Water one day per week

Cooler weather means less outdoor watering. From November 1 through March 31, outdoor watering is allowed one day per week.

- Odd addresses: Saturday
- Even addresses: Sunday
- Watering is not allowed Monday – Friday and NEVER between 10:00 a.m. and 6:00 p.m. on any day

Want to make watering even easier? Get a FREE Smart Irrigation Controller from the City of Fresno and take control of your water savings.

City of FRESNO

Fats, oils, and grease belong in the gray cart – not the drain.

Cooking more this time of year? Help prevent costly clogs in your pipes and the City's sewer system by keeping fats, oils, and grease (FOG) out of pipes.

Together we can keep Fresno's wastewater system running smoothly all season long.

DO THIS INSTEAD:

- Scrape it. Store it. Toss it. Collect cooled fats, oils, and grease in a sealed glass or metal container and place it in your gray trash cart.
- Wipe greasy pans before washing.
- Never pour grease down the sink or garbage disposal.
- Food scraps? Toss them in your green organic waste cart.
