

December 17, 2024

There is no 2024 annual verification documentation for Council District 5. Article VI of the City of Fresno Council and Mayor Residency Act requires incumbents file annual verifications to ensure they continue to live in the district represented. The verifications are due at the end of each year in office.

No incumbent will be serving Council District 5 as the sitting Councilmember submitted a resignation letter effective January 7, 2025. A March 18, 2025, special election will be held to fill the vacant seat. Candidates are required to verify residency prior to being allowed to file nomination papers to run for the vacancy. The successful candidate will be required to file an annual residency verification sometime in December 2025.

Sincerely,
