,212	3,581
Grand Total	4,804	2,348	7,152

Benefit Provisions

The retirement (pension) benefits that Employees members receive are based upon a combination of age at retirement, years of credited service, final average monthly salary, and the distribution option selected by the participant. For Fire and Police, the benefits are further based upon the tier and option selected by the participant. Members' contributions, including interest, are 100% vested at all times. Employer contributions do not become vested until completion of five years of credited service, and are not payable until the member attains the age of 55. Effective January 28, 2008, members may retire between ages 50-55 with an actuarially equivalent service retirement benefit. For Fire and Police, the employer contributions do not become vested until completion of ten years of credited service under Tier 1 and five years of credited service under Tier 2. Those benefits are not payable until the member attains the age of 50 under both tiers. Contributions are made by the members and the employer at rates recommended by the Systems' actuary and adopted by the Boards.

Member Retirement Benefits

Employee members are eligible for service retirement benefits upon completion of at least five years of service upon termination of service (if they have left their contributions and interest with the System) and are at least age 55. They are also eligible if their permanent termination from City service was caused by a layoff. In those cases, they can retire at age 50 at a reduced benefit. They may also be eligible for service retirement benefit if they have less than five years of service with the City, have established reciprocity with a prior employer, and are eligible to retire from that agency.

The service retirement monthly benefit calculated pursuant to the provisions of the Fresno Municipal Code is equal to 2% of final compensation times each of the first 25 years of accrued retirement service credit plus 1% of final compensation times any years of accrued retirement service credit in excess of 25 years, multiplied by the age factor at retirement age. Final average compensation consists of the highest average consecutive 36 months of earnable compensation calculated using the rate of pay in effect at the time of retirement.

Fire and Police members of Tier 1 are eligible to retire once they attain the age of 65 regardless of service, or at age 50 and have acquired ten or more years of retirement service credit. The Tier 1 monthly benefit for a member with at least 20 years of service who retires from active status is equal to 55% of final compensation plus 2% of final compensation for each year of service in excess of 20 years completed after age 50. For Tier 1, final average compensation consists of the final highest consecutive 36 months of compensation earnable calculated using the rate of pay actually earned by the member in effect at the time of retirement. Some members can elect to have their final compensation based on a rank average. Members of Tier 2 are eligible to retire once they attain the age of 65 regardless of service or at age 50 and have acquired 5 or more years of retirement service credit. The Tier 2 monthly benefit for a member who is age 55 or older is equal to 2.70% of final compensation times years of accrued retirement service credit. The maximum monthly retirement allowance is 75% of final compensation. Tier 2 final average compensation consists of the highest consecutive 36 months of compensation earnable before the date of retirement.

The members of each System may elect an unmodified retirement allowance, or choose one of four optional retirement allowances. Each of the optional retirement allowances require a reduction in the unmodified retirement allowance in order to allow the members the ability to provide certain benefits to a surviving spouse, domestic partner, or named beneficiary having an insurable interest in the life of the member. For Employee members, the unmodified retirement allowance provides the highest monthly benefit and 50% continuance to an eligible surviving spouse or domestic partner. For Fire and Police members, the unmodified retirement allowance also provides the highest monthly benefit and a 66 2/3% continuance to an eligible surviving spouse or domestic partner.

The Municipal Code provides that the Retirement staff must research the percentage change in the Consumer Price Index (CPI) (US city-average for urban wage earners and clerical workers - all items) and propose that percentage to the appropriate Boards as the cost-of-living adjustments (COLA) to be adopted for the following year. This procedure must be completed by the end of April of each year for implementation in July (employees) or January (public safety). The COLA is limited to a 5% maximum change per year (employee) or 3% maximum change (public safety). Any excess over the maximum change is “banked” for use in a year where the percent of CPI change is less than the maximum.

The Fire and Police Tier 1 COLA depends on the type of method chosen by the member at retirement. If the member chose the Career Rank method, the COLA is a recalculation of his/her retirement based on the new salaries adopted for the current year. If the method chosen by the retiree is the final 3-year method, the COLA is based on the change in the weighted mean average compensation attached to all ranks in the department, with a cap of 5% per year. Any excess over the 5% is “banked” for use in years when the COLA calculated is less than 5%.

Each System also has a Deferred Retirement Option Program (DROP), which is an optional voluntary program that allows the member to have his or her retirement benefits deposited in a special account within the Systems while the member continues to work in his or her current position. It is a voluntary method of receiving a distribution of their retirement benefits; it is not an additional retirement benefit. Additional information on DROP may be found in the ACFR for each respective System.

Terminated Member Benefits

If a member terminates before earning five years of credited service, the member forfeits the right to receive his or her service retirement benefit and is entitled to withdraw refundable contributions made, together with accumulated interest. If the member enters a reciprocal retirement system within 180 days (6 months) of terminating employment with the City and elects to leave their accumulated contributions on deposit with the System, then the member will receive a deferred retirement allowance when eligible.

Death and Disability Benefits

Death benefits are based upon whether the death occurred before or after retirement. Disability benefits are based upon whether the member has at least ten years of credited service, over or under age 55 and whether the permanent incapacity is found to be service or non-service connected.

Basis of Accounting

The Systems' financial statements are prepared using the accrual basis of accounting and in accordance with generally accepted accounting principles in the United States of America (GAAP), under which revenues are recognized when earned and deductions are recorded when the liability is incurred. Securities lending transactions are accounted for in accordance with GASB Statement No. 28, *Accounting and Financial Reporting for Securities Lending Transactions*.

Valuation of Investments

For financial reporting purposes, the Systems' investments are reported at fair value. Fair value for investments of publicly traded securities is based upon closing sales prices reported on recognized securities exchanges on the last business day of the period or, for listed securities having no sales reported and for unlisted securities, based upon last reported bid prices. All purchases and sales of securities are accounted for on a trade date basis. Dividends declared but not received are accrued on the ex-dividend date. Short-term investments are reported at cost, which approximates fair value. Securities traded on national or international exchanges are valued at the last reported sales price at current exchange rates. Investments in both bonds and mortgage backed pass-through certificates are carried at fair value. Cost values are derived from Master Custodial Transaction Records. The fair value of real estate investments is based on independent appraisals. Investments that do not have an established market are reported at estimated fair values.

For asset/liability calculation purposes and for actuarial purposes, asset valuation is based on market value of assets less unrecognized returns from each of the last five years. Unrecognized returns are equal to the difference between the actual market return and the expected return on a market value basis and are recognized over a five-year period. The Actuarial Value of Assets is reduced by the value of the non-valuation reserves.

Rate of Return

For the fiscal year ended June 30, 2022, the annual money-weighted rate of return on pension plan investments, net of investment expense was 7.28%, for the Employees and Fire and Police. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Reporting

The following data is for employer reporting as required by GASB Statement No. 68 as of June 30, 2022. The results used in preparing the GASB Statement No. 68 report are comparable to those used in preparing the GASB Statement No. 67 report for the plan based on a reporting date and measurement date as of June 30, 2021. The valuation is based upon:

- The benefit provisions of the Systems as administered by the Boards;
- The characteristics of covered active members, terminated vested members, and retired members and beneficiaries as of June 30, 2021;
- The assets of each Plan as of June 30, 2021;
- Economic assumptions regarding future salary increases and investment earnings; and
- Other actuarial assumptions, regarding employee termination, retirement, death, etc.

The Total Pension Liability (TPL) and the Plans' Fiduciary Net Positions include liabilities and assets held for DROP, Post-Retirement Supplemental Benefits (PRSB) and City Surplus reserves. The Net Pension Liability (NPL) is equal to the difference between the TPL and the each Plan's Net Position. Each Plan's Fiduciary Net Position is equal to the market value of assets and, therefore, the NPL measure is very similar to an Unfunded/(Prefunded) Actuarial Accrued Liability calculated on a market value basis. The NPL was measured as of June 30, 2021 and determined from the actuarial valuations as of June 30, 2021. The Plans' Fiduciary Net Positions (Plan Assets) were valued as of the measurement dates. Consistent with the provisions of GASB Statement No. 68, the assets and liabilities measured as of June 30, 2021 were not adjusted or rolled forward to the June 30, 2022 reporting date. The discount rates used for each Plan to determine the TPL and NPL as of June 30, 2021 was 7.00%, following the same assumptions used by the Retirement Systems in the funding valuations as of the same dates.

Funding Policy

The City contributes to the retirement plans based upon actuarially determined contribution rates adopted by the Boards. Employer contribution rates are adopted annually based upon recommendations received from the Retirement Systems' actuary after the completion of the annual actuarial valuation.

For the Employees System, the average employer contribution rate as of June 30, 2022, for 2021-2022 (based on the June 30, 2019 valuation) was 13.35% of compensation. The average employee member contribution rate as of June 30, 2022 for 2021-2022 (based on the June 30, 2019 valuation) was 9.49% of compensation.

For the Fire and Police System, the average employer contribution rate as of June 30, 2022, for 2021-2022 (based on the June 30, 2019 valuation) was 22.56% of compensation. The average employee member contribution rate as of June 30, 2022 for 2021-2022 (based on the June 30, 2019 valuation) was 8.89% of compensation.

All active Fire and Police members are required to make contributions to the System. Employee contribution rates vary in the First Tier according to entry age. The Tier 1 average member contribution rate as of June 30, 2022 for 2021-2022 (based on the June 30, 2019 valuation) was 0.00% of compensation. Employee contribution rates in the Second Tier are established at 9% of pensionable base pay.

The aggregate employer contribution rate for the Fire and Police System as of June 30, 2022 for 2021-2022 (based on the June 30, 2019 valuation) was 22.56% of compensation.

Actuarial Funding Policy and Actuarial Cost Methodology for Funding Purposes

The City currently funds, at a minimum, the amounts recommended by the actuary and approved by the Boards. These minimum contributions are recognized currently in each System's statement of changes in fiduciary net position. Employees' contributions are funded and recognized currently through payroll deductions in amounts recommended by the actuary. Costs of administering the System are charged against System assets.

Funding Status and Method

The Employees System Board adopted a Comprehensive Actuarial Funding Policy on November 7, 2012. For the Employees Retirement System, this policy included a change in actuarial cost methodology from the Projected Unit Credit (PUC) method previously used for funding purposes to the Entry Age Normal (EAN) method.

On the same date, the Fire and Police Board adopted a Comprehensive Actuarial Funding Policy. For the Fire and Police Retirement System, this policy included a change in actuarial cost methodology from the aggregate EAN funding method to the individual EAN method. The Boards made the change due to the adoption of GASB Statement No. 67 in fiscal year 2014.

Funding Requirements and Policy Components

The Systems' annual funding requirements are comprised of a payment of the Normal Cost and a payment on the Unfunded Actuarial Accrued Liability (UAAL), if applicable. The Normal Cost and the amount of the payment on UAAL are determined by three components of the respective Board's funding policy: 1) Actuarial Cost Method - the techniques used to allocate the cost/liability of retirement benefits to a given period; 2) Asset Smoothing Method - the techniques that spread the recognition of investment gains or losses over a period of time for the purposes of determining the Actuarial Value of Assets used in the actuarial valuation process; and 3) Amortization Policy - the decisions on how, in terms of duration and pattern, to fund the difference between the UAAL and the Actuarial Value of Assets in a systematic manner.

As of June 30, 2022, the Systems did not have UAAL.

The Boards adopted an Amortization Policy, which sets forth the amortization procedures for funding any UAAL or amortization and allocation of any available Surplus in the Systems. A detailed

description of the policy can be found in the Notes to the Financial Statements for the Retirement Systems, which are located at <http://www.cfrs-ca.org/Employee/Communications/Reports.asp> for the Employees System or at <http://www.cfrs-ca.org/Fire-Police/Communications/Reports.asp> for the Fire and Police System.

The Systems use a 5-year smoothing of market gains and losses above and below the assumed actuarial rate of return to derive the actuarial value of assets. As of the fiscal year ended June 30, 2022, the actuarial valuation value of the Employees' System assets was \$1.450 billion with a funded percentage of 113.7% on a valuation value of assets, whereas the actuarial value of Fire and Police assets was \$1.791 billion with a funded percentage of 120.5% on a valuation value of assets.

Contributions Required and Contributions Made

The employer's required normal contributions to the Systems have two components: basic and COLA. For fiscal year 2022, the City's required normal contributions (basic and COLA) to the Systems were as follows (in thousands):

	Normal Cost Employees System	
	FY 2022	
Employer Contributions	\$	21,950
Prior Year Contribution (Surplus)/Shortfall		70
Net Employer Contributions	\$	22,020
<hr/>		
Pensionable Payroll	\$	154,031
Member Contributions	\$	15,493
Employer Contribution Rate		13.33%

Employer and employee contributions represented 13.35% and 9.49% respectively, of the fiscal year 2022 covered payroll for the Employees System.

	Normal Cost Fire and Police System (In Thousands)		
	FY 2022		
	Tier 1	Tier 2	Total
Employer Contributions	\$ 340	\$ 30,594	\$ 30,934
Prior Year Contribution (Surplus)/Shortfall	(93)	(3,285)	(3,378)
Net Employer Contributions	\$ 247	\$ 27,309	\$ 27,556
<hr/>			
Pensionable Payroll	\$ 1,563	\$ 121,070	\$ 122,633
Member Contributions	\$ 92	\$ 10,881	\$ 10,973
Employer Contribution Rate	28.76%	25.27%	

Employer and employee contributions represented 22.56% and 8.89%, respectively, of the fiscal year 2022 covered payroll for the Fire and Police System.

Net Pension Asset

The net pension liability (asset) reported as of June 30, 2022 was measured as of June 30, 2021, and determined based upon the total pension liability (on GASB Statement No. 68 basis) from actuarial valuations as of June 30, 2021.

The City's total pension liability, plan fiduciary net position, and net pension liability (asset) for each System as of June 30, 2022 were as follows (in thousands):

	Employees System	Fire and Police System
Total Pension Liability	\$ 1,379,432	\$ 1,636,521
Plan Fiduciary Net Position	<u>(1,731,238)</u>	<u>(2,090,370)</u>
Net Pension Liability (Asset)	<u>\$ (351,806)</u>	<u>\$ (453,849)</u>
 Plan Fiduciary Net Position as a percentage of the total pension liability	 125.5%	 127.73%

Changes in Net Pension Liability (Asset)

The components of the net pension liability (asset) for each System as of June 30, 2022 and a measurement date of June 30, 2021 were as follows (in thousands):

	Employees System	Fire and Police System
Total Pension Liability (Asset)		
Beginning Balance	\$ 1,337,308	\$ 1,565,630
Service Cost	30,993	37,563
Interest	93,357	109,740
Differences Between Expected & Actual Experience	(12,980)	(5,449)
Benefit Payments, Including Refunds	(69,246)	(70,963)
Changes of Assumptions	—	—
Net Change in Total Pension Liability	42,124	70,891
Ending Balance	\$ 1,379,432	\$ 1,636,521
Plan Fiduciary Net Position		
Beginning Balance	\$ 1,360,837	\$ 1,635,300
Contributions - Employer	20,144	26,315
Contributions - Employee	13,750	10,256
Net Investment Income	407,811	491,744
Benefit Payments (Including Refunds, PRSB)	(69,246)	(70,963)
Administrative & Professional Expense	(2,058)	(2,282)
Net Change in Plan Fiduciary Net Position	370,401	455,070
Ending Balance	1,731,238	2,090,370
Net Pension Liability (Asset)	\$ (351,806)	\$ (453,849)

Discount Rate and Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The discount rate used to measure the TPL was 7.00% as of June 30, 2021 and June 30, 2020. The projection of cash flows used to determine the discount rate assumed plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the actuarial determined contribution rates. For this purpose, only employer contributions that are intended to fund benefits for current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs for future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, the pension Plan Fiduciary Net Position was projected to be available to make all projected future benefit payments for current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TPL as of both June 30, 2021 and June 30, 2020.

The following presents the NPL of the Employees and Fire and Police Retirement Systems as of June 30, 2021. The Systems use the current discount rate to measure the TPL for the measurement date of June 30, 2021, as well as what the NPL would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate:

NPL of Employees and Fire and Police Retirement Systems			
As of June 30, 2021			
(In Thousands)			
	1% Decrease	Current Discount Rate	1% Increase
	6.00%	7.00%	8.00%
Employees System	\$ (190,533)	\$ (351,806)	\$ (483,823)
Fire and Police System	(228,661)	(453,849)	(634,724)

Long-Term Expected Real Rate of Return

The long-term expected rate of return on the Systems' investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and net of inflation) are developed for each major asset class. This information is combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation and deducting expected investment expenses and a risk margin. The target allocation and projected arithmetic real rates of return for each major asset class, after deducting inflation, but before deducting investment expense, used in the derivation of the long-term expected rate of return assumption are summarized in the following table:

**Asset Class/Target Allocation/Long-Term Expected
Rate Return Table**

As of June 30, 2022

Asset Class	Target Asset Allocation	Weighted Average Long-Term Expected Rate of Return (Arithmetic)
Large Cap U.S. Equity	18.0%	5.4%
Small Cap U.S. Equity	3.0%	6.17%
Developed International Equity	13.0%	6.13%
Emerging Market Equity	5.0%	8.17%
Private Equity	8.0%	7.18%
U.S. Core Bonds	1.3%	9.53%
Domestic Fixed Income	12.0%	39%
High Yield Bonds	—%	—%
Private Debt/Direct Lending	14.0%	5.93%
Midstream Energy	—%	—%
Real Estate	15.0%	4.59%
Private Real Assets - Infrastructure/Land	7.0%	6.19%
Private Credit - Credit Opportunities	2.5%	7.18%
Hedge Fund Macro	1.3%	2.72%
Total	100.0%	

Mortality Rates

For the Employees System, the mortality rates used in the latest actuarial valuation are based on Pub-2010 General Healthy Retiree Amount-Weighted Mortality Table (separate tables for males and females) times 105% for healthy members and beneficiaries, projected generationally with the two-dimensional mortality improvement scale MP-2018. For disabled members, the mortality rates used in the latest actuarial valuation are based on Pub-2010 Non-Safety Disabled Retiree Amount-Weighted Mortality Table (separate tables for males and females), projected generationally with the two-dimensional mortality improvement scale MP-2018.

For the Fire and Police System the mortality rates used in the latest actuarial valuation are based on Pub-2010 Safety Healthy Retiree Amount-Weighted Mortality Table (separate tables for males and females) for healthy members, projected generationally with the two-dimensional mortality improvement scale MP-2018. For Beneficiaries, Pub-2010 General Healthy Retiree Amount Weighted Mortality Table (separate tables for males and females) times 105%, projected generationally with the two-dimensional mortality improvement scale MP-2018. For disabled members, Pub-2010 Safety Disabled Retiree Amount-Weighted Mortality Table (separate tables for males and females), projected generationally with the two dimensional mortality improvement scale MP-2018. These mortality tables were adjusted to future years using the generational projection to reflect future mortality improvement between the measurement date and those years.

Actuarial Assumptions

The TPL as of June 30, 2021 was determined by an actuarial valuation as of June 30, 2021. The actuarial assumptions used in the valuation were based on the results of an experience study for the period from July 1, 2015 through June 30, 2018.

In particular, the following actuarial assumptions were applied to all periods included in the measurement:

Inflation	2.75%
Salary increases	3.75% to 11.25%, varying by service, including inflation (Employees). 4.00% to 12.75%, varying by service, including inflation (Fire and Police).
Investment rate of return	7.00%, net of pension plan investment expense, including inflation.
Other assumptions	See the Employees' Plan and the Fire and Police Plan June 30, 2022 Actuary Reports for the service retirement rates after they have been adjusted to treat DROP participation as service retirement.

Net Position Restricted for Pension Benefits

Net position restricted for pension benefits is segregated into Active Members Reserve (members' accumulated contributions) and reserves established by the Boards for various benefit payments. Reserves are established by the Systems from member and employer contributions and the accumulation of investment income after satisfying investment and administrative expenses.

Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

For the fiscal year ending June 30, 2022, the City incurred pension expense of \$36.2 million for the employees Plan and \$39.6 million for the Fire and Police Plan for a total pension expense of \$75.8 million.

As of June 30, 2022, the City has deferred outflows and deferred inflows of resources related to the pensions as follows:

Pension Expense and Deferred Outflows and Inflows of Resources

(in thousands)

Components of Pension Expense	Employees System	Fire and Police System
Service cost	\$ 30,993	\$ 37,563
Interest on the total pension liability	93,357	109,740
Expensed portion of current-period difference between expected and actual experience in the Total Pension Liability	(3,489)	(1,261)
Actual member contributions	(13,750)	(10,256)
Projected earnings on plan investments	(93,949)	(113,187)
Expensed portion of current-period differences between actual and projected earnings on plan investments	(62,772)	(75,711)
Expensed portion of current-period effects of Assumption Changes	—	—
Administrative expense	2,058	2,282
Recognition of beginning of year deferred outflows of resources as pension expense	31,922	39,207
Recognition of beginning of year deferred inflows of resources as pension expense	(20,541)	(28,024)
Pension Expense	\$ (36,171)	\$ (39,647)

Deferred Outflows of Resources and Deferred Inflows of Resources

Deferred Outflows of Resources		
Contributions subsequent to Measurement Date	\$ 20,805	\$ 25,539
Changes of assumptions or other outputs	7,605	21,889
Difference between expected and actual experience in the Total Pension Liability	2,564	1,335
Net difference between projected and actual earnings on pension plan investments	—	—
Deferred Outflows of Resources	\$ 30,974	\$ 48,763
Deferred Inflows of Resources		
Net difference between projected and actual earnings on pension plan investments	\$ 198,793	\$ 240,358
Changes of assumptions	—	8,249
Difference between expected and actual experience in the Total Pension Liability	9,585	6,893
Deferred Inflows of Resources	\$ 208,378	\$ 255,500

The \$20.8 million and \$25.5 million reported as deferred outflows of resources related to contributions subsequent to the June 30, 2021 measurement date will be recognized as a reduction of the total Pension liability during the fiscal year ending June 30, 2023. Deferred outflows of resources and deferred inflows of resources related to pension will be recognized as follows:

2022	N/A	N/A
2023	\$ (40,299)	\$ (48,268)
2024	(44,873)	(47,169)
2025	(50,265)	(60,724)
2026	(62,772)	(76,115)
Thereafter	—	—

Any differences between projected and actual investment earnings on pension plan investments are recognized over a period of five years beginning with the year in which they occur. Differences between expected and actual experiences are recognized over the average of the expected remaining service lives of all employees that are provided with pensions through the Retirement Systems determined as of June 30, 2020 (the beginning of the measurement period ending June 30, 2021) and is 3.61 years for the Employees System and 4.32 years for the Fire & Police System.

Administrative Expenses

The Fresno Municipal Code (FMC) provides that all administrative costs of the Systems shall be a charge against the assets of the Systems. Per the FMC, the Administrative expenses are a component of the City's contribution calculation.

The Systems issue publicly available financial reports that include financial statements and required supplementary information for the Employees Retirement System and the Fire and Police Retirement System. The reports may be obtained by writing the City of Fresno Retirement Office, 2828 Fresno Street, Suite 201, Fresno, California 93721, or by visiting:

<https://www.cfrs-ca.org/employee-retirement-system/ers-financial/> for the Employee System, or
<https://www.cfrs-ca.org/fire-and-police-retirement-system/financial/> for the Fire and Police System.

Successor Agency Retirement Plan

The Successor Agency participates in a public agency cost-sharing multiple-employer defined benefit pension plan (the Plan) administered by the California Public Employees' Retirement System (CalPERS). Employer contribution rates are determined on an annual basis by an actuary and are effective on the July 1 following notice of a change in the rate.

The Plan fiduciary net position disclosed in the Successor Agency's accounting valuation may differ from the Plan assets reported in the Successor Agency's funding actuarial valuation report due to CalPERS keeping various items included in its fiduciary net position which are excluded for rate setting purposes in the Successor Agency's funding actuarial valuation. Differences may also result from timing of financial reporting by CalPERS and final reconciled reserves.

As of the beginning of the measurement period (July 1, 2021), the net pension liability for the Plan is \$574,573. For the measurement period ended June 30, 2022 (the measurement date), the net pension liability for the Plan is \$317,599 and the Successor Agency incurred pension expense of \$83,431 for the Plan.

As of June 30, 2022, the Successor Agency reports other amounts for the Plan as deferred outflows and deferred inflows of resources related to pensions as follows (in thousands):

	Deferred Outflows of Resources	Deferred Inflows of Resources
Contributions made after the measurement date	\$ 53	\$ —
Difference between expected and actual experience	36	—
Changes in assumptions	—	—
Net difference between projected and actual earnings on pension plan investments		277
Changes in employer's proportions	20	—
Difference between the employer's contributions and the employer's proportionate share of contributions	—	58
Total	<u>\$ 109</u>	<u>\$ 335</u>

For more detailed information related to the Successor Agency's retirement plan, refer to the Successor Agency's separate audited financial statements which can be obtained by contacting the Successor Agency at 2344 Tulare Street, Suite 200, Fresno, CA 92721.

B. Deferred Compensation Plan

The City offers its employees a deferred compensation plan in accordance with Internal Revenue Code (IRC) Section 457. The deferred compensation plan (the Plan), available to all permanent full-time and part-time employees and Council Members, permits deferral of a portion of the employee's salary into a tax-deferred program. The deferred compensation is not available to employees or other beneficiaries for withdrawal until termination, retirement, death, or unforeseeable emergency, or loan program. Upon separation from employment with the City, an individual may roll over their deferred account into another IRS Allowable Plan or, upon receipt, the distribution will become taxable.

The Deferred Compensation Board contracted with Fidelity Management Trust Company (Fidelity) as the trustee and plan administrator. The City's Retirement System Administration assists Fidelity in the administration of the Plan. In addition to the Retirement Office, City staff in the Payroll section of the Finance Department, the City Attorney's Office, and Information Services Department all assist in the administration of the Plan. The City has no fiduciary accountability for the Plan. Accordingly, the Plan assets and related liabilities to Plan participants are not included in the basic financial statements.

C. Compensated Absences

Vacation pay, which may be accumulated up to 600 hours depending on an employee's bargaining group and length of service, is payable upon termination. Sick leave, which may be accumulated up to 12 hours per month, has no maximum. If eligible, most bargaining units receive a portion of the value of their sick leave balance at termination in their Health Reimbursement Account (HRA). Otherwise, employees do not receive any value from their sick leave balances at termination.

Annual leave, which may be accumulated up to 1,200 hours, depending upon bargaining unit and length of service, is payable upon termination or retirement. Holiday leave may be accumulated indefinitely depending upon the bargaining groups and is payable for active employees as well as at

termination or retirement. Annual leave allows for the cashing out of the higher of 10% of the accumulated balance or 48 hours, once per fiscal year. Supplemental sick leave is awarded to unrepresented management, professionals and to white collar employees at the rate of 40 hours at the beginning of each fiscal year. The balance can only be used after other leave balances are exhausted, or for other specific reasons outlined in the various Memoranda of Understanding (MOU's) or the current Salary Resolution. The balance is payable at termination/retirement or is accounted for as part of an HRA which is unfunded and expended on a pay-as-you-go basis.

Starting in fiscal year 2006, some bargaining units selected to account for some or all of their sick leave and supplemental sick leave balances as an HRA. The book value of these balances is accounted for (by employee) in off-line spreadsheets, administered by HealthComp, is given credit for calculated interest, and is used to pay health premiums for the employee, their spouse and dependents until their individual balance is exhausted. The HRA is not held in a trust, but is funded on a pay-as-you-go-basis.

The portion of the City's obligation relating to employees' rights to receive compensation for leave balances attributable to services already rendered is accrued when incurred in the Government-Wide, Proprietary, and Fiduciary Fund Financial Statements. Compensated absences upon termination are funded through a cost allocation formula which is based upon a citywide history of payouts (approximately \$2 million per year). Accruals are reviewed by bargaining unit and the \$2 million base is allocated in proportion to each unit's current liability for a contribution per unit cost. This unit cost is then converted to a cost per employee and becomes part of the budgeted employee service cost in each department's annual base budget.

Accrued Employee Leave balances as of June 30, 2022, are as follows (in thousands):

Department/Activity	Total Accrued Vacation, Sick Leave, and HRA		Current Portion	
Governmental Activities:				
General Fund	\$	74,959	\$	10,070
Grants Special Revenue Fund		1,399		104
High Speed Rail		—		2
Special Gas Tax		902		100
Measure C		1,692		210
Measure P		269		4
Community Services		394		45
City Combined		—		47
Special Assessment		272		1
General Services		4,021		420
Risk Management		212		39
Total Governmental Activities	\$	<u>84,120</u>	\$	<u>11,042</u>
Business-Type Activities:				
Water System	\$	2,250	\$	306
Sewer System		2,248		388
Solid Waste Management		1,755		313
Transit		3,600		693
Airports		1,921		385
Convention Center		—		—
Community Sanitation		359		36
Parks and Recreation		4		1
Billing and Collection		1,746		275
Total Business-Type Activities	\$	<u>13,883</u>	\$	<u>2,397</u>
Fiduciary Funds:				
Private-Purpose Trust Fund	\$	56	\$	16
Total	\$	<u>98,059</u>	\$	<u>13,455</u>

Accrued employee leave balances related to governmental activities are recorded in the Government-Wide Financial Statements under Long-Term Liabilities.

D. Termination Benefits

During fiscal year 2022, there were no employees who received severance pay.

E. Health Benefit Plan

The City offers its employees participation in the Fresno City Employees Health and Welfare Trust Plan (Trust). The Trust offers a self-insured medical plan for full-time and permanent part-time employees and their dependents. The Trust also provides dental, vision, pharmacy, mental health, and chiropractic coverage.

There are two medical plan options available to employees. Employees have the opportunity, on an annual basis, to elect either a higher benefit level Preferred Provider Organization (PPO) option or a reduced benefit level PPO option. Employees electing to receive the higher benefit level option pay a percentage of the monthly premium through payroll deductions. Employees electing the lower benefit level pay nothing for their coverage.

The first option is a higher benefit level PPO plan which has a \$200 individual annual deductible and a \$600 family maximum annual deductible. Under this option, the plan pays 80% of covered charges and the employee is responsible for 20% of the covered charges. Once a covered member incurs \$15,000 in covered charges, the plan then pays 100% until the end of the plan year.

The second option is a reduced benefit level PPO plan which has a \$1,300 individual annual deductible with a \$2,600 family maximum annual deductible. The benefit reduction amount is set by the Board of Trustees for the plan and depends on the amount of contributions received by the Trust on behalf of the employee.

The percentage of the premium the employee is required to pay to receive the higher benefit level is negotiated by each bargaining unit.

During fiscal year 2014, a number of units negotiated a 75% - 25% contribution split. For these units, the City contributes 75% of the premium and the employees, if they wish to have the higher benefit level PPO, contribute 25% of the premium. If they choose not to make the contribution, the medical benefits are reduced by 30%. This reduction results in the plan paying 56% of covered charges and the employee is responsible for 44% of covered charges.

Only one bargaining unit continues to have a different contribution amount than the balance of the Unions. For Fresno City Employees Association, Inc. (FCEA) employees hired after July 11, 2011, the City contributes 70% of the premium and the employees, if they wish to have the higher benefit level PPO, contribute 30% of the premium. If they choose not to make the contribution, the medical benefits are reduced by 35%. This reduction results in the plan paying 52% of covered charges and the employee is responsible for 48% of covered charges. Employees in the FCEA hired before July 11, 2011, continue to have an 80% - 20% contribution split as described above.

City retirees are also eligible for participation in the plans by paying the full blended premium cost. The City continues to assess the impact of the federal healthcare reform legislation on the City's liabilities.

The Health and Welfare Trust Board approved the purchase of a \$500,000 stop-loss insurance policy on May 11, 2016. The policy was purchased in fiscal year 2017. The purpose of the policy was to protect the Trust from having to pay any claim or series of claims associated with one case that totaled more than \$500,000. In addition to the stop-loss insurance, the Health and Welfare Trust Board also approved a policy of setting aside a portion of the Health and Welfare Trust Fund's fund balance for the payment of catastrophic health claims.

F. Other Post-Employment Benefits

Plan Description

The City of Fresno Retirees Healthcare Plan is a single-employer defined benefit medical plan administered by HealthComp and funded through the City of Fresno Health and Welfare Trust. It is reported as an Internal Service Fund of the City and provides Other Post-Employment Benefits (OPEB) to eligible retirees and his/her dependents, spouse or domestic partner. The City does not accumulate assets in a dedicated trust, or equivalent arrangement, for the purpose of funding its retirement healthcare obligation. Therefore, the actuarial value of plan assets are zero. The trust does not issue separate publicly available financial statements.

GASB Statement No. 75, *Accounting and Financial Reporting by Employers for Post-Employment Benefits Other than Pensions*, requires governments to account for OPEB on an accrual basis of accounting, rather than on a pay-as-you-go basis. The effect is the recognition of an actuarially determined expense on the Statement of Activities when a future retiree earns their post-employment benefits, rather than when they use their post-employment benefits. The post-employment benefit liability is recognized on the Statement of Net Position over time.

Contributions

The City provides post-employment healthcare benefits for certain eligible retirees. OPEB includes the authorization for retirees to purchase health insurance through the plan at current employee rates. The establishment and amendment of benefit provisions are negotiated between the employee bargaining units and the City, and are recommended by the City Manager subject to the approval of the Mayor and the City Council. While participant retirees pay 100% of their premium costs, they are allowed to purchase insurance at blended premium rates. Thus, the City's contribution is deemed to be that portion of retiree claims costs over premiums required to be contributed by retirees. Currently, the City does not pre-fund retiree health benefits and instead provides for benefits on a pay-as-you-go basis.

Employees Covered

As of July 1, 2021, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	234
Inactive employees entitled to but not yet receiving benefit payments	—
Active employees	<u>3,308</u>
Total participants covered by OPEB Plan	<u><u>3,542</u></u>

Net OPEB Liability

The City's net OPEB liability of \$99.8 million was measured as of June 30, 2021, and was determined by an actuarial valuation as of that date to determine the June 30, 2022 total OPEB liability.

Actuarial Assumptions and Other Inputs

The net OPEB liability was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Reporting Date	June 30, 2022
Measurement Date	June 30, 2021
Valuation Date	July 1, 2021
Discount Rate	3.54%
Healthcare Cost Trend Rates:	
Current Year Trend	0
Second Year Trend	7.00% / 4/24%
Decrement	NA
Ultimate Trend	4.24%
Year Ultimate Trend is Reached	2090 / 2023
Salary Increases	3.00%
Actuarial Cost Method	Entry Age Normal (Percent of Salary)

The discount rate was based on the index provided by *Bond Buyer 20-Year General Obligation Index* based on the 20 year AA municipal bond rate as of June 30, 2020.

Mortality rates were based on the SOA RP-2014 Total Dataset Mortality with Scale MP-2019 (Base Year 2006).

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The July 1, 2021 valuation was prepared using a discount rate of 3.54%. If the discount rate were 1% higher than what was used in this valuation, the Net OPEB Liability would decrease to \$87.8 million or by (12.02)%. If the discount rate were 1% lower than was used in this valuation, the Net OPEB Liability would increase to \$114.4 million, or by 14.70%.

	1% Decrease	Current Discount Rate	1% Increase
	2.54%	3.54%	4.54%
Net OPEB Liability (in thousands)	\$ 114,428	\$ 99,761	\$ 87,774

Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rates

The July 1, 2021 valuation was prepared using an initial trend rate of 0.0%. If the trend rate were 1% higher than what was used in this valuation, the Net OPEB Liability would increase to \$118.6 million or by (18.93)%. If the trend rate were 1% lower than was used in this valuation, the Net OPEB Liability would decrease to \$84.9 million or by 14.94%.

	1% Decrease	Current Healthcare Cost Trend Rates	1% Increase
	-1%	0.0%	1%
Net OPEB Liability (in thousands)	\$ 84,858	\$ 99,761	\$ 118,649

Changes in the Net OPEB Liability

The changes in the Net OPEB Liability for the City OPEB Plan are as follows:

	Net OPEB Liability
	Increase / (Decrease) (in thousands)
Net OPEB Liability as of June 30, 2021	\$ 152,604
Changes for the Year:	
Service Cost	6,604
Interest	3,221
Assumption Changes	(40,728)
Benefit Payments	(2,912)
Net Changes	(52,843)
Net OPEB Liability as of June 30, 2022	\$ 99,761

OPEB Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources

For the year ended June 30, 2022, the City recognized an OPEB expense of \$3.4 million. At June 30, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources (in thousands):

	Deferred Outflows of Resources	Deferred Inflows of Resources
OPEB Contributions Subsequent to the Measurement Date	\$ 2,078	\$ —
Changes of Assumptions	29,252	(51,472)
Difference Between Actual and Expected Experience	217	(22,208)
Total	\$ 31,547	\$ (73,680)

The \$2.1 million reported as deferred outflows of resources related to contributions subsequent to the June 30, 2021 measurement date will be recognized as a reduction of the total OPEB liability during the fiscal year ending June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows (in thousands):

Fiscal Year	Deferred Outflows/(Inflows) of Resources
2023	\$ (6,452)
2024	(6,452)
2025	(6,452)
2026	(6,452)
2027	(4,992)
Thereafter	(13,410)
Total:	\$ (44,210)

G. Healthcare Plan Claims Liability

The recorded liability for the Employees Healthcare Plan at June 30, 2022 for employee health benefit claim payments for direct provider care is \$7.4 million.

Changes in the funds claims liability amount for the last two fiscal years are as follows (in thousands):

Fiscal Year Ended June 30	Beginning of Fiscal Year Liability	Current Year Claims and Changes in Estimates	Claims Payments	End of Fiscal Year Liability
2021	\$ 4,100	\$ 52,046	\$ 49,646	\$ 6,500
2022	6,500	50,685	55,732	7,400

Note 12. No-Commitment Debt

The City is not liable for repayment of any of the following bonds, and accordingly, they are not reflected in the accompanying basic financial statements.

A. Special District Debt

The City is not obligated in any manner for the Special District debt, but is acting as an agent for property owners in collecting the taxes/assessments, forwarding the collections to the trustee/paying agent, and initiating foreclosure proceedings, if appropriate. Special District debt payable to bond holders was \$2.57 million at June 30, 2022, as compared to \$2.83 million at June 30, 2021.

Note 13. Commitments and Contingencies

A. Closure and Post-Closure Care Cost

The City continues to monitor a former landfill site as part of the Environmental Protection Agency's (EPA) Superfund program. Management estimates the remaining monitoring costs as of June 30, 2022 to be \$11.2 million. A liability in this amount has been recorded in the Solid Waste Management Fund. It is anticipated that approximately \$0.8 million in monitoring costs and landfill site closure costs will be paid in fiscal year 2023. The former landfill site has not received solid waste since 1987. It was redesigned as part of a 350-acre "green" facility to integrate the former landfill site into a championship caliber sports complex/regional park. The estimated total remaining post-closure care costs are based on the equipment, facilities, and services required to monitor/maintain the closed landfill. The liability for post-closure care costs is an estimate and subject to change resulting from inflation, deflation, technology or changes in applicable laws.

Fees paid by utility users will be used to cover the remaining monitoring costs. A receivable totaling \$10.3 million has been recorded in the Solid Waste Management Fund.

B. CVP Water Contract

The City's 60,000 acre-foot water supply entitlement from the United States Bureau of Reclamation (USBR, or the Bureau) is equivalent to approximately 40% of the City's annual water demand. This supply, derived from the Friant Dam on the San Joaquin River, is the primary resource for the operation of the City's current and future surface water treatment facilities.

The City and the Bureau have what is known as a Repayment Contract. While most traditional federal Reclamation Law provisions continue to apply, the City receives some important benefits by utilizing the Repayment Contract, including:

1. **Permanent water supply** - The Repayment Contract provides for an ongoing, permanent annual supply of up to 60,000 acre-feet of water from the Friant Division of the CVP. No further periodic renewal negotiations are required.
2. **Pricing benefits** - Certain components of the Bureau water rate structure, such as tiered pricing, are eliminated.
3. **Financing cost savings** - Under the previous Bureau rate structure, the City paid certain financing costs and interest on the outstanding capital and operation and maintenance obligations that the Bureau attributed to the City. Under a Repayment Contract, those costs are not passed on to the City.

Because repayment contracts do not require periodic renewal, compliance with the California Environmental Quality Act (CEQA) and the National Environmental Policy Act (NEPA) need not be repeated. This obligation is amortized and included in the volumetric water rates the City pays the USBR. The present value of the City's debt obligation to the Bureau has been fully capitalized in the

Water Fund under the caption “Unamortized CVP Water Settlement”, and is being amortized against expected future revenues generated through water rates. The “Unamortized CVP Water Settlement” totaled \$0.8 million on June 30, 2022, while the related liability reported as “CVP Litigation Settlement” totaled \$0.1 million on June 30, 2022.

C. Other Litigation

There are various other lawsuits and claims pending against the City. Although the outcome of these claims and lawsuits is not presently determinable, management, after consultation with legal counsel, is of the opinion that a majority of these matters will not have a material adverse effect on the financial condition of the City at June 30, 2022.

D. Toxics Mitigation

Old Hammer Field

Contamination, primarily from the common solvent trichloroethylene (TCE), was discovered and identified in 1989 in soils and groundwater beneath property currently owned by the City. The site known as Old Hammer Field (OHF), a prior Army military base in the 1940’s, was the subject of investigation and cleanup efforts which had previously been jointly funded by the Boeing Company (Boeing), the U.S. Army Corps of Engineers and the City of Fresno. The area had been used for the repair, overhaul, maintenance, refurbishing and construction of aircraft during and after World War II. The California Department of Toxic Substances Control (DTSC) was the lead regulatory agency overseeing site cleanup.

After years of legal negotiations, a settlement agreement between the U.S. Army Corps of Engineers, the Boeing Company, and the City was reached. The settlement called for the Airports Department to be responsible, going forward, for 10% of the cleanup costs. The settlement also called for the U.S. Army Corps of Engineers and Boeing to make a joint one-time payment of \$1,350,000 for past costs. This payment was made in fiscal year 2011.

The Court approved the settlement agreement which included the one-time payment noted above, covenants not to sue and an operating agreement for purposes of coordinating further efforts to implement the State-Approved Remedial Action Plan to obtain Site Closure. All parties agreed to bear their own costs and expenses, including attorney’s fees in the case.

A liability for future cleanup costs on the Old Hammer Field site is recorded on the fiscal year 2022 ACFR in the amount of \$405,932. Total costs have been estimated to range between \$10 and \$20 million, with the City’s share of cleanup costs to be 10%. The cleanup time frame has also been estimated and is expected to continue for 20 to 40 years. Cleanup costs totaled \$45,187 in fiscal year 2022.

The City will re-evaluate this accrual annually and make adjustments as necessary.

DBCP Groundwater Contamination

The occurrence of DBCP, an agricultural pesticide, in certain groundwater has been identified throughout the Fresno Metropolitan Area. At various City well sites, DBCP exceeds drinking water limits and is removed by Granular Activated Carbon (GAC) treatment. The City fronted the costs of clean up with respect to the known wells and reimbursed itself from a litigation settlement in an original amount of approximately \$21 million. \$10 million was stipulated to be used toward past costs, and \$11 million was to be applied toward the installation of additional GAC treatment units, all of which have been completed. Subject to numerical limits, the settlement arrangement also provides for the City to be reimbursed for the capital costs of the installation of GAC treatments at wells exceeding maximum contaminant levels, with reimbursements ranging from \$337,500 to \$540,000 depending on the well site. Funding also is provided for the ongoing operation and maintenance cleanup costs of approximately \$27,900 to \$31,000 per contaminated well (depending on type), adjusted for inflation, with such payment obligations ending on June 26, 2035. The City is not responsible for “cleanup” in the context common to hazardous material remediation.

The City can elect to treat wells or simply shut them down. Future costs to clean up and monitor new discoveries of contamination at existing sites or additional sites that may be identified are eligible for reimbursement under the settlement agreement through June 26, 2035.

An obligating event as defined by GASB Statement No. 49 has not occurred during the fiscal year; therefore, no liability exists.

Pollution Remediation

Although the Successor Agency is generally not involved with operations that pose a high risk for environmental liabilities, properties acquired for redevelopment purposes could be contaminated or may contain hazardous substances, such as petroleum products, lead, and/or asbestos. The former RDA’s due diligence property acquisition policies required that the RDA obtain a Phase I Environmental Site Assessment (ESA) report on all properties to be acquired by the RDA to minimize or avoid potential environmental liabilities. If the Phase I ESA findings and conclusions indicate the need for further environmental investigation, a Phase II ESA is commissioned. In the event of an acquisition leading to demolition, the former RDA obtained a Phase I and/or Phase II report and, if necessary, remediated the property according to state and federal laws prior to demolition. In instances where hazardous substances or petroleum products were detected by the Phase II ESA, environmental remediation (cleanup) is subsequently planned and executed. The Phase II ESA and cleanup work are normally supervised and sanctioned by local environmental agencies such as the California Regional Water Quality Control Board (RWQCB). This agency accepts the completion of the cleanup work by issuing a “Case Closure” letter that officially declares the property free of hazardous substances or petroleum products.

During fiscal year 2016, the Successor Agency held one parcel subject to environmental investigation at 655 “G” Street - Chinatown. In February 2009, the City transferred title to four parcels in the Chinatown project area to the RDA. In October 1995, a Phase II ESA was completed for the four

parcels. The parcel at 718 “F” Street and two parcels at 705 “G” Street were free of hazardous substances or petroleum products. The fourth parcel at 655 “G” Street was found to be in need of further assessment (Phase II ESA) because suspected leaking gasoline tanks had been removed from the site. The RWQCB advised the City that additional assessment was necessary to further evaluate impacted soils and groundwater and required a work plan outlining the assessment. Recently, the Successor Agency obtained an EPA grant to assess 655 “G” Street, as required by the RWQCB. The work plan and field work have been completed and test results have been received. Monitoring wells have been installed at the site and water samples are to be tested quarterly. RWQCB will review the results and advise if further action is needed. At this time, any potential costs cannot be estimated with any degree of certainty. Until such time as the costs can be estimated with more certainty, no liability will be accrued.

E. Measure Z, Zoo Accreditation, Fresno Chaffee Zoo Corporation

In accordance with an agreement between the City and the Fresno Chaffee Zoo Corporation (FCZC), a California benefit corporation, a non-profit board operates the Chaffee Zoo (Zoo). The City and the FCZC also negotiated a lease and a financing arrangement.

The lease agreement, dated January 1, 2006, was negotiated for a 30-year period. There is also a 25-year renewal of the term if the Zoo Tax was reinstated after its initial 10-year term, or two additional 10-year renewal options if the tax was not renewed. On November 4, 2014, a new incarnation of Measure Z which extends the tax for another 10 years was passed triggering the 25-year lease renewal. The lease rate is at \$1.00 per year.

The lease agreement sets forth the terms and conditions between the City and FCZC, with respect to the Zoo premises and any expansion that might occur in a designated expansion area. The City is responsible for all maintenance and operation costs in the expansion area, until such time as the FCZC takes possession of the expansion area by exercising its rights in accordance with lease provisions.

The City retained ownership of the land, buildings, structures, permanent fixtures, and improvements in existence at the commencement date of the lease, while the FCZC is the owner of all buildings, structures, and improvements constructed thereafter until the end of the lease term.

The Financing Agreement conveyed the Zoo animals and Zoo personal property to the FCZC, along with all obligations the City had with respect to the animals exhibited, housed or otherwise kept or cared for at the Zoo during the term of the lease. At the termination of the lease or the end of the lease term, should the City decide not to continue operations of the Zoo, the FCZC has the right to sell or dispose of the Zoo animals and keep the proceeds of any sale or disposition at its sole cost or expense. The FCZC also has the authority to acquire, sell or dispose of Zoo animals in the course of the lease so long as the compliment of animals at all times is similar in type and proportion to the Zoo animals on hand upon commencement of the lease.

The FCZC must maintain Association of Zoo & Aquariums (AZA) accreditation of the Chaffee Zoo.

F. Granite Park

In 2005, the City entered into a Contingent Debt Purchase Agreement guaranteeing a loan regarding a 20-acre sports-related complex under development and adjacent to office and commercial retail amenities, known as Granite Park.

On June 30, 2009, a formal demand was made on the City to purchase the Loan Package for a stipulated purchase price. On September 17, 2009, the City deposited \$5,105,271 in a loan purchase escrow. The City utilized funds from its cash pool with the intention of ultimately issuing long-term bonds to finance the acquisition over 30 years.

The City proceeded to purchase the Granite Park property at a unified foreclosure sale and took title to and possession of Granite Park sports fields pursuant to a Trustee's Deed recorded in Fresno County on March 16, 2010. The City paid \$5,105,218 and holds the property for possible use, development and/or disposition.

The City entered into a 25-year ground lease and 10-year service contract with Central Valley Community Sports Foundation (CVCSF) on September 24, 2015. The ground lease calls for the CVCSF to make rent payments of \$62,500/year, which are increased annually by 2.75%/year. The CVCSF is responsible for maintenance of Granite Park's sports-related complex, as well as the financing of various capital improvements. Under the service contract, the City pays the CVCSF \$150,000/year to provide a variety of sports and recreational programming.

G. Construction and Other Significant Commitments

At June 30, 2022, the City had commitments for the following major construction projects (in thousands):

Project Title	Remaining Construction Committed
Governmental:	
Ericson Elementary Neighborhood Reconstruction	\$ 1,065
UGM Fire Station #18	1,153
Pedestrian Trls and Bicycle Lanes-Variou Locations	1,381
Fire Regional Training Center Construction	1,449
Traffic Signals- Various Locations	13,819
Total Governmental	<u><u>18,867</u></u>
Proprietary:	
TCP Plan & Remediation	224
Surface Water Treatment	472
SW Recycled Water Dist Syst	604
South East Fresno Surface Water Treatment Facility	982
Pump Rehabilitations	1,052
Veteran's Boulevard Sewer	1,210
DPU Substation Expansion	2,225
TIRCP- South West Community Connector	3,369
Terminal Renovations & Expansion	3,726
Water Well Construction & Rehabilitation	5,620
FAT Parking Garage	6,512
Regional Wastewater Reclamation Facility Renovations	7,181
Water Main Renewal & Extensions	8,019
PTMISEA	8,236
Collection System Rehabilitation & Extensions	10,995
Total Proprietary	<u>60,427</u>
Total Major Construction Projects	<u><u>\$ 79,294</u></u>

H. Discolored Water

In February 2016, the City undertook a broad investigation into reports of discolored water and the presence of lead in drinking water in certain homes located in Northeast Fresno. The City conducted the investigation with oversight from the State Water Resources Control Board - Division of Drinking Water (DDW), Fresno County Department of Public Health, and the U.S. Environmental Protection Agency (EPA). The investigation has included, for example, water quality sampling, soil sampling, pipe testing, field investigations and home inspections, consultations with national corrosion experts, multiple community meetings and presentations, and public distribution of information and education materials.

In early 2017, the EPA conducted a comprehensive review of the City and the State of California's oversight of the City's drinking water treatment and testing program. The EPA concluded that the City has historically complied with the regulatory action level for lead, and that the City's water system has been optimized for corrosion control since 1996.

In September 2016 and May 2017, groups of residents filed two lawsuits against the City and other parties seeking damages for harm allegedly caused by the City's water supply. Litigation is currently ongoing. The City will continue to vigorously defend itself in these matters.

The City continues to work with residents by regularly monitoring their water. For more information regarding the City's continued efforts to resolve discolored water issues, please see <https://www.fresno.gov/publicutilities/water-quality-operations-testing/>.

The City has spent \$5,120,931 through June 30, 2022 to investigate and address the discolored water complaints. All of these costs have been and will continue to be recorded in the Water Fund.

Note 14. Securities Lending

The City does not engage in securities lending with any investment instruments that it holds. The City's Retirement Systems are permitted under the City's Municipal Code and Retirement Boards' policies to enter into securities lending transactions. For a detailed description of the Retirement Systems' security lending policies and the financial effect of such lending, please see the Retirement Systems' ACFRS, which can be found at <https://www.cfrs-ca.org/fire-and-police-retirement-system/financial/> for the Fire and Police Retirement System and <https://www.cfrs-ca.org/employee-retirement-system/ers-financial/> for the Employees Retirement System.

Note 15. Other Information

Construction Retainage Escrow Accounts

The City enters into construction contracts with various outside third-party contractors with respect to major capital projects. As the construction progresses, progress payments are made to the contractors. Portions of the payments, called retention payments, are paid into an escrow account. While these funds are earned by the contractors, generally 5% to 10% of the contract amount, they are not released out of the escrow account to the contractor until some agreed upon date, usually the completion of the job. These amounts are retained for a variety of reasons, as an incentive to complete the job in a timely manner, or as a fund for the benefit of suppliers and subcontractors. The City may not convert the funds in these escrow accounts for its use unless a breach of contract occurs.

COVID-Related Funding

The City has received a substantial amount of funding from the Federal and State government since the beginning of the COVID-19 pandemic to offset the pandemic's health and economic impacts. The following are the major COVID-19 mitigation funding sources that have been awarded to/received by the City as of June 30, 2022.

Coronavirus Aid, Relief, and Economic Security (CARES) Act – The City received \$92.8 million in CARES funding in April 2020 and has fully expended all CARES funding as of December 30, 2021. Funding has been used for services such as expanded COVID testing and contact tracing for residents, food assistance, homeless transitional housing, small business assistance, and residential housing retention grants.

Transit CARES - The City's Transportation Department (Transit) was awarded \$32.5 million to assist in Fixed Route Operation, Handy Ride Operating Support, and bus purchases. This funding was intended to offset funding losses caused due to COVID-related shutdowns of service or ridership restrictions. As of June 30, 2022, Transit has received \$31.8M of the awarded amount, which reimbursed expenses incurred in FY20 and FY21.

American Rescue Plan Act (ARPA) – In March 2021, the City was awarded \$170.8 million of ARPA funding and has allocated all funding to various City led and Community Based Organization led projects. As of June 30, 2022, the City has expended \$223,865.31 in ARPA funding and continues to implement identified projects throughout the City of Fresno.

Emergency Rental Assistance Program (ERAP) – The City was awarded \$69.3 million in ERAP funding: \$35.6 million from the Federal government and \$33.7 million from the State. As of June 30, 2022, the City had received \$54.5 million of its awarded total with the remaining amount expected by December 31, 2022. The program is designed to assist qualified residents in retaining housing and utilities by reimbursing landlords and utility providers for past due billings. As of June 30, 2022, the City had spent \$41.7 million of its awarded amount, with \$34.6 million paid directly to landlords and utility providers for delinquent rent and utilities.

Coronavirus Response and Relief Supplemental Appropriation Act (CRRSAA) - The City's Transit Department was awarded \$5.6 million in CRRSAA funds in 2021. The funds are to be spent on operating expenses incurred during fiscal year 2022. The City's Airports Department was awarded \$4.6 million in CRRSAA funds. A portion of the funding (\$0.2 million) is reserved for concession relief. The remaining funds can be spent on debt service payments, COVID-related expenses and operating expenses. As of June 30, 2022, Airports has expended their CRRSAA award in full. As of June 30, 2022 Transit has not received their CRRSAA award.

Prior Period Adjustments

Government-Wide Financial Statements – The beginning net position at July 1, 2021 of the Government-Wide Financial Statements was restated as follows:

	Governmental Activities	Business-Type Activities
Net position, as previously reported, at July 1, 2021	\$ 1,022,873	\$ 1,581,864
Change in accounting estimate, corrections to capital asset useful life and construction in progress		26
Cumulative effect of accounting change related to revenue recognition - Convention Center		1,235
To implement GASB 87	(82)	
Net position at July 1, 2021, as restated	\$ 1,022,791	\$ 1,583,125

Proprietary Fund Financial Statements – The beginning fund balance at July 1, 2021 of the Proprietary Fund Financial Statements was restated as follows:

	Sewer System	Transit	Airports	Fresno Convention Center	Totals
Net position, as previously reported, at July 1, 2021	\$ 716,351	\$ 144,577	\$ 189,885	\$ (1,181)	
Change in accounting estimate, corrections to capital asset useful life and construction in progress	(10)	153	(17)	(100)	\$ 26
Cumulative effect of accounting change related to revenue recognition				1,235	1,235
Net position at July 1, 2021, as restated	\$ 716,341	\$ 144,730	\$ 189,868	\$ (46)	

Fiduciary Fund Financial Statements – The beginning net position at July 1, 2021 of the Fiduciary Fund Financial Statements was restated as follows:

	City Departmental	Special Assess Dists	Total Custodial Funds
Net position, as previously reported, at July 1, 2021	\$ —	\$ —	\$ —
To implement GASB 84. GASB 84 was not fully implemented as required in fiscal year 2021	2,428	1,540	3,968
Net position at July 1, 2021, as restated	<u>\$ 2,428</u>	<u>\$ 1,540</u>	<u>\$ 3,968</u>

Note 16. Deficit Fund Equity

The Risk Management Internal Service Fund and High Speed Rail Fund had deficit net position/fund balances as of June 30, 2022.

The deficit net position in the Risk Management Fund at June 30, 2022 was \$192.9 million, an increase of \$19.5 million. The increase was due to the City reflecting a Liability for Self-Insurance on its Combining Statement of Net Position in the amount of \$200.5 million. This liability grew by \$14.8 million between fiscal years 2021 and 2022. .

The deficit net position in the High Speed Rail Fund at June 30, 2022 was \$2.7 million. The deficit net position of this fund at the end of fiscal year 2021 was \$3.3 million. The decrease in the deficit net position of \$0.6 million is due to a \$10 million increase in capital outlay construction projects alongside a \$13 million increase in federal reimbursements.

The City management continues to carefully monitor these funds and evaluate strategies for reducing and eliminating these deficit fund equity balances.

Note 17. Subsequent Events

In compliance with accounting standards, management has evaluated events that have occurred after fiscal year-end to determine if these events are required to be disclosed in the basic financial statements. Events were considered through March 17, 2023, which is the date the financial statements were available to be issued.

A. Bond Ratings

Moody's upgraded the City's Lease Revenue Bond from A3 to A2, its Pension Obligation Bond rating from Baa1 to A1, and its General Obligation rating from A2 to A1 on December 19, 2022. All three ratings maintained a Stable outlook. Moody's cited the City's strengthened financial performance, conservative debt profile, and growing economy among the reasons why they upgraded the City's credit ratings.

Standard and Poor's upgraded the City's General Obligation rating from A+ to AA-, its Pension Obligation Bond rating from A+ to AA-, and its Lease Revenue Bond from A to A+ on November 14, 2022. All three ratings maintained a Stable outlook. As justification for the rating action, the agency cited the recovery in passenger traffic along with the corresponding improvement in revenues and liquidity.

The most current City ratings are as follows:

Rating Agency	Effective Date	Rating	Outlook
Lease Revenue Bonds			
Fitch	6/2016	A-	Stable
Standard & Poor's	11/2022	A+	Stable
Moody's	12/2022	A2	Stable
General Obligation (GO)			
Fitch	6/2016	A	Stable
Standard & Poor's	11/2022	AA-	Stable
Moody's	12/2022	A1	Stable

A. Terminal/Federal Inspection Service (FIS) Expansion Project

The Fresno Yosemite International Airport expects to receive \$70 million from the issuance of proposed Series 2023 Bonds for the capital costs of the Terminal/FIS Expansion Project, net of fund deposits and

Issuance Costs. The total estimated cost of the project is anticipated to be \$145.1 million and will provide the design and construction of:

- An expanded security checkpoint to provide a minimum of 5 lanes and related offices for Transportation Security Administration (TSA).
- A new concourse to the east of the expanded security checkpoint, with two additional gates on the second floor equipped with loading bridges.
- A new FIS facility with a target throughput of 400 arrivals per hour compared to the current capacity of 150 arrivals per hour, with a baggage claim unit located on the first floor of the new concourse and the processing facility to the east.
- An in-line baggage screening facility between the expanded security checkpoint and the new concourse.
- Additional airline ticket offices in the existing ticket lobby, converted from prior baggage makeup and screening space.
- Other supporting concession space.

CITY OF FRESNO, CALIFORNIA

Schedule of Revenues and Expenditures - Budget and Actual

(Non-GAAP Budgetary Basis) - General Fund

Fiscal Year Ended June 30, 2022 (Continued)

(in thousands)

Explanation of differences between budgetary inflows and outflows and GAAP Revenues and Expenditures:

Sources/Inflows of Resources:

Actual amounts (budgetary basis) available for appropriation from the Budget to Actual Comparison Schedule.	\$ 560,328
Differences - Budget to GAAP: The City budgets for taxes, intergovernmental and miscellaneous revenue on the cash basis of accounting, rather than on the modified accrual basis of accounting.	(6,863)
Interfund reimbursements are not revenues and are expenditures for financial reporting.	(20,591)
Carryovers are inflows of budgetary resources but are not revenues for financial reporting purposes.	(90,983)
Transfers from other funds are inflows of budgetary resources but are not revenues for financial reporting purposes.	(31,296)
Nonreciprocal interfund activity is not revenue and is a transfer for financial reporting.	(3,038)
Total revenues as reported on the Statement of Revenues, Expenditures, and Changes in Fund Balances-Governmental Funds.	<u>\$ 407,557</u>

Uses/Outflows of Resources:

Actual amounts (budgetary basis) "total charges to appropriations" from the Budget to Actual Comparison Schedule.	\$ 460,758
Differences - Budget to GAAP: The City budgets for expenditures on the cash basis of accounting, rather than on the modified accrual basis of accounting.	(19,459)
Interfund reimbursements are a reduction of expenditures for financial reporting.	(20,591)
Pension Obligation bond debt payments and City Hall rent are recognized as transfers out to other funds.	(13,575)
Transfers to other funds are outflows of budgetary resources, but are not expenditures for financial reporting purposes.	(37,823)
Return on capital asset as offset for Advances to Other Funds	
Capital financing activity additions are expenditures for financial reporting purposes.	<u>5,065</u>
Total charges to appropriations as reported on the Statement of Revenues, Expenditures, and Changes in Fund Balances-Governmental Funds.	<u>\$ 374,375</u>

See accompanying notes to the required supplementary information.

CITY OF FRESNO, CALIFORNIA

Schedule of Revenues and Expenditures - Budget and Actual
 (Non-GAAP Budgetary Basis) - Grants Special Revenue Fund
 Fiscal Year Ended June 30, 2022 (Continued)
 (in thousands)

**Explanation of differences between budgetary inflows and outflows
 and GAAP Revenues and Expenditures:**

Sources/Inflows of Resources:

Actual amounts (budgetary basis) available for appropriation from the Budget to Actual Comparison Schedule.	\$ 173,846
Differences - Budget to GAAP: Grant reimbursements are budgeted on the cash basis of accounting rather than on the modified accrual basis of accounting.	12,066
Transfers from other funds are inflows of budgetary resources but are not revenues for financial reporting purposes.	(2,387)
Interfund reimbursements are not revenues and are expenditures for financial reporting.	(1,378)
Carryovers are inflows of budgetary resources but are not revenues for financial reporting purposes.	(76,059)
Payments from the Successor Agency to the Fresno Redevelopment Agency on advances with full allowance are revenues.	(33)
The receipt of loan payments are inflows of budgetary resources but are not revenues for financial reporting purposes.	<u>(1,029)</u>
Total revenues as reported on the Statement of Revenues, Expenditures, and Changes in Fund Balances-Governmental Funds.	<u>\$ 105,026</u>

Uses/Outflows of Resources:

Actual amounts (budgetary basis) "total charges to appropriations" from the Budget to Actual Comparison Schedule.	\$ 117,517
Differences - budget to GAAP: The City budgets for expenditures on the cash basis of accounting rather than on the modified accrual basis of accounting.	24,367
Interfund reimbursements are a reduction of expenditures for financial reporting.	(1,378)
Pension Obligation bond debt, HUD debt, and City Hall rent are recognized as transfers out to other funds.	(102)
Changes in allowance for doubtful accounts on notes receivable, notes that should become grants, and adjustments are expenditures for financial reporting purposes.	143
Transfers to other funds are outflows of budgetary resources but are not expenditures for financial reporting purposes.	<u>(19,329)</u>
Total charges to appropriations as reported on the Statement of Revenues, Expenditures, and Changes in Fund Balances-Governmental Funds.	<u>\$ 121,218</u>

See accompanying notes to the required supplementary information.

Notes to the Required Supplementary Information

A. Budgetary Data

The City of Fresno (the City) operates under the Strong-Mayor form of government. Under the Strong-Mayor form of government, the Mayor serves as the City's Chief Executive Officer, appointing and overseeing the City Manager, recommending legislation, and presenting the annual budget to the City Council.

The City adopts annual budgets for all governmental and business-type funds (except Fresno Revitalization Corporation, Financing Authorities and Corporations, and City Debt Service) on the cash basis of accounting plus encumbrances. The budget includes: (1) the programs, projects, services, and activities to be provided during the fiscal year, (2) the estimated resources (inflows) and amounts available for appropriation, and (3) the estimated charges to appropriations. The budget represents a process through which policy decisions are made, implemented, and controlled. The City Charter (the Charter) prohibits expending funds for which there is no legal appropriation.

The budget of the City of Fresno, within the meaning and context of Section No. 1205 of the Charter, must be adopted by resolution of the City Council by June 30 of a given year. The following procedures are used in establishing the budgetary data reflected in the budgetary comparison schedules.

As provided by Section No. 1206 of the Charter, any adjustments in the amounts appropriated for the purposes indicated at the department/fund level are made only upon a motion to amend the resolution adopted by the affirmative votes of at least five City Council members.

B. Budget Development

The preparation of the budget document is the result of a Citywide effort. Each department is presented with an operating base budget that is used as the foundation for building their requests for the operations of their organizations. All one-time expenditure increases are removed, except for those demonstrable and mandatory. A five-year capital budget is required from all departments. The purpose is to give the Mayor and City Council a tool to plan for the future as well as to more realistically reflect the timing of many capital projects that take more than one year to complete.

Departments submit their requests to be analyzed and reviewed by the City's Budget and Management Studies Division (BMSD). Requests are evaluated based on individual operations, City funding resources, and the goals and strategies identified by each organization related to the impact on performance measures. Recommendations are presented to the Mayor and City Manager in a series of review meetings comprised of the Mayor, Mayor's Chief of Staff, City Manager, Assistant City Managers, Budget Manager, Department Directors and representatives from each department, and BMSD. Upon final decisions of format and content, the Mayor's Recommended Budget Document is printed and presented to the City Council for deliberation and adoption.

C. Original Budget

Prior to June 1, the Mayor submits to the City Council a recommended detailed operating budget for the fiscal year commencing July 1. The operating budget includes proposed expenditures and the means of financing them.

Public hearings are conducted to obtain taxpayer comment on the proposed annual budget. The Mayor and his staff analyze, review, and refine the budget submittals.

Prior to July 1, the budget is legally enacted through adoption of a resolution by the City Council.

D. Final Budget

Certain annual appropriations are budgeted on a project or program basis. If such projects or programs are not completed at the end of the fiscal year, unexpended appropriations are carried forward to the following year through either an encumbrance or an amendment to the budget. In certain circumstances, other programs and regular annual appropriations may be carried forward after appropriate approval. Annually appropriated funds not authorized to be carried forward lapse at the end of the fiscal year. Appropriations carried forward from the prior year are included in the final budgetary data.

The City Manager is authorized to transfer funds already appropriated within a department's budget within a fund. However, any revisions that alter the total appropriations of a department within a fund must be approved by the City Council. Expenditures may not legally exceed budgeted appropriations at the department level within a fund.

The City adopts an annual budget for all governmental and business-type funds. The Adopted Budget Document is prepared to include all the various changes approved by the City Council. No budgets are legally adopted for Fresno Revitalization Corporation, Financing Authorities and Corporations, and City Debt Service. Budgeted amounts are reported as amended. During the year, several supplementary appropriations were necessary, but were not material in relation to the original appropriations.

E. Budgetary Results Reconciliation

1. Basis Differences

The City's budgetary process is based upon an accounting basis other than generally accepted accounting principles (GAAP). The results of operations (actual) are presented in the budget and actual comparison schedule in accordance with the budgetary process (Budget basis) to provide a meaningful comparison with the budget, while the financial statements are presented using the GAAP basis. Loan proceeds, loan repayments, transfers, and interfund reimbursements primarily cause the basis differences.

2. Timing Differences

One of the major differences between the Budget basis and GAAP basis are timing differences. Timing differences represent transactions that are accounted for in different periods for the Budget basis as opposed to the GAAP basis of reporting. Revenues such as grant revenues recognized on a cash basis are unavailable for GAAP reporting, while various expenditures not recognized on a cash basis have been accrued for GAAP reporting.

Administrative amendments within the same department/fund level may be made without approval of the City Council within written guidelines established by the Chief Administrative Officer/City Manager.

For accounting and auditing convenience, appropriations for capital improvements may be established in two or more different funds for the same capital project.

The objective of budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the City Council. Activities of the General Fund and Special Revenue Funds are included in the annual appropriated budget. Project-length financial plans are adopted for certain capital projects. The level of budgetary controls (the level at which expenditures cannot legally exceed the appropriated amount) is maintained at the department level by major expenditure category. Purchase orders that result in an overrun (encumbrance exceeding available appropriations) of department-level balances by object are not released until additional appropriations are made available. Open encumbrances at June 30 are reported as restricted, committed, or assigned fund balance in the governmental funds Balance Sheet.

The City assumed an attrition savings amount of \$6.9 million in its fiscal year 2022 budget. The amount was in recognition of the fact that not all positions budgeted in the General Fund are filled during the entire fiscal year. The attrition savings was established as a negative appropriation in each General Fund department's Personnel Services budget. However, no actual savings accrued against the attrition savings account. For purposes of the Budget-to-Actual report in the Required Supplementary Information, the difference between the negative appropriation and the actual lack of activity results in the account appearing to be over-budget.

Actual Transfers from Other Funds were \$(82.9) million lower than budgeted levels in fiscal year 2022. The overage was mostly due to transfers from the CARES Grant fund for eligible expenditures.

Schedule of Investment Returns

PENSION TRUST FUNDS EMPLOYEES, FIRE AND POLICE RETIREMENT SYSTEMS Last Ten Fiscal Years

Fiscal Year Ending June 30	Annual Money-Weighted Rate of Return Gross of Investment Expenses	Annual Money-Weighted Rate of Return Net of Investment Expense
2022	(7.12)%	(7.28)%
2021	30.85%	30.43%
2020	1.61%	1.26%
2019	5.54%	5.20%
2018	8.93%	8.57%
2017	17.73%	14.35%
2016	0.82%	0.53%
2015	3.32%	2.93%
2014	17.61%	17.16%
2013	13.65%	13.20%

The Schedule of Investment Returns above shows the annual money-weighted rate of return on the assets of the Systems, both gross and net of investment expense for ten fiscal years (2012-2021). The money-weighted rate of return expresses investment performance adjusted for timing of cash flows and the changing amounts actually invested. These returns differ slightly from the time-weighted rate of returns calculated and reported by the Systems' custodian, Northern Trust, and as independently reported by the Systems' investment consulting firm, NEPC, LLC. The Systems' custodian and investment consulting firm must use time-weighted returns as opposed to money-weighted returns in order to meet Global Investment Performance Standards for the purposes of effectively evaluating and reporting the performance of the Systems' investment managers.

The time-weighted return method is a measure of the compound rate of return of a portfolio over a stated period of time. It requires a set of sub-period returns to be calculated whenever there is an external cash flow, such as a deposit or withdrawal from the portfolio. In essence, it calculates the geometric total and mean return as opposed to the arithmetic total and mean return. This method does not include or have any distortions created when money is deposited or withdrawn from a portfolio. This is in contrast to money-weighted returns.

Notes to Schedule

Historical information is required only for measurement periods for which GASB Statement No. 75 is applicable.

Future years information will be displayed up to 10 years as information becomes available.

The City does not accumulate assets in a dedicated trust, or equivalent arrangement, for the purpose of funding its retiree healthcare obligation. Therefore, the actuarial value of plan assets is zero.

¹Covered-employee payroll used in the most recent valuation was calculated based on mid-year, as it was considered representative of the payroll during the fiscal year.

STATISTICAL SECTION

Statistical Section

This section of the City's Annual Comprehensive Financial Report (ACFR) presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's financial health.

Contents

Financial Trends

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time. (pages 215-219)

Revenue Capacity

These schedules contain information to help the reader assess the City's most significant local revenue source: The property tax. (pages 220-223)

Debt Capacity

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future. (pages 224-232)

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place. (pages 233-234)

Operating Information

These schedules contain information about the City's operations and resources to help the reader understand how the City's financial information relates to the services the City provides and the activities it performs. (pages 235-239)

Source(s):

Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial reports for the relevant year.

Note(s): To properly calculate the ratio of total debt service expenditures to non-capital expenditures, only governmental fund expenditures for the acquisition and construction of assets that are classified as capital assets for reporting in the Government-Wide Financial Statements have been subtracted from the total governmental fund expenditures. These figures by fiscal year are as follows: (2012) \$15,973,001; (2013) \$18,151,306; (2014) \$34,893,624; (2015) \$46,135,229; (2016) \$35,295,704; (2017) \$35,500,989; (2018) \$42,738,629; (2019) \$34,667,433; (2020) \$29,289,000 and (2021) \$29,973,000.

Note(s): On June 6, 1978, California voters approved a constitutional amendment to Article XIII A of the California Constitution, commonly known as Proposition 13, which limits the taxing power of California public agencies. Legislation enacted by the California Legislature to implement Article XIII A (Statutes of 1978, Chapter 292, as amended) provides that, notwithstanding any other law, local agencies may not levy any property tax except to pay debt service on indebtedness approved by voters prior to July 1, 1978, and that each county will levy the maximum tax permitted by Article XIII A of \$1.00 per \$100.00 of full cash value. Assessed value is equal to full cash value, pursuant to Senate Bill 1656, Statutes of 1978.

Note(s): Supplemental Assessments include voter approved indebtedness for Fire and Police Pensions and supplemental assessments added whenever new construction is completed and whenever real property changes ownership under Chapter 3.5 of Part 0.5 of Division 1 of the California Revenue and Taxation Code.

Beginning in fiscal year 2014, Delinquent Tax Collections do not include penalties and interest. Property tax collection for fiscal years prior to fiscal year 2014 have been adjusted so as not to exceed the levy.

Beginning in fiscal year 2014, collections only reflect those dollars that are related to the fiscal period in which the tax was levied.

Combined Direct Debt	0.210 %
Overlapping Tax, and Assessment Debt	2.883 %
Combined Total Overlapping and Direct Debt	3.580 %
Overlapping Tax Increment Debt (Successor Agency)	0.003 %

Note(s): Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Fresno. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account.

The percentage of overlapping debt applicable to the City of Fresno is estimated using taxable assessed property value. Applicable percentages were estimated by determining the portion of overlapping district's taxable assessed value that is within the boundaries of the City of Fresno divided by the District's total taxable assessed value.

The Direct and Overlapping Governmental Activities Debt excludes tax and revenue anticipation notes, enterprise revenue, mortgage revenue and tax allocation bonds and non-bonded capital lease obligations. Qualified Zone Academy Bonds are included based on principal due at maturity.

The Overlapping Tax, Assessment Debt and General Fund Debt percentages and figures are provided by Cal Municipal Services, Inc. and are as of January 10, 2022. Direct Debt figures are provided by the Finance Department at the City of Fresno and are as of June 30, 2022.

Annual Adjusted Debt Service Coverage (8)	2.02	2.46	2.83	3.44	3.27	2.97	3.27	2.60	23.74	7.05

Note(s):

- (1) State of California law requires the exclusion of Customer Facility Charge (CFC) Revenues from the calculation of Debt Service coverage in excess of annual Debt Service on the Series 2007 Bonds.
- (2) Fiscal year 2021 Revenues include \$7.7 million of CARES Act monies. The Indenture of Trust defines Federal operating grants as Revenues.
- (3) For all fiscal years, reflects Operating Expenses in operating funds only and does not include costs expensed out of Airports capital funds, such as Federal grant-funded Master Plan in fiscal year 2018 and fiscal year 2019.
- (4) Per the Indenture, unencumbered funds equal to 25% of Adjusted Debt Service may be designated by the City as Other Available Funds prior to the beginning of any fiscal year, and transferred to the Revenue Fund at the beginning of such fiscal year. Since fiscal year 2015, the City's policy has been to annually designate available CFC funds equal to 25 percent of debt service associated with 2007 Bonds as Other Available Funds.
- (5) Fiscal year 2021 Debt Service associated with Series 2013 Bonds, Series 2007 Bonds, and 2019 Bonds was prepaid on September 2020 with existing cash balances.
- (6) Under the Supplemental Indenture that authorized the 2013 Bonds, the Minimum Passenger Facility Charge (PFC) Contribution was increased from \$1.1 million to \$1.6 million.
- (7) Fiscal year 2021 Adjusted Debt Service was prepaid with existing cash balances (and was not paid with fiscal year 2021 Net Revenues).
- (8) Had fiscal year 2021 Adjusted Debt Service not been prepaid, fiscal year 2021 Debt Service coverage would have been 2.77.

Note(s): (1) 1993 Indenture defines "Current Revenues" as all revenue from the operation of the Water System except for connection fees and charges.

(2) All other operating and Maintenance includes Fleet Depreciation Charge (vehicle replacement fees paid to the Fleet Department).

(3) 1993 Indenture defines "Maintenance and Operation Costs" as all costs incurred for maintaining and operating the Water System except for Debt Service, Depreciation and Amortization.

(4) 2003 Water Bonds were the only remaining Senior Bond Debt Service after FY 2016, and were paid off in fiscal year 2020.

(5) Paid off remaining 2010 Series A-1 Bonds in fiscal year 2021 with surplus cash.

Note(s) Operating Expenses do not include interest, amortization or depreciation expenses.

The City issued new lease-revenue bonds to refinance several existing lease-revenue bonds for economic savings on May 10, 2017. Any bonds that were callable and produced savings were included, even if it meant redeeming one project in part because there was a non-callable portion that could not be redeemed.

Source(s): City of Fresno Budget Management & Studies Division - Adopted Budgets, Authorized Positions.

Note(s): Figures for Full-Time Equivalents (FTE's) include Permanent and Permanent Part-Time employees only.

Authorized Positions are established by resolution of the City Council and represent the total number of permanent, permanent part-time and permanent intermittent positions in which persons may be employed by the City during a Fiscal Year. Changes in the total number of positions can only be accomplished by resolution of the City Council.

Total permanent positions for each fiscal year are represented as of the following dates: fiscal year 2012 as of May 2012; fiscal year 2013 as of September 2012; fiscal year 2014 as of June 2013; fiscal year 2015 as of September 2014; fiscal year 2016 as of September 2015; fiscal year 2017 as of June 2017; fiscal year 2018 as of June 2018; fiscal year 2019 as of June 2019; fiscal year 2020 as of June 2020 and fiscal year 2021 as of June 2021.

In fiscal year 2017, the Transportation FAX Department added service, management and support staff positions for a variety of service additions such as Bus Rapid Transit (BRT), extended night and weekend service, and increased frequencies on four major avenues.

In fiscal year 2017, positions were added to address reductions that occurred in recent years. Additions to the Police Department included Police Officer Recruits, Police Officer Cadets and a Police Sergeant. Additions to the Fire Department included Firefighters and an administrative position.

In fiscal year 2018, the Budget and Management Studies Division was relocated from the Finance Department to the City Manager's Office.

In fiscal year 2019, Development and Resource Management Department (DARM) became Planning & Development Services.

Source(s): City of Fresno - Various Departments

Note(s): Building Permits Issued includes individual units and structures and is a composite of new construction, additions, alterations, repairs and relocations.
Police department figures are based on calendar year and are as of January 1 of reported year. FY2020 physical arrest figures are reported as of September 2019.
Information is combined for Fresno Yosemite International (FYI) and Chandler Executive Airport (FCH) for Number of Cargo Carriers, Number of Tenant Aircraft, Annual Fuel Consumption and Origin and Destination Freight.
Fire inspection figures reflect only those performed in the City of Fresno and excludes service calls for neighboring fire districts.
Fire hydrant inspections decreased in FY2016 because of an inspection schedule change. Beginning in FY2016, fire hydrant inspections are scheduled for annual inspections instead of bi-annual inspections.
The FY2016 Mini bus figure includes 8 sedans as is consistent with National Transit Database (NTD) reporting.
The FY2019 increase in FAX functional areas was due to a steady increase in FAX ridership due to strategic planning efforts, namely the addition of Bus Rapid Transit service in February 2018 and an additional line (Route 12) west of highway 99.
The FY2019 drop in fuel consumption was due to a loss of a large fixed based operator and a significant drop in the extent of fires, resulting in less military and forest service.
The FY2020 & FY2021 reduction in parking violations was related to relaxed enforcement due to COVID-19.
The FY2021 decrease in number of mini-buses was due to life cycle retirements. Passenger decrease was a direct result of COVID-19, ridership was restricted to allow for social distancing. Beginning March 2020, the passenger limit affected subsequent months and continued through June 20, 2021.
The FY2021 reduction of Parks & Recreation operations was due to the shuttering of facilities due to COVID-19.
The FY2021 increase in street resurfacing miles was due to the inclusion of Street Paving, Slurry & Construction Management miles.
The FY2021 decrease of Convention Center operations was due to the reduction of events hosted in response to COVID-19.
The FY2021 decrease in Police traffic violations was due to less people on the roads in response to COVID-19
The FY2022 increase of Convention Center operations was due to the increase of events hosted.
Information was not available for all years for all categories.

Source(s): City of Fresno - Various Departments

Note(s): Information combined for Fresno Yosemite International (FYI) and Chandler Executive Airport (FCH).
 The FY2016 reduction in Street(miles) is due to the non-inclusion of secondary segments on the major divided roads and is not associated with any road removal.
 The Regional Sports Complex reported acreage was reduced from 268 acres to 114. While part of the Complex footprint, 154 acres are presently not available for public access.
 Three acres were added due to the opening of Martin Ray Reilly Park in FY2015. 8.3 acres were added in FY2016 due to the opening of Inspiration Park.
 In FY2020, Airports added stalls to a designated area not previously used for parking. This increased the number of stalls and had no affect on acreage.
 In FY2022, there was a significant increase in the number of parking stalls at the airport due to completion of the new parking garage on the current parking lot location. Parking stalls no longer designated Hourly/Daily. They are now Daily/Economy.
 In FY2022, Squad companies were established to respond to medical and fire calls in a pickup rather than an engine or a truck.
