MEETING

The City of Fresno's Department of Public Utilities Solid Waste Management Division (SWMD) has been operating in a deficit since 2015. The City is conducting four community meetings to discuss SWMD's financial health and the process that will be used to reestablish the financial viability of the Division.

Specific Topics:

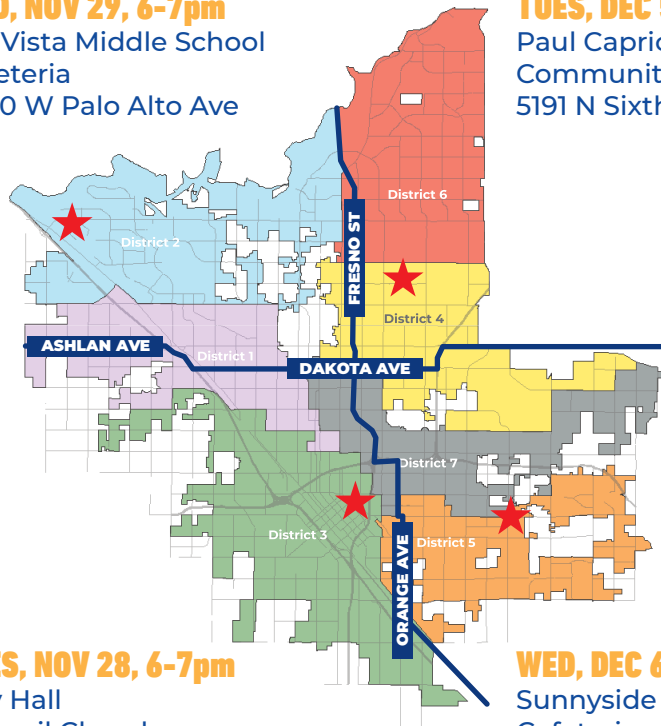

1. Review SWMD's services and the current rates adopted in 2007
2. Discuss current cost realities.
3. Provide an overview of the Proposition 218 rate-setting process.
