ARTICLE III PARTICIPATION IN THE PLAN

3.1 Eligibility. Each Employee shall be eligible to participate in the Plan and defer Compensation hereunder on the first day of the first month immediately upon employment with the Employer.

3.2 Deferral and Contribution Elections.

- (a) An Employee may elect to become a Participant by executing an election to defer a portion a portion of his or her Compensation (and having that amount contributed as an Annual Deferral on his or her behalf) and filing it with the Administrator. This participation election shall be made on the deferral agreement provided by the Administrator under which the Employee agrees to be bound by all the terms and conditions of the Plan. The Administrator may establish a minimum deferral amount and may change such minimums from time to time. The participation election shall also include designation of investment funds and a designation of Beneficiary.
- (b) Any election shall remain in effect until a new election is filed. If a Participant does not have a valid and complete investment direction on file, deferrals may be invested in a default fund selected by the Administrator in its sole discretion, until

DEFERRED COMPENSATION PLAN DOCUMENT

the Participant makes an affirmative election regarding the investment of his or her Participation Account.

- (c) Unless otherwise designated by the Participant in the participation election, any Accumulated Deferrals under the Plan shall be treated as pre-tax deferrals.
- (d) **Roth Contributions.** Roth Contributions will be credited and debited to the Roth Contribution Account maintained for each Participant. The Plan will maintain a separate record of the amount of Roth Contributions in each Participant's Participation Account. No contributions other than Roth Contributions and properly attributable earnings will be credited to each Participant's Roth Contribution Account.

3.3 Commencement of Participation. An Employee shall become a Participant as soon as administratively practicable following the date the Employee files a participation election pursuant to Section 3.2. Such election shall become effective no earlier than the calendar month during which the Participant first becomes an Employee if an agreement providing for the deferral is entered into on or before the first day on which the Participant performs services for the Employer.

3.4 Information Provided by the Participant. Each Employee enrolling in the Plan should provide to the Administrator at the time of initial enrollment, and later if there are any changes, any information necessary or advisable for the Administrator to administer the plan, including, without limitation, whether the Employee is a participant in any other eligible plan under IRC 457(b).

3.5 Contributions Made Promptly. Annual Deferrals by the Participant shall be transferred to the Trust Fund within a period that is not longer than is reasonable for the proper administration of the Participant's Participation Account. For this purpose, Annual Deferrals shall be treated as contributed within a period that is not longer than is reasonable for the proper administration if the contribution is made to the Trust Fund within 15 business days following the end of the month in which the amount would otherwise have been paid to the Participant.

3.6 Amendment of Annual Deferrals Election. Subject to other provisions of the Plan, a Participant may at any time revise his or her participation election, including a change of the amount of his or her Annual Deferrals, the amount designated as pre-tax deferrals or Roth Contributions, his or her investment direction and his or her designated Beneficiary. Unless the election specifies a later effective date, a change in the amount of the Annual Deferrals shall take effect as of the first day of the next following month, or as soon as administratively practicable if later, and be equal at least \$5.00 dollars per pay period. A change in the investment direction shall take effect as of the date provided by the Administrator. A change in the Beneficiary designation shall take effect at the earliest possible payroll period which allows sufficient time for the order to be processed through the City payroll.

3.7 Leave of Absence. Unless an election is otherwise revised, if a Participant is absent from work by leave of absence, Annual Deferrals under the Plan shall continue to the extent that Compensation continues.

DEFERRED COMPENSATION PLAN DOCUMENT

3.8 Disability. A disabled Participant may elect Annual Deferrals during any portion of the period of his or her disability to the extent that he or she has actual Compensation (not imputed Compensation and not disability benefits) from which to make contributions to the Plan and has not had a Severance from Employment.

3.9 Employer Contributions. The Employer may add additional deferred Compensation for services that will be rendered by the Employee to the Employer during any calendar month, provided:

- (a) The Employee has elected to have such additional Compensation deferred, invested, and distributed, pursuant to this Plan, prior to the calendar month in which the Compensation is earned; and
- (b) Such additional deferred Compensation, when added to all other Annual Deferrals under the Plan, does not exceed the maximum deferral permitted under Article IV.

ARTICLE IV LIMITATION ON DEFERRALS

4.1 Basic Annual Limitation. Except as provided in Section 4.2, relating to catch-up provisions, the maximum amount of the Annual Deferral under the Plan for any calendar year, shall not exceed the lesser of (a) 100% of the Participant's Includible Compensation or (b) the Applicable Dollar amount established under IRC 457(e)(15) (\$19,500 in the year 2021), adjusted for the cost-of-living, to the extent provided under the IRC.

4.2 Age 50 Plus Catch-up Annual Deferral Contributions. Pursuant to IRC 414(v), a Participant who will attain age 50 or more by the end of the calendar year is permitted to elect an additional amount of Annual Deferrals, up to the maximum age 50 catch-up Annual Deferrals adjusted for cost-of-living to the extent provided under the IRC (\$6,500 for 2021).

4.3 Special Section 457 Catch-up Limitation. If the applicable year is one of a Participant's last three calendar years ending before the year in which the Participant attains Normal Retirement Age and the amount determined under this Section 4.3 exceeds the amount computed under Sections 4.1 and 4.2, then the Annual Deferral limit under this Section 4.3 shall be the lesser of:

- (a) An amount equal to twice the Section 4.1 Applicable Dollar Amount for such year or
- (b) The sum of:
 - (i) An amount equal to (A) the aggregate Section 4.1 limit for the current year plus each prior calendar year beginning after December 31, 2001, during which the Participant was an Employee under the Plan, minus (B) the aggregate amount of Compensation that the Participant deferred under the Plan during such years, plus

DEFERRED COMPENSATION PLAN DOCUMENT

- (ii) An amount equal to (A) the aggregate limit referred to in IRC 457(b)(2) for each prior calendar year beginning after December 31, 1978, and before January 1, 2002, during which the Participant was an Employee (determined without regard to Section 4.2 and 4.3), minus (B) the aggregate contributions to Pre-2002 Coordination Plans for such years.

4.4 Special Rules. For purposes of this Article IV, the following rules shall apply:

- (a) Participant Covered by More Than One Eligible Plan. If the Participant is or has been a participant in one or more other eligible plans within the meaning of IRC 457(b), then this Plan and all such other plans shall be considered as one plan for purposes of applying the foregoing limitations of this Article IV. For this purpose, the Administrator shall take into account any other such eligible plan maintained by the Employer and shall also take into account any other such eligible plan for which the Administrator receives from the Participant sufficient information concerning his or her participation in such other plan.
- (b) Pre-Participation Years. In applying Section 4.3, a year shall be taken into account only if the Participant was eligible to participate in this Plan during all or a portion of the year was subject to the Basic Annual Limitation described in Section 4.1 or any other plan ceiling required by IRC 457(b).
- (c) Pre-2002 Coordination Years. For purposes of Section 4.3(b)(2)(B), "contributions to Pre-2002 Coordination Plans" means any employer contribution, salary reduction or elective contribution under any other eligible Code section 457(b) plan, or a salary reduction or elective contribution under any Code section 401(k) qualified cash or deferred arrangement, Code section 402(h)(1)(B) simplified employee pension (SARSEP), Code section 403(b) annuity contract, and Code section 408(p) simple retirement account, or under any plan for which a deduction is allowed because of a contribution to an organization described in IRC 501(c)(18), including plans, arrangements or accounts maintained by the Employer or any employer for whom the Participant performed services. However, the contributions for any calendar year are only taken into account for purposes of Section 4.3(b)(2)(B) to the extent that the total of such contributions does not exceed the aggregate limit referred to in IRC 457(b)(2) for that year.

4.5 Disregard Excess Deferral. For purposes of Sections 4.1, 4.2 and 4.3, an individual is treated as not having deferred compensation under a plan for a prior taxable year to the extent Excess Deferrals under the plan are distributed, as described in Section 4.6. To the extent that the combined deferrals for pre-2002 years exceeded the maximum deferral limitations, the amount is treated as an Excess Deferral for those prior years.

4.6 Correction of Excess Deferrals. If the Annual Deferral amount on behalf of a Participant for any calendar year exceeds the limitations described in this Article IV, or the Annual Deferral on behalf of a Participant for any calendar year exceeds the limitations described in this Article IV when combined with other amounts deferred by the Participant under another eligible deferred compensation plan described under IRC 457(b) for which the Participant provides

DEFERRED COMPENSATION PLAN DOCUMENT

information that is accepted by the Administrator, then the Annual Deferral, to the extent in excess of the applicable limitation (adjusted for any income or loss in value, if any, allocable thereto), shall be distributed to the Participant, with allocable net income, as soon as practicable after the Administrator determines that such amount was an excess deferral or contribution. Excess Amounts shall first be distributed from pre-tax deferrals, and second from Roth Contributions, as determined in accordance with methods and procedures established by the Administrator.

4.7 Protection of Persons Who Serve in a Uniformed Service. An Employee whose employment is interrupted by qualified military service under IRC 414(u) or who is on a leave of absence for qualified military service under IRC 414(u) may elect to make additional Annual Deferrals upon resumption of employment with the Employer equal to the maximum Annual Deferrals that the Employee could have elected during that period if the Employee's employment with the Employer had continued (at the same level of Compensation) without the interruption or leave, reduced by the Annual Deferrals, if any, actually made for the Employee during the period of the interruption or leave. This right applies for five years following the resumption of employment (or, if sooner, for a period equal to three times the period of the interruption or leave).

ARTICLE V LOANS TO PARTICIPANTS

5.1 Loans to Participants. A Participant who has a minimum Participation Account of \$2,000 who is an Employee may apply for and receive a loan from his or her Participation Account subject to the terms and conditions of this Section 5.1 and the IRC. Any such loan may not be for an amount less than the minimum amount specified by the Administrator. If not specified by the Administrator, the minimum loan amount shall be \$1,000. If a Participant's Severance from Employment occurs after he or she has requested a loan but before the loan is distributed to the Participant, the Participant's request for a loan shall automatically be cancelled. A loan shall be made from the Participant's pre-tax deferrals, and may not be made from a Roth Contribution Account.

5.2 Maximum Loan Amount. No loan to a Participant hereunder may exceed the lesser of:

- (a) \$50,000 reduced by the greater of (i) highest outstanding balance of any other loan from the Plan during the one-year period ending on the day before the date the loan is approved by the Administrator (not taking into account any payments made during such one-year period) or (ii) the outstanding balance on any loan from the Plan to the Participant on the date the loan is made or
- (b) 50% of the value of the vested Participation Account (as of the Valuation Date immediately preceding the date on which such loan is approved by the Administrator).

For purposes of this Section 5.2, any loan from any other plan maintained by a participating employer shall be treated as if it were a loan made from the Plan, and the Participant's vested interest under any such other plan shall be considered a vested interest under this Plan; provided, however, that the provisions of this paragraph shall not be applied so as to

DEFERRED COMPENSATION PLAN DOCUMENT

allow the amount of a loan under this Section 5.2 to exceed the amount that would otherwise be permitted in the absence of this paragraph.

(c) Loan Terms. The terms of the loan shall:

- (i) require level amortization with payments not less frequently than by monthly automatic deduction (ACH) from the Participant's personal bank account throughout the repayment period except that alternative arrangements for repayment may apply in the event that the borrower is on an bona fide unpaid leave of absence for a period not to exceed one year for leaves other than a qualified military leave within the meaning of IRC 414(u) or for the duration of a leave which is due to qualified military service;
- (ii) require that the loan be repaid within five years from the date of the loan, unless the Participant certifies in writing to the Administrator that the loan is to be used to acquire any dwelling unit which within a reasonable time is to be used (determined at the time the loan is made) as a principal residence of the Participant; and
- (iii) provide for interest charged at prime plus 1%, designed to provide the Plan with a return commensurate with interest rates charged by persons in the business of lending money under similar circumstances.

(d) Security for Loan; Default.

- (i) Security. Any loan to a Participant shall be secured by the pledge of the portion of the Participant's interest in the Plan invested in such loan.
- (ii) Default. In the event that a Participant fails to make a loan payment under this Section 5 within 90 days after the date such payment is due, a default on the loan shall occur. In the event of such default, (A) all remaining payments on the loan shall be immediately due and payable, (B) effective as of the first day of the calendar month next following the month in which any such loan default occurs, the interest rate for such loan shall be (if higher than the rate otherwise applicable) the rate being charged on loans from the Plan that are approved by the Administrator in the month in which default occurs, (C) no contributions shall be made on such Participant's behalf prior to the first payroll period that follows by 12 calendar months the date of repayment in full of such loan, and (D) the Participant shall be permanently ineligible for any future loans from the Plan.

In the case of any default on a loan to a Participant, the Administrator shall apply the portion of the Participant's interest in the Plan held as security for the loan in satisfaction of the loan on the date of Severance from Employment. In addition, the Administrator shall take any legal action it shall consider necessary or appropriate to enforce collection of the unpaid loan, with the costs of any legal proceeding or collection to be charged to the Participation Account of the Participant.

DEFERRED COMPENSATION PLAN DOCUMENT

Notwithstanding anything elsewhere in the Plan to the contrary, in the event a loan is outstanding hereunder on the date of a Participant's death, his or her estate shall be his or her Beneficiary as to the portion of his or her interest in the Plan invested in such loan (with the Beneficiary or Beneficiaries as to the remainder of his or her interest in the Plan to be determined in accordance with otherwise applicable provisions of the Plan).

- (e) Prepayment. The Participant shall be permitted to repay the loan in whole or in part at any time prior to maturity, without penalty.
- (f) Loan Procedures. All Plan loans shall be made and administered by the Administrator in accordance with the rules and procedures the Administrator may establish from time to time, which are hereby incorporated into the Plan by reference.
- (g) Payment of Fees. The Participant shall be responsible for the payment of fees to cover the cost of administering his/her loan. Payment shall be made by deduction from the Participant's Participation Account.
- (h) Repayment. The Participant shall be required, as a condition to receiving a loan, to enter an irrevocable, written agreement authorizing the City to make payroll deductions from the Participant's paycheck until the loan plus interest is paid in full, as long as the Participant is still employed with the City. Payroll shall = transfer the amount collected each pay period to the Trustee in payment of the loan plus interest. Repayments of a loan shall be made by payroll deduction of equal amounts (comprised of both principal and interest) from each paycheck, with the first such deduction to be made as soon as practicable after the loan funds are disbursed. In any event, a Participant may prepay the entire outstanding balance of the loan at any time (but may not make a partial prepayment). If any installment of payroll deductions described in this subsection cannot be made in full because a Participant is on an unpaid leave of absence, is no longer employed by a participating employer (that has consented to make payroll deductions for this purpose), or the Participant's paycheck is insufficient to allow for collection of the agreed-upon installment for any other reason, the Participant shall pay directly to the Plan the full amount that would have been deducted from the Participant's paycheck, with such payment to be made by the last business day of the calendar month in which in which the amount would have been deducted.
- (i) Suspension of Repayment. Notwithstanding the foregoing to the contrary, loan repayments may be suspended as permitted under IRC 414(u)(4).
 - (i) Military Service and Disaster Relief. Loan repayment shall be suspended by the Administrator without penalty for any period during which a Participant is serving on active duty in the uniformed services of the United States or for periods specified by the IRC for any given disaster relief efforts.

DEFERRED COMPENSATION PLAN DOCUMENT

- (ii) Other Leaves of Absence. In the event of an Employer-approved unpaid leave of absence for any other reason, the Participant may suspend principal installments and interest payments otherwise due for the duration of the leave or one year, whichever is shorter. Interest shall continue to accrue during the leave of absence
- (iii) Interest shall continue to accrue during the suspension of repayment. Upon termination of a repayment suspension, the Participant may either: (1) make a one-time payment equal to the total amount that accumulated during the suspension, or (2) reamortize the loan.

ARTICLE VI DISTRIBUTION OF BENEFITS

6.1 Benefit Distribution at Retirement or Other Severance from Employment. Upon retirement or the Severance from Employment (other than due to death), a Participant is entitled to receive a distribution of his or her Participation Account under any form of distribution permitted under Section 6.3. If the Participant does not elect otherwise, the distribution will be paid as soon as practicable following Normal Retirement Age or, if later, following retirement or other Severance from Employment and commencing on the date elected under Section 6.2 and payment shall be made in monthly installments of the minimum annual payments described in Section 6.3(b).

6.2 Election of Benefit Commencement Date. A Participant may elect to commence distribution of benefits at any time after retirement or other Severance from Employment by a notice filed at least 30 days before the date on which benefits are to commence. However, in no event may distribution of benefits commence later than the date described in Section 6.7.

6.3 Forms of Distribution. In an election to commence benefits under Section 6.2, a Participant entitled to a distribution of benefits under this Article VI may elect to receive payment in at least annual, quarterly, or monthly payments as requested by the Participant. A Participant electing to commence distribution shall be the opportunity to designate the extent to which the distribution should be taken in whole or in part from subaccounts within the Participant's Participation Account in which Roth Contributions, eligible deferred compensation plan transfers, and eligible rollover contributions are held, as applicable. In the absence of such designation, the distribution shall be taken pro rata from the subaccounts within the Participant's Participation Account. Any amount payable to an organization, estate, or trust shall be paid in a lump sum as prescribed in Sections 6.4

6.4 Death Benefit Distributions. Commencing in the calendar year following the calendar year of the Participant's death, the Participant's Participation Account shall be paid to the Beneficiary in a lump sum. Alternatively, if the Beneficiary with respect to the Participant's Participation Account is a natural person, at the Beneficiary's election, distribution can be made in annual installments (calculated in a manner that is similar to installments under Section 6.3) with the distribution period determined under this paragraph. If the Beneficiary is the Participant's surviving spouse, the distribution period is equal to the Beneficiary's life expectancy using the single life table in Treas. Reg. 1.401(a)(9)-9, A-1 for the spouse's age on the spouse's birthday for

DEFERRED COMPENSATION PLAN DOCUMENT

that year. If the Beneficiary is not the Participant's surviving spouse, the distribution period is the Beneficiary's life expectancy determined in the year following the year of the Participant's death using the single life table in Treas. Reg. 1.401(a)(9)-9, A-1 for the Beneficiary's age on the Beneficiary's birthday for that year, reduced by one for each year that has elapsed after that year. For any year, a Beneficiary can elect distribution of a greater amount (not to exceed the amount of the remaining Participation Account) in lieu of the amount calculated using this formula.

6.5 Amount of Participation Account. Except as provided in Section 6.3, the amount of any payment under this Article VI shall be based on the amount of the Participation Account on the preceding Valuation Date.

6.6 Revocation of Prior Election. Any election made under this Article VI may be revoked at any time.

6.7 Latest Distribution Date. In no event shall any distribution under this Article VI begin later than the later of:

- (a) April 1 of the year following the calendar year in which the Participant attains age 72 (if the Participant was born after June 30, 1949) or age 70½ (if the Participant was born before July 1, 1949); or
- (b) April 1 of the year following the calendar year in which the Participant retires or otherwise has a Severance from Employment. If distributions commence in the calendar year following the later of the calendar year in which the Participant attains age 72 (if the Participant was born after June 30, 1949) or age 70 ½ (if the Participant was born before July 1, 1949) or the calendar year in which the Severance from Employment occurs, the distribution on the date that distribution commences must be equal to the annual installment payment for the year that the Participant has a Severance from Employment determined under paragraph (b) of Section 5.3 and an amount equal to the annual installment payment for the year after Severance from Employment determined under paragraph (b) of Section 6.3 must also be paid before the end of the calendar year of commencement.

6.8 In-Service Distributions from Rollover Account. If a Participant has a separate account attributable to eligible rollover contributions to the plan, the Participant may at any time elect to receive a distribution of all or any portion of the amount held in the rollover account.

6.9 Unforeseeable Emergency Distribution.

- (a) Distribution. If a Participant has an unforeseeable emergency before retirement or other Severance from Employment, the Participant may elect to receive a lump sum distribution equal to the amount requested or, if less, the maximum amount determined by the Administrator to be permitted to be distributed under this Section 6.9.
- (b) Unforeseeable emergency defined. An unforeseeable emergency is defined as a severe financial hardship of the Participant resulting from: an illness or accident of the Participant, the Participant's spouse, or the Participant's dependent (as defined

For example, the imminent foreclosure of or eviction from the Participant's primary residence may constitute an unforeseeable emergency. In addition, the need to pay for medical expenses, including non-refundable deductibles, as well as for the cost of prescription drug medication, may constitute an unforeseeable emergency. Except as otherwise specifically provided in this Section 6.9, neither the purchase of a home nor the payment of college tuition is an unforeseeable emergency.

- (c) Unforeseeable emergency distribution standard. A distribution on account of unforeseeable emergency may not be made to the extent that such emergency is or may be relieved through reimbursement or compensation from insurance or otherwise, by liquidation of the Participant's assets, to the extent the liquidation of such assets would not itself cause severe financial hardship, or by cessation of deferrals under the Plan.
- (d) Distribution necessary to satisfy emergency need. Distributions because of an unforeseeable emergency may not exceed the amount reasonably necessary to satisfy the emergency need (which may include any amounts necessary to pay any federal, state, or local income taxes or penalties reasonably anticipated to result from the distribution).

6.10 Voluntary Distributions for Certain Participation Accounts of \$5,000 or Less.

At the direction of the Participant, the Participant's total Participation Account may be paid in a lump sum as soon as practical following the direction if (a) the total Participation Account does not exceed \$5,000 (or the dollar limit under IRC 411(a)(11), if greater), (b) the Participant has not previously authorized a distribution of the total amount payable to the Participant under this Section 6.10 and (c) no Annual Deferral has been made with respect to the Participant during the two-year period ending immediately before the date of distribution. The amount of the Participant's Participation Account attributable to eligible rollover contributions shall not be considered in determining whether the Participant's Participation Account is less than \$5,000.

6.11 Eligible Rollover Distributions.

- (a) Election Procedure. A Participant or the surviving spouse of a Participant (or a Participant's former spouse who is the alternate payee under a domestic relations order, as defined in IRC 414(p)) who is entitled to an eligible rollover distribution may elect, at the time and in the manner prescribed by the Administrator, to have all or any portion of the distribution paid directly to an eligible retirement plan specified by the Participant in a direct rollover.
- (b) For purposes of this Section 6.11, an eligible rollover distribution means any distribution of all or any portion of a Participant's benefit, except that an eligible
