

ANDREW JANZ
City Attorney

January 22, 2024

Dear Campaign Representative,

This is a friendly reminder that campaign signs placed on City of Fresno property and public rights-of-way, including median strips, utility poles, or islands, violate Fresno's Municipal Code section 15-2605. Placing campaign signs in median strips is dangerous because they obstruct motorists' view of the road and could cause distracted driving. Over the last several weeks, Fresno City Attorney's Office Code Enforcement Division has removed hundreds of illegally placed signs.

Your campaign is not receiving this notice because it has necessarily violated the Municipal Code. This is being sent to all campaigns. Campaigns that continue to have illegal signage on City property will receive a separate notification. We understand that in some instances, campaign staff are not the individuals physically placing the signs but rather volunteers or supporters. Please inform your teams of these rules.

If you have any questions or concerns, please do not hesitate to reach out to my office using the contact information below.

Respectfully,

Andrew Janz
