

PARKING METER ATTENDANT II

DEFINITION

Under supervision, performs preventive maintenance and repair of parking meters, parking control devices, and related equipment; collects, sorts and counts money collected from parking meters.

SUPERVISION RECEIVED/EXERCISED

Receives supervision from a Manager or designee. Exercises no supervision.

DISTINGUISHING CHARACTERISTICS

Parking Meter Attendant II is distinguished from the higher-level class of Parking Meter Attendant Leadworker in that the latter is the advanced working/lead level in the series. Employees in this class may be assigned to work any eight (8) hour shift and may be required to work holidays and weekends.

EXAMPLES OF IMPORTANT ESSENTIAL DUTIES

May include, but are not limited to, the following:

Repairs meters that are not working; cleans and repairs mechanisms to make meters operative; repairs or replaces meter works or defective parts; disconnects, removes, and replaces meters; overhauls timing mechanisms.

Repairs electro-mechanical devices, such as parking ticket dispensers, time stamp clocks, and other parking related equipment.

Operates light automotive equipment in checking, repairing, removing, and reinstalling meters.

Participates in the installation of new meters; prepares simple charts and records regarding number and location of meters in service.

Observes and reports variations in meter revenues and may assist in the investigation of parking meter thefts.

Assists in maintaining and recording complaints and costs; prepares reports of repair activities; keeps time records; and prepares monthly summary reports.

Prepares daily collection reports.

Collects money from parking meters and delivers money to the appropriate staff.

Performs other duties as assigned.
