

ENVIRONMENTAL COMPLIANCE INSPECTOR**DEFINITION**

Under supervision, enforces the provisions of wastewater discharge permits, ordinances, and applicable rules and regulations to ensure compliance with a variety of local, state, and federal requirements.

SUPERVISION RECEIVED/EXERCISED

Receives supervision from Wastewater Environmental Supervisor. Exercises no supervision.

DISTINGUISHING CHARACTERISTICS

The Environmental Compliance Inspector is a journey level class responsible for compliance with Publicly Owned Treatment Works requirements, Industrial Pretreatment Program requirements, and other federal, state, and local requirements. This journey level class differs from Wastewater Environmental Supervisor in that incumbents of the latter perform at the full, first-line supervisory level.

EXAMPLES OF IMPORTANT AND ESSENTIAL DUTIES

(May include, but are not limited to, the following:)

Ensures and protects Publicly Owned Treatment Works (POTW) compliance.

Monitors and enforces Industrial Pretreatment Program (IPP) requirements; ensures compliance with federal, state and local requirements.

Reviews Wastewater Discharge Permit Applications; issues discharge permits pursuant to the IPP.

Identifies, inspects, and evaluates new industries for IPP applicability; conducts compliance and enforcement inspections on permitted and non-permitted industries and commercial businesses; investigates instances of non-compliance; issues Notices of Violations and Penalties; responds to and investigates illicit discharge situations.

Conducts and performs all types of sampling and field testing; analyzes laboratory data for effectiveness and compliance.

Performs sewer billing activities, including but not limited to, data collection, sewer billing categorization, and effluent and production meter readings.

Participates in development and revision of City codes, ordinances, IPP, Enforcement Response Plan, Simple Tier Equity Program, etc.

Environmental Compliance Inspector

Page 2

Maintains monitoring and sampling equipment in operating condition; maintains comprehensive inventory of tools, equipment, spare parts, etc.

Performs other related duties as assigned.

JOB RELATED AND ESSENTIAL QUALIFICATIONS
