

New Year, **NEW BATTERIES!**

Make a resolution to inspect, or replace, the backup batteries in your irrigation timers. This will ensure that your timers hold their programming even after a power outage.

Be Water Wise

JANUARY 2024

Maintain Our Drains, No Wipes Down the Pipes!

Many companies label products as “flushable” when that isn’t true. The only product suitable for our drains is toilet paper. Any other products risk expensive clogs, repairs, and unpredictable sewage overflows.

Say No to “Unflushables”
