

We'll be in the Neighborhood *tomorrow!*

Tomorrow, the City of Fresno will be in your neighborhood to flush out the water main. Don't worry, your water won't be shut off or negatively affected in any way – but we do ask that you **consider parking across the street or moving your car out of your driveway before 7AM tomorrow** so you won't have to drive over the hoses we use to filter and clean the main.

For questions, call (559) 621-5480!

Thanks for your cooperation!

**New Flushing Technology.
Better Water Conservation.
Greater Cost Savings!**
