

BODY AND FENDER REPAIRER LEADWORKER**DEFINITION**

Under general supervision, provides lead direction and performs the more difficult automotive body and fender repair and modifications on a variety of City-owned vehicles and equipment.

SUPERVISION RECEIVED/EXERCISED

Receives supervision from the Equipment Supervisor. This class provides lead direction. Exercises no supervision.

DISTINGUISHING CHARACTERISTICS

Body and Fender Repairer Leadworker is the lead level class in the Body and Fender Repairer series. Incumbents provide lead direction and engage in the body and fender repair and modification of buses, automobiles, trucks, motorcycles and other City-owned vehicles and equipment. Incumbents also perform the more difficult repairs, modifications, and fabrications and ensure quality control. This class is distinguished from Body and Fender Repairer II in that the latter is the journey level class and incumbents are not required to provide lead direction.
