

MAYOR'S PROPOSED FISCAL YEAR

2025

BUDGET

City of Fresno
California

**T.W. PATTERSON
BUILDING**

City of Fresno, California

Proposed Budget

for the Fiscal Year

July 1, 2024 – June 30, 2025

Mayor Jerry P. Dyer

City Council

Annalisa Perea, Council President - District 1

Mike Karbassi, Council Vice President - District 2

Miguel Arias - District 3

Tyler Maxwell - District 4

Luis Chavez - District 5

Garry Bredefeld - District 6

Nelson Esparza - District 7

City Manager

Georgeanne A. White

City Attorney

Andrew Janz

City Clerk

Todd Stermer

Executive Management Team

Ruth F. Quinto, CPA - Assistant City Manager

TJ Miller - Assistant City Manager

Michael Rogers - Assistant City Manager

Nicholas Mascia - Assistant City Manager

Henry Thompson - Aviation Director

Henry J. Fierro - Budget Director

Randall Morrison - Capital Projects Director

Santino Danisi - City Controller / Finance Director

Lance Lippincott - Economic Development Director

Billy Alcorn - Fire Chief

Brian Barr - General Services Director

Bryon Horn - Information Services Director

Alma Torres - Interim Animal Center Director

Aaron Aguirre - Parks, After School, Recreation and Community Services Director

Sumeet Malhi - Personnel Services Director

Jennifer Clark - Planning and Development Director

Paco Balderrama - Police Chief

Brock Buche - Public Utilities Director

Scott Mozier - Public Works Director

Gregory A. Barfield - Transportation Director

Budget Preparation Staff

Pedro Rivera, Budget Manager

Scott Motsenbocker, Budget Manager

Juan Rios, Principal Budget Analyst

Elida Rubio, Senior Budget Analyst

Erlyn Neri, Senior Budget Analyst

GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished
Budget Presentation
Award*

PRESENTED TO

**City of Fresno
California**

For the Fiscal Year Beginning

July 01, 2023

Christopher P. Morrell

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the City of Fresno, California for its annual budget for the fiscal year beginning July 1, 2022 – June 30, 2023.

In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device. This award is valid for a period of one year only.

Acknowledgment

The completion of this budget document could not have been fulfilled without the skill, dedication, professionalism, and “work-as-one” attitude of my team. I am truly fortunate and blessed to manage such a talented and amazing team. The group sacrificed many extensive hours and weekends over the last several months to plan, prepare, and formalize the Budget document. I also must recognize my team’s sacrifices did not stop with each staff member but was made by their respective families as well. Budget team members are Pedro Rivera, Scott Motsenbocker, Juan Rios, Elida Rubio, Erlyn Neri, Nigma Shook, Danelia Garcia Ocampo, Jerod Weeks, and Alyse Muniz-Thank-you very much.

My gratitude must also go to all the department personnel who worked on the preparation of the budget. They are too numerous to list by name here, but thank you to all the Directors, Assistant Directors, Managers, Analysts, Account Clerks, Administrative Assistants, and others who contributed a great deal of their time and effort towards the budget process while performing their operational duties. I truly value and appreciate the continued fostering of vital business relationships shared between the department-wide personnel and the Budget team.

Finally, I would like to thank Mayor Jerry Dyer, City Manager Georgeanne A. White, Assistant City Managers Ruth F. Quinto, TJ Miller, Michael Rogers, and Nicholas Mascia, Chief of Staff Kelli Furtado, Deputy City Managers Alma Torres and Jennifer Ruiz, as well as the Council Members for their continued dedication, leadership and guidance in the planning, deliberations, and implementation of this Budget.

Respectfully submitted,

Henry J. Fierro, Budget Director

Budget Policy and How to Use This Book

Budget Policy

The City operates under the strong-Mayor form of government. Under this form of government, the Mayor serves as the City's Chief Executive Officer, appointing and overseeing the City Manager, recommending legislation, and presenting the annual budget to the City Council.

The budget of the City of Fresno, within the meaning and context of Section 1205 of the City's Charter, must be adopted by resolution by the City Council by June 30th of a given year. As provided by Section 1206 of the Charter, any adjustments in the amounts appropriated for the purposes indicated at the department/fund level shall be made only upon a motion to amend the resolution adopted by the affirmative votes of at least five Council members.

Administrative changes within the department/fund level may be made without approval of Council within written guidelines established by the City Manager.

How to Use This Book

Every effort has been made to make this book as easy as possible to read, but it may be difficult to find what you're looking for in such a complex document. To make your search easier, a number of tools are provided to help you get what you need.

The Budget is organized systematically moving from the broadest perspective of service by

department to more specific information. The document is arranged by department with the final section of the Budget providing reference information to enhance the reader's understanding of overall concepts.

This book is divided into six sections:

Executive Summary

This section presents the Mayor's Transmission letter and the City Manager's Financial Overview.

Citywide Summary

This section includes various charts and graphs that represent the City's financial position and allocations for the coming fiscal year; outlines critical funding sources such as Measure C, Measure P, and the Federal Entitlements received by the City. Also included are the allocation of staff and the City's debt obligations.

General Fund Summary

This section contains the General Fund Overview, which describes the resources and appropriations of this fund.

Department Summaries

This section outlines organizational impacts and resource allocation by department. It also contains various tables that represent the financial position of the department and department staffing levels.

Capital Improvement Summary

This segment outlines the five-year capital improvement plan on a Citywide basis and by department.

Supplemental Information

This section gives the reader general information about the City and the City's Budget and Financial Policies as well as an update on the City pension funding status. Acronyms and a Glossary of Terms are also included.

JERRY P. DYER
MAYOR

May 16, 2024

One Fresno Family:

It is my honor to propose the Fiscal Year 2025 (FY25) Budget. This budget supports the ONE FRESNO vision to promote and implement an inclusive, prosperous, beautiful city where people take pride in their neighborhood and their community. As we fulfill this vision, we will continue to strive each day to have a culture that says – we work for you.

The FY25 Budget totals \$1,991,205,100. Of that, General Fund accounts for \$482,919,100, while Enterprise and Internal Services total \$898,684,400. The remaining \$609,601,100 is comprised of special revenue sources such as Measure C, Measure P, various grants, and other capital funds.

Unlike previous budget cycles that contained a substantial amount of one-time funding, the proposed FY25 Budget reflects the harsh reality of increasing expenses that are outpacing revenues. While we have previously relied on one-time funds, this is unsustainable.

Despite these challenges, I would like to assure you the City's long-term financial condition remains healthy. So much so, in fact, that in May 2024, the City's credit rating was once again upgraded. All three major credit rating agencies – Standard & Poor's, Moody's and Fitch agree the City's financial position is strong and improving. On May 3, 2024, Fitch announced an upgrade to the City's rating from A+ to AA; a notable, and not frequently issued, two-notch upgrade not frequently issued. Fitch cited the City's improved financial strength and ongoing development and economic diversification supporting growth in revenues. A strong credit rating lowers the City's interest rates, something that can mean the difference in millions of dollars when pursuing long term financing.

Throughout this budget message, I hope to offer encouragement to our Council and departments. Despite the challenging times ahead, I am confident the City will continue to find innovative ways to provide high levels of service delivery while prioritizing public safety, including record numbers of police officers and firefighters. Also prioritized are quality of life and beautification issues important to our residents, as well as the economic development priorities that are essential to Fresno businesses.

As always, these priorities are in addition to essential services the City of Fresno (City) provides on a daily basis, including, but not limited to, repairing streets and sidewalks, picking up trash, ensuring our water and sewer systems are safe and reliable, and maintaining timely and efficient public transportation.

After much work, I am grateful to present a balanced FY25 Budget to the Council for consideration.

REVENUE PROJECTIONS

In terms of revenue, property taxes continue to trend upward. For FY25, property tax growth is projected at 5.5%, up from 4.25% budgeted in FY24. The increased FY24 property tax revenue helped offset the loss in sales tax revenues, which continue to come in well below projections. For FY25, sales tax is projected at \$147.7 million, with a decrease projected at -1.3% compared to FY24 end-of-year estimates of \$149.6 million. The declining revenue trend is based on analytical input from the City's new consultant, HDL.

Although revenue streams are difficult to grow, the City has managed to capture additional Transient Occupancy Tax on short-term rentals thanks to a recent agreement with the Airbnb platform. As a result, we anticipate as much as a \$2 million increase in revenue.

After a very slow start, cannabis revenue continues to rise, with 13 businesses open out of the 19 currently allowed. The City expects to generate approximately \$7.1 million in revenue in FY25.

Due to an increase in sales tax revenue from a local fulfillment center in FY24, it appeared that sales tax revenues were trending upward. However, it was later clarified by HDL that these were one-time monies due to an amended tax return filing in the fourth quarter of 2020 and would not be ongoing. This change in projected FY25 revenue is properly reflected in the proposed budget.

INITIAL BUDGET DEFICIT CONTRIBUTING FACTORS

Due to the Budget Department's projected deficit as part of its five-year forecast, I reported a projected \$37-40 million shortfall at a March 2024 Council workshop. Following the March Council workshop, several factors occurred causing the deficit to grow, as detailed in this budget message. This included updating actual expenses and carryover estimates, fully funding the council districts' infrastructure budgets, proposed new lease and bond payments, as well as reconciling attrition. By the time the Projected FY25 Budget was built, this projected deficit grew to nearly \$47 million. Fresno is not alone in facing these challenges. San Francisco, Sacramento, Oakland, and San Diego are currently addressing relatively deeper deficits.

It is important to note this shortfall is not isolated to just one thing. Instead, it is the result of multiple causes. Like many other communities, our budget is strained by outside economic challenges, including inflation and skyrocketing energy costs. Internally, we have seen a rise in workers compensation and pension contribution increases, along with the rising cost of liability insurance. To this end, the City's expenses are outpacing revenue growth.

One-Time Funds: Similar to cities across America, Fresno received an influx of hundreds of millions of dollars of one-time funding due to the pandemic.

- CARES Act (Corona Aid, Relief and Economic Security) \$92,755,912.80
- ERAP (Emergency Rental Assistance Program) \$69,293,835.62
- ARPA (American Rescue Plan Act) \$170,808,029

These one-time dollars infused our local economy, supported our residents and businesses, and helped keep the budget balanced during the economic downturn. The City utilized these funds to purchase much needed public safety equipment, provided funding to community based organizations, and much more. Contributing to the FY25 Budget challenge is the reality that these funding streams can no longer be counted on to augment the City budget and enhance service levels.

Attrition: During FY24, the City budgeted for salary savings through attrition, or in other words, relied on approximately 10% of salaries to be unused and swept in order to keep expenditures within budget. Unfortunately, the 10% estimate in savings has fallen short. The FY24 Budget anticipated \$32 million in general fund attrition, but now projects only \$21 million or 6.18% in savings, adding another \$11 million to the deficit.

Declining Revenues: In FY24, several revenue sources declined, contributing to the projected FY25 deficit. However, the decline was partially offset in FY24 by increased property tax revenue estimated at approximately \$5.6 million. Details previously reported to the Council are:

- Sales Tax: (-\$5.1 million)
- Property Tax: (+\$5.6 million)
- Business License: (-\$921,000)
- Room Tax: (-\$683,000)
- Cannabis: (-\$3.1 million)

Primary Drivers for Increased General Fund Expenses/Deficit:

- PG&E: A nearly \$5 million increase is projected in FY25. Due to ongoing rate increases, the City is budgeting \$46.8 million for FY25. By comparison, FY21 costs were \$25.8 million, which represents a \$21 million increase to the City in just four years.
- SAFER: Forty-two firefighters are rolling off this grant, adding \$4.9 million to the General Fund.
- Personnel: The increase in overall personnel costs is attributed to the increasing number of employees, salary increases, and agreed-upon employee contracts. It is important to note that in addition to salaries total compensation includes a variety of benefits such as workers compensation, retirement etc.
 - Workers Compensation: An increase of \$8.5 million
 - Liability Insurance: An increase of \$4.5 million
 - Additional Pension Payment: As has been the case for years, the City's pension system is strong, currently funded at 116.7%. FY25 projections include an additional, annual payment of \$6 million towards the retirement contribution for a total of nearly \$42 million
 - Health and Welfare: An increase of \$2.9 million
 - Annual Salary Increases: An increase of approximately \$15 million
 - Overtime, Minimum Staffing and Premium Pay: An increase of \$2 million specific to Fire
- Sales Tax Adjustment: As previously discussed, an estimated ongoing increase was modified to reflect a one-time adjustment.
- Overall Inflationary Costs: While challenging to isolate an exact dollar figure, all departments have been impacted by the increase in prices and cost of living, ranging from vehicles and tires, to technology, software, and licensing. The Information Services Department alone has seen an increase of approximately \$3.6 million related to these increases projected for FY25.

BUDGET BALANCING STRATEGIES

Over several months, my Administration worked diligently to reconcile actual expenses and unanticipated increases for the Proposed FY25 Budget. Highlights include a suite of strategies used to balance the budget for Council consideration. This path forward helps to achieve a structural balance through a combination of cost cutting, increasing revenues, and potential service levels restructuring.

- Property Tax Revenue: Based on current actuals, property tax for FY25 was projected at 5.5% compared to FY24 at 4.25%. (5.5% is the average over the past 10 years)
- Room Tax Revenue: Increased by \$2 million for new Airbnb agreement, effective April 2024.
- ARPA Sources: Utilized \$17.5 million of ARPA funds to cover expenses and offset revenue reductions.

- Attrition: FY25 proposes funding employee costs across all departments at 93.82%, or at a 6.18% reduction. This is consistent with FY24 actual salary savings of 6.18% City-wide rather than the 10% projected for FY24. It is important to emphasize all departments, with one exception, are being reduced by 6.18%, including the Mayor/City Manager's Office, the City Council Offices, the City Attorney's Office, and the City Clerk's Office. The Fire Department will see a salary reduction of nearly \$1 million, or 1.4%, because further attrition, or vacancies, would result in overtime expenses that would exceed any potential salary savings. (\$21,438,100)
- Master Leasing:
 - Public Safety Communications Upgrades: Rather than purchase, include in the master lease, reducing the projected \$1.7 million in needed upgrades to an \$80,000 lease payment.
 - Helicopter: Rather than an outright purchase, the lease of a replacement helicopter is proposed. The FY25 Budget proposes a lease payment of \$300,000
- Leasing: As possible, vehicles are being leased versus outright acquisition.
- Bonding: Shifting construction costs from ARPA to proposed bonding options
 - Fire Station 12 (pending value engineering for construction estimates)
 - Police Communications Center (pending value engineering for construction estimates)
- Department Reductions: Departments were requested to reduce base budgets by up to 3%. This exercise resulted in reductions of \$3.5 million department wide, without yet adding savings from the Fire Department who addressed attrition and department savings uniquely.
- Fire Station Staffing Levels: Return to three firefighters rather than four at fire stations (3) with the fewest calls for service, consistent with FY24 levels.

My Administration and City Departments have worked diligently to propose a balanced budget for City Council consideration beginning May 16, 2024. The dedication and commitment of our City team is humbling. The remainder of this budget message describes key priorities and objectives proposed in the FY25 Budget.

PUBLIC SAFETY: With a foundation of public trust and safety, making my One Fresno vision a reality relies heavily upon our public safety departments.

Included in the Proposed FY25 Budget are the Public Safety and Communication Equipment Upgrades estimated at \$1.7 million. Rather than purchasing outright, it is proposed to include in the master lease, reducing the projected expense to an \$80,000 lease payment. Not only is this an essential upgrade for our Police and Fire Departments, but new housing and commercial developments are also being negatively impacted by unreliable communications equipment. The proposed funding includes upgrading a wide range of equipment and adding one additional communications tower.

Police Department: Although police officer positions are not being added in the Proposed FY25 Budget, 88 police officers were added during my first three budgets, along with 18 dispatchers, 20 Park Rangers, 25 Community Service Officers, and four Crime Scene Technicians. At 926 officers, the department continues to have the highest number of officers in the department's history. In FY21, the department was authorized at 838 officer positions.

The return on investment has been impressive. In 2023 murders were reduced by 42%, shootings by 18%, and violent crime by 10%. Residential and business burglaries also decreased by 25% and 44%, respectively.

Additionally, the Park Ranger Program is now fully operational, with highly visible park and trail patrols in place using bicycles and all-terrain vehicles.

The FY25 Budget includes the following related to the Police Department:

- Sworn Officers: The FY25 Budget funds 926 sworn positions, minus an ongoing attrition reduction of 6.18% based on the time it takes to replace officers through the hiring process.
- Dispatchers: The FY 25 budget funds 123 dispatchers, minus an ongoing attrition reduction of 6.18% based on the normal time it takes to replace dispatchers through the hiring process.
- New Vehicles: The Proposed FY25 budget funds the replacement of 15 patrol cars.
- 911 Communications Center: \$10 million in ARPA was previously set aside to fund this project. However, the communications center construction is estimated to cost \$14.7 million. Proposed is the pursuit of a bond for the entire cost of the Center, freeing up \$10 million ARPA dollars that would be utilized as one-time resources to assist in balancing the budget deficit.
- Helicopter: The Proposed FY25 budget funds the acquisition of a replacement helicopter through a 10-year lease. The lease payment is anticipated to be \$300,000 during FY25, as only one payment rather than two would be anticipated. The cost of the helicopter is planned to be offset by the sale of the department's 20-year-old helicopter and the sale of a City-owned house that was previously used by the police department to house background investigators.
- Contractual/Increases:
 - Axon Body Worn Cameras / Taser Agreement (\$706,000)
 - Regional Forensic Crime Lab (\$40,000)
 - Janitorial (\$33,600)
 - Northwest Policing District Lease (\$5,300)
 - Skywatch Lease (\$3,700)

Fire Department: The Fire Department continues to manage a large volume (over 50,000) of calls, with more than 60%, or approximately 30,000, being medical aid calls. However, there are several fire stations that have far fewer calls than the average station. Three of those stations will return to three firefighters per shift, consistent with FY22 levels.

This budget includes 375 firefighters, which continues to be the highest number of firefighters in the department's history. Over the past three years 70 firefighters have been added, of those, 66 were added with a SAFER grant, which funded approximately 68% of the total firefighter cost. Four firefighter positions were added during FY24 with general fund dollars.

Effective October 2024, the first group of firefighters (42) hired under the SAFER grant will no longer be partially funded by the grant. The general fund will absorb the full \$4.9 million cost in the FY25 Budget and anticipates the SAFER expense to increase to \$6.9 million in FY26.

To continue improving service levels and keeping pace with the increasing level of emergency calls, the following items are included in the FY25 Budget:

- Firefighters: FY25 will include 375 firefighters. Attrition savings of nearly \$1 million is being factored in, although this is not the full 6.18% seen across other departments. Overtime and shift replacement costs would exceed additional salary savings.
- Medical Squads: Four medical squads will continue to be funded, freeing up firefighters and apparatus to be more responsive to fire related calls.
- Capital Improvements:
 - Fire Station 12: Located near Ashlan and Valentine, this station is nearly fully designed with a projected \$14.9 million construction cost that is proposed to be funded with bond proceeds.

- Regional Fire Training Center: This budget contains approximately \$21 million dollars rolled over from FY24 for the Regional Fire Training Center.
- Facility Capital Improvements (exterior, appliances, doors, flooring etc.): \$70,000
- SAFER: Built into FY25 is the \$4.9 million addressed earlier that will no longer be paid by the grant, but rather the General Fund.
- Overtime, Minimum Staffing and Premium Pay: Increase of \$1,567,200 for overtime and minimum staffing, as well as increases in premium pay for categories 1 and 2 of \$243,000 and \$114,100 respectively.
- Equipment and Apparatus Replacement:
 - Replacement Turnouts (expiring PPE): \$110,000
 - Contractual Increases (dispatch services and software): \$37,500
 - Board-up and Hazmat Incidents (when property owners responsible for expenses cannot be located): \$50,000
 - Fire Hose Replacements: \$78,000

BEAUTIFICATION

Beautify Fresno has exceeded my expectations for restoring the city's curb-appeal block by block. So far during FY24 Beautify Fresno hosted nearly 150 community-based events, with 9,000 people volunteering to pick up more than 125,000 pounds of trash, while removing more than 200,000 square feet of graffiti. I remain steadfast about our beautification efforts, cleaning up trash, tents, and graffiti in our city.

Along local roadways and public space, we have improved the coordination to maximize litter abatement through proactive and reactive efforts. The creation of proactive "quad teams" was originally funded in FY24 and included in the FY25 budget. These teams are divided into four city quadrants and will function in a proactive manner, focusing efforts on removing litter and larger items of trash such as appliances and furniture.

The FY25 budget also supports the continued work of our amazing graffiti abatement team, who in FY24 has already responded to over 32,000 service requests resulting in more than 97,000 pieces of graffiti being removed. That equates to the removal of 2.8 million square feet of graffiti. The City will continue efforts to hold the most prolific graffiti vandals accountable for their criminal behavior. Not only are they responsible for hundreds of thousands of dollars of damage to our city, but they also have a negative effect on residents' quality of life.

The FY25 Proposed Budget continues to support litter clean-up efforts along Fresno freeways. In partnership with Caltrans, the City retained a local company to assist with litter pickup along the 41, 99, 168 and 180 state route freeways. In FY25, I am proposing additional funds to increase trash removal from our freeways. This will allow for weekly cleanups on both the 41 and 99 freeways and twice per month on the 180 and 168 freeways.

DOWNTOWN/CHINATOWN

We all know that great cities have great downtowns! Places where people live, work and play. With the current 100-year-old water and sewer infrastructure, and minimal parking structures available, housing development has been limited in Downtown Fresno and Chinatown.

In July of 2024, the City was provided with a \$250 million commitment by the State – an unprecedented investment in Downtown Fresno. In August of 2023, the State announced an additional conditional award of \$43.7 million as part of a competitive grant to provide Infrastructure to support housing in Downtown and Chinatown. Of the nearly \$300 million, the City has received \$50 million

of the \$250 million commitment and hopes to be finalizing the \$43.7 million competitive grant soon. Unfortunately, the remaining \$200 million has been deferred. Due to the tenuous State budget situation, the deferment could be up to two years.

Despite these potential funding delays, public infrastructure work for water and sewer main replacements is fully underway. The City expects completion of several segments during the FY25 budget. Environmental and preliminary design work, as well as pre-construction efforts, have been initiated on parking structures, storm drain basins and much more. However, the delayed State funding will be required for actual construction of many of these critical public infrastructure upgrades.

In addition, the Mariposa Plaza on Fulton Street is currently undergoing a \$4 million makeover, thanks to the Transformative Climate Communities grant. Funds are also included in the proposed budget to establish an artwork maintenance program (\$175,000).

Our Downtown Fresno parking structures play a key role in accommodating future residents, those attending Art Hop or events at Chukchansi Park, as well as those visiting the Brewery District or Cultural Arts District. Plans are underway to spruce up the spiral garage on Van Ness. The City has already increased security by implementing 24/7-foot patrols and additional security guards from 9 pm to 6 am. We've increased beautification efforts to include weekly power washing and daily sweeping, mopping and trash removal. Proposed in the FY25 Budget is a low clearance truck equipped with power-washing capabilities to easily enter parking garages for cleaning purposes.

The FY25 Budget includes the continued operation of Fresno Hop, launched November 2023. This free Trolley service runs every Thursday, Friday, and Saturday. The three trolleys travel through the Cultural Arts District, Tower District, Fresno City College, Campus Point at Fresno State, and the Brewery District. Every week we are attracting more and more young people to the downtown area with the hope they will become future residents.

With the new ownership for the Fresno Grizzlies, no additional general funds have been proposed for the stadium in FY25. However, \$350,000 is included for upgrades to the Convention Center. While painting the entire complex exceeded the City's budget, \$187,000 is proposed to paint all portions of the trim, stucco, and concrete. An additional \$163,000 is proposed for new exterior LED uplighting that features color-changing lights to promote various events throughout the year. This investment will provide an attractive refresh, helping to secure new clients.

ECONOMIC DEVELOPMENT

Since 2022, the City has assisted in filling more than 1.47 million square feet of available space representing a direct, indirect, and induced employment benefit around 3,000 positions.

In partnership with the Fresno Area Hispanic Foundation and the Downtown Fresno Partnership, the City has provided \$25,000 grants to small businesses for facade improvements city-wide. This includes 22 businesses in Downtown and Chinatown which have received over \$510,000 for improvements. Due to the overwhelming success of this program, the Proposed FY25 Budget includes an additional \$1 million to extend this program.

Also included in the FY25 Proposed Budget is \$500,000 for additional business incentives to attract and retain local companies in key economic development areas.

In Fiscal Year 2025, the Comprehensive Economic Development Strategy (CEDS), a strategy-driven plan for regional economic development will be implemented to guide the economic prosperity and resiliency of our City with the goal of providing all of our residents an equitable path to success.

HOMELESSNESS/HOUSING

Some of the most pressing issues in Fresno include homelessness and housing. It is no secret these are complex issues facing almost every city in America. Although California makes up only 12% of the nation's population, it comprises 28% of those experiencing homelessness and 50% of the nation's unsheltered population. Last year, homelessness rose by 12% nationwide and 5.8% in California. During this same period the City of Fresno reduced overall homelessness by 5.6%.

Since I took office in 2021, the City has provided emergency shelter to more than 7,000 people experiencing homelessness. Of those, 50% of them have been provided with permanent housing and are no longer homeless. The Homeless Assistance and Response Team, better known as HART, continues to make a huge impact – resolving over 14,000 locations where unsheltered camping was occurring in our city. The Proposed FY25 Budget continues to support these efforts.

During my Administration, the City has subsidized, awarded and/or committed nearly \$96 million towards a variety of housing developments and/or programs, ranging from affordable housing, tiny homes, hotel conversions, and homeownership. This is in addition to the \$150 million used in the last three years to acquire and operate motels as emergency shelters. The FY25 Budget aims to continue the momentum on housing development and relies on state and federal funding to continue supporting the innovation and results being provided in Fresno.

PUBLIC UTILITIES (PROP 218)

Similar to the FY24 Budget, the FY25 Proposed Budget assumes the existing rate structure for both Water and Wastewater Divisions of the Department of Public Utilities. However, the Solid Waste Management Division (residential collection, recyclables, green waste, Operation Clean-Up) relies on a projected rate increase in FY25. Solid Waste has seen significant cost increases in equipment, vehicles, fleet maintenance and repairs, fuel, and personnel. The last Solid Waste rate increase was in 2009. To remain solvent, the division has depleted its reserve fund, deferred much-needed maintenance and equipment purchases, and left positions unfilled. The Proposition 218 public vetting process is underway and is expected to address the potential rate increase and improved Solid Waste service levels. While all three divisions face financial challenges related to the cap on current rates, the Solid Waste Management Division's situation is particularly dire and requires a modest increase in support of services that our residents have come to expect.

FRESNO YOSEMITE INTERNATIONAL AIRPORT

During FY25, the Fresno Yosemite International (FYI) Airport anticipates completing the terminal expansion. This expansion, which is currently underway, will allow our airport to triple its capacity for international flights. FYI saw record growth in 2023, ending the year with more than 2.4 million passengers, and we remain on pace to again break that record. The City also continues working in collaboration with our federal partners to plan and assemble funding for the replacement of the outdated air control tower.

Also included in FY25, the City will pursue efforts to join the Yosemite Area Regional Transportation System (YARTS) Joint Powers Authority. Our Transportation and Airports Departments have taken proactive measures have been taken to ensure Fresno residents have access to Yosemite National Park. If approved, the City's annual membership would be \$50,600.

PUBLIC WORK IMPROVEMENTS AND CAPITAL PROJECTS

In January 2024, the City's launched its first dedicated Pothole Elimination Team. The FY25 Budget proposes the continuation of this team, which so far this year has used over 400 tons of hot asphalt mix to fix potholes. Instead of potholes returning a few weeks later, this new process used by the Hot/Patch Breakout Crew is expected to last for a decade or longer.

This past year we celebrated the opening of a very special regional project largely funded with Measure C. The Veterans Boulevard interchange opened in November 2023, on time and within budget. Other major projects completed in FY24 include Segment 1a of the Midtown Trail, the demolition work in advance of the future Senior Activity Center, repaving of Dakota Avenue from First to Cedar, turning on 16 new traffic signals, and several new Class IV bikeways.

Breaking ground recently are several key projects including the Peach Avenue Widening from Butler to Florence, the 10-acre MLK Park and West Creek Village Way Access Road Project, the Chinatown Urban Greening Projects, and Segment 4 of the Midtown Trail Project.

The Proposed FY25 Budget includes more than 25 projects slated to be advertised, including significant projects like Herndon/BNSF Bridge Widening (Polk to Milburn), Fire Station 12, Blackstone Avenue Smart Mobility from McKinley to Shields, Fresno Police Department 911 Emergency Call Center, and Radio Park Renovation. Another notable project to be completed during FY25 is the repaving of McKinley Avenue from Chestnut to Peach Avenue. Also scheduled for FY25 is the awarding of a construction contract for the improvement of Peach Avenue from McKinley to State Route 180 with new paving, improved bike lanes, upgraded traffic signals and high-visibility crosswalks. A listing of capital and public work improvements is included in the Proposed FY25 Budget.

Also proposed in the FY25 Budget is \$1 million towards the Residential Infill Incentive, an oversubscribed program based on limited funding. Funds are made available to encourage the development of residential units on underutilized lots by reducing or eliminating certain development impact fees, and by reimbursing developers for up to 50% of costs for curbs, gutters, and sidewalk improvements.

PARKS, GREENSPACE, ARTS AND CULTURE

The Parks After School, Recreation and Community Services (PARCS) Department offers public access to green space for leisure and recreation, as well as providing organized programs and activities for the community. Last year 793 youth, largely from underserved neighborhoods, attended Camp Fresno completely free. Many of these children had never been out of Fresno before this opportunity. Camp Fresno remains in the FY25 Proposed Budget.

In FY25, Measure P revenue is budgeted at \$46,497,100. In addition, \$41,255,900 is being carried over from FY24 as these funds have yet to be fully expended. These funds are already programmed to capital projects, and to organizations specific to Measure P funding categories.

Thanks to Measure P funding, parks and trails are being beautified, programming for youth and seniors is being expanded, and we are adding more green space to include a 49-acre regional park at Peach and California. During FY25 the City anticipates seeking bids to begin Phase 1 of this new park development. A list of FY25 projects related to the PARCS Department is included in the FY25 Proposed Budget.

The Cultural Arts Plan was adopted by the City Council on August 10, 2023. During FY24, the Fresno Arts Council announced a request for proposals for expanded access to arts and culture. It is anticipated that the Fresno Arts Council will announce awards beginning in FY25. (\$9 million)

ANIMAL CENTER

Because the Animal Center Department was previously funded at a partial year, there were several FY25 increases to allow for the full year of operations. Additional General Fund requests (\$198,800) were also included in the proposed FY25 Budget, ranging from Professional Services, training, office equipment, live scan services, postage, and outside agency support.

SUPPORT DEPARTMENTS

Without providing significant detail for each department, it is important to note that inflation and contractual increases have not only impacted our public-facing departments such as Public Works and Transportation, but also several of our support departments, which include Budget, Finance, Personnel, General Services, and Information Services.

The City's General Services Department (GSD), for example, manages the majority of the City's fleet. The increase in the cost of tires alone has had a ripple-effect throughout the various departments that Fleet supports. Due to rising contract costs for mechanic services, the FY25 Proposed Budget includes bringing this service in-house to realize cost savings. It is estimated the change in operations could create citywide savings of \$447,600.

The Information Services Department (ISD) is another example of a department that handles a variety of technology, software, and cybersecurity needs throughout the City. This department has seen an increase in contractual expenses for mandatory software, upgrades, networking equipment, monitoring systems, licensing etc., of \$3,567,800, with \$1,513,300 affecting the General Fund.

CITY COUNCIL | CITY ATTORNEY | CITY CLERK

Although not part of the Administration, the City Council oversees the City Attorney and City Clerk's Offices and is an integral part of the budgeting process. A summary of the Proposed FY25 Budget considerations for the legislative body is highlighted below.

City Council

- Rolled-over FY24 unspent General Fund operational budgets into FY25.
- Carried over prior fiscal year appropriations of \$4,463,200 for infrastructure/capital appropriations to be directed by Council Districts in the Public Works Department. Any ARPA funds must be obligated by December 31, 2024, with a spending deadline of December 31, 2026.
- Added \$2.8 million in new General Funds for capital appropriations to be directed by Council districts in the Public Works Department (\$400,000/district).
- Funded base-budget for each district consistent with FY24 funding levels, for a total of 52 positions. (\$725,000/district). Exceptions are listed below:
 - Consistent with all City departments, salaries funded at 93.82% to address attrition
 - Additional appropriations for Council President's office (District 1 and District 2), to cover increased salary and additional duties for Council President (\$25,000 each)
 - Additional appropriations recommended for District 7 for personnel (\$25,000)
- 3% Department reductions were not offered by the Council or proposed by the Administration.

City Attorney's Office

- Fully funded consistent with FY24, with the exception of salaries at 93.82% to address attrition.
- No requests were made by the City Attorney's Office (CAO) during the budget meeting.

- 3% Department reductions were not offered by the CAO or proposed by the Administration.

City Clerk's Office

- Fully funded consistent with FY24, with the exception of salaries at 93.82% to address attrition.
- Added a Sr. Records Clerk, offset by General Fund savings in translators (\$50,200).

EMPLOYEE RECOGNITION

Thank you to the City's 4,200 permanent employees, and more than 700 temporary staff who make the work proposed for next year even possible. I am impressed daily by the caliber of individuals who choose to serve Fresno residents. My Administration works hard to promote the One Fresno culture both internally and externally as we collaborate with the community to improve civic engagement and recognize a variety of employees by producing a weekly video series featuring our amazing employees.

I continue to take pride in the City's efforts to value our hard-working employees and compensate them appropriately. By ensuring our recruitment and retention efforts remain competitive in the job market, I remain hopeful that every day our employees arrive with a clear and focused desire to serve Fresno residents with the highest levels of customer service.

Special recognition is owed to Henry Fierro and the entire Budget Department for the countless hours spent working with the Administration to prepare the Proposed FY25 Budget. I am grateful for their dedication to ensuring this complex process is presented in a high-quality manner. Additionally, I would like to also thank my Chief of Staff Kelli Furtado, City Manager Georgeanne White, Assistant City Managers Ruthie Quinto, TJ Miller, Nicholas Mascia, and Michael Rogers, as well as Deputy City Managers Alma Torres and Jennifer Ruiz for their invaluable insight during the budget preparation process.

I would also like to thank the Department Directors and their staff for the work on the budget, as well as throughout the year, to implement the vision presented in the proposed budget. They represent a dedicated, talented, and collaborative team who make all this work possible. Thank you for your service to one another, and to the residents of Fresno.

In closing, despite the fiscal challenges we face, I do believe Fresno's future is bright. We have a bold vision, innovative strategies, talented staff, and ambitious aspirations. I remain humbled to serve as the Mayor of this great city. I pledge to continue serving Fresno to the best of my ability and to do all I can to unite us as One Fresno.

Your servant,

Jerry P. Dyer
Mayor

GEORGEANNE A. WHITE
CITY MANAGER

May 16, 2024

Council President Annalisa Perea
Fresno City Councilmembers
Residents of Fresno

The FY2025 budget development process marked a complete shift compared to recent years. The hundreds of millions of dollars allocated to the City of Fresno (City) by the federal and state government have all been accounted for. It appears that the days of having these one-time revenues to fund our increasing expenses are over.

In my nearly 23 years of City employment, I have experienced good and bad financial times. Although we are not back to the days of the great recession, the FY2025 Mayor's Proposed Budget was built with deep consideration of the financial environment ahead. This budget is reflective of the belt tightening that was necessary to present a balanced budget.

It is with this in mind I say our city is "scrappy" – we are strong – we are resilient. It is with determined character that we are willing to fight for what we want, and what we deserve. Please know this proposed budget prioritizes limited resources to continue our investment in public safety, infrastructure, city service delivery and quality of life issues.

I am confident in the dedication and abilities of our employees who work tirelessly every day to fulfill the objectives of the Mayor and City Council. I remain optimistic because I know that tough times will only make us stronger.

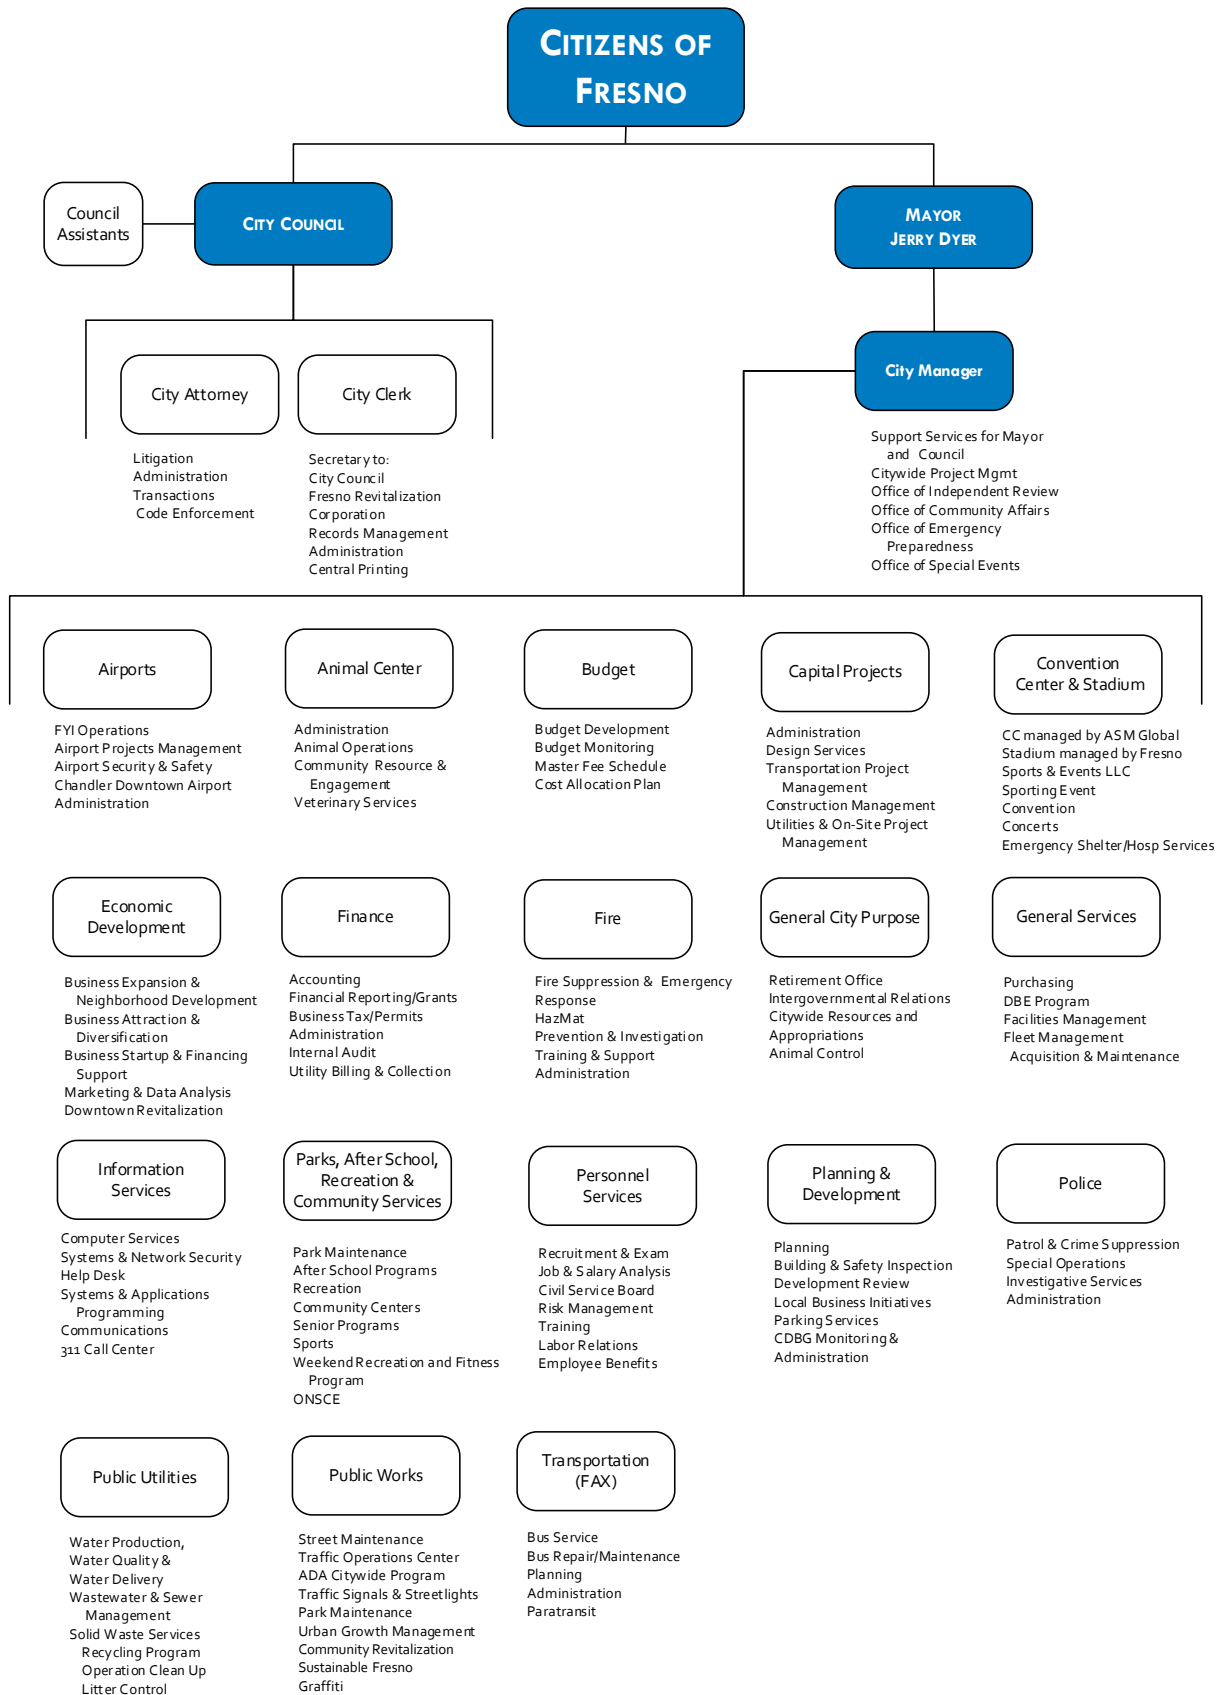

Thank you to all of those who worked so hard to produce this year's budget. It was a total team effort with Assistant City Manager Ruthie Quinto and the Budget Department taking the lead and Department Directors and staff providing all the necessary input to capture the Mayor's vision for Fresno. We are ONE FRESNO.

Sincerely,

A handwritten signature in blue ink, appearing to read "G. White", is written over a light blue horizontal line.

Georgeanne A. White
City Manager

City Organizational Chart

City Operating Fund Structure Chart

Additional Fund Types used by the City:

Capital Project Fund Type: This fund type accounts for funds that are either restricted or designated for capital projects.

Debt Service Fund Type: The Debt Service Fund Type is used to accumulate assets for the repayment of long-term debt. Funds are transferred from the operating accounts of the various departments that benefit from the assets financed through the creation of the debt. Some examples of debt service funds would be the Pension Obligation Bonds, and the Convention Center Exhibit Hall Expansion.

Note: Structure is based on primary funding source for each Department.

Total City Resources

The total amount of money received by the City of Fresno in all appropriated funds is shown on this page. The Total Net Resources amounts represent all the revenue available to pay for services and capital projects. It excludes Interfund Transfers and Interdepartmental Charge revenue.

Total Net Resources	2,109,481,600	2,380,072,000	2,434,514,000	2.3

Note:

⁽¹⁾ Property Tax increase is due to the County of Fresno, Office of the Assessors-Recorder tax roll which reflected a significant increase in 1/1/2023.

⁽²⁾ Measure C revenues reflect anticipated revenue receipts consistent with Fresno County Transportation Authority approved projects and programs.

⁽³⁾ The decrease in Measure P can be attributed to FY 2024 Sales Tax budgeted at a growth rate compared to the latest projections for FY 2025. The current Measure P sales tax projections align with anticipated Bradley Burns 1% FY 2024 & FY 2025 projections.

⁽⁴⁾ The increase in Franchise Fees is due to PG&E and Commercial Solid Waste.

⁽⁵⁾ The decrease in Federal under Intergovernmental is due to Sunset of SAFER 1 Grant and other Misc. Federal Grants.

⁽⁶⁾ The increase to Miscellaneous Revenue is due to Bond Sale Proceeds budgeted in the FY 2025 Budget to fund the Fresno Airport, Public Safety (Fire and Police), and Planning for various projects.

Total City Appropriations

The total budget for all appropriated funds within the City of Fresno is shown on this page. The amounts shown as Total Net City Budget represent the "net" budget after all Interdepartmental Charges are removed.

	FY 2023 Actuals	FY 2024 Amended	FY 2025 Proposed	% Change FY 2024 to FY 2025

⁽¹⁾ In FY 2024, the 1st PAR Amendment added forty-six full-time positions and transferred seventy-three full-time positions from the Department of Public Works and twenty full-time positions from the Department of Public Utilities to the Capital Projects Department.

⁽²⁾ In FY 2024, the 2nd PAR Amendment added seventy-two full-time positions, three permanent part-time positions (3*0.80=2.40 FTE) and transferred two positions from General City Purpose to the Animal Center Department.

⁽³⁾ In FY 2024, the 3rd PAR Amendment added one full-time sworn position to the Fresno Police Department.

⁽⁴⁾ In FY 2024, the 4th PAR Amendment added two full-time positions in the Finance Department, two full-time positions in the General Services Department, and three full-time positions in the Transportation Department.

⁽⁵⁾ In FY 2024, the 5th PAR Amendment added three full-time positions in the Public Works Department.

⁽⁶⁾ In FY 2024, the 6th PAR Amendment added twenty-five full-time sworn positions, and two full-time civilian positions to the Fresno Police Department.

⁽⁷⁾ In FY 2024, the 7th PAR Amendment added one full-time position to the City Attorney's Office.

THIS PAGE WAS INTENTIONALLY LEFT BLANK.

Authorized Position Changes

The detail below describes the new position changes by fund type for the FY 2025 Proposed Budget. Additional position details can be found in the respective department's staffing section. The position changes noted below reflect whole position changes unlike the Authorized Position Detail, which notes changes by Full-Time Equivalent (FTE).

Funding Source	Service	New Positions
General Fund		
	City Clerk's Office – The Office is adding (1) Senior Records Clerk to assist with a review of a backlog of records, convert paper records into digital records, and inventory and destroy existing documents (position cost offset by non-Personnel reductions).	1
General Fund Total		1
Special Revenue		
	Capital Projects Department – The Department is adding a total of (4) new positions: (1) Survey Party Chief to manage the crew during land surveys, responding to requests for surveying services, data processing, and calculations for constructions staking; (1) Survey Party Technician to operate and maintain land surveying equipment, checking math on calculations, and setting stakes for construction; and (2) Engineering Inspector IIs to ensure contractors are adhering to the project specifications, installing the projects per the approved plans, and meeting grant funding deadlines.	4
	Public Works Department – The Department is adding (6) new positions: Traffic Operations & Planning is adding (1) Project Manager to aid with the increase in special projects and (1) Chief Engineering Technician to manage daily activities and growing demands for plan reviews and approvals; Street Maintenance is adding (1) Management Analyst II to assist the Assistant Director with preparing staff reports, project tracking, contract development, renewals, and the associated contract compliance component and, (1) Safety Specialist is being added due to the change in commercial driver's license requirements and the need for more commercial driver's license holders in the Division. This position will oversee staff training and will be responsible for textbook and practical training of staff to obtain their Class A or Class B commercial driver's license; Landscape Maintenance is adding (1) Irrigation Specialist for Woodward Park Trail Operations, (1) Parks Supervisor II to oversee additional tree inspections and to lead and provide direction on scheduled landscape maintenance, beautification, and other projects within the City's Regional and Neighborhood parks and, (1) Senior Management Analyst to oversee the financial management of the newly approved Community Facilities District (CFD) tracts in addition to existing tracts and to prepare the annual tax roll for the CFD tracts.	7
Special Revenue Total		11

Funding Source	Service	New Positions
Enterprise		
	Airports Department – The Department is adding a total of (9) new positions: (1) Airports Electrician who will handle essential terminal maintenance such as repair of complex badge readers, gates, communications equipment, and surveillance systems. The ISD team does not have the background or personnel on staff to handle these complex systems; (2) Airport Public Safety Supervisors to create the proper coverage needed for all patrol shifts in an effort to increase safety and customer experience; (2) Community Coordinator positions to be stationed at areas to oversee gate check points, help customers with safety protocols and controlling traffic in the loading zones; and (4) Custodians due to the increase in customers.	9
	Department of Public Utilities – The Water Division is adding a total of (5) positions: (2) Landscape Water Conservation Specialists, (2) Administrative Clerk IIs, and (1) Program Manager. These positions will assist the Water Conservation Program to launch a grant funded Expanded Lawn to Garden Program to increase conservation of potable water used for residential and commercial irrigation. The Wastewater Management Division is adding (4) new positions: (1) Industrial Electrician, (1) Environmental Control Officer, (1) Collection System Maintenance Technician, and (1) Collection System Maintenance Specialist. These positions will keep the Fresno-Clovis Regional Wastewater Reclamation Facility's (RWRF) aging infrastructure and sanitary sewer infrastructure in optimal conditions.	9
	Transportation (FAX) Department – The Department is adding a total of (15) new positions: (5) Equipment Service Worker IIs to increase bus repair efficiency and improve bus availability; (6) Bus Drivers due to anticipated route expansion; (2) Transit Supervisors to assist with supervision of the additional bus drivers; (1) Utility Lead worker to supervise the Facility/Shelter Crew swing shift; and (1) Transit Scheduler Technician due to current service expansion and the anticipated addition of bus routes.	15
		Enterprise Total <hr/> 33
Internal Service		
	General Services Department – The Department is adding (12) new positions: The Trolley Services Division is adding: (3) Bus Drivers to operate the trolley on its' scheduled service Thursday through Saturday and provide the needed capacity to begin charter service; (1) Transit Supervisor II to supervise and serve as backup for scheduling drivers and planning the daily operations of the Fresno Hop; and (1) Transit Supervisor I to assist in scheduling drivers and maintaining daily operations. These positions will benefit the Department greatly as the Department begins to manage the Trolley system in-house. The Fleet Management Operating Division is adding: (2) Heavy Equipment Mechanic IIs, (3) Equipment Service Worker IIs, (1) Light Equipment Mechanic II, and (1) Equipment Supervisor. These positions will be utilized to reduce the number of repairs being sent to outside vendors. In FY 2025, the internal labor rate for the Fleet shop will be \$136 per hour while the average labor rate for an outside vendor is \$188 per hour.	12

Funding Source	Service	New Positions
Internal Service – continued		
	Information Services Department – The Department is adding a total of (4) new positions: (2) Call Center Representative IIs to take calls, create service requests, provide information on City services and provide additional coverage for the Mayor’s initiatives including the HART homeless outreach program; (1) Senior Call Center Representative to supervise and support additional team members and provide coverage when the supervisor is out; and (1) Network Systems Specialist to be responsible for the Citywide and FAX specific radio network system as well as configuring, installing, and integrating cameras and respective switches into the existing and expanding camera system located at shelters, sub-stations, and within the FAX transit yard.	4
	Department of Public Utilities – The Department is adding a total of (6) new positions in the Administration Division: (3) Engineers IIs, (2) Professional Engineers, and (1) Project Manager. These positions will assist with reviewing new development projects, identifying capital projects, and providing technical engineering support for the Department’s Water, Wastewater, and Solid Waste Divisions. They will also carry on design, plan checks, and project management of Capital Improvement Projects identified in the 5-Year (FY2025-FY2029) project list.	6

Authorized Full Time Equivalents by Fund Type FY 2025 Proposed Budget

Debt Obligation Summary

The City's total outstanding long-term bond principal and interest as of June 30, 2023, is \$676.1 million. Of this amount, \$401.9 million is associated with revenue bonds of the City's business enterprise funds and \$97.1 million is associated with the pension obligation bond, backed by the full faith and credit of the City. The remaining \$177.1 million includes lease revenue bonds for general governmental projects. Total bonded indebtedness backed by the General Fund is \$274.2 million.

The total Debt Service payments for bonds and leases budgeted in FY 2025 is \$81.1 million of which, \$34.4 million is programmed in the General Fund.

Debt Service	FY 2024	FY 2025
Total Bonded Obligation Debt (Principal Only) ⁽¹⁾	\$88,640,000	\$78,255,000
Bonded Obligation Debt per Capita	\$163.04	\$142.48
Debt Service Tax Rate per \$100 Taxable Valuation	\$0.22	\$0.18

Note:

⁽¹⁾ FY 2024 amount based on scheduled principal from FY 2023-2029; FY 2025 scheduled principal from 2024-2029.

The ratio of net bonded obligation debt to taxable valuation and the amount of bonded debt per capita are useful indicators of the City's debt position to management, citizens, and investors. A comparison of these indicators at June 30th is on the table shown above.

The City's Charter imposes a limit on the amount of general obligation bonds the City can have outstanding at any given time; this limit is 20 percent of the assessed value of property in the City. Bonded indebtedness constituting a general obligation of the City can only be created by the affirmative votes of a majority of the electors. The City currently has no general obligation debt.

The current ratings from Fitch, Standard & Poor's, and Moody's for the City's general obligation and lease revenue bonds are shown in the table below.

Bond Ratings				
	Lease Revenue Bonds		General Obligation	
	Rating	Outlook	Rating	Outlook
Fitch	AA-	Stable	AA	Stable
S&P	A+	Stable	AA-	Stable
Moody's	A2	Stable	A1	Stable

The City's total outstanding loans and leases as of June 30, 2023, is \$542.5 million. Of the outstanding balance, \$486.6 million dollars is in the form of Safe Drinking Water State Revolving Fund low or no-interest loans received by the Water and Wastewater Divisions. These loans will be repaid with enterprise revenues through the year 2052.

FY 2024-2025

Measure C Extension

Sales Tax

The Measure C Extension Plan is a multi-modal funding program that distributes a percentage of local sales tax revenue to the City of Fresno

through three main programs: the Regional Public Transit Program, the Regional Transportation Program, and the Local Transportation Program.

Regional Public Transit Program

The goal is to expand mass transit programs that have a demonstrated ability to get people out of their cars and improve air quality. The transit agencies are to use the funds to address new major expansions of the express, local and feeder bus service to include additional routes, buses (including low emission), night and

weekend service, bus shelters, and safer access to public transit services.

Regional Transportation Program

The Regional Transportation Program provides for the movement of goods, services and people throughout the County.

Fresno Yosemite International Airport is critical to the continued economic development in Fresno County. Funding for this program is designed for runway and infrastructure rehabilitation, runway land acquisition and construction and associated projects.

Additional Program detail can be found in the respective Department Summary and Capital Improvement sections when applicable.

Local Transportation Program

The goal is to improve the City's local transportation by addressing the problem of aging streets and road infrastructure. Funding is provided to fill potholes, repave streets, improve sidewalks, and upgrade the local transportation infrastructure through five Sub-Programs: Street Maintenance / Rehabilitation, ADA Compliance, Flexible Program, Pedestrian Trails, and Bicycle Facilities.

FY 2025 Proposed Measure C Extension Programs	Regional Transportation		Local Transportation - Public Works

FY 2024-2025

Measure P Special Sales Tax

On July 18, 2018, the City Clerk received an Initiative Petition proposing the Fresno Clean and Safe Neighborhood Parks Tax (Measure P). On February 18, 2021, the City Council certified Measure P as passed, and collection of the special sales tax began on July 1, 2021. The Measure P tax ordinance will be in place for 30 years.

Revenue generated by the Measure P use tax is allocated by the City of Fresno on an annual basis with additional independent oversight provided by the Parks, Recreation and Arts Commission (Commission). The nine-member commission is appointed by the Mayor and approved by City Council. The Commission has primary authority, on behalf of the City, to conduct hearings and receive public input on programs, facilities, services funded with Measure P, and to make recommendations to the City Council for adoption of Measure P expenditures in connection with the annual budget process.

Measure P resources are budgeted at \$88,414,400, which includes \$46,497,100 in Sales Tax revenue. Additionally, FY 2025 operating and capital appropriations are budgeted at \$87,494,500. A detailed schedule can be found on the following page.

Measure P proceeds are being utilized to fund specific purposes defined in the ballot measure:

Category 1: Improving and Maintaining Safe, Clean Neighborhood Parks and Playgrounds – Low Needs & High Needs.

Category 2: New Neighborhood Parks; Senior and Youth Recreation Facilities – Low Needs & High Needs.

Category 3: Youth and Senior Recreation Programs; After School Programs; and Job Training for Youth and Veterans.

Category 4: Expanded Access to Arts and Culture.

Category 5: Safe & Clean Walking and Biking Trails; the San Joaquin River Parkway; Litter Control and Street Beautification.

Category 6: Program implementation, planning/plan updates, program and project innovation, and audit and oversight support.

Additional Program detail can be found in the respective Department Summary and Capital Improvement sections when applicable.

FY 2024-2025 Federal Entitlement Funding

Introduction

The City of Fresno (City) receives annual allocations from the U.S. Department of Housing and Urban Development (HUD) through four grant programs:

- Community Development Block Grant (CDBG),
- HOME Investment Partnership Program (HOME),
- Emergency Solutions Grant (ESG), and
- Housing Opportunities for Persons With AIDS/HIV (HOPWA).

The overarching purpose of these four programs is to assist **low- and moderate-income** families and households, which are those that earn less than 80.0 percent of the area median income. The funds are used to pursue three goals: 1) Provide decent, affordable housing; 2) Create suitable living environments, and 3) expand economic opportunities. ESG and HOPWA funds are earmarked to assist the homeless and low-income persons living with HIV/AIDS, respectively.

In order to access federal funds, the City must carry out a planning process to identify the scope of housing and community development needs in its jurisdiction and how the available funding can best be used to meet those needs. This planning process, called the Consolidated Plan, was conducted in late 2019 and early 2020. The term of the plan began on July 1, 2020 and will end on June 30, 2025. A full copy of the Consolidated Plan is available for review on the City's Planning & Development Department webpage.

Each year, the City prepares an Annual Action Plan that describes the projects and actions it will undertake to carry out the strategies outlined in the Consolidated Plan. The Fifth Year Annual Action Plan covers the period from July 1, 2024 to June 30, 2025.

In FY 2025, the City will receive \$12 million in new federal funds to address its most pressing affordable housing and community development priorities. The most pressing needs in the City include improved access to affordable housing and neighborhood revitalization. As such, CDBG resources available to the City through the programs covered by this plan will focus on the development of affordable housing in high opportunity areas and rehabilitation of existing affordable housing units, improvements to existing parks, and supportive public services. HOME funds will primarily be used to increase housing opportunities for low-income households. ESG funds will continue to serve the needs of homeless populations, and HOPWA funds will provide housing assistance to low-income persons living with HIV/AIDS and their families.

Community Development Block Grant (CDBG)

This long-standing program of HUD provides jurisdictions, also known as “entitlement communities,” federal funds to sustain affordable housing, create suitable living environments, and expand economic opportunities primarily for low- to moderate-income persons. CDBG was enacted through the Housing and Community Development Act of 1974 and took effect in January 1975. CDBG funds are allocated to more than 1,200 local and state governments on a formula basis; the total program is estimated at approximately \$3.3 billion in 2024. Larger cities and urban counties, or entitlement communities, are required to prepare and submit a "Consolidated Plan" that establishes five-year goals for the use of CDBG funds. Grantees are also required to hold public meetings to solicit input from the community, ensuring that proposed projects are aligned with the community's prioritized needs as established in the City's Consolidated Plan.

CDBG projects must be consistent with broad national objectives including activities that benefit low- to moderate-income persons, the prevention or elimination of slums or blight, or other community development activities to address an urgent threat to health or safety. CDBG funds may be used for community development activities (such as real estate acquisition, relocation, rehabilitation of housing and commercial buildings), construction of public facilities and improvements (such as water, sewer, and other utilities, street paving, and sidewalks), construction of neighborhood centers, and the conversion of school buildings, public services, and economic development and job creation or retention activities. CDBG funds can also be

used for preservation and restoration of historic properties in low-income neighborhoods.

Overview of City CDBG

The City will have \$7.2 million of available funding in CDBG for use in FY 2025. Four in-person and four virtual community needs meetings were held in November 2023 and one public needs hearing was held in December 2023 to obtain input from residents on the public's needs.

Estimated CDBG revenues used to build the FY 2025 Budget are comprised of the entitlement from HUD, carryover, and anticipated program income. Expenditures related to the estimated FY 2025 new allocation and anticipated program income are classified according to the summary chart.

The carryover is the total of unused, cancelled, or not yet completed funds or projects from prior fiscal years. This can occur when a capital project is completed under budget; when a program does not use all of its allocation; or when a project is not completed within that fiscal year. The FY 2025 Budget includes several carryover projects that have previously been funded, but are not yet complete, including, but not limited to: 1) Park Improvements at Frank H. Ball; 2) Public Works neighborhood street improvements in four neighborhoods; and 3) Senior Paint/ Rehabilitation Programs.

SUMMARY CHART						
FY 2025 Allocation and Program Income		CDBG		HOME	ESG	HOPWA
HOUSING

TOTALS	\$	7,204,100	\$	4,088,700	\$	601,100
					\$	990,200

*Proposed nonprofit activities are identified in the 2024-2025 Annual Action Plan published under separate cover.

In addition to the activity limitations placed upon CDBG, HUD has also limited the use of CDBG for certain types of projects. By regulation, all Public Service activities are capped at 15.0 percent of the entitlement and program income. Planning and Administration activities are capped at 20.0 percent of the entitlement and program income. For FY 2025, the estimated "allocation caps" for Public Service and Administration are about \$1 million and \$1.3 million respectively.

Housing

The Consolidated Plan identified access to affordable housing for low-income and special needs households as a high priority, as well as neighborhood revitalization through

improvements to current public infrastructure and facilities. The City manages several programs that serve to arrest deterioration and improve access to affordable housing.

The Community Development Division, in the Planning & Development Department, utilizes a portion of the CDBG Program funds each year for administration and rehabilitation of affordable housing for low-income households. The Housing budget category consists of rehabilitation programs and program delivery that serves to absorb costs associated with the City-performed program.

With the City-performed Senior Exterior Repair Program, CDBG funds will provide an exterior

home repair program for low-income seniors (62 years of age or older) who own and occupy their homes. The repairs may include health and safety, paint, windows, screens, water heaters, roofs, doors, minor electrical, accessibility, fencing, and lead hazards.

Additional repair programs will continue to be implemented by CDBG funded nonprofits. The rehabilitation to be performed includes home repair, building systems, and housing rehabilitation needs of low-income homeowners.

Public Facilities and Improvements

The Consolidated Plan identified the need for neighborhood revitalization through improvements to current public infrastructure and facilities. The City is focused on strategic investments that will enhance other private and public investments targeted to low- and very low-income neighborhoods.

The City's PARCS Department has budgeted approximately \$975,300 to improve parks in eligible neighborhoods throughout the City. The proposed projects included are Bigby Villa Park and Lafayette Park. These activities will improve two existing play areas to include installation of shade structures and rubberized soft-fall surfacing as well as improvements to accessibility.

Additionally, the City will use approximately \$2.18 million to repay the \$20 million Section 108 Loan received for the development of the Senior Activity Center.

Public Services

The Consolidated Plan identified services for low-income and special needs households to be high priorities. Approximately \$1 million in CDBG funds will be provided to local nonprofits to support programs that serve

predominantly low- and moderate-income clientele. Proposed nonprofit activities are identified in the 2024-2025 Annual Action Plan published under separate cover.

Planning and Administration

The Consolidated Plan identified improved transparency, increased community involvement, and full compliance with federal regulations as a priority. CDBG Administration ensures all federal regulations are met for entitlement programs and subcomponents of CDBG. Program administration includes the preparation of the Consolidated Plan, Citizen Participation Plan, Annual Action Plan as well as the Consolidated Annual Performance and Evaluation Report (CAPER).

The City will also fund a nonprofit to provide education and enforcement of state and federal fair housing laws. Education (housing civil rights) will encompass outreach to Fresno City residents and include workshops for the general public.

HOME Program

The HOME Investment Partnerships Program (HOME) provides formula grants to entitlement communities, often in partnership with local nonprofit groups, to fund a wide range of activities including building, buying, and/or rehabilitating affordable housing for rent or homeownership or providing direct rental assistance to low-income people. HOME is the largest federal block grant to state and local governments designed exclusively to create affordable housing for low-income households. In FY 2025, the HOME program will have \$4.1 million in available funding.

HOME funds are awarded annually as formula grants to participating jurisdictions. At least 15.0 percent of the HOME funds must be

awarded to certified Community Housing Development Organizations (CHDOs). Fresno currently has two active CHDOs, Habitat for Humanity and Self-Help Enterprises. As projects are identified, the City will approve agreements for new or rehabilitated housing for very low-income homebuyers as part of the CHDO program. The estimated FY 2025 funding identified for CHDO use is \$536,800.

The HOME Program's flexibility allows for the use of HOME funds for grants, direct loans, loan guarantees or other forms of credit enhancements, or rental assistance or security deposits. The FY 2025 Budget identifies an estimated \$3.35 million for new construction activities.

Emergency Solutions Grant (ESG) Program

The ESG program provides funding to: (1) engage homeless individuals and families living on the street; (2) improve the number and quality of emergency shelters for homeless individuals and families; (3) help operate these shelters; (4) provide essential services to shelter residents; (5) rapidly re-house homeless individuals and families; and (6) prevent families and individuals from becoming homeless. ESG funds may be used for five program components: street outreach, emergency shelter, homelessness prevention, rapid re-housing assistance, and Homeless Management Information System (HMIS); as well as administrative activities (up to 7.5 percent of a recipient's allocation can be used for administrative activities).

Through consultation with the Fresno Madera Continuum of Care, the City will use ESG program funds within the identified categories of activities to award subrecipient agreements to agencies that are identified in the 2024-

2025 Annual Action Plan published under separate cover.

Street Outreach/Emergency Shelter

The City will provide an estimated \$228,400 of its ESG allocation to fund a portion of the full-service multidisciplinary outreach and engagement efforts that serve specific target populations, including homeless individuals, families, and youth. Services will include outreach, linkage to navigation services, emergency shelter, temporary housing, and connection to supportive services. The goal of this program is to link people experiencing homelessness to navigation services and shelter.

Homelessness Prevention

The City will provide an estimated \$99,000 to a service provider to offer homelessness prevention services to stabilize housing for individuals and families at risk of homelessness.

Rapid Re-Housing

The City will provide an estimated \$207,600 to offer housing relocation and stabilization services and short-and/or medium-term rental assistance as necessary to help individuals or families living in an emergency shelter or other place described in paragraph (1) of the "homeless" definition in 24 CFR 576.2 move as quickly as possible into permanent housing and achieve stability in that housing.

Component services and assistance may consist of short-term and medium-term rental assistance, rental arrears, rental application fees, security deposits, advance payment of last month's rent, utility deposits and payments, moving costs, housing search and placement, housing stability case management, mediation, legal services, and credit repair.

Homeless Management Information System (HMIS)

The ESG program will fund a portion of the costs of the HMIS program, required by HUD to monitor outcomes and performance measures for all of its funded homeless service agencies, except for populations that are specifically excluded from entering information into the database such as victims of domestic violence. The City will provide an estimated \$21,000 to the Fresno Housing Authority, which is the HMIS lead of the Fresno-Madera Continuum of Care.

Administration

In an effort to assure coordination, communication, and program management, the City will continue to utilize the maximum 7.5 percent administrative allocation, or an estimated \$45,100, for FY 2025.

Housing Opportunities for Persons with AIDS (HOPWA) Program

HOPWA supports communities in developing affordable housing opportunities and related supportive services for low-income persons living with HIV/AIDS and their families. HOPWA-eligible activities include direct housing, support services, information and referral, resource identification, and technical assistance. The HUD HOPWA program provides resources that benefit low-income persons medically diagnosed with HIV/AIDS and their families, including housing and social services, chemical dependency treatment, nutritional services, case management, and assistance with daily living.

As of FY 2016, the City of Fresno is the direct grantee responsible for the implementation of the HOPWA Program. Under previous Consolidated Plans the State of California administered the HOPWA Program on behalf

of the City. The City of Fresno will provide an estimated \$960,500 for a comprehensive array of HOPWA activities, including short term rent, mortgage payment, utility payment, and emergency housing services. To ensure compliance and proper reporting, the City will continue to utilize the maximum 3.0 percent administrative allocation for FY 2025.

CARES Act Funding

As part of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) passed by the U.S. Congress and signed into law by the President on March 27, 2020, HUD allocated additional entitlement funds to the City through the CDBG-CV and ESG-CV programs. The purpose of these funds is to assist the City in preventing, preparing for, and responding to the Coronavirus (COVID-19). The City has fully expended ESG-CV funds but will continue to expend the remaining balance of the CDBG-CV allocations in FY 2025.

CDBG-CV

HUD released two rounds of CDBG-CV allocations that has resulted in \$7.98 million in funding for the City, of which \$5.4 million remains to be expended in FY 2025. The activities to be funded with CDBG-CV include:

- Emergency Shelter Operations & Supportive Services,
- Mobile Medical Clinic Operations,
- Tenant/Landlord Counseling,
- Homeless Facility Acquisition/Rehabilitation.

The CDBG-CV funds were programmed in the 2020-2021 Annual Action Plan's Substantial Amendment 2019-06 and 2019-07 published under separate cover.

ARPA Funding

As part of the American Rescue Plan Act of 2021, HUD has allocated \$11.9 million in additional funds to the City through the HOME-ARP program. The purpose of these funds is to provide housing, services, and shelter to individuals experiencing homelessness and other vulnerable populations. The City's planned HOME-ARP activities include:

- Production or Preservation of Affordable Housing,
- Supportive Services and
- Purchase and Development of Non-Congregate Shelter.

The HOME-ARP funds are published in the City's HOME-ARP Allocation Plan published under separate cover.

FY 2024-2025 General Fund Overview and Five-Year Forecast

Introduction

The City of Fresno's budgetary structure follows the model used by most governmental entities. Revenue inflows and expenditure outflows are accounted for in different funds according to the legal restrictions on their uses. The General Fund, one of the City's largest

funds, is its most versatile funding source since it has the fewest restrictions. Its revenues come from sales taxes, property taxes, business license fees, room tax (Transient Occupancy Tax or TOT), charges for services, development fees and reimbursements from other public agencies.

These funds are spent on public safety operations, park maintenance, neighborhood programs, street planning and maintenance, code enforcement, development permit processing and general government support functions.

It should be noted that the revenue and expenditure estimates that are shown in the five-year forecast are just that, estimates. All budgets, since they are created at a point in time before the revenues and appropriations they contain are actually realized, are built with some assumptions as to the level of revenues that will be received and to the level of expenditure outflow.

General Fund Appropriations

General Fund Resources

For an explanation of each of these categories, please see the narrative on the following pages.

FY 2024-2025 General Fund Overview and Five-Year Forecast

^(A) Chart depicts Property Tax Revenues gross of economic incentives and rebates.

For FY 2025, the General Fund ongoing revenues are projected to grow by 2.8 percent. The growth rate from the FY 2024 estimate reflects projected growth primarily from Property Taxes, Franchise Fees, Charges for Current Services, and Cannabis revenues. FY 2025 Sales Tax is projected to decline by 1.3 percent corresponding to anticipated slowdown in consumer spending.

The FY 2025 General Fund appropriations fully funds contractually obligated expenditures across citywide departments, such as employee contractual costs, Workers'

Compensation, operational outlays (leases, debt services, utilities, outside legal services), internal service provider support as well as planned capital work, which combined totals 95.0 percent of the overall General Fund Budget.

Revenues

The General Fund's three largest revenues are Property Tax, Sales Tax and Charges for Services; together they account for 79.2 percent of total FY 2025 operating revenues. In combination, these categories are projected at \$10.7 million above the FY 2024 Amended Budget.

Property Tax

Property Tax is made up of several different types of property taxes including real secured, unsecured, delinquent taxes, penalties and supplemental taxes. Of these, only real secured is impacted by changes in the Assessed Valuations (AV). Current trends reflect tax growth in line with the Fresno County's published assessed values. FY 2025 property tax growth is projected at 5.56 percent over FY 2024 estimates.

Also included in the Property Tax category is the portion of property tax received as a part of the "MVLFF Swap." Effective in FY 2012, State Senate Bill 89 eliminated the remaining Motor Vehicle License Fee (MVLFF) revenue allocated to cities. Instead, cities now receive property taxes under the "MVLFF Swap." The Swap is meant to provide cities with additional property tax share to compensate for the related cut in the MVLFF tax rate and revenue. Table below summaries FY 2024 estimate through FY 2029 projection.

Property Tax Projections							
	FY 2024 Amended Budget	FY 2024 Estimate	FY 2025 Budget	FY 2026 Forecast	FY 2027 Forecast	FY 2028 Forecast	FY 2029 Forecast
(\$ in Millions)

Net Property Tax		5.7	10.0	7.6	7.9	8.2	8.6

Property Tax Assumptions

FY 2025 Property Tax revenues (before economic rebates) are projected at \$190.3 million, a \$15.7 million increase from the Amended Budget. The County of Fresno, Office of the Assessor-Recorder published the annual assessment tax roll as of January 1, 2023. The assessed values for the City of Fresno totaled \$49.0 billion. The assessed values within the City increased by \$3.6 billion or 7.8 percent from January 1, 2023, which was just under the published 2022 -2023 growth of 7.9 percent. The FY 2024 estimated Property Tax revenues were aligned to the FY 2023-2024 Assessed Values growth rate.

FY 2025 Property Tax revenues accounts for 39.5 percent of total operating revenues. For FY 2025-2029, the growth rate averages 4.3 percent.

Sales and Use Tax

Sales and Use Taxes are the second largest revenue for the General Fund at 30.7 percent of total FY 2025 operating revenues. Historical trends and the local economy are primary measures for projecting this revenue. During the 4th quarter of 2023, the City implemented a request for proposal to evaluate Sales and Use Tax consulting services' proposals. Effective February 1, 2024, the City received Council approval to establish a three-year consulting agreement with Hinderliter de Llamas and Associates (dba HdL Companies) to ensure the City receives all of the sales tax revenue to

which it is entitled, as well as provide an independent resource for forecasting guidance.

The calculation of the FY 2024 estimate starts with the 4th quarter results (2023Q4), the latest complete quarter published by the California Department of Taxes and Fees Administration

(CDTFA) at the time of building ongoing General Fund revenue projections. The months of October 2023 through December 2023 or 4th quarter Sales Tax receipts were finalized by the CDTFA in February 2024.

According to the 4th quarter results (2023Q4) data, the City's Sales and Use tax generated by major industry groups resulted from Business and Industry (26.1 percent), General Consumer Goods (17.3 percent), State and County Pools (16.1 percent), Autos and Transportation (12.7 percent), Restaurants and Hotels (9.1 percent), Building and Construction (8.3 percent), Fuel and Service Stations (6.2 percent), and Food and Drugs (3.8 percent), and All Other (0.4 percent). Of the nine groups, the top five groups account for 81.3 percent of total City Sales Tax revenues.

Sales Tax Assumptions

Total Sales Tax revenue (before economic rebates) for FY 2024 is estimated at \$151.6 million, reflecting a \$6.3 million decline from the Amended Budget. FY 2024 estimates were built with actual Sales Taxes recorded through 2023Q4. The 2023Q4 Sales Taxes reflected an increase from the prior quarter that was driven by a local fulfillment center. However, HdL later clarified that 2023Q4 increase reflected one-time revenues due to an amended tax return filing in the fourth quarter of 2020, which would not be ongoing. The FY 2025 Sales Taxes are projected to exclude the one-time revenues received in FY 2024. Furthermore, the FY 2024 estimates reflect Sales Taxes growing at a slower pace than anticipated.

FY 2025 Sales Tax is projected at \$149.8 million (before economic rebates) or \$1.9 million below FY 2024 estimate. The projected FY 2025 slowdown is consistent with the HdL's Statewide forecast. Two variables that could impact current projections include the national election and the Federal Reserves' potential decision to lower interest rates, which could affect consumer spending. FY 2024 and FY 2025 Sales Tax projections are built with growth rates of 3.6 percent from FY 2023 and a negative 1.2 percent from FY 2024 estimate.

The projected Sales Tax growth mainly corresponds to slower consumer spending in response to significant inflationary effects on prices for energy, goods, and services. The rise of interest rates have also increased the cost of short-term and long-term borrowing for consumers and businesses that also factor into slowing Sales Tax and economic growth rates. The high-rate environment has caused consumers to take a more cautious approach towards high dollar purchases.

The table below provides a five year trend of the City's Sales Tax, which shows strong growth during FY 2021 and FY 2022 that was affected by cash infusion through several Federal Stimulus Acts (i.e., \$2.2 trillion from the CARES Act, March 2020 & \$1.9 trillion from the American Rescue Plan, March 2021) with a projected slow down in FY 2024 and FY 2025 followed by a growth rate averaging 2.2 percent.

Charges for Current Services

This revenue category is the third largest General Fund source at 9.0 percent of operating revenues. It represents revenues collected by General Fund departments: including permit fees, planning fees, building inspection fees, Park gate fees, as well as parking and citation revenues.

For FY 2024, this revenue category is estimated at \$41.7 million, a \$0.6 million decrease from the Amended Budget. The anticipated decrease primarily reflects the slowing of anticipated subdivision and traffic control inspection fees as well as plan checks.

For FY 2025, Charges for Current Services are budgeted at \$43.2 million, which is \$1.5 million above the FY 2024 estimate. This increase reflects expanding development activity (inspection, plan checks, and application reviews), along with growth in parking revenues).

Other Revenues

Business Tax

Most cities in California levy a business tax or fee. Rates and methodology are determined by each city which collects the fees. The City of Fresno charges a Business Tax and the maximum fee is specified in the Master Fee Schedule for Retail and Wholesale Business Tax and in the Municipal Code 7-1202B. The primary driver for maintaining this revenue stream is the ongoing efforts of the Finance Department to utilize technology to enhance collection efforts. This tax is traditionally assessed twice a year.

For FY 2024, Business Taxes are estimated to end the Fiscal Year at \$23.5 million, a \$0.6 million decline from the FY 2024 Amended Budget. This revenue is projected at \$23.2 million in FY 2025, a \$0.3 million decrease from the FY 2024 estimate. The FY2024 and FY 2025 projections are aligned with the anticipated slowdown programmed for Sales Tax.

General Fund Sources of Funding

Franchise Fees

This category is comprised of revenues from several different sources. Franchise Fees are collected from Comcast, AT&T and PG&E in lieu of rent for use of the streets and rights of way in the City. The fees collected from these sources (totaling \$11.2 million estimated for FY 2024 and \$11.4 million budgeted for FY 2025) are subject to commodity and usage. The City renegotiated the PG&E franchise fee in FY 2011, increasing the amount on the gas franchise from 1.0 percent to 2.0 percent. In FY 2012, the City began collecting a franchise fee for roll-off trash bin services and Commercial Solid Waste (CSW) operations. For FY 2025, both of these Franchise Fees totaled \$10.6 million.

The FY 2024 projection for these three Franchise Fee sources totals \$22.1 million, while the forecast also assumes a growth rate of 3.2 percent for the outer fiscal years.

Room Tax or Transient Occupancy Tax (TOT)

Like Business Tax, a TOT may be levied by a city under the regulatory powers granted to cities in the State Constitution. More than 380 cities in California assess a TOT on people staying for 30 days or less in a hotel, inn or other lodging facility. Rates range from 4.0 to 15.0 percent of the lodging cost; the City of Fresno's TOT rate is 12.0 percent.

Fiscal Year 2024 Room Taxes are estimated at \$15.6 million, a \$0.6 million decline from the Amended Budget. The FY 2025 Room Tax projection totals \$15.7 million, a \$0.1 million increase from FY 2024 anticipated results. Starting In FY 2024, Room Tax projections factor revenue based on Council's approval on April 27, 2023 to amend Section 7-602 of the Fresno Municipal Code that includes short-term rental crowdsourcing entities such as Airbnb, VRBO, etc. to collect Transient Occupancy Tax on the City's behalf and remit to the City. Similar to Business Tax, the Room Tax projections are aligned to programmed Sales Tax. The five-year forecast reflects a 10.4

percent relationship to Sales Tax for the outer fiscal years.

Inter - and Intra - governmental Revenues

The Intergovernmental type represents revenues received by the City from other governmental entities. Examples include state grants (i.e., SB-90 Mandate reimbursements), loan repayments to the City from the Successor Agency to the RDA ("Successor Agency"), as well as reimbursements from school districts for the School Resource Officers (SRO) Program.

For FY 2024 estimated results, Inter-governmental revenues total \$9.9 million, a \$5.5 million increase from the FY 2024 Amended Budget. The increase primarily corresponds to an unanticipated \$1.6 million loan repayment from the "Successor Agency" and \$3.3 million higher SRO Program reimbursements due to the FY 2024 Amended Budget reflecting significantly higher vacancies.

The FY 2025 projection totals \$8.9 million, a \$1.0 million decrease from the FY 2024 estimate. The decrease corresponds to \$0.6 million lower loan repayment from the Successor Agency and \$0.3 million in lower state grant funding.

Intra-governmental revenues are received by the General Fund for services provided to other City departments. Examples are cost allocation charges from General Fund central service providers (i.e., Finance, Personnel, Budget, the City Attorney's Office, etc.) to the enterprise and internal service funds. This revenue category is estimated to end FY 2024 at \$14.7

million or \$0.5 million above the FY 2024 Amended, while the FY 2025 projection totals \$14.9 million or \$0.1 million from the FY 2024 estimate. The slight increase reflects the natural growth of General Fund service costs recovered from non-GF client departments through the Cost Allocation Plan process.

Cannabis Revenues

This revenue source is estimated at \$2.3 million in FY 2024, while growing to \$7.1 million in FY 2025. The \$7.1 million is based on \$6.7 million in projected tax generation (retail and microbusiness) plus \$0.4 million in permit and renewal fees. The FY 2025 projection is based on 19 cannabis retail business opened during the Fiscal Year.

Other Revenues

This group of revenues contains miscellaneous items that do not fit in any of the above categories; these include refunds, donations, revenue from securing property, property losses and sales of real property, unclaimed property and obsolete items. The category is budgeted in FY 2025 at \$1.3 million or 0.3 percent of total operating revenues.

Appropriations

The FY 2025 General Fund appropriations are budgeted at \$482.9 million, a \$17.5 million or 3.8 percent increase from the Amended Budget. The increase is primarily driven by the natural growth of expenditure obligations such as salary adjustments and step advancements per Memorandum of Understanding (MOU) agreements, operational outlays (leases, utilities, legal services, debt services, along with internal service provider support), as well as

planned capital work. These obligations or commitments equate to 95.0 percent of the overall General Fund budgeted appropriations.

The charts within this section show the uses of General Fund in two different ways: 1) by Department; and 2) appropriation category. The Department pie chart shows the largest use of the General Fund is for, Police and Fire operations and safety related debt service expenditures.

The Uses of the General Fund by Department graph on the following page also includes net transfers since they provide funding to other funds for debt service, grant matches, and other items; they are still obligations for which the General Fund is responsible.

All these public safety uses comprise 65.1 percent of all General Fund uses (including Transfers). Infrastructure planning and maintenance is 11.3 percent of the General Fund (Planning and Development, Public Utilities, and Public Works). Parks, After School, Recreation and Community Services (PARCS) Department is 4.7 percent, the Animal Center Department is 1.7 percent, while the remaining departments are General Government in nature and account for 13.3 percent of the General Fund budget in FY 2025. General Fund net transfers comprise 3.9 percent of total General Fund uses as well.

General Fund Expenditures Category

The second chart above categorizes appropriations by type.

Personnel Costs

This category is made up of Employee Services (salary, fringe, overtime, leave payoffs, workers compensation, etc.), Health & Welfare, Retirement and Pension Obligation Bond (POB) costs. The FY 2025 Personnel Budget totals \$349.7 million and is 72.4 percent of total expenditures. Personnel costs (i.e., salaries, Fringe, overtime, Premium pays, etc.) correspond to fully funding such labor costs per MOU agreements.

With regard to the Pension Obligation Bonds (POB), in 1983 the City of Fresno adopted Ordinance 83-116 which authorized the City to collect an additional levy upon the taxable property within the City. This levy is allowed by Section 93.31 of the Revenue and Taxation Code. However, funds collected may only be used towards payment of the bonds that were

issued by the City to fully fund the Fire and Police retirement systems. For FY 2025, revenue from this levy is estimated to cover the total General Fund POB debt service, which is \$12.8 million for FY 2025.

Personnel costs have been calculated citywide with a 5.0 percent increase to the Health & Welfare premium from FY 2024; this was based on rates approved by the Health & Welfare Board in March 2024. The outer years are programmed to increase by 5.0 percent.

Retirement calculations are based on the FY 2024 rates approved by the Retirement Boards on November 22, 2022. The Public Safety retirement rate is 23.1 percent (effectively a 9.5 percent increase over FY 2024's rate of 21.1 percent), and the Employee retirement rate is 14.06 percent (a 0.7 percent increase). Note that for certain bargaining units the percentage paid by the City for the retirement contribution will vary due to contract provisions.

Attrition Savings

All existing positions, whether filled or vacant, are budgeted as fully funded under each respective department's Personnel Budget. An attrition savings adjustment is also factored under each department's FY 2025 Budget. This adjustment (an appropriation reduction) totals \$19.0 million based on 6.2 percent of Employee Services, Health & Welfare, & Retirement Contribution appropriations. In FY 2026, a monthly review will be conducted to monitor the progress of meeting departmental and overall attrition savings.

Operations and Maintenance (O&M)

Total appropriations for FY 2025 are budgeted at \$47.7 million, a \$14.8 million decline from the Amended Budget. This decrease is due to: one-time appropriations of \$2,333,600 Council carryover budgeted in FY 2024; \$1,070,700 reallocated from Operating and Maintenance to the Employee Services category for the Animal Center; \$3,549,600 in budget reductions to contribute towards balancing the General Fund; and \$1,256,200 for the natural progression and completion of citywide capital projects' lifecycles.

Interdepartmental charges (ID Charges)

This category captures costs associated with services provided by internal departments. Examples of providers include the Information Services Department that manages the City's technology infrastructure, systems, and equipment, the Personnel Department that

oversees the City's self-insured risk funds (process Liability, Property and Workers' Compensation claims), the Fleet Division (General Services Department-GSD) that provide maintenance service, fuel, and acquisition of a wide-range of City vehicles, and the Facilities Division (GSD) that manages work performed on citywide properties.

This expenditure category is budgeted in FY 2025 at \$73.7 million, a \$7.3 million increase from the Amended Budget. The increase mainly corresponds to the \$4.3 million anticipated growth in billing Liability claims, \$1.1 million increase in budgeted Fleet leases, \$2.7 million increase in Information in Information Technology services. These increases are partly offset by a \$1.0 million decline in projected Property claim reimbursements.

Minor Capital

This category is comprised of funding for building improvements, furniture, new and replacement vehicles, computer software and lease payments for equipment. This category is budgeted in FY 2025 at \$10.8 million, an increase of \$2.4 million from the FY 2024 Amended Budget. The increase corresponds to \$1.2 million for the Fire Department's scheduled apparatus replacements and \$1.0 million to fund the Police Department's Axon BWC Taser contractual agreement (\$0.7 million) and fund \$0.3 million for one biannual lease payment to replace one of the helicopters that is over 20 years old.

Transfers

An interdepartmental transfer between funds is the authorized exchanges of cash between funds. The General Fund's net transfers total a negative \$21.3 million (less cash received, than transferred out). The negative transfer balance primarily corresponds to \$15.5 million in scheduled debt service payments.

Type of Transfer	Budget Amount
Debt Service Payments	(15,529,800)
Transfers to Other Funds	(8,418,200)
Transfers into the GF	2,684,500
Subtotal	(5,733,700)
Total Transfers	(21,263,500)

A second significant component of the total net transfers is a negative \$8.4 million related to various obligations between City funds, which include:

- \$1.5 million ongoing transfer to GF Housing Fund.
- \$1.0 million transfer to the Community Sanitation Fund.
- \$1.0 million (\$0.5 million ASM operational subsidy, \$0.4 million for painting and light improvements, and \$0.2 million for audio & video equipment).
- \$0.8 million towards 27th Pay period reserve.
- \$0.7 million transfer to the Commercial Solid Waste landfill obligations.
- \$0.7 million transfer to the Community Benefit Fund based on 10.0 percent of anticipated Cannabis revenues.
- \$0.4 million towards Public Safety Radio Communication upgrade.
- \$0.4 million for Santa Fe Depot facilities' cost.
- \$0.4 million transfer to the Cardroom Receipt Fund.
- \$0.4 million for Convention Center parking.
- \$0.3 million for Stadium parking.
- \$0.3 million for Stadium utilities.
- \$0.1 million transfer to Animal Shelter Capital Fund.

General Fund Reserve since FY 2015 and Projections to FY 2029

General Fund Reserve Status

The Government Finance Officers Association (GFOA) recommends a minimum reserve of two months of expenditures or 16.6 percent, while the City's Reserve Management Act designates 10.0 percent of total General Fund

appropriations. The FY 2024 General Fund reserve is estimated at \$45.3.0 million or 9.5 percent of total expenditures.

The Reserve Fund is projected to end FY 2025 at \$46.4 million or 9.6 percent of total expenditures.

General Fund Reserve

Transfers	-	-	-	-	-	-
Reserve Balance	45,267	46,376	47,104	47,810	48,528	48,528

General Fund Debt Service

The General Fund currently pays debt service on an obligation bond and multiple lease revenue bonds. Total current aggregate General Fund debt service obligations for the City are illustrated below. In addition to the total General Fund debt service from FY 2025 through FY 2046, the chart and table below provide the debt service percentages as compared to total General Fund appropriations in a given year. In FY 2025, the year after the City Hall Chiller Lease Revenue Bonds were paid off, the required General Fund debt service payments begin to show a steady decline. After 2031, the only General Fund bond payments required pertain to the Public Safety Bonds, the Animal Center Bond, and the bonds for various capital projects originally issued under the 2004 Lease Revenue Bonds.

Year	General Fund Debt Service Excluding Equipment Leases	Total General Fund Appropriations	Percentage
2025	27,009,986	482,919,100	5.59%
2026	26,273,228	508,627,140	5.17%
2027	26,273,991	525,818,287	5.00%
2028	25,704,535	541,400,465	4.75%
2029	25,697,467	557,513,005	4.61%
2030	10,720,228	563,088,136	1.90%
2031	10,722,845	568,719,017	1.89%

Year	General Fund Debt Service Excluding Equipment Leases	Total General Fund Appropriations	Percentage
2036	3,289,138	597,729,402	0.55%
2037	3,291,365	603,706,696	0.55%
2038	3,289,983	609,743,763	0.54%
2039	2,340,463	615,841,201	0.38%
2040	1,118,600	621,999,613	0.18%
2041	1,119,600	628,219,609	0.18%
2042	1,119,200	634,501,805	0.18%
2043	1,117,400	640,846,823	0.17%
2044	1,119,200	647,255,292	0.17%
2045	1,119,400	653,727,845	0.17%
2046	1,118,000	660,265,123	0.17%

Note 1: Total General Fund appropriations after FY 2029 include a one percent growth factor.

Office of the Mayor and City Manager

The City of Fresno operates under a strong mayor form of government. Under this system, the Mayor serves as the City's Chief Executive Officer and is responsible for providing leadership, the proper and efficient administration of all affairs of the City, appointing and overseeing the City Manager,

executing and enforcing all laws and ordinances and policies of the City, promoting economic development and preparing the annual budget. The City

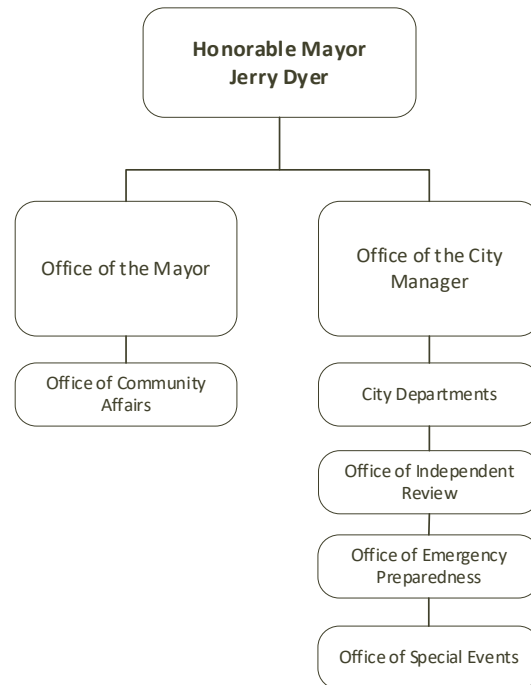

Manager's Office houses the administrative branch of the City of Fresno. The Division carries out policy directives of the Mayor and City Council and oversees and directs the day-to-day activities and operations for all City departments, with the exception of offices provided for in the Charter.

The Mayor's Vision for Fresno

The Mayor is committed to realizing 'One Fresno.' This vision is in pursuit of "an inclusive, prosperous, beautiful city where people take pride in their neighborhoods and community. A government that listens, keeps its promises, and is owned by the people." For the vision to become a reality, the Mayor has

outlined six priorities that are founded on the basis of Public Safety and restoring public trust; and are as follows:

1. Housing and Homelessness - Supporting the development of affordable housing options for all. Providing care and dignity to our most vulnerable.
2. Beautify Fresno - Restoring our City's curb appeal, block by block across the entire city.
3. Inclusive Economic Development - Creating an environment that attracts and promotes businesses offering career opportunities and economic mobility to residents.
4. Vibrant Downtown – Great cities have great downtowns. Increasing residential population from 3,000 to 10,000.
5. Youth Leadership- Investing in and giving a voice to the leaders of tomorrow, today.
6. We Work for You - Cultivating a "We Work for You" culture of service and improving the sentiment about our City.

Service Impacts

Revenues

Total revenue for the Office of the Mayor and City Manager is budgeted at \$137,600, which mainly represents revenue generated through the Office of Special Events.

Expenditures

Total appropriations for the Office of the Mayor and City Manager are budgeted \$5,698,700, which is a decrease of \$404,200 in FY 2025.

The Department's FY 2025 General Fund Budget was reduced by \$176,500 that contributed to balancing the General Fund.

Office of the Mayor

City Ordinance No. 2022-022 was proposed and approved by the City Council in July of 2022 with the purpose of increasing the compensation for elected officials upon election or re-election. An amendment to the approved ordinance was subsequently adopted by Council that addressed pension and approved allowances. The ordinance and amendment increases will take effect for the Mayor upon his swearing-in in January 2025.

City Manager's Office (CMO)

The Non-Personnel Services appropriations in the City Manager's Office are decreasing by \$40,000 due to the transfer of the Cannabis Program to the Planning & Development Department in FY 2024.

Office of Emergency Preparedness (OEP)

In FY 2025, OEP appropriations are increasing by \$410,500 and is due to the transfer of the Warming/Cooling Centers from the PARCS Department to the OEP.

Office of Special Events (OSE)

In FY 2025, OSE appropriations are increasing by \$38,200, which is primarily attributable to increases in pension, health & welfare, and ID Charges.

Staffing

The FY 2025 Budget includes all salary increases, step advancements, contractual Memorandum of Understanding (MOU) agreements, health and welfare and pension obligations.

The Department's FY 2025 Personnel Budget includes a General Fund reduction of \$240,400 that corresponds to budgeting their planned attrition savings.

There are no proposed staffing changes to the Office of the Mayor & City Manager Department in FY 2025.

City Council

The City Council consists of seven Councilmembers who represent their respective districts. Elected officials are bound by term limits consisting of 2 four-year terms. The City Council also appoints the City Attorney and City Clerk.

The role of the City Council is to establish policy direction for the City by enacting ordinances and resolutions to provide guidance to the public and city staff; reviewing and adopting the annual budget; levying taxes (when approved by a ballot election) or establishing other sources of revenue as may be necessary to fund approved appropriations. The Council also reviews and votes on recommendations presented by City Boards and Commissions; authorizes contracts and bond issuances; grants franchises; and establishes other policies and measures which promote the general welfare of the citizens of Fresno.

In collaboration with the Mayor, the City Council approves appointments of members of the community to serve on the City's various Boards and Commissions, such as the Planning Commission and Civil Service Board. Appointments ensure a wide cross-section of the community is represented in City government.

Department Total FTE		53.00

Service Impacts

Revenue

The City Council Department does not traditionally receive revenue for its services and is fully funded by General Fund revenues.

Expenditures

Operating Appropriations

FY 2025 Base Budget appropriations are budgeted by District consistent with the FY 2024 Adopted Budget with the exception of reallocating the additional \$25,000 for the duties as Council President.

Election Year Contingency

FY 2024 is an election year therefore half of the annual variable Personnel Services and Non-Personnel Services appropriations are being held in reserve for the newly elected Councilmember in Districts 6. Upon the January 2025 swearing-in of the Councilmember-Elect for District 6, the amount held in Contingency Reserve will be reallocated via Budget Transfer (BT) back to the Personnel Services and Non-Personnel Services accounts.

Council President Appropriations

The rotating duty as Council President is a one-year term and is served on a calendar basis from January through December each year. Additional funding is added each year to cover the increased salary and additional duties as Council President; however, the annual budget is on a fiscal basis running from July of one year through June of the following year.

In FY 2025, \$25,000 in additional appropriations have been budgeted in District 1 for the second half of the Council President term, which runs from July through December of 2024. Additional appropriations of \$25,000 have also been added to District 2 for the first half of the Council President term from January to June of 2025.

Capital Appropriations (Capital Infrastructure)

In FY 2025, additional General Fund capital appropriations have been budgeted in the Public Works Department totaling \$2.8 million (\$400,000 per District). The table on the following page identifies the City Council projects by District budgeted in the Public Works Department.

City Council Operating Expenditures by Council District

Staffing

The FY 2025 Budget includes all salary increases, step advancements, contractual Memorandum of Understanding (MOU) agreements, health and welfare and pension obligations.

The Department's FY 2025 Personnel Budget includes a General Fund reduction of \$203,700 that corresponds to budgeting their planned attrition savings.

There are no proposed staffing changes to the City Council Department in FY 2025.

Airports Department

The Airports Department (Airports) is charged with the development, maintenance, and operation of Fresno Yosemite International Airport (FAT) and Fresno Chandler Executive Airport (FCH). FAT is the region’s primary airport for commercial passenger and cargo service while FCH serves the area’s general aviation community. These airports are vital components of the nation’s air transportation infrastructure. They are also important engines of regional economic growth.

Airports is dedicated to maintaining a high level of customer satisfaction, to growing air service, and to maintaining and expanding facilities that accommodate demand.

Moreover, Airports is committed to keeping the cost structure of airline partners competitive with that of comparable facilities. This approach aligns Airports with the Mayor’s vision for a vibrant and more prosperous city.

Calendar year 2023 saw 2.4 million passengers travel through the Airport.

This growth is projected to continue through the fiscal year 2025. This ongoing growth is driven by a set of demand and supply factors trending in a positive direction, including service area population growth, diversification of the regional economy, more flight options, and larger aircrafts.

The Fresno Chandler Executive Airport is moving forward with implementing components of its updated Airport Master Plan to ensure one of the oldest operational airports in California continues to meet the current and future needs of the aviation community.

Service Impacts

Revenues

The Airports Department (Airports) is an Enterprise Department with a main source of revenue generated from the services provided at Fresno Yosemite International Airport (FAT) and Fresno Chandler Executive Airport (FCH). Airports also receives funding from Measure C Sales Tax revenues and federal grant funds.

In FY 2025, overall revenues are budgeted at \$184,277,600, which is an increase of 18,382,200 compared to the FY 2024 Amended Budget. This amount includes an increase of \$24,567,000 in carryover from the previous fiscal year in addition to the following:

- \$30,559,800 budgeted revenue in Charges for Services which is an increase of \$3,096,400 compared to the FY 2024 Amended Budget. This primarily consists of a \$1,300,000 increase in Parking Lot Receipts, a \$1,170,700 increase in Landing Fees, and a \$322,600 increase in Passenger Facility Charges. Airports continues its ongoing growth during FY 2024 and expects higher revenues for services in the FY 2025 Budget.
- \$11,435,400 budgeted revenue in Miscellaneous Revenues for Bond Sale Proceeds, which is part of the \$70 million Bond approved in FY 2023 for the Terminal Expansion Project.
- \$43,301,300 budgeted in Intergovernmental Revenues, a \$21,576,700 decrease compared to the FY 2024 Amended Budget. This decrease is an offset to the overall increases in revenue and is mainly attributed to the following:
 - \$15,000,000 decrease in the Terminal Expansion Project, funded through federal grants, as this project nears its completion, and
 - \$6,299,100 decrease from Coronavirus

Rescue and Relief Supplemental Appropriations Act (CRRSAA) and American Rescue Plan Act (ARPA) monies.

- \$17,227,500 budgeted in Other Revenue which is an increase of \$860,100 compared to the FY 2024 Amended Budget. This primarily consists of increases of \$840,100 in Concessions and \$20,000 in interest revenue, mainly due to increased passenger activity.

Expenditures

Appropriations in the Airports Department total \$127,847,900, which is an increase of \$3,794,900 compared to the FY 2024 Amended Budget. The overall increase is comprised of a \$2,718,600 increase in operating appropriations, a \$1,593,600 increase in capital appropriations, and a decrease of \$517,300 in debt service appropriations.

Operating

Airports' operating funds, which include FAT Enterprise, Chandler Enterprise, and Airports Project Administration, are budgeted at \$33,351,100 in FY 2025, which is an increase of 8.9 percent or \$2,718,600 compared to the FY 2024 Amended Budget. The cumulative increase is to add sufficient resources to deliver the required services to support the safety, security, and customer experience at both airports.

Non-Personnel appropriations are \$10,940,900, which is an increase of \$651,200 compared to the FY 2024 Amended Budget. Included in the Non-Personnel appropriations are a \$4,269,800 for Specialized Services and Technology, a \$971,100 increase from the FY 2024 Amended Budget.

This increase includes \$651,200 for contractual Safety and Security obligations at Fresno

Airports Department

Yosemite International Airport. Specifically \$424,800 to fund the contractual increase with Customs and Border Protection (CBP) to add two CBP employees to align with the increased passenger activity at the Airport; and \$226,400 to fund increased contractual obligations for the parking maintenance agreement.

Airports' Interdepartmental Services (ID) budget totals \$5,587,200, which is a \$594,200 increase compared to the FY 2024 Amended Budget. The budget includes \$2,025,000 to reimburse the Fire Department for firefighting operations at FAT. Fire services are essential to maintain the safety of the community as they respond to any fuel fires or chemical spills from aircrafts on the airfield.

The ID budget also includes \$230,000 to reimburse the Police Department for contracting extra police officers to provide coverage at check points as required by federal regulations. Since the Transportation Security Administration (TSA) personnel are not law enforcement officers, having armed law enforcement provides an essential layer of security.

Debt Service

Debt service appropriations are budgeted at \$5,996,700, which is a decrease of \$517,300 compared to the FY 2024 Amended Budget.

Capital

Capital appropriations are budgeted at \$88,500,100, which is an increase of \$1,593,600 compared to the FY 2024 Amended Budget. The increase is primarily due to the increased appropriations for the Terminal Expansion Project continuing in FY 2025.

Additional information on Airport Capital Projects can be found in the Capital Improvement Program section of this book.

Staffing

Airports' Personnel budget totals \$17,246,400, which is an increase of \$139,100 compared to the FY 2024 Amended Budget. Of which, a \$1,473,200 increase is attributable to operational funds and \$1,334,100 decrease is attributable to capital funds. The operating Personnel budget includes step advancements, and contractual obligations driven by negotiated Memorandum of Understanding (MOU) agreements.

Operating

Personnel appropriations in operating funds are budgeted at \$16,823,000, which is an increase of \$1,473,200 or 9.6 percent compared to the FY 2024 Amended Budget. The increase accounts for the following new positions added in FY 2025:

- One (1) Airports Electrician at 0.75 FTE totaling \$79,300;
- Two (2) Airport Public Safety Supervisors at 0.75 FTE each totaling \$182,000;
- Two (2) Community Coordinators at 0.75 FTE each totaling \$103,300; and,
- Four (4) Custodians at 0.50 FTE each totaling \$125,200.

Capital

Personnel appropriations in capital funds are budgeted at \$423,400, which is a decrease of \$1,334,100 or 76.0 percent compared to the FY 2024 Amended Budget. The decrease is primarily due to Airports' federally funded projects nearing their completion.

Fresno Animal Center Department

The Animal Center Department (Center) was approved by Council in September of 2023 and fully transitioned to City of Fresno operation on December 1, 2023, after decades of outsourcing animal control services to outside operators. The Center was built by the City of Fresno to provide state-mandated animal control services and to provide temporary kennels for Fresno's homeless pet population while they wait to be reclaimed by their owners or adopted into a forever home. The Animal Center's priority is to increase live outcomes and provide resources to City of Fresno residents that help keep their pets in their homes.

The Department is comprised of four divisions – the Administration Division, Animal Care Division, Community Engagement Division and Veterinary Services Division.

Each Division is critical for the successful delivery of services to City of Fresno residents.

Administration Division – This Division is tasked with the day-to-day administrative functions that include, budget, finance, personnel management, policy and procedure development, safety and risk management, purchasing and procurement, volunteer recruitments, data analytics and

transparency reporting, and grant funding opportunities.

Animal Care Division – This Division is responsible for the care and well-being of the animals that have entered the kennels while they await reclaim or their forever homes. The staff assigned to the Animal Care Operations Division is responsible for the intake, and health of the animals in the kennels. Their work is crucial to mitigate the spread of disease and perform daily cleanings of kennels, removal of animal waste, feeding, visual assessments and appropriate behavior and enrichment including time in play yards to ensure the healthy mental and behavioral well-being of the animals. Staff are also responsible for the appropriate handling of animals when participating in a meet and greet, and in matching clients to the right animal.

Community Engagement Division – The Community Engagement Division is the first point of contact through outreach and field services with the purpose of increasing life-saving outcomes via adoptions, fostering, rescue transfer programs, and spay/neuter clinics. Community Engagement staff work to provide resources and information about the programs and services that assist owners with keeping pets in their homes and allow for pet reunification. This Division is also tasked with community focused field services and enforcement.

Veterinary Services Division – The Veterinary Services Division is responsible for the physical well-being of the animals in the center. This Division is vital in accelerating mandatory sterilization prior to adoption,

Fresno Animal Center Department

performing enucleation, amputations and life-saving surgeries, in addition to increasing the capability to deliver low-cost high quality,

high-volume sterilization for the community through partnership and contracts with veterinary providers.

Animal Center Department	Fund Type	FTE
	<i>General Fund</i>	76.40
Department Total FTE		76.40

Service Impacts

The FY 2025 Budget accounts for the Animal Center's organizational establishment as a Department through a transfer from the General City Purpose Department.

Revenues

The Animal Center Department does not traditionally receive revenue for its services and is mostly funded by the General Fund. Other revenues include \$466,900 in carryover grant funding received in FY 2024, primarily from the University of California, Davis – California For All Animals Shelter Assistance Program, and \$168,300 in draw down revenue from a Construction Bond issued in 2020.

Total Available Funding is budgeted at \$8,828,000, an increase of \$1,397,100 from the FY 2024 Amended Budget.

Expenditures

Total appropriations for the Animal Center Department are budgeted at \$8,828,000, an increase of \$1,397,100, based on:

Non-Personnel Services – FY 2025

appropriations total \$1,902,200. This includes increases for the following:

- \$43,000 in the Animal Center Administration Division, for subsistence for volunteers and travel veterinarians who provide support at spay/neuter events, office equipment, and cleaning and janitorial supplies;
- \$5,000 in the Animal Operations Division for training;
- \$50,800 for the Community Resource and Engagement Division for training, postage and messenger services, and Outside Agency Support; and
- \$100,000 in the Veterinary Services Division to cover cost of after-hours veterinary services.

Interdepartmental Charges – FY 2025

appropriations total \$699,400, an increase of \$430,100 from the FY 24 Amended Budget.

This is primarily due to:

- \$191,700 increase in Facilities Management Charges;
- \$141,000 increase in Information Systems Equipment Charges; and
- \$75,100 increase in Information Systems Service Charges.

Staffing

In FY 2024, 2 positions assigned to the Animal Control Division were reallocated from the General City Purpose Department to the newly created Animal Center Department.

Along with the transfer and creation of the new Department, 75 new positions were added via the 2nd PAR Amendment, increasing the total position count to 77.

The FY 2025 Personnel Budget totals \$6,226,400, which includes a General Fund reduction of \$397,800 that corresponds to budgeting their planned attrition savings.

The FY 2025 Personnel Budget accounts for salary increases, step advancements and contractual obligations driven by Memorandums of Understanding (MOU) agreements.

Budget and Management Studies Department

The Budget and Management Studies Department (BMSD) assists in financial planning and strategic management processes across the City organization by delivering management information, decision support, consulting, and implementation services. BMSD has three primary responsibilities:

Production and Administration of the City of Fresno's Annual Budget

BMSD is charged with assembling and preparing the City's Annual Budget. BMSD staff define and coordinate the budget submission process, under which departments put forward their annual budget requests. Once the submissions are received, BMSD analyzes them within the context of overall City finances, the Mayor's organizational priorities, and for consistency with adopted City Council policy. Departmental requests that fit within the overall budget context are then compiled into the Mayor's Proposed Budget, which is presented to Council.

BMSD staff attend all City Council budget hearings, publish the Direction and Motion lists, and prepare the legal documents to enact the budget. Following the adoption of the Mayor's Adopted Budget, changes are incorporated into the production of the City's Proposed Budget.

During the fiscal year, BMSD monitors expenditures and revenues against the budget to ensure that budgetary targets are being met. BMSD interacts with federal, state, county, city, and private officials as part of this monitoring process. One product of that monitoring is the midyear financial review, presented to Council in order to inform policy makers of the City's overall financial status when compared to the budget. BMSD also prepares/approves budgetary adjustments that are brought forward by the departments during the fiscal year.

Administration of the Master Fee Schedule

A key responsibility assigned to BMSD is the administration of the City's Master Fee Schedule (the listing of all fees that the City charges). Changes to the Master Fee Schedule occur during an annual citywide process starting in September or as needed throughout the fiscal year. Once BMSD staff receive proposed fee adjustments from the departments, the fee adjustments are analyzed to determine the financial impact of those adjustments and then coordinates with the City Attorney's Office to ensure that legal requirements involving the fees are met.

Budget and Management Studies

BMSD personnel perform both proactive and compliance management studies. At the request of a department, City management, the City Council, or the Mayor, BMSD staff will analyze and make recommendations

regarding organizational changes, financial structure modifications, the financial repercussion of proposals presented in labor negotiations, or the impacts of possible new funding sources.

Department Total FTE		10.00

Service Impacts

Revenues

The Budget and Management Studies Department does not traditionally receive revenue for its services and is fully funded by General Fund revenue.

Expenditures

Total appropriations for the Budget and Management Studies Department are budgeted at \$1,701,400.

The Department's FY 2025 General Fund Budget was reduced by \$14,800 that contributed to balancing the General Fund.

Personnel Services – FY 2025 appropriations are budgeted at \$1,419,600, which includes increases in health & welfare and in pension costs.

Non-Personnel Services – FY 2025 appropriations are decreasing by \$39,800. The decrease is primarily attributable to a \$25,000 reallocation to Interdepartmental Charges for the first year of an ongoing maintenance agreement associated with the migration of the Budget Formulation & Management (BFM) software from a server-based to a cloud-based system.

Interdepartmental Charges – FY 2025 appropriations are budgeted at \$270,800 or an increase of \$83,300, which includes the \$25,000 reallocation for the ongoing BFM cloud maintenance agreement.

Staffing

The FY 2025 Budget includes all salary increases, step advancements, contractual Memorandum of Understanding (MOU) agreements, health and welfare and pension obligations.

The Department’s FY 2025 Personnel Budget includes a General Fund reduction of \$ 92,300, which corresponds to budgeting the planned attrition savings.

There are no proposed staffing changes to the Budget and Management Studies Department in FY 2025.

Capital Projects Department

The Capital Projects Department is a newly developed team focused on delivering the mission critical infrastructure needed for Building a Better Fresno. Our job is to develop capital projects that deliver value to our stakeholders by providing innovative solutions that meet their needs. We deliver public infrastructure projects for a variety of City departments and for a wide variety of projects such as parks, public safety facilities, sewer and water facilities, public buildings, roadways, and pedestrian/bicycle projects. We strive to achieve this by leveraging our expertise in design, project management, engineering, and construction to deliver high-quality projects on time, on budget, and within scope. Our primary goal is to build long-term relationships with our clients by providing exceptional service and exceeding their expectations.

The department is made up of five divisions, each playing a vital role in the capital improvement program.

Administration

Budget and Compliance

The Budget and Compliance Section develops and oversees the Departments operating and capital budgets, accounts payable and receivable, payroll, and asset management. They also support the Department by overseeing construction

contract administration, as well as monitoring and tracking labor compliance mandates, such as Certified Payroll, Disadvantaged Business Enterprise rules and regulations, and Project Labor Agreements.

Project Management Office

The Project Management Office (PMO) standardizes project-related governance processes and facilitates the sharing of resources, tools, methodologies, and techniques. The PMO is responsible for updating the ever-evolving Capital Projects Delivery Manual, which provides guidelines, templates, and examples of good practices to ensure consistency throughout the divisions. The PMO also manages project performance tracking through department specific software and the maintenance of the Capital Projects GIS dashboard.

Real Estate

Real Estate services include property valuation, negotiation, acquisition, relocation, and related semi-legal duties of City properties and parcels necessary for City Projects. This may also include deed review, vacation of public right of way and disposal of City properties pursuant to the Surplus Land Act.

Personnel Services

The Personnel Services section performs a wide variety of functions related to department staff development and support. This includes overseeing the Department's recruiting and hiring processes, personnel onboarding and offboarding, training, employee leave management, safety committee oversight, as well as acting as the liaison to Labor Relations.

Design Services

Utilities & On-Site Design

The Utilities and On-Site Design team performs in-house engineering design and project management for capital improvement projects related to utilities and on-site development. These projects include water and recycled water projects, sewer infrastructure projects, small scale on-site parks, and public safety facilities. The team produces final plans, bid specifications and Engineer's Estimates for such projects.

Transportation Design

The Transportation Design team performs in-house engineering design for transportation related capital improvement projects, including street improvements, bridges, traffic signals, and trails. The team provides final plans, bid specifications and Engineer's Estimates for assigned projects.

Transportation Project Management

The Transportation Project Management team performs project management and consultant oversight for projects within the public right-of-way, such as roadway projects, complete street improvement projects, grade separation projects, bridges, traffic signals, and active transportation and trail projects.

Construction Management

Capital Inspections

This Section provides and oversees engineering inspections and material testing for City capital improvement projects, and ensures all improvements are built properly, on time and in accordance with the awarded contracts.

Surveying

The Construction Management Survey Section provides topographic surveys and construction staking for the design and construction of City capital improvement projects.

Utilities and On-Site Project Management

Site Development Project Management

The Site Development Project Management team provides project management services and consultant oversight for new buildings and site improvements, such as new or improved parks, police and fire stations, as well as City facilities projects.

Utilities Project Management

The Utilities Project Management team provides project management services and consultant oversight for water and recycled water projects, sewer infrastructure projects, and treatment plant projects.

Service Impacts

Revenues

The Capital Projects Department is funded through a variety of sources such as various state, local transportation related funds, and local measures voted on by Fresno residents.

Total Department revenue including carryover in FY 2025 is budgeted at \$77,975,200, which is an increase of \$27,627,800 when compared to the FY 2024 Amended Budget. Detail on the major revenues sources is noted in the sections below.

Expenditures

Total appropriations in FY 2025 are budgeted at \$50,636,100 or a decrease of \$4,543,100 when compared to the FY 2024 Amended Budget.

The Department's operating appropriations are budgeted at \$10,004,400 or a decrease of \$1,441,700. Capital appropriations are decreasing by \$3,101,400 to \$40,631,700.

Administration Division

Administration is budgeted at \$6,222,800 with the Capital Indirect Cost Recovery Fund, a General Fund type, being the primary funding source at \$5,909,200. Capital Indirect Cost Recovery revenue is mainly derived from overhead costs reimbursed from capital projects.

The Administration division is funded by the Downtown Public Infrastructure Grant at \$299,500. In FY 2024 the State budget designated \$250 million to be awarded to Downtown Fresno to help revitalize downtown and historic Chinatown with the State's announcement of a deferred in funding the remaining \$200 million, the Department will closely monitor staffing levels to avoid the need for unnecessary

reductions in staffing.

The division is also funded by Measure C Flexible Funding at \$14,100. One of the Department's funding sources comes from the Measure C Extension, which is tied to sales tax, hence as consumers increase their spending revenue increases. Revenue for the programs are distributed by the Fresno County Transportation Authority (FCTA). The Capital Projects Department uses the Measure C Flexible subprogram to fund four divisions: Administration, Design, Construction Management, and Transportation Management. Further revenue and expenditure detail on the remaining Categories can be found under the Public Works Department.

In FY 2025, the Administration Division is replacing:

- 20 computer monitors at a cost of \$8,300 using the Downtown Public Infrastructure Grant.

Design Services Division

The Design Services Division is budgeted at \$687,300 with Measure C Flexible funding providing the majority of the funding at \$404,100. The remainder is funded by Public Utilities Administration at \$245,700 and the Downtown Public Infrastructure Grant at \$37,500.

Transportation Project Management Division

The Transportation Project Management Division is budgeted at \$682,800 with the Measure C Flexible Fund being the primary funding source at \$437,700. The remainder of the division is funded by the Downtown Public Infrastructure Grant at \$245,100.

Construction Management Division

The Construction Management Division is

Capital Projects Department

budgeted at \$1,561,400 with the Downtown Public Infrastructure Grant being the primary funding source at \$854,000. The remainder of the division is funded by the Measure C Flexible Fund at \$660,200, Public Utilities Administration at \$26,800, and the Capital Indirect Cost Recovery Fund at \$20,400.

In FY 2025 the Construction Management Division is replacing:

- Four trucks beyond their service life with F150 trucks for a total cost of \$58,900.

The following positions are also being added to Construction Management in FY 2025:

Survey Crew: A Survey Crew is being added, comprised of a Survey Party Chief and a Survey Party Technician, to meet the growing needs of the division. The crew will require a new upfitted truck the total cost is \$304,000.

Two Engineering Inspectors: Two new Engineering Inspectors are being added to meet the growing needs of the division after the creation of the Capital Projects Department. The positions will require two new F150 trucks the total cost is \$200,800.

Utilities and On-Site Project Management Division

The Utilities and On-Site Project Management Division is budgeted at \$850,100 with Public Utilities Administration being the primary funding source at \$478,600. The remainder of the division is funded by four Measure P categories at \$166,400 and the Downtown Public Infrastructure Grant at \$205,100.

Measure P is a local three-eighths tax ordinance that raises funds to improve parks, recreation facilities and services, and the arts in the City. The Measure P Program is comprised of 10 categories, of these only the four listed below apply to Capital Projects

Department.

- Category 1: Improving and Maintaining Safe, Clean Neighborhood Parks and Playgrounds- Low Needs.
- Category 2: New Neighborhood Parks; Senior and Youth Recreation Facilities- Low Needs.
- Category 11: Improving and Maintaining Safe, Clean Neighborhood Parks and Playgrounds – High Needs.
- Category 12: New Neighborhood Parks; Senior and Youth Recreation Facilities – High Needs.

In FY 2025 Measure P appropriations are budgeted at \$166,400, with \$41,900 coming from Category 1, \$41,500 from Category 2, \$41,600 from Category 11, and \$41,400 from Category 12.

Further revenue and expenditure detail on the remaining Categories can be found under the PARCS Department.

Infill Infrastructure Grant- Catalytic (IIGC)

In FY 2024, the City of Fresno was awarded \$43 million for capital improvements in Downtown Fresno and Chinatown with the goal of strengthening housing infrastructure. The award is part of the California Department of Housing and Community Development IIGC program intended to promote infill housing by providing funds for affordable and mixed-income housing.

In FY 2025, appropriations are budgeted at \$40,631,700 and will be used to fund capital projects. Projects of note include \$14,052,900 for a Water Capital Improvement Project, \$11,698,800 for a Parking Structure, and \$14,699,100 for a Sewer Capital Improvement Project.

Staffing

The Capital Projects Department was created at the beginning of FY 2024 via the 1st Position Authorization Resolution, PAR. The amendment creating the department allocated 93 positions from the Department of Public Works and Public Utilities along with adding 46 positions. The following is a summary of additional positions that the Department is adding in an effort to improve efficiencies and enhance internal and external services in FY 2025:

Construction Management Division

One Survey Crew is being added comprised of a Survey Party Chief and a Survey Party Technician. As a result of the creation of the Capital Projects Department there has been a large influx of work for the survey group. The crews are seeing a backlog in survey requests. Having an additional crew will allow the department to maintain or decrease deliverable time and avoid delays in construction staking on active projects.

The Survey Party Chief is responsible for managing their crew during land surveys, responding to requests for surveying services, data processing, and calculations for constructions staking.

The Survey Party Technician is responsible for operating land surveying equipment along with the Survey Party Chief, maintain equipment, checking math on calculations, and setting stakes for construction.

Personnel cost: \$154,400

Two new Engineering Inspectors are being added as there has been an influx in projects with the City's Capital Program expanding by over 25% in the last six months. The current project workload well exceeds the current staffing capacity. Many of the recent awarded projects have been designated as priority projects which will require additional inspection efforts to ensure contractors are adhering to the project specifications, installing the projects per the approved plans, and meeting grant funding deadlines.

Personnel cost: \$151,300

City Attorney's Office

The City Attorney is a position established in the City of Fresno Charter. The City Attorney's Office represents and advises the City Council and all City Officers on all matters of the law pertaining to their offices. The Office is managed by the City Attorney, who is appointed by the City Council and serves to fulfill the Council's duties to the citizens of Fresno.

The Office strives to understand clients' needs and effectively provide services to all City officials and departments. The services range from transactional work on economic development projects, large scale financings, contracts, land use, and personnel, to a full range of litigation, responses to Public Record Act Requests, and code enforcement.

The City Attorney's Office works diligently to deliver quality and timely legal services to its clients. It also strives to offer its employees a challenging and fulfilling environment in which to work and enjoy personal growth. The City Attorney's Office makes every effort to maximize efficiencies, including handling legal matters in-house and managing outside counsel to reduce the overall cost of legal services. All appropriations in the City Attorney's Office are devoted to the delivery of core services in a professional, cost-efficient, and timely manner.

Service Impacts

Revenues

FY 2025 revenues for the City Attorney's Office are budgeted at \$1,541,500, a decrease of \$1,447,700 from the FY 2024 Amended Budget of \$2,989,200. This is primarily attributed to the removal of the Emergency Rental Assistance Grant funding in FY 2025.

The City Attorney's office consists of two distinct sections, Legal Proceedings & Consult and Code. The Legal Proceedings & Consult Section anticipates generating \$36,000 in revenue in FY 2025 for legal services and ad-hoc requests from internal city clients. The Code Section anticipates generating \$1,275,500 in revenue through Code Enforcement type actions, and \$230,000 from a state Tire Disposal grant with \$83,300 being previous year carryover.

Expenditures

FY 2025 appropriations for the City Attorney's Office are budgeted at \$27,903,300, a decrease of \$1,179,000 from the FY 2024 Amended Budget of \$29,082,300. The Non-Personnel Budget is \$2,886,700, a decrease of \$2,777,400 from the FY 2024 Amended Budget of \$5,664,100. This is primarily attributed to the removal of \$2,060,500 one-time FY 2024 Council Motions.

The Interdepartmental Services' (ID) budgeted appropriations are \$4,905,000, an increase of \$1,368,000 from the FY 2024 Amended Budget of \$3,537,000. The increase is primarily attributed to:

- \$524,000 increase for Liability Self-Insurance Charges;
- \$740,600 increase for Info Systems Equipment Charges.

Staffing

The Personnel Budget totals \$20,111,600, an increase of \$230,400 compared to the FY 2024 Amended Budget of \$19,881,200. This increase is primarily attributed to making whole the 19 positions added in FY 2024.

The Department's FY 2025 Personnel Budget includes a General Fund reduction of

\$1,294,600 that corresponds to budgeting their planned attrition savings.

The FY 2025 Personnel Budget accounts for salary increases, step advancements, and contractual obligations driven by negotiated Memorandum of Understanding (MOU) agreements.

City Clerk's Office

The mission of the City Clerk's Office is to provide quality customer service and connect the public with the legislative process. We strive to ensure that the City's legislative processes are transparent by providing easy access to information. The Office of the City Clerk is often the first Department that members of the public contact when seeking general information regarding the City. Through efficient use of City resources, we are able to ensure the preservation of the City of Fresno's legislative history.

The Office of the City Clerk maintains the Municipal Code and City Charter through the codification of adopted Ordinances and certifies official legislative documents including ordinances, resolutions, agreements, deeds, bonds, and other documents as necessary. The Office also ensures all public notices, hearings and agendas are published according to applicable statutes and regulations.

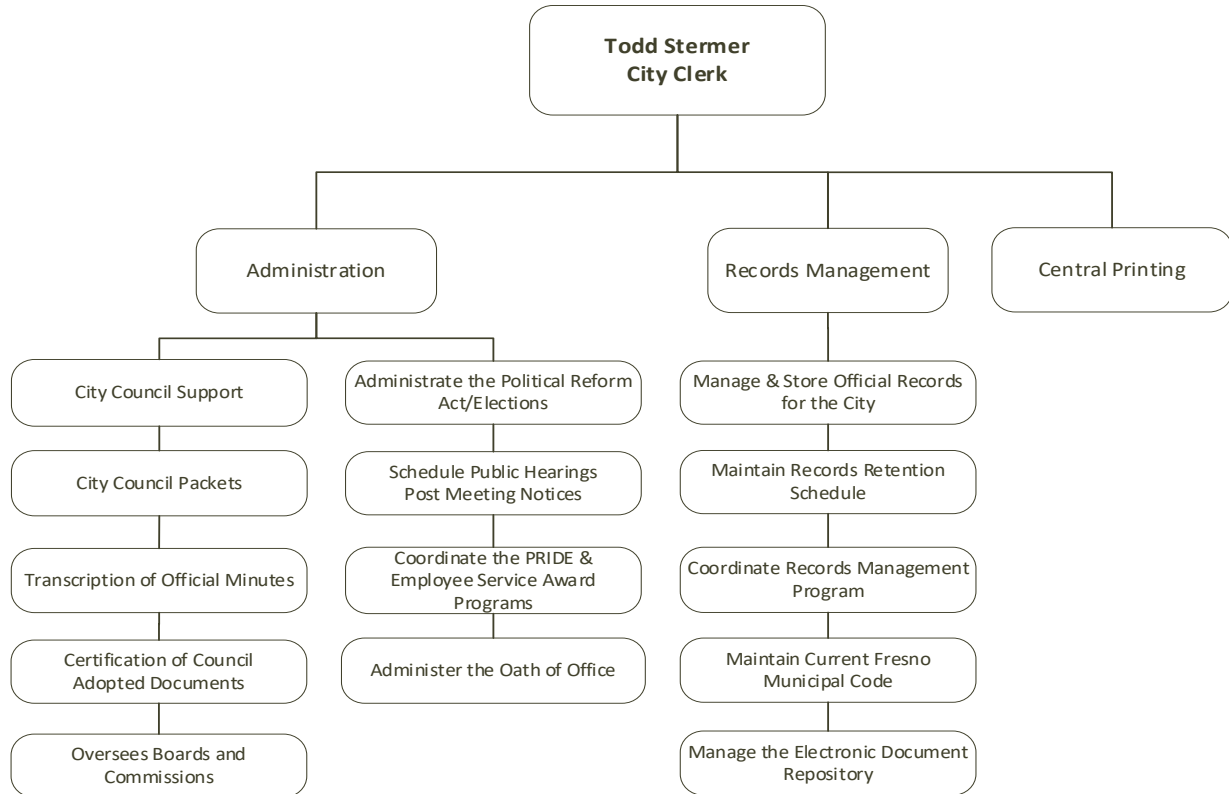

Additionally, the City Clerk adheres to the legislative policy of the City of Fresno by attending and coordinating support for the City Council Meeting and producing the agendas and minutes.

The City Clerk serves as the Filing Officer for the Fair Political Practices Commission, and as the local Elections Official, and also works with the County Clerk on City elections, initiatives, referendums and recall petitions.

The Office serves as the Custodian of Records, responds to Public Records Act requests, registers lobbyists, and administers oaths of office. The Office also oversees the processing of appointments, resignations, and terminations for all official city boards, commissions and committees and ensures compliance with the Maddy Act, the Brown Act and the Political Reform Act.

The Office is the official record keeper for the City and is responsible for the coordination and administration of all city records, documents, and public files pertaining to the legislative history.

Pursuant to prior Council action, Central Printing is also a part of the Office of the City Clerk. Central Printing serves the City of Fresno Departments printing and graphics needs.

Service Impacts

Revenues

The City Clerk's Office consists of two divisions; the City Clerk's Office Division and the Graphic Reproduction Division.

The City Clerk's Office Division is fully funded by the General Fund and does not anticipate generating revenue in FY 2025.

The Graphic Reproduction Division is funded by internal service charges to client departments for copy, print, graphic design, and mail and messenger services. Their FY 2025 revenue is budgeted at \$1,105,500, an increase of \$160,500 from the FY 2024 Amended Budget of \$945,000. Ongoing revenues for services charged to client departments are \$1,123,100 for FY 2025.

Expenditures

The City Clerk's Office's total budgeted appropriations are \$2,606,500, a decrease of \$20,500 from the FY 2024 Amended Budget of \$2,627,000.

City Clerk's Office Division

The Division's FY 2025 appropriations are \$1,501,000, a decrease of \$46,100 from the FY 2024 Amended Budget of \$1,547,100. Non-Personnel appropriations are budgeted at \$360,900, which is a decrease of \$50,200 and is attributable to reductions in Professional Services and Computer Software expenses from the FY 2024 Amended Budget of \$411,100.

The Division's Interdepartmental Services budget totals \$246,600, a decrease of \$35,300 and is primarily attributed to a reduction in City Hall Rent and Security Assessment charges from the FY 2024 Amended Budget of \$281,900.

Graphic Reproduction Division

The Division's FY 2025 appropriations are \$1,105,500, an increase of \$25,800 from the FY 2024 Amended Budget of \$1,079,700. Non-Personnel appropriations are budgeted at \$571,300, no change from the FY 2024 Amended Budget. The overall budget increase is primarily due to an increase in Interdepartmental Service charges, specifically an increase of \$44,200 in Information Systems Equipment Charge which is partially offset by a reduction of \$19,000 in City Hall Rent.

Staffing

The City Clerks' Personnel budget totals \$1,152,800, an increase of \$46,400 from the FY 2024 Amended Budget of \$1,106,400. The Department's FY 2025 Personnel Budget includes a General Fund reduction of \$57,700 that corresponds to budgeting their planned attrition savings.

Within the City Clerk's Office Division, the Personnel budget is \$893,500 an increase of \$39,400 from the FY2024 Amended Budget of \$854,100. Appropriations account for step advancements and contractual obligations

driven by negotiated Memorandum of Understanding (MOU) agreements, in addition to:

- \$50,234 for one (1) Senior Records Clerk position at 0.75 FTE will be necessary to help deal with the conversion of paper records into digital records. This cost is offset by a \$50,200 reduction in the Non-Personal budget.

Convention Center and Stadium Department

The Fresno Convention Center was opened in October of 1966. Originally, the complex consisted of three separate buildings that sat under one roof line and were separated by 90-foot mall ways. The three venues consisted of the William Saroyan Theatre, the 32,000 square foot Ernest Valdez Exhibit Hall with 12 meeting rooms, and the Selland Arena which seated 6,500.

The complex now spans over five city blocks and boasts four separate facilities. The expansion of Selland Arena in 1981 brought a seating capacity of 11,300. Exhibit Hall South came online in December 1999 upon the completion of the new 77,000 square foot exhibit hall, which encompasses 25 meeting rooms in addition to housing the Center's Administration and Operation divisions.

In January 2004, the City contracted with SMG (now ASM Global) to operate and market the Fresno Convention Center. ASM Global is the largest facility operating company in the world and provides unprecedented marketing strength, expertise, and resources to the enterprise.

The Convention Center is currently managed by ASM Global and the terms of the new management agreements were approved by Council on June 11, 2020.

Chukchansi Stadium was opened in May of 2002 and has a seating capacity of 10,500. In addition to hosting baseball games, the multi-use facility also hosts soccer games, music concerts and events. The Stadium features 33 luxury suites, a pool and spa, and a kids Fun Zone. It is currently the home to the Fresno Grizzlies Baseball club, a Single A affiliate of the Colorado Rockies.

In December of 2018, the City entered into a ownership agreement with Fresno Sports and Events, LLC.

On December 10, 2020, Council approved amendments to the December 2018 agreement.

On December 14, 2023, the City entered into a new ownership agreement with DBH Fresno, LLC. Council approved amendments to the agreement prompted by the ownership change.

The FY 2025 Budget reflects the new terms of the agreement.

Fresno Convention and Entertainment Center (FCEC) Budget Overview

FY 2025 Appropriation Fund Type Chart

Service Impacts

Fresno Convention & Entertainment Center (FCEC)

Revenues

Fresno Convention and Entertainment Center (FCEC) FY 2025 revenues are a reflection of the revenues generated by ASM Global's operations of the amenities and General Fund transfers in support of the facilities.

The FY 2025 revenues of \$11,100,000, a \$920,700 increase above the FY 2024 Amended Budget. A book entry of \$6,973,300 is reflected under Miscellaneous Revenue for ASM Global's anticipated receipts. These revenues do not flow through the City's financial system but are required to be approved by Council, per the terms of the current agreement.

Charges for Services include \$380,600 for Art, Parks, Entertainment and Sports (APES) fees. The projected APES \$80,000 increase above the FY 2024 Amended Budget is a reflection of the anticipated FY 2025 increased activity. These revenues are passed back through to the City in support of American Disabilities Act (ADA) improvement projects.

Transfers are budgeted at \$4,126,700, of this amount, \$678,700 help support the facilities expenses and include \$415,100 for parking revenues collected by the City and passed through to FCEC. Additionally, \$2,723,800 is transferred from the General Fund to support Debt Service.

Expenditures

FY 2025 appropriations are budgeted at \$11,100,000, \$920,700 more than the FY 2024 Amended Budget. Similar to revenues, the appropriations also include a book entry reflecting ASM Global's anticipated expenses of \$7,282,400 which includes \$239,000 in support of the operating deficit.

The remaining appropriations of \$3,817,600 include \$2,723,800 for Debt Service coverage, \$415,100 for parking receipts that are passed through to FCEC, \$169,000 for Audio/Video equipment upgrades, \$350,000 for painting and lighting upgrades to the Convention Center, and \$159,700 for management fees.

Stadium

Revenues

The FY 2025 Budget reflects the terms of the December 2023 agreement with DBH Fresno LLC in addition to the amendments approved by Council in December of 2020.

Stadium revenues are budgeted at \$4,155,200, \$2,872,800 less than the FY 2024 Amended Budget.

Charges for services are budgeted at \$284,000 of which \$100,000 is the contribution to capital improvements by DBH Fresno LLC, \$134,000 is included as the anticipated revenues generated from Arts, Parks, Entertainment Sports (APES) fees. Other Revenue is budgeted at \$100,000 for rent revenue.

Transfers are budgeted at \$3,650,900. This amount is entirely funded by the General Fund and is comprised of \$3,188,600 to cover Debt Service payments; \$300,000 towards the payments of utilities as required by the terms of the 2020 amended agreement, and \$212,300 for parking pass-throughs.

Expenditures

Stadium appropriations are budgeted at \$3,984,900, or \$3,043,100 less than the FY 2024 Amended Budget. Appropriations include funding of \$3,188,600 for Debt Service, utility payments of up to \$300,000 as per the term of the amendment and \$212,300 for parking pass throughs.

Economic Development Department

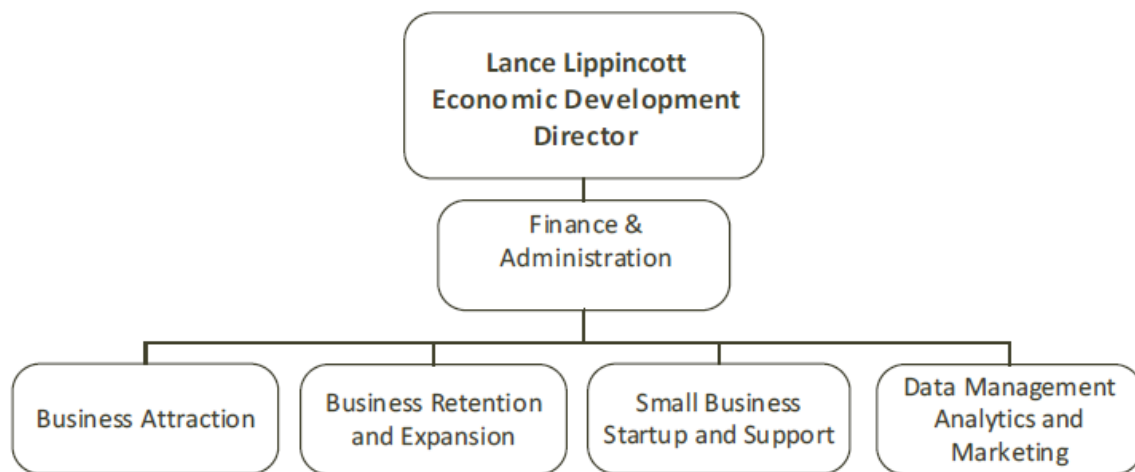

The mission of the Economic Development Department is to support the Mayor's "One Fresno" Inclusive Economic Development vision by increasing investment in Fresno in a way that contributes to the growth of the City's economy, fosters diversity and fiscal sustainability, expands job opportunities for all residents and enhances the City's sense of place and quality of life. This effort is sustained by the Department's overall goal to attract, retain and grow businesses in Fresno. Businesses generate property and sales tax that are the City's main funding source to provide services to residents.

The Economic Development Department will continue prioritizing projects and industries that provide a significant impact on the local economy like manufacturing, larger retail

development, professional business services, and transportation/logistics ensuring that the entrepreneur pipeline for the City of Fresno is well supported to foster infill opportunities citywide. These priorities will be regularly re-examined in light of changing market conditions and other variables that effect business attraction, retention, and expansion.

In Fiscal Year 2025, the Economic Development Department will stay the course on business attraction, retention, and expansion. Through the Comprehensive Economic Development Strategy (CEDS), a strategy-driven plan for regional economic development will be implemented in an effort to guide the economic prosperity and resiliency of our City with the goal of providing all of our residents an equitable path to success.

As outlined in the following pages, the department will conduct business outreach through ongoing collaboration with local and regional partners and participation and support of local and regional tradeshows. The department will also execute targeted direct outreach to industries identified by the CEDS in an effort to diversify the business and employment opportunities available to our residents.

FY 2025 Appropriation Fund Type Chart

Economic Development Department	Fund Type	FTE
	General Fund	8.00
Department Total FTE		8.00

Service Impacts

Revenues

Total revenue for the Economic Development Department is \$185,800. A decrease of \$9,100 from the FY 2024 Amended budget of \$194,900. Revenues are attributed to the California Local Immigrant Integration and Inclusion Grant (LIIIG) which expires November 30, 2025

Expenditures

Total appropriations for the Economic Development Department are budgeted at \$3,460,500 or an increase of \$1,292,500 from the FY 2024 Amended budget of \$2,168,000. The increase is primarily attributed to an increase in General Fund appropriations in the amount of \$1,500,000 for facade revitalization and relocation business incentives at various locations. Additionally, the Department has appropriated \$185,800 for the LIIIG which aims to accentuate the entrepreneur pipeline and strengthen digital literacy within the immigrant population.

General Fund

In FY 2025, General Fund appropriations are budgeted at \$3,274,700 or an increase of \$1,301,600, when compared to the FY 2024 Amended Budget of \$1,973,100.

The Department's FY 2025 General Fund Budget was reduced by \$180,000 that contributed to balancing the General Fund.

Interdepartmental appropriations are budgeted at \$203,600, an increase of \$56,300 from the FY 2024 Amended budget of \$147,300.

Non-Personnel Services appropriations are budgeted at \$2,013,700 for the following Economic Development plans and programs:

Economic Development Plan

The Department is in the process of executing a Comprehensive Economic Development Strategy (CEDS). The CEDS is a required strategy-driven plan for regional economic development and is designed to build capacity and guide the economic prosperity and resiliency of an area or region. A well planned CEDS will help to guide effective economic development in our City. A current CEDS is required for any future Economic Development Administration, EDA, and grant funding to support infrastructure development. In formation of the CEDS, Economic Development worked with a professional economic consultant and a committee made up of representatives from the economic development ecosystem to complete the following:

- An economic analysis of the City and its relationships to the surrounding Metropolitan Statistical Area (MSA), County and State to assess, benchmark and properly evaluate the local economy and regional economy to identify unique opportunities and regional synergies for economic growth and diversification.
- A market and industry cluster analysis intended to better identify the economic sectors in which the City is most capable of standing out and becoming highly competitive at the national and global scale. This included next steps of laying out action-oriented strategies for building upon and growing these sectors with the goal of creating a diverse, sustainable and resilient economy that is sufficient to support the needs of the City and its population.
- Identification of best practices for the City of Fresno to pursue in order to be successful.

- Identification of economic opportunity areas that are prime for growth and investment.

The CEDS will assist with prioritization and support for workforce training entities in the local area, led by the Fresno Regional Workforce Development Board (WDB) and educational entities. Matching the needs of our current and future businesses with the training capabilities of our CTE providers and identifying any gaps that may exist is essential to improving talent development and workforce preparedness as we attract, retain and grow businesses in Fresno.

The CEDS will need to be updated on an annual basis, with a full re-write every five years.

Business Attraction

Working with the City's Planning and Development Department, the Economic Development Department will utilize programs such as CoStar, as well as relationships with local brokers and other partners, to determine currently available space that best meets the needs of new businesses. We will then use the economic modeling program, IMPLAN, to determine the impact that would be made by this proposed development, factoring in available information to determine immediate and secondary ripple effects and comparing the City of Fresno to competitor regions to give a clear picture as to why we are the superior choice.

The Department will continue to work with partners and organizations such as the Fresno County Economic Development Corporation (EDC), Governor's Office of Business and Economic Development (GO-Biz), Team California, California Association for Local

Economic Development (Caled), local and national brokers and through opportunities at various trade shows and conventions to identify businesses that would do well in Fresno. The Department will continue outreach to employers in more cost prohibitive and congested parts of the state positioning Fresno as the smart, affordable and business-friendly alternative when looking for a new location to move and grow their business.

Business Retention and Expansion

Working with a myriad of community partners, the Economic Development Department will help to educate and strengthen our local businesses to help them stay and grow in Fresno. Programs, such as those offered by our local chambers of commerce, EDC and WDB as well as incentives offered by PG&E and state and federal programs, offer opportunities to hire and train employees to make businesses stronger. Non-traditional financing options, such as our Revolving Loan Fund (RLF) Programs as well as other financing programs offered through Valley Small Business Development Corporation (VSBDC), Fresno Area Hispanic Foundation (FAHF), Fresno Metro Black Chamber of Commerce (FMBCC) and the Economic Opportunity Commission's Access Plus Capital offer low-interest and flexible funding options to small businesses who are not eligible for traditional bank financing.

The Department coordinates with local partners including the EDC, Fresno Chamber of Commerce, WDB, FAHF, Southeast Fresno Community Economic Development Association (SEFCEDA), the San Joaquin Valley Manufacturing Alliance, FMBCC, the Central California Hispanic Chamber of

Commerce (CCHCC), the Asian Business Institute and Resource Center (ABIRC) and California State University – Fresno to support existing businesses and ensure growth in the local economy.

Business Startup and Support

In FY 2025, the Department will continue efforts under the Local Immigrant Integration and Inclusion Grant to provide support for immigrant entrepreneurs to access the local support system and launch their business. The Department will also further its work with local chambers and organizations to provide multi-lingual education and training to entrepreneurs who need assistance with product development as well as developing business plans, financing plans and marketing. The goal is to help ensure the success of new business startups in the City of Fresno from day one.

Data Management, Analytics and Marketing

The Department acknowledges that the retention and growth of businesses in the City of Fresno will require investment in data management and data analytics tools. The Economic Development Department will continue to work with the Information Services and Finance Departments to develop a business intelligence platform design that will allow the Department to readily access all revenue sources generated by businesses in the City of Fresno and have a more complete understanding of the types of businesses that can thrive here and how to best support them. In the interim, benchmarks and a tracking system have been established to monitor businesses that are being served.

Staffing

Personnel appropriations are budgeted at \$1,057,400 a decrease of \$33,000 from the FY 2024 Amended budget of \$1,090,400.

The Department’s FY 2025 Personnel Budget includes a General Fund reduction of \$68,700

that corresponds to budgeting their planned attrition savings.

Appropriations account for step advancements and contractual obligations driven by negotiated Memorandum of Understanding (MOU) agreements.

Finance Department

The Finance Department works to ensure the City's financial integrity by guiding fiscal policy and advocating for sound business processes. This work includes effective and efficient reporting to ensure good stewardship. The Department is responsible for the fiscal management and oversight of City operations by assisting with the receipt, collection, disbursement, and monitoring of City resources.

The Finance Department provides services through the following organizational units:

Administrative Unit

The Administrative Unit provides management and strategic planning services to the other units in the Finance Department. It also serves as the conduit between Finance Department staff and the City's administration.

Accounting Unit

The Accounting Unit consists of General Accounting, Accounts Payable, Accounts Receivable, and Treasury functions. This Unit controls the City's financial activities by: 1) making timely and appropriate vendor and contract payments; 2) developing and distributing reports and financial tools to departments to enhance their oversight of expenditures and revenues; 3) performing accounts receivable services on obligations that are owed to the City, including loans that were issued to Fresno citizens through various

housing programs; and 4) reconciling all City bank statements and managing the flow of all incoming and outgoing cash related to City operations.

Financial Statements

The Financial Statements and Audit Unit produces various financial reports such as the Annual Comprehensive Financial Report (ACFR), Single Audit, State Controller's Reports, National Transit Database Report, and Monthly Financial Reports. In addition, this unit works directly with the City's external auditors, ensuring that all audit requests are fulfilled timely and ensuring that the City is in compliance with Governmental Accounting Standards Board (GASB) and Government Finance Officers Association (GFOA) reporting standards.

Debt/Investment Administration Unit

The Debt and Investment Administration Unit issues and manages the City's debt obligations and provides low-cost, debt financing for large-scale capital projects and improvements. The Unit also manages the City's investments of all funds in the City's custody that are not required for payment of current obligations that maximizes earnings while minimizing risk. The Unit accounts for all investment activity and prepares the monthly investment reports.

Payroll Unit

The Payroll Unit provides payroll services and information to active, retired, and prospective City employees. The Unit also ensures organizational compliance with city, state and federal tax, wage, and hour regulations.

Business Tax Unit

The Business Tax Unit's primary focus is to help business owners navigate Fresno's complex tax code and to ensure compliance with tax obligations. The unit also administers various

permits for the city, including permits for taxi cabs and taxicab drivers, mobile vendors, amusement devices, billiards, mobile home park permits to operate, and card room permits.

Grants Management Unit

The Grants Management Unit provides oversight of City-wide grants including the reporting requirements and submissions to the granting agencies, ensuring subrecipients are also complying with the regulatory guidelines, and assists with the Single Audit and ad-hoc reports for operational evaluations. Additionally, the Unit administers, manages and reports on large City-wide grants that span across departments including the American Rescue Plan Act funding and the Transformative Climate Communities grant.

Internal Audit Unit

The Internal Audit Unit performs a variety of internal audit examinations and risk assessments ensuring compliance with City policies, processes, and practices.

Utility Billing & Collection Unit

The Utility Billing & Collection Division (UB&C) is responsible for the billing and collection of the City of Fresno's utilities fees and charges. UB&C collects fees for Water, Sewer, and Sanitation / Solid Waste. The Division has over 140,000 customers and approximately \$300 million of annual billings. UB&C receives more than 170,000 customer calls and processes roughly 21,000 counter transactions annually. There are four sections within UB&C – Administration, Customer Service, Collections and Field Service, and Payments and Special Billings. Each section performs numerous functions; however, there are two functions that most directly affect the residents of Fresno and those are counter service and telephone customer inquiries. Customer service for the utilities is UB&C's primary role.

Service Impacts

Revenues

Revenues for the Finance Department in FY 2025 total \$81,655,900 or \$81,542,600 less than the FY 2024 Amended Budget of \$163,198,500. Significant changes to revenues in FY 2024 include:

- A decrease of \$76,460,800 in the American Rescue Plan Act (ARPA) compared to the FY 2024 Amended Budget.
- A decrease of \$2,866,000 in the Emergency Rental Assistance Program (ERAP) due to FY 2024 being the last year for reimbursement.
- A decrease of \$333,300 in Utility Billing & Collections due to the lower anticipated fixed reimbursements in FY2025.
- A decrease of \$665,000 in one-time miscellaneous federal grant funding.

Expenditures

Expenditures for the Finance Department in FY 2025 total \$17,715,000 or \$6,001,800 less than the FY 2024 Amended Budget of \$23,716,800.

The Department's FY 2025 General Fund Budget was reduced by \$278,900 that contributed to balancing the General Fund.

Non-Personnel Services

Non-Personnel Services appropriations are budgeted at \$3,353,800 and reflect a decrease of \$5,147,400 below the FY 2024 Amended Budget, further explained in the following ERAP and ARPA sections.

Interdepartmental Services

The Department's Interdepartmental Services' budget totals \$3,117,200 or \$419,800 below the FY 2024 Amended Budget.

Financial Services - General Fund

For the FY 2025 Budget, the General Fund appropriations are budgeted at \$7,693,400, a decrease of \$1,108,700 when compared to the FY 2024 Amended Budget. Changes are attributable to the following FY 2024 motions:

- \$1,000,000 decrease for motion #110 – District 1 & 4 façade improvement program.
- \$50,000 decrease for motion #106 – E-bike/Scooter rebate program.

Emergency Rental Assistance Program (ERAP)

For the FY 2025 Budget, no appropriations are budgeted as the grant ended on December 31, 2023.

American Rescue Plan Act (ARPA)

For the FY 2025 Budget, the ARPA fund appropriations are budgeted at \$325,000, a decrease of \$1,265,500 when compared to the FY 2024 Amended Budget. This is attributable to a \$1,265,500 decrease in Special Project for the Community Organizations in FY 2024.

Utility Billing & Collection (UB&C)

For the FY 2025 Budget, the UB&C fund appropriations are budgeted at \$8,696,600, a decrease of \$223,800 when compared to the FY 2024 Amended Budget. This is attributable to the following decreases:

- \$125,400 in the Cost Allocation Plan
- \$81,000 in the Printing & Binding O/S Vendor.

Staffing

The Department’s personnel costs for the FY 2025 Budget are \$11,244,000, which includes salary adjustments, step advancements, and contractual obligations driven by the negotiated Memorandum of Understanding (MOU) agreements.

The Departments FY 2025 Personnel Budget includes a General Fund reduction of \$382,800 that corresponds to budgeting their planned attrition savings.

THIS PAGE WAS INTENTIONALLY LEFT BLANK.

Fire Department

Established in 1877, calendar year 2025 will mark the Fresno Fire Department's 148th year of service, while serving the community with great pride and distinction. The Department's Mission (To protect and put service above all else), Core Values (Teamwork, Trust, Commitment), and Vision (Recognized as a standard of excellence in the fire service) are reflective of the desire to create a culture of excellence in fire/emergency medical service delivery. The Department strives to be an innovative and progressive organization to meet the changing demands of the City of Fresno's 545,000 residents spread out over 115.2 square miles.

The Department continues its ongoing commitment to invest in training and improving firefighter safety.

Additionally, the Department is under contract to provide services for the Fig Garden Fire Protection District (FGFPD).

Operations Division

The Department provides emergency response through its Operations Division. One hundred six (106) Firefighters are on-duty each day within the City and the FGFPD in FY 2025:

- Ninety-nine (99) are on an apparatus;
- Two (2) are at the Fresno Airport;

- One (1) is a 24-hour Investigator;
- Four (4) are Battalion Chiefs.

In calendar year 2023, the Department's 21 fire stations, located throughout the City, contract areas, and the Fresno Yosemite International Airport, responded to approximately 51,000 calls for service.

Each station is staffed with a 3- or 4-person engine or truck company, with some stations having a 2-person Squad, all providing emergency response services including fire suppression, emergency medical care, urban search and rescue, water rescue, hazardous material response, and hydrant flow maintenance.

Facilities, Fleet, and Logistics also fall under the Operations Division. This unit ensures that all personnel have proper personal protective equipment (PPE), tools, equipment, and other daily supplies. They are also responsible for ensuring the day-to-day functionality of all fire stations and apparatus.

Prevention and Investigations Division

Risk mitigation and compliance services are administered through the Prevention Division. This Division provides all-risk mitigation services, including inspection services, plan reviews, issuance of permits/licenses to all facilities where the public may be present, and provides fire safety education.

The Investigations Division continues to provide high level fire investigation expertise to field members. It also works with local law enforcement agencies as well as state and federal resources to prosecute arson offenders. This division is also tasked with

Fire Department

conducting background investigations and leading the Youth Fire Setter Program. In calendar year 2023, the Division conducted 481 investigations which led to 57 arrests.

Training Division

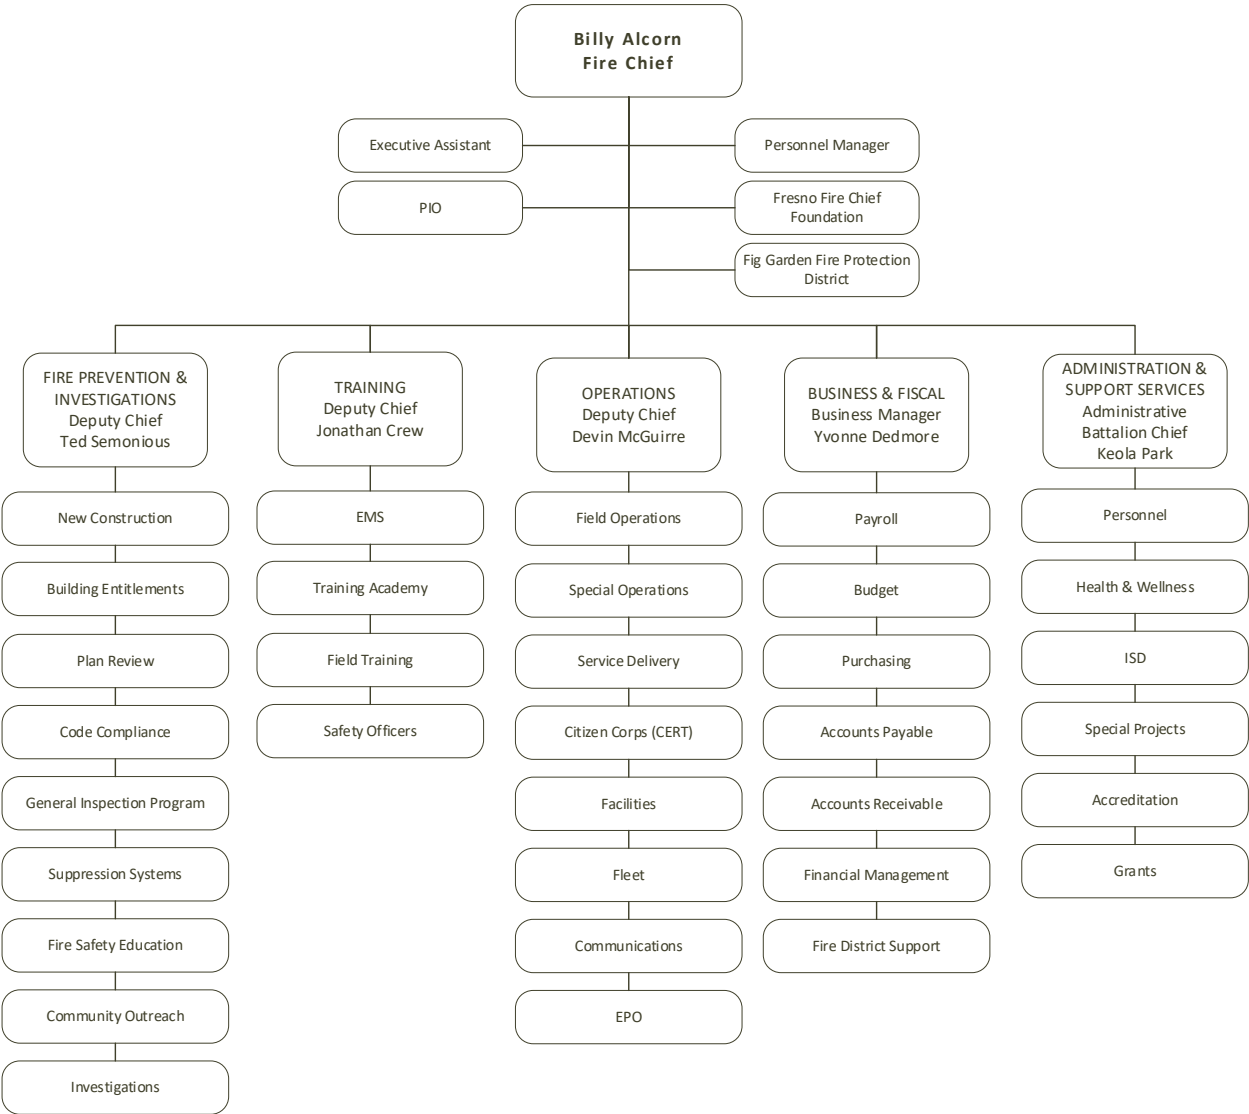

The Training Division provides mandated training and compliance tracking for all employees to ensure conformance to regulatory requirements and maintaining employee safety and wellness. Training and development are paramount for this Division, especially with its new members. In FY 2025, the Department will focus on the construction of a Regional Fire Training Center in partnership with the State Center Community College District (SCCCD) and increasing collaboration with other agencies.

The Business and Fiscal Services Division

The Business and Fiscal Services Division as well as the Personnel and Investigations Division provide essential core services to support all areas of the Department so that front-line personnel may provide responsive and expert service to the public. The Business and Fiscal Affairs Division ensures fiscal oversight of the finances, budget, grants, as well as various regulatory matters pertaining to the Department.

Administrative and Support Services Division

This Division offers comprehensive support and administrative services, encompassing personnel management, employee relations, organization development, maintenance of department policies, health and wellness, communications, information services, as well as accreditation. The Administration and Support Services Division also provides departmental support for grants and contracts in conjunction with the Business and Fiscal Services Division to maximize effectiveness. In addition to the internal services and responsibilities, this Division fosters intergovernmental relationships to constantly pursue opportunities to provide services more efficiently through partnerships and collaboration

Service Impacts

Revenues

In FY 2025, the Fire Department's Total Available Funding is \$112,646,600. Total Fiscal Year revenues are budgeted at \$19,356,600.

The Beginning Balance is budgeted at \$24,466,600 or \$1,251,600 above the FY 2024 Amended Budget. The change is the result of a timing effect between planned expenditures for grants, special revenue and capital funds and the collection of revenue reimbursements.

Licenses & Permits are budgeted at \$492,400, or \$38,000 above the FY 2024 Amended Budget. This revenue is related to new development.

Intergovernmental Revenues are budgeted at \$4,500,600, or \$5,051,600 below the FY 2024 Amended Budget. This revenue is mostly related to federal, state, and local grant receipts. The decrease is primarily due to a \$4,888,700 decrease in Federal Grants for the SAFER 2022 grant ending October 3, 2024, and a \$255,800 decrease in State Grants which includes the OES Hazmat grant being extended to April 2026 allowing the department to expend the remaining fund balance of \$86,000. Forty-two (42) sworn staff (9 Firefighter Specialists and 33 Firefighters), including three fire squads and a fourth firefighter on eight apparatuses, will roll off the SAFER grant and into the General Fund in October 2024.

Charges for Services are budgeted at \$8,788,800 or \$211,300 above the FY 2024 Amended Budget. This is mostly attributed to a \$190,800 increase for the Fig Garden Fire Protection District and EMS agreements, a \$308,900 increase for Airport Public Safety and the realignment of Fire Sprinkler revenues decreasing by \$407,500.

Fines are budgeted at \$57,900, or \$2,100 below the FY 2024 Amended Budget. The budgeted revenue reflects the anticipated fines for inspections.

Miscellaneous Revenues are budgeted at \$2,807,000, or \$2,666,900 above the FY 2024 Amended Budget. The increase is mostly due to Bond Proceeds for the Fire Station 12 Relocation and Construction Public Safety Improvement project.

Transfers are budgeted at \$2,709,900 or \$775,600 below the FY 2024 Amended Budget. FY 2025 transfers include \$1,530,000 for Fire Public Safety Improvements and \$1,179,900 for on-going bond payments.

Expenditures

The Fire Department's budget totals \$128,011,500. The FY 2024 Amended Budget of \$130,383,500 includes \$5,894,700 in one-time expenditures related to: Fire Station 12 relocation and construction, Fire Drill School, Fire radio equipment as well as ballistic vest(s). Excluding these one-time ARPA funding, the Department's on-going FY 2024 Budget is \$124,488,800. Therefore, the FY 2025 budget of \$128,011,500 is \$3,522,700 or 2.8 percent more than on-going FY 2024 Amended Budget of \$124,488,800.

General Fund appropriations total \$75,999,800 or \$9,609,600 below the FY 2024 Amended Budget and includes \$57,475,900 for Personnel costs, \$9,466,200 for Non-personnel costs and \$9,057,700 for Interdepartmental charges for services.

The Department's FY 2025 General Fund Budget was reduced by \$75,000 that contributed to balancing the General Fund.

Below are significant changes to the Department's Budget:

Contractual Agreements

The Department's budget includes appropriations to cover contractually obligated increases. Below is a list of the increases:

- \$100,500 to cover anticipated PG&E rate increases;
- \$20,200 for the Fresno County Dispatch contract;
- \$17,300 for various computer software contract increases.

Personal Protective Equipment (PPE)

The Department's budget includes \$110,000 to replace approximately 30 PPE sets including pants, coats, and helmets, which will reach their expiration date in 2024.

Board-Up Services and Hazmat Incidents

The Department's budget includes \$50,000 to board up buildings after a call and/or Hazmat incidents on City streets where building owners and responsible parties cannot be traced.

Fire Hose Replacement

The Department's budget includes \$78,000 to replace fire hoses that have been identified as being 10+ years old, damaged, or failed during annual hose testing. The hose replacement maintains employee's safety and ensures compliance with NFPA standards.

Facility Capital Improvements

The Department's budget includes \$70,000 for facilities improvement towards exterior maintenance, structural upgrades, appliance, and security upgrades.

Budget Adjustment Plans

The Department's budget includes a \$2,500,000 reduction to the General Fund. The Department performed an in-depth analysis of their operations to determine the least impacts to firefighter safety and service delivery to the community, while continuing to

maintain the on-going needs of a municipal fire service organization. The budget adjustment plan will be accomplished through the following measures:

- Staff three (3) Engines with 3-Firefighters per apparatus to reduce staffing costs without compromising Fire operation tasks, resulting in a savings of \$1,362,600.
- Defund three (3) Fire Captain positions that fill one (1) 24-hour Safety Officer position and reassign the below tasks to other positions, resulting in a savings of \$555,300:
 - Perform safety responsibilities during emergency incidents;
 - Serve as the backup Infection Control Officer;
 - Conduct the incident response survey to determine future training and operational needs;
 - Ensure alignment between strategic and task level assignments during emergency incidents.
- Defund two (2) Fire Prevention Inspector positions, resulting in a savings of \$186,800.
- Defund one (1) 40-hour Fire Investigator position, resulting in a savings of \$167,500.
- Reduce overtime pay for Battalion Chiefs by 1,200 hours, resulting in a savings of \$82,100.
- Reduce Non-personnel costs in the amount of \$136,000, specifically in Lease Payments for the Hazmat apparatus due to manufacturer's delays and \$10,000 in small equipment purchases.

Apparatus Replacement

FY 2025 is year six of the Department's updated eight-year apparatus replacement program. As part of the replacement program, the Department will place an order to lease purchase two (2) Engines, one (1) Aerial Ladder Truck, one (1) Training Officer

F350 Pickup truck, one (1) Ford Maverick Pickup truck for Logistical & Support staff, one (1) Chief Officer F150 Pickup truck, and one (1) Logistics Support SCBA and Nozzle F150 Pickup truck.

Based on the anticipated lease schedule, lease payments for the Training Officer F350 Pickup truck, Ford Maverick Pickup truck for Logistical & Support staff vehicle, Chief Officer F150 Pickup truck, and Logistics Support SCBA and Nozzle F150 Pickup truck will be initiated in FY 2025 with half a lease payment due at a cost of \$36,100, \$8,000 in upfit costs totaling \$44,100 in FY 2025 and a full lease payment will be due in FY 2026 costing \$72,200. The two fire engines and aerial ladder truck will have no lease payments in FY 2025, half a lease payment in FY 2026 at \$341,700, \$165,000 in upfit costs and a full lease payment in FY 2027 costing \$683,400.

The Interdepartmental Services' (ID) budget is \$9,798,300 or \$672,700 above the FY 2024 Amended Budget. Below are significant variances to ID charges:

- \$480,900 increase in the newly established ISD Centralized EE Charges for IT personnel and ancillary costs moved to ISD and offset by a corresponding reduction in personnel costs;
- \$381,000 increase in Info Systems Equip Charges;
- \$299,000 increase in RF Comm Fixed Services Charges;
- \$288,400 increase in Fleet Lease/Purchase Payments;

- \$211,800 increase in Liability Self-Insurance Charges;
- \$668,300 decrease in Fleet Services,
- \$185,500 decrease in Charges For Telephone Services;
- \$92,200 decrease in Replacement/Leased Computers;
- \$58,100 decrease in Fleet Fuel Charges.

Special Revenue/Capital/Debt Service Funds

FY 2025 appropriations for Grant, Capital, and Debt Service funds total \$52,011,700 or \$7,237,600 above the FY 2024 Amended Budget. The change is comprised of significant variances to the following funds:

- \$11,710,100 increase in ARPA grant funds;
- \$1,643,000 in newly established Debt Service funds for the Fire Station 12 Relocation and Construction;
- \$319,500 increase in Airport Public Safety funds (ARFF);
- \$3,095,400 decrease in SAFER Grant funds;
- \$1,162,200 decrease in Regional Training Center Construction funds;
- \$993,000 decrease in UGM Fire funds;
- \$505,600 decrease in on-going Debt Service payments;
- \$330,500 decrease in Miscellaneous Federal Grant funds due to the completion of the Assistance to Firefighters Grants (AFG) Program Physicals grant;
- \$255,900 decrease in Miscellaneous State Grant funds due to the granting of a 2-year extension of the OES Hazmat grant.

Fire Department

Staffing

The Fire Department's Personnel budget totals \$85,208,400 or \$1,391,400 below the FY 2024 Amended Budget. The FY 2025 Budget reflects 375 sworn firefighter positions in the FFD.

The Department's FY 2025 Personnel Budget includes a General Fund reduction of \$999,900 that corresponds to budgeting their planned attrition savings.

The FY 2025 Personnel Budget accounts for step advancements, annualized partial prior year positions, and contractual obligations driven by negotiated Memorandum of Understanding (MOU) agreements.

Sworn Staff

The Department's budget includes the following significant personnel cost impacts:

- Forty-two (42) SAFER positions are moving

to the General Fund effective 10/4/24, resulting in an increase to the General Fund by \$3,422,000.

- The ARPA grant fund supports the Fire Department by \$17,508,000.

Minimum Staffing – Overtime (Exempt)

The Department's budget was increased by \$1,567,200, totaling \$7,207,600, to align the Department's budget to anticipated shift replacement costs for travel-related training and/or inspections as well as MOU impacts.

Premium Pay

The Department's budget was increased by \$357,100, totaling \$1,633,900, to align the Department's budget to pay for education and certification pay, specialty teams and administrative assignments.

General City Purpose Department

The General City Purpose Department (GCP) is comprised of three divisions that are described below.

General City Purpose Division

This Division contains expense items which are of a citywide and/or interdepartmental nature. Some of the items budgeted in this Division include: citywide legal fees, citywide membership and dues, funding for Deferred Compensation Administration, elections costs, citywide travel, professional and lobby contracts.

Citywide Resources and Appropriations Division

This Division contains General Fund revenues that are not associated with any operational department, including Property, Sales and Room Taxes, as well as Business License and Franchise Fees. Further discussion of such revenues is provided in the General Fund Summary section.

Also under this Division are debt service payments that are not specific to one department. These include the New Exhibit Hall, Convention Center Garage bonds, Convention Center Improvement Projects, Multi-Purpose Stadium, Public Safety Improvement Projects, Bee Building/Granite Park, as well as the debt service for the Animal Control Facility. Starting in FY 2015, the Division also includes the revenues and expenditures associated with the Pension Obligation Bond.

Retirement Office

This Division houses City related personnel and interdepartmental costs of the City of Fresno Retirement Office.

Service Impacts

Expenditures

The General City Purpose Department's total FY 2025 appropriations are \$39,303,300, a \$30,099,900 increase from the FY 2024 Amended Budget of \$9,203,400.

General City Purpose Division

The Division's FY 2025 appropriations are \$4,468,500, an increase of \$53,400 from the FY 2024 Amended Budget of \$4,415,100. The increase is primarily due to:

- A \$90,000 budgeted interdepartmental (ID) Property charge. The charge corresponds to the Property Self-Insured fund ID billing General City Purpose to recover a claim processed for a downtown fire incident that severely damaged or destroyed two Armenian historic homes.
- The Division FY 2025 Personnel Budget includes a General Fund reduction of \$38,600 that corresponds to planned attrition savings.

Citywide Resources & Appropriations Division

The Division's FY 2025 appropriations are \$31,837,800, an increase of \$29,847,300 from the FY 2024 Amended Budget of \$1,990,500.

The increase is primarily due to:

- \$32,331,100 for FY 2024 budgeted attrition that was centrally budgeted under the General City Purpose Department. The FY 2025 attrition is included within citywide departments' budget.
- \$2,207,100 for final debt service payment for the City Hall Chiller Project in FY 2024.
- \$300,000 WaterSMART Grant no longer available.

Retirement Office

Retirement's FY 2025 appropriations are \$2,997,000, an increase of \$199,200 from the FY 2024 Amended Budget of \$2,797,800. The increase is primarily due to natural growth in labor costs along with a rise in internal service costs (i.e., general government and information technology services).

General City Purpose Department

Staffing

Authorized position count under the General City Purpose Department corresponds to the Retirement Office. Authorized position count totals 19 FTEs in the FY 2025 Budget.

General Services Department

The General Services Department (GSD) serves the City of Fresno by providing support services to internal departments. GSD focus is to provide excellent customer service to each department while continuing to implement process improvements, update policies, and streamline the experience for their customers.

The Department is an Internal Service Fund (ISF) composed of the Administration Division, Fleet Management Division, Facilities Management Division, and Purchasing Division.

General Services Administration is responsible for lease administration, citywide artwork management, and administrative support to internal divisions.

The Fleet Management Division provides clients with fleet acquisition services, as well as critical maintenance, ensuring the City Fleet is running at optimum levels.

The Facilities Management Division provides building repairs, preventative maintenance of fixed assets, and facility improvement work upon request.

The Purchasing Division provides procurement services to client departments, including service to both capital and operating programs, and is responsible for the oversight of the Disadvantaged Business Enterprise and the Cal-Card Program.

As the General Services Department enters its third year of operations, GSD is excited to be working as one Department and look forward to another successful year of collaboration with City Departments.

During FY 2024, GSD operated the new Fresno Hop trolley service, took on property lease management, and operated divisions with an emphasis on customer experience. In the upcoming year, the General Services Department will continue to refine processes and focus on customer service. GSD looks forward to supporting the departments of the City of Fresno, and exceeding expectations.

FY 2025 will be an exciting year as the General Services Department continues to grow together and take on new projects. As the new fiscal year begins, GSD will transition the Fresno Hop trolley service that the City launched in FY 2024 to be fully operated within the Department. This service will continue to be free to ride and will operate Thursday through Saturday. The goal for this year will be for GSD to expand the trolley service.

	Internal Service Fund	148.25
Department Total FTE		158.25

Service Impacts

Revenues

The General Services Department mainly receives revenue through Interdepartmental (ID) Charges for Services. The Administrative, Fleet, and Facilities Divisions receive revenue through their respective Internal Service Funds, which are supported by user fees from internal client Departments. The Purchasing Division is primarily supported by the General Fund, along with direct billing for capital project work.

Revenues for the General Services Department in FY 2025 are \$82,033,000, a decrease of 21.5 percent or \$22,439,000 less than the FY 2024 Amended Budget of \$104,472,000. The General Fund provides \$935,200 in support of the Purchasing Division. Listed below are the highlights to changes in revenues from the FY 2024 Amended Budget by Fund:

- An increase of \$790,900 for the newly established Trolley Fund.
- A decrease of \$23,128,800 in the Fleet Replacement Fund due to reduced fleet requests in FY 2025.
- A decrease of \$2,471,300 in the Municipal Service Center for a one-time fire alarm request from customer departments in FY 2024.

Expenditures

Non-Personnel Services

The Department's Non-Personnel Services appropriations are budgeted at \$51,249,400, a decrease of 32.5 percent or \$24,717,700 compared to the FY 2024 Amended budget of \$75,967,100. The decrease is primarily due to:

- \$7,704,400 decrease in the Facilities Management Operating for the one-time MSC Generator Project.

- \$12,206,100 decrease in Fleet Management Operating for the reduction in Fleet requests in FY 2025.
- \$2,948,000 decrease in the Municipal Service Center (MSC) Fund for a one-time request of fire alarm panel(s) at the (MSC).

Interdepartmental Services Appropriations

The Department's Interdepartmental Services' budget totals \$7,135,200 or an increase of 6.6 percent or \$442,800 over the FY 2024 Amended Budget of \$6,692,400.

Trolley Management

In the FY 2025 Budget, the Trolley Management fund for the Fresno Hop services were moved from Transportation Department to General Services. Appropriations for FY 2025 are budgeted at \$790,900. These appropriations are comprised of the following:

- \$461,100 in Personnel costs.
- \$82,900 in Non-Personnel cost for the trolley maintenance.
- \$246,900 in Interdepartmental Charges for services due to:
 - \$237,100 in Fleet New Acquisition and Fleet Charges.

Administration Fund

In the FY 2025 Budget, the Administration Services appropriations are \$2,074,900, an increase of \$387,900 compared to the FY 2024 Amended Budget. Significant changes contributing to this increase are comprised of the following:

- \$237,900 in Personnel costs.
- \$164,100 in Interdepartmental Charges for services due to:
 - \$130,900 in Facilities Management Charges.

- \$35,800 in Information Systems Service and Equipment Charges.

Fleet Operating Fund

In the FY 2025 Budget, the Fleet Operating appropriations are \$34,413,800, a decrease of \$69,800 compared to the FY 2024 Amended Budget. Included in the Fleet budget are the following requests:

- \$221,600 in Materials & Parts;
- \$776,900 in Inventory for anticipated cost increases based on Consumer Price Index.

Fleet Replacement Fund

In the FY 2025 Budget, the Fleet Replacement Division appropriations are \$16,256,200, a decrease of \$12,206,100 compared to the FY 2024 Amended Budget. Significant changes contributing to this decrease are comprised of the following:

- \$11,023,800 decrease due to a one-time replacement fleet acquisition with upfit cost from FY 2024.
- \$2,390,500 decrease for new vehicle acquisitions for client departments from FY 2024.
- \$1,022,500 increase for new or replacement Equipment Lease/Purchases vehicles with upfit costs in FY 2025 from client department fleet submissions.

The FY 2025 client department fleet submissions totaling \$6,672,300.

Facilities Management Operating Division

In the FY 2025 Budget, the Facilities Management Operating appropriations are \$15,035,700, a decrease of \$3,537,800 compared to the FY 2024 Amended Budget. Significant changes contributing to this decrease are comprised of the following:

- \$3,537,800 moved to a new fund called Facilities Capital Billables for better tracking.

\$175,000 of the General Fund is budgeted in the Facilities Division for the Fulton Artwork.

City Hall Operating Fund

In the FY 2025 Budget, the Facilities Management Operating Division appropriations for City Hall are \$340,900, a decrease of \$615,200 compared to the FY 2024 Amended Budget. Included in their budget is the following request:

- \$60,000 for Outside Repair, Maintenance & Services to reupholster vinyl seats and repaint the seat arms in the City Hall council chambers.

Municipal Service Center (MSC) Operating Fund

In the FY 2025 Budget, the Facilities Management Operating Division appropriations for MSC are \$2,550,500, a decrease of \$2,948,000 compared to the FY 2024 Amended Budget. Included in their budget is the following request:

- \$108,000 for the cost of replacing the fire alarm panel(s) at Municipal Service Center.

Purchasing Division

In the FY 2025 Budget, the Purchasing Division appropriations are \$1,474,800, an increase of \$26,000 compared to the FY 2024 Amended Budget. Significant changes contributing to this increase are comprised of the following:

- \$25,100 in Information Services and Equipment Charges.

General Services Department

Staffing

The General Services Department's personnel costs for the FY 2025 Budget are \$17,563,900, an increase of 14.8 percent or \$2,259,500 above the FY 2024 Amended Budget.

The Departments FY 2025 Personnel Budget includes a General Fund reduction of \$67,400 that corresponds to budgeting their planned attrition savings.

The budget reflects salary adjustments, step advancements, and contractual obligations driven by the negotiated Memorandum of Understanding (MOU) agreements.

The Department's newly established Trolley Services Division includes the following positions:

- \$238,900 for (3) Bus Drivers at 1.00 FTE each.
- \$116,900 for (1) Transit Supervisor II at 1.00 FTE.
- \$105,300 for (1) Transit Supervisor I at 1.00 FTE.

The Fleet Management Operating Division includes the following new positions:

- \$139,300 for (2) Heavy Equipment Mechanic IIs at 0.75 FTE each.
- \$176,400 for (3) Equipment Service Worker IIs at 0.75 FTE each.
- \$69,700 for (1) Light Equipment Mechanic II at 0.75 FTE.
- \$88,000 for (1) Equipment Supervisor at 0.75 FTE.

The above new positions will provide \$447,600 (Citywide) and \$188,000 (General Fund) expenditure savings by bringing maintenance work in-house at a lower hourly labor rate.

Information Services Department

The Information Services Department's (ISD) mission is to create a technology strategy that will enable the City to meet its objectives and ensures service delivery to residents. This not only includes incorporating new technology, it also ensures that operations are running efficiently and effectively to support the City's technology needs as most if not at all City functions require technology to deliver services. To accomplish this mission, ISD must ensure its operations are performed optimally with minimal disruption, especially during an emergency. ISD provides planning and program guidance to ensure the organization is capable of conducting its essential missions and functions under any and all potential threats and conditions.

In FY 2025, all Information Services personnel will be centralized into ISD. This ensures technical staff are being supported by the managers who possess technical expertise. Centralization also ensures maximum control for Cybersecurity purposes.

The Department is responsible for enterprise technology solutions that provide Information Technology (IT) related services to the City of Fresno. These services assist the City and its departments to meet and manage the City's strategic goals. ISD continues to collaborate and coordinate with outside agencies and City departments to develop operational economic

efficiencies and to promote a unified regional technology vision. All regional and interoperability IT efforts are directly managed by ISD. Additionally, ISD is responsible for the IT strategy and the computer systems required to support the City's enterprise objectives and goals.

The Administration Division performs budget preparation, contract administration, provides accounting, financial analysis, personnel, and policy administration support to all divisions within ISD. Additionally, the Division manages the 311 Call Center providing services for the public to connect with City leadership and departments, answer routine operational questions and report issues that need City attention.

The Computer Services Division focuses on providing networking and infrastructure technology including servers, switching, security, cyber protection, internet connectivity, service desk, fiber optics, broadband (including 5G), disaster recovery and other data communication technologies. Collaboration between the departments, including public safety, traffic operations and wireless connectivity, contributes to the improvement of overall safety and the quality of the community.

The Systems and Applications Division administers the implementation, development and maintenance of citywide applications including: Tyler Munis, PeopleSoft, FresGO, Laserfiche, mobile applications, city websites, document imaging, Salesforce and other applications. The Division also performs database administration and continues to assist with technology procurement and evaluation of the viability of new systems and applications. The Division is also working with other departments to develop and maintain web and

Information Services Department

mobile applications to enhance City services to the community.

The Communications Division is responsible for the city's telecommunications, including VOIP, enterprise phone switching, T-1's, cell phones, and PDAs. The Radio Frequency

Communications team focuses its efforts on the maintenance and expansion of the City's video system including public safety, FAX, the Bus Rapid Transit camera network, two-way radio systems, the Fire Department's regional fire radio system, which also serves the Fig Garden Fire Protection District, and other regional connectivity.

The Geographic Information Systems (GIS) Division acts as the main support resource for daily maintenance of many of the City's GIS layers, land management services, and as the support unit for other GIS development within

the City. GIS staff also act as the primary liaison between other regional GIS producers and users. GIS staff provide reports, maps and geospatial information to City Council Members, the City Manager's Office and other City departments by request.

The Cybersecurity Division was created in FY 2023 due to cybersecurity becoming an essential part of every organization. The Division is responsible for the identification and protection of cyber threats, ransomware, phishing and viruses as well as ensuring the City follows proper reporting practices based on laws and other regulations. The Division is also responsible for identifying and implementing systems that will ensure that the City's systems are protected and develop and deliver training programs for end users to ensure users are well trained and compliant.

Service Impacts

Revenues

The Information Services Department (ISD) primarily recovers its operational costs through fixed and variable reimbursements from user departments via Interdepartmental Charges for Services, which are allocated based on methodologies developed for each of its funds. FY 2025 fixed reimbursement rates were developed to fund the Department at FY 2024 operating service levels plus any approved requests, less one-time approvals from the prior fiscal year. In addition, the 311 Call Center Division has been added to the Interdepartmental Charges and is no longer funded through the General Fund.

The Department's FY 2025 total available funding for its Internal Service functions are budgeted at \$47,974,400 above the FY 2024 Amended Budget. This increase is mainly attributed to an increase of \$9,563,900 in the Interdepartmental Charges for Services.

Expenditures

Appropriations for FY 2025 are budgeted at \$46,792,200, an increase of \$8,937,300 above the FY 2024 Amended Budget. Personnel Services appropriations are increasing by \$6,511,500, non-personnel appropriations are increasing by \$3,120,900 and Interdepartmental Services appropriations are decreasing by \$695,100.

Non-Personnel Appropriations

Non-Personnel Services are budgeted at \$28,115,800, an increase of 12.5 percent or \$3,120,900 above the FY 2024 Amended Budget. The Department's Budget includes various requests, which are offset by reductions for one-time appropriations

approved in FY 2024. Some of the significant requests include:

- \$2,692,600 increase in the System Acquisition & Maintenance Fund for maintenance and support fees of previously and newly acquired software as well as contractually obligated fees.
- \$578,400 increase in Information Services Fund for:
 - \$200,000 increase in the Communications Division for ongoing services.
 - \$378,400 increase in the newly established Radio Frequency Division for Public Safety equipment and resources.
- \$86,600 in the Systems Replacement Fund for contractual obligation increases for Cornerstone and Neogov software used for Recruiting and Training.
- \$338,000 in the Network Replacement Fund to replace critical server and networking equipment Citywide.
- \$443,000 in approved Form 10c's and 10x's in FY 2025 for customer departments.
- Offset of \$572,500 for one-times in FY 2024. Specifically, in account Professional Services and Equipment Leases.
- Offset of \$439,100 in the Security Assessment Fund for one-time appropriations in FY 2024.

Interdepartmental Services Appropriations

The Department's Interdepartmental Services (ID) Budget totals \$1,239,400, a decrease of 35.9 percent or \$695,100 below the FY 2024 Amended Budget. This decrease is comprised mostly of:

- \$378,500 in Non-Recurring Spec Project Charges.
- \$109,800 in City Hall Rent Charges.
- \$63,900 in Security Assessment Charges.
- \$60,900 in Facilities Management Charges.

Staffing

The Department's Personnel costs for the FY 2025 Budget are \$17,437,000, an increase of 59.6 percent or \$6,511,500 above the FY 2024 Amended Budget. This increase includes Memorandum of Understanding salary provisions, employee benefits costs as well as the following:

- Citywide Information Technology (IT) Centralization – All IT positions are budgeted in the Information Services Department in FY2025 with Interdepartmental charges to its customer departments. This process began in FY 2024.

- Three (3) new positions in the Call Center Division with an offset of Non-permanent Salaries and one (1) new position in the Computer Services Division. Positions are as follows:
 - Two (2) Call Center Representative IIs at 0.75 FTE ea. Cost: \$100,400
 - One (1) Senior Call Center Representative at 0.75 FTE. Cost: \$56,500
 - One (1) Network Systems Specialist at 1.00 FTE. Cost: \$112,700

Call Center positions totaling \$156,900 in the Call Center Division were mainly offset with \$146,900 in non-permanent salaries.

Parks, After School, Recreation and Community Services Department

The City of Fresno Parks, After School, Recreation and Community Services (PARCS) Department improves the quality of life Citywide by providing safe, clean, accessible parks and community centers, offering diverse programs and recreational activities, and fostering meaningful partnerships. In coordination with multiple City Departments and community organizations, PARCS oversees 20 community centers, over 80 parks, and multiple special-use facilities. Special use facilities include Veteran's Memorial Auditorium & Museum, Shinzen Friendship Garden, Fresno Discovery Center, Garden of the Sun, Tower Theater, Fresno Chaffee Zoo, Storyland and Playland, Fresno Art Museum, Art of Life Healing Garden, Rotary Amphitheater, Granite Park Sports Complex, Fresno Water Tower, Meux Home, Riverside Golf Course, four Head Start facilities, and two Fresno County Libraries.

PARCS Administration includes a customer service team, community outreach team, fiscal services, contract management, grants management, procurement, personnel management, GIS, and Measure P Administration. Modernization and streamlining of administration of the City's

parks, after-school, recreation, and community services operations have been a primary focus of the Department in FY 2024 and the Department anticipates continuing to realize improvements in service delivery, project, and program execution, compliance, and reporting through continued optimization of these functions and training efforts in FY 2025.

PARCS Operations are divided into four neighborhood operating areas and a fifth area management team over regional parks. Each operating area has a dedicated Operations Manager who oversees the daily maintenance, custodial, and community center program delivery within the area boundaries. The Operation Manager coordinates closely with program managers to bring vital community services, recreation, and sports activities to the neighborhoods they serve. Additionally, Camp Fresno is operated seasonally by a Division Manager.

PARCS Maintenance and Capital Improvements teams provide critical services to maintain PARCS' existing assets through lifecycle repair and replacement, support programs and services in the areas of field preparation and property maintenance and administer a portfolio of over 100 capital improvement activities. As of April 2024, the Department has completed multiple projects with over 100 additional projects in progress, of which 13 were in construction. Notable projects completed or under construction in FY 2024 included Trolley Park, a new splash pad at Fink White Park, Pilibos Turf Rehabilitation, Vinland Court Resurfacing, and the relocation of the Puppy Love Dog Park at Roeding Park.

PARCS Sports & Recreation Programs are comprised of Aquatics, Action Sports, Youth Sports, Adult Sports, and the Bicycle & Pedestrian Safety Program.

Aquatics services provided from June through September include swim lessons, senior aerobics, junior lifeguards, and open recreational swimming. During the 2023 aquatics season over 3,000 people signed up for swim lessons and 30,000 swimmers participated in recreational swim opportunities. From October through May, the Aquatics Program offers Adult and Pediatric CPR, First Aid, and Lifeguard Certification Courses to the community and PARCS employees. The Adult Sports Program offers year-round competitive and non-competitive sports for adults ages 18 and up including softball, flag football, basketball, cricket, and soccer. In Spring 2024 the program will begin offering futsal.

The Youth Sports Program offers year-round sports and fitness activities for children ages 3-17 and includes soccer, flag football, t-ball, and basketball.

Action Sports include Bicycle Motocross (BMX) at Woodward Park and the Pedestrian and Bicycle Safety Program. The BMX Program at Woodward Park holds USA BMX-sanctioned races every Thursday night and Sunday morning, and practices on Saturday mornings. Program participants include both youth and adults.

The Pedestrian and Bicycle Safety Program is a grant-funded program with specific goals and strategies to help reduce the number of persons killed and injured in crashes involving pedestrians and bicyclists, with an emphasis on safety for youth and seniors. This program includes classroom education, bicycle skills clinics or "bike rodeos", community events, presentations, and workshops conducted in community areas with high numbers of pedestrian and/or bicycle-related crashes.

PARCS Community Services include a variety of programs that provide safe places for youth and seniors, access to meals, job training, and other resources to improve community safety and quality of life.

PARCS operates After School programming at 20 community centers from 1:00 p.m. to 6:00 p.m. The Sports, Play, and Active Recreation for Kids (SPARK) After School program is offered at up to 29 schools through a partnership with Fresno Unified School District. After-school programming includes arts and crafts, tournaments, outside games and sports, social activities, and educational components including assistance with homework and tutoring, teen leadership development, mentoring, and community service projects.

The Senior Program provides specialized activities tailored to the unique needs and interests of Fresno's senior population at eight sites: Inspiration, Lafayette, Mary Ella Brown, Mosqueda, Pinedale, The Link, Ted C. Wills, and the Paul "Cap" Caprioglio Community Center. Programming for seniors includes informational workshops, crafts, ceramics, fitness, senior dances, and the opportunity to connect with other seniors. Senior hot meals are offered at multiple locations. Meals are free for seniors aged 60 or older.

Adaptive Recreation is incorporated throughout all programs to offer modified programming for youth, adults, and seniors to enable all Fresno residents' access to programs and services. Adaptive Recreation includes a variety of crafts, sports, sensory activities, and other events designed to improve quality of life in a safe and enjoyable environment through recreation. Special events include sports clinics and seasonal dances.

Science Programming includes hands-on workshops at Highway City Science Center, mobile science workshops at community centers citywide, family events, camps, and after-school science programs. The Highway City Community Science Center serves to encourage curiosity and a love for science through hands-on learning, investigation, and exploration. The Highway City Community Science Workshops provide a variety of opportunities for kids ages five and up to engage in STEM activities. Additionally, the mobile science unit allows PARCS to bring hands-on science to youth and families at parks, schools, and special events citywide.

The Office of Neighborhood Safety and Community Engagement (ONSCE) facilitates community-wide collaborative efforts to prevent and mitigate violence. This is achieved by providing support for Fresno's youth and families through job readiness programs, training opportunities, tutoring, and administering grant funding for services such as tattoo removal, hospital-based violence intervention programs, community violence intervention, and street outreach work. The programming brings together local service

providers to identify wrap-around resources available to the community. The ONSCE team also facilitates Fresno Summer Nights, an annual series of late-night structured sports and community events aimed at reducing violence and gang-related activities in areas with past incidents of violence.

Job Training & Career Development programs are focused on hiring, training, and retaining a diverse, engaged, and committed workforce of talented staff. The Department is committed to equipping its staff with the training, tools, and leadership to provide outstanding service to the public. To this end, the Department offers a Youth Employment Program to provide job training and employment experience for City of Fresno residents, while also creating a pipeline of talent for the future. In FY 2025, PARCS will continue to offer job employment to youth applicants, participating in job skills training workshops while learning valuable skills for their future. The PARCS Department also partners with the City's Personnel Department to place dozens of fellows from the One Fresno Youth Jobs Corps Program Initiative into active assignments with the PARCS Department.

Service Impacts

Revenues

The Parks, After School, Recreation and Community Services (PARCS) Department's revenues are generated through a variety of sources. Primarily, Measure P sales tax revenues, General Fund, and numerous federal, state, and local grants such as Proposition 68.

Total Available Funding is \$120,982,700, a decrease of \$24,856,200 from the FY 2024 Amended Budget. This includes \$21,911,800 in support from the General Fund. Excluding FY 2024 year-end carryover, Total Fiscal Year Revenues and one-time transfers are budgeted at \$64,735,300, a decrease of \$16,574,300 from the FY 2024 Amended Budget.

Beginning Balance is budgeted at \$34,335,600, a decrease of \$3,854,500 from the FY 2024 Amended Budget. This is mainly a result of a timing effect between planned expenditures for Measure P projects and the collection of the tax revenue receipts.

Taxes are budgeted at \$41,269,300, a decrease of \$11,250,500 from the FY 2024 Amended Budget. This decrease is attributable to FY 2024 Measure P sales tax revenue budgeted at a higher growth rate compared to the latest estimates. The current Measure P sales tax projections align with anticipated Bradley Burns 1.0 percent FY 2024 & FY 2025 projections.

Intergovernmental Revenues are budgeted at \$17,228,500, a decrease of \$6,665,900 from the FY 2024 Amended Budget. This is primarily due to Community Development Block Grant (CDBG) revenue previously budgeted in the PARCS Department in FY 2024 now being reflected in the Planning and Development Department in FY 2025.

Charges for Services are budgeted at \$1,925,400, a decrease of \$366,800 from the FY 2024 Amended Budget. This is due to the transition to a new payment system and the implementation of parking enforcement in FY 2023. However, revenues had failed to materialize as initially budgeted.

Other Revenue is budgeted at \$1,745,000, an increase of \$967,000 from the FY 2024 Amended Budget. This is comprised of rental, lease, and interest revenue. The increase is attributable to no interest or lease revenue being budgeted in FY 2024.

Transfers are budgeted at \$2,070,800, an increase of \$774,400 from the FY 2024 Amended Budget. This is due to a FY 2024 one-time transfer out of Measure P and a FY 2025 transfer in from General City Purpose for Club One Cardroom Receipts.

Expenditures

Total appropriations in the PARCS Department are budgeted at \$155,293,200, an increase of \$1,019,600 from the FY 2024 Amended Budget. Operating appropriations decreased by 2.8% to \$59,197,200 while Capital appropriations increased by 3.0% to \$94,141,100.

FY 2025 appropriations have been established to align with the Measure P Clean and Safe Neighborhood Parks Transaction and Use guidelines, the terms of the Grants Agreement and Contracts and to ensure maximum transparency and responsiveness to community priorities. These alignments include:

- General Fund appropriations outlined by Measure P in the Fresno Municipal Code section 7-1503 (f) are no less than the FY 2018 Actuals reflected in the City's Annual Consolidated Financial Reports (ACFR). Therefore, the General Fund contribution towards PARCS cannot be less than

\$14,819,300 in FY 2025 and any future year where Measure P continues to be in place.

- Appropriations in Measure P, where appropriate, reflect the 50.0 percent allocation outlined in the Measure P guidelines for highest-need neighborhoods in addition to reflecting the equity formulas adopted by Council on December 9, 2022, that identify highest-need neighborhoods as the top 33.0 percent of Fresno census tracts and the non-equity portion of funds utilize the Parks Master Plan as a guiding document for prioritization in addition to the input of the community and the Commission.
- Compliance with meeting minimum spending thresholds in FY 2025 in Measure P as prior year unspent funds are not considered in the calculations.
- Administrative costs related to the program delivery for operational and capital projects outlined in Measure P do not exceed more than the 2.0 percent defined in each category except for category 6, Program Implementation and Fiscal Controls as defined in FMC section 7-1508 (e).
- That Grants and Contracts are reflective of the terms and conditions outlined in the award documents and agreements.

The respective amounts included for the various funding sources are detailed in the following sections.

General Fund

In FY 2025, General Fund appropriations are \$23,890,300, a decrease of \$4,711,500 from the FY 2024 Amended Budget. Of this reduction, \$608,200 contributed to balancing the General Fund. Appropriations for Operating of \$20,918,800 continue to fund administrative functions, Outside Agency Support and

Agreements, Parks Maintenance, After School Recreation, and ONSCE Programming.

The Non-Personnel Operating Budget totals \$5,436,200, a decrease of \$2,647,300. This is mainly attributable to:

- The removal of one-time FY 2024 Council Motion #140, which appropriated; \$1,383,700 for miscellaneous Granite Park projects and expenditures;
- \$585,000 decrease in Outside Agency Support;
- \$617,000 decrease in Special Projects.

The Interdepartmental Service's Budget totals \$6,510,600, an increase of \$203,500.

Measure P Special Sales Tax

The Measure P Program is comprised of ten Categories:

- Category 1 (*Sub fund 2701*): Improving and Maintaining Safe, Clean Neighborhood Parks and Playgrounds – Low Needs. Budgeted in PARCS and Capital Projects Department.
- Category 1 (*Sub fund 2711*): Improving and Maintaining Safe, Clean Neighborhood Parks and Playgrounds – High Needs. Budgeted in PARCS and Capital Projects Department.
- Category 2 (*Sub fund 2702*): New Neighborhood Parks, Senior, and Youth Recreation Facilities – Low Needs. Budgeted in PARCS and Capital Projects Department.
- Category 2 (*Sub fund 2712*): New Neighborhood Parks; Senior and Youth Recreation Facilities – High Needs. Budgeted in PARCS and Capital Projects Department.
- Category 3 (*Sub fund 2703*): Youth and Senior Recreation Programs, After School

Programs, and Job Training for Youth and Veterans. Budgeted in PARCS.

- Category 4 (*Sub fund 2704*): Expanded Access to Arts and Culture. Budgeted in PARCS.
- Category 5 (*Sub fund 2705*): Safe Walking and Biking Trails. Budgeted in Department of Public Works (DPW).
- Category 5 (*Sub fund 2707*): San Joaquin River Parkway. Budgeted in PARCS and DPW.
- Category 5 (*Sub fund 2708*): Street Beautification and Litter Removal. Budgeted in DPW and Department of Public Utilities (DPU).
- Category 6 (*Sub fund 2706*): Program implementation, planning and plan updates, program and project innovation, and audit and oversight support. Budgeted in PARCS.

As Measure P is not exclusively budgeted under the PARCS Department, further revenue and expenditure detail on those Categories can be found under the respective department sections and the Citywide Measure P Summary.

Total Measure P appropriations under the PARCS Department are budgeted at \$77,206,300, an increase of \$1,675,400 from the FY 2024 Amended Budget. Operating appropriations increased by 2.9% to 33,396,400 and Capital appropriations increased by 1.7% to \$43,809,900. FY 2025 operating budgets compared to FY 2024 Amended Budget for each category are broken down in the following sections.

Category 1 (*Sub fund 2701*) – Low Needs

Operating appropriations are budgeted at \$12,493,200, a decrease of \$4,710,200. Of this amount, \$13,800 is budgeted for ongoing

maintenance of the current RecTrac online reservation system and \$60,200 for new technology to automate and streamline the check-in process at community centers. This category provides support throughout the City for on-going maintenance for seasonal and year-round facilities, custodial maintenance, maintenance of baseball and soccer fields as well as support of recreational programs at neighborhood centers.

In FY 2025, this category is internally being split into two sub-categories to distinguish funding between high and low needs parks.

Category 1 (*Sub fund 2711*) – High Needs

Operating appropriations are budgeted at \$5,261,200. Of this amount, \$13,800 is budgeted for ongoing maintenance of the current RecTrac online reservation system, \$60,200 for new technology to automate and streamline the check-in process at community centers, and \$66,300 to support the program expansion of Futsal and Cricket.

Category 2 (*Sub fund 2702*) – Low Needs

Operating appropriations are budgeted at \$129,200. This category mainly supports Capital expenditures.

In FY 2025, this category is internally being split into two sub-categories to distinguish funding between high and low needs parks.

Category 2 (*Sub fund 2712*) – High Needs

Operating appropriations are budgeted at \$129,200, fully in the Personnel Budget.

Category 3 (*Sub fund 2703*)

Operating appropriations are budgeted at \$3,588,800, a decrease of \$1,177,700. This funding provides support for community services and recreation activities throughout the city as well as support programming at

Neighborhood Centers, Afterschool Recreation Programs, and Senior Programming at various neighborhood sites. Additionally, funding is utilized for recreational activities under the Science Program, Adaptive Recreation, Aquatics, Youth Sports Program, and Youth Employment Program. The Office of Neighborhood Safety and Community Engagement (ONSCE) will also provide wrap-around resources for youth and young adults through programming with over 100 local service providers.

Category 4 (*Sub fund 2704*)

Operating appropriations are budgeted at \$11,362,100, an increase of \$1,459,500. The Department is only budgeting for administrative costs allowable under the Measure P ordinance and will finalize expenditures upon the approval of the required Cultural Arts Plan. This plan is necessary prior to allocating additional funds in this category.

Category 6 (*Sub fund 2706*)

Operating appropriations are budgeted at \$432,700, a decrease of \$154,900. This funding is used to invest in program implementation, planning and plan updates, program and project innovation, and audit and oversight support to ensure the investments made by the citizens of Fresno create a world class set of facilities and programs and that funds are spent in accordance with the voters' will.

Contracted Services

Appropriations are budgeted at \$938,200, a decrease of \$343,500. The PARCS Department provides After School Programming in collaboration with Fresno Unified School District on a contractual basis. Funding from the California Department of Education is administered through Fresno Unified. This fund helps to support programming for the Aquatics Program as well as the Sports, Play,

Active Recreation, for Kids (SPARK) program.

Japanese Garden

Appropriations for the Shinzen Japanese Gardens have been budgeted at \$185,600, an increase of \$35,000. These appropriations are intended to provide maintenance support per the current agreement with the Shinzen Friendship Garden Inc.

Camp Fresno

Appropriations are budgeted at \$207,100, a decrease of \$67,900. The funds are intended to provide operations support and improvements during the six-month operating season. Additional appropriations for the operation of Camp Fresno are also budgeted in Measure P and the General Fund.

Woodward Park Amphitheater

Appropriations are budgeted at \$240,600, an increase of \$190,500. These funds are utilized to provide repairs and improvements to the facility.

Municipal Golf Course

Appropriations are budgeted at \$1,482,500, of which \$132,300 is for the Debt Service on the Riverside Golf Course and \$1,345,800 for capital improvements as outlined by the current lease agreement with EBIT Golf Inc.

JPFA Debt Service

Appropriations related to the payment of the PARCS Impact Bond Debt are budgeted at \$1,822,600. These payments are funded 49.0 percent from the Parks Impact Fee Fund and 51.0 percent by General Fund.

Capital

The PARCS Department's Capital appropriations are budgeted at \$94,141,100, an increase of \$2,752,400 from the FY 2024

Amended Budget. Capital budgets by major funds are as follow:

- General Fund is budgeted at \$2,971,500, a decrease of \$1,745,600.
- Community Development Block Grant (CDBG) is budgeted at \$981,300, a decrease of \$1,529,400.
- American Rescue Plan Act (ARPA) is budgeted at \$12,797,100, a decrease of \$2,228,200.
- Proposition (Prop) 68 is budgeted at \$13,280,500, a decrease of \$56,700.
- Urban Growth Management (UGM) funds are budgeted at \$19,605,000, an increase of \$7,819,800.
- Measure P is budgeted at 43,809,900, an increase of \$739,100. A breakdown by each category is as follows.

- Category 1 (*Sub fund 2701*): \$4,239,400, a decrease of \$17,330,200 due to the split with Category 11.
- Category 1 (*Sub fund 2711*): \$13,081,400.
- Category 2 (*Sub fund 2702*): \$13,081,700, a decrease of \$7,336,200 due to the split with Category 12.
- Category 2 (*Sub fund 2712*): \$12,048,100
- Category 5 (*Sub fund 2707*): \$1,359,300.

Additional information on capital projects can be found in the Capital Improvement section of this book.

Staffing

The PARCS Department's Personnel Budget totals \$28,316,600, which includes a General Fund reduction of \$593,600 that corresponds to budgeting their planned attritions savings.

The FY 2025 Personnel Budget accounts for salary increases, step advancements and contractual obligations driven by Memorandums of Understanding (MOU) agreements.

In FY 2025, (1) vacant Division Manager and (2) vacant Property Maintenance Worker IIs are being defunded, and (2) Laborers are being moved to Measure P funds.

Additionally, (2) Community Recreation Assistants, (7) Recreation Specialists, and (2) Laborers are being defunded to balance Measure P funds. All positions are vacant and budgeted at 1 FTE each.

Department Staffing Detail

Position Summary					
Division	FY 2023 Adopted	FY 2024 Adopted	FY 2024 Amended	FY 2025 Changes	FY 2025 Proposed
Parks Administration	21.75	23.50	23.50	(0.50)	23.00
Community Services	0.00	1.00	1.00	7.00	8.00
Parks	29.00	31.00	31.00	9.00	40.00
After School Recreation & Community Services	78.75	97.50	97.50	(12.50)	85.00
ONSCE	3.00	5.00	5.00	1.00	6.00
Capital	0.00	1.00	1.00	(1.00)	0.00
Total	132.50	159.00	159.00	3.00	162.00

Note:

The FY 2025 position changes are due to the following:

Made whole - one (1) Senior Account Clerk added in FY 2024 @ 0.75 FTE. 0.25

Made whole- one (1) Account-Auditor II added in FY 2024 @ 0.75 FTE. 0.25

Made whole - nine (9) Recreation Specialists added in FY 2024 @ 0.75 FTE. 2.25

Made whole - one (1) Community Recreation Assistant added in FY 2024 @ 0.75 FTE. 0.25

Total FY 2025 FTE Change 3.00

Impact of Capital Infrastructure Construction on Operations

The Department's capital portfolio falls into two main categories – improvements to existing parks and facilities, and design and construction of new parks and facilities. Both types of capital projects increase ongoing cost of operations as described separately below. Significantly more detail on each capital improvement project is provided in the Capital Improvement Program section.

New Improvements at Existing Parks and Facilities

Improvements to existing parks and facilities increase the operational costs when:

- The improvement is part of the activation of a new program or the expansion of an existing program to a new location, such as a field providing free or low-cost sports activity for youth. New programming and expansions require additional staff, operating supplies, electricity, and ongoing maintenance of operating location.
- Staff are required to perform routine landscape maintenance and custodial duties, for example cleaning the surfaces of new play structures and routine inspection of equipment and the surrounding area to ensure safety.
- The improvement requires additional electricity or water to operate, such as new field lights, splash pads, and irrigation for new landscape features.
- The improvements increase the Department's lifecycle repair/replacement costs of the Department, for example periodic resurfacing of sports courts, replacement of tot lot equipment, and turf management of sport fields.

Design and Construction of New Parks and Facilities

New parks and facilities increase operational costs not only through the maintenance, custodial, and lifecycle repair/replacements costs as described in the 'New Improvements' section above, but they also increase costs in the following ways:

- New neighborhood parks without community centers require the addition of staff to provide guest services, perform custodial duties, and maintain a safe environment.
- New community centers require the addition of staff to develop and implement recreation and community services programs and serve as the main point of contact for the neighborhood.
- The addition of new community centers increases administrative expenses such as payroll, contract/grant administration, projects administration, budget and financial management, training and personnel management, risk mitigation, and technology support and replacement.

New parks and facilities currently in development include the following:

- MLK Magnet Core Park
- Citywide Senior Activity Center
- Dolores Huerta Park
- FMFCD Basins under joint use agreement
- Broadway Parque
- South Peach Ave Park
- 11th & Tulare Park

The Department is currently in the process of acquiring new land and facilities to develop into park assets and allocating funds for future acquisitions. These acquisitions will ultimately result in capital infrastructure projects which will in turn increase operating costs.

- \$2,417,600 Measure P funds; \$1,261,200 ARPA funds, and \$768,900 General Funds have been requested for property acquisitions for which appraisals, negotiations, and/or environmental assessments are ongoing
- \$12,310,700 in Measure P funds are being allocated for the acquisition and development of new park property, including at least \$9,530,300 in highest-need neighborhoods
- \$10,459,600 of park impact fees are allocated for acquisition and development of net new park property in areas to be determined which are eligible under the City's Park Impact Fee program, of which \$8,500,000 is eligible for land acquisition only in accordance with the Quimby Act.

Personnel Services Department

The Personnel Services Department's mission is to provide and facilitate the delivery of effective customer service through collaborative and diplomatic efforts, employing the values of integrity, compassion, and respect. In doing so, the work performed by Personnel Services staff provides support to all departments that have a direct impact on the delivery of service to the community by our coworkers.

The Operations Division of Personnel is responsible for Recruitment and Examination, Organizational Development and Training, Labor Relations, Benefits Administration, Employment Services, and the department's Administration.

The Recruitment and Examination team is responsible for conducting recruitments and examinations, as outlined in the Fresno Municipal Code, to attract well-qualified individuals to become employees of the City of Fresno. Using an on-line application system, community outreach, job fairs, and nationwide advertisements, the team processed over 49,600 applications in calendar year 2023 to achieve a well-qualified, diverse applicant pool. In FY 2023, 317 recruitments were conducted, and over 1,400 requisitions processed.

Organizational Development and Training (OD&T) is responsible for the holistic development of City staff with a classification and training team. The classification-team is focused on collaborating with departments to maintain over 500 job specifications that are the foundation of our classified system. The specifications outline the knowledge, skills, abilities, and minimum qualifications employees must possess, as well as providing career paths for advancement. This team initiates and reviews classification studies and job specification revisions for existing positions and new classifications. Compensation is a critical component reviewed through salary surveys, processing job offers, including reviewing pay equity in salary placements and comparisons in the local labor market to ensure the City maintains competitive wages to aid in recruitment and retention efforts.

The Training Team is focused on providing regulatory and mandated training as well as promoting career development offerings for career growth and aiding in employee retention. The Cornerstone Learning Management System (LMS) has been instrumental in coordinating in person and on demand learning opportunities and maintaining employee training transcripts through the online system. This team continues to work with presenters to develop and revise the curriculum, administer training, and promote employee engagement through each session. Over the past year, this team coordinated the delivery of 40 different learning opportunities to 7,181 participants, totaling 272 individual training sessions and over 875 instructional hours. In addition, this team also provided training to Youth Job Corps Program (YJCP) Youth Participants totaling 45 trainings/287 individual training sessions.

Benefits are a vital component to the health and wellness of our employees, provide work/life balance, and are key to recruitment and retention. In accordance with negotiated MOUs and the Salary Resolution the City makes a variety of benefits available to its employees including medical, dental, vision, prescription, chiropractic care, an Employee Assistance Program, robust leave plans, life and disability insurance, bilingual pay, uniform allowance, certification pay, retirement, deferred compensation, and retiree health reimbursement arrangement as well as a variety of voluntary benefits. The Benefits team manages all regulatory related leaves such as Family Medical Leave Act (FMLA), California Family Rights Act, Pregnancy Disability Leave, etc.

The Employment Services team supports all City of Fresno departments, providing customer service and processing all employment transactions. Over the course of FY 2023, these employment transactions include: onboarding of over 1,300 new permanent and temporary employees, promotions for over 630 employees, offboarding of 885 employees, and processing over 3,500 employee pay actions such as pay increases, transfers, and other job action changes. The Employment Services team also handles unemployment insurance claims and is responsible for employment records management.

The Labor Relations Division is focused on facilitating a positive employer / employee relationship and work environment. The team provides citywide guidance to department management on personnel matters, negotiates and administers Memoranda of Understanding (MOU) with eleven employee organizations, as

well as processing & resolving employee grievances, and interpreting and ensuring compliance with Federal, State, and City labor laws, City policies and procedures.

The Risk Management Division is responsible for the City's self-insured insurance programs: Workers' Compensation, Property, and Liability. This includes claims administration and management, subrogation recovery, contractual risk transfer, preventative loss control services and regulatory compliance (Cal OSHA, Fresno County Department of Public Health, Etc.).

The Workers' Compensation Program provides City of Fresno staff with access to prompt medical care for injuries that arise out of the course and scope of employment consistent with the benefits outlined in the California Labor Code. This program also has a carve out Alternative Dispute Resolution (ADR) Program for sworn police officers in which the program is designed to expedite medical care by avoiding unnecessary delays and to reduce litigation. The Worker's Compensation Program has averaged 931 claims each fiscal year over the last three years.

The Property Self-insurance Program is responsible for reimbursement to covered assets as defined under Administrative Order 2-5 and for pursuit of subrogation recovery to third parties who have damaged City owned assets. The Property Program has averaged 737 claims each fiscal year over the last three years.

The Liability Self-insurance Program is responsible for following the California Torts Claims Act and settling or denying tort claims against the City of Fresno. This Liability

Program has averaged 551 claims each fiscal year over the last three years.

The Contractual Risk Transfer Program manages the City's risk transfer through indemnity and insurance requirements in all City contracts and ensures compliance with those requirements through a certificate tracking software. The team averages 1,500 compliance reviews and 700 contract reviews annually.

The Loss Control Program provides guidance on regulatory compliance and occupational injury prevention to all City departments. This team provides preventative inspections for City facilities, works with departments to create actionable plans to reduce occupational injuries, engages with employees through the Interactive Process for reasonable accommodation and responds to all regulatory inspections through local, state, and federal agencies (Cal OSHA, Fresno County Department of Public Health, Etc.).

This team is also responsible for administering the City's Driver Standards Program in accordance with Administrative Order 2-32 and for enforcing the City's drug and alcohol policy in accordance with Administrative Order 2-25. The Driver Standards Program consists of ensuring that approved City of Fresno drivers are in compliance with all regulations to drive along with the conditions outlined in the administrative order. There have been over 1,000 driving record reviews in the past fiscal year. The City has over 600 commercial drivers and this team supports the regulatory compliance team by ensuring that each of

these drivers meet the requirements outlined by the Federal Transit Authority (FTA) or the Federal Motor Carrier Safety Administration (FMCSA).

The Administration section is responsible for the department's fiscal management, the development, conversion, and management of 4,464 positions, the development and updating of personnel policies, and consulting with all departments on employment issues, providing support to the Civil Service Board, facilitating the corrective action process, and investigating employee concerns.

The City of Fresno received \$7.4 million dollars in January 2022 to help the at risk youth of our community who experience barriers to employment and established the One Fresno Youth Job Corps Program with a goal of providing a livable wage and a career path to future employment. Ongoing funding includes \$3 million dollars for the next fiscal year. 173 ambassador/participants are currently employed, and 20 fellows have obtained permanent City of Fresno positions. Another 50 are employed within 6 community worksites, for a total of 325 young participants in the program. We have received over 1,300 interest forms and 622 applications for this rapidly growing program.

The overall goal of the Department is to support the missions of the Mayor and City Administration, is inclusive of all people and ensures our City's workforce is operating at its full potential by maintaining staffing levels, fostering a positive work environment and taking care of our employees.

Service Impacts

Revenues

Services provided by the Personnel Services Department are funded by the General Fund and Interdepartmental Charges for Service. Operations, Administration, Organization Development and Training, as well as Labor Relations are fully funded by the General Fund. The Risk Division's Workers' Compensation, Property, Liability and the Unemployment Programs are funded by Internal Service Funds that are supported by user fees from internal client departments.

General Fund Revenue is reduced by \$241,800 for FY 2025 compared to the previous year and Intergovernmental Revenues are budgeted at an increase of \$802,800 above the previous year due to the Youth Workforce Development Grant remaining balance.

Interdepartmental Charges for Services are budgeted at \$60,698,900, an increase of \$15,242,400 above the FY2024 Amended Budget, which are intended to support anticipated claim activities in FY 2025.

Workers' Compensation

FY 2025 revenues for the City's Workers' Compensation Program are budgeted at \$35,089,200, an increase of 33.8 percent or \$8,858,500 when compared to the FY 2024 Amended Budget. This is primarily due to an increase of \$10,764,500 to Interdepartmental Charges for Services. The revenues for FY 2025 more accurately align with the current payout trend and future anticipated activity.

Liability

FY 2025 revenues for the Liability Program are budgeted at \$19,789,800, a decrease of \$1,805,700 when compared to the FY 2024 Amended Budget.

Property

FY 2025 revenues for the Property Fund are budgeted at \$5,428,800, a decrease of \$917,800 when compared to the FY 2024 Amended Budget. This aligns FY 2025 revenues to FY 2025 anticipated appropriations.

Unemployment Self-Insurance

FY 2025 revenues for the Unemployment Fund are budgeted at \$835,500, a decrease of \$516,100 when compared to the FY 2024 Amended Budget. This revenue aligns FY 2025 to the anticipated increase in appropriations.

Expenditures

For the FY 2025 Budget, the Personnel Services Department's appropriations are budgeted at \$69,844,800, an increase of 7.2 percent or \$4,688,900.

The Department's FY 2025 General Fund Budget was reduced by \$60,600 that contributed to balancing the General Fund.

Human Resources Operations

Appropriations in the FY 2025 Budget for Human Resources Operations are budgeted under the General Fund, at \$6,860,900, a decrease of \$241,700 below the FY 2024 Amended Budget. The change is due to a \$237,000 decrease in Professional /Services Consulting.

Workers' Compensation Program

Appropriations in the FY 2025 Budget for the Workers' Compensation Program are established at \$34,591,800, an increase of 39.4 percent or \$9,780,000 when compared to the FY 2024 Amended Budget. In FY 2025 appropriations are aligned to capture all claims including \$10,179,700 in Refunds and Claims along with ADR Settlements to cover all the anticipated claims based on the Actuarial Report.

Liability Program

Appropriations in the FY 2025 Budget for the Liability Program are established at \$19,725,000, a decrease of 8.7 percent or \$1,870,500 below the FY 2024 Amended Budget. The \$1,800,000 decrease in the refunds and claims is due to a transfer out to General City Purpose.

Property Program

In the FY 2025 Budget, total appropriations in the Property Program are budgeted at \$5,421,200, a decrease of 12.7 percent or \$788,000 compared to the FY 2024 Amended Budget. The \$730,200 decrease in the refunds and claims is due to various claims coming to fruition in FY2024.

Unemployment Self-Insurance

In the FY 2025 Budget, total appropriations in the Unemployment Self-Insurance fund are budgeted at \$831,500, a decrease of 1.0 percent or \$8,000 compared to the FY 2024 Amended Budget. This decrease is intended to align expenditures with available resources.

Youth Workforce Development Grant

In the FY 2025 Budget, total appropriations in the Misc. State Grant fund are budgeted at \$2,414,400, a decrease of 47.5 percent or \$2,182,900 compared to the FY 2024 Amended Budget due an expiring one-time grant with a remaining carryover from the prior year.

Personnel Services Department

Staffing

The Department's personnel costs for the FY 2025 Budget are \$7,868,300.

Appropriations account for salary adjustments, step advancements, and contractual obligations driven by the negotiated Memorandum of Understanding (MOU) agreements.

The Department's FY 2025 Personnel Budget includes a General Fund reduction of \$338,000 that corresponds to budgeting their planned attrition savings.

Planning and Development Department

The Planning & Development Department is committed to supporting investment in private property through entitlements and building permits along with a commitment to affordable housing and homeless investments through local, state and federal funding. The Department is divided into divisions and work units to carry out its mission to protect, preserve, and promote existing and future development.

Development Services

Building & Safety Services

Building and Safety Services reviews plans related to fire, life, health, safety, accessibility, and occupancy requirements for compliance with national, state, and local building codes; issues associated with building permits; and conducts inspections.

Current Planning

Current Planning reviews applications and issues entitlements for the development of land within the City limits and the Sphere of Influence. The Division supports the Fresno City Planning Commission, District Project Review committees, and Design Review committees.

Long Range Planning

Long Range Planning is responsible for the formulation and updates of the General Plan, Specific Plans, and Community Plans that guide the City's growth and change in both developed and undeveloped areas. These plans are utilized by the public, other City departments, the Planning Commission, as well as the City Council to plan and build public improvements that will guide private investment, and to improve the quality of life for community residents.

The Division is responsible for engaging the public in the planning processes through a variety of events and activities. In FY 2024,

staff participated in 60 public events connecting with over 5,000 individuals.

Historic Preservation

Historic Preservation supports investment in the City of Fresno through evaluation of properties for historic designation, and support owners in the maintenance and rehabilitation of buildings and structures. To date, 391 referrals of entitlements and building permits have been reviewed with 128 of those occurring in FY 2024.

The Division maintains and administers two economic incentive programs to assist owners of qualified historic properties – the Mills Act Program and the Historic Preservation Mitigation Program. There were ten applications processed in FY 2024 for these programs.

Community Investment

Parking Services

Parking Services' responsibilities include management of City owned on and off-street parking facilities, parking for events at City facilities, issuance of residential parking permits in dedicated areas, enforcement of parking related to the California Vehicle Code and Fresno Municipal Code via citations, parking meter operations, and towing of abandoned, hazardous, and inoperative vehicles left on City streets. A vendor is contracted by the Division to manage daily parking operations at each of the downtown staffed parking facilities. There were 10,933 FresGO requests submitted in 2023, of which 6,686 (61 percent) were for vehicles parked in the right of way for more than 72 hours.

To ensure that downtown visitors have a positive experience, the Parking Division continued to give out friendly notices to first-time expired parking meter offenders in FY2024. The courtesy notice welcomes visitors to Downtown Fresno and provides information on how to pay for parking. The ParkMobile app has been a contributor to allowing ease of parking for residents and visitors and provides a mobile-friendly method to parking in the downtown area. The first warning notices have also been successful in improving compliance.

Parking Services works closely with the various local school districts improving safety efforts surrounding their campuses. The Parking Enforcement Officers proactively patrol City streets while also responding to FresGO requests regarding issues such as abandoned and inoperable vehicles, commercial vehicles in residential areas, semi-trucks and blocked sidewalks, roadways, and alleys. Parking Services responds to approximately 900 requests each month, fortifying and collaborating with other departments to help beautify Fresno.

Community Development

The Community Development Division implements the federal entitlement programs from the U. S. Department of Housing and Urban Development (HUD) that total approximately \$12 million dollars annually, of which approximately \$5.9 million are planned to be made available to the community to support the rehabilitation of existing affordable housing and to construct new affordable housing developments through Community Development Block Grant (CDBG) and HOME Investment Partnerships Program (HOME) funds.

The Division works collaboratively with the Public Works and PARCS Departments as well as area non-profits and other local public and private agencies to further the efforts of housing revitalization, development of affordable housing, community investment, provision of essential public services and homelessness response and prevention. Full detail of this collaboration is summarized under the "Federal Entitlement Funding" section of this book.

Housing Production and Finance

The Unit's primary goal is to increase the production and variety of affordable housing units within the city, including transitional and affordable rental housing, and affordable home ownership. Cumulatively, these Divisions along with the Community Development Division and in partnership with our affordable housing development community have 1,056 affordable housing units planned in 2024, and another 1,146 projected in 2025.

To accomplish the Divisions' goals, they administer the Permanent Local Housing Allocation (PLHA), the Local Housing Trust Fund, and American Rescue Plan Act (ARPA) funds to support transitional and affordable housing development. In FY 2025, approximately \$3 million of these funds are planned to be made available to the community to support new affordable housing developments, in addition to other State and Federal grant resources the City may receive.

Homeless Services

The Homeless Services Unit focuses on improving the quality of life of all Fresno residents, including the unhoused, by addressing homelessness through homeless street response and shelter services. The primary objective of the Unit is to bring a functional end to chronic street homelessness, making it rare, brief, and non-recurring. This Unit also represents the City as a member of the Fresno Madera Continuum of Care, coordinates the City's efforts to achieve its Homeless Housing Assistance and Prevention (HHAP) goals, and seeks other one-time grants from the State of California to provide homeless services.

Homeless Assistance Response Team (HART)

The HART Unit oversees the compassionate response of the City toward the unsheltered community, which includes facilitating outreach, service provision, and housing navigation. This Unit conducts quarterly encampment tallies to ensure services reach where unsheltered residents are living, and also responds to service requests through 3-1-1. The mission of HART is to reduce street homelessness and improve the quality of life for residents and businesses in the City of Fresno through a multi-disciplinary, multi-departmental, multi-jurisdictional, and multi-agency team.

Goals of HART:

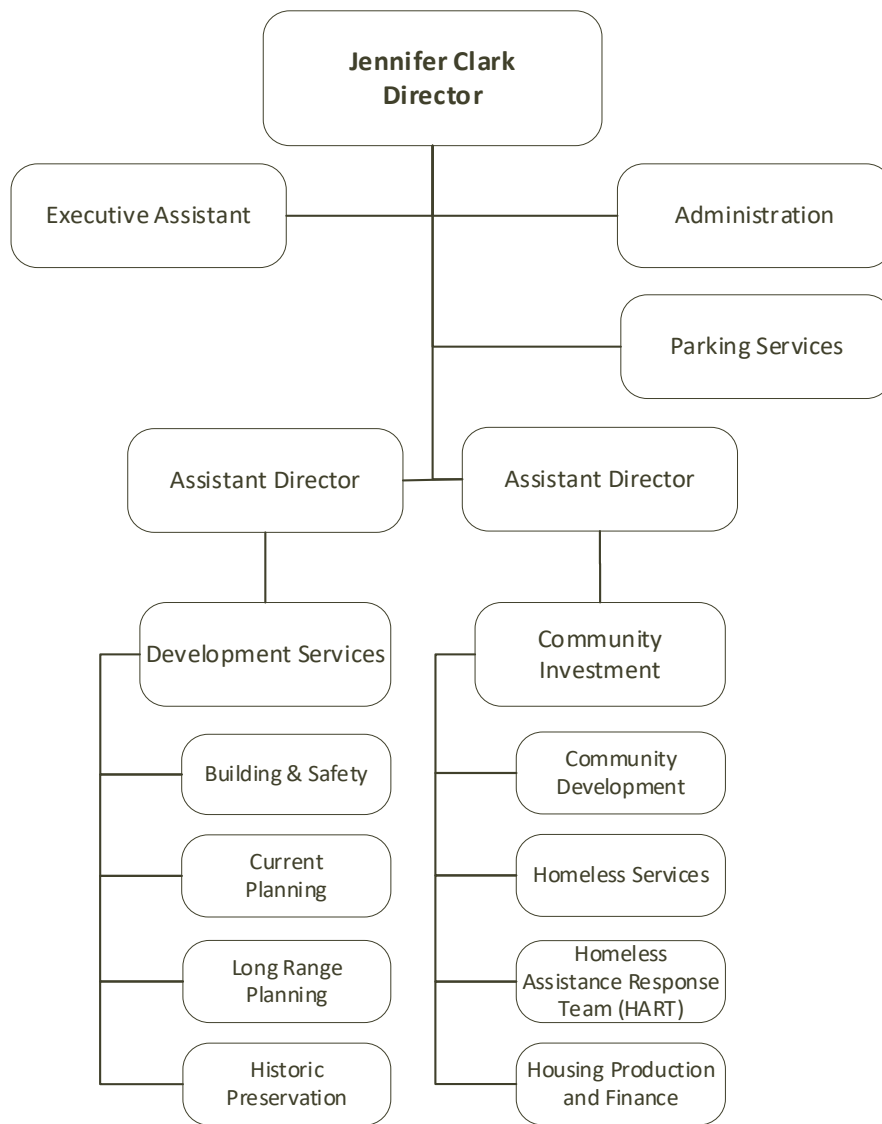

- Protect, assess, and connect unhoused persons and families with permanent housing, resources, and a pathway out of homelessness.

- Promptly resolve the quality of life issues affecting residents and businesses.
- Reduce and manage street homelessness by providing compassionate, responsive, lawful, and effective outreach.

Core Values of HART:

- Affirming human dignity.
- Preserving the quality of life for all residents in the City.

In 2023, HART addressed 9,686 service requests on both public and private properties and coordinated with other Jurisdictions including: The State of California, Fresno Irrigation District, Fresno County, San Joaquin Valley Rail, Union Pacific Rail, and the Fresno Metropolitan Flood Control District. HART strives to continually improve service delivery to all members of the community.

Planning and Development Department Budget Overview

Department Appropriations by Fund Type

<u>Operating</u>	<u>FY 2024 Amended</u>	<u>FY 2025 Proposed</u>	<u>Variance</u>

Service Impacts

Revenues

The Planning & Development Department's Total Available Funding is \$248,169,200, an increase of \$37,154,400 compared to the FY 2024 Amended Budget. Total Fiscal Year Revenues are budgeted at \$219,614,900, or an increase of \$25,913,500 as compared to the FY 2024 Amended Budget. The difference between available revenue and appropriations is due to the recognition of the timing of ARPA funds.

Beginning Balance is budgeted at \$17,257,700, an increase of \$11,097,900 compared to the FY 2024 Amended Budget. The change is a result of a timing effect between planned expenditures for grants and special revenue funds and the collection of revenue reimbursements.

Licenses & Permits are budgeted at \$7,752,900, a decrease of \$4,154,200 compared to the FY 2024 Amended Budget. In FY 2025, cannabis revenues is budgeted under the General City Purpose Department, which accounts for the \$5,381,200 decrease in the Department's revenue. Permit activity in the Department's Development function is projected to increase for both new development and existing structures.

Intergovernmental Revenues are budgeted at \$175,437,600, an increase of \$8,902,200 compared to the FY 2024 Amended Budget. These revenues reflect various federal, state and local sources that are received by the Department including: HUD Entitlements funds (\$56,935,000); Homeless Housing, Assistance and Prevention (HHAP) Grant (\$29,969,200); Permanent Local Housing Allocation Grant (\$7,761,600), Federal and State Housing Grants (\$37,362,300), Homekey

Grant (\$42,009,500) and (\$1,400,000) in local revenues. Intergovernmental Revenues vary based on the availability of funds.

Charges for Services are budgeted at \$11,869,300, an increase of \$210,800 compared to the FY 2024 Amended Budget. The revenue is comprised of charges for services in the Building and Safety, Planning, Administration and Parking Divisions. The charges for services in the Administration, Planning as well as Building and Safety functions mostly reflect inspections, plan check reviews and a General Plan Surcharge, while Parking revenues mostly consist of metered or monthly parking permit fees.

Fines are budgeted at \$1,670,100, an increase of \$736,500 compared to the FY 2024 Amended Budget. Penalties revenues align the budget with projected revenues.

Other Revenue is budgeted at \$741,600, an increase of \$647,400 compared to the FY 2024 Amended Budget. Lease revenue is increasing by \$414,200 for parking leases. In addition, Loan Repayment revenue is increasing by \$245,200 in the Neighborhood Stabilization Program.

Miscellaneous Revenue is budgeted at \$21,028,500 or a \$19,617,400 increase compared to the FY 2024 Amended Budget. The increase is due to a \$20 million Section 108 loan for the construction of a Senior Center.

Transfers are budgeted at \$1,114,900, a decrease of \$45,700 compared to the FY 2024 Amended Budget. Transfers are mostly comprised of a transfer in of \$1,500,000, or 100.0 percent of the real estate tax, for the continued funding of the Housing Trust Fund. Additionally, a \$385,100 net transfer out is

budgeted to fund the events parking agreement with the Convention Center.

Expenditures

The Planning & Development Department's budgeted appropriations total \$263,001,900 which is an increase of \$19,788,200 from the FY 2024 Amended Budget.

In FY 2025, General Fund (GF) Type appropriations are \$61,872,700 or an increase of \$20,837,100. Of the total, \$9,164,100 is budgeted in the Housing General Fund, \$20,000,000 in Senior Center HUD Section 108 and \$32,708,600 in GF appropriations. GF appropriations include \$19,980,700 for Personnel Costs, \$7,612,700 for Non-Personnel Costs and \$5,115,200 for Interdepartmental Charges for Services. General Fund appropriations are decreasing by \$3,227,900.

The Department's FY 2025 General Fund Budget was reduced by \$1,279,600 that contributed to balancing the General Fund.

Significant changes in the Department's non-Personnel Budget are:

General Plan Update

The City's General Plan will be 10-years-old in December of 2024 and state law requires these plans to be updated approximately every 10 years. In FY 2025, the Department's budget includes \$100,000 in new GF appropriations and will repurpose \$100,000 in existing appropriations to fund the next phase of the General Plan planning process, which would cover existing conditions analysis, map atlas and up to 5 white papers/technical studies on key topics required in new state law.

Downtown Security Program

In FY 2024, the Department's budget included \$1.2 million to augment the City's Downtown

Security Program and address damage from vandalism and break-ins due to a lack of security. The security plan includes standing security guard or officers at all 5 parking garages and a patrol guard for 8 surface lots; this has been effective in decreasing vandalism and reducing transient traffic in the garages. To fully fund the program, the FY 2025 budget includes \$270,000 in the GF.

Accela

In FY 2025, \$700,000 of GF Accela costs were moved from the Department to ISD. Beginning in FY 2025, ISD will centralize Accela costs and allocate to users City-wide.

The Interdepartmental Services' (ID) Budget is \$6,862,000, which is a decrease of \$1,373,300 compared to the FY 2024 Amended Budget. Significant changes include:

- \$753,600 increase in Info Systems Equipment Charge. ISD Centralized Accela costs and allocated to City-wide users.
- \$519,600 increase in the newly established ISD Centralized EE Charges for IT personnel and ancillary costs moved to ISD and offset by a corresponding reduction in personnel costs.
- \$403,100 increase in Liability Self-Insurance Charges.
- \$320,100 increase in Overhead charges.
- \$122,700 increase in 311 Fixed ID Service Charges, which were previously budgeted in Info Systems Service Charge.
- \$2,521,300 decrease in Facility Non-recurring Special Projects that correspond with a one-time prior year project request.
- \$217,700 decrease in Property Self-Insurance Charges.
- \$183,900 decrease in City Hall rent due to the retirement of City Hall debt service.
- \$158,300 decrease in information Systems Service Charges.

- \$115,600 decrease in Fleet Lease/Purchase Payment corresponding to the Fleet lease payment schedule.
- \$107,100 decrease in Security Assessment charges.

One-time FY 2025 Appropriations

The FY 2025 Budget excludes \$1,579,000 in one-time FY 2024 appropriations. Below is a summary of one-time FY 2024 expenditures:

- \$475,000 for Council Motions funding the West Area Neighborhood and Tower District Specific Plans.
- \$500,000 for the first phase of the General Plan Update.
- \$100,000 for the Southeast Development Area Specific (SEDA) Plan.
- \$340,000 for Accela SaaS Migration to a cloud based service.
- \$164,000 for Electric Vehicle (EV) Charging Cabinets.

Senior Center

In previous fiscal years, the City used CDBG funds to acquire land at 4343 N. Blackstone to develop a Senior Activity Center. The City planned to develop a 30,000 square foot center that would provide recreation and enrichment activities to seniors in Fresno. The center's main features would be determined through a community outreach process. The City identified HUD's Section 108 Loan as a key financing component for the estimated \$25 million construction cost.

In September 2023, the City Council approved the City's Section 108 Loan application to HUD for \$20 million to develop the Senior Activity Center which was subsequently approved by HUD in October 2023. The City anticipates receiving the \$20 million in loan proceeds in FY 2025 for the construction costs of the Senior Activity Center. Any additional funds needed

for the construction of the Senior Activity Center will be identified at a later date, but may include Measure P or other non-general fund sources.

Special Revenue Funds

The Department is the recipient of multiple federal, state and local grants including: HUD Entitlements (a more thorough description of the program is available in the "Federal Entitlement Funding" section of this document), Housing Grants, Home-ARPA, etc. These funds are "use specific," which requires the Department to budget grants according to grant guidelines.

FY 2025 appropriations for these funds total \$198,451,900 or a decrease of \$3,726,200. Below is a summary of the Department's Special Revenue funds:

HUD Funded Activity

The FY 2025 Federal Entitlement Program was reviewed by Council in May 2024, and approval is anticipated prior to June 30, 2024. The Department's FY 2025 HUD Program Budget totals \$56,592,600 or an increase of \$3,313,000. Significant changes in the HUD programs are as follows:

- \$19,833,200 for the CDBG program and includes \$7,204,100 for the FY 2025 Program Budget and \$12,629,100 in carryover budget from prior years. CDBG funding supports community development activities to build stronger and more resilient communities. Due to prior year expenditures, the carryover budget is increasing by \$3,027,000.
- \$15,083,000 for the HOME Fund, which includes \$4,088,600 for the FY 2025 Program Budget and \$10,994,400 in carryover budget from prior years. The HOME program funds affordable housing

activities. Due to prior year expenditures, the carryover budget is increasing by \$313,600.

- \$1,236,200 for the Emergency Solutions Grant (ESG) Fund, which includes \$601,100 for the FY 2025 Program Budget and \$635,100 in carryover from prior years. ESG Funding is designed to assist people with quickly regaining stability in permanent housing after experiencing a housing crisis and/or homelessness. Due to prior year expenditures, the carryover budget is increasing by \$194,600.
- \$2,018,500 for the Housing Opportunities for Persons with AIDS (HOPWA) Fund, which includes \$990,200 for the FY 2025 Program Budget and \$1,028,300 in carryover budget from prior years. The HOPWA Program provides housing opportunities for low-income persons living with HIV/AIDS and their families. Due to prior year expenditures, the carryover budget is increasing by \$126,000.
- \$11,919,600 for the HOME-ARPA Funds, which is equivalent to the FY 2024 Amended Budget. Like HOME Funds, HOME-ARPA program funds are designated for affordable housing activities.
- \$5,402,100 for CDBG-CV Funds, which is equivalent to the FY 2024 Amended Budget. The focus of this funding source is to prevent, prepare for, and respond to the spread of COVID-19.
- \$1,100,000 for the remaining balance for the Neighborhood Stabilization Program.

Grant Programs and other Housing Funds

Grant related appropriations are budgeted at \$141,859,300. These appropriations are mainly comprised of:

- \$29,903,600 for the Housing Homeless Assistance Prevention (HHAP) Program. The state grant provides local jurisdictions with funds to support regional coordination and expand or develop local capacity to address their immediate homelessness challenges.
- \$7,761,600 for the Permanent Local Housing Allocation Grant. This state grant provides a permanent source of funding to all local governments in California to help cities and counties implement plans to increase the affordable housing stock.
- \$39,338,800 for Miscellaneous state grants, including various state grants such as Local Early Action Planning, Local Housing Trust Fund Program funds and Encampment Resolution Funding.
- \$41,834,500 for Homekey projects. Homekey is an opportunity for state, regional, and local public entities to develop a broad range of housing types, including but not limited to hostels, motels, hotels, single-family homes and multifamily apartments, adult residential facilities, manufactured housing, and to convert commercial properties and existing buildings to permanent or interim housing for the target population. The City will invest these funds to convert buildings into permanent/interim housing. Below are the budgeted projects:

- \$1,934,900 Ambassador Inn,
- \$2,217,300 Villa Motel,
- \$2,639,300 Parkway Inn,
- \$2,521,200 Valley Inn,
- \$948,900 The Park,
- \$21,983,700 VTR Welcome Home,
- \$9,589,200 City Studios
- \$2,123,000 in National Settlements funds. Recently, agreements have been reached to resolve opioid litigation brought by states and local political subdivisions

against pharmaceutical companies. Under the settlements, the funds must be used for abatement of the opioid epidemic. The amount budgeted will be invested to support shelter operations. These funds will support one shelter with approximately 40 beds, and enable the City to maintain (not reduce) the City's planned shelter bed capacity.

- \$16,308,000 for re-budgeted ARPA funded projects housing projects.

Planning and Development Department

Staffing

The Department's Personnel Budget totals \$26,920,300, which is an decrease of \$3,053,500 compared to the FY 2024 Amended Budget.

The Department's FY 2025 Personnel Budget includes a General Fund reduction of \$2,100,700 that corresponds to budgeting their planned attrition savings.

The FY 2025 Personnel Budget also accounts for step advancements, annualized partial prior year positions that were approved at either .50 or .75 FTEs, and contractual obligations driven by negotiated Memorandum of Understanding (MOU) agreements and the following:

Department Staffing Detail

Police Department

The Fresno Police Department (FPD) is committed to increasing the quality of life in our community by reducing the fear of crime and working together with the community to ensure our citizens are heard and valued. Communication is essential for building trust and addressing the needs of our residents. Not only is the lowering of violent crime important, but it is also imperative we strive to decrease nuisance crime such as petty larceny, vandalism, graffiti, and trespassing through innovative strategies. Improving safety and security for the everyday resident as well as the business community are top priorities to minimizing fear and supporting a thriving community. In 2023, the City of Fresno experienced a 42.0 percent decrease in murders, and an 18.0 percent decrease in shootings. Additionally, rape was down by 18.8 percent, business burglaries were down by 44.2 percent, and residential burglaries were down by 25.1 percent.

To prevent crime, the FPD identifies trends at an early stage through the analysis of crime data utilizing sophisticated technology, intelligence gathered on-scene, and thorough crime analysis. Strategies are then developed, and resources deployed to impact these trends quickly and efficiently. Immediate and thorough investigative follow-up is conducted to apprehend those responsible. Problem Oriented Policing (POP) and District Safety Team (DST) Officers identify and focus their efforts on locations responsible for the highest number of repeat calls for service and use

creative, collaborative strategies to minimize these calls from reoccurring. In turn, officers are provided more time to handle emergency calls for service, engage in proactive enforcement and community policing activities.

To prevent traffic collisions, side shows and street racing, Department members develop strategies to address collision trends while supervisors deploy traffic officers and members of the Street Racing/Impaired Driving Team to locations with the highest probability of collisions and side-shows. FPD is a professional organization that prides itself on delivering the highest level of quality service possible. Department members and volunteers are dedicated public servants who care deeply about neighborhoods and serve with compassion, honesty, and sincerity. Each member is committed to the overall mission of enhancing safety, service, and trust within our community.

In FY 2024, FPD implemented three additional resources to help with the reduction of violent and property crimes – vehicle burglaries, vandalism, theft, etc. The resources are the Central Valley Crime Gun Unit, District Safety Teams, and the Park Ranger Program. Lastly, FPD was fortunate to acquire a \$23M Organized Retail Theft grant from the State, which will enable the creation of the Central Valley Organized Retail Theft Task Force, add and equip 25 police officers to work on lowering retail theft, and acquire millions of dollars in equipment and technology to help in this important effort.

Department members value and continually seek to establish partnerships with members of the community through programs such as Bringing Broken Neighborhoods Back to Life, Youth Advisory Forums, Teen Academy, Fight Girl Fitness, Live Again Fresno, Advanced

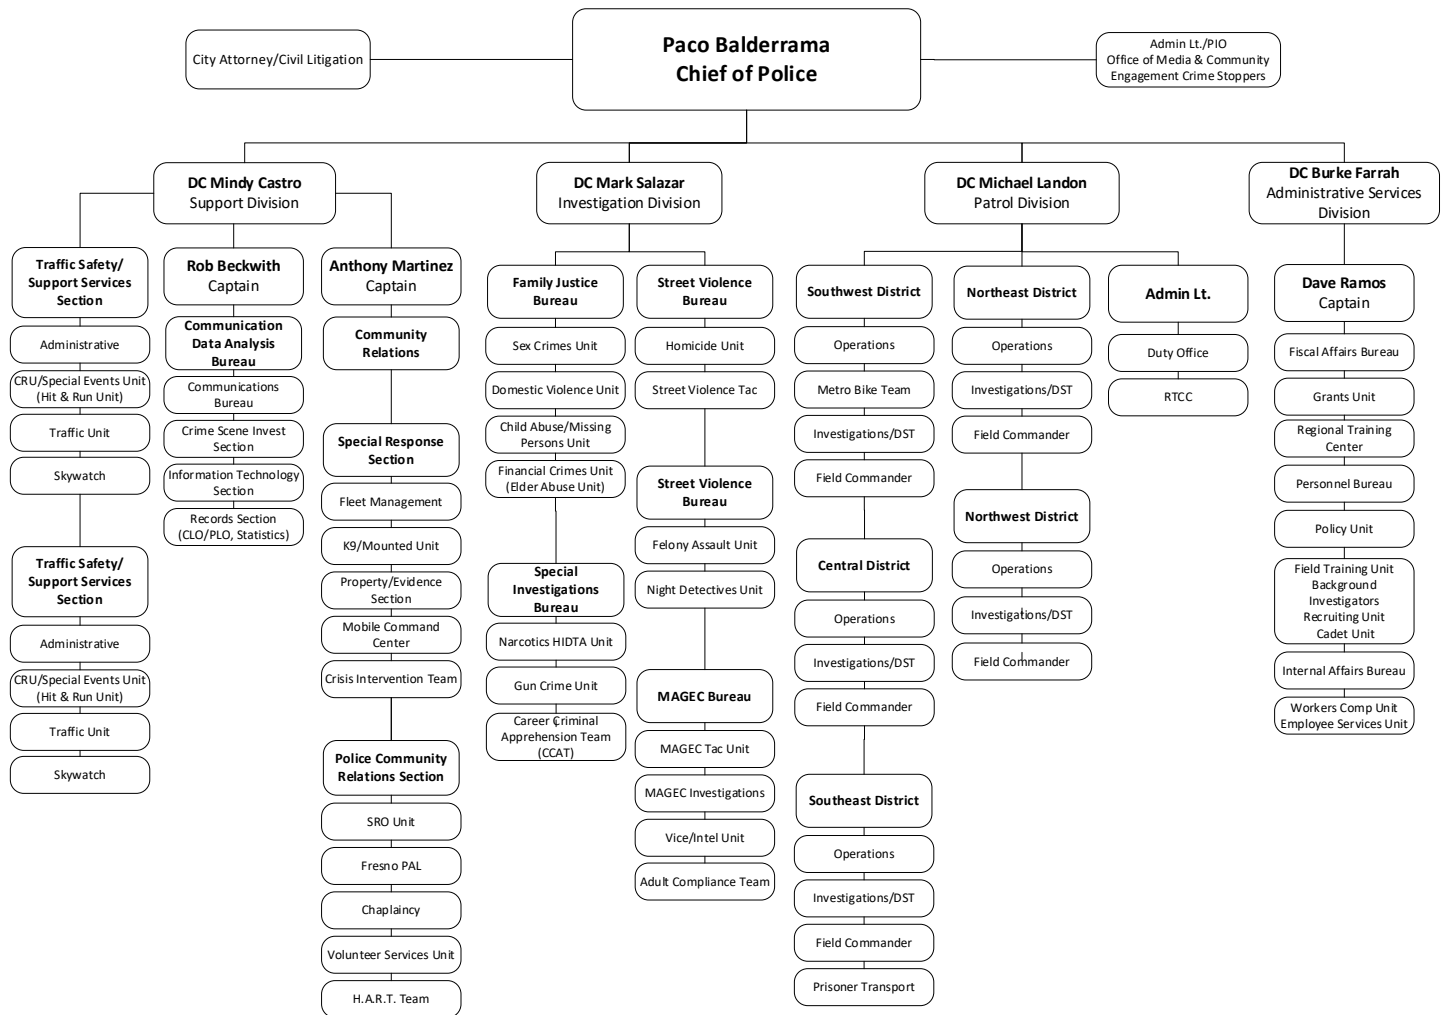

Police Department

Peace (which works closely with MAGEC), Resiliency Center of Fresno, Gaston Middle School Youth Leadership Program, Crime Stoppers, Neighborhood Watch, Fresno Police Activities League (PAL) and the Residents' Police Academy. Maintaining the confidence, support, and trust of our community is the foundation for our success.

FPD is committed to recruiting the most qualified candidates who are reflective of the community demographics and providing them with the training, technology, and equipment allowing them to do their job safely, effectively, and efficiently. FPD serves the 9th most diverse city in the country, and the make-up of our police force reflects that diversity.

The Fresno Police Department continues to explore evolving technology through the Real Time Information Center, ShotSpotter gunshot detection system, as well as FLOCK fixed and mobile automated license plate reader technology, and high-definition camera systems.

In addition, over 700 Axon body worn cameras are being utilized by uniformed Patrol officers. Currently, every uniformed officer has been issued a body worn camera allowing for additional evidence to be gathered for prosecution purposes and to provide a more accurate accounting of the interactions that occur between officers and citizens.

Police Department	159900014 - SE District Police Station	Capital	21,200

Service Impacts

Revenues

The Police Department's Total Available Funding is \$281,680,100. Total Fiscal Year Revenues are budgeted at \$43,191,300.

The Beginning Balance is budgeted at \$1,514,700, a decrease of \$756,700 from the FY 2024 Amended Budget. The change is a result of a timing effect between planned expenditures for grants and special revenue funds and the collection of revenue reimbursements.

Licenses & Permits are budgeted at \$64,000 or \$14,000 above the FY 2024 Amended Budget. Budget revenues mostly reflect anticipated Live Scan, Concealed Carry Weapons (CCW) permit, and Club One cardroom revenues.

Intergovernmental Revenues are budgeted at \$20,765,800, a decrease of \$2,492,000 from the FY 2024 Amended Budget. The revenues reflect anticipated federal, state, and local grants as well as contracts with local school districts. The change can be attributed to increases of \$3,987,500 from local school district contracts, offset by a decrease of \$5,144,800 in state grants to align the Board of State and Community Corrections (BSCC) Organized Retail Theft Prevention expenditures with the Fiscal Year Budget, \$1,269,500 decrease in federal resources due to the end of the Sexual Assault Kit Initiative (SAKI) 2020 grant, and \$289,400 decrease in county reimbursements.

Charges for Services are budgeted at \$10,625,600 or \$932,300 above the FY 2024 Amended Budget. The revenue is comprised of contracted services, public safety alarm fees, and vehicles releases. The increase is mostly due to the budgeting of Street Racing impound and tow fine revenues in the amount of

\$298,300 and a \$794,200 increase in Contracted Services.

Fines are budgeted at \$352,600, a decrease of \$1,049,100 from the FY 2024 Amended Budget for anticipated forfeiture revenue. The decrease is mostly due to the budgeting of Street Racing impound and tow fine revenues in Charges for Services. These revenues also include fines and penalties to be collected in FY 2025.

Other Revenue is budgeted at \$122,300, an increase of \$5,300 from the FY 2024 Amended Budget. The increase is related to interest revenues.

Interdepartmental Charges for Services are budgeted at \$2,600 or a decrease of \$2,400 from the FY 2024 Amended Budget. The revenues are generated from services provided to other departments.

Miscellaneous Revenue is budgeted at \$9,294,400, or an increase of \$9,227,400 from the FY 2024 Amended Budget. The revenues are primarily generated from Bond Sales Proceeds for the construction of the 911 Call Center and the Property & Evidence Section Warehouse (PECS).

Transfers are budgeted at \$1,964,000, an increase of \$1,053,100. FY 2025 transfers include \$1,020,000 for Police Public Safety Improvements, \$1,208,800 for on-going bond payments, \$30,000 for the Regional Training Center (RTC) land lease payment and \$294,800 from P.O.S.T. funds to General Fund for the RTC lease payment.

Expenditures

The Police Department's Budget totals \$288,364,100 or \$2,887,700 or 1.0 percent above the FY 2024 Amended Budget. The overall increase was due to a \$4,078,600 net growth in personnel costs due to MOU related growth reduced by attrition savings. The Personnel growth was partially offset by a \$1,190,900 decrease in non-personnel and interdepartmental costs that were budgeted under non-General Fund sources (i.e., FY 2024 Budget included Fleet acquisitions under State and Federal grants).

In FY 2025, total General Fund (GF) appropriations are \$255,932,800, which includes \$5,341,200 in Contract Law Enforcement Services. GF appropriations are budgeted at \$250,591,600 and include \$205,981,600 for Personnel Costs, \$8,350,300 for Non-Personnel Costs, and \$36,259,700 for Interdepartmental Charges for Services.

The Department's FY 2025 General Fund Budget was reduced by \$583,700 that contributed to balancing the General Fund.

Significant changes in the Department's Budget are:

Contractual Agreements

The Department's Budget includes appropriations to cover contractually obligated increases.

Below is a list of the increases:

- \$706,000 for the Axon Body Workforce Camera (BWC) Agreement;
- \$206,300 to cover anticipated PG&E rate increases;
- \$40,000 for the Fresno County District Attorney (FCDA) Regional Forensic Crime Lab contract for access to computer and software at the Regional Crime Lab;

- \$33,600 for Janitorial services for the Department's offices;
- \$5,300 for the Northwest Policing District building lease;
- \$3,700 for the Skywatch hangar lease.

Skywatch Helicopter

The Department's Budget includes \$300,000 for one biannual lease payment to replace one of the helicopters that is over 20 years old. The helicopter has reached the end of its useful life and is becoming more difficult to find replacement parts when repairs are needed.

Contracted Service

The Police Department administers the Contract Law Enforcement Services (CLES) program through which the public can hire an officer for private events at contract rates established by the Master Fee Schedule. Contract revenues in this fund offset any program expenditures. FY 2025 appropriations total \$5,341,200 for this service.

The Interdepartmental Services' (ID) budget is \$38,091,400 or \$656,500 above the FY 2024 Amended Budget. Below are significant variances:

- \$3,021,900 increase in Liability Self-Insurance Charges;
- \$1,491,200 increase in the newly established ISD Centralized EE Charges for IT personnel and ancillary costs moved to ISD and offset by a corresponding reduction in personnel costs;
- \$925,500 increase in Fleet Lease/Purchase Payments;
- \$479,500 increase in Fleet Services Charges;
- \$454,200 increase in RF Comm Fixed Services Charges;
- \$223,800 increase in Info Systems Equipment Charges;

- \$150,300 increase in ERP Replacement Charges;
- \$1,913,800 decrease in Fleet Acquisition-New/Add/Upgrade as these expenditures were budgeted in Fleet Lease/Purchase Payments;
- \$948,700 decrease in Info Systems Service Charges;
- \$701,900 decrease in Replacement/Leased Computers;
- \$496,200 decrease in Property Self-Insurance Charges;
- \$494,400 decrease in 10C and 10X charges;
- \$409,900 decrease in Charges for Telephone Services;
- \$408,600 decrease in Facilities Management Charges;
- \$321,600 decrease in Non-recurring Facilities Special Projects;
- \$234,500 decrease in Fleet Fuel Charges;
- \$190,500 decrease in Network Replacements Charges.

Special Revenue/Grant Program

Special Revenue/Grant related appropriations are budgeted at \$30,202,500. These appropriations are mainly comprised of:

- \$9,833,000 is budgeted in the Miscellaneous State Grant – Police Fund which includes the Law Enforcement (LE) Specialized Unit Program Domestic Violence Grant, Prop 64 Cohort 2 Grant, and the newly awarded Organized Retail Theft (ORT) grant from the BSCC.
- \$1,990,700 is budgeted in the Patrol Support Fund, which is used to track the Department's contract revenues and expenditures for audit. In FY 2025, these contracts include the Crisis Intervention Team (CIT) contract with the County of Fresno; Court-Ordered Decisions for Life (DUI) Program; AB109 contract with the County for the ACT Adult Compliance Team; AB109 contract with the County for a MAGEC Team; Alcohol, Tobacco and Firearms (ATF) Taskforce overtime reimbursement contract; and a small amount is budgeted under Skywatch for the sale and replacement of obsolete helicopter parts.
- \$1,757,900 is budgeted in the Miscellaneous Federal Grant – Police Fund, which is comprised of the following grants: Housing and Urban Development (HUD) FY 25, FY 21 Community Policing Development (CPD) De-Escalation, SAKI 2020, SAKI 2021, Project Safe Neighborhoods (PSN) 22 and COPS 22. Highlighted efforts of select grants are detailed below:
 - The COPS grant funds 33.4 percent of 12 sworn officers dedicated to the Metro Bike Unit;
 - The SAKI grant funds investigation of lawfully owned DNA;
 - The PSN 22 funds the purchase of software, hardware, and maintenance services for coordinated enforcement operations and prosecution via existing Fresno Project Safe Neighborhoods.
- \$1,503,300 for the remaining balance of the FY 2023-2024 State Law Enforcement Services Account (SLESA) cycle as well as the FY 2024-2025 Grant cycle. The purpose of SLESA is to supplement front-line law enforcement services. The spending plan includes professional services such as sexual assault kits for DNA analysis, ballistic vests, ammunition, body cameras, radios, Multi-Agency Gang Enforcement Consortium (MAGEC) office rent and utilities, Skywatch "Air Support Unit" operational equipment and repair costs, training as well as special unit needs.
- \$1,032,700 corresponds to training related activities in the P.O.S.T. fund including Police Officer Standards Training (P.O.S.T.), Academy contract with Fresno City College, and RTC contract activities.

- \$531,100 has been budgeted in the Asset Forfeiture Fund (AFF) for Police Administrative Citations.
- \$230,300 for the remaining balance of the Bureau of State and Community Corrections (BSCC) funding, which was last funded in FY 2017. The FPD is the fiscal agent for this regional funding and has earmarked funds for county-wide Crisis Intervention Training as well as pass-through funding for each of the remaining 12 municipal law enforcement agencies in Fresno County.
- \$202,300 for the Justice Assistance Grant, which funds tactical equipment, officer safety equipment, special unit operation (5-9, SWAT, Traffic), and equipment needs, safety equipment as well as Skywatch operations and maintenance.
- \$184,000 is budgeted in UGM Police Citywide Facility Fee Fund for the PECS Warehouse and Northwest Station leases.
- \$128,700 for the Homeland Security Grant (HSG) from the Department of Homeland Security to purchase related equipment.
- \$108,600 is budgeted in the PD National Air Guard RTC Fund for various repairs throughout the facility and range, including but not limited to irrigation and landscape maintenance.
- \$21,200 is budgeted in the Southeast Police Station Fund for landscape and grounds maintenance.

Organized Retail Theft Prevention Grant

Consistent with the Mayor and the Police Chief's crime reduction and economic development goals, the Department will continue to focus efforts on reducing both violent crime and property crime to send the message to businesses that Fresno is a safe community where businesses can thrive. With \$23,663,194 in grant funding (of which \$15.6 million is allocated to FPD), the ORT grant supports local law enforcement agencies in preventing and responding to organized retail theft, motor vehicle or motor vehicle accessory theft, or cargo theft within the cities of Fresno and Clovis through a collaborative task force with the following agencies:

- Fresno Police Department (FPD)
- Clovis Police Department (CPD)
- Fresno County Probation Department (FCPD)
- Fresno County District Attorney's Office (FCDA)

The Department was able to secure 800 licenses for local business to stream their videos directly into the department's Regional Training Information Center (RTIC). Having this collaboration will allow detectives to obtain videos of crimes more quickly and efficiently, resulting in higher solvability.

American Rescue Plan Act (ARPA) Grant

The Department's budget includes \$3,393,600 in ARPA funding for the Police Department Headquarters (PDHQ) and Police vehicles specifically:

- \$3,223,600 for PDHQ;
- \$170,000 for Police Vehicles.

Debt Service Funds

FY 2025 appropriations for Debt Service funds total \$2,228,800, which is budgeted to cover the anticipated debt service payment in the Public Service Impact Fee Bond Debt Service Fund for Public Safety Improvement projects 1 & 2:

- \$9,255,100 for the 911 Dispatch Call Center

These payments are funded 49.0 percent from the Police Impact Fee Fund and 51.0 percent by General Fund.

Capital Funds

FY 2025 appropriations for Capital funds total \$30,000. The amount is for the RTC land lease payment, which is funded by the UGM Police Citywide Facility Fee Fund.

Police Department

Staffing

The Police Department's Personnel Budget totals \$217,351,100 or \$4,096,600 above the FY 2024 Amended Budget. The FY 2025 Budget includes 926 sworn officer positions in the FPD, which is the highest number of sworn officer positions in the City's history.

The Department's FY 2025 Personnel Budget includes a General Fund reduction of \$11,618,700 that corresponds to budgeting their planned attrition savings.

The FY 2025 Personnel Budget accounts for step advancements, annualized partial prior

year positions, and contractual obligations driven by negotiated Memorandum of Understanding (MOU) agreements. In addition, the changes below impact the Department's Personnel Budget:

Student Resource Officer (SRO) Program

The FY 2025 Budget includes a \$213,600 SRO Agreement for \$170,550 for one Police Officer at 0.95 FTE, \$31,900 for one Sergeant at 0.15 FTE and the following Non-Personnel costs: \$10,800 for the lease payment of one (1) patrol vehicle lease cost and \$350 other ancillary costs for the Fresno County Superintendent of Schools (FCSS) Agreement.

Department Staffing Detail

Position Summary					
Division	FY 2023 Adopted	FY 2024 Adopted	FY 2024 Amended	FY 2025 Changes	FY 2025 Proposed

Department Appropriations by Fund Type

1. Data may not add to the totals due to rounding

Department of Public Utilities

The Department of Public Utilities (DPU) provides reliable, efficient, affordable water, wastewater, and solid waste services. The DPU mission is to deliver high quality utility services professionally, efficiently and in an environmentally responsible manner to ensure the health and safety of our community.

Administration

The Administration Division coordinates the City's utility services including oversight and support of its operating divisions in the areas of strategic business planning, performance improvement, resource management, organizational development, personnel and labor relations, fiscal management, and interagency coordination. The Utility Planning and Engineering section (UP&E), within Administration, oversees capital project identification, project management, developer support services, and utility plan reviews.

Water

The Water Division is responsible for delivering a reliable supply of safe, high quality, and affordable water to both city and county customers in the Fresno metropolitan area for domestic, commercial, institutional, and industrial use. More than 38.2 billion gallons were delivered in 2023 to 139,800 customer accounts (142,700 service connections) through approximately 1,900 miles of water mains that

met mandated state and federal drinking water standards. This consisted of 16.5 billion gallons of groundwater pumped from nearly 260 wells and 21.7 billion gallons of treated surface water from the Northeast Surface Water Treatment Facility (Behymer and Chestnut), the Southeast Surface Water Treatment Facility (Olive and Fowler), and the T-3 Water Storage and Surface Water Treatment Facility (Dakota and Armstrong). Overall, this was an average of 104.5 million gallons per day (MGD).

The water supply for treatment and recharge is assured through the purchase and utilization of surface water allocations from both the U.S. Bureau of Reclamation at Friant Dam and the Fresno Irrigation District from the Kings River, and an active conservation program. As a result of long-range planning and strategic investments in capital improvement projects, the City is able to meet current and future water demands, improve water supply reliability, and replenish the groundwater by fully implementing a balanced conjunctive use water management program.

In addition, the Division remains committed to outstanding customer service, extensive planning efforts, employee development, innovative use of technology, and keeping water rates among the most competitive in the state.

Solid Waste

The Solid Waste Management Division (SWMD) is responsible for keeping the city clean in the collection of trash, recyclable materials, green waste/organics material; daily cleanup of illegal dumping and litter removal; and the annual Operation Clean Up (OCU) service for City residents.

Under the SWMD umbrella, the Beautify Fresno program hosted 150 cleanup and beautification

events, with over 9,000 volunteers picking up more than 125,000 pounds of trash, removing over 200,000 square feet of graffiti, and planting over a hundred trees. Beautify Fresno launched a new program for local students in FY 2023, establishing Beautify Fresno Clubs across the city. The Beautify Fresno Quad teams, partially funded in FY 2024, function primarily in a proactive manner, removing trash on city roadways.

The sanitation section of the Homeless Assistance Response Team (HART) under Solid Waste continues to successfully partner with Code Enforcement in the City Attorney's Office, the Police Department and other City personnel. This team continues to respond to multiple homeless related locations daily for property storage service, encampment downsizing and/or relocation, and litter control of the surrounding area.

The Recycling Program has a constant presence in the community, guiding our residents through the process of how to recycle correctly at home and the importance of recycling. Over the last year, the Program reached 11,490 students; collected 5,175 gallons of used motor oil and 13,250 used motor oil filters; and aided in the roll out of the City's new SB1383 organics program.

The Solid Waste Management Division remains committed to the ongoing beautification of the City and the protection of the environment through reliable residential weekly collection service, the annual Operation Clean Up program, regular offering of Free Dump events, ongoing recycling outreach and education, and the maintenance of affordable solid waste rates that are among the lowest in the state.

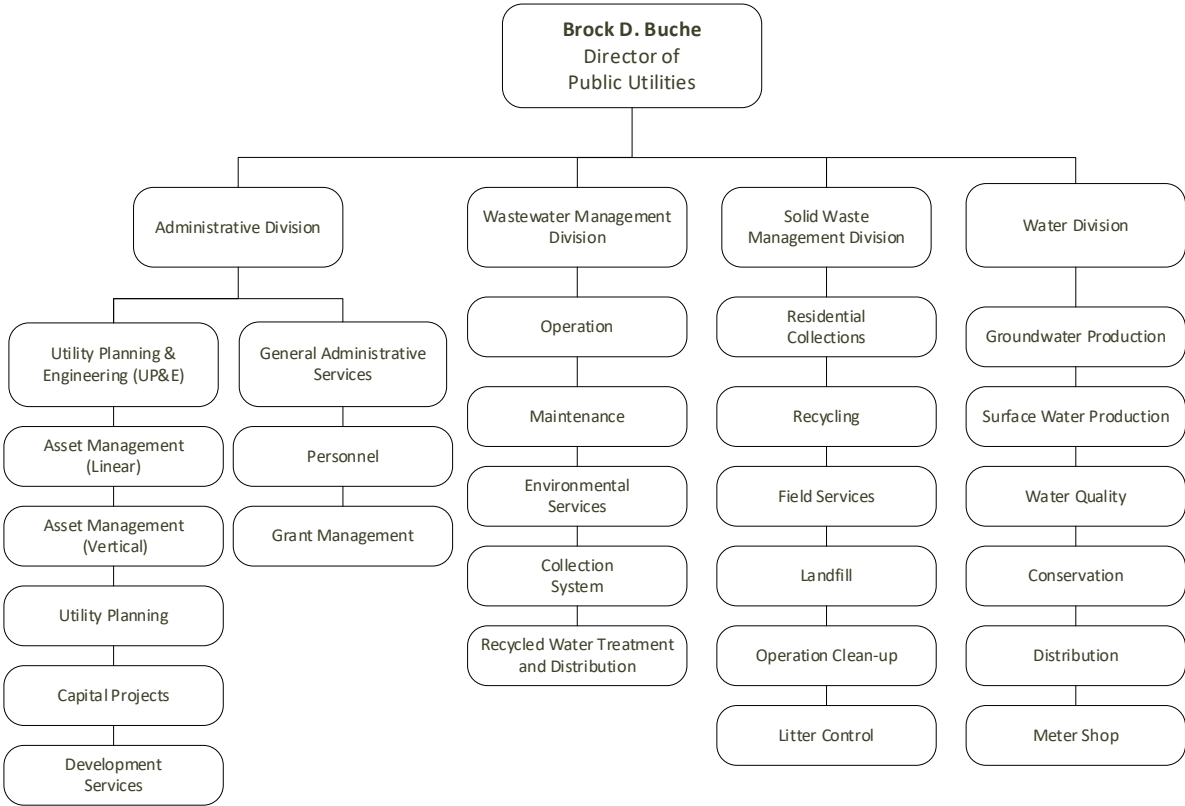

Wastewater

The Wastewater Management Division is responsible for the collection, conveyance, treatment, and reclamation of wastewater generated by the residential, commercial, and industrial sewer customers in the Fresno-Clovis Metropolitan area. The majority of wastewater from homes and businesses in the metropolitan area travels through approximately 1,600 miles of sanitary sewer lines to the Fresno-Clovis Regional Wastewater Reclamation Facility (RWRF) located in Southwest Fresno. The RWRF treats an average of 58 million gallons of wastewater per day.

The North Fresno Wastewater Reclamation Facility provides wastewater treatment to an area of Northeast (NE) Fresno and provides recycled water for landscape irrigation in NE Fresno.

The five MGD tertiary treatment and disinfection facility located at the RWRF has been operational since 2017 and producing recycled water for irrigation use. The recycled water distribution system currently extends throughout the southwest and downtown areas, and presently serves two cemeteries, Roeding Park, RWRF landscape irrigation, and agricultural crops adjacent to the Fresno-Clovis RWRF.

Through the Industrial Pretreatment Program and the efficient and innovative operation and maintenance of the wastewater treatment and reclamation facilities, as well as the collection system, the Division ensures compliance with federal and state regulations and permitting requirements while providing safe and reliable utility service consistent with customer, public health and ecological needs.

Department of Public Utilities Budget Snapshot

Operating and Capital Appropriations by Fund Type

<u>Operating</u>	<u>FY 2024 Amended</u>	<u>FY 2025 Proposed</u>	<u>Variance</u>
General Fund	2,562,600	1,541,800	(1,020,800)

Service Impacts

Revenues

The Department of Public Utilities' (DPU) FY 2025 resources total \$628,661,200, 0.6 percent or \$3,951,700 less than the FY 2024 Amended Budget of \$632,612,900.

Beginning Balances are budgeted at \$344,401,800, 1.4 percent or \$4,801,600 more than the FY 2024 Amended Budget. This is attributable to an increase in operating revenue in the Water Division and Wastewater Management Division.

Intergovernmental revenues are projected to be \$3,646,500, 84.5 percent or \$19,824,600 less than the FY 2024 Amended Budget. The decrease is attributable to a \$20,000,000 State grant awarded in FY 2024 for the Downtown Redevelopment Water and Sewer Improvements.

Charges for Services for Water, Wastewater and Solid Waste are budgeted at \$252,767,800, 2.5 percent or \$6,245,700 more than the FY 2024 Amended Budget. The revenues assume the existing rate structures. The cumulative increase is reflective of current revenue receipt trends and accounts for anticipated growth in the Water Management Division and Wastewater Management Division.

Other Revenues are budgeted at \$8,477,000, 40.0 percent or \$2,422,900 more than the FY 2024 Amended Budget. The majority of this amount reflects increases to interest to more accurately reflect actual receipts.

Interdepartmental Charges for Services are budgeted at \$4,701,900, 23.6 percent or \$899,100 more than the FY 2024 Amended Budget. The increase is intended to align

available resources to anticipated appropriations in the Administration Division.

Miscellaneous Revenues are budgeted at \$10,128,600, 15.5 percent or \$1,355,700 more than the FY 2024 Amended Budget. This amount is mainly attributable to a \$1,056,400 loan repayment from the Solid Waste Management Division to Wastewater Management Division scheduled in FY 2025.

Transfers are budgeted at \$2,995,800, 64.0 percent or \$1,168,700 more than the FY 2024 Amended Budget. The increase is mainly attributable to a \$746,500 increase in revenue transfer from the Community Sanitation Fund in the Department of Public Works to the Solid Waste Operating Fund for the Little Control Program.

Expenditures

The Department of Public Utilities' FY 2025 appropriations are \$379,713,600, 6.9 percent or \$28,086,000 less than the FY 2024 Amended Budget. The discussion below identifies the appropriations by Division.

ADMINISTRATION

Appropriations are budgeted at \$7,487,200. This includes \$1,663,100 for maintenance costs Associated with the operation of the DPU Administration and Operations Facility, of which a \$188,700 increase is budgeted for anticipated increases in PG&E electrical costs.

Strategic Plan and Staffing Study

An increase of \$300,000 is budgeted to fund a Strategic Plan and Staffing Study for DPU Administration and Utility Planning and Engineering section. Due to the increase in regulatory requirements, budgetary constraints, and the ongoing retirement on the workforce combined with the recent shift to centralized capital project delivery by the newly

formed Capital Projects Department, it is necessary for DPU to analyze current staffing levels and organizational structures to develop a strategic roadmap to align both with future conditions.

The FY 2025 Budget also includes salary increases due to MOU Agreements, step advancements, staffing reallocations, and the addition of new positions, which are further discussed in the "Staffing" Section.

WATER DIVISION

The Water Division appropriations are budgeted at \$186,528,800. They are comprised of \$91,915,100 for Operations, \$27,451,900 for Debt Service and \$67,161,800 for Capital Improvements.

Operating appropriations of \$91,915,100 are decreasing by 6.0 percent or \$5,789,400 when compared to the FY 2024 Amended Budget. Significant changes to the FY 2025 Water Division's Budget are detailed below.

Water Purchases

An increase of \$338,900 is budgeted to align with the anticipated higher cost of water purchases from the Central Valley Project (CVP) Water Delivery Contract to cover the full allocation of 60,000-acre feet; an 11.0 percent hike in Water Services and Underground Water Surface assessments from the Fresno Irrigation District (FID); and the increased cost of conveyance, pumping, and capital improvement projects from the Friant Water Authority (FWA).

Electricity Costs

An increase of \$854,400 is budgeted to align with anticipated increases in PG&E electrical costs and for the amount of electricity needed to continue operating the Water system.

Specialty Chemicals and Gases

An increase of \$2,129,100 is budgeted to align with increases in both the cost and the amount of chemicals and gases needed to effectively treat water at the surface water treatment facilities and water pump stations.

Badger Beacon

An increase of \$384,600 is budgeted to align with anticipated increases in the annual service charge for the Badger Beacon meter contract. The Badger Beacon SaaS product and service is required to continue providing water utility billing services for the city's approximate 141,500 accounts.

Vehicle Acquisitions and Replacements

The Water Management Division has included \$464,800 for the acquisition and replacement of vehicles. Although replacement funds are available, this amount funds the gap in costs between the available replacement funds and the current replacement cost. The vehicles and equipment included for replacement are: two (2) Ford F150 Pickup trucks, one (1) new Ford F550 Flat Bed, one (1) new Pioneer Towable 4" Trash Pump, and one (1) new 62KW Mobile/Towable Diesel Generator Set. Vehicles being replaced have reached the end of their useful life. The new acquisitions and replacements are critical in providing transportation for staff, equipment, and materials to job sites.

Computer and Communications Equipment

In order to continuously increase efficiencies, \$12,200 has been included for the following:

- \$6,100 for the replacement of twenty-five (25) Dell monitors, and one (1) color printer for office and field staff. All monitors will reach the end of their useful life in FY 2025 and are critical for the Division's daily operations.

- \$6,100 to replace twenty-eight (28) MiFis and convert them to 5G devices. These devices are at least six or seven years old and need to be replaced. This budget line also funds for the replacement of twenty-six (26) smart phones. These smart phone upgrades would allow field operators to have quick access to their emails and team messages and will allow access to the two-factor authentication.

Water Debt Service

Appropriations for the Water Division's annual Debt Service are budgeted at \$27,451,900.

Water Capital

Capital appropriations are budgeted at \$67,161,800, 2.7 percent or \$1,887,200 below the FY 2024 Amended Budget. Significant capital projects in the FY 2025 Budget include:

- \$6,422,000 for Leaky Acres Improvements;
- \$5,772,000 for Water Main Replacement at Clinton/University/West/Teilman;
- \$4,842,500 for Water Well Rehabilitation;
- \$3,700,000 for Badger Beacon Cellular Endpoint;
- \$3,000,000 for Polyethylene Service Line Replacements;
- \$1,976,000 for a Wellhead Treatment at Pump Station 101A;
- \$1,953,000 for a Water Main Replacement on Fruit and Martin Luther King;
- \$1,657,000 for Northeast Surface Water Treatment Facility to furnish and install chemical tanks.

Additional funding details can be found on the introduction page of this Department and the Capital Section of this book.

SOLID WASTE MANAGEMENT DIVISION

The Solid Waste Division's appropriations are \$54,806,900. These appropriations are comprised of \$50,417,400 for Operations and \$4,389,500 for Capital Improvements. This Division's FY 2025 General Fund Budget was reduced by \$890,200 that contributed to balancing the General Fund.

Operating appropriations of \$50,417,400 are decreasing by 13.1 percent or \$7,567,200 when compared to the FY 2024 Amended Budget. This change constitutes an increase of \$1,439,500 in Personnel Service, which include salary increases due to MOU Agreements, step advancements and staffing reallocations, and the addition of a new position; \$799,000 in Non-Personnel costs; and a decrease of \$9,805,700 in Interdepartmental Services Charges. The decrease in Interdepartmental Charges is attributable to a significant decrease in Fleet Replacement and Fleet Services Charges.

Significant changes to the FY 2025 Solid Waste Management Division's Budget are detailed below.

Landfill Tipping Fees

Overall disposal tonnages have increased and are expected to continue to grow. The Landfill Tipping Fee is scheduled to increase by fourteen percent on July 1, 2024, as well as the Tipping Fee for recyclable materials due to the current market value of recyclables. These factors are anticipated to generate additional costs and the Division has included an additional \$1,079,000 in the FY 2025 Budget to cover these increases.

Solid Waste Routeware Software

An increase of \$110,000 is budgeted for a software upgrade on the existing camera system in collection trucks to optimize operational efficiencies. The upgraded cameras will provide the operation with the ability to comply with laws and regulations, optimize route schedules, increase fleet productivity, and provide excellent community service. Routeware is a cloud-based management solution that offers tools for work order management, route planning and driver performance tracking.

Vehicles and Equipment Replacements

The Division has included \$225,300 in FY 2025 for the replacements of one (1) Ford F350 1-ton pickup truck, one (1) Ford F150 half ton pickup truck, one (1) 10 passenger van, and one (1) ATV with one (1) Mounted Air Compressor. These vehicles and equipment have reached the end of their useful life and are critical for the Division's daily operations.

Solid Waste Capital

Capital appropriations are budgeted at \$4,389,500, of which \$3,300,000 is allocated for the B-Zone Wells project, \$1,051,500 for the Garbage Cart Acquisition, and \$21,500 for the DPU Operations and Maintenance Facility.

Additional funding details can be found in the introduction page of this Department and the Capital Section of this book.

Solid Waste FY 2025 Projected Utility Rate Increase

The Solid Waste Division initialed a Proposition 218 notice, protest, and hearing process for proposed updates to the schedule of rates for residential solid waste services later than expected in FY 2024. With the passing and

adoption of the rate increase, proposed rates will go into effect August 2024, in FY 2025. In order for the Solid Waste Operating Fund to sustain operations and balance the fund through the remainder of FY 2024, the Division received a \$5,000,000 intradepartmental loan from the City's Wastewater utility fund to bridge the revenue shortfall. The loan will be repaid by the Division over five years (FY2025 – FY 2029).

WASTEWATER MANAGEMENT DIVISION

The Wastewater Division's appropriations are \$130,890,700. These appropriations are comprised of \$64,511,900 for Operations, \$4,981,700 for Debt Service and \$61,397,100 for Capital Improvements.

Operating appropriations of \$64,511,900 are decreasing by 6.0 percent or \$4,149,900 when compared to the FY 2024 Amended Budget. Significant items included in the FY 2025 Wastewater Management Division Budget are detailed below.

Energy Savings Loan

The Department of Public Utilities (DPU) follows previous City efforts in their commitment to identify opportunities to save energy, stabilize energy bills, reduce operational costs, and replace aging infrastructure on its facilities. The Division has negotiated a 15-year loan as part of the turn-key service with Alliance Funding Solutions, Inc. An increase of \$1,584,300 is budgeted to cover the initial loan payment with Alliance Funding Solutions, Inc. The turn-key service will provide a full-service approach to implementing capital improvement projects at the Regional Wastewater Reclamation Facility (RWRF), which will include upgrades to convert to LED

efficient lighting; HVAC upgrades and replacement of system controls and monitoring; lighting controls; aeration distribution system optimization; and transformer upgrades for implementation of a robust list of energy related and sustainability services.

Specialty Chemicals and Gases

An increase of \$903,800 is budgeted to align to the increase in both the cost and the amount of chemicals and gases needed to effectively treat water at the Regional Wastewater Treatment Facility.

Specialized Services

An increase of \$1,065,000 is budgeted to align with the anticipated increase in contracted cost for biosolids. FY 2025 estimates 125,400 wet tons total at a rate of \$45.50 per ton vs. FY 2024 121,600 wet tons at \$38.13 per ton.

Machinery and Equipment

An increase of \$279,000 is budgeted for the replacement of three (3) existing Aries Industries Saturn III inspection systems and three (3) Envirosight Rovver X CCTV Pipeline inspection system. These systems are used by the Customer Service, Chain Flair Root Cutting, and Afterhours Responder work groups and need to be upgraded. The current systems are frequently out-of-services for needed repairs and with services these systems are no longer in production, parts are becoming increasingly harder to source, and replace to bring back online.

Vehicle and Equipment Replacements

The Wastewater Management Division has included \$2,033,500 for the acquisition and replacement of vehicles. Although replacement funds are available, this amount funds the gap in costs between the available replacement funds and the current replacement cost. The vehicles and equipment included for replacement are: one (1) 4x4 Self-Propelled Sprayer, one (1) Ford F150 Pickup, Two (2) Ford F550 XL Crew Cab Chassis, one (1) Kenworth T880 tandem axle chassis, one (1) new Trailer, one (1) new Kenworth T880 Dump Truck, one (1) new 430 CAT Backhoe Loader, one (1) Tilt Trailer, and One (1) Electric Cart.

Wastewater Debt Service

Appropriations for the Wastewater Division's annual Debt Service are budgeted at \$4,981,700.

Wastewater Capital

Capital appropriations are budgeted at \$61,397,100, 20.9 percent or \$16,191,300 below the FY 2024 Amended Budget. Significant capital projects in the FY 2025 Budget include:

- \$13,412,000 for the South West Recycle Water Tank and Booster Pump;
- \$9,679,000 for a Renewable Gas Diversion;
- \$9,225,000 for the North Trunk Rehabilitation on North and Maple;
- \$4,405,000 for a Sewer Trunk Design;
- \$2,548,000 for the Digester Cleaning; and,
- \$2,208,000 for the Headworks Structural Rehabilitation Phase 2.

Additional funding details can be found on the introduction page of this Department and the Capital Section of this book.

Staffing

Public Utilities Administration Division

The FY 2025 Budget includes the addition of six (6) new positions. These positions will assist with reviewing new development projects, identify capital projects, and provide technical engineering support for the Department's Water, Wastewater, and Solid Waste Divisions. They will also carry on design, plan checks, and project management of Capital Improvement Projects identified in the 5-Year (FY2025-FY2029) project list. The FY 2025 Budget includes appropriation of \$598,900 for the new positions as follow:

- Three (3) Engineers II at 0.75 FTE each totaling \$295,300;
- Two (2) Professional Engineers at 0.75 FTE each totaling \$202,000; and,
- One (1) Project Manager at 0.75 FTE each totaling \$101,600.

Water Division

The FY 2025 Budget includes the addition of five (5) new positions. These positions will assist the Water Conservation Program to launch a grant funded Expanded Lawn to Garden Program to increase conservation of potable water used for residential and commercial irrigation. The project will achieve claimed benefits by replacing turf with water-wise landscape conversion, which is projected to replace 3,125,000 square feet of turf. The FY 2025 Budget includes appropriations of \$416,200 for the new positions as follow:

- Two (2) Landscape Water Conservation Specialists at 1.0 FTE each totaling \$179,500;
- Two (2) Administrative Clerks IIs at 1.0 FTE each totaling \$119,500; and,
- One (1) Program Manager at 1.0 FTE totaling \$ 117,200.

The Solid Waste Management Division's FY 2025 Personnel Budget includes a reduction of \$86,000 that corresponds to budgeting their planned attrition savings.

Wastewater Management Division

The FY 2025 Budget includes the addition of four (4) new positions. The addition of these positions is essential in keeping the Fresno-Clovis Reginal Wastewater Reclamation Facility's (RWRF) aging infrastructure and sanitary sewer infrastructure in optimal conditions. The FY 2025 Budget includes appropriations of \$278,000 for the new positions as follow:

- One (1) Industrial Electrician at 0.75 FTE totaling \$86,600;
- One (1) Environmental Control Officer at 0.75 FTE totaling \$67,700;
- One (1) Collection System Maintenance Technician at 0.75 FTE totaling \$59,400; and,
- One (1) Collection System Maintenance Specialist at 0.75 FTE totaling \$64,300.

Department Staffing Detail

Position Summary					
Division	FY 2023 Adopted	FY 2024 Adopted	FY 2024 Amended	FY 2025 Changes	FY 2025 Proposed
Administration Division ¹	48.55	52.80	32.80	3.50	36.30

Impact of Capital Infrastructure Construction on Operations

Project	Capital Projects			
	Projected Year of Completion	Square Footage/Miles	Estimated number of Positions	Estimated Annual O&M Cost/(Savings)
DPU Operations & Maintenance Facility	2028	260,000	0.00	\$ 1.6 million
Regional Wastewater Reclamation Facility Sidestream Treatment Construction	2028	N/A	0.0	\$ 0.5 million
Southwest Recycled Water Distribution System	2026	N/A	0.0	\$ 0.4 million
Odor Control for Collection System	2027	N/A	0.0	\$ 0.5 million
City Recharge Basins	2028	N/A	0.5	\$ 0.1 million

Major capital projects for the Department of Public Utilities include: the Regional Wastewater Reclamation Facility Sidestream Treatment Construction; the Southwest Recycled Water Distribution System; Odor Control for Collection System; City Recharge Basins and the DPU Operations and Maintenance Facility. Once these improvements come online, they will require operating and maintenance (O&M) resources.

Regional Wastewater Reclamation Facility Sidestream Treatment Construction

This project provides funding to improve the efficiency and effectiveness of wastewater treatment by implementing a sidestream treatment system. The sidestream refers to the byproduct generated during the dewatering process of anaerobically digested sludge, which contains a high concentration of ammonia. The primary objective of the sidestream biological process is to substantially reduce the ammonia content, thereby lowering the total nitrogen levels in the effluent of the facility. This project plays a critical role in helping the facility meet both current and future Waste Discharge Requirements by focusing on nitrogen reduction. The increase in O&M costs for the improvements is estimated to be \$0.5 million annually starting in FY 2028.

Southwest Recycled Water Distribution System

The final segments of pipeline of the Southwest Recycled Water Distribution System were completed in FY 2022. The construction of a water storage tank and booster pump station will be completed in FY 2025 to ensure consistent pressure is maintained in the distribution system as delivery to recycled water customers expands. The anticipated increase in O&M for the water storage tank and booster pump station, beginning in FY 2026, will be approximately \$432,000.

Odor Control for Collection System

In 2021, in an effort to reduce high Hydrogen Sulfide (H₂S) readings in residential areas, the Department hired a consultant to conduct an odor and corrosion investigation of the existing sanitary sewer collection system and to prepare a Basis of Design Report outlining odor and corrosion control measures. High H₂S in the sewer system leads to corrosion and pipe failure and causes odor resulting in buildup in the system. Based upon the findings of the Report, in FY 2024, the first of four initial liquid phase odor control dosing stations were installed in the collection system. In FY 2025, three additional initial liquid phase odor control dosing stations will be installed. The anticipated O&M cost for the equipment lease,

chemicals, and maintenance of the new dosing stations in FY 2025 is approximately \$530,580. The annual O&M cost for the odor control system will increase incrementally as additional dosing stations are installed each year, with the estimated annual O&M cost in FY 2030 reaching approximately \$1.5M.

City Recharge Basins

These projects provide for intentional groundwater recharge basins to enhance replenishment of the underground aquifer. If the site for the project budgeted in FY2024 is acquired and construction began, annual costs are estimated to be \$150,000 for various O&M activities starting in FY 2025 or FY 2026.

DPU Operations and Maintenance Facility

Increased demand for City services has caused various DPU Divisions to outgrow existing facilities. In addition, due to the Department's current facilities' aging infrastructure and associated operating costs, this facility will consolidate those of multiple Divisions within DPU.

The consolidation will improve operational efficiencies allowing the Department to better meet current and future service needs. In FY 2021, DPU purchased the property for a new Operations and Maintenance Facility (Facility). The Facility will consolidate office space, warehousing, maintenance facilities and ultimately equipment yards for the Solid Waste Management Division, Water Division, Wastewater Management Division, Utilities Planning and Engineering, and Administration services. The total capital amount budgeted for the Facility between FY 2024 and FY 2025 is estimated to be \$2.8 million, funded by the various Divisions within DPU. This includes funding for the design, improvement, and relocation costs. The FY 2025 O&M cost is estimated to be \$1.6 million, also funded by the various Divisions within DPU.

Department of Public Utilities Revenue and Expenditures - All Funds Combined

Funding Source	FY 2022 Actuals	FY 2023 Actuals	FY 2024 Amended	FY 2025 Proposed	Percent Change

Public Works Department

The Public Works Department focuses on building and maintaining the critical backbone infrastructure such as streets, sidewalks, traffic signals, streetlights, median islands, street trees, landscaping, and trails that support the goals of neighborhood revitalization, public safety, economic development, sustainability and air quality.

Traffic and Engineering Services

Land Planning and Subdivision Inspection

This team performs new development project review and approval, including the annexation of subdivision maps and parcel maps into the Community Facilities Districts (CFD) and administration of all development impact fees and utility connection fees. This Section handles street work inspection and acceptance of all public improvements constructed by private developers, inspection for utility permits, and administration of executed subdivision agreements.

Traffic Operations and Planning

This section performs traffic engineering functions for the City, including the review and approval of traffic control plans, signing and striping, new traffic signal and street lighting plans, and the issuance of street work permits. This Program also serves to improve safety and mobility by regularly evaluating speed limits, accidents, locations of stop signs and traffic signals, active transportation opportunities for

new bike lanes and trails, and neighborhood traffic calming solutions. Traffic Operations and Planning is also responsible for leading the Active Transportation Plan (ATP) updates, Vision Zero Safety Plan and Truck Rerouting Study efforts.

Intelligent Transportation System (ITS)

The ITS Section synchronizes heavily travelled corridors throughout the City, connecting City traffic signals to the Traffic Operations Center (TOC). The TOC is also responsible for the timing of all 565 traffic signals in the City.

Engineering Services

The Engineering Services section provides street plan review and approval for private developments and capital improvement projects as well as right-of-way services including deed review and vacation of public right-of-way.

HSR and Special Projects

The High-Speed Rail and Special Projects section handles all complex agreements for the High-Speed Rail project as well as major Caltrans and other inter-agency projects. The team ensures all plan review packages are routed to the appropriate City divisions and works to achieve resolution of all project issues. The team also handles special projects such as nexus studies for development impact fee updates.

Sustainable Fresno

Sustainable Fresno is focused on implementing energy saving projects for City owned buildings and assets. Energy Efficiency projects have already been implemented at City Hall and the Municipal Service Center and new projects have been underway for Public Utilities, Police, Fire and PARCS.

Landscape Maintenance

Community Facilities Districts (CFDs)

This Program continues to expand with new annexations, construction and acceptance of CFD landscapes supported by CFD funds. Work performed includes weeding, fertilizing, tree trimming, mowing, debris clean-up, and irrigation repairs. CFD 11 subdivisions also include asphalt and concrete repairs, sign replacements and streetlight maintenance.

Median Island Maintenance

Crews perform landscape maintenance for the Median Islands throughout the City. This includes weeding, tree trimming, debris clean-up, and irrigation repairs.

Park Maintenance

Public Works is responsible for landscape maintenance in the City's Regional, Neighborhood and Pockets parks. This service includes mowing, weeding, tree trimming, debris clean-up, and irrigation repairs.

Forestry Program

This Program oversees nearly 158,000 trees throughout the City, including reactive or emergency tree response and proactive care of the urban forest. Public Works manages the citywide tree trimming contract for the neighborhood geobases, CFDs, trails and parks.

Trail Maintenance

The Trail Maintenance Program is dedicated to maintaining the City's expanded trail network, which allows for a more thorough trail maintenance throughout the City.

Street Maintenance

Street Maintenance

The Street Maintenance Program is responsible for maintenance of pavement, concrete, street signs and pavement markings on roadways. This includes regular Pavement Management Program updates.

Street Sweeping

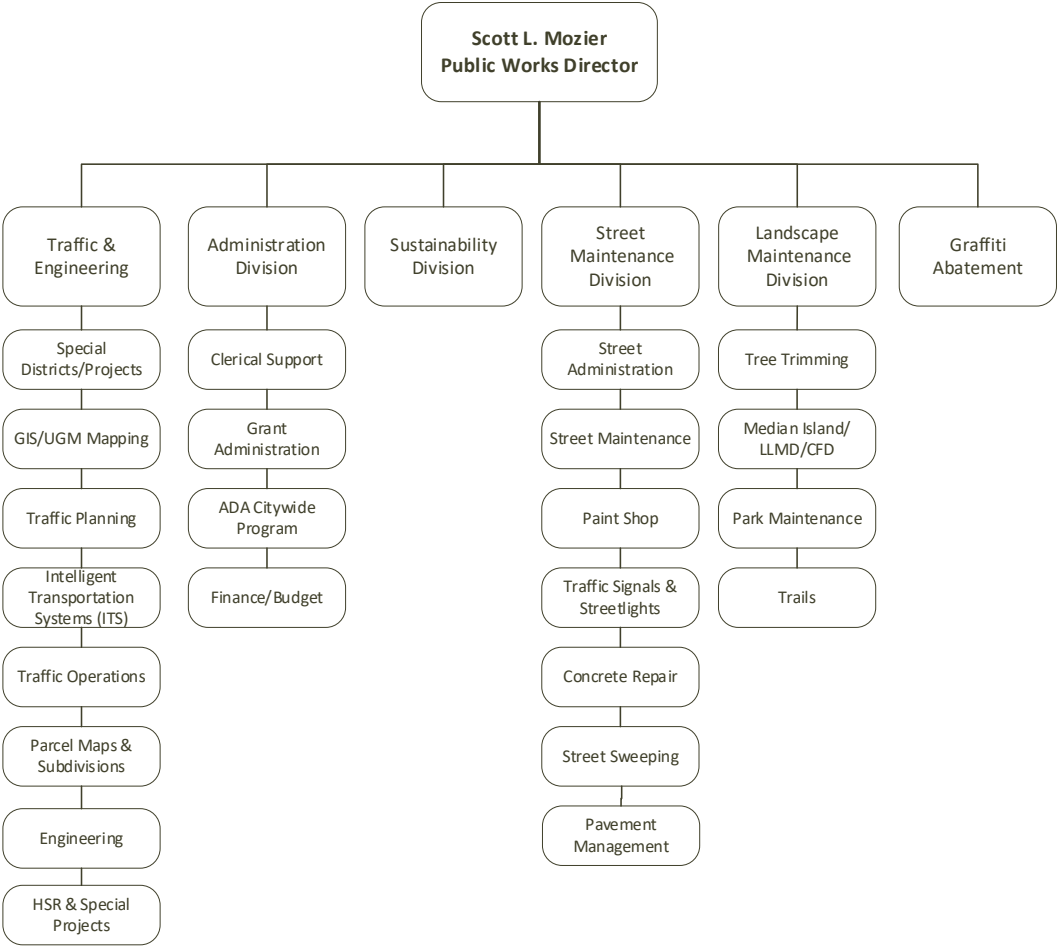

The Street Sweeping Program services 1,768 miles of streets and roads and removes approximately 7,000 tons of particulate matter and sediment annually, which would have otherwise found its way into our ponds and streams, and into the air. During the December, January, and February months, the street sweeping operation is burdened with leaf removal on city streets, which requires assistance from the Solid Waste Operation Clean Up crews.

Graffiti Abatement

The Graffiti Abatement team performs graffiti removal services seven days per week. The team also provides services on the State highway system with full reimbursement from Caltrans.

Traffic Signals and Streetlights (TSSL)

TSSL maintains 565 traffic signals and more than 43,000 streetlights throughout the City of Fresno. This Program provides these critical services to ensure proper maintenance and operation of these assets for the safety of all road users.

Service Impacts

Revenues

The Public Works Department is funded through numerous sources such as various federal, state and local transportation related funds, developer fees and charges and the General Fund.

Total Department revenue in FY 2025 is budgeted at \$266,201,700, or a decrease of \$931,800 when compared to the FY 2024 Amended Budget. Detail on the major revenue sources is noted in the sections below.

Expenditures

Total appropriations in FY 2025 are budgeted at \$302,718,200 or a decrease of \$81,656,700 when compared to the FY 2024 Amended Budget.

The Department's operating appropriations are budgeted at \$86,179,500 or an increase of \$20,600. Capital appropriations are decreasing by \$81,677,300 to \$216,538,700.

General Fund

In FY 2025, total General Fund revenue including carryover is budgeted at \$18,863,400 or an increase of \$314,100 when compared to the FY 2024 Amended Budget. The Department's FY 2025 General Fund Budget was reduced by \$523,500 that contributed to balancing the General Fund. Actual General Fund revenue, which is mainly derived from developer related fees and services, is budgeted at \$4,860,200 or a decrease of \$629,300. Other funds that contribute to the General Fund category, such as the Special Project Revolving Fund and Indirect Cost Recovery, are budgeted at \$14,003,200 or an increase of \$942,700.

Total General Fund appropriations are budgeted at \$35,208,000 or a \$1,661,100

increase when compared to the FY 2024 Amended Budget. Of the total, actual General Fund appropriations are budgeted at \$22,890,600 or an increase of \$271,300. Other funds that are associated with the General Fund category are budgeted at \$12,317,400 or an increase of \$1,389,800.

Alley Gate Program: At Mid-year FY 2023, the Alley Gate Program was moved from the Department of Public Utilities Solid Waste Division to the Public Works Department. Other Public Works funding sources are not eligible to fund this Program; therefore, \$25,000 has been budgeted in the General Fund that will be used to repair and maintain existing gates.

Sustainability Program: The Sustainability Program is expanding to include research, review and analysis of grant opportunities, municipal energy management systems and various industry energy and sustainability related functions. A Program Manager was added in FY 2024 to provide coordination and oversight of new and existing projects at a cost of \$117,200.

Tower District Pressure Washing: A total of \$284,800 has been budgeted for weekly pressure washing and cleaning of the Tower District sidewalks and for litter removal.

Gas Tax Funds

FY 2025 Gas Tax revenues across all funds including carryover are budgeted at \$32,461,900 or a decrease of \$3,682,700 when compared to the FY 2024 Amended Budget.

Gas Tax appropriations across all funds are budgeted at \$30,588,600 or a decrease of \$4,645,800. Of the total, \$21,998,500 is dedicated to operating programs of which, the Department is adding or replacing the following personnel and equipment:

- One new Safety and Training Specialist and one F150 truck to oversee staff training and to address commercial driver's license need in divisions - \$89,400 from Gas Tax, \$6,000 from Indirect Cost Recovery and \$31,000 from CFDs for a total cost of \$126,400.
- One Parks Supervisor is being added to Street Maintenance and a new half-ton truck is being added with \$146,300 from ABX8 6 Gas Tax and \$4,500 from Indirect Cost Recovery for a total cost of \$150,800.
- One F550 truck is being replaced - \$116,500.
- One backhoe replacement for Street Maintenance - \$218,200.
- One one-ton truck is being replaced - \$149,900.
- One half-ton truck is being replaced - \$59,500.
- One F150 truck is being replaced - \$54,100.
- One bucket truck is being replaced - \$585,000.

Capital appropriations are budgeted at \$8,590,100 or a decrease of \$5,079,700. Projects and budgeted appropriations by Gas Tax funds can be found in the Capital Improvement Summary section of this book.

Most vehicles in the FY 2025 Budget are not being purchased outright but are lease financed. Some Public Works Department funding sources do not allow for lease financing.

Special Gas Tax Fund

This funding source is used exclusively for the Traffic Signal and Streetlight (TSSL) Program. In FY 2025, appropriations are budgeted at \$6,360,800, or an increase of \$1,146,000 as compared to the FY 2024 Amended Budget.

Proposition 111 Fund

This funding source is used towards Street Maintenance, TSSL operations, and serves as a capital grant match. In FY 2025, appropriations are budgeted at \$3,519,400 or an increase of \$473,600. Street Maintenance appropriations are increasing by \$399,400. TSSL appropriations are increasing by \$74,200.

ABX8 6 Gas Tax Fund

This funding source is used for Street Maintenance, Landscape Maintenance, and capital projects. FY 2025 appropriations are budgeted at \$5,717,200 or an increase of \$1,014,900. Operating appropriations in Street Maintenance are increasing by \$585,800. Operating appropriations in Landscape Maintenance are increasing by \$438,200. Capital grant match expenditures are decreasing by \$9,100 due to the normal progression of capital projects through their life cycle and the close out of capital projects.

SB1 Gas Tax Fund

This funding source supports Engineering Services, Street Maintenance operations and capital projects. In FY 2025, appropriations are budgeted at \$14,795,900, or a decrease of \$7,280,600 and will be used to fund various capital projects.

Street Maintenance operating appropriations are decreasing by \$2,209,700 primarily due to \$1,247,400 in one-time vehicle purchases in the Concrete Program in FY 2024 and \$1,850,000 in FY 2024 council motions.

Measure C Extension Sub-Programs

One of the Department's major funding sources comes from the Measure C Extension, which is tied to sales tax, hence, as consumers increase their spending revenue increases. Revenues are distributed by the Fresno County

Transportation Authority (FCTA) through five Sub-Programs:

- Street Maintenance / Rehabilitation
- Flexible Program
- ADA Compliance
- Pedestrian Trails
- Bicycle Facilities

In FY 2025, total Measure C revenue across the five Sub-Programs, including carryover and miscellaneous revenue, is budgeted at \$28,629,400. Actual sales tax distribution revenue for all of the Sub-Programs combined is \$17,127,000, or a \$411,400 decrease.

Measure C Extension appropriations across all funds are budgeted at \$26,443,500 or an increase of \$1,813,900. Of the total appropriations, \$14,811,100 is dedicated to operating programs and \$11,632,400 is dedicated to capital projects. In FY 2025, the Department is adding or replacing the following personnel and equipment:

New Project Manager and Chief Engineering

Technician: Due to the increase in the number of special projects within the City, the Department is adding two new positions. Work is ramping up and project schedules are becoming more critical. The additional staff is needed to manage the daily activities and growing demands for plan reviews and approvals while providing the service needed to meet deadlines and maintain customer satisfaction. The cost to Measure C for the two new positions is \$55,700.

One Methyl Methacrylate (MMA) Skid

Mounted Stencil Rig: The request is due to the large amount of MMA that is being applied to various streets throughout the city with the addition of bike lanes. The new skid rig will provide Street Maintenance the proper equipment to maintain this material across the City. The cost for the equipment is \$167,400.

Measure C Street Maintenance Fund

This funding source supports Street Maintenance operations and capital projects. In FY 2025, appropriations are budgeted at \$10,953,100, or a decrease of \$282,300. Street Maintenance operating appropriations are decreasing by \$1,124,100. Capital appropriations are budgeted at \$2,303,500, or an increase of \$841,800.

Measure C Flexible Fund

This funding source supports a number of traffic related services throughout the Department and in FY 2025, appropriations are budgeted at \$10,307,400 with \$5,730,500 dedicated to operations and \$4,576,900 toward capital projects. The majority of the operating funding is budgeted in Traffic Operations and Planning at \$3,782,000 and primarily dedicated to the Traffic Operations Center and TSSL at \$1,719,900 for utility payments.

Measure C ADA Compliance Fund

This funding is dedicated to ADA compliance projects such as curb cuts and concrete repairs. In FY 2025, appropriations are budgeted at \$532,000 with \$431,000 dedicated to operations and \$101,000 toward capital projects.

Measure C Pedestrian Trails Fund

This funding is dedicated to pedestrian trail capital projects with appropriations budgeted at \$3,618,900. Projects of note include \$1,800,000 for the Shields to Blackstone Avenue Trail project and \$985,100 for the Eaton Trailhead.

Measure C Bicycle Facilities Fund

Capital projects are budgeted at \$1,032,100 and the projects of note include \$605,700 for the Blackstone Smart Mobility construction contract and \$209,600 for the MLK Center Active Transportation Infrastructure project.

Measure P Special Sales Tax

The Measure P Program is comprised of ten Categories:

- Category 1 (*Sub fund 2701*): Improving and Maintaining Safe, Clean Neighborhood Parks and Playgrounds – Low Needs. Budgeted in PARCS and Capital Projects Department.
- Category 1 (*Sub fund 2711*): Improving and Maintaining Safe, Clean Neighborhood Parks and Playgrounds – High Needs. Budgeted in PARCS and Capital Projects Department.
- Category 2 (*Sub fund 2702*): New Neighborhood Parks, Senior, and Youth Recreation Facilities – Low Needs. Budgeted in PARCS and Capital Projects Department.
- Category 2 (*Sub fund 2712*): New Neighborhood Parks; Senior and Youth Recreation Facilities – High Needs. Budgeted in PARCS and Capital Projects Department.
- Category 3 (*Sub fund 2703*): Youth and Senior Recreation Programs, After School Programs, and Job Training for Youth and Veterans. Budgeted in PARCS.
- Category 4 (*Sub fund 2704*): Expanded Access to Arts and Culture. Budgeted in PARCS.
- Category 5 (*Sub fund 2705*): Safe Walking and Biking Trails. Budgeted in Department of Public Works (DPW).
- Category 5 (*Sub fund 2707*): San Joaquin River Parkway. Budgeted in PARCS and DPW.
- Category 5 (*Sub fund 2708*): Street Beautification and Litter Removal. Budgeted in DPW and Department of Public Utilities (DPU).
- Category 6 (*Sub fund 2706*): Program implementation, planning and plan

updates, program and project innovation, and audit and oversight support. Budgeted in PARCS.

As Measure P is not exclusively budgeted under DPW, further revenue and expenditure details on those Categories can be found under the respective department sections and the Citywide Measure P Summary.

In FY 2025, revenue for safe walking and bike trails, street beautification and litter removal, and for the San Joaquin River Parkway is budgeted at \$12,370,900, which is a decrease of \$2,103,000.

Category 1 (*Sub fund 2701*) appropriations are budgeted at \$4,000,900 or a decrease of \$2,529,700. Detail on the personnel and equipment being added or replaced in FY 2025 can be found toward the end of the Public Works Department narrative in the Park Maintenance and Irrigation section.

Category 1 (*Sub fund 2711*) is a newly created internal sub-category of Category 1 for improving and maintaining safe, clean neighborhood parks appropriations – high needs, budgeted at \$1,316,000.

Category 5 (*Sub fund 2705*) appropriations are budgeted at \$6,039,400 or a decrease of \$1,051,500. Landscape operating appropriations are budgeted at \$560,700 and \$5,478,700 is budgeted for capital projects. Projects of note include \$2,446,300 for the Southwest Fresno Green Trails & Cycle; \$1,777,700 for the Shields Trail from Blackstone Avenue to Fresno Street; and \$800,000 for the Herndon Canal Trail.

Category 5 (*Sub fund 2707*) is a newly created internal sub-category of Category 5 to distinguish funding for the San Joaquin River Parkway. In FY 2025 \$2,507,600 is budgeted for

operating and capital projects. Landscape operating appropriations are budgeted at \$798,300 and \$1,709,300 is budgeted for capital projects.

Category 5 (*Sub fund 2708*) is a newly created internal sub-category of Category 5 to distinguish funding for Street Beautification and Litter Removal. In FY 2025 \$2,934,100 is budgeted for operating and capital projects. Landscape operating appropriations are budgeted at \$650,000. Litter control operating appropriations are budgeted at \$1,528,600. In FY 2025 \$755,500 is budgeted for capital projects.

In FY 2025, the additional Measure P funding is being used to add or replace the following personnel and equipment:

Irrigation Specialist: One new Irrigation Specialist for Woodward Park Yard Trail Operations to assist in the demand of higher level of service with Jensen River Ranch Bottom and Eaton irrigation operations. The position will lead and participate in the installation, modification, maintenance, and repair of irrigation systems and projects scheduled on these trails. The total cost of the new trail new position and fleet costs is \$236,300 with \$235,000 budgeted from Measure P and the remaining balance coming from Indirect Cost Recovery Fund.

New Skid Steer Flail Attachment: The Landscape Maintenance crew is requesting a new Skid Steer Flail attachment for Woodward Park Operations. The total cost of the equipment is \$22,600.

Street Maintenance Division

Funding for the Street Maintenance Division operations is budgeted at \$27,586,900 or a decrease of \$4,033,500. In FY 2025, the

following positions are being added to support the Street Maintenance and Landscape Maintenance divisions:

Safety and Training Specialist: The addition of a Safety and Training Specialist is due to the change in commercial driver license requirements. The position will oversee the training of current staff to acquire commercial driver's licenses. The total cost of the position is \$62,000 and will be paid for by ABX8 6 Gas Tax, Prop. 111 Gas Tax, and CFDs 2 and 11. Additional non-personnel costs of \$6,000 are being covered by the Indirect Cost Recovery Fund.

Management Analyst II: The addition of a Management Analyst II is to assist the Streets/Landscape Division Assistant Director with tracking various projects, including contract development, renewals, and associated contract compliance components. The total cost of the position is \$69,100 and will be covered by the Indirect Cost Recovery Fund.

Street Maintenance Operating Programs

The following are the prominent Street Maintenance Operating Programs of note:

Overlay / Paving Operations: Funding for this Program is budgeted at \$7,244,400 in FY 2025, which equates to approximately 69.1 lane miles of Overlay/Paving. The actual number of lane miles paved is dependent on the variable cost of materials as well as the degree of work involved, such as paving shorter rough sections versus major street re-paving.

Slurry Seal: Slurry seal is the most cost-effective method to extend pavement life through preventive maintenance and at a fraction of the cost of repairing. Funding for this Program is budgeted at \$1,150,000.

Emergency Street Service Repairs: Similar in scope to Street Maintenance Repairs, the Emergency Street Service Program responds to weather related and after hour street emergencies. Funding for this Program is budgeted consistent with the prior year at \$350,000 in FY 2025.

Concrete Program: This Program consists of four concrete crews with two crews assigned to the Concrete Strike Team and two crews assigned to the 7-Week Concrete Program. The 7-Week Program dedicates one concrete crew for 7 weeks in each of the seven Council Districts. Funding for the Concrete Program is budgeted at \$4,666,200 in FY 2025.

Crack Seal Program: Crack sealing provides a documented effective proactive treatment to extend pavement life. Funding for this program is budgeted consistent with the prior year at \$250,000 in FY 2025.

Street Maintenance Repairs: Unlike the larger scope of Overlay/Paving operations or the smaller scope of pothole repairs, Street Maintenance Repair operations perform smaller street patch and paving treatments. Funding for this Program is budgeted consistent with the prior year at \$450,000 in FY 2025.

Pothole Repair Program: In FY 2024 new pothole crews were added to fill potholes throughout the City on a daily basis. The new crews fill larger potholes, sinkholes and other types of deficiencies utilizing a hot mix asphalt material rather than a cold mix in order to get longer lasting results. One of the crews also possesses the equipment necessary to perform area patches in cases where numerous potholes are larger in size and/or located closely together. Funding for this Program is increasing by \$812,200 to \$2,059,600 in FY 2025.

Street Cleaning: This Program removes approximately 6,700 tons of particulate matter and sediment from the City's 1,820 miles of roadway annually. This is particulate matter that would have otherwise found its way into our streams, ponds and air. Funding for this Program is budgeted at \$3,977,200 in FY 2025.

Landscape Maintenance Division

Funding for the Landscape Maintenance Program is budgeted at \$24,196,800, which is a decrease of \$623,900 in FY 2025. The following personnel and equipment are being added or replaced in the Landscape Maintenance Division:

- Replace one 2006 F350 truck with a one-ton truck at a cost of \$149,900.
- Replace one 2008 F350 1-Ton and 2002 F350 trucks with two one-ton trucks at a cost of \$306,200.
- Replace one 2008 truck and one case tractor at a cost of \$154,200.
- Replace one ¾ ton truck with a half-ton truck for forestry on-call operations at a cost of \$59,500.
- Replacement 10-wheeler to replace 2005 Peterbilt and new tilt-deck equipment trailer at a cost of \$338,200.
- New skid steer flail attachment for landscape maintenance at a cost of \$22,600.

The following positions are also being added to Landscape Maintenance in FY 2025:

Parks Supervisor: A Parks Supervisor is being added to oversee additional tree inspections and FresGo requests. The position will lead and provide direction on scheduled landscape maintenance, beautification, and other projects within the City's regional and neighborhood parks. The position will require a new half-ton truck with a total cost for this addition of \$150,800.

Irrigation Specialist: An Irrigation Specialist is being added for Woodward Park Yard Trail operations. The position will assist in the demand for a higher level of service with Jense River Ranch and Eaton Trail irrigation system operations. The specialist will lead and participate in the installation, modification, maintenance, and repair of irrigation systems and projects schedules on the listed trails. The position will also require a new F450 truck with a total cost for this addition of \$236,300.

Street Tree Maintenance Program

The FY 2025 appropriations are budgeted at \$3,593,200 with \$1,830,300 dedicated to GeoBase tree trimming cycle and \$1,712,900 for Emergency Street Tree Services.

Median/Buffer Maintenance Program

Median Island Maintenance is budgeted at \$8,590,900, which is an increase of \$459,700. The increase is attributable to the Measure P increase of \$263,300 for an Irrigation Specialist.

Landscape Lighting & Maintenance District/Community Facilities District Program

The LLMD/CFD Program appropriations are budgeted at \$10,214,600, which is a decrease of \$745,100 in FY 2025.

Park Irrigation & Landscape Maintenance

The irrigation and landscape maintenance duties for the Regional and Neighborhood parks are performed by Public Works due to the Department's efficiency and ability to perform those duties. Appropriations to perform these services are budgeted in the PARCS Department and total \$9,015,400 in FY 2025.

Parks Irrigation Program

Parks Irrigation appropriations are budgeted at \$3,473,700 or a decrease of \$302,600. In FY 2025. The decrease is due to one-time equipment additions and replacements in FY 2024.

Parks Landscape and Mowing Program

Parks Landscape and Mowing appropriations are budgeted at \$5,541,400 or a decrease of \$1,263,600. The decrease is due to one-time equipment additions and replacements in FY 2024.

Community Sanitation Fund

The Community Sanitation Fund provides support for the Street Sweeping, Median Island Maintenance, Litter Control and Homeless Initiative programs. In FY 2025, total revenue, including carryover, is budgeted at \$9,301,900 or a decrease of \$1,008,900. The following are important items of note:

General Fund Transfer: Community Sanitation revenues are limited due to the legal restriction of a fixed service rate as established by voter approval of Proposition 218. Due to the limited revenue and the increased cost of providing services, a General Fund transfer of \$998,400 is being made in FY 2025 to balance the fund.

Litter Control Program Transfer: Actual appropriations are not budgeted in the Community Sanitation Fund for the Litter Control Program, but funding is provided through a revenue transfer from Community Sanitation to the Solid Waste Fund. The FY 2025 revenue transfer for the Litter Control Program is \$1,952,100.

In FY 2025, overall Community Sanitation appropriations are budgeted at \$10,300,300 or a decrease of \$4,600.

Street Cleaning Program

FY 2025 appropriations for the Street Cleaning Program are budgeted at \$3,975,200 or an increase of \$366,300. The increase is attributable to the one-time planned equipment purchase of one Street Sweeper in FY 2025.

Median/Buffer Maintenance Program

FY 2025 appropriations for the Median Island Maintenance Program are budgeted at \$5,437,800 or a decrease of \$362,300. The decrease is primarily due to projected utilities costs.

Staffing

The FY 2025 Personnel Budget accounts for step advancements, annualized partial prior year positions, and contractual obligations driven by negotiated Memorandum of Understanding (MOU) agreements. In addition, the changes below impact the Department's Personnel Budget:

The Department's FY 2025 Personnel Budget includes a General Fund reduction of \$389,600 that corresponds to budgeting their planned attrition savings. As previously noted in the sections above, the following is a summary of the positions that the Department is adding in an effort to improve efficiencies and enhance internal and external services in FY 2025:

Traffic Operations & Planning Division

One Project Manager is being added to aid with the increase in special projects being considered by the Public Works Department. Personnel Cost: \$101,600

One Chief Engineering Technician is being added to manage daily activities and growing demands for plan reviews and approvals. Personnel cost: \$101,000

Street Maintenance Division

One new Safety and Training Specialist is being added due to the change in commercial driver's license requirements and the need for more commercial driver's license holders in the Street Maintenance and Landscape Maintenance Divisions. This position will oversee training of current staff and would be responsible for textbook and practical training of staff to obtain their Class A or Class B commercial driver's license. The cost for this position will be shared with the Landscape Division. Personnel cost: \$62,000

One Management Analyst II is being added to assist the Streets/Landscape Division Assistant Director with the tracking of various projects, including contract development, renewals, tracking, and the associated contract compliance component. The Management Analyst II will prepare staff reports and ensure needed documents meet upcoming deadlines. The position will work with the Public Work's project liaison/program administrator to gather information for Council and various City Departments. Personnel cost: \$69,100

Landscape Maintenance Division

One Irrigation Specialist is being added for Woodward Park Trail Operations. Personnel cost: \$58,100

One Parks Supervisor II is being added to oversee additional tree inspections. The position will lead and provide direction on scheduled landscape maintenance, beautification, and other projects within the City's Regional and Neighborhood parks. Personnel cost: \$81,800

One Senior Management Analyst is being added to oversee the financial management of the newly approved Community Facilities District (CFD) tracts in addition to existing tracts in the program. The Senior Management Analyst will be responsible for preparing the annual tax roll for the CFD tracts, inclusion of the new tracts to the tax roll, prepare the Landscape Lighting and Maintenance District (LLMD) Engineer's Report and Council Hearing, and the day-to-day financial management of the tract funds. Personnel cost: \$88,200

Note:**FY 2024 positions changes are due to the following:**

⁽²⁾ Thirty-five (35) positions were transferred out in FY 2024 @1.00 FTE (1st Amendment PAR amendment 2023-184).	(35.00)
⁽³⁾ Thirty-eight (38) positions were transferred out in FY 2024 @1.00 FTE (1st Amendment PAR amendment 2023-184).	(38.00)
⁽⁶⁾ Three (3) Concrete Finishers added in FY 2024 @1.00 FTE (5th Amendment PAR amendment 2023-184).	3.00
Total FY 2024 Changes	(70.00)

⁽¹⁾ Made whole - One (1) Management Analyst II added in FY 2024 @ 0.75 FTE	0.25
⁽²⁾ Made whole - Two (2) Supervising Professional Engineers added in FY 2024 @ 0.75 FTE	0.50
⁽⁴⁾ Made whole - One (1) Supervising Professional Engineer added in FY 2024 @ 0.75 FTE	0.25
⁽⁵⁾ Made whole - Three (3) Maint and Construction Workers added in FY 2024 @ 0.75 FTE	0.75
⁽⁵⁾ Made whole - One (1) Street Maintenance Leadworker added in FY 2024 @ 0.75 FTE	0.25
⁽⁵⁾ Made whole - One (1) Senior Account Clerk added in FY 2024 @ 0.75 FTE	0.25
⁽⁵⁾ Made whole - Three (3) Maint and Construction Workers added in FY 2024 @ 0.75 FTE	0.75
⁽⁶⁾ Made whole - One (1) Project Manager added in FY 2024 @ 0.75 FTE	0.25
⁽⁶⁾ Made whole - Six (6) Parks Maintenance Woker IIs added in FY 2024 @ 0.75 FTE	1.50
⁽⁶⁾ Made whole - Two (2) Parks Maintenance Leadworkers added in FY 2024 @ 0.75 FTE	0.50
⁽⁶⁾ Made whole - Six (6) Irrigation Specialists added in FY 2024 @ 0.75 FTE	1.50
⁽⁶⁾ Made whole - Two (2) Parks Supervisor Is added in FY 2024 @ 0.75 FTE	0.50
⁽⁶⁾ Made whole - Two (2) Landscape Maintenance Superintendents added in FY 2024 @ 0.75 FTE	0.50
⁽⁶⁾ Made whole - Seventeen (17) Laborers added in FY 2024 @ 0.75 FTE	4.25
⁽⁶⁾ Made whole - One (1) Light Equipment Operator added in FY 2024 @ 0.75 FTE	0.25
⁽⁷⁾ Made whole - One (1) Electrician added in FY 2024 @ 0.75 FTE	0.25
⁽⁸⁾ Made whole - One (1) Program Manager added in FY 2024 @ 0.75 FTE	0.25
FY 2025 Made Whole Changes	12.75
⁽¹⁾ One (1) position was also transferred out in FY 2025 @ 1.00 FTE.	(1.00)
⁽²⁾ The Division is transferred out sixteen (16) positions to other divisions in FY 2025 @1.00 FTE.	(16.00)
⁽³⁾ The Capital Management Division transferred out eleven (11) positions in FY 2025 @1.00 FTE.	(11.00)
⁽⁴⁾ The Division also received twenty-seven (27) transfer positions in FY 2024 for a total change of 28.75 FTE.	27.00
⁽⁵⁾ The Division also transferred out one (1) position in FY 2025 @ 1.00 FTE.	(1.00)
⁽⁶⁾ The Division also transferred out one (1) position in FY 2025 @ 1.00 FTE.	(1.00)
⁽⁴⁾ The Division also transferred in three (3) position in FY 2025 @ 1.00 FTE.	3.00
FY 2025 Transfer Changes	0.00
⁽⁴⁾ Two (2) new positions are being added in FY 2025 at 0.75 FTE each for a total of 1.50 FTE.	1.50
⁽⁵⁾ Two (2) new positions are being added in FY 2025 at 0.75 FTE each for a total of 1.50 FTE.	1.50
⁽⁶⁾ Two (3) new positions are being added in FY 2025 at 0.75 FTE each for a total of 2.25 FTE.	2.25
FY 2025 New Positions	5.25

Impact of Capital Infrastructure Construction on Operations

The Department's capital portfolio consists of a large number of projects that are classified into five separate categories for maintenance purposes which will add to the Department's overall operations cost. The projects are either ongoing in nature or will be completed over the next five fiscal years. The expected future maintenance for each category is listed below:

Street Improvements

This is the largest category by number of projects as well as cost in the portfolio. Construction can include asphalt, curb and gutter, median islands, sidewalks and landscaping. Estimated future maintenance varies for each project based upon what is constructed. At this time no additional personnel are required. The anticipated maintenance costs are for replacement of infrastructure as assets reach their useful lives.

Traffic Signals

The installations of traffic signals range from the installation of left-turn phasing to a completely new signal at an intersection. Future maintenance costs consist of additional personnel, materials and other costs to provide the periodic maintenance necessary for the signals as well as operating costs.

ITS Traffic Synchronization

This Program installs traffic synchronization technology on traffic signals for major corridors of the City. As these projects are completed, additional personnel for signal timing, the

physical maintenance of the equipment and information technology will be necessary along with replacement equipment as the original equipment ages and no longer functions.

CFD Landscape Maintenance

The ongoing projects consist of the administrative costs to provide service to the CFDs that are approved by Council. Maintenance costs depend on the individual district and may cover landscaping as well as other approved infrastructure. Funding for the CFD Program is usually provided by property tax assessments to the property owners in each district. In order to keep up with the growing inventory of CFD-maintained landscapes, the FY 2025 Budget proposes a Senior Management Analyst to oversee the financial management of the CFD tracts. The position will be responsible for the preparation of the annual tax roll levy and day-to-day financial management of the tract funds.

Pedestrian/Bicycle Trail Projects

This category consists of projects to construct new pedestrian/bicycle trails within the city of Fresno. Construction is similar to the Street Improvement category, but does not include median islands and may include other trail facilities such as lighting or street furniture. As these are all new trails, maintenance will increase with each completed project. Future costs include personnel, supplies, equipment and other day-to-day costs to operate the trail.

Public Works Department Revenue and Expenditures - All Funds Combined

Notes:

Department Revenue and Expenditures – All Funds Combined Table.

1. This table reflects the consolidation of all fund that support operating and/or capital financial activities.

2. The Citywide General Fund Support line-item reflects citywide General Fund revenues (i.e., sales tax, property tax, etc.) captured in the General City Purpose Department and is utilized to cover the difference between General Fund revenues and expenditures facilitated by the above department.

3. Data may not add to the totals due to rounding.

THIS PAGE WAS INTENTIONALLY LEFT BLANK.

Transportation (FAX) Department

The Department of Transportation provides fixed-route and paratransit demand-response service 363 days a year throughout the City of Fresno. Routes also serve some areas of the City of Clovis, as well as the County of Fresno.

In FY 2025, the Department of Transportation will continue to focus on service sustainability, smart growth, and regulatory compliance as the forefront of FAX's efforts and planned activities.

The FAX Operations Division fixed-route service provides 18 different routes – including one Bus Rapid Transit (BRT) route – that operate seven days a week and utilize a fleet of 123 buses. Of those buses, 114 run on compressed natural gas (CNG) fuel, and the remaining 9 are battery electric. Additionally, FAX will introduce the first hydrogen fuel cell electric buses (FCEBs) into its fleet in FY 2025. These buses represent another important step in a multi-year transition to a 100 percent zero emission fleet.

All buses, regardless of propulsion type, are equipped with wheelchair lifts and bicycle racks, and normally carry an average of 26 passengers per hour. In FY2024, the fixed-route system provided more than 8.1 million passenger trips, operated over 426,000 service hours, and traveled more than 4.8 million service miles.

The Department also provides paratransit demand-response services, known as Handy Ride. Handy Ride operates seven days a week with service levels comparable to the fixed-route system. Residents who are unable to utilize fixed-route service due to a qualifying condition under the Americans with Disabilities Act (ADA) use Handy Ride services. Traveling nearly 993,000 service miles and utilizing 57 vehicles, Handy Ride service provided 140,000 trips last year.

The department also serves as the urban area Consolidated Transportation Services Agency (CTSA). As such, FAX relies upon state funding to maintain a relationship with the Fresno Economic Opportunities Commission (FEOC) to provide social service transportation services for low-mobility groups, such as residents of the Fresno Veterans Home. In FY 2024, FEOC provided nearly 2,400 social service trips through the CTSA arrangement.

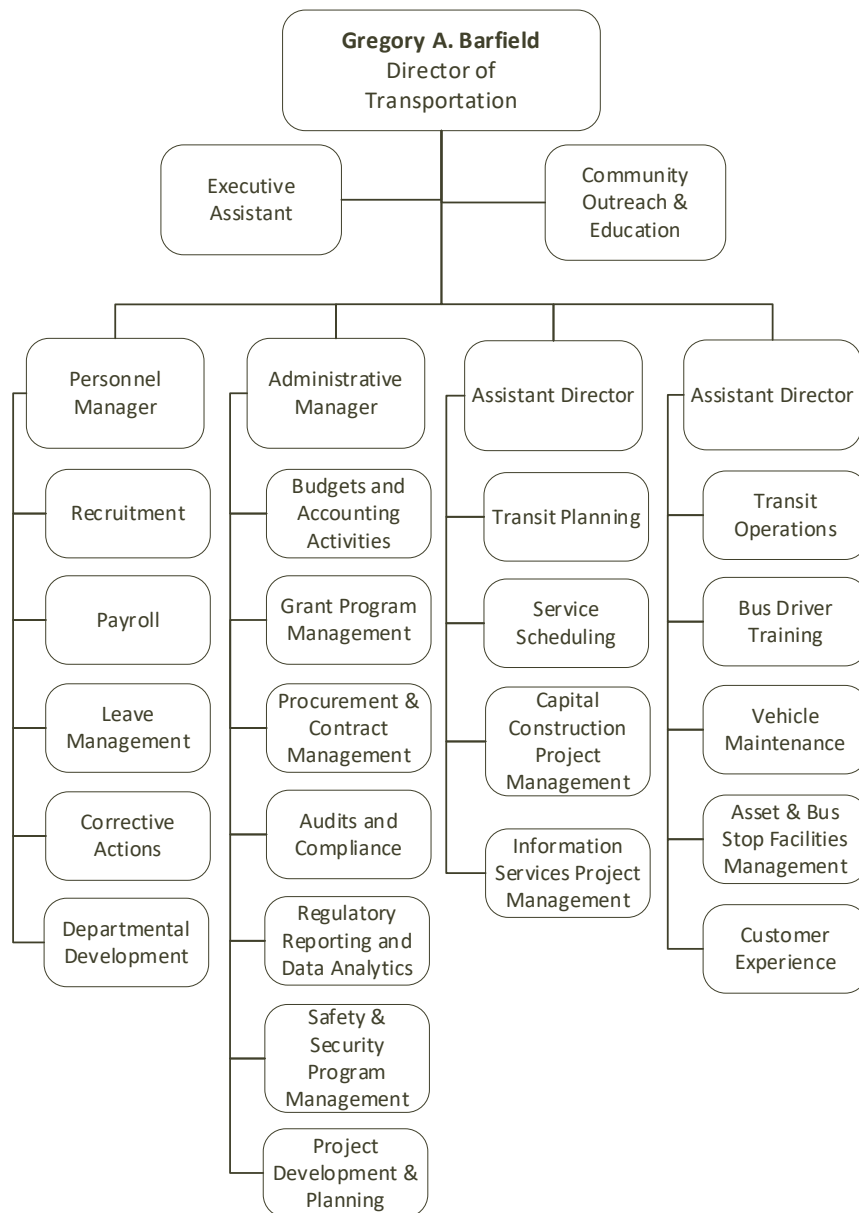

FAX will also continue the existing Student Fare Programs, including partnerships with California State University – Fresno, State Center Community College District, Fresno Unified School District (Grades 9-Adult School) and Central Unified School District (Grades 9-12) to provide low- and no-cost rides to students aged 12 and over. Students of any school under the age of 12 are able to ride the fixed route for no charge.

A comprehensive capital asset and facilities assessment study is guiding the Department through a maintenance and replacement plan to maximize the life of assets and prioritize facility repairs and upgrades. FAX is preparing a long new range strategic plan to update and forecast the Department's needs for the next thirty years during this upcoming fiscal year.

Transportation (FAX) Department

FAX continues to increase cash reserves to use for future asset maintenance, grant matches, and bus/equipment purchases. These cash reserves provide the Department with the resources needed to maintain and repair existing assets; implement study recommendations; and

leverage local, state, and federal grant funds for the acquisition of new or replacement equipment, zero emission buses, facilities, passenger stations, related amenities, and new technologies.

Service Impacts

Revenues

The Transportation Department's revenues are generated through a variety of sources. As an enterprise, Transit Operations are primarily funded through State Transportation Development Act (TDA) allocations, Federal Transit Administration (FTA) grants, Measure C sales tax revenues and passenger fares.

Total Available Revenues for the Transportation Department in FY 2025 are \$262,471,900, an increase of \$58,365,000 from the FY 2024 Amended Budget. Excluding the FY 2024 year-end carryovers, Total Fiscal Year Revenues and one-time transfers are budgeted at \$156,832,900, an increase of \$40,534,100 from the FY 2024 Amended Budget. This is specifically attributable to an increase of \$40,217,700 in Intergovernmental Revenue.

The Department anticipates receipt of numerous grant funds and reimbursements in FY2025 related to Federal and State Awards, Allocations and Entitlements. The level of grant funding is based on the passage of the federal and state budgets, funds availability, competitive grant awards, capital project scheduling and progress, grant agreement execution, as well as the time of reimbursement requests. Key notable revenues are budgeted as follows:

- \$46,000,500 in State Transportation Development Act (TDA) funding, an increase of \$10,554,500 from the FY 2024 Amended Budget. This is attributable to increased grant payments from the City of Clovis and County of Fresno for providing transportation services in their jurisdictions.
- \$22,342,700 increase from numerous State allocations. \$13,347,700 in clean air funding for hydrogen fuel cell bus purchases and hydrogen fueling station development

projects scheduled in FY 2025; \$6,000,000 in Zero Emissions Transportation Capital Projects (ZETCP) funding for hydrogen bus purchases; and \$2,995,000 in Affordable Housing Sustainable Communities (AHSC) funding for Transit-Oriented Development (TOD)-adjacent bus stop improvements.

- \$5,750,000 increase from the Sustainable Transportation Equity Project (STEP) Federal award to increase transportation equity in disadvantaged and low-income communities.
- \$16,384,900 in Measure C Revenues. This funding primarily funds driver personnel costs, provides a match for Congestion Mitigation and Air Quality (CMAQ) grants, and covers the cost of Compressed Natural Gas (CNG) fuel for buses.

Expenditures

Total appropriations in the Transportation Department are budgeted at \$172,953,900, an increase of \$33,975,400 from the FY 2024 Amended Budget. Operating appropriations increased by 5.9 percent to \$92,570,700 and Capital appropriations increased by 55.9 percent to \$80,383,200 compared to the FY 2024 Amended Budget.

Transit Operating Divisions

Transit Operating Divisions' Non-Personnel Budget totals \$27,665,500, an increase of \$675,200 from the FY 2024 Amended Budget. The FY 2025 Non-Personnel Budget includes:

- \$405,700 increase for inventory parts to ensure inventory remains stocked and sufficient for FTA assets. This also covers increases in prices for specialized and technical equipment.
- \$2,000,500 for the Consolidated Transportation Services Agreement (CTSA) passthrough grant. The arrangement is between FAX and the Fresno Economic

Opportunities Commission (FEOC) for the delivery of social service transportation services.

- \$926,300 in Measure C New Technology grant funds for the Fresno City College (FCC) advanced propulsion systems training center. The FCC project was budgeted at \$1,995,000 in the FY 2021 Budget, \$359,000 was completed. In FY 2022, \$1,715,000 was budgeted, \$330,000 was completed. In FY 2023, \$1,275,000 was budgeted, \$125,000 was completed. The anticipated FY 2024 balance is included in FY 2025. The Transportation Department is only a pass-through entity for these funds.

Transit Operating Divisions' Interdepartmental Services' (ID) Budget totals \$11,441,100, an increase of \$1,868,200 compared to the FY 2024 Amended Budget. The following addresses the significant items impacting the ID budget:

- \$100,000 increase for the Fresno Police Department's FAX unit and Contract Law Enforcement Services with available appropriations of \$1,100,000. FAX utilizes officers to aid in patrol and to respond to transit calls for service.

- \$1,070,500 increase in Liability Self-Insurance Charges. These amounts are calculated based on a methodology that utilizes five years of actual use of the Self-Insurance accounts.
- \$1,003,200 increase in ISD Centralized Charges due to the centralization of all FAX IT staff in ISD, and offset by a corresponding reduction in personnel costs.

Capital Division

Capital Divisions' appropriations are budgeted at \$80,383,200, an increase of \$28,829,300 from the FY 2024 Amended Budget. Changes to the FY 2025 Capital Budget include:

- \$10,557,000 increase for Replacement Vehicle Acquisitions.
- \$9,921,500 increase in New Vehicle Acquisitions.
- Pedestrian safety in school areas will be a priority for FAX as \$5.7 million is budgeted for high-intensity pedestrian crossing improvements and includes school adjacent bus stop locations at Jane Addams Elementary and Teague Elementary. These grant-funded improvements will be implemented in partnership with the Department of Public Works.
- \$2,263,800 for Profession Consulting Services.

Additional information on capital projects can be found in the Capital Improvement section of this book.

Transportation (FAX) Department

Staffing

The Transportation Department's Personnel Budget totals \$55,250,600, an increase of \$3,983,700 above the FY 2024 Amended Budget. It accounts for salary increases, step advancements and contractual obligations driven by negotiated Memorandum of Understanding (MOU) agreements, in addition to the following:

- \$294,000 for (5) Equipment Service Worker IIs at 0.75 FTE each to increase bus repair efficiency and improve bus availability.
- \$127,100 for (6) Bus Drivers at 0.25 FTE each due to anticipated route expansion.
- \$106,400 for (2) Transit Supervisors at 0.50 FTE each to assist with supervision of the additional bus drivers.
- \$58,100 for (1) Utility Leadworker at 0.75 FTE to supervise the Facility/Shelter Crew swing shift.
- \$104,200 increase for Overtime driven by decreased driver productivity since the start of the pandemic.
- \$73,000 for (1) Transit Scheduler Technician at 1.00 FTE due to current service expansion and the anticipated addition of bus routes.

Department Staffing Detail

Position Summary					
Division	FY 2023 Adopted	FY 2024 Adopted	FY 2024 Amended	FY 2025 Changes	FY 2025 Proposed
Transportation Operating	373.00	387.00	387.00	2.50	389.50
Transportation Maintenance	84.00	83.00	85.00	4.50	89.50

Project	Projected Year of Completion	Square Footage/Miles	Estimated Number of Positions	Capital Projects
				Estimated Annual O&M Cost/(Savings)
Administration Facility Rehab	2025	14,600 ft ²	N/A	Unknown
Maintenance Facility Rehab	2025	54,800 ft ²	N/A	Unknown
Bus Wash/Vault Facility Rehab	2025	10,800 ft ²	N/A	\$10,000
CNG Fueling Station Rehab	2025	N/A	N/A	\$10,000
Vehicle Charging Infrastructure	2025	N/A	N/A	Unknown
CAD/AVL and Radio Upgrades	2025	N/A	N/A	\$140,000
CNG Bus Purchases	2025	N/A	N/A	\$600,000
FCEB Bus Purchase	2025	N/A	N/A	\$50,000
Paratransit Cutaway Purchases	2025	N/A	N/A	\$50,000

Major Capital Projects budgeted in FY 2025 for the Department of Transportation/ Fresno Area Express (FAX) include the continuation of existing projects: rehabilitations to the administration, maintenance, bus wash, and compressed natural gas (CNG) fueling facilities, completion of bus- and light vehicle charging infrastructure, radio and dispatch system upgrades, and purchases of replacement CNG buses, hydrogen fuel cell electric buses (FCEBs), and paratransit cutaways. Once complete and fully operational, these projects will affect the Department's operations and maintenance (O&M) budget beginning in FY 2025.

Rehabilitations: Administration, Maintenance, Bus Wash, and CNG Fueling Facilities

Planned upgrades to the various FAX facilities will include energy-efficient and water-saving improvements to decrease utility expense, as well as safety-related enhancements for the maintenance facility to accommodate new zero-emissions buses. Additional efficiencies will be realized by completing rehabilitations of the bus wash building and CNG fueling station, to decrease water waste and fuel loss. Further, these improvements will streamline operational

efficiency by reducing end-of-day bus queue times and traffic congestion within the FAX bus yard. Any step that decreases bus queue times thereby reduces fuel and employee hours. Even the projected one-quarter percent reduction to fuel expenses and driver overtime has the potential to save the Department over \$20,000 in one year.

Bus and Light Vehicle Charging Infrastructure

FAX has committed to transitioning all buses and light-duty vehicles to zero-emission (either electric or hydrogen) by the year 2040. The initial phase of zero-emission vehicle deployment requires significant electric charging infrastructure improvements to the FAX portion of the Municipal Service Center (MSC), currently scheduled for completion in 2025. Buses will be charged using off-peak periods to maximize savings. The switch from alternative fuel to electric for the first batch of electric buses is anticipated to reduce operating expenses, but the amount depends on the fuel versus electricity cost, which is not yet quantified.

Radio and Dispatch System Upgrades

Upgrades to the FAX radio and computer-aided dispatch/automatic vehicle location (CAV/AVL) software system are currently underway, scheduled for completion in 2025. These systems are used by dispatch staff to monitor vehicle status and on-time performance throughout the service area. Included in this upgrade package is the replacement of manual pre-trip inspections (done at the beginning of each shift and/or when taking over a different vehicle) with electronic pre-trip inspection systems on all transit buses, which will shorten the time required for the inspection and automate/formalize the process of reporting the data to the maintenance staff. These manual inspections can take several minutes apiece and require keen attention to detail. By automating the process, an anticipated reduction of five minutes of work time per driver per workday has the potential to decrease driver overtime by \$140,000.

Replacement Purchases: CNG Buses, FCEBs, and Paratransit Cutaways

In FY 2025, FAX plans to purchase and deploy new CNG buses, fuel cell buses, and paratransit cutaways to replace aging vehicles in the fleet. These newer buses are not only more fuel efficient and cleaner, but they also require significantly less maintenance and experience fewer service failures than older buses. Between the anticipated fuel, towing, and maintenance staff overtime savings, FAX anticipates to reduce operating expense by as much as \$700,000 in 2026.

Transportation Department Revenue and Expenditures - All Funds Combined

FY 2025-2029

Capital Improvement Program

Introduction

Development of the FY 2025-2029 Capital Improvement Program (CIP) is an intensive, ongoing process, involving a comprehensive review of the goals and direction of the City's future infrastructure needs.

The overriding mission of this review is to determine specific priorities, starting with the vital work being done to revitalize and reinvigorate the Downtown area; then to sequence those priorities to enable the City to effectively concentrate its capital investment.

Any capital plan must take into consideration the financial impact to its citizens, balancing the

ever-changing needs of the City with the capacity of the population to finance those improvements and the maintenance that comes with them. This is especially true of capital funded through utility rates. Critical decisions will be made concerning the pace and timing of the utility capital program using the dollars available.

Overview

The FY 2025-2029 CIP is budgeted at \$2.022 billion for projects that range from construction of new facilities to the updating of existing structures, street improvements, sidewalk repairs and utility infrastructure maintenance. The FY 2025 Capital Program contains new and ongoing projects with a combined projected cost of \$690.2 million.

Capital Revenue Sources

In FY 2025, Federal Grants total \$147.8 million and will be used for main arterial street rehabilitation/improvements in Public Works at \$32.7 million; Federal Aviation Authority Grants for Fresno Yosemite International Airport at \$71.5 million; and Federal Transportation Agency Grants in FAX at \$43.6 million.

State Grants total \$144.5 million and provides funding for the new Regional Fire Training Center at \$21.2 million; Prop 68 and State Grant funding for park and facility improvements in the PARCS Department totaling \$13.5 million; State Grant and Gas Tax funding for street related improvements and repairs in Public Works totaling \$39.9 million; \$40.6 million State Grant in the Capital Projects Department for Downtown Improvements; and, Proposition 1B, State Cap & Trade and SB1 Grant funding in the FAX Department totaling \$29.2 million.

Enterprise capital totals \$149.1 million and provides funding for water well and sewer line construction and rehabilitation in Public Utilities totaling \$124.6 million; Airports has budgeted \$16.9 million for airfield, terminal, facility and parking lot repairs and upgrades; and, FAX has budgeted \$7.4 million for bus purchases and other capital projects.

Uses of Capital Funding

The City's capital funding is dedicated to a variety of programs and projects such as the Neighborhood Infrastructure improvement and the Blackstone / McKinley Grade Separation projects in the Public Works Department.

FY 2025 Capital Appropriations

Major capital projects in the Department of Public Utilities include Water System Rehabilitation and Replacement to include water main replacements and well construction, improvements at the Northeast Surface Water Treatment Facility, Regional Transmission Main expansion, and funding to maintain components at the wastewater treatment facility. The Airports Department is expanding the terminal concourse at Fresno Yosemite International Airport and modernizing the TSA manual baggage screening system. The FAX Department's capital projects include replacing aging compressed natural gas (CNG) buses, the

purchase of its first hydrogen fuel cell electric buses and the purchase of new Handy Ride paratransit buses. With the new battery-electric buses (BEB), the Department is also working on charging infrastructure projects.

Department Details

The Police Department

The Department's FY 2025 CIP budget totals \$12,808,500 and includes the following projects of note:

Regional Training Center (RTC): A total of \$30,000 is budgeted for the Regional Training Center bond debt service payment in accordance with the multi-year lease purchase agreement with the Wastewater Treatment Division. Funding to offset the debt service payments, as well as overall operations and maintenance costs, is generated from fees charged to other agencies for use of the facility.

Police Headquarters: A total of \$3.2 million is budgeted to alleviate asbestos and resolve the HVAC issues in the building. The Police Headquarters building was built in the early 1940s. In 1998, the City of Fresno Department of Facilities contracted with a vendor to perform asbestos abatement and concealment in the building as well as other upgrades. Since it has been 24 years since the last upgrade, critical repairs to the building and HVAC system are needed. Security cameras are also needed to provide safety and security of the building and assigned personnel.

911 Call Center: The Department has budgeted \$9.3 million for a project total of \$14.7 million to provide an up-to-date state-of-the-art environmentally safe, and technology advanced building with sufficient space to house staff in the 911 Police Call Center.

Fire Department

The Department's FY 2025 CIP Budget totals \$24,047,300 and includes the following projects:

Fire Regional Training Center Construction: In FY 2022, the Fire Department was awarded a \$25,000,000 State Grant for construction of the Regional Training Center, which is projected to be a three-year construction project. In FY 2025, the capital budget includes \$20,898,100 for construction and related costs.

Fire Station #12 Relocation / Construction: In FY 2022, Council approved the purchase of property at 3315 W. Ashlan Avenue to construct a new Fire Station 12. In FY 2025, \$3.1 million is budgeted for a project total of \$14.9 million toward the new fire station. The design team has been working with the architect and the Department plans to go out to bid in mid-2024.

Fire Station #10 Relocation: In September 2018, the City purchased land located at 6351 East Clinton Avenue as the future site of Fire Station #10. In FY 2025, \$36,200 has been budgeted to continue design plans.

The Parks, After School, Recreation & Community Services Department

The PARCS Department is supported by a variety of funding sources such as the General Fund, Measure P, state and federal grants such as the Community Development Block Grant (CDBG), the American Rescue Plan Act (ARPA), and the Statewide Park Development and Community Revitalization Grant (Prop 68).

In FY 2025, the Department's FY 2025 CIP is budgeted at \$94,171,400 and includes the following projects of note:

New Parks and Facilities

Basins: \$100,000 in General Fund, \$200,000 in ARPA, and \$1,018,500 in Measure P (of which \$519,500 must be utilized in neighborhoods designated as highest need) to be utilized to enter into agreements with Fresno Metropolitan Flood Control District (FMFCD) and prepare design plans for the future construction of basins to serve as new City parks under a joint-use agreement with FMFCD.

Dolores Huerta Park: The City has been awarded Prop 68 funds to create a new 4.5-acre park at Milburn & Dakota. The project is expected to enter construction in early FY2025 utilizing \$7,755,300 in Prop 68 (from \$8,500,000 grant award), and \$3,498,400 from available and eligible park impact fees for costs not eligible for Prop 68 reimbursement.

Paul "Cap" Caprioglio Community Center: Renovation of the 3,944 square-foot north building of the new Community Center at Bulldog & Sixth were completed in FY 2023. Construction of the South building will commence in FY 2025, utilizing \$1,690,100 in Measure P funds. The south building will contain restrooms, a senior dining lounge, kitchen, and two offices.

Senior Activity Center: The City is designing a new Citywide Senior Center, anticipated to be over 30,000-square feet located at 4343 N. Blackstone Ave. Funding for the construction of the Citywide Senior Center includes \$865,000 in General Fund and \$4,542,700 in Measure P. The City has applied for \$20,000,000 of additional construction funding from the U.S. Department of Housing and Urban Development's CDBG Section 108 Loan program.

S. Peach Ave. Park: A total of \$8,500,000 in ARPA funding was awarded of which \$7,588,100 will be carried over from FY2024. Construction funding for the park will also include \$820,400 in Measure P, and \$2,837,000 in Park Impact Fees. Phase 1 construction of the 49-acre S. Peach Ave. site will include soccer, field hockey, and additional park amenities. Design for the property is expected to conclude in FY2024 with construction award anticipated early FY2025.

South Tower Park: The construction of a new 0.64-acre park located at the corner of N. Broadway St. and E. Elizabeth St. is scheduled for completion in FY 2025, utilizing FY 2024 Measure P funds. Measure P funds for project close-out of \$219,900 are included in FY 2025.

Trolley Park: Construction of the new park located at the corner of N. Van Ness Blvd & E. Weldon Ave was completed in FY 2024. In FY 2025, additional site enhancements will be completed utilizing \$89,200 in Measure P funds carried over from FY 2024.

El Dorado Park: \$500,000 in Measure P funds and \$592,900 in ARPA funds will be carried over for the acquisition and design of El Dorado Park.

Dakota/Barton Park: \$610,700 in Measure P funds will be carried over for the design of Dakota/Barton Park.

11th & Tulare Park: \$8,800 in ARPA carryover and \$860,000 in new Measure P funds will be utilized for the design and construction of a park at 11th & Tulare.

Acquisitions & New Park Development: In addition to the new parks noted above, the City is also proposing to allocate \$12,310,700 in Measure P funds for the acquisition and development of new park property to be

identified, of which, \$9,530,300 must be used in areas designated as highest need in accordance with the definition of highest need neighborhoods adopted by the City Council on 12/9/2021. An additional \$2,417,600 in Measure P; \$1,261,200 in ARPA; and \$768,900 General Fund have been requested for property acquisitions for which appraisals, negotiations, and/or environmental assessments are ongoing, of which \$1,973,300 must be utilized in areas designated as highest need. \$10,459,600 in Park Impact Fees are allocated for acquisition and development of net new park property in areas to be determined which are eligible under the City's Park Impact Fee program. Of this funding, \$8,500,000 is eligible for land acquisition only in accordance with the Quimby Act.

FY 2024 Improvement Projects Continuing in FY 2025

Belcher Pedestrian Access Improvements: \$32,300 in Measure P funds will be carried over to complete path of travel improvements.

Jaswant Singh Khalra Cricket Pitch: \$84,900 in Measure P funds will be carried over to complete design and install of a cricket pitch.

Koligian Park Improvements: \$202,900 in ARPA funds will be carried over to complete the design and installation of field lighting.

Lafayette Park Play Structure: \$110,000 in General Fund and \$311,300 in ARPA will be carried over, and \$344,700 of new CDBG funds will be used to install a new tot lot play structure.

Lions Multi-Use Court: \$350,000 in Measure P carryover funds will be used to complete the Lions tennis court multi-sport conversion and resurfacing project.

Logan Park Improvements: \$68,600 in Measure P carryover funds to complete the Logan tennis court multi-sport conversion and resurfacing project; \$38,500 in Measure P carryover funds to design and install a new park monument sign; \$11,300 in Measure P carryover funds to complete design of play structure improvements.

Manchester Skate Park: \$15,300 in ARPA carryover funds to complete the design of a skate park.

Quigley Park Rehabilitation: \$356,700 in Measure P carryover funds to finalize design of a full park renovation.

Regional Sports Complex Cricket Pitch: \$84,900 in Measure P carryover funds to design and install a cricket pitch.

Rotary West Wrought Iron Fence Project: \$1,570,000 in ARPA carryover funds and \$54,800 in new Measure P funds to design and construct a new metal fence at Rotary West Park.

FY 2023 Improvement Projects Continuing in FY 2025

Al Radka Improvements: \$700 in Measure P carryover funds will be utilized to finalize the design of a small dog park to compliment the existing dog park. \$141,500 in Measure P carryover funds will be used to complete the irrigation pump controller project.

Bigby-Villa Play Structure Improvements: \$205,900 in Measure P carryover funds and \$603,600 in new CDBG funds to complete construction of improvements to the play structure including shade sails and safety surfacing.

California/Tupman Improvements: \$154,400 in Measure P carryover funds and \$25,500 in FY 2025 Measure P funds to complete improvements to the play structure including shade sails over swing set and site furnishings; \$187,700 in Measure P carryover funds and \$61,000 in FY 2025 Measure P funds to construct a CMU block wall along the perimeter of the park.

Cary Park Improvements: \$27,600 in ARPA carryover funds and \$19,900 in Measure P carryover funds toward the installation of new bleachers and related site improvements; \$95,500 in ARPA carryover funds toward the design and installation of play area improvements.

Dickey Park Rehabilitation: \$18,300 in Measure P funds will be carried over to complete the comprehensive site plan for the rehabilitation of Dickey Park, and to prepare full construction plans for implementation of Phase 1.

Fink White Improvements: \$226,200 in Measure P funds will be carried over to complete the rehabilitation of the community center restroom.

Frank H Ball Rehabilitation: \$343,500 in Measure P carryover funds and \$6,000 in CDBG carryover funds will be used to design a new site concept plan for rehabilitation and ADA Improvements of Frank H Ball and to prepare construction plans for Phase 1 implementation.

Hinton Park Improvements: \$267,800 in Measure P carryover funds to improve Hinton Park to include landscaping improvements to complement new restroom, field lighting, and futsal improvements.

Holman Park Lighting Improvements: \$10,000 in General Fund carryover to complete design of lighting improvements at Holman Park.

Holmes Park Improvements: \$575,300 in Measure P funds to complete design and award construction for replacement of the Holmes exterior restrooms; \$341,400 for repair and lifecycle replacements for the facility.

Lafayette Park Improvements: \$181,700 in Measure P carryover funds to be carried over to complete construction for the restroom rehabilitation project. \$10,000 in General Fund will be carried over for the design and construction of lighting improvements.

Large Park Restrooms: \$23,500 in General Fund will be carried over to be utilized to complete the design plans for a new restroom at Large Park.

Manchester Improvements: \$20,500 in Measure P carryover funds and \$45,100 in General Fund carryover to complete design of a splash pad to replace the existing wader pool.

Mary Ella Brown Rehabilitation: \$183,700 in Measure P funds to be carried over to complete new site concept plan for rehabilitation of Mary Ella Brown and to prepare construction plans for Phase 1 implementation.

Maxie L. Parks Improvements: \$81,900 in Measure P funds to be carried over to complete new site concept plan for rehabilitation and to prepare construction plans for Phase 1 implementation; \$275,000 in Measure P carryover to construct perimeter and turf improvements to incorporate a parcel South of Maxie L. Parks into the park footprint; \$195,400 in Measure P carryover and \$120,000 in new Measure P to construct play structure improvements including shade sails.

Mosqueda Improvements: \$143,200 in Measure P carryover and \$77,000 in new Measure P funds for replacement of the pool fencing.

Nielsen Play Structure Improvements: \$300,000 in Measure P and \$296,000 in new Measure P funds carryover to complete construction of the play structure improvements project to include safety surface and shade sails.

Orchid Play Structure Improvements: \$209,400 in Measure P carryover toward the construction of play structure improvements.

Radio Park Rehabilitation: The City has been awarded Prop 68 funds of \$6,075,390 to renovate Radio Park including public art, a shaded walking path, spray park, event plaza, soccer field, play structure, and other park amenities. In FY2025, \$5,525,200 of the Prop 68 funding is being carried over for construction; and \$2,810,000 will be funded through available and eligible park impact fees for costs not eligible for Prop 68 reimbursement.

Reedy Park Improvements: \$345,600 in General Fund and \$500,000 in ARPA funds will be carried over for improvements to Reedy Park.

Roeding Improvements: \$2,352,700 in Measure P carryover and \$164,000 in FY 2025 Measure P funds to replace the restrooms; \$1,264,000 in carryover to complete rehabilitation of the three northernmost tennis courts to add pickleball and lighting; \$326,900 in Measure P carryover and \$14,000 in new Measure P funds to complete the Roeding tennis court resurfacing project; and \$149,500 in Measure P carryover to finalize design for irrigation improvements.

Roeding Storyland / Playland: \$1,052,700 in Measure P carryover to complete lifecycle replacements and improvements at Storyland/Playland including ADA barrier removal and fencing improvements.

Romain Improvements: \$361,700 in Measure P carryover funds to complete the Romain Play Structure Improvements project; \$23,800 in Measure P carryover funds to complete the design of a new site concept plan for rehabilitation and to prepare construction plans for Phase 1 implementation; \$14,200 in Measure P carryover funds to improve the community garden for operation; \$811,900 in Measure P carryover to construct improvements to the learner pool.

Rotary East Improvements: \$49,100 in Measure P funds to complete the design of improvements for the Rotary East Play Structure; \$18,800 in ARPA carryover funds and \$776,000 in Measure P carryover funds for the design and construction of new pickleball courts at Rotary East.

San Pablo Rehabilitation: \$15,700 in Measure P carryover funds to carried over to complete the plans for the redesign of San Pablo Park.

Sunset Improvements: \$215,000 in Measure P carryover to prepare a new site concept plan for rehabilitation and to prepare construction plans for Phase 1 implementation.

Ted C. Wills Green Space Improvements: \$4,800 in Measure P carryover funds to complete the plans for design of new amenities at green space adjacent to Ted C. Wills previously vacated by Big Picture Academy.

Vinland Improvements: \$10,000 in General Fund carryover to finalize design of play structure improvements; \$13,100 in Measure P carryover for project closeout costs associated

with the Vinland restroom upgrade project; \$935,000 in Measure P carryover funds and \$1,500 in ARPA carryover funds to finalize the design of new pickleball court north of the existing courts.

Veteran's Memorial Improvements: The City will utilize \$936,600 in Measure P carryover funds to continue a multi-year renovation/restoration of Veteran's Memorial Auditorium.

Willow & Balch Tot Lot Replacement: \$75,400 in Measure P carryover to complete construction of a new structure to replace the previous playground at Willow & Balch which was damaged in a fire, including enhancements to add safety surface and shade structures.

Woodward Park Pickleball Courts: \$70,400 in regional park revenue carryover funds to complete the plans for design of new pickleball courts at Woodward Park.

Court Resurfacing: \$127,700 in Measure P carryover funds to resurface courts at locations to be determined, of which \$54,700 must be expended in parks located in neighborhoods designated as highest need.

Slurry, Seal, and Restriping: \$48,000 in Measure P carryover funds and \$35,000 in new Measure P funds for slurry, seal, and restriping parking lots located in neighborhoods designated as highest need.

Tree Trimming: \$235,000 in Measure P funds to address overgrown or hazardous park trees, of which, \$75,000 must be used in neighborhoods designated as highest need.

FY 2022 Improvement Projects Continuing in FY 2025

Dickey Improvements: \$99,600 in Measure P carryover funds to finalize improvement projects at Dickey Youth Center.

Fink White Splash Pad: \$10,000 in Measure P carryover funds for project closeout.

Maxie L Parks Improvements: \$842,300 in Measure P carryover funds and \$140,000 in special revenue funds carried over for the installation of a new HVAC system, electrical service upgrade, and generator upgrade at Maxie L. Parks

Milburn Overlook: \$1,083,300 in Measure P carryover and \$276,000 in new Measure P funds to complete construction of the redesigned park.

Roeding Improvements: \$239,500 in ARPA carryover, and \$240,000 in Measure P carryover funds to replace two tot lots at Roeding Park; \$38,000 for project closeout costs relating to the Roeding Dog Park relocation.

Roessler Winery Building: \$235,600 in General Fund carryover to complete structural assessments and design repairs for historic facility.

Romain Sport Court Improvements: \$304,000 in new Measure P funds and \$46,400 of California State Grant funds carried over to complete the futsal court improvements.

Water Tower/Eaton Plaza: \$141,100 in General Fund carried over for the improvement of the water tower & Eaton Plaza.

Woodward Play Structure Improvements: \$400,900 in ARPA carryover, \$20,000 in regional parking special revenue carryover, and

\$42,600 in new regional park special revenue to complete improvements and repairs to the Woodward play structures including accessible parking stalls.

The Public Works Department

The Department's FY 2025 Capital Improvement Program (CIP) is budgeted at \$216,547,900 in FY 2025:

Blackstone and McKinley Grade Separation: Blackstone and McKinley Grade Separation will continue through the final engineering design, utility relocation and right-of-way acquisition phases in FY 2024 utilizing \$44.3 million of Measure C Grade Separation funds.

Neighborhood Geobase Tree Trimming: The FY 2025 Neighborhood Geobase Tree Trimming program includes \$1.8 million for proactive tree trimming of geobases throughout the City. The program funding will enable trimming of approximately 35 geobases, allowing for a 10-year trim cycle citywide, consistent with industry standard best practices. The program reduces risk for downed trees and limbs, improves the health of the urban forest and improves aesthetics throughout our neighborhoods.

Tree Planting Program: The FY2025 budget continues upon the \$200,000 annual

commitment towards implementing the Council's 1,000 New Tree Initiative. Combined with other City capital improvement projects, the Department plans to achieve the 1,000 new tree goal for a third straight year.

SB1 Projects: SB1 Projects New Senate Bill 1 (SB1) appropriations for FY 2025 are proposed at \$14.8 million, which will be utilized for numerous street repaving, concrete repair and traffic signal projects throughout the City. The 2024-25 SB1 list of projects is scheduled for approval by the Council in June 2024. Existing capital improvement projects will utilize \$8.4 million of SB1 revenues to enable successful project delivery and \$6.4 million will fund Public Works paving and concrete repair projects, including the seven-week concrete repair program.

Major Street Repaving: The FY2025 budget for the Department includes \$9.4 million in Federal funding for the design and construction of numerous street repaving projects, with Measure C and SB1 revenues serving to match the Federal grant funding.

Traffic Signals: The FY 2025 budget includes the design and/or construction of 14 new traffic signals and 11 traffic signal modifications and upgrades, 7 HAWK pedestrian crossing signals, and 3 Rapid Rectangular Flashing Beacons (RRFB) to improve safety and relieve congestion. The primary funding sources are Federal and State grant funding such as the Highway Safety Improvement Program and Active Transportation Program.

Intelligent Transportation System (ITS): The Department will install traffic synchronization technology on traffic signals for major corridors of the City of Fresno. As these projects are completed, additional personnel for signal timing, the physical maintenance of the

equipment and information technology will be necessary along with replacement equipment as the original equipment ages and no longer functions. \$11.4 million is budgeted for FY 2025.

Active Transportation Projects (ATP): The 2017 Active Transportation Plan (ATP) established a vision for investment in infrastructure to improve facilities for walking, biking and active travel.

In FY2025 there are numerous Active Transportation Projects slated to move into construction and several existing new projects that will start with design development. The Public Works Department continues to prioritize securing funding for future Active Transportation opportunities through local, state and federal funding sources, with a total of \$33.8 million in FY2025 investments in active transportation. The Vision Zero Safety Action Plan and the Active Transportation Plan Update are both scheduled for completion in FY2025. Key projects include MLK Active Transportation Infrastructure, River West Eaton Trail Extension, a HAWK at First and Dovewood near Hoover High School, Midtown Trail Segments 1B, 3 and 4, and Complete Streets Projects on multiple corridors (Cesar Chavez in Southwest Fresno, Blackstone Smart Mobility from SR-180 to Shields, Tulare Avenue from Cedar to Chestnut).

High Speed Rail: Funding from the California High-Speed Rail Authority and their Design-Build Contractor will continue to allow for Public Works and DPU to complete the plan review and permitting process for 13 grade separations, 5 miles of realigned streets, more than 30 traffic signals, 20 miles of realigned sewer and water, as well as providing construction oversight services for City facilities being relocated or constructed by High-Speed Rail project. Appropriations are budgeted at \$1,760,900 in FY 2025.

Measure C Regional Tier 1 Projects: The Department will utilize \$19.6 million in Measure C Regional Tier 1 Program appropriations to commence the design phase of the Peach Avenue Widening from Florence to Jensen and the Cesar Chavez Boulevard (California Avenue) enhancements from Fruit to Pottle Avenues. The Department will also begin the construction phase of the Herndon Avenue Widening from Polk to Milburn over the BNSF Railroad and the Peach Avenue Improvements from SR-180 to McKinley Avenue, and to complete construction of the Peach Avenue Widening from Butler to Florence Avenue.

Caltrans Highway Litter Control and Graffiti Abatement: Through \$200,000 in funding from Caltrans, combined with \$355,500 in Measure P Litter Control and Beautification Funds, the FY 2025 budget includes \$555,500 to achieve weekly litter control on State Routes 41 and 99, and two times per month litter control on State Routes 168 and 180, to improve the community and combat blight.

West Area Projects: The FY2025 budget includes \$9.9 million for projects west of State Route 99 and north of State Route 180, including projects to address safety and capacity at intersections, bottlenecks and lack of sidewalks on Shaw Avenue, Ashlan Avenue,

Clinton Avenue, McKinley Avenue and Polk Avenue. Key projects include:

- Polk Avenue Widening, Shaw to Gettysburg is scheduled for a construction contract award in FY 2025 utilizing \$2.6 million in appropriations, following the completion of final design, right-of-way acquisition and utility relocation.
- Clinton Avenue Widening from Marks to Valentine will progress to the right-of-way acquisition phase in FY 2025 with \$1.2 million in appropriations, with construction scheduled for FY 2026.
- Ashlan Avenue Projects are included in the FY2025 budget with \$4.1 million in funding for Westbound Widening from Polk to Bryan, and eastbound widening from Polk to Cornelia.
- McKinley Avenue Widening from Marks to Hughes will progress to the right-of-way acquisition phase in FY2025, with \$158,700 in appropriations, with construction planned for FY2026 following right-of-way acquisition and utility relocation. The project will add bike lanes, sidewalks and a midblock signalized HAWK crossing for Jane Addams Elementary.

Fire Department HQ Electric Vehicle Charging Infrastructure: Through a Federal CMAQ grant, the Department will begin the design phase of the project with \$86,700 in FY25 appropriations. The project will include the installation of 6 Level 2 EV Chargers to include the necessary conduit, panel upgrades, the installation of a PG&E EV meter, and security cameras at the Fire Department Headquarters (911 H. Street) in downtown Fresno. When implemented, the addition of these EV charging stations will continue the City's efforts to convert the City's Fleet to Clean Fuel Technology to support the charging of non-emergency Fire Department vehicles.

The Department of Public Utilities (DPU)

Many DPU capital projects are necessary to maximize water resources and support current and future economic development needs. The following are highlights from the Department's \$132.9 million Capital Improvement Program budget in FY 2025:

Water Main Renewal: There are 1,900 miles of water mains throughout the city and much of this infrastructure is past or nearing the end of its useful life. The following replacements are in the FY 2025 Budget: Replacement of water mains in the area bound by Clinton/University/West/Teilman Avenues (\$5.8 million); McMillan Avenue between Church and Jensen (\$1.7 million); Jensen Avenue between Fruit and MLK (\$2.0 million); along with start-up and close-out costs for fifteen other projects. The total budgeted amount is \$9.9 million. The total amount budgeted for this project between FY 2025 and FY 2029 is \$85.1 million.

Water Main Extension: A project to extend water service to the State Center Community College District First Responders Facility at Willow and North Avenues via 16-inch diameter water mains is budgeted at \$1.3 million in FY 2025. It will be funded through the Water Capacity Fee Fund. The total budgeted amount is \$2.1 million. The total amount budgeted through FY 2029 for all water main extensions is \$4.3 million.

Water Well Construction: New municipal water wells are required for new development and to replace wells that have reached the end of their useful life. Well construction and site improvements are ongoing at nine well sites throughout the water service area for a total budgeted amount of \$6.8 million. The five-year capital plan includes a total of \$39.7 million through FY 2029.

Water Well Rehabilitation: There are 260 municipal water wells throughout the water system that need periodic rehabilitation.

Rehabilitation of water wells is required when production output is diminished due to mineral build-up on the well casing and in the gravel pack. Rehabilitation also includes redevelopment to reduce sand production (i.e. installation of well screens to prevent sand intrusion in older open bottom wells), repairs to failed casings and chemical treatments for bacteriological conditions. The total amount budgeted is \$4.8 million is requested. The five-year capital plan includes a total of \$25.7 million through FY 2029.

Water Telemetry System: The Supervisory Control and Data Acquisition (SCADA) System is a wireless communication system that allows staff to remotely monitor and control the water system. Replacement and upgrade of SCADA system control components and software will increase operational efficiencies and reduce power and maintenance costs. The total budgeted amount for these improvements is \$719,000. In addition, the replacement equipment for the Badger Beacon Cellular Endpoints (Automated Metering Infrastructure (AMI) is budgeted at \$3.7 million (the total five-year budget is \$18.5 million). In FY 2025, the total budget amount for these projects is \$4.4 million. The total amount budgeted for this project through FY 2029 is \$20.1 million.

Polyethylene (PE) Replacement: Pipes made with PE for service connections to customers have been experiencing higher than normal rates of failures and leaks. The demand for repairing or replacing these premature failures had put a strain on existing Water Division O&M resources and frequently required overtime to get customers back in service. This project uses contractors to replace failing PE water services and allows Water Division staff to resume preventative maintenance and repair activities. All replacement components will be made of copper, which is more durable. In FY

2025, \$3.0 million is budgeted. The five-year capital plan includes a total of \$15.3 million through FY 2029.

Granular Activated Carbon (GAC): GAC is used to adsorb and filter out various compounds and chemicals that may be found in drinking water supplies. This project is for the design and construction of GAC wellhead treatment systems (vessels, plumbing, electrical, SCADA, site improvements, etc.) at potable water well sites throughout the City. This will assist the City in ensuring customers receive adequate levels of service and that water quality meets all state and federal requirements. The total budgeted amount is \$9.6 million for FY 2025 funded through a variety of funding sources. The total amount budgeted through FY 2029 is \$21.5 million.

Leaky Acres and City Recharge Basins: These projects provide for intentional groundwater recharge basins to enhance replenishment of the underground aquifer. The Leaky Acres Groundwater Recharge Facility was commissioned in the early 1970's and is in need of extensive rehabilitation. In FY 2025, \$6.5 million is budgeted for infrastructure improvements at the Leaky Acres facility and for consultation services for the construction of a recharge facility at a site that is yet to be determined. The total amount budgeted for Leaky Acres and City Recharge Basins between FY 2025 and FY 2029 is \$19.8 million.

Northeast Surface Water Treatment Facility (NESWTF) Improvements: This facility has been in full operation since 2004. Funds are needed for miscellaneous projects that have been identified to improve water treatment processes, meet regulatory requirements and repair failing infrastructure. These include a liner for the north 2 sediment ponds, filter gates and ladders, an ozone power supply unit

upgrade, a chemical tank, fence upgrades, waterwise perimeter landscaping, a filter underdrain system, and other various projects. In FY 2025, \$5.6 million is budgeted for this on-going project funded through various funding sources. The total amount budgeted for this project between FY 2025 and FY 2029 is \$22.6 million.

Facilities Security Improvements: To enhance the security at water facilities and the safety of employees, this project includes studies for uniform security access, safety lock-out/tag-out procedures and equipment and other security improvements. The budgeted amount for this project is \$1.4 million. The total amount budgeted for this project between FY 2025 and FY 2029 is \$5.4 million.

SW Recycled Water Distribution System & RWRf Effluent Handling: Construction of the Southwest Quadrant Recycled Water pipeline began in FY 2016. The final segments of pipeline of the Southwest Recycled Water Distribution System were completed in FY 2022. The FY 2025 budget includes \$13.4 million for the construction of a water storage tank and booster pump station that will ensure consistent pressure is maintained in the distribution system as delivery to recycled water customers expands. A RWRf Reclamation Well Pipeline and Storage Basin

Conversion project will be completed in FY2029, which includes the conversion of an aeration basin to recycled water storage basin, pipeline to connect the reclaimed water system to the pond and any needed disinfection systems, all accomplishing improved reliability and resiliency in the recycled water supply system. The total amount budgeted between FY 2025 and FY 2029 for the Effluent Disposal and Recycled Water supply systems is \$29.9 million.

Renewable Gas Diversion: This project provides funding for the infrastructure to clean digester gas, convey and inject it into the regional gas provider's natural gas distribution pipe system. The FY 2025 budget includes \$9.7 million for this project.

RWRf Solids Treatment: This project provides funding to repair, enhance, or replace components of the solids treatment processes at the wastewater treatment facility. These processes include solids handling, digestion, and dewatering systems. EPA regulatory compliance for Biosolids treatment and handling is achieved through these processes. Solids treatment and handling is a vital component of wastewater treatment and is essential in ensuring the beneficial reuse of the solids removed during the wastewater treatment processes. The FY 2025 budget includes \$2.7 million for annual digester cleanings to remove grit, sand, and other debris and rehabilitate the digester interior with required repairs and surface recoating. The total amount budgeted for the RWRf Solids Treatment projects between FY 2025 and FY 2029 is \$23.5 million.

Wastewater System Enhancements / Upgrades: This project provides funding for rehabilitation and regulatory improvements of the treatment facility to ensure compliance

with regulatory requirements and to rehabilitate infrastructure as needed. The Wastewater Management Division has made strides in identifying major projects for budget programming. This project will build on those efforts by engaging outside expertise to develop a holistic plant wide assessment to establish a 10-year capital improvement project plan. A lot of the equipment installed at the various sites of the RWRF is reaching 20 to 40+ years of age and requires an increased level of maintenance and repair to ensure reliable and efficient operation. This plan will enable the division to establish a clear strategy to identify and budget the required asset replacements to assure safe and reliable wastewater treatment in the most efficient, reliable, and cost-effective method. The total amount budgeted for the plan development, enhancements, and upgrades between FY25 and FY29 is \$18 million.

Collection System Rehabilitation: Throughout the City, the wastewater collection system gathers and routes flows to the Regional Wastewater Reclamation Facility for treatment and reclamation. The structural integrity of older facilities are degrading and require relining and/or replacement. This project provides funding to rehabilitate or replace wastewater collection system infrastructure when conditions pose a current or future threat to reliable sewage conveyance. The FY 2025 budget includes \$9.3 million for this project. Key components of this project include installation of a 66-inch sewer trunk main in North Avenue from Maple Avenue to Golden State Boulevard.

Sewer Trunks: As the city continues to grow, new large diameter sewer trunks need to be constructed. This project is for the design and construction of a new trunk. The design is anticipated for FY 2025 with an estimated cost

of \$4.4 million. The total amount budgeted for this project between FY 2025 and FY 2029, inclusive of construction, is \$51.7 million. Presently it is anticipated the entire project will be financed through bond proceeds, though the initial design will be cash funded through the Wastewater Enterprise fund, and subsequently reimbursed once bonds are issued.

DPU Operations and Maintenance Facility: In FY 2021, DPU purchased a property for a new Operations and Maintenance Facility (Facility), so several divisions could be located at a single location. The Facility will consolidate office space, warehousing, maintenance facilities and ultimately equipment yards for the Solid Waste Management Division, Water Division, Wastewater Management Division, Utilities Planning and Engineering, and Administration services. The Facility's FY 2025 capital budget includes funding of \$70,000 for capital improvements. The total amount budgeted for the Facility between FY 2024 and FY 2025 is estimated to be \$2.8 million, funded by the various Divisions within DPU.

City Landfill Closure Capital: The Fresno Sanitary Landfill (FSL) was closed in the 1980's and has remediation systems to collect and treat biodegradation gases and impacted groundwater. Additionally, differential settlement of the landfill surface is an ongoing issue. Since completion of landfill closure in 2002, the FSL has consistently exhibited differential settlement on the landfill side slopes, perimeter drainage channel system, and the landfill access roads. Landfill regrading operations were previously performed during 2010 and in 2014. The current Landfill Regrading Program is being implemented to address the issue of the new differential settlement. The FY 2025 budget includes \$2.4 million for the Landfill Regrading Program. The

total amount budgeted between FY 2025 and FY 2029 is \$9.4 million.

The Airports Department

Airports' FY 2025 capital program totals \$88 million. The FY2025 capital program is made up of (1) \$9 million for projects funded with Airport cash, (2) \$7 million for Projects funded with PFC's, (3) \$26 million with Grants and (3) \$46 million for the *FAT Forward* terminal expansion project supported by grants from various sources including the Transportation Security Administration (TSA), Bilateral Infrastructure Law (BIL), and Measure C. This project is a high priority and necessary to accommodate current and near-term passenger activity. Collectively these projects create employment, stimulate the regional economy, and have no negative impact to the City General Fund.

FAT Forward is moving ahead on schedule. It has been part of previous fiscal year budgets and inclusion in Airports' FY 2025 budget ensures that the program stays on track to meet the region's current and future air service demands. The following is a breakdown of the major components of *FAT forward*:

FATForward – Terminal Expansion Concourse:

The project includes a new Domestic/ International concourse, two additional hold rooms with passenger loading bridges to accommodate current and near-term passenger activity; a new Federal Inspection Service (FIS) facility to accommodate multiple concurrent international arrivals with the capacity to process 450 passengers an hour up from the current 150 an hour; additional concessions space, and an expanded passenger security checkpoint. The \$126 million construction contract was awarded by Fresno City Council in FY2023. The proposed FY 2025 budget of \$46 million will be funded with

Passenger Facility Charges, Measure C local transportation monies, Airports' cash, and bond proceeds for the remaining portion of this project.

FATForward – Baggage Make-Up: This project will modernize TSA's current undersized and inefficient manual baggage screening system with automated conveyors feeding state-of-the-art inline explosive detection and screening systems, situated adjacent to an expanded baggage make-up area. The FY 2025 Budget provides \$22 million for this project, which will be funded with a TSA grant.

Reconstruction of Runway 11L–29R: This multi-year project for the airport's primary commercial and military runway will replace the existing runway that has surpassed its useful life.

This project is essential to ensure the safety of aircraft operating from the airport and to accommodate the current increased volume and larger aircraft using the airport. This project is currently in the planning, environmental and design phase and will be in position for funding in FY2025/26. The proposed FY2025 Budget provides \$4.4 million in grants for the initial

planning and design phase of this project. The estimated \$75 million project cost will be supported by Airport Improvement Program (AIP) funding and airport revenues.

Air Traffic Control Tower (ATCT) Replacement:

This multi-year project will remove the existing 62-year old ATCT and replace it with a new modern facility designed to meet current FAA Air Traffic Operations standards, building code requirements and ADA requirements. The current building is well past its useful life and it is not economically feasible to upgrade or renovate to meet current building, fire-life-safety and ADA regulations or FAA requirements. The FY2025 Budget provides \$3.1 million for programming, environmental and design of the new facility.

Aircraft Rescue and Firefighting

(ARFF)Vehicle: The Department must procure a new ARFF Vehicle to enhance current on-

airport firefighting and emergency services. Increased operations by larger aircraft at FAT require an additional ARFF Vehicle to meet FAA requirements and to support the aging fleet. The \$1.2 million vehicle will be funded with an AIP grant.

Miscellaneous Airfield and Terminal

Improvements: These projects reflect Airports' commitment to provide (1) safe and operationally efficient airside facilities, and (2) an attractive terminal that offers a positive passenger experience. These include various Airside projects for repairs and improvements to extend the useful life of the pavement and Terminal improvements and upgrades. The FY 2025 Budget provides \$9.0 million for these projects, which will be funded with Airports' cash reserves.

The Department of Transportation (FAX)

The FAX Capital Improvement Program for FY 2025 focuses on continuing several large projects launched in prior years, while keeping transit service sustainability, asset management, and grantee compliance at the forefront of all efforts. Many ongoing and upcoming projects are designed to increase transit accessibility and ridership, improve regional air quality, increase safety, upgrade and replace technology hardware and software at end of life, and add clean transportation options to our community.

The FAX capital budget of \$80.2 million includes \$10.4 million to replace aging compressed natural gas (CNG) buses, \$33.4 million to purchase hydrogen fuel cell electric buses (FCEBs), \$1 million for the purchase of Handy Ride paratransit buses, and \$714,000 to replace shop vehicles and other transit support vehicles. To meet the fueling and charging needs of the fleet, FAX has also budgeted \$2.1 million to complete CNG fueling station rehabilitation upgrades and \$2.5 million to begin the planning phase of a new hydrogen fueling station. FAX has also budgeted \$1.2 million to continue design work related to hydrogen detection upgrades for the bus maintenance building and hydrogen fueling infrastructure to accommodate the incoming FCEBs.

Consistent with the Federal Transit Administration's (FTA's) current focus on a State of Good Repair and Transit Asset Management (TAM), FAX will continue an \$11.1 million series of asset maintenance projects in FY 2025. These projects include improvements such as completion of the final phases of upgrading the bus wash facility, improvement of the bus parking lot, installation of new solar

parking canopies, facility HVAC upgrades, maintenance building roof repairs, and rehabilitation of the FAX Administration building.

Bus stop accessibility and active transportation improvements are another area of focus in the FY 2025 FAX capital budget. A total of \$4.4 million will be utilized to begin design and construction of improved infrastructure, safety features, amenities, and ADA accessibility at bus stops throughout the service area. In partnership with the Public Works Department, another \$5.7 million is budgeted for high-intensity pedestrian crossing improvements at school-adjacent bus stop locations.

An additional \$1.5 million is budgeted to further advance technology improvements, including radio and dispatch equipment replacements and upgrades as well as facility-wide security camera upgrades. FAX will also continue its rollout of digital information signage throughout the system and replacement of existing Wi-Fi access points at the Handy Ride yard. While not included in FY 2025, competitive funding applications are also pending for the implementation of a new mobile trip planning and fare payment smartphone application. If funding is awarded for those scopes, FAX will request additional appropriations in FY 2025.

The Department's remaining capital budget of \$6.3 million includes funds for the Blackstone zone of PD's ShotSpotter program, planning and compliance studies, design-only phases, software packages, and the closeout activities of long-time projects such as bus rapid transit (BRT) and traffic signal priority (TSP). FY 2025 planning includes a customer satisfaction survey, continued efforts related to the High-Speed Rail Intermodal Transit Center and updating the 2014 FAX Facilities Master Plan.

User's Guide

Program Scope

This section includes the capital projects for all city departments reporting directly to the City Manager. It does not include Redevelopment Agency/FRC projects.

How to use the Capital Improvement Program (CIP) Section

The CIP Section includes a short introductory section, which summarizes the CIP; a Users' Guide Section; a City Capital Summary Section and Department Capital Detail Sections, in which each capital project is described. The contents of each section are discussed briefly below:

The Users' Guide

This section contains information to help the reader use this document. A glossary is included that contains definitions of terms most frequently used in capital budgeting. This is followed by a listing that details the various types of funding resources identified within the summary sections.

Citywide Capital Summary Section

This section includes a city roll-up by department for the CIP for FY 2025 through FY 2029.

Glossary

Capital Improvement Program

The City's Plan to receive and expend funds for capital projects during the fiscal year covered by the capital budget and the succeeding four fiscal years thereafter.

Capital Budget

The City's Plan to receive and expend funds for capital projects scheduled to begin during the first fiscal year included in the capital program.

Capital Project

- (a) Any physical public betterment or improvement;
- (b) The acquisition of property of a permanent nature for public use; or,
- (c) The purchase of equipment for any public betterment or improvement when first constructed.

Project Authorization

The total amount approved for a specific CIP project in the fiscal year the project is included in the capital budget (i.e., the budget year of an approved CIP). The amount authorized is the total amount included in the CIP.

Appropriation

The amount not previously included in an approved capital budget for a specific project. The amount included limits the amount which can be spent on that project in the budget year unless: (1) prior unexpended or unencumbered appropriations exist; and/or (2) the capital budget is amended by Council.

Budget Year

Fiscal Year 2025 begins on July 1, 2024 and ends on June 30, 2025. Each subsequent fiscal year is indicated in relation to the budget year.

Capital Improvement Projects Fund Legend for FY 2024-2025

Fund Number	Fund Title	Restrictions
Fund Type: General Fund		
The general fund is the chief operating fund of a local government. GAAP prescribes that the fund be used "to account for all financial resources except those required to be accounted for in another fund."		
1000-1001	General Fund	No restrictions other than for public purpose.
1000-1501	Disposition Of Real Property	Limited to activities related to the disposition of Real Property.
Fund Type: Special Revenue Funds		
Special revenue funds are revenue sources set aside for a specific purpose. For example, a government may levy a tax on gasoline with the express purpose of using the proceeds to finance road maintenance and repair. GAAP provides that special revenue funds may be used to account for the proceeds for specific revenue sources that are legally restricted to expenditure for specified purposes. In practice, this definition encompasses legal restrictions imposed by parties outside government as well as those imposed by the governing body.		
2000-2001	Comm Dev Block Grant Revenue	Can only be used for programs to benefit lower income, elderly and/or handicapped persons. Also has a location restriction.
2000-2002	Revolving Loans - RRP	Limited to uses designed by the lending agency.
2000-2027	Transformative Climate Comm	Limited to uses designated by the Grant.
2000-2035	Housing Related Parks Programs	Part of Prop 1C, for the creation, development or rehabilitation of parks and recreation facilities.
2000-2041	American Rescue Plan Act-ARPA	Limited to uses designated by the Grant.
2060-2064	Federal Grants Public Works	Limited to uses designated by the Grant.
2070-2070	Misc State Grants	Limited to Downtown infrastructure improvements.
2070-2073	Misc State Grants - Parks	Limited to Parks uses designated by the various grants.
2070-2074	State Grants-Public Works	Limited to uses designated by the Grant.
2070-2079	Prop 68 Grant - PARCS	Limited to PARCS activity as designated by the Grant.
2070-2091	IIGC DT Grant	Limited to Downtown infrastructure improvements.
2100-2102	Prop. 111 - Special Gas Tax	Limited to public street maintenance and improvements.
2100-2103	ABX8 6 Gas Tax (formerly TCRP)	Limited to public street maintenance and improvements.
2100-2104	SB1 Road Repair Gas Tax	Limited to public street maintenance and improvements.
2300-2302	R/W Acquisition-Tract 5237	Limited to Tract 5237 Right of Way activity.
2300-2308	R/W Acquisition-Tract 6124	Limited to Tract 6124 Right of Way activity.
2300-2311	R/W Acquisition-Tract 6052	Limited to Tract 6052 Right of Way activity.
2300-2314	R/W Acquisition-Tract 5538	Limited to Tract 5538 Right of Way activity.
2300-2316	R/W Acquisition-Tract 6210	Limited to Tract 6210 Right of Way activity.
2300-2317	R/W Acquisition-Tract 6214	Limited to Tract 6214 Right of Way activity.
2300-2318	R/W Acquisition-Tract 6249	Limited to Tract 6249 Right of Way activity.
2300-2319	R/W Acquisition-Tract 6258	Limited to Tract 6258 Right of Way activity.
2300-2320	R/W Acquisition-Tract 6240	Limited to Tract 6240 Right of Way activity.
2300-2321	R/W Acquisition-Tract 6285	Limited to Tract 6285 Right of Way activity.
2300-2322	R/W Acquisition-Tract 6261	Limited to Tract 6261 Right of Way activity.
2300-2323	R/W Acquisition-Tract 6224	Limited to Tract 6224 Right of Way activity.
2300-2324	R/W Acquisition-Tract 6162	Limited to Tract 6162 Right of Way activity.
2300-2325	R/W Acquisition-Tract 6281	Limited to Tract 6281 Right of Way activity.

Capital Improvement Projects Fund Legend for FY 2024-2025

Fund Number	Fund Title	Restrictions
Fund Type: Special Revenue Funds – continued		
2400-2402	Pedestrian & Bicycle Facility	The funds must be used for bicycle and pedestrian facilities in accordance with the Transit Development Act of 1971 (SB325).
2400-2408	Reg Trans Mitigation Fee-RTMF	Limited to approved regional transportation fee projects.
2400-2409	UGM General Admin	Tracks UGM admin costs and is funded by UGM interest revenue.
2400-2414	Fancher Creek Project Fin District	Limited to UGM activity.
2400-2417	Parks Special Revenue Fund	Limited to PARCS activity.
2400-2418	Tract 5232 Belmont Ave Widening	Limited to Tract 5232 Right of Way activity.
2400-2419	AD #131 UGM Reimbursements	Limited to UGM activity.
2400-2427	Club One Cardroom	Limited to Club One Cardroom activity.
2400-2438	Housing Trust Earmark	Land banking activities throughout the City.
2400-2441	CFD #9 Comm/Ind Feature Maintenance	Limited to Assessment District Activity.
2400-2448	State Contracted Services	For public street purposes both maintenance and improvements.
2500-2504	Measure C Tier 1 Capital Projects	Limited to public street maintenance and improvement purposes.
2500-2506	Meas C-PW Alloc Street Maintenance	Limited to public street maintenance and improvement purposes.
2500-2507	Meas C-PW Alloc ADA Compliance	Limited to public street purposes connected with ADA compliance.
2500-2508	Meas C-PW Alloc Flexible Fund	Limited to public street maintenance and improvement purposes.
2500-2509	Meas C-PW Alloc Ped Trails	Limited to street purposes connected with pedestrian trails.
2500-2510	Meas C-PW Alloc Bike Facilities	Limited to public street purposes connected with Bike lanes.
2500-2511	Original Meas C-Regional Hwy Prog	Limited to public street improvement as approved by FCTA.
2500-2512	Meas C-Transit (TOD) Programs	Limited to street improvements and to increase transit ridership.
2500-2513	Measure "C" Trail Advancement	Limited to public trail creation and improvement as approved by FCTA.
2500-2515	Measure C New Technology	Limited to transportation technology as approved by FCTA.
2500-2516	Measure C Litter Abatement	Limited to litter abatement projects approved by FCTA.
2500-2517	Measure C Grade Separation	Limited to grade separation projects approved by FCTA.
2600-2601	High Speed Rail Projects	Limited to projects connected to High Speed Rail.
2600-2602	High Speed Rail Services	Limited to services connected to High Speed Rail.
2600-2604	HSR Graffiti Abatement Service	Limited to services connected to High Speed Rail graffiti abatement.
2700-2701	Meas P Existing Park Cap-O&M	Limited to PARCS capital operating and maintenance.
2700-2702	Meas P New Parks & Facilities	Limited to new parks facilities projects.
2700-2705	Meas P ATP-Trails-Beautify-SJRC	Limited to trail beautification and maintenance.
2700-2707	Meas P San Joaquin River Pkw	Limited to San Joaquin River Parkway trails and beautification.
2700-2708	Meas P Street Beautification	Limited to Measure P street beautification purposes.
2700-2711	Meas P Existing Park CAP-O&M High Need	Limited to Measure P High Need neighborhood parks.
2700-2712	Meas P New Parks & Fac High Need	Limited to Measure P High Need parks and facilities.
Fund Type: Capital Funds		
GAAP provides for the use of capital projects funds "to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds)".		
3000-3002	Developer Cash-in-Lieu Improve	Limited to projects/areas for which funds have been collected.
3000-3010	2008 PD Revenue Bonds-Phase I	Limited to Central and Southeast District – RTF.
3000-3012	Local Agency Prj Funding-Pub Works	Limited to the Local Grant funding guidelines.
3000-3013	PD Natl Air Guard RTC Fund	Limited to activities related to the Regional Training Facility.
3000-3016	Cash in Lieu - Loan	Limited to projects/areas for which funds have been collected.
3000-3019	Southeast Police Station	Limited to the Southeast Police Station construction.
3000-3023	Fire Station #12 Construction	Limited to the construction of Fire Station #12.
3000-3024	Fire Regional Training Ctr Const.	Limited to the construction of the Fire Regional Training Center.

Capital Improvement Projects Fund Legend for FY 2024-2025

Fund Number	Fund Title	Restrictions
Fund Type: Capital Funds - continued		
3000-3027	911 Call Center Construction	Limited to the construction of the 911 Call Center (Dispatch).
3050-3503	AD 137-Const-Figarden Park	Limited to Assessment District Activity.
3050-3504	AD154-CALCOT Construction	Limited to Assessment District Activity.
3050-3506	Landscape Maintenance District #1	Limited to Assessment District Activity.
3050-3509	Community Facilities District No 2	Limited to Assessment District Activity.
3050-3510	Community Facilities District No 4	Limited to Assessment District Activity.
3050-3511	Community Facilities District No 5	Limited to Assessment District Activity.
3050-3513	Community Facilities District No 7	Limited to Assessment District Activity.
3050-3514	Community Facilities District No 8	Limited to Assessment District Activity.
3050-3517	Community Facility District No. 11	Limited to Assessment District Activity.
3050-3518	Community Facility District No 12	Limited to Assessment District Activity.
3050-3520	Community Facility District No. 14	Limited to Assessment District Activity.
3050-3521	CFD#15 EAST Copper River District	Limited to Assessment District Activity.
3050-3522	CFD No. 2 - Reserve	Limited to Assessment District Activity.
3050-3523	CFD No. 11 - Reserve	Limited to Assessment District Activity.
3050-3524	CFD No. 17 - Sewer	Limited to Assessment District Activity.
3050-3525	CFD No. 18 - Police & Fire Svc	Limited to Assessment District Activity.
3100-3101	UGM Neigh Park Service Area 1	For developing new park sites within the service area.
3100-3102	UGM Neigh Park Service Area 2	For developing new park sites within the service area.
3100-3103	UGM Neigh Park Service Area 3	For developing new park sites within the service area.
3100-3104	UGM Neigh Park Service Area 4	For developing new park sites within the service area.
3100-3105	UGM Neigh Park Service Area 5	For developing new park sites within the service area.
3100-3107	UGM Neigh Park Service Area 7	For developing new park sites within the service area.
3100-3109	UGM Parks Citywide Facility Fees	Impact fees to be used for the development of new park sites.
3100-3110	UGM Parkland (Quimby) Ded Fee	Impact fees to be used for the improvement of existing park sites.
3100-3111	Citywide Reg Street Impact Fee	To be used for improvements to streets citywide.
3100-3112	Int St.& Roundabouts St. Imp Fee	To be used for improvements to streets citywide.
3100-3113	Reg. St. Imp Fee-Copper River	To be used for improvements to Copper River.
3100-3114	New Growth Area St. Impact Fees	To be used for improvements to streets in new areas.
3100-3115	Sewer Backbone Fee-Copper River	Limited to Assessment District Activity.
3100-3116	UGM Major Street Zone A	Limited to UGM Activity.
3100-3117	UGM Major Street Zone B	Limited to UGM Activity.
3100-3118	UGM Major Street Zone C/D-2	Limited to UGM Activity.
3100-3119	UGM Major Street Zone D-1/E-2	Limited to UGM Activity.
3100-3120	UGM Major Street Zone E-1	Limited to UGM Activity.
3100-3122	UGM Major Street Zone E-4	Limited to UGM Activity.
3100-3124	UGM Maj Bridge Fee Zone B	Limited to UGM Activity.
3100-3125	UGM Maj Bridge Fee Zone C/D-2	Limited to UGM Activity.
3100-3126	UGM Maj Bridge Fee Zone D-1/E-2	Limited to UGM Activity.
3100-3127	UGM Maj Bridge Fee Zone E-1	Limited to UGM Activity.
3100-3129	UGM Maj Bridge Fee Zone E-4	Limited to UGM Activity.
3100-3130	UGM Maj Bridge Fee Zone F	Limited to UGM Activity.
3100-3137	UGM Fire Citywide Facility Fees	Impact fees to be used for the development of new Fire facilities.
3100-3138	UGM RR Cross/At Grade Zone A/A	Limited to UGM Activity.
3100-3139	UGM RR Cross/At Grade Zone A/B	Limited to UGM Activity.

Capital Improvement Projects Fund Legend for FY 2024-2025

Fund Number	Fund Title	Restrictions
Fund Type: Capital Funds - continued		
3100-3140	UGM RR Cross/At Grade Zone A/C	Limited to UGM Activity.
3100-3141	UGM RR Cross/At Grade Zone A/D	Limited to UGM Activity.
3100-3142	UGM RR Cross/AG Zone E/1-A	Limited to UGM Activity.
3100-3143	UGM RR Cross/AG Zone C/D-1	Limited to UGM Activity.
3100-3144	UGM RR Cross/At Grade Zone A/E	Limited to UGM Activity.
3100-3145	UGM Grade Separation Zone E/4A	Limited to UGM Activity.
3100-3146	UGM Traf Signal/Mitigation Imp Fee	Limited to UGM Activity.
3100-3147	UGM Police Citywide Facility Fees	Impact fees to be used for the development of new Police facilities.
3100-3148	UGM Fire Station 10 Relocation	Limited to UGM Activity.
3100-3150	UGM Fire Station 12 Improvements	Limited to UGM Activity.
3100-3151	UGM Fire Station 24	Limited to UGM Activity.
3100-3152	UGM Fire Station 25	Limited to UGM Activity.
Fund Type: Enterprise Funds		
An enterprise fund may be used to report any activity for which a fee is charged to external users for goods or services. GAAP requires the use of an enterprise fund whose principal revenue source is (1) debt backed solely by fees and charges; (2) legal requirement to cover costs; (3) policy decision to recover costs.		
4000-4001	Water Enterprise	Limited to Water Enterprise Activity.
4000-4002	Water Connection Charge	Limited to Water Enterprise Activity.
4000-4005	DBCP Recovery Fund	Limited to Water Enterprise Activity.
4000-4006	SE Fresno Projects Bond Fund	Limited to Water Enterprise Activity.
4000-4008	Copper River Ranch Water Infra	Limited to Water Enterprise Activity.
4000-4010	TCP Settlement Fund	Limited to Water Enterprise Activity.
4000-4011	Water Capacity Fee Fund	Limited to Water Enterprise Activity.
4030-4031	UGM Recharge Service Area 101-S	Limited to Water Enterprise Activity.
4030-4032	UGM Well Develop Serv Area 142	Limited to UGM Activity.
4030-4033	UGM Water Area 201-S	Limited to UGM Activity.
4030-4034	UGM Water Area 301-S	Limited to UGM Activity.
4030-4035	UGM Water Area 101-S	Limited to UGM Activity.
4030-4036	UGM Wellhead Treatment Area 101S	Limited to UGM Activity.
4030-4037	UGM Well Develop Svc Area 11-A	Limited to UGM Activity.
4030-4038	UGM Well Develop Serv Area 86	Limited to UGM Activity.
4030-4039	UGM Well Develop Serv Area 90	Limited to UGM Activity.
4030-4040	UGM Well Develop Serv Area 91	Limited to UGM Activity.
4030-4041	UGM Well Develop Serv Area 102	Limited to UGM Activity.
4030-4042	UGM Well Develop Serv Area 107	Limited to UGM Activity.
4030-4043	UGM Well Develop Serv Area 132	Limited to UGM Activity.
4030-4044	UGM Well Develop Serv Area 141	Limited to UGM Activity.
4030-4045	UGM Well Develop Serv Area 153	Limited to UGM Activity.
4030-4048	UGM Trans Grid Mains Debt Svc	Limited to UGM Activity.
4030-4049	UGM Trans Grid Serv Area A	Limited to UGM Activity.
4030-4050	UGM Trans Grid Serv Area B	Limited to UGM Activity.
4030-4051	UGM Trans Grid Serv Area C	Limited to UGM Activity.
4030-4052	UGM Trans Grid Serv Area D	Limited to UGM Activity.
4030-4053	UGM Trans Grid Serv Area E	Limited to UGM Activity.
4030-4054	UGM-Bond Debt Serv Area 101-S	Limited to UGM Activity.

Capital Improvement Projects Fund Legend for FY 2024-2025

Fund Number	Fund Title	Restrictions
Fund Type: Enterprise Funds - continued		
4030-4055	UGM Bond Debt Serv Area 301-S	Limited to UGM Activity.
4030-4056	UGM Bond Debt Serv Area 501-S	Limited to UGM Activity.
4030-4057	UGM Recharge Area 301-S	Limited to UGM Activity.
4030-4058	UGM Recharge Service Area 501-S	Limited to UGM Activity.
4030-4059	UGM NE Recharge Facility Fee	Limited to UGM Activity.
4030-4060	UGM Wellhead Treatment Area 201-S	Limited to UGM Activity.
4030-4061	UGM Wellhead Treatment Area 301-S	Limited to UGM Activity.
4030-4062	UGM Wellhead Treatment Area 401-S	Limited to UGM Activity.
4030-4063	UGM Wellhead Treatment Area 501-S	Limited to UGM Activity.
4030-4064	UGM Water Area 401-S	Limited to UGM Activity.
4030-4065	UGM Water Area 501-S	Limited to UGM Activity.
4100-4101	Solid Waste Operating	Limited to Solid Waste Activity.
4100-4103	City Landfill Closure Capital	Limited to Solid Waste Activity.
4200-4222	Airways Golf Course Capital	Limited to Airport Activity.
4200-4223	Airport Federal Grants	Limited to Airport Activity.
4200-4224	Airport Capital	Limited to Airport Activity.
4200-4228	CRCF Reserve Fund	For Consolidated Rental Car Facility related activity.
4200-4229	PFC Capital Fund	Limited to Airport Activity.
4200-4230	Terminal/FIS Project	Limited to Airport Activity.

General Information

The San Joaquin Valley was first inhabited by the Yokuts and Miwok people thousands of years ago. These original inhabitants engaged in trade with other California indigenous tribes as well as cultivated the Central Valley's fertile land. Fresno, once a dry desert, was discovered during expeditions by Spaniards for suitable mission sites. In 1846, this area became the property of the United States as a result of the Mexican War. Named for the abundant ash trees lining the San Joaquin River, Fresno was founded in 1872 as a railway station of the Central Pacific Railroad before it was incorporated in 1885. Located in the heart of California, Fresno is the Central Valley's largest metropolitan city.

Today, Fresno features 116 square miles of great locations. Fresno serves as the financial, trade, commercial, and educational center for Central California.

Population

As of January 1, 2023, the population of Fresno is 543,242, making it the fifth most populous city in the State of California and 34th most populous in the nation. The City is part of the Fresno Clovis metropolitan area, which is the second largest metropolitan area in the Central Valley after Sacramento.

Commerce and Industry

The Greater Fresno Area Chamber of Commerce is one of the largest in California with a membership of over 1,400 businesses. To encourage the growth and economic development of the greater Fresno area, Chamber committees provide members with the opportunity to participate and provide input on key issues. Chamber leadership is intensely involved throughout the wider community, encouraging vision, cooperation and consistency in long-range regional planning, and decision-making. Events, projects, and programs are designed and implemented to enhance the economic development of the greater Fresno area. The Chamber develops informational resources that are vital to regional, state, and national business development.

Taxes

Sales and Use Tax: The countywide base sales and use tax rate is 7.98 percent. California has many special taxing jurisdictions (districts), which are funded by sales and use tax that is added to the base rate. Fresno's current tax rate stands at 8.35 percent.

Property Taxes: Property subject to general property taxation in Fresno County is assessed at its full cash value. The tax rate for Fresno County is approximately 0.93 percent. The rate varies, based on the Tax Rate Area in which the property is located.

Labor Force

Fresno's unemployment rate has increased between 2022 and 2023. Areas with seasonal economies, such as

Fresno's agriculture industry, tend to have higher unemployment. In 2023, the unemployment rate for the City of Fresno was 7.0 percent.

General Information

Pension Funding Status

City's Pension Systems are Well-Funded

- The City maintains two retirement systems for its employees, which are administered by the City of Fresno Retirement Boards:
 - Fire & Police Retirement System (FPRS) has 1,203 active members in two tiers as of the year ended June 30, 2023.
 - Employees Retirement System has 2,694 active members as of the year ended June 30, 2023.
- The City levies taxes in the amount of \$0.032438 per \$100 of assessed valuation to fund pension obligation:
 - A tax override was validated in 1983 and meets requirements of the Huntington Beach decision.

Fire and Police Retirement System

Notes: The City's Judgment and Pension obligation bonds were the result of legal judgments that were financed to be paid out over a period of time. Per Article XVI, Section 18 of the California Constitution "obligations imposed by law" are deemed exceptions to the debt limit.

Process to Ensure Budget Accuracy

The following steps have been taken by the Budget Department to ensure the accuracy of the financial numbers found in this FY 2024 Budget document.

The Data is System Generated

The FY 2022 and 2023 actual data contained in the financial section of each department was downloaded directly from the Budget Formulation and Management system (BFM). BFM obtains all financial actuals via direct uploads from the City's PeopleSoft financial system and Tyler Munis.

Numbers are Checked Back to the BFM System

The FY 2024 Amended and FY 2025 revenues and expenditures were checked and footed to the BFM system.

"Balanced Budget" Verification

The revenues and total expenditures were then checked against each other to ensure that they "balance" with consideration given for system rounding. A budget is in balance when the amount of budgeted expenditures is equal to or less than the amount of budgeted revenues plus other available resources.

Manual Departmental Verification

Each department's information was again verified, respectively, by a Budget Analyst. The numbers were then "second-setted" (double checked) by a second Analyst.

The Budget Department understands the utmost importance of accurate historical budget presentation and we are continually implementing improvement processes to ensure precision.

Budget Policies

Budget Control

The City operates under the strong-Mayor form of government. Under the strong-Mayor form of government, the Mayor serves as the City's Chief Executive Officer, appointing and overseeing the City Manager, recommending legislation, and presenting the annual budget to the City Council.

The budget of the City of Fresno, within the meaning and context of Section No. 1205 of the City's Charter, must be adopted by resolution by the City Council by June 30th of a given year. As provided by Section 1206 of the Charter, any adjustments in the amounts appropriated for the purposes indicated at the department/fund level shall be made only upon a motion to amend the resolution adopted by the affirmative votes of at least five Council members.

Administrative changes within the department/fund level may be made without approval of City Council within written guidelines established by the City Manager.

For accounting and auditing convenience, accounts may be established to appropriate capital improvements in two or more different funds for the same capital project.

Department appropriations in Internal Service Funds (ISF) may be administratively adjusted, provided no amendment to the resolution is required to adjust the appropriation in the department receiving the service from the ISF.

The funds allocated to the respective accounting object classes comprising the total appropriation for each division or department, are for purposes of budgeting consideration and are not intended to constitute separate appropriations. Funds allocated to an object class may be expended for the purpose of any other object class if such expenditures are within the written guidelines established by the City Manager.

The objective of budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the City Council. Activities of the General Fund, Special Revenue Funds, and certain Debt Service Funds are included in the annual appropriated budget. Project-length financial plans are adopted for certain capital project funds. The level of budgetary controls (the level at which expenditures cannot legally exceed the appropriated amount) is maintained at the department level by major expenditure category through an encumbrance system prior to the release of purchase orders to vendors. Purchase orders that result in an overrun of department-level balances by object are not released until additional appropriations are made available.

A budget is in balance when the amount of budgeted expenditures is equal to or less than the amount of budgeted revenues plus other available resources.

Fund Structure

The City, like other state and local governments, uses fund accounting to ensure that various revenue sources are used for the purpose for which they were intended. The budget document is organized to reflect this fund structure of the City's finances. Fund revenues and expenditures are rolled up to the various object levels by division and

department for presentation of information to the public. Budget adoption and subsequent administration is carried out on a fund basis.

A fund is a fiscal and accounting entity with a self-balancing set of accounts that the City uses to track specific resources and spending for particular activities. All of the funds of the City can be divided into the following categories:

The *General Fund Type* is used to account for unrestricted revenues. Revenues received by the City that have no legal or contractual restriction are placed in the various General Funds. Appropriations may be made from the General Fund for any legal City activity. Revenues such as sales tax, property tax, and business tax are a few examples of General Fund revenues. These revenues support such activities as City Council, Mayor, City Clerk, City Manager, City Attorney, Planning & Development, Finance, Fire, General City Purpose, Parks, Personnel, Police, and Public Works.

The *Special Revenue Fund Type* accounts for revenue that the City receives for a specific purpose. The City receives a significant amount of revenue that is restricted as to its use. The City assesses property and business owners' fees to be used to provide specific benefits to the assessed property or business. The City also receives grants and contracts that require specific performance. Examples of this type of revenue are assessment districts, Community Development Block Grant, and various gas taxes.

The *Capital Project Fund Type* accounts for funds that are either restricted or designated for capital projects.

The *Debt Service Fund Type* is used to accumulate assets for the repayment of long-term debt. Funds are transferred from the

operating accounts of the various departments that benefit from the assets financed through the creation of the debt. Some examples of debt service funds would be the Pension Obligation Bonds and Convention Center Exhibit Hall Expansion Bonds.

The Proprietary Fund Types operate as if they were private businesses. There are two categories of Proprietary Fund types. First, there are the Internal Service Funds that provide services to departments within the City. These would include such funds as the Fleet Operating Fund and the Information Services Operating Fund. Second, there are Enterprise Funds. These funds provide services to other governmental and non-governmental entities, including individuals and businesses. Examples of some Enterprise Funds are the Water Fund, the Airports Fund, and the Convention Center Fund.

Basis of Accounting

The City adopts an annual operating and capital budget for General Fund, Special Revenue Funds, Debt Service Funds (except Financing Authorities & Corporations and City Debt Service), Capital Projects Funds (except Financing Authorities & Corporations), and Proprietary Funds. These budgets are adopted on a cash basis. Supplemental appropriations during the year must be approved by the City Council. Budgeted amounts are reported as amended.

Encumbrances, which are commitments related to executed contracts for goods or services, are recorded for budgetary control purposes in the fund in which the expenditures will be incurred. Encumbrance accounting is utilized for budgetary control and accountability and to facilitate cash planning and control. Encumbrances outstanding at year end are reported as reservations of fund

balances, as they do not constitute expenditures or liabilities.

Each of the funds in the City's budget has a separate cash balance position. The cash reserve position is a significant factor evaluated by bond rating agencies assessing the financial strength of an organization. Cash reserve amounts and trends, represent the continued ability of a City to meet its obligations and facilitate the requirements for a balanced budget.

The Debt Service Funds pay expenditures related the City's debt. Debt service payments on existing City debt are the first obligation of the Debt Service Fund. Based on revenue estimates and assuming a constant property tax levy, the remaining resources of the fund may be used to assume debt obligations for new capital projects or pay for capital project expenses in the form of temporary notes, which are retired in the same year (pay-as-you-go financing). Capital Projects Funds are used to account for the financial resources to be used for the acquisition or construction of major capital facilities other than those financed by proprietary funds and trust funds. The City finances capital projects in a variety of ways: cash, bonds/notes, and grants. The debt service payments are spread either to the Debt Service Fund or the various enterprise and internal service funds, as appropriate.

The financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental agencies. The City prepares its Annual Comprehensive Financial Report (ACFR) in accordance with GASB 34 and 54. The Basic Financial Statements include the government-wide financial statements that present an overview of the of the City's entire financial operations, and the Fund Financial Statements that present the financial information of each of the City's major funds, as well as non-major governmental, fiduciary, and other funds.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available as defined. Expenditures generally are recorded when a liability is incurred.

Budget Development

The Operating Budget and Capital Improvement Plan (CIP) are developed through a multi-step information gathering and priority setting process to create a financial plan for the operations of the government for the fiscal year. The City Charter defines much of the process. The Mayor, City Manager, Budget & Management Studies, City Council, and citizens committees are key participants. The preparation of the budget document is the result of a citywide effort.

Each department is presented with an operating base budget that is used as the foundation for building their requests for the operations of their organizations. All prior

Fiscal Year's one-time expenditure increases are removed, except for those that are demonstrable and mandatory. Employee service costs are calculated. Special projects and contingencies are excluded from the base unless mandated or other special circumstances apply. Interdepartmental charges, lease purchases, and debt service are loaded centrally by Budget & Management Studies.

A five-year capital budget is required from all departments who work on capital projects. The purpose is to give the Mayor and City Council a tool to plan for the future, as well as to more realistically reflect the timing of many capital projects that take more than one year to

complete. All capital budgets are built in compliance with the City's decision to use Project Costing to track the cost of doing business and associated revenues in either more detail, or in different categories than what a General Ledger-only accounting system would provide. Project Costing uses structural elements that focus on activities including project types, activity types, and resource types. Project costing is available to track cost and revenue detail by Business Unit defined activities and categories, and augments and expands General Ledger information; however, it does not replace it. Appropriation controls remain at the fund/organization level. The information provided by Project costing is intended as a management tool to provide more timely, detailed, and accurate information to the Mayor, City Manager, City Council, and public.

Departments submit their requests to the Budget & Management Studies Department to be analyzed and reviewed. Requests are evaluated based on Department specific activities, City funding resources, and the goals/strategies identified by each Department. Decision support information is compiled and presented to the Mayor and City Manager in a series of review meetings comprised of the Mayor, Mayor's Chief of Staff, City Manager, Assistant City Manager, Budget Director, and Department Directors. Upon final decisions of format and content, the Mayor's Proposed Budget Document is printed and presented to Council for deliberation and adoption. The Adopted Budget Document will include all the various changes, if any approved by the City Council.

Budget Administration

The budget establishes appropriation and expenditure levels. Expenditures may be below budgeted amounts at year end, due to unanticipated savings realized from department operations. The existence of a particular appropriation in the budget does not automatically mean funds are expended. Due to the time span between preparing the budget, subsequent adoption by the governing body, as well as rapidly changing economic factors, all expenditures are reviewed prior to any disbursement. These expenditure review procedures assure compliance with City requirements, and provide some degree of flexibility for modifying programs to meet the changing needs and priorities of the public. Therefore, Fresno City's FY 2025 budget is a forward-looking policy document which reflects a snapshot in time of the City's strategies to best serve the public.

Amending the Budget

The Annual Appropriation Resolution (AAR) adopted each year by City Council is the legal document that establishes spending authority to each city department within funds. During the fiscal year, numerous circumstances arise which make adjusting the adopted budget desirable or necessary. This can arise when the Mayor or City Council establishes a new policy or revises an old one, when a new source of funding for a project is obtained, when a department finds a need for something not included in the adopted budget, etc.

City Council approval (five affirmative votes) is required for the following proposed amendments to the AAR: (1) transfer of an appropriation from one fund to another fund; (2) increases or decreases in appropriations within a Department; and, (3) any new appropriations.

THIS PAGE WAS INTENTIONALLY LEFT BLANK.

Financial Policies

The City's Annual Comprehensive Financial Report (ACFR) may be accessed on the City's website www.fresno.gov.

FINANCIAL CONTROL

Internal Controls

Ongoing consideration and evaluation of the adequacy of internal controls related to the City's accounting system is critical in ensuring that the City can provide reasonable assurance in mitigating risks. This establishes a baseline for success of the City's objectives in conformity with accounting principles generally accepted in the United States of America (GAAP), Governmental Accounting Standards Board (GASB), and with Government Finance Officers Association (GFOA) best practices. This includes the effectiveness and efficiency of operations, accuracy of financial reporting, and compliance with applicable laws and regulations. Internal controls are designed to provide reasonable, but not absolute, assurance regarding: (1) the safeguarding of assets against loss from unauthorized use or disposition; and, (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and, (2) the evaluation of costs and benefits requires estimates and judgments by management in understanding the system impact a control

may have; such as the effect on human capital and other scarce resources. All internal control evaluations occur within the above framework. We believe that the City's internal accounting controls adequately safeguard assets and provide reasonable assurance of the proper recording of financial transactions; therefore, mitigating and preventing errors and irregularities from occurring.

Budgetary Process

The City's budget is a detailed operating plan which identifies estimated costs and results in relation to estimated revenues. The budget includes: (1) the programs, projects, services, and activities to be carried out during the fiscal year; (2) the estimated revenue available to finance the operating plan; and, (3) the estimated spending requirements of the operating plan. The budget is the result of a process wherein policy decisions by the Mayor, City Manager, and City Council members are made, implemented, and controlled. The City maintains budgetary controls to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the City Council. Activities of the General Fund, special revenue funds, and certain debt service funds are included in the annual appropriated budget. The level of budgetary controls (the level at which expenditures cannot legally exceed the appropriated amount) is maintained or centralized at the department level.

The City also uses encumbrance accounting as another technique to accomplish budgetary control for all fund types. This consists of a commitment for expenditures

that are earmarked for a particular purpose and are spent when funds become available.

Appropriations that are not encumbered lapse at the end of the fiscal year. Certain year-end encumbrances that fulfill a spending commitment are carried forward and become part of the following year's budget. Open encumbrances at June 30th are reported as reservations offund balances in the ACFR.

Pension Trust Fund Operations

The City maintains two retirement systems for its employees. One covers all firefighters and police officers (Fire and Police System), while the other covers all remaining permanent employees (Employees' System). The systems are single-employer defined benefit pension plans administered by the City of Fresno Retirement Boards. For ACFR purposes, the actuarial assumptions used to compute contribution requirements and to determine funding status are always based upon the prior year's valuation, which for the fiscal year 2025 is the actuarial valuation performed as of June 30, 2023.

Cash Management

The City's pooled temporary idle funds and deposits are invested pursuant to the City's Investment Policy (the Policy) and the California Government Code (GC) by the City Treasurer. The Policy seeks compliance with all legal requirements, the preservation of capital, safety, liquidity, yield, and the development of the local economy in that order of priority. The Policy addresses soundness of financial institutions holding our assets and the types of investments permitted by the GC. The City seeks to minimize credit and market risk, while maintaining a competitive yield on its portfolio. Accordingly, the Policy permits

investments in City of Fresno bonds (including revenue bonds), certificates of deposit, obligations of the U.S. Treasury and U.S. Government sponsored corporations and agencies, commercial paper, corporate bonds, medium-term notes, banker's acceptances, repurchase and reverse repurchase agreements, mutual funds invested in U.S. Government and Treasury obligations, and the State Treasurer's Investment Pool.

Lastly, The City investment policy prohibits any investment strategies that constitutes speculation.

Risk Management

With certain exceptions, it is the policy of the City to use a combination of self-insurance and purchased commercial insurance against property or liability risks. The City believes it is more economically able to manage its risks internally and set aside funds as needed for

estimated current claim settlements and unfavorable judgments through annual appropriations and supplemental appropriations. The City maintains limited coverage for certain risks that cannot be eliminated. At this time, the City is engaged in an Owner-Controlled Insurance Program covering the wastewater treatment expansion. The Risk Management Division investigates and manages all liability claims and property losses, evaluates risk exposure and insurance needs, protects against contractual loss by reviewing and preparing insurance and indemnification portions of construction contracts, leases and agreements, emphasizes ongoing operational loss control, and purchases all insurance coverage for the City.

The City maintains General Liability Insurance, with limits of liability of \$25 million

per occurrence and \$34 million aggregate in Excess Liability coverage. There is \$3 million of self-insured retention (SIR). The City carries Airport Owners and Operators General Liability Insurance and Aviation Insurance (Aircraft Liability), with limits of liability of \$100 million. There is no deductible or self-insured retention (SIR). The City also maintains Property Insurance, Boiler, and Machinery Insurance, with total insured values of \$1,542,528,760 and limits of liability of \$500 million. Other coverage carried by the City include Fine Art coverage; Automobile Physical Damage; Government Crime coverage; Cyber Liability coverage; and Aviation Insurance (Aircraft Hull) for two helicopters.

INDEPENDENT AUDIT

The City's Charter Section 1216 requires an annual audit of the City's financial records, transactions and reports by an Independent Certified Public Accounting (CPA) firm. These records, summarized in the Comprehensive Annual Financial Report, have been audited by a nationally recognized CPA firm, The Pun Group LLP. The Successor Agency to the Redevelopment Agency was audited by Macias Gini & O'Connell LLP. Various other component units of the City, consisting of the Pension Trust Fund and Measure P, have been separately audited by Brown Armstrong and Price Paige and Company respectively. The Independent Auditor's Report on our current financial statements is presented in the ACFR's Financial Section.

In addition to this report, the City is required to undergo an annual "Single Audit" in conformity with the provisions of the Federal Single Audit

Act of 1996 and the U.S. Office of Management and Budget Circular A-133, *Audits of State and Local Governments and Non-Profit Organizations and Government Auditing Standards*, issued by the Comptroller General of the United States. Information related to the Single Audit is included in a separate report.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental agencies. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies of the City are described below.

Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the non-fiduciary activities of the primary government and its component units. For the most part, the effect of inter-fund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely, to a significant extent, on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a

given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and, (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

The accounts of the City are organized on the basis of funds. A fund is a separate accounting entity with a self-balancing set of accounts.

Each fund was established for the purpose of accounting for specific activities in accordance with applicable regulations, restrictions or limitations. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and trust fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year

for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met. Custodial funds use the economic resources measurement focus and the accrual basis of accounting.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The City considers property tax revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

However, debt service expenditures, as well as expenditures related to vacation/sick leave/claims and judgments, are recorded only when payment is due.

Property taxes, other local taxes, licenses, and interest associated with the current fiscal period are all considered susceptible to accrual if they are collected within 60 days of the end of the current fiscal period and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when the City receives cash.

FINANCIAL STATEMENTS

Investment in the Treasurer's Pool

The City Controller/Treasurer invests on behalf

of most funds of the City in accordance with the City's investment policy and the California State Government Code. The City Treasurer, who reports on a monthly basis to the City Council, manages the Treasurer's Pool.

The Treasurer's investment pool consists of two components: 1) pooled deposits and investments; and, 2) dedicated investment funds. The dedicated investment funds represent restricted funds. In addition to the Treasurer's investment pool, the City has other funds that are held by trustees. These funds are related to the issuance of bonds and certain loan programs of the City.

Investment Valuation

The City reports their investments at fair value in accordance with GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools. In addition, changes in fair value are reflected in the revenue of the period in which they occur.

Statutes authorize the City to invest in obligations of the U.S. Treasury, agencies and instrumentalities, commercial paper, bankers' acceptances, repurchase agreements, money market funds and the State Treasurer's investment pool. The City's Pension Trust Fund is also authorized to invest in every kind of property or investment which persons of prudence, discretion and intelligence acquire for their own account.

Except as noted in the following paragraph, investments are comprised of obligations of the U.S. Treasury, agencies and instrumentalities, cash, time certificates of deposit, mutual funds, bankers' acceptances, money market accounts and deposits in the State of California Local Agency Investment Fund, and are stated at fair value. The Pension Trust Fund has real estate and other investments as well.

Highly liquid money market investments, guaranteed investment contracts, and other investments with maturities of one year or less at time of purchase are stated at amortized cost. All other investments are stated at fair value. Market value is used as fair value for those securities for which market quotations are readily available. The fair value of real estate investments is based on independent appraisals. Investments that do not have an established market are reported at estimated fair values.

Investment Income

Cash balances of each of the City's funds, except for certain Trust and Agency Funds and other restricted accounts, are pooled and invested by the City. Income from pooled investments is allocated to the individual funds based on the fund participant's average daily cash balance at the month end in relation to total pooled investments. The City's policy is to charge interest to those funds that have a negative average daily cash balance at month end. Deficit cash balances are reclassified as due to other funds and funded by enterprise funds or related operating funds.

Loans Receivable

For the purposes of the Fund Financial Statements, Special Revenue Fund expenditures relating to long-term loans arising from loan subsidy programs are charged to operation upon funding and the loans are recorded, net of an estimated allowance for potentially uncollectible loans. In some instances amounts due from external participants are recorded with an offset to a deferred credit account. The balance of long-term loans receivable includes loans that may be forgiven if certain terms and conditions of the loans are met.

Inventories

Inventories recorded in the proprietary funds primarily consist of construction materials and maintenance supplies. Generally, proprietary funds value inventory at cost or average cost and expense supply inventory as it is consumed. This is referred to as the consumption method of inventory accounting. The City uses the purchases method of accounting for inventories in governmental fund types; whereby, inventory items are considered expenditures when purchased and are not reported in the Statement of Net Assets.

Assets	Years
Buildings and Improvements	20 to 50
Infrastructure	15 to 30
Machinery and Equipment	3 to 5

Capital Assets

Capital assets, which include land, buildings and improvement, machinery and equipment, and infrastructure assets, are reported in the applicable governmental or business-type activity columns in the Government-wide Financial Statements. Capital assets are defined as assets with an

initial individual cost of more than \$15,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed.

Donated capital assets are recorded at estimated fair market value at the date of donation. Capital outlay is recorded as expenditures of the General, Special Revenue, and Capital Projects Funds and as assets in the Government-wide Financial Statements to the extent the City's capitalization threshold is met. Tax-exempt interest incurred during the construction phase of the capital assets of business-type activities is reflected in the capitalized value of the asset constructed, net of interest earned on the invested proceeds over the same period. Amortization of assets acquired under capital lease is included in depreciation and amortization.

Buildings and improvements, infrastructure, and machinery and equipment of the primary government, as well as the component units, are depreciated using the straight-line method over the following estimated used lives:

Financial Statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund statement of net assets. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt. Interest

accreted on capital appreciation bonds is reported as accreted interest payable in the proprietary fund and as long-term liabilities, if or because it is due in more than one year in the Government-wide.

Refunding of Debt

Gains or losses occurring from advance refunding are deferred and amortized into an expense.

Deferred Inflows of Resources

Deferred inflows of resources in governmental funds arise when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Deferred inflows of resources also arise when resources are received by the City before it has a legal claim to them (i.e., the City bills certain fixed rate services in advance; amounts billed but not yet earned are Works of art, historical treasures, and zoological animals held for public exhibition, education, or research in furtherance of public service, rather than financial gain, are not capitalized. These items are protected, kept unencumbered, cared for, and preserved by the City.

Bond Issuance Costs and Discounts

In the Government-wide Financial Statements and the proprietary fund types in the Fund (deferred and amortized over the service period).

Interfund Transfers

Interfund transfers are generally recorded as transfers in (out) except for certain types of transactions that are described below:

- Charges for services are recorded as revenues of the performing fund and expenditures of the requesting fund. Unbilled costs are recognized as an asset of the performing fund at the end of the fiscal year.
- Reimbursements for expenditures, initially made by one fund, which are properly applicable to another fund, are recorded as expenditures in the reimbursing fund and as a reduction of expenditures in the fund that is reimbursed.

FUND EQUITY

Restricted Fund Equity

Restricted fund balances of the governmental funds represent amounts that have constraints placed on the use of the resources.

Restrictions of net assets are either externally imposed by creditors, grantors, contributors, legally enforceable laws or regulations of other governments, or by the legally enforceable laws or enabling legislation of the government itself.

Designations of fund balances represent tentative management plans that are subject to change. The following is a brief description of the nature of certain reserves.

Restriction for assets not available for appropriation: Certain assets, primarily cash and investments outside City Treasury and deferred charges, do not represent expendable available financial resources. Therefore, a portion of fund equity is restricted to offset the balance of these assets.

Restricted for debt service: The fund balance of the debt service funds is restricted for the payment of debt service in the subsequent year.

Assigned for encumbrances: Encumbrances are recorded as assigned fund balances because they do not constitute expenditures or liabilities. In certain special revenue and capital projects funds, this accounting treatment results in a deficit unreserved fund balance.

This deficiency is carried forward to the next fiscal year where it is applied against estimated revenues in the year the commitments are expended.

Restricted for property held for resale: The restriction for property held for resale represents a segregation of a portion of fund balance to indicate that property held for resale does not represent expendable financial resources.

Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt, consist of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets.

Net assets invested in capital assets, net of related debt excludes unspent debt proceeds. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Restricted resources are

used first to fund appropriations.

Unrestricted net asset represent net assets which are not restricted.

Cash Flows

Statements of cash flows are presented for proprietary fund types. Cash and cash equivalents include all unrestricted and restricted highly liquid investments with original purchase maturities of three months or less. Pooled cash and investments in the City's Treasury represent monies in a cash management pool and such accounts are similar in nature to demand deposits.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles **GAAP** requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

CASH AND INVESTMENT

The City's cash and investments are invested pursuant to investment policy guidelines established by the City Controller/Treasurer, subject to review by the City Council. The objectives of the investment policy are preservation of capital, liquidity, and yield. The policy addresses the soundness of financial institutions in which the City will deposit funds, types of investment instruments as permitted by the California Government Code, and the percentage of the portfolio that may be invested in certain instruments with longer terms to maturity.

The City maintains a cash and investment pool available for use by all funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "Cash and Investments." In addition, certain funds have investments with trustees related to debt issues.

City Sponsored Investment Pool

As part of the City's total cash and investment portfolio, the Principal Accountant in charge of investments (the "Principal Accountant") manages an investment pool that includes only internal investors. The pool is not registered with the Securities and Exchange Commission as an investment company. The Principal Accountant is granted authority for managing the pool by Fresno Municipal Code Section 4-104. The Principal Accountant reports investment activity monthly to the City Council and annually an investment policy is submitted to the Council for review and approval. The fair value of investments is determined monthly.

Participants' shares are determined by the daily cash balance deposited in the pool (the value of its pool shares). The value of the pool shares is based upon amortized cost in day to-day operations but is adjusted to the fair value at year-end. The investments are reported at fair value. The value of the shares is supported by the value of the underlying investments. Each fund type's portion of this pool is displayed on the financial statements as "Cash and Investments." In addition, certain funds have investments with trustees related to debt issues.

Stewardship, Compliance and Accountability

There have been no material violations of finance-related legal or contractual provisions.

OTHER INFORMATION

Collateral Held

The City obtains various forms of collateral with respect to the numerous contracts that it enters into. The collateral may take the form of performance bonds, payment bonds, surety bonds, certificates of deposit, escrow agreements, etc. The purpose of the collateral is to protect the City from loss in case the terms of a contract are not filled or complied with.

The City may not convert the collateral to its use unless a breach of contract occurs; therefore, this collateral is not recorded on the City's books as an asset.

Construction Retainage Escrow Accounts

The City enters into construction contracts with various outside third-party contractors with respect to major capital projects. As the construction progresses, progress payments are made to the contractors. Portions of the payments, retention payments, are paid into an escrow account. While these funds are earned by the contractors, generally five percent to 10 percent of the contract amount, they are not released out of the escrow account to the contractor until some agreed upon date, usually the completion of the job. These amounts are retained for a variety of reasons; as an incentive to complete the job in a timely manner or as a fund for the benefit of suppliers and subcontractors. The City may not convert

the funds in these escrow accounts for its use unless a breach of contract occurs.

BUDGETARY RESULTS RECONCILIATION

Basis Differences

The City's budgetary process is based upon accounting on a basis other than generally accepted accounting principles (GAAP). The results of operations (actual) are presented in the budget and actual comparison schedule in accordance with the budgetary process (Budget basis) to provide a meaningful comparison with the budget, while the financial statements are presented using the GAAP basis. Loan proceeds, loan repayments, transfers and interfund reimbursements primarily relate to basis differences.

Timing Differences

One of the major differences between the Budget basis and GAAP basis are timing differences. Timing differences represent transactions that are accounted for in different periods for Budget basis and GAAP basis reporting. Revenues such as property tax, sales tax and grant revenues recognized on a cash basis have been deferred for GAAP reporting, while various expenditures not recognized on a cash basis have been accrued for GAAP reporting.

Glossary of Terms

Accountability – The state of being obligated to explain one’s actions, to justify what one does. Accountability requires governments to answer to the citizenry—to justify the raising of public resources and the purposes for which they are used.

Accounting System – The total set of records and procedures that are used to record, classify, and report information on the financial status and operations of an entity. The accounting system in Fresno is commonly referred to as Tyler.

Accrual Basis – An accounting basis wherein revenue and expenses are recorded in the period in which they are earned or incurred regardless of whether cash is received or disbursed in that period. This is the accounting basis that generally is required to be used in order to conform to generally accepted accounting principles (GAAP) in preparing financial statements for external users.

Actual – The actual revenues received and expenses incurred for the fiscal year ending June 30.

Adopted Budget – The City Budget passed by Council for the period July 1 through June 30.

All Other Revenue – Revenues not captured through taxes, fees, transfers, or bond sales.

Allocation – A part of a lump-sum amount, which is designated for expenditure by specific organization units and/or for specific purposes, activities, or objects.

Amended Budget – The City Budget for fiscal year ending June 30th is adopted by resolution by the City Council. Adjustments in the amounts appropriated at the department/fund level are made throughout the fiscal year upon a motion to amend the resolution and affirmative votes of at least five Council members. Budgeted amounts are reported as amended on June 30.

Annual Budget – A budget applicable to a single fiscal year.

Appropriation – A legal authorization granted by Council to make expenditures and to incur obligations for specific purposes. An appropriation is usually limited in amount. All City of Fresno appropriations lapse/expire at the end of each fiscal year.

Audit – A systematic collection of the sufficient, competent, evidential matter needed to attest to the fairness of management’s assertions in the financial statements or to evaluate whether management has effectively carried out its responsibilities. The auditor obtains this evidential matter through inspection, observation, inquiries, and confirmations with third parties.

Auditor’s Report – In the context of a financial audit, a statement by the auditor describing the scope of the audit and the auditing standards applied in the examination, and setting forth the auditor’s opinion on the fairness of presentation of the financial information in conformity with GAAP or some other comprehensive basis of accounting.

Authorized Positions – Number of positions authorized in the budget and reflected in the Position Authorization Resolution (PAR).

Balanced Budget – The amount of budgeted expenditures is equal to or less than the amount of budgeted revenues plus other available resources.

Basis of Accounting – Refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. The basis of accounting used for purposes of financial reporting in accordance with GAAP is not necessarily the same basis used in preparing the budget document.

Beginning Balance – The amount of money the City anticipates having on July 1, to begin the new fiscal year.

Bond Rating – An evaluation of a bond issuer's credit quality and perceived ability to pay the principal and interest on time and in full. Three agencies regularly review city bonds and generate bond ratings – Moody's Investors Service, Standard and Poor's Ratings Group, and Fitch Group.

Bond Sale Proceeds – Revenue obtained through the sale of debt also called "Bond Proceeds."

Bonds – Most often, a written promise to pay a specified sum of money (called the face value or principal amount), at a specified date or dates in the future, called the maturity date(s), together with periodic interest at a specified rate.

Bonus Pay – A compensation bonus based on the achievement of specific agreed-to

outcomes outlined in an annual performance plan.

Budget – A plan of financial operation containing an estimate of proposed expenditures for a given period (usually a fiscal year) and the proposed means of financing them. Since the typical budgeting process includes many budgets, it is often necessary to identify the specific budget being discussed with an adjective: Mayor's Proposed Budget, Adopted Budget, and Amended Budget.

Budget Amendment – Under the City Charter, the Council has the sole responsibility for adopting the City's budget, and may amend or supplement the budget at any time after adoption by a majority vote. The City Administrative Officer has the authority to approve administrative adjustments to the budget within the guidelines set in Section 1206 of the City Charter.

Budget Calendar – The schedule of key dates, which is followed in the preparation, adoption, and administration of the budget.

Budget Document – The instrument utilized to present the City's comprehensive financial plan for the upcoming fiscal year to the City Council and the public.

Budgetary Basis of Accounting – Determines when a government charges an expenditure to a budget appropriation, or when it credits revenue to its funds for budgeting purposes. Although the City presents financial statements in its Annual Comprehensive Financial Report (ACFR) in accordance with GAAP, the budget is adopted on a modified cash basis. This is in accordance with provisions of the City Charter and state law. The major areas of difference between the two basis of accounting are as follows: 1) for budgetary purposes, revenues are recorded when received. Under GAAP,

revenues are recorded when susceptible to accrual; and, 2) for budgetary purposes, interfund loans and repayments (i.e., “interfund transfers”) are recorded as expenditures and revenues. Under GAAP, these transactions are reclassified as increases or reductions in the “due to/due from” accounts.

Business Tax – Taxes collected from a business operating within the City.

Calendar Year (CY) – A 12 month period spanning from January through December.

Capital or Capital Outlays – Expenditures associated with the construction or acquisition of capital assets.

Capital Improvement Plan (CIP) – A plan or budget for capital outlays to be incurred each year over a fixed period of years to meet capital needs. It lists each project or other contemplated expenditure in which the government is to have a part and specifies the full resources estimated to be available to finance each projected expenditure.

Capital Project – An organizational unit to account for funds that are used for Major Capital Improvement Projects (see Capital Improvement Plan). These projects include the construction of new streets, sewer lines, fire stations, or the development of a new park. These are one-time expenditures.

Card Room Tax – Revenues collected from card room operations that occur within the City.

Carryover – The excess of assets of a fund over its liabilities. A portion of this balance may be available to finance the succeeding year’s budget. Fund Balance is synonymous with Carryover.

Cash Basis – A method of accounting under which transactions are recorded when cash is received or disbursed.

Charges for Current Services – Monies the City receives as payment for services provided such as water, sewer, solid waste, and building permits.

Community Development Block Grant (CDBG) – Revenues received from the federal government and expended as prescribed under the CDBG Program.

Contingency – An appropriation of funds to cover unforeseen events that occur during the fiscal year. Uses of such appropriations require approval by the Mayor and City Council.

Cost Allocation Plan (CAP) – The Cost Allocation Plan identifies the total cost of providing City services by allocating indirect costs such as City Clerk and City Manager to direct program cost areas. This information is used in setting City fees, reimbursing the General Fund for services provided to other funds, evaluating service delivery options, and recovering grant administration costs.

Current Year – As applied to budgeting and accounting, designates the operations of the present fiscal year period.

Debt Service – The principal and interest payments on long-term debts.

Debt Service Fund – A fund established to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

Deficit – The excess of the liabilities of a fund over its assets or the excess of expenditures over revenues during an accounting period.

Defunded Positions – A defunded position remains on the Position Authorization Resolution, however, there is no funding in the budget to support this position and it will remain vacant during the fiscal year.

Deleted Positions – A deleted position is removed from the Position Authorization Resolution and is no longer authorized to be used.

Department – A major administrative unit of the City of Fresno reflecting overall management responsibility for an operation or a group of related operations within a functional area. Identifies the highest level in the formal organization in which specific activity is carried out.

Division – An organizational component of a department, possibly sub-divided into sections, programs or activities.

Emergency Reserve Fund – A fund established on January 27, 2004, by the Council action executing the Mayor's executive order to establish and maintain a five percent General Fund Emergency Reserve Fund. The Emergency Reserve will only be used upon declaration of a fiscal emergency declared by the Mayor and ratified by the Council. A fiscal emergency is defined as:

- Natural catastrophe
- Public Safety emergency
- Precipitous decline in General Fund revenues

Employee Services – The personnel costs of a City program, including wage/salary, direct and indirect benefits such as health insurance, workers' compensation, unemployment insurance, etc.

Encumbrances – The commitment of appropriated funds to purchase an item or

service. To encumber funds means to set aside or commit funds for a future expenditure.

Enterprise Funds – A fund established to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the government body is that the cost of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. Examples in City of Fresno are the Utilities and Planning & Development Departments.

Enterprise In-Lieu Fees – Fees paid by the Transportation Department in lieu of property taxes.

Estimates – The most recent prediction of current year revenue and expenditures. Estimates are based upon several months of actual expenditure and revenue information and are prepared to consider the impact of unanticipated costs or other economic changes.

Executive Summary – The City Manager's memorandum to the Mayor, City Council and Citizens summarizing the most important aspects of the budget, including changes from the current fiscal year, and the goals, themes and priorities that are encompassed within the City's budget.

Expendable Trust – Accounts for assets held in a trustee capacity where the principal and income may be expended in the course of the fund's designated operations (e.g. Housing Loan Fund, Unclaimed Property Fund, etc.)

Expenditures – The payment for the cost of goods delivered or services rendered during the fiscal year, whether paid or unpaid, including expenses, provision for debt retirement not reported as a liability of the fund from which

retired, and capital outlays. See also “Encumbrances.”

Federal, State, and Fresno County – Intra-governmental agencies that often provide various funding sources.

Fines – Revenues collected for violations of City ordinances, late payments, etc.

Fiscal Year (FY) – A twelve-month period to which the annual operating budget applies and, at the end of which, a governmental unit determines its financial position and the results of its operations. The City of Fresno has specified July 1 through June 30 as the fiscal year.

Franchise Tax – A tax on the privilege of carrying on business as a corporation or LLC in a state. In California, the value of the franchise tax is measured by the amount of earnings. In Fresno, franchise taxes are levied on PG&E, AT&T, and Comcast Cable. Additionally the City collects franchise fees for Commercial Solid Waste and roll-off bin service.

Fringe Benefits (Employee Benefits or Fringe) – Benefits to employees, in addition to salaries, paid by the City of Fresno. These benefits include pensions, worker’s compensation, unemployment compensation, life and health insurance.

Full Time Equivalent (FTE) – A position converted to the decimal equivalent of a full-time position based on 2,080 work hours per year. For example, a position authorized from July 1 through June 30 would equal 1.0 full-time equivalent or one position for the Fiscal Year.

Fund – A set of accounts to record revenues and expenditures associated with a specific purpose.

Fund Balance – The equity (assets minus liabilities) of governmental fund types and trust funds; the excess of cumulative revenues and other sources of funds over cumulative expenditures and other uses of funds. See also “Carryover.”

GANN Limit (Proposition 4) – Under this article of the California Constitution, the City must compute an annual appropriations limit that places a ceiling on the total amount of tax revenues the City can actually appropriate annually.

General City Purpose (GCP) – Operating expenses that are Citywide and/or interdepartmental in nature are budgeted in the General City Purpose Department.

General Fund (GF) – Monies from local property and sales taxes, and other revenue sources, that pay for City services such as Police; Fire; Public Works; Elected Offices; City Manager; City Clerk; City Attorney; Personnel; Finance; Planning & Development; and Parks Recreation and Community Services; and Neighborhood Services.

General Fund-Fees and Charges – Revenue generated by charging for services provided by a General Fund department such as park admissions, downtown mall maintenance, false alarm fees, and licenses and permits issued by a department.

General Fund-Other – Miscellaneous revenue generated by a General Fund department including private donations, disposal of assets, sales of lost or unclaimed property, refunds, and credits or refunds for returned equipment.

General Fund-Support – The amount of General Fund monies needed to support a department beyond the amount of revenue generated by the department.

General Government – The administrative departments of the City including the Mayor's office, the City Council, the City Manager's office, the City Clerk's office, and the General City Purpose Department.

General Use Budget – The total amount the City spends at its discretion for services.

Generally Accepted Accounting Principles (GAAP) – Nationally recognized principles and rules for financial accounting and reporting. Governmental GAAP is determined by the Governmental Accounting Standards Board (GASB) and, to a lesser extent, other sources such as the Financial Accounting Standards Board (FASB) and the American Institute of Certified Public Accountants (AICPA).

Grants – A contribution by a government or other organization to support a particular function. Grants may be classified as categorical or block depending upon the amount of discretion allowed the grantee. Generally, any receipts from any federal, state, or non-profit agency are considered grants.

Growth Rate – Level at which expenditures and revenues are expected to increase annually.

Impact Fees (UGM Fees) – Fees adopted by the City requiring new development to pay its proportional share of the costs associated with providing necessary public infrastructure.

Infrastructure – Facilities that support the daily life and growth of the City, for example, roads, water lines, sewers, public buildings, parks, and airports.

Interdepartmental (ID) Charges – Charges for services one City department provides another City department (see Intragovernmental Revenues). These procedures result in a double counting of the same dollar, which is budgeted

in two places. By subtracting transfer and charge amounts, a dollar is then only counted once.

Interfund Transfer – Monies that are transferred from one fund to another fund as an accounting procedure.

Intergovernmental Revenues – Revenue received from other governments in the form of grants, allocations, entitlements, and shared revenues which are not charges or costs of City services or loan repayments. These revenues may also be listed in the Department Summaries of this document as coming from the named government entity; i.e. HUD, Clovis Unified School District, Landscape Maintenance District, Measure "C", etc.

Internal Service Funds (ISF) – A fund established to finance and account for services and commodities furnished by one department to another on a cost reimbursement basis. Examples include Fleet, Facilities, Risk and Information Services.

Intragovernmental Revenues – Funds for City services performed by one City department for another City department, such as City vehicle maintenance.

Licenses & Permits – Revenues collected for construction, maintenance and/or operation of designated equipment, businesses, buildings, and private property including animals.

Local Taxes – Monies the City receives from taxes levied and/or collected locally, including property taxes and sales taxes.

Mandated Program – A requirement by the state or the federal government that the City perform a task in a particular way or perform a task to meet a particular standard, often

without compensation from the higher level of government.

Mayor's Budget Message – Included in the Executive Summary of the budget, the Mayor's Budget Message provides the City Council and the public with a general summary of the most important aspects of the budget.

Mayor's Proposed Budget – The budget recommended by the Mayor and administration that is submitted to the City Council.

Measure C – A half cent Fresno County sales tax revenue for highway, capital improvements, and local transportation purposes determined to be priority projects by local governments to which the funds are allocated.

Measure P – A retail transaction and use tax within the City in the amount of three-eighths of a cent per dollar (a rate of 0.375%) for the specific purpose of generating funds for, but not limited to, clean and safe parks; new parks and recreation facilities; youth and senior recreation and after-school facilities and job training; improved walking and biking trails; the San Joaquin River Parkway; beautification of streets; and expanded access to arts and culture.

Miscellaneous – Revenue collected from property losses, sales of obsolete items, bond sale proceeds, and loan proceeds.

Modified Basis – A basis of accounting in which revenues and other financial resources are recognized when they become susceptible to accrual, that is when they are both measurable and available to finance expenditures for the current period. "Available" means collectible in the current period or soon enough thereafter to be used to pay liabilities of the current period.

Motor Vehicle In-Lieu Fee (MVLF) – Revenue provided to local governments, by the state, to backfill the reduction made to local governments share of the Motor Vehicle Fees, which is dedicated to the provision of local government services.

Municipal Restoration Zone (MRZ) Incentive Credit – This initiative will revitalize economic development in the downtown area by providing fee reductions to businesses that meet the Zone's criteria.

Neighborhood Stabilization Program – The Neighborhood Stabilization Program provides emergency assistance to state and local governments to acquire and redevelop foreclosed properties that might otherwise become sources of abandonment and blight within their communities.

Net Total Combined Budget – The City's total budget including operating and capital revenues and expenditures, reflecting, General Fund, Special Revenue Funds, and Enterprise Funds, less interfund transfers activity for a fiscal year.

One-Time Resources – Resources that are obtained through transactions that produce non-recurring revenues (e.g. the sale of land).

Operating Budget – Plans of current expenditures and the proposed means of financing them. The annual operating budget is the primary means by which most of the financing acquisitions, spending, and service delivery activities of a government are controlled.

Operating Expenditures – Expenditures derived from the City's delivery of services.

Operating Revenue – Revenues collected to operate City services.

Operations & Maintenance (O&M) –

Expenditures associated with operating and maintaining City services.

Other Revenue – Monies not included in the above categories, including interest, private donations, the sale of assets, and other miscellaneous revenue.

Pension Obligation Bonds (POB) – In 1983, the City of Fresno adopted Ordinance 83-116 which authorized the City to collect an additional levy upon the taxable property within the City. This levy was allowed by Section 93.31 of the state Revenue and Taxation Code; however, the money collected can only be used towards payment of the bonds that were issued by the City to fully fund the Fire and Police retirement systems.

Prior Year Adjustments – A current year adjustment originating in a prior fiscal period.

Projected Revenue – The amount of projected revenue to be collected during the fiscal year.

Property Tax – The property tax is an ad valorem (value-based) tax imposed on real property and tangible personal property. (State law provides a variety of exemptions to the property tax, including the first \$7,000 of an owner-occupied home; most government-owned property; nonprofit, educational, religious, and hospital properties among others). California Constitution Article XIII A (Prop. 13), limits the property tax to a maximum one percent of assessed value, not including voter-approved rates to fund debt. The assessed value of property is capped at 1975–76 base year plus inflation - or two percent per year. Property that declines in value may be reassessed at the lower market value. Property is reassessed to current full value upon change in ownership (with certain exemptions). Property tax revenue is collected

by counties and allocated according to state law among cities, counties, school districts, and special districts.

Under Proposition 57, beginning in FY 2004–05, the local (city) sales tax rate is reduced by 0.25 percent and the state rate increased by 0.25 percent to repay state fiscal recovery bonds. Cities and counties are reimbursed dollar for dollar with additional property tax. This arrangement, known as the “triple flip,” formally ended in July 2015.

In 2004, the State and local governments also agreed to “swap” vehicle license fee (VLF) revenue for property tax backfill. This agreement links the VLF revenue to growth and decline in property tax values. This “swap,” barring legislative action, is permanent.

The share of property tax revenue allocated to a city varies depending on a variety of factors, including:

- The service responsibilities of the city (for example, if fire services are funded and provided by a fire district, then the district gets a portion that would otherwise go to the city);
- The presence of a redevelopment agency, which retains a portion of revenue growth; and;
- The historic (1980) tax rates of the City in relation to other local taxing entities.

City property tax revenues are directly affected by local property values.

Proposition 172 (Local Public Safety Fund) – A permanent extension of a half-cent Local Public Safety Sales Tax approved by California voters on November 2, 1993. Proceeds of this sales tax must be dedicated to Public Safety.

Real Estate Transfer Tax – Taxes collected when the ownership of real property changes.

Reserve – In accounting, an account used to indicate that a portion of a fund's assets are legally restricted for a specific purpose and are, therefore, not available.

Resources – The total amount of money the City expects to receive during the year to pay for services and capital projects.

Revenue – Funds that the government receives as income. It includes such items as tax payments, fees from specific services, receipts from other governments, fines, forfeitures, grants, shared revenues and interest income.

Room Tax – Taxes collected from hotel accommodations purchased within the City.

Salaries and Wages – An expenditure category that includes salaries, hourly wages, overtime, bilingual pay, and special pay expenses. According to the City of Fresno Charter, a fringe benefit expense is not considered a salary or wage expense.

Sales and Use Tax – The sales tax an individual pays on a purchase is collected by the State Board of Equalization and includes a state sales tax, the locally levied Bradley-Burns sales tax and several other components. The *sales tax* is imposed on the total retail price of any tangible personal property. A use tax is imposed on the

Rate	Jurisdiction	Purpose	R&T Code Section
3.6875%	State	Goes to State's General Fund	6051, 6201
0.2500%	State	Goes to State's General Fund	6051.3, 6201.3
0.5000%	State	Goes to Local Public Safety Fund	Section 35, Article XIII, State Constitution

purchaser for transactions in which the sales tax is not collected. Sales and use tax revenue received by Fresno is general purpose revenue and is deposited into the City's General Fund. Cities and counties may impose additional transaction and use taxes in increments of 0.25 percent with a two-thirds City Council approval and majority voter ballot approval. A city may impose more than one transaction and use tax e.g., one might be for a general purpose; a second might be for a special purpose. The combined rate of the City and County transaction and use taxes may not exceed two percent. The City of Fresno's Sales Tax rate is currently at 8.35 percent based on the above table.

Glossary of Terms

Based on the above sales tax rate components, the following illustration shows how for each \$1.00 of sales tax generated within the City of Fresno, how much a portion goes towards the State's funds, Fresno County, and the amount returned to the City of Fresno.

Service Changes – Service Changes comments serve to identify general informational aspects of department operations and bring forth policy issues that require attention as part of the budget process. Finally, service changes detail material changes to department appropriations, which not only identify additional costs, but savings realized as a result of innovation.

Special Assessments – Funds generated through the formation of an assessment district to provide public improvements such as street construction and flood control.

Special Revenue – A fund used to account for receipts from revenue sources that have been earmarked for specific activities and related expenditures.

Transfers – Transfers are the authorized exchanges of cash, positions, or other resources between organizational units.

Triple Flip – As a part of the 2004 Budget package, the California State Legislature adopted a mechanism to fund the state's economic recovery bond program with a quarter cent sales tax. Under a mechanism commonly known as the "Triple Flip" and outlined in Revenue and Taxation Code Section 97.68, the local Bradley Burns Sales and Use Tax rate is reduced by a quarter cent. This quarter cent is used to repay the economic recovery bonds. Cities and counties are then provided with ad valorem property tax revenues in lieu of these revenues. The State Director of Finance notifies each County

Auditor of the amount of sales and use tax revenue loss to each city and county as a result of the Triple Flip. Each County Auditor is then required to allocate compensating revenues to cities and the county. These compensating revenues are transferred from the ad valorem property tax revenues that would otherwise be allocated to the county's Educational Revenue Augmentation Fund.

Trust and Agency – Funds that are held in trust by the City and whose use is restricted to the specific purpose for which the funds were received such as Urban Growth Management (UGM) area capital improvement, Woodward Park Legacy, and Conference Center Debt Service.

Universal Hiring Program (UHP) Grant – A fund was established to track and report the status of the grant. Matching revenue and appropriations are reported in the General Fund then transferred to the grant. On a fund by fund basis, the impact nets to zero. On a consolidated reporting basis, it is reflected in both fund types, requiring an adjustment to reflect the actual net City Budget.

Urban Growth Management (UGM) – Fees paid by developers to cover the cost of City infrastructure required to support development.

Zero Base Budgeting – A process for allocating financial resources that provided for the comparison and prioritization of existing and proposed programs and services. The process includes organizing expenditures in individual decision packages and priority ranking all decisions.
