DISTINGUISHING CHARACTERISTICS

Senior Account Clerk is the advanced working/lead level class in the Account Clerk series. Work involves the more complex clerical accounting duties which require the application of independent judgment to situations where standard procedures may not apply, and which may require giving lead direction to other clerical staff engaged in the performance of similar duties. Incumbents typically prepare and maintain complex financial and statistical records involving posting and balancing and prepare departmental payroll documents. This class is distinguished from Account Clerk II in that the latter is the journey level class in which incumbents perform duties in accordance with established procedures and do not provide lead direction to others.

Incumbents assigned to the Animal Center will be exposed to a working environment with animals (primarily dogs and cats) which may lead to possible exposure of unpleasant odors and noises, allergens, interactions with animals, and possible exposure to zoonotic diseases; and may be required to handle and restrain animals humanely and safely using approved protocols and practices.
