CURRENT RATE SHEET

At Impact Sciences, we understand that every project is unique, and we take great care in reviewing its specific details to develop a tailored solution that meets each client's needs. The scope of work will vary depending on the level of analysis required. After reviewing your project description, Impact Sciences will provide a comprehensive scope of work and cost proposal, including a clear breakdown of hours and costs by task.

We look forward to connecting with you and learning more about how we can support your project. To request a proposal, please contact us at info@impactsociences.com or (213) 935-1901.
