

Park Ranger II

DEFINITION

Under supervision, performs non-sworn enforcement of State and municipal codes, rules, and regulations within public parks, trails and recreation facilities operated by the City of Fresno; provides information to the public on parks and recreation facilities, activities and environmental awareness and education on the proper use of park recreation facilities; issues warnings and citations; and performs related duties as required.

SUPERVISION RECEIVED/EXERCISED

Receives supervision from a Police Sergeant. Exercises no supervision.

DISTINGUISHING CHARACTERISTICS

The Park Ranger classification performs non-sworn enforcement of State and municipal codes, rules and regulations within the public parks, trails and recreation facilities maintained and operated by the City. Responsibilities include patrol of city parks, trails, and recreation facilities; enforcing park and facility rules and regulations including issuing warnings and citations; locking and unlocking of site amenities; assisting with City-wide special events, public events and organized sporting groups; responding to non-emergency incidents; and observing and reporting instances that require assistance from a sworn law enforcement officer. The Park Ranger classification differs from the Community Service Officer in that the latter is focused in working with the public and community groups in crime and burglary prevention and the delivery of non-emergency police services throughout the City.

Park Ranger II is the experienced level in the Park Ranger classification series and incumbents are fully trained and experienced in the performance of Park Ranger duties. Park Ranger II differs from Senior Park Ranger in that the incumbents of the latter provide lead direction and training to lower-level staff and perform the most complex duties.
