

It's Here! The Annual Water Quality Report is Now Available.

Year after year, we're committed to maintaining a reliable water supply for the City of Fresno. We're pleased to report that the City of Fresno met all state and local water quality standards in 2023.

NOT NECESSARILY!

Only toilet paper is designed to pass through our pipes. Items like diapers, wipes, and menstrual products can clog drains – costing time and money – even if they're labeled 'flushable'.
